MIRRORS	1670-0046	Ramco 6001MCR mirrors. Remote controlled with bottom manual convex and LED turn signals. Location: [#LOC].	\$ 3,066.00
MIRRORS	1670-0047	Mirrors (PR), Ramco 6000CCHR-750 mirrors with PRO364-6 vertical extension. Remote controlled with bottom manual convex and a seperate top CAS750 manual convex. Location:[#LOC]	\$ 2,968.00
MIRRORS	1670-0048	Retrac Aerodynamic remote heated mirrors (PR) mounted on cab doors. If equipped with front vent windows, the officer side mirror shall be located approx. 7 in rearward compared to driver side.	\$ 2,423.00
MIRRORS	1670-0049	Pair of hood mounted Lang Mekra convex mirrors (heated with black finish). International chassis only.	\$ 652.00
MIRRORS	1670-0050	Ramco 6002PCR mirrors. Remote controlled flat glass with remote controlled bottom convex. Location: [#LOC].	\$ 3,414.00
MIRRORS	1670-0051	Velvac west coast door mounted mirrors NYPD. Includes heated 7x16 flat glass with (2) twist clamps, 8" round convex and preset/pivot upgrade kit.	\$ 1,837.00
MIRRORS	1670-0052	Ramco 6000-PCHR mirrors. The mirrors shall incorporate heated and remote for both flat and convex using (2) Ramco model ELE-310 switches. Location: [#LOC].	\$ 3,600.00
MIRRORS	1670-0053	Moto mirrors model 7-2386. Door mounted with remote control and heat.	\$ 1,886.00
MIRRORS	1670-0054	Velvac mirrors model 2030 chrome with LED directional arrows. Front corner mounted with remote control and heat.	\$ 2,714.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MIRRORS	1670-0055	Velvac convex mirrors (PR). Model Top Hat bolt-on convex mirror. For use with model 2025 or 2030 mirrors only.	\$ 417.00
MIRRORS	1670-0056	Retrac west coast remote heated mirrors (PR) mounted on cab doors.	\$ 2,576.00
MIRRORS	1670-0058	Mirror stainless steel 5" convex (PR). Locate above main mirror for viewing top of vehicle. West coast style mirrors only.	\$ 286.00
MIRRORS	1670-0059	Retrac Mirror stainless steel 10" 3-arm convex above officer side cab brow, 3 piece adjustable telescoping arm. Head #604953, Arm assy#604671	\$ 573.00
MIRRORS	1670-0060	Velvac K10 mirror (PR). Location: Front cab corners (To be located at mid-point inspection).	\$ 1,254.00
MIRRORS	1670-0061	Retrac west coast heated mirrors (PR) with convex lower mounted on cab doors. Includes green marker on officer and red marker on driver. Chicago Only.	\$ 1,814.00
MIRRORS	1670-0062	Retrac Aerodynamic dual vision chrome west coast style mirrors (PR) mounted on cab doors. Includes remote control and heat for std and convex mirrors and LED marker light. If equipped with front vent windows, the officer side mirror shall be located approx. 7 in rearward compared to driver side.	\$ 3,158.00
MIRRORS	1670-0063	Velvac mirrors model 2025 with LED directional arrows. Door mounted (bottom mount) with remote control and heat full bottom glass and heated top hat convex. No lower convex.	\$ 2,412.00
MIRRORS	1670-0064	Retrac west coast remote heated mirrors with lights (PR) mounted on cab doors.	\$ 2,576.00
MIRRORS	1670-0065	Retrac Mirror stainless steel 10" 3-arm convex above driver side cab brow, 3 piece adjustable telescoping arm. Head #604953, Arm assy#604671	\$ 573.00
MIRRORS	1670-0066	Ramco 6001FFR black mirrors. Remote controlled with black top CAS750 manual convex. Location: [#LOC].	\$ 3,613.00
MIRRORS	1670-0067	Ramco model CRM-1752-3HRT-853 mirrors. The mirrors shall incorporate heated and remote for both flat and convex using (3) Ramco model ELE-310 switches. Location: [#LOC].	\$ 4,324.00
MIRRORS	1670-0070	Velvac mirrors model 2030 chrome with full face lower, upper bolt-on convex and LED marker lights. Front corner mounted with remote control lower and dual heat.	\$ 3,513.00
MIRRORS	1670-0071	Lang Mekra mirrors (No marker/turn). Door mounted west coast style with convex, remote control and heat.	\$ 2,689.00
MIRRORS	1670-0072	Ramco model CRM-310-1350CCHR mirrors. The mirrors shall incorporate heat and remote using Ramco model ELE-310 switch. Location: [#LOC].	\$ 4,324.00
