Subject: Model Year 2020 Steiger Tractors Price Book

Case IH Dealers:

The Steiger Strong theme will carry over with the Model Year 2020 pre-sell/order writing program. Use program #2000, for a 3% order discount, with a 5% invoice discount, allowing your sales team to go out and pre-sell Steiger tractors with a 3-year/2,000 hour bumper to bumper warranty and a 1 -year AFS Connect advanced subscription.

Steiger Strong tractors are "The Best 4WD" tractors in the market today offering the most power to the ground, best fuel efficiency with NO REGEN. They have the most pounds of pull to get more work done in a day with the best agronomic track and wheel packages that lowers your customers cost of operation.

Steiger Strong tractors provide a heavy durable steel chassis and fuel tank, Tri- Point Oscillation and a Standard Suspended Cab, which provides a superior ride comfort, and load transfer.

The PowerDrive powershift and CVXDrive transmissions offer most efficient transmissions in the 4WD industry placing more power to the ground with the highest horsepower CVT (605 Peak HP) available on the market.

Model year 2020 Case IH Steiger tractors will have the following standard features:

- **Engine Compression Brake to provide additional braking for the larger implements**
- **Power Beyond Supply and Return provides more hydraulic outlets for today's applications**
- **True Ground Speed Sensor provides precise ground speed and slippage read outs**
- **Cold Weather Engine and Transmission heater provides quicker drive train warm up**
- **Dual Beacon Lights provides an extra visibility for roading**

Model year 2020 Case IH STEIGER tractors will have the following additional enhancements:

- **New 4G Connectivity Module for Verizon and ATT/VF phone service**
- **New axles changes on 370, 420, and 470's to increase durability and reliability**
- **Numerous tire offerings, specification and labeling changes**

Steiger FW US Price Book PL-100 FW 50 and Steiger FW CA Price Book PL-100 FW 61 is released for selling and ordering new Model Year 2020 Steiger Wheeled, Quadtrac, and Rowtrac models.

Product Information Bulletin on the new Model Year 2020 Steiger enhancements TA-1559-19 provides many new changes and updated information to assist in pre-selling Steiger tractors.

STEIGER® AND QUADTRAC® TRACTORS
PL-100 FW Revision 50
SAP Price List 032 C5

THIS IS A COMPLETE REVISION

This is the price list for the Tier 4 B/Final AG and Scraper Models for 2020 Model Year.

This price list is intended for dealers with the FW contract only.

Products included in this price list are eligible for Performance Plus Program.

The prices included in this revision supersede any prices established prior to the effective date shown unless specifically identified in a price bulletin as superseding this price list.

Dealers should retain prior price list pages for any discontinued equipment or attachments remaining in inventory.

Prices in this revision are subject to change. Check eQuipment for the most current pricing.

GENERAL INFORMATION

ADVANCE FREIGHT
Advance freight will be added to the machinery invoice as a separate net charge for machinery shipped from field locations or from other than specified Ex Works locations.

PRICES
Prices are Ex Works factory, where the goods are manufactured, except where noted. For detailed information concerning prices, please refer to your OPERATING GUIDE. Prices and specifications are subject to change without notice.

CONTENTS OF ORGANIZATION
CNH Industrial N.V. issues price lists and revisions covering each Case IH contract. The U.S. Price List is published in U.S. funds and the Canadian Price List is published in Canadian funds. Ensure that you are using the correct price list. U.S. or Canada is referenced at the top of each page and the Canadian price lists have a Maple Leaf on the price list cover page.

Freight, duty and sales taxes are NOT included in any wholegoods or attachment prices shown in the price list. Any appropriate freight, duty, Federal, State, and Provincial taxes will be added to the machinery invoice as separate net charges.

PROCEDURE
The price pages for each machine (or group of machines) lists both "Factory Supplied Options" and "Factory Supplied Accessories."

Each price list is comprised of the various machines sold under that contract. Each price book section has "Factory Supplied Options" and "Factory Supplied Accessories" price pages. When ordering and pricing a machine, follow the ordering instructions listed for that machine. Accessories listed following the "Factory Supplied Accessories" heading are available for installation in the field.

DISTRIBUTION OF PRICE LISTS
Price lists and periodic price list revisions will be posted on the Dealer Portal and distributed electronically when possible.

Printed copies of current price lists, index tabs and binders can be purchased from the Document Management Center (DMC). Orders should be placed only through the DMC web site link located on the Dealer Portal. For DMC customer service inquiries, other than placing orders, call (262) 636-7540.

