February 24, 2021

Mr. Chuck Wemple,

For many years, Ten-8 has operated two separate business entities. The Florida business carried the name of Ten-8 Fire Equipment, Inc. and our Georgia business name was Ten-8 Fire & Safety Equipment of Georgia, LLC. As we continue to work on improving business efficiency and managing growth, it became clear that our organization would substantially benefit from merging these companies into one. The existence of these two companies has largely been a behind the scenes operation. Our customer base and business partners simply know us at Ten-8, and all operations for both companies have always been managed from our headquarters in Bradenton, FL.

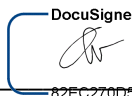

Effective January 1, 2021, our Georgia business was merged with our Florida business and began operating as Ten-8 Fire & Safety, LLC. There was be no change in control, operation or personnel as a result of this merger. Contractual obligations that currently exist with Ten-8 Fire Equipment, Inc. or Ten-8 Fire & Safety Equipment of Georgia, LLC will remain unchanged. This is simply an opportunity to streamline financial functions, reporting and company structure. The Ten-8 team will be working on updating all of our business documents, contracts, agreements and banking information throughout the 1st quarter of 2021.

Thank you for your business. We look forward to working with you in 2021. Please reach out if you have any questions or concerns.

Sincerely,

Cindy Morgan
VP of Equipment and Rescue Sales