MIRRORS	1670-0073	Driver side Velvac 2010 door mounted west coast mirror with remote and heat. Officer side Ramco 6001FFR front corner mounted remote controlled with top CAS750 convex and heat.	\$ 2,507.00
MIRRORS	1670-0076	Velvac V-Back mirrors. Door mounted west coast style without remote control. Includes 7.5" S/S back center mount convex. Requires signed NFPA waiver.	\$ 1,156.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MIRRORS	1670-0079	Driver side a CRM-310-1750 TPHCHR door mounted bus style mirror with remote. Officer side Ramco CRM-310-1752-A10 TPHCHR front corner mounted remote controlled with convex.	\$ 4,324.00
MIRRORS	1670-0080	Rosco IntegraStyle upper top front corner cab mounted electric (remote controlled), mirrors, also includes heat and crossview feature on both sides. Mirror heads to be chrome and mounting arm to be black.	\$ 6,038.00
MIRRORS	1670-0081	Ramco 6002PCR mirrors. Remote controlled flat glass with remote controlled bottom convex with top CAS750 convex.. Location: [#LOC].	\$ 3,865.00
MIRRORS	1670-0082	Ramco 6001FFR mirrors. Driver's side standard door mount and officer's side to be forward mount with 18" arm (-A18) Remote controlled with top CAS750 convex.	\$ 3,624.00
MIRRORS	1670-0083	Traffic mirrors convex style for rear of cab. Includes one each side exterior mounted between rear door and canopy window.	\$ 600.00
MIRRORS	1670-0085	Ramco 6001FFR mirrors. Driver's and officer's side to be forward mount with officer's side to have a 18" arm (-A18) Remote controlled with top CAS750 convex.	\$ 3,624.00
MIRRORS	1670-0086	Velvac 2010 mirrors. Door mounted west coast style with remote control and no heat.	\$ 1,334.00
MIRRORS	1670-0087	2" extension for Ramco mirrors, on officers side only.	\$ 329.00
MIRRORS	1670-0088	Driver and officer Ramco cab mirrors to be heated. Includes all surfaces (flat and convex, as applicable).	\$ 670.00
MIRRORS	1670-0089	Mirror that allows driver and officer to view crew compartment.	\$ 600.00
MIRRORS	1670-0090	Ramco convex mirrors (PR). Model CAS750 bolt-on convex mirror. For use with Ramco 6000, 5000, and 5500 mirrors only.	\$ 706.00
MIRRORS	1670-0091	Cab mirrors to have black finish IPOS. (Does not apply to tubular S/S arms)	\$ 357.00
MIRRORS	1670-0092	Label to be mounted on mirror that instructs others to not manually adjust the mirror because it is a remote unit. Apply to all remote controlled mirrors.	\$ 78.00
MIRRORS	1670-0093	Moto mirrors model 340601 and 340600. Door mounted with driver and officer remote control and heat.	\$ 2,540.00
MIRRORS	1670-0094	4.5" extension for Ramco mirrors, on officers side only.	\$ 329.00
MIRRORS	1670-0095	Driver side Lang Mekra door mounted west coast mirror with remote and heat. Officer side Ramco 6001FFR front corner mounted remote controlled with top CAS750 convex and heat.	\$ 2,769.00
MIRRORS	1670-0097	Ramco 6000-PCHRT-MLED mirrors. The mirrors shall incorporate a split power convex, heated, remote for both flat and convex using (2) Ramco model ELE-310 switches, amber turn signal on the arm, and LED arrow in the flat glass. Location: [#LOC].	\$ 3,779.00
MIRRORS	1670-0098	Mirror, 8" convex to be cab mounted. Velvac K-10 Eyeball [#LOC].	\$ 568.00
MIRRORS	1670-0099	Velvac mirrors. Door mounted west coast style without remote control and no heat. Need NFPA waiver signed.	\$ 1,265.00
MIRRORS	1670-0100	Ramco 6000 series mirrors. Driver's side, door mounted with full heat and full remote control. Officer's side, front mounted with CAS750, full heat, and full remote control.	\$ 3,414.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MIRRORS	1670-0101	Heat added to separate convex mirrors. Does not include Driver or Officer mirrors. (EA)	\$ 254.00
MIRRORS	1670-0102	Mirror stainless steel 5" convex (PR). Customer specified location driver's and officer's side. West coast style mirrors only.	\$ 286.00
MIRRORS	1670-0103	Ramco 6001FFR mirrors. Remote controlled with top CAS750 remote controlled convex and LED turn signals. Location: [#LOC].	\$ 4,446.00
MIRRORS	1670-0104	Mirror, Grote 28763 convex to be door mounted [#LOC].	\$ 403.00
