

LaserWash 360 PLUS, 60Hz Price List

Effective: February 1, 2025

Description	Model Number	Suggested Retail
LASERWASH BASE MACHINE		
LaserWash® 360 PLUS		
LaserWash® 208V 60Hz	09010084	109,190
LaserWash® 230V 60Hz	09010085	
LaserWash® 460V 60Hz	09010087	
LaserWash® 575V 60Hz	09010088	
Machine Includes: LaserWash 360 PLUS, Corrosion-Resistant Bridge & Trolley, Smart 360 Technology (Including: Smart Networking, Smart Dwell, Smart Arch Control, Smart Drying System(FlashDry ready),and Smart Cleaning System), Ultimate Cover Package, Automatic Obstacle Guidance, SST Wall Mounts, Anodized Aluminum Rails, Virtual Treadle, System Stop Button, Electrical Control Panels, Basic LED In-Bay Sign, Fully loaded Energy Chain (including: HP hose, all LP hoses and tubes, electrical cables, and a bulkhead manifolds at both ends), Pump Station with water tank is standard (see options below). Chemical delivery with two foaming detergents and one pump injected solution (can be configured either with HP or LP-pump).		
Cover Packages, Bridge and Pump		
Ultimate Cover Package - Includes blue end covers	09140048	Included
Advanced Cover Package - Includes all white covers	09140047	3,140
In-Bay Pump Covers	11260178	7,140
Extended Warranty		
Drive Train Extended Limited Warranty - LaserWash	09280011	3,570
PUMPING SYSTEM OPTIONS		
Tank Options (Make ONE Selection)		
Tank, On-Board, Pump-Station	09220065	Included
Tank, Kit, Off-Board, with Tank - Includes: 300 gallon tank, fill valve, floats - Less standard tank.	09220053	1,710
Tank, Kit, Off-Board, Without Tank - Includes: fill valve and floats - Less standard tank.	09220054	Included
Fluid Supply Options		
CAT 3535 High Pressure Pump (208/230/460V)	11050165	Included
CAT 3535 High Pressure Pump (575V)	11050170	
General Pump Emperor (208/230/460/575V)	11050164	(1,585.00)
Pump Station Water Heater, 208V	09130030	5,865
Pump Station Water Heater, 230V	09130031	
Pump Station Water Heater, 380V	09130032	
<i>Includes: Low pressure solution water heating in pump station.</i>		
Low Pressure Hot Water Inject (for use with external heater)	09170164	1,440
Single Pressure Fed Inlet for High Pressure Pump	09170201	1,440
Dual Pressure Fed Inlet for High Pressure Pump	09170202	1,810
Water Saver Package with High Pressure Pump	09170211	1,785
Booster Pump (Repressurization Pump) - 2HP SST pump, 42GPM@38psi, 3-PH 60Hz. (for low pressure sites or for pressure feeding from fresh water/RO holding tank)	09070145	3,175
MACHINE MOUNTING OPTIONS		
Machine Mounting (Make ONE Selection)		
Reuse Existing Wall Mounts with Existing 8 Point Brackets (for bays 14'4" to 16'1" only)	09050057	(2,195)
Wall Mount for Bays 13'-6" to 14'-4", Stainless Steel	09050054	2,185
Wall Mount for Bays 14'-4" to 16'-1", Stainless Steel	09050055	Included
Wall Mount for Bays 16'-1" to 18'-1", Stainless Steel	09050056	4,230
Free-Standing Frame (SST) with stand alone dryer or no dryer	09050051	4,980
Free-Standing Frame (SST) with integrated dryer	09050050	7,300
DRYERS AND ACCESSORIES		
Integrated Dryers (Make ONE Selection)*		
4-Producer Integrated Dryer 208V 60Hz*	09040284	24,045
4-Producer Integrated Dryer 230V 60Hz*	09040285	
4-Producer Integrated Dryer 460V 60Hz*	09040287	
4-Producer Integrated Dryer 575V 60Hz*	09040288	