Internal E-mail: #NA DMC ORDER CENTER
Complete U.S. Price List is PL-100
Complete Canadian Price List is PLC-100

Periodic price list revisions are usually accompanied by a cover sheet which carries instructions on price page changes and where to insert replacement or new price pages. The revisions are dated and are effective as of that date. However, PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

Ship by rail process for Fargo 4WD Tractors

High trucking costs can be a substantial expense to your agricultural dealership. In some cases, shipping by rail can offer a cost effective alternative. The intent of this summary is to establish a set of guidelines for you to obtain a quote, and to understand the process involved with shipping 4WD tractors from the Fargo ND plant by rail.

The Fargo tractor plant is served by the BNSF Railway. BNSF's shipping area covers the US west of the Mississippi. As the originating railroad, BNSF can quote and arrange any tractor shipments from Fargo, even if it is outside their area of coverage where interconnections must be made with other railroads for the final destination. Rail shipment economies depend on geographic location, interconnecting railroads, the number of units being shipped, costs of shipping units from the final rail destination to the dealership, and rail transit times. When comparing rail costs to truck costs, keep in mind that a 4WD tractor with duals and ballast may have to ship on two trucks, or in the case of a Quadtrac, require an overweight permit. Weight is not an issue for shipping by rail.

The following is the process for shipping Fargo 4WD Tractors by rail:

1. Understand what will fit on train cars

Fargo tractors

- 1 wheeled unit with duals will fit on one 60ft car.
- 3 wheeled units and duals will fit on two 60ft cars.
- Dual tires are in stacks of two.
- 250,000 lbs per car weight limit

2. Contact at Burlington Northern Santa Fe (BNSF)

- LaToya Benson (BNSF Industrial Products Sales) is the point of contact for dealers to arrange rail shipments from Fargo or Racine.

  Office: (708) 924-6758
  Mobile: (312) 316-6827
  Email: LaToya.Benson@BNSF.com

- To request a shipping quote, send an email to LaToyaBenson@BNSF.com , include the following information:
  - Dealership name, city and state.
  - Potential volume of units to be shipped by rail.
  - Is the store location rail served or not rail served?
    - If the store is not rail served, then BNSF can help locate the nearest **Team Track Ramp** or **Transloader**. See below for definitions:
    - **Team Track Ramp:** This is a rail drop off point equipped with a ramp for unloading tractors. When the train arrives a notice is sent to the receiving dealership that is responsible for unloading the tractor and any duals within a 48 hour period.
    - **Transloader:** This is full service drop off point. The Transloader is a 3rd party who can be hired to unload and store the equipment. Some Transloaders have trucking services such that they can deliver equipment to a final destination. The Transloader is independent of BNSF and CNH.

- If your dealership is located in the US west of the Mississippi, refer to the BNSF map online showing **Team Track Ramps** and **Trans Loaders at** http://domino.bnsf.com/website/bnsfpmtn.nsf/welcome. If you are located east of the Mississippi or in Canada, contact BNSF to identify unloading locations.

– BNSF will establish a through rate, per car, from the plant to the final rail destination, a shipping pattern, and an estimated transit time. The shipping pattern contains specific instructions for the rail Bill of Lading. The rates are established using the CNH discount. Contract rates are good through the end of the calendar year (December 31st).
– BNSF will assist you to complete an application and establish an account for the dealership.

3. Place orders for tractors and notify Fargo shipping yard

– Orders must be marked to ship RR (Rail Road) in the COPS "Ship Via" field.
– Fargo orders must have code 429303 for mounted ballast.
– In the comments section of the order include: BNSF contract number, shipping pattern, and all the order numbers to ship by rail.
– Reliance Transportation is the releasing yard for the plant. Send Reliance a notification of the order numbers that will ship by rail.
  Phone 701-293-3617
  Fax 701-293-5920

4. The tractors are built and released to the releasing yard.

– The releasing yard will load the tractor(s) and any duals. The order will invoice and the terms will start. BNSF will pick up the rail car(s) at the next scheduled switch.

5. BNSF will bill the dealer directly.

– An invoice will be generated as soon as the load is billed out at the plant. The standard billing terms are 15 days. The bill will include the per car rate, and a fuel surcharge. During transport, BNSF Liability is limited to $25,000 per car, and additional coverage is available through BNSF.
– Online tracking, fuel surcharge, and other tools are available at http://www.bnsf.com

6. Arrive final rail destination

– If the final destination is a **Team Track Ramp**, then on arrival the dealer will be notified and has a 48 hour window to unload the unit. There is a $75 per day demurrage charge, for everyday beyond the 48 hour unloading window.
– If the final destination is a **Trans Loader**, then the unit will be unloaded and stored or per the agreement between the dealer and the Trans Loader facility.
– It is the dealer's responsibility to move the equipment from the rail destination to the dealership.

You now have a process to obtain a quote for shipping Fargo tractors via rail. You be the judge if shipping by rail is right for your business.