MIRRORS	1670-0105	Lang Mekra mirrors (No marker/turn). Door mounted West Coast model with lower convex, remote control and heat in the top mirror only. Lower convex is not heated and is manual adjust.	\$ 2,689.00
MIRRORS	1670-0106	Retrac Aerodynamic dual vision chrome west coast style mirrors (PR) mounted on cab doors. Includes remote control and heat for std and convex mirrors and LED marker light. If equipped with front vent windows, the officer side mirror shall be in the same position of driver side.	\$ 3,158.00
MIRRORS	1670-0107	Lang Mekra mirrors w/LED marker lights and turn signals. Door mounted west coast style with convex, remote control and no heat.	\$ 2,648.00
MIRRORS	1670-0108	Retrac Mirror stainless steel 8.5" 3-arm convex above officer side cab brow, 3 piece adjustable telescoping arm. Head heated #609946, Arm assy#604671	\$ 573.00
MIRRORS	1670-0109	Retrac Mirror stainless steel 8.5" 3-arm convex above driver side cab brow, 3 piece adjustable telescoping arm. Head heated #609946, Arm assy#604671	\$ 573.00
MIRRORS	1670-0110	4" Extension for Ramco Mirrors.	\$ 329.00
MIRRORS	1670-0111	Velvac 2010 mirrors. Door mounted west coast style with heat and manual movement.	\$ 1,334.00
MIRRORS	1670-0112	3" extension for Ramco mirror, on officer's side only.	\$ 168.00
MIRRORS	1670-0113	Velvac 2010 mirrors. Door mounted west coast style with remote control and heat. Includes 8" convex mirror.	\$ 1,837.00
MIRRORS	1670-0114	Velvac mirrors model 2030 chrome with full face lower, upper bolt-on convex and LED marker lights. Driver door and officer front corner mounted with remote control lower and dual heat.	\$ 3,513.00
MIRRORS	1670-0115	Driver side Velvac 2010 door mounted west coast mirror with remote and heat. Officer side Velvac 2030 Deluxe front corner mounted remote controlled with heat. Convex in lower position.	\$ 2,507.00
MIRRORS	1670-0116	Velvac mirrors model 2025/2030 chrome with LED directional arrows. Driver side door mounted (bottom mount) 2025 and officer side front cab corner mounted 2030 with remote control and heat.	\$ 2,385.00
MIRRORS	1670-0117	Retrac west coast remote heated mirrors (PR) mounted on cab doors. Model 613423.	\$ 2,576.00
MISC AERIAL ELECTRICAL	6570-0003	110V/15A twist lock receptacle at tip.	\$ 5,644.00
MISC AERIAL ELECTRICAL	6570-0014	Class1 aerial information center.	\$ 7,535.00
MISC AERIAL ELECTRICAL	6570-0015	110V/20A twist lock receptacle at tip.	\$ 5,644.00
MISC AERIAL ELECTRICAL	6570-0017	Duplex receptacle at tip with (1) 3-prong NEMA 5-15 and (1) twist lock NEMA L5-15 receptacle.	\$ 5,735.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC AERIAL ELECTRICAL	6570-0018	Extension alarm for aerial. Alarm to sound at turntable console when aerial is near full extension.	\$ 1,136.00
MISC AERIAL ELECTRICAL	6570-0019	Platform floor lights additional (4). Lights to match standard floor lights.	\$ 491.00
MISC AERIAL ELECTRICAL	6570-0021	Duplex receptacle at tip with 3-prong NEMA 5-15 outlets.	\$ 5,735.00
MISC AERIAL ELECTRICAL	6570-0022	Air horn switch at aerial turntable control console. Switch to be labeled "Air Horn".	\$ 407.00
MISC AERIAL ELECTRICAL	6570-0023	Firepower receptacle at tip.	\$ 5,707.00
MISC AERIAL ELECTRICAL	6570-0024	Laser jack pad spotting lights (4).	\$ 9,286.00
MISC AERIAL ELECTRICAL	6570-0026	Laser jack pad spotting lights (2).	\$ 5,116.00
MISC AERIAL ELECTRICAL	6570-0027	(Obsolete - N/A from supplier) Pinned waterway cable reel to be job color (Painting to be done by supplier).	\$ 3,246.00
MISC AERIAL ELECTRICAL	6570-0028	Air horn switch at aerial turntable control console. Switch to be a red button type and be labeled "Air Horn".	\$ 407.00
MISC AERIAL ELECTRICAL	6570-0029	Light with alarm on turntable console for low eng oil press, high water temp, low voltage and low air press.	\$ 723.00
MISC AERIAL ELECTRICAL	6570-0030	110V/20A duplex household receptacle at tip.	\$ 5,644.00
MISC AERIAL ELECTRICAL	6570-0033	Air horn switch at aerial turntable control console. Switch to be labeled "Evacuation Alert".	\$ 407.00