LaserWash 360 PLUS, 60Hz Price List

Effective: February 1, 2025

Description	Model Number	Suggested Retail
<i>Includes: FlashDry® ready. Fixed mounted producers in-line positioned for optimal drying performance.</i>		
SwingAir Synchronized Motion Drying Option 208V 60Hz	09040274	3,520
SwingAir Synchronized Motion Drying Option 230V 60Hz	09040275	
SwingAir Synchronized Motion Drying Option 460V 60Hz	09040277	
SwingAir Synchronized Motion Drying Option 575V 60Hz	09040278	
*(Add up charge to 4-producer dryer base price) - Includes: FlashDry® ready. Two oscillating center producer nozzles, AC-motor for motion and prox- sensor to position nozzles for optimal FlashDry.		
MaxAir Stand Alone Dryers & Accessories		
MaxAir, Fixed 4-Producer Stand Alone (30hp) 208V 60Hz	09040238	25,665
MaxAir, Fixed 4-Producer Stand Alone (30hp) 230V 60Hz	09040239	
MaxAir, Fixed 4-Producer Stand Alone (30hp) 460V 60Hz	09040241	
MaxAir, Fixed 4-Producer Stand Alone (30hp) 575V 60Hz	09040242	
<i>Includes: fixed mounted producers positioned in V-shape for optimal drying performance. SST frame structure and on-board control box with dryer motors pre-wired and tested.</i>		
MaxAir, Fixed 6-Producer Stand Alone (45hp) 208V 60Hz	09040243	34,990
MaxAir, Fixed 6-Producer Stand Alone (45hp) 230V 60Hz	09040244	
MaxAir, Fixed 6-Producer Stand Alone (45hp) 460V 60Hz	09040246	
MaxAir, Fixed 6-Producer Stand Alone (45hp) 575V 60Hz	09040247	
<i>Includes: fixed mounted producers where four positioned in V-shape for optimal drying performance and two for sides. SST frame structure and on-board control box with dryer motors pre-wired and tested.</i>		
SwingAir Synchronized Motion Drying, 4-Producer (30hp) 208V 60Hz	09040255	29,905
SwingAir Synchronized Motion Drying, 4-Producer (30hp) 230V 60Hz	09040256	
SwingAir Synchronized Motion Drying, 4-Producer (30hp) 460V 60Hz	09040258	
SwingAir Synchronized Motion Drying, 4-Producer (30hp) 575V 60Hz	09040259	
<i>Includes: four oscillating producers for optimal drying performance, SST frame structure, AC-motor for motion and on-board control box with dryer motors and oscillation pre-wired and tested.</i>		
SwingAir Synchronized Motion Drying, 6-Producer (45hp) 208V 60Hz	09040260	39,230
SwingAir Synchronized Motion Drying, 6-Producer (45hp) 230V 60Hz	09040261	
SwingAir Synchronized Motion Drying, 6-Producer (45hp) 460V 60Hz	09040263	
SwingAir Synchronized Motion Drying, 6-Producer (45hp) 575V 60Hz	09040264	
<i>Includes: four oscillating and two fixed side producers for optimal drying performance as well as SST frame structure, AC-motor for motion and on-board control box with dryer motors and oscillation pre-wired and tested.</i>		
MaxAir, Fixed 6-Producer with Sidekick (45hp) 208V 60Hz	09040312	36,665
MaxAir, Fixed 6-Producer with Sidekick (45hp) 230V 60Hz	09040313	
MaxAir, Fixed 6-Producer with Sidekick (45hp) 460V 60Hz	09040315	
MaxAir, Fixed 6-Producer with Sidekick (45hp) 575V 60Hz	09040316	
<i>Includes: four fixed and two fixed SideKick producers for optimal drying performance as well as SST frame structure and on-board control box with dryer motors pre-wired and tested.</i>		
SwingAir Motion Drying, 6-Producer with Sidekick (45hp) 208V 60Hz	09040248	40,900
SwingAir Motion Drying, 6-Producer with Sidekick (45hp) 230V 60Hz	09040249	
SwingAir Motion Drying, 6-Producer with Sidekick (45hp) 460V 60Hz	09040251	
SwingAir Motion Drying, 6-Producer with Sidekick (45hp) 575V 60Hz	09040252	
<i>Includes: four oscillating and two fixed SideKick producers for optimal drying performance as well as SST frame structure, AC-motor for motion and on-board control box with dryer motors pre-wired and tested.</i>		
(Choose Leg or Wall mounts below)		
Floor Mounted Legs for MaxAir Dryer - <i>Includes: SST square tube legs and required hardware.</i>	11080142	Included
Wall Mounting System for MaxAir Dryer - <i>Includes: SST wall angles and tie-rods to fit 13'-6" - 18' wash bay width similar to bridge wall mt</i>	11080138	2,620
(Choose Image package - all image packages with matching aesthetics to Advance bridge cover options)		
Entrance Side Only Image Package for LEG mounted MaxAir	11260161	2,960
Full Image Package for LEG mounted MaxAir	11260160	5,580
Full Image Package for LEG mounted MaxAir with Sidekicks	11260174	4,770
Entrance Side Only Image Package for WALL mounted MaxAir	11260163	2,960
Full Image Package for WALL mounted MaxAir	11260162	5,580
Full Image Package for WALL mounted MaxAir with Sidekicks	11260175	4,770

