MADE IN USA

ABOUT US

Leatherhead Tools' Story

In late 2006, we started visiting firehouses in the Rockford Metro area and realized there were many firefighters and departments seeking innovative products at a better price. After consulting with many of the area firefighters, we decided that we could bring value to this neglected market through high quality tools manufactured and assembled in the USA. In less than one year's time, we developed a full line of Fire and Rescue products including: axes, sledges, hooks and forcible entry tools and were ready to hit the main stream. When looking for a name to embody our new line, LEATHERHEAD TOOLS® was born. This name encompasses the toughness and durability that represents these tools today.

LEATHERHEAD TOOLS® is a leading fire and rescue services manufacturer of aggressive axes, sledges, hooks, and forcible entry tools. Our tool line is engineered for the most extreme fire and rescue environments.

LEATHERHEAD TOOLS® is dedicated to listening and learning from firefighters and rescue personnel all over the world in building these products.

All products are proudly MADE in the USA!

FLAT AXE

Item # Description

List

6# Flat Axes

FAO-6	6# Flat Axe OAL 36", Orange Fiberglass Handle, Flash Reflector & Rubber Grip	\$117.66
FAL-6	6# Flat Axe OAL 36", Lime Fiberglass Handle, Flash Reflector & Rubber Grip	\$117.66

WARRANTY

All Leatherhead Tools® products, having passed a rigid factory inspection, are warranted against defects in materials and workmanship. Any Leatherhead Tools® product that is abused, or used for purposes other than those for which the tool was designed, is excluded from this warranty. If a Leatherhead Tools® product appears to be below our manufacturing standards, it may be returned to the factory. If the factory inspection determines that the tool is within this warranty, the tool will be repaired or replaced without charge.

**ALWAYS WEAR SAFETY EQUIPMENT
WHEN WORKING WITH TOOLS.**