MISC AERIAL ELECTRICAL	6570-0034	Additional 110V/20A twist lock receptacle at tip. Requires 110v to tip option. Location: opposite standard at tip.	\$ 659.00
MISC AERIAL ELECTRICAL	6570-0035	110V/15A twist lock receptacle at tip. Wiring from breaker box to tip to be 220V.	\$ 5,858.00
MISC AERIAL ELECTRICAL	6570-0036	Akron 9313 auxiliary waterway discharge vlv control on turntable console. Requires waterway discharge with Akron electric valve and three available collector rings.	\$ 2,424.00
MISC AERIAL ELECTRICAL	6570-0038	Cradle alignment light on turntable console.	\$ 1,107.00
MISC AERIAL ELECTRICAL	6570-0039	110V/20A twist lock receptacle at tip. Wiring from breaker box to tip to be 220V.	\$ 5,858.00
MISC AERIAL ELECTRICAL	6570-0040	110V/30A twist lock receptacle at tip.	\$ 5,858.00
MISC AERIAL ELECTRICAL	6570-0041	110V receptacle at tip to be mounted outboard of inside working area of fly section to provide clear space inside fly section.	\$ 253.00
MISC AERIAL ELECTRICAL	6570-0042	120V/250V 20A Daniel Woodhead Non-NEMA model 67W08 receptacle at tip.	\$ 6,430.00
MISC AERIAL ELECTRICAL	6570-0043	110V/20A twist lock receptacle at tip. Receptacle power is provided via inlet receptacle (not generator/breaker box). Includes a [#COL] cover. Location: [#LOC].	\$ 5,858.00
MISC AERIAL ELECTRICAL	6570-0044	Aerial information displays located at TT and platform console.	\$ 7,535.00
MISC AERIAL ELECTRICAL	6570-0045	Switch at aerial turntable control console to disable flashing light at aerial tip. Switch to be labeled "Flashing Light".	\$ 289.00
MISC AERIAL ELECTRICAL	6570-0046	12 VDC junction box located outside of platform near the breathing air block (no outlet, power source only). This 12 VDC circuit shall be activated with aerial master.	\$ 643.00
MISC AERIAL ELECTRICAL	6570-0049	Additional 110V/20A household receptacle at tip. Requires 110v to tip option. Location: opposite standard at tip.	\$ 659.00
MISC AERIAL ELECTRICAL	6570-0050	Aerial Information Center (AIC) for 95-Platform and HP95MM.	\$ 8,004.00
MISC AERIAL ELECTRICAL	6570-0051	110V/15A Hubble twist lock receptacle at tip. Includes grey weatherproof cover.	\$ 5,644.00
MISC AERIAL ELECTRICAL	6570-0052	12 volt power point wired battery hot at tip.	\$ 128.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC AERIAL ELECTRICAL	6570-0054	Deadman foot switch at turntable for aerial controls. For use with direct hyd controls only.	\$ 623.00
MISC AERIAL ELECTRICAL	6570-0055	Additional programming instructions: momentary laser jack pad switch to be provided with 30 second timer.	\$ 512.00
MISC AERIAL ELECTRICAL	6570-0056	Additional rung alignment light. Whelen model 3SA00FAR amber light. Locate on aerial control panel where intercom controls typically mount.	\$ 550.00
MISC AERIAL ELECTRICAL	6570-0057	Platform alignment lights on rear of platform. One visible from turntable console and one from cab.	\$ 1,248.00
MISC AERIAL ELECTRICAL	6570-0059	Q2B switch at aerial turntable control console. Switch to be labeled "Evacuation Alert".	\$ 407.00
MISC AERIAL ELECTRICAL	6570-0060	Reel at tip of base for providing power to ladder tip.	\$ 9,356.00
MISC AERIAL ELECTRICAL	6570-0061	Additional 12volt power shall be provided to the ladder tip. The power cabling shall consist of two (2) 2-gage wires run to the ladder tip in flexible tracking.	\$ 6,506.00
MISC AERIAL ELECTRICAL	6570-0064	110V/15A Daniel Woodhead twist lock receptacle at tip.	\$ 6,035.00
MISC AERIAL ELECTRICAL	6570-0065	Aerial battery volt gauge on turntable.	\$ 790.00
MISC AERIAL ELECTRICAL	6570-0066	12 volt power point wired battery hot. Location aerial turntable.	\$ 128.00
MISC AERIAL ELECTRICAL	6570-0068	Aerial Information Center (AIC) for 95-Platform and HP95MM. Turntable location only.	\$ 7,154.00
MISC AERIAL ELECTRICAL	6570-0069	Additional rung alignment light at tip of ladder. Whelen model 3SA00FAR amber light. Locate on aerial control panel where intercom controls typically mount.	\$ 550.00
MISC AERIAL ELECTRICAL	6570-0070	Whelen model UFM8 LED flasher. Flasher will control warning lights ipo internal flashers.	\$ 1,142.00