LaserWash 360 PLUS, 60Hz Price List

Effective: February 1, 2025

Description	Model Number	Suggested Retail
Dryer Options		
Basic LED Countdown Timer - English	09020158	1,935
Basic LED Countdown Timer (No Text)	09020159	1,935
Deluxe LED Countdown Timer with chevron - English	09020156	2,185
Deluxe LED Countdown Timer with chevron (No Text)	09020157	2,185
Dryer Shut Off with Open Truck Bed on Drive Thru Dryer - Includes: Capability to turn off center dryer nozzles, when open bed was detected. Exit Service Activation Photo eye system will be required, when dryer top nozzles are located outside 6 - 10 FT distance from any other LaserWash sensor. (see sensor section below for Exit Service Activation Photo-eye).	N/A	Included
Extended Warranty		
Drive Train Extended Limited Warranty - Dryer	09280004	1,030
Belanger DryLite Dryers - LED Illuminated Dryers		
Belanger DryLite stand-alone dryers are available. Please contact your local VWS Business Development Manager for pricing and order process.		
MARKETING MEDIA OPTIONS		
Illumination Systems - Smart 360 Spray Arch NEON LED Lights		
LaserGlow Spray Arch Neon LED system - Includes: Neon strips with infinite color control for pixels on inverted L-Arch, with plastic protective cover and cushioned sleeve.	09020317	6,000
Illumination Systems (Make ONE Selection for BayGlow)		
LaserGlow Illumination Effect System for use w/Ultimate Cover Pkg	09020296	4,505
LaserGlow Illumination Effect System for use w/Advanced Cover Pkg	09020297	5,775
BayGlow - 2 Light Basic Illumination System* - Includes: One 8' LED bar on each side. Rail or wall mount.	09020311	4,830
BayGlow - 4 Light Loading Illumination System* - Includes: One 8' LED bar on each side and two on the top in V-shape for loading position. Rail or wall mount for side lights. Loading position lights are always mounted on the rails.	09020312	9,695
BayGlow - 6 Light Illumination System* - Includes: Three 8' LED bar on each side. Rail or wall mount.	09020313	11,770
BayGlow - 8 Light Illumination System* - Includes: Three 8' LED bars on each side and 2 on the top in V shape. Rail or wall mount for side lights. Loading position lights are always mounted on the rails.	09020314	15,220
Signage and Banners

EXTRA SERVICE UPGRADES		
Undercarriage and Wheel Cleaning		
Reuse Bay Undercarriage - <i>Includes Pump Station Valves only *</i>	09120060	3,350
High Pressure Drive-Thru Undercarriage w/o Side Blasters - <i>For use with Gatling Guns or Combo Cleaners*</i>	09120061	4,700
High Pressure Drive-Thru Undercarriage with Side Blasters	09120059	4,700
Weep - High Pressure Undercarriage	09170160	175
Electric Gatling Gunner * <i>One of Drive-Thru U/C Kit required for pump station valves (cannot be used with Combo Cleaners)</i>	09190009	8,450
High Pressure Side Combo Cleaners * <i>One of Drive-Thru U/C Kit required for pump station valves (cannot be used w/Gatling Gunner)</i>	09170185	4,715
Wheel Cleaner System, Integrated into Pump Station - <i>Includes: Injection systems, application manifolds and activation switch.</i>	09080022	2,270
Manifold - Cross Bay for Wheel Cleaner System	11250345	1,165
Weep - Wheel Cleaner System	09170182	210
Tire Shiner - DuraShiner-CF, Brush Style Drive Thru for IBA: <i>Belanger electric driven tire shiner systems are available for exit service application. Please contact our local VWS Business Development Manager for pricing and order process.</i>		
Solution Application Package		
Base Solution Package - <i>Includes: 2 Low Pressure Detergents and 1 High Pressure Pump Injected Service (at site can be reconfigured for LP-pump)</i>	NA	Included
Weep - Base Solutions Package <i>(required for all weep options)</i>	09170200	1,040
Foaming Wax/Ceramic Protectant thru Main Arch <i>(cannot be used with Rust Inhibitor)</i>	09170205	2,240
Weep - Foaming Wax/Ceramic Protectant	09170162	210
Second Pump Injected Solution - <i>Connected with HP-pump, but at the site plumbing can be reconfigured for the LP-pump use.</i>	09170154	415
3X Color Foam - <i>Injection System and Bridge Manifolds</i>	09170191	7,200
Weep - 3X Foam	09170146	350
Super Sealant - <i>Injection System and Bridge Mounted Manifolds on the Bridge entrance side.</i>	09170192	3,160
Weep - Super Sealant	09170148	210
Front/Bug Prep - <i>Injection System and Bridge Mounted Manifolds with total six application nozzles.</i>	09170193	2,200
Weep Front Bug Prep	09170150	210
Rust Inhibitor Applicator <i>(cannot be used with Foaming Wax/Ceramic Protectant)</i>	09120039	1,635
Weep - Rust Inhibitor	09170151	210
OverGlow - Hi-Gloss Application System - <i>Includes application manifold and deflector shield, chemical injection system and LED lights projecting to foam and vehicle top surfaces</i>	09170194	4,505
Weep - OverGlow	09170153	210
Rinse Application - Fresh Water and Spot Free Delivery		
High Speed Productivity Rinse - <i>Includes: High Volume Rinse Arch (Low-pressure pump feed) and High Pressure Productivity Rinse Side manifolds (High-pressure pump feed) W/ SST diverter valve in the bridge - Fresh or Spot Free water. (Supports FlashDry feature on Integrated Dryer) (cannot be selected with 09170196 or 09170199)</i>	09170195	5,450

