ALUMINIZED PRODUCTS: CLEANING AND CARE INSTRUCTIONS**FOR PROXIMITY WARRANTY: Recap**

Gentex is the only manufacturer of third party certified Aluminized shell material. As the Manufacturer of the fabric they have chosen to exercise their right granted in NFPA 1851 to define how their product is cleaned and warranted. They are now limiting their warranty to 12 months from the date of manufacturer, even when following their exact cleaning and storage guidelines*, and then the warranty only covers the actual cost of the material excluding manufacturing costs.

* Clean only with a soft cloth or sponge and mild soap. Rinse thoroughly. DO NOT MACHINE WASH. Dry by hanging in a well ventilated shaded area. Use a fan to circulate the air. Do not store when wet or with any chemical contamination. Do Not clean with any compounds containing ammonia, chlorine, other oxidizing or abrasive agents. Never store folded.

General

1. All items returned for repair work must be cleaned using NFPA 1851 guidelines or repairs will not be able to be done on them, per Ohio OSHA regulations. You may clean the gear yourself or request cleaning through the Honeywell PPE Cleaning & Care Facility. The cleaning/inspection fee is in addition to any non-warranty repair charges. If you wish to request a quote before authorizing non-warranty repairs, please note that on your paper work.
2. Garments ordered incorrectly (size, color, materials, options, etc.) may not be returned for credit. Check your order carefully before submitting.
3. If you need help, please contact our Customer Service Department.

Proper Measurement for Proper Fit

NOTE: When coat length, sleeve length, shoulder width, back length, inseam, or crotch rise measurements are not provided on an order, the following standard sizing is applied:

Coats: Tails™ coats have a standard length of 29" in front and 35" in the rear.

Sleeve Length: Size 38" chest and under 33" sleeve;
Size 40" to 42" chest – 33 1/2" sleeve; Size 44" chest and above – 34" sleeve.

Shoulder: Standard shoulder is graded according to chest.

Inseam: Standard inseam is 30".

Crotch Rise: Standard rise is graded according to waist size.

Any non-proportional or unusual body dimensions should be noted on your order so our cutting room may make allowances (i.e. larger than normal biceps on a weight lifter). Please call our Customer Service Department for assistance with any fit challenges.

Ordering Requirements: Coat or Pant

General

1. All items returned for repair work must be cleaned using NFPA 1851 guidelines or repairs will not be able to be done on them, per Ohio OSHA regulations. You may clean the gear yourself or request cleaning through the Honeywell PPE Cleaning & Care Facility. The cleaning/inspection fee is in addition to any non-warranty repair charges. If you wish to request a quote before authorizing non-warranty repairs, please note that on your paper work.
2. Garments ordered incorrectly (size, color, materials, options, etc.) may not be returned for credit. Check your order carefully before submitting.
3. If you need help, please contact our Customer Service Department.

Proper Measurement for Proper Fit

NOTE: When coat length, sleeve length, shoulder width, back length, inseam, or crotch rise measurements are not provided on an order, the following standard sizing is applied:

Coats: Tails™ coats have a standard length of 29" in front and 35" in the rear.

Sleeve Length: Size 38" chest and under 33" sleeve;
Size 40" to 42" chest – 33½" sleeve; Size 44" chest and above – 34" sleeve.

Shoulder: Standard shoulder is graded according to chest.

Inseam: Standard inseam is 30".

Crotch Rise: Standard rise is graded according to waist size.

Any non-proportional or unusual body dimensions should be noted on your order so our cutting room may make allowances (i.e. larger than normal biceps on a weight lifter). Please call our Customer Service Department for assistance with any fit challenges.

Ordering Requirements: Coat or Pant

- Model Numbers
- Complete measurements