MISC AERIAL ELECTRICAL	6570-0071	Aerial Information Center (AIC) for 95-Platform and HP95MM. Includes AACS style jack tags and lights.	\$ 8,777.00
MISC AERIAL ELECTRICAL	6570-0072	Revised aerial wiring to tip to support customer required power option of 12V to tip to supply 15amps.	\$ 5,581.00
MISC AERIAL ELECTRICAL	6570-0073	110V/20A Daniel Woodhead NEMA 5-20 receptacle at tip.	\$ 6,430.00
MISC AERIAL ELECTRICAL	6570-0075	Aerial hourmeter on turntable wired through cradle switch.	\$ 790.00
MISC AERIAL ELECTRICAL	6570-0076	Receptacle NON-NEMA locking 20A 120V/250V Daniel Woodhead model 67W08 w/Daniel Woodhead cover plate at tip.	\$ 6,035.00
MISC AERIAL ELECTRICAL	6570-0077	Additional 110V/15A twist lock receptacle at tip. Requires 110v to tip option. Location: opposite standard at tip.	\$ 687.00
MISC AERIAL ELECTRICAL	6570-0078	Rigid D-Series Hyperspot jack pad spotting lights (4).	\$ 3,815.00
MISC AERIAL ELECTRICAL	6570-0079	Rigid D-Series Hyperspot turn-table spotting lights (2).	\$ 1,910.00
MISC AERIAL ELECTRICAL	6570-0080	Antenna base Tessco P/N 90942 (NMO Motorola Style - also called MATM style) on aerial device. Location: [#LOC].	\$ 337.00
MISC AERIAL ELECTRICAL	6570-0081	Indicator light, Weldon 9186-2300. Color: [#COL]. Location and function: [#LOC].	\$ 290.00
MISC AERIAL ELECTRICAL	6570-0082	12 Volt 2 pole socket at turntable console to supply power for dealer installed Akron 1494 electric ladder pipe.	\$ 394.00
MISC AERIAL ELECTRICAL	6570-0083	Aerial hourmeter on turntable console.	\$ 790.00
MISC AERIAL ELECTRICAL	6570-0084	Charging circuit on aerial for dealer / customer installed Akron electric ladder pipe. Includes 12 volt wiring to tip with junction box and battery mounting plate (battery not included).	\$ 1,217.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC AERIAL ELECTRICAL	6570-0085	Additional Firepower receptacle at tip. Requires 110v to tip option. Location: opposite standard at tip.	\$ 687.00
MISC AERIAL ELECTRICAL	6570-0086	40A 12V/24V step-up converter. For use with aerial mounted lights. Location TBD per engineering design.	\$ 3,274.00
MISC AERIAL ELECTRICAL	6570-0087	12 VDC (or 24VDC) electrical outlet wired battery hot. Location: interior of saw box located at turntable, back wall down low.	\$ 128.00
MISC AERIAL ELECTRICAL	6570-0088	Handheld flashlight, Streamlight Vulcan LED Model 44451 flashlight with vehicle mount system. Location: in platform	\$ 546.00
MISC AERIAL ELECTRICAL	6570-0089	110V/15A Hubbell 4710CN twist lock receptacle at tip. Includes weatherproof cover Hubbel 7423WO.	\$ 6,312.00
MISC AERIAL ELECTRICAL	6570-0090	Deadman foot switch at turntable for aerial controls. For use with direct hyd controls only. Footswitch to include electric over hydraulic functionality to allow for custom programming.	\$ 1,725.00
MISC AERIAL ELECTRICAL	6570-0091	Aerial swivel to be CAN compatible IPOS to support CAN electronics on turntable console. For use on ladders with direct hydraulic controls only. Requires engineering approval.	\$ 2,091.00
MISC AERIAL ELECTRICAL	6570-0092	FireTech Laser Cannon jack pad spotting lights (4).	\$ 9,286.00
MISC AERIAL ELECTRICAL	6570-0093	Additional NON-NEMA locking 20A 120V/250V Daniel Woodhead model 67W08 w/Daniel Woodhead cover plate at tip. Requires 110v to tip option. Location: opposite standard at tip.	\$ 659.00
MISC AERIAL ELECTRICAL	6570-0094	Switch, door ajar additional. Location: aerial turntable control console lid.	\$ 407.00
MISC AERIAL ELECTRICAL	6570-0095	12V/24V step-up converter for aerial mounted lights.	\$ 512.00
MISC BODY OPTIONS	1675-0158	Backboard storage sleeve for (1) board. Includes retaining strap for board. Loc: [#LOC].	\$ 1,393.00
MISC BODY OPTIONS	1675-0160	Backboard storage compartment for (1) board. Includes (2) hinged doors (1) each side with (2) push button latches for each door. Loc: [#LOC].	\$ 1,694.00
MISC BODY OPTIONS	1675-0195	Body compartment interior painted black Durabak. Only for half height compartments. Includes Back, Top, Bottom (unless it is diamond plate) and Side Walls Compartment: [#LOC].	\$ 712.00