LaserWash 360 PLUS, 60Hz Price List

Effective: February 1, 2025

Description	Model Number	Suggested Retail
High Volume Rinse Arch - Includes: Low-pressure pump feed through SST Rinse manifold or through Main Arch. Fresh or Spot Free water. (Supports FlashDry feature on Integrated Dryer) (cannot be selected with 09170195 or 09170199)	09170196	4,030
Weep for High Volume Rinse Arch	09170158	320
Low Pressure Rinse Through Spray Arch ONLY - Includes: fluid deliver from Low-pressure pump - Fresh or Spot Free water. (required to use spot free water for the pump station solution injection manifold) (cannot be selected with 09170195 or 09170196)	09170199	1,185
Weep for Low Pressure Rinse through the Spray Arch	09170156	210
Spot Free Reject Water Reclamation System (requires 09170201 or 09170202) includes booster pump, 300 gallon tank, fill valves, floats	09070132	4,805
DOOR CONTROL, SENSOR SYSTEMS AND PARTS KITS		
Door Control Kits		
Base Door Controls/Bay Exit Kit - Includes: Photoeye for Entrance or Exit door and outdoor temperature sensor. When installed on Exit door, kit will disable Dryer with early vehicle drive off.	09230054	3,145
Deluxe Door Controls - Includes: Outdoor and bay temperature sensors and photoeyes for both entrance and exit door. Exit door eyes can be used to disable Dryer in early vehicle drive off.	09230055	3,815
Temperature Sensors		
Additional Temperature Sensor, for Outdoor or Wash Bay - Includes 60ft cord. One sensor is already part of both Base and Deluxe Door Control kits as well as Weep freeze protection.	94013	115
Entrance Service/Undercarriage Activation		
Ultrasonic Sensor, Entrance Service Activation, Wall-Mount - Includes: Ultrasonic sensor kit for activating drive-thru undercarriage and other services while entering the wash bay.	09160056	1,440
Ultrasonic Sensor, Entrance Service Activation, Wall-Mount W/Heat	09160057	2,255
Ultrasonic Sensor, Entrance Service Activation, Stand-Mount	09160058	2,290
Ultrasonic Sensor, Entrance ServiceActivation,Stand-Mount W/Heat	09160059	3,095
Photo Eye Sensor, Entrance Service Activation, Wall-Mount - Includes: Photo eye sensor kit for activating drive-thru undercarriage and other services while entering the wash bay.	09160038	1,645
Photo Eye Sensor, Entrance Service Activation, Wall-Mount W/Heat	09160039	2,500
Photo Eye Sensor, Entrance Service Activation, Stand-Mount	09160040	1,770
Photo Eye Sensor, Entrance Service Activation, Stand-Mount W/Heat	09160041	2,625
Vehicle Measuring and Parking Options		
Ultrasonic,Sensor, Wall-Mount - Includes: ultrasonic sensors for vehicle with measurement.	11410033	Included
Ultrasonic,Sensor, Wall-Mount,W/Heat	11410034	850
Ultrasonic,Sensor, Stand-Mount	11410035	985
Ultrasonic,Sensor, Stand-Mount,W/Heat	11410036	1,830
Long Vehicle Loading, Wall-Mount - Includes: photo eye system, which enables deeper loading of long vehicles into short wash bay. (Long Vehicle Loading cannot be ordered with Precision Loading)	09160031	1,905
Long Vehicle Loading, Wall-Mount,W/Heat	09160032	1,960
Long Vehicle Loading, Stand-Mount	09160033	2,050
Long Vehicle Loading, Stand-Mount,W/Heat	09160034	2,150
Precision Loading - Includes photo eye system for precise loading. Recommended for bays without doors possible high through wind.	09160035	4,190
Precision Loading W/Heat - Includes like above with additional heaters for photo eyes (requires Deluxe Bay Node kit).	09160036	4,740
Exit Service Activation/ Drive-Thru Dryer control		
Exit Service Activation, Sensor Kit, Wall-Mount - Includes: Photo eye system. Triggers exit drive thru service or disables center dryer nozzles, when open truck bed was detected (Exit Service Activation cannot be ordered with Precision Loading)	09160031	1,905
Exit Service Activation, Sensor Kit, Stand-Mount - Includes: like above with additional floor mounting stand.	09160033	2,050