MISC BODY OPTIONS	1675-0242	Number plate mounting. "Z" type extrusions welded to body roof (upper leg facing out) to support perimeter of sign plate. Provides formounting without drilling through roof.	\$ 781.00
MISC BODY OPTIONS	1675-0282	Diamond plate storage box for Little Giant model 17 on driver side compartment top over L1/L2. Includes lift-up door with push button latches and nylatron on floor.	\$ 2,828.00
MISC BODY OPTIONS	1685-0619	Raceway for wiring in compartment to be specified by customer. Location: [#LOC].	\$ 440.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	1685-0951	Cabinet, Radio. A counter top radio cabinet shall be provided to best accommodate the counter top space where located. Cabinet shall be approx 16 in. wide x 12 in. deep and shall be as tall as space provides. Design shall be vented and includes a 5" exhaust fan, removable face panel and removable side access panels. Finish: Unless otherwise specified shall be sanded aluminum. Option shall accommodate passing electrical wiring thru the back wall into raceways as applicable. Locate inside walkin body per customer approval drawing.	\$ 2,299.00
MISC BODY OPTIONS	1750-0537	Conduit, 1" flexible with connectors, junction box & pull wires. Locate: L1/R1 forward bulkhead. Conduit to begin at same height on bulkhead as hydraulic reel switchs on rearward wall and run vertical to compartment ceiling, then toward chassis centerline terminating at a ceiling mounted junction box with the box oriented so as to accommodate conduit running aft across the ceiling for dealer/customer installed equipment.	\$ 792.00
MISC BODY OPTIONS	3000-0020	Wheel well compartment for (2) fire extinguishers, includes SS door painted job color. Available for any type of wheel well panel (each)	\$ 1,900.00
MISC BODY OPTIONS	3090-0044	Rub rail assemblies constructed of 3" x 2" Black U.H.M.W. plastic. Bolted to the upper exterior edge of the apparatus body, (1) above the compartment doors and (1) mounted below the roofline on both sides of the body. Rub rail shall be mitered 45 degrees at the leading and trailing ends. For use with 24' stainless steel rescue bodies.	\$ 9,139.00
MISC BODY OPTIONS	3092-0102	Sloped / Wedge Angled bolt in floor or shelf surface for cribbing or similar equipment. Compartment floor/shelf to be overlayed with smooth aluminum plate that is sloped / angled downward aprox 2 inches from the door opening to back of compartment. Construction to be 3/16 aluminum. Locate: [#LOC].	\$ 245.00

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-0226	Special hosebed configuration. (1) long divider driver side on top of discharge box 4.25" from hosebed side. (1) short divider officer side on top of discharge box 5.625" from hosebed side. (1) short divider officer side up against discharge box 8.875" from hosebed side. (1) short divider officer side 14.625" from hosebed side. (2) short dividers officer side 14" high, (1) divider 21.375" in from hosebed side and (1) divider 28.125" in from hosebed side. Includes bolt-in vertical partition from right side hosebed wall to center divider, 84" from rear of hosebed. Remaining area forward of partition to be used for storage area. Includes hinged shelf in hosebed over the (2) 14" high dividers hinged on right side 20" wide x 84" long. Includes hosebed dividers and discharge cover boxes.	\$ 6,992.00
MISC BODY OPTIONS	3340-0227	Divider Long. To be split for rear mount hosebed application. Main body hosebed divider to be squared on both ends. Rear hosebed divider to have radius end.	\$ 1,510.00
MISC BODY OPTIONS	3340-0228	Storage area for misc. equipment located above the upper speedlay compartment on driver side rear. Includes divider with (2) 6' pike pole with D-Handle and two small shovels (remaining space with pike poles high-approx. 5' foot deep). Includes smooth plate door with push button latch.	\$ 4,258.00
MISC BODY OPTIONS	3340-0229	Speedy Dry Hopper. Locate [#LOC]. Includes discharge chute in compartment directly below roof top compartment with close off valve and extension hose for ground level dispensing. Capacity of speedy hopper is 50 lbs.	\$ 2,406.00
MISC BODY OPTIONS	3340-0230	(4) Removable aluminum trays for the rear preconnects. The (2) driver and (1) officer upper trays to hold 200' of 1.75" DJ hose. The (1) officer lower tray to hold 150' of 3" DJ hose (tray will be longer front to rear for capacity). Each tray is removable from the rear of the body and include handhold cut outs on each side (4 total) and (2) handrails mounted side to side and placed 13" back from tray edge.	\$ 3,225.00
MISC BODY OPTIONS	3340-0231	Nylon black cargo net(s) in interior compartment opening(s) behind lift-up doors of [#LOC]. Cargo net(s) to be held in place at top between two (2) pieces of flat bar, through-bolted. Cargo net(s) to be held in place at bottom with twist-locks outboard and snaps inboard. Two (2) velcro straps to be installed: (1) on rear of flat bar and (1) on cargo net to hold in place for compartment access.	\$ 1,369.00
MISC BODY OPTIONS	3340-0232	Directional Lightbar Box. Located on rear area of body between upper rear hosebed side tubes. Box to be diamond plate.	\$ 1,180.00
MISC BODY OPTIONS	3340-0233	Speedy Dry Hopper. Locate roof top compartment above R3. Includes discharge chute in compartment directly below roof top compartment with close off valve and extension hose for ground level dispensing. Capacity of speedy hopper is 68 lbs.	\$ 2,507.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-0234	Divider Long. To run full length of hosebed (front to rear). Rear of divider to have cut at 45 degree angle and hand hold cutout at 45 degree angle.	\$ 1,014.00
MISC BODY OPTIONS	3340-0235	Rubrail for the body and pump area module(s). Rubrail for rear of tailboard not included.	\$ 1,536.00
MISC BODY OPTIONS	3340-0237	Speedy Dry Hopper. Locate dunnage pan on officer side. Locate control on officer side pump panel, plumbing to terminate approx. 20" above runningboard. Includes 2.5" Akron ball valve to control plow and provide cap. Includes snubber valve control of air to assist feed of speedy dry and a trash screen to in top of hopper. Capacity of speedy hopper is 200 lbs.	\$ 5,865.00
MISC BODY OPTIONS	3340-0240	Hydraulic hose cover. Removable cover located in the dunnage pan to protect hydraulic hose from damage.	\$ 600.00
MISC BODY OPTIONS	3340-0242	Diamond plate storage box with hinged lid w/push button latches. Located in hosebed storage pan to be approx. 36"W x 60"L x 18"H.	\$ 3,344.00
MISC BODY OPTIONS	3340-0243	Hose storage tray located on officer side compartment top. Tray to be full length of compartment top and have drainage slots on bottom of tray. Includes cargo net cover.	\$ 3,567.00
MISC BODY OPTIONS	3340-0244	Locking push button latches to match body compartment door locks. Locate (2) on ladder storage door, (1) on each backboard storage door (if applicable), (1) on microphone box (if applicable), (1) on each pike pole door (if applicable) and (1) on each SCBA bottle storage door.	\$ 136.00
MISC BODY OPTIONS	3340-0245	Nylon black cargo net(s) over exterior compartment opening(s) [#LOC]. Cargo net to be held in place with twist-locks.	\$ 1,116.00
MISC BODY OPTIONS	3340-0246	Air bag storage for 4 bags. Appox slot sizes: (1) 3" wide x 17" high x 17" deep, (1) 3" wide x 8" high x 8" deep, (1) 3" wide x 16" high x 28" deep, (1) 3" wide x 24" high x 22" deep, and a plywood sleeve that is 6" wide x 24" high x 22" deep. Locate in L3 compartment..	\$ 638.00
MISC BODY OPTIONS	3340-0247	Hosebed storage pan partition. Partition to be located forward of generator and water/foam fill towers.	\$ 649.00
MISC BODY OPTIONS	3340-0248	Hosebed Storage Pan. Locate in forward area of hosebed. Extra width front to back for equipment, generator and fill tower storage.	\$ 3,022.00
MISC BODY OPTIONS	3340-0249	Stokes basket storage on forward top of body officer side.	\$ 1,029.00
MISC BODY OPTIONS	3340-0250	Poly Box Storage 90x20x30 located on Top Deck	\$ 5,012.00
MISC BODY OPTIONS	3340-0252	Bolt-in floor R2. Floor is in addition to the existing DP floor. Floor to have 2" raised forward area (tapered towards rear for securing cribbing) and run full length front to rear.	\$ 455.00