Control Kits for Expanded I/O		
Accessory Node - Includes: PDQ I/O-node control box assembly. Allows additional 20 outputs and 10 inputs to control 3rd party equipment (like signage, drive thru arch with pump, and dryers) to be programmed as part of the wash. (requires Deluxe Bay Node kit)	11010410	5,450
Deluxe Bay Node Kit - Includes: relays and circuit protection to enable use of 4 additional node outputs. These can control 3rd party equipment (reclaim, booster pump, drive thru service arch) as part of the wash (kit is required with Accessory node and Precision loading w/heat)	11010469	1,080
Spare Parts Kits		
LaserWash Customer Spare Parts Kit	09100215	2,885
LaserWash Distributor Spare Parts Kit	09100216	5,140
WASH ACTIVATION AND MONITORING		
Wash Activation Interface		
Wash Activation Interface (Required if ICS unit is not ordered)	09030044	1,985
Site Networking, Remote Machine Functioning		
Ethernet Gateway for Site Network	09150019	1,165
Ethernet Hub for Site Network	04540036	240
Dealer/Fleet Wash Entry Units (Canada & U.S.)		
Dealer/Fleet, Basic 2-Pushbutton Wash Activation with Stand* *(Does not require Interface 09030044)	11010155	555
SUPPORT EQUIPMENT		
ClearWash Reclaim Systems by Transchem		
ClearWash offers superior odor control and amazing filtration whether your wash is quiet and calm or bustling at full capacity. Features include filtration to 5 microns or less, odor removal using direct injection ozone, pre-configured pipes that connect to most reclaim tank systems, an integrated touchscreen that provides access to operating controls and statistics and requires no technical expertise to manage the system, nightly backwashing, and a fail-safe freshwater switch.		
RECLAIM SYSTEM 60% 208V/230V 40GPM	RCEPR40T-208V/230V	Prices may vary based on model and options; please contact your BDM or Transchem for detailed quote.
RECLAIM SYSTEM 60% 480V 40GPM	RCEPR40T-480V	
RECLAIM SYSTEM 60% 600V 40GPM	RCEPR40T-600V	
The ClearWash PR40 delivers 40 gallons of reclaimed water per minute and is well suited for a single in-bay automatic car wash.		
RECLAIM SYSTEM PR90 208/230V	RCEPR90-01-208/230	
RECLAIM SYSTEM PR90 480V	RCEPR90-01-480	
RECLAIM SYSTEM PR90 600V	RCEPR90-01-600	
The ClearWash PR90 delivers 90 gallons of reclaimed water per minute and is well suited for multiple in-bay automatics or a tunnel car wash.		https://www.transchem.com/products?brand=ClearWash
Payment Terminals for IBA by ICS		
ICS Smartstart Pro: Cashless Payment Terminal	https://www.icscarwashsystems.com	
Includes: Touch Screen with 10.4" Color Display, EMV Chip Credit Card Reader, NFC Reader, Receipt Printer. Customer to Supply High Speed Internet Connection.	Prices may vary based on model and options; please contact your BDM or ICS for detailed quote.	
Storage Tanks		
130 Gallon Tank,32"DIAx46"TALL,8"LID,PLSTC	03390014	910