MISC BODY OPTIONS	3340-0253	Backboard storage compartment. Locate in officer side ladder tunnel. Rack to be approx 2" wide.	\$ 848.00
MISC BODY OPTIONS	3340-0254	All compartment walls are to be non-louvered.	\$ 485.00
MISC BODY OPTIONS	3340-0255	Hosebed storage pan partition. Partition to seperate the booster reel from rest of pan.	\$ 649.00
MISC BODY OPTIONS	3340-0256	Glad Hand connections will be provided at front and rear of the unit (approach and departure panels).	\$ 731.00
MISC BODY OPTIONS	3340-0257	Diamond plate box storage 85 x 20 x 30 located on top deck.	\$ 3,644.00

MISC BODY OPTIONS	3340-0924	Aluminum angle 2"x2" bolt on light guard to protect ROM light fixture and roll-up door track from damage for L4 rearward light only. (1) 18" piece at top and (1) 18" piece at the bottom bolted to the rear wall.	\$ 236.00
MISC BODY OPTIONS	3340-0925	Speedy dry hopper. Locate [#LOC]. Includes discharge chute in compartment directly below roof top compartment with close off valve and extension hose for ground level dispensing. Capacity of speedy dry hopper is 200 lbs.	\$ 3,204.00
MISC BODY OPTIONS	3340-0927	Divider long fixed at the edge of the step-down in hosebed (driver side). Divider to run full length of hose bed (front to rear).	\$ 1,014.00
MISC BODY OPTIONS	3340-0928	Body main frame and hose bed side assemblies for a 93" high pumper body with special location side sheet on right side to lower overhead ladder rack. No upper rear crossover hand rail with this option.	\$ 7,109.00
MISC BODY OPTIONS	3340-0929	Smooth plate tandem axle wheel well painted job color. Includes bolt-on composite wheel well liners and welded alum fenderettes painted Durabak black.	\$ 7,797.00
MISC BODY OPTIONS	3340-0930	Hosebed storage area (no pan) in forward area of hosebed with embossed diamond plate cover hinged forward with two grab handles and gas shock hold opens. The cover to open past 90 degree for ease of equipment loading and removal in the storage area.	\$ 1,518.00
MISC BODY OPTIONS	3340-0931	B2 and B3 storage for (1) Stokes basket (1) backboard, (3) pike poles, (1) 10' FL-10 with feet Alco-Lite ladder. B3 storage for long handle tools only.	\$ 2,118.00
MISC BODY OPTIONS	3340-0934	Bolt-in floor rise and horizontally top hinged smooth plate full height aluminum door with D-ring latch and gas spring hold open in compartment R2. Floor rise to have 2" raised forward area (tapered towards rear for securing cribbing) and run full width front to rear.	\$ 1,735.00
MISC BODY OPTIONS	3340-0935	Removable wiring access panels to be installed on the rear wall of compartment L3 and R3. Panels to be retained with stainless steel machine screws.	\$ 382.00
MISC BODY OPTIONS	3340-0936	Air bag module for Paratech air bags as follows: 1-KPI-1, 1-KPI-3, 1-KPI-5, 1-KPI-12, 1-KPI-17, 1-KPI-22, 1-KPI-32, 1-KPI-35L. Locate floor mounted in lower R3.	\$ 2,693.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-0937	Tank sides to be raised 14" above booster tank. Includes raised sides and front of water tank. No hosebed slats to be installed.	\$ 4,710.00
MISC BODY OPTIONS	3340-0938	Provide access with covers on forward wall of compartment R3 to access to upper KLAMP-IT hardware for DOT storage bottles located in R2.	\$ 378.00
MISC BODY OPTIONS	3340-0939	Tool box, CTECH brand (4) drawer compartment toolbox. Includes Cal Gray drawer face finish with two (1) 8" drawer below and three (3) 3" drawers above. Toolbox dimensions to fit in an opening 36" W X 18" H X 24" deep. Requires a fixed shelf mounted above toolbox to enclose top drawer and create opening height added separately. Locate: forward and below extended floor in L2.	\$ 4,010.00
MISC BODY OPTIONS	3340-0940	Storage Pan, built in. Pan to accommodate generator and light tower equipment. Approx size 46 inches wide and depth to match upperbody height X 216 in. long. Locate on top of rear body roof and span from front of body to rear body.	\$ 5,720.00
MISC BODY OPTIONS	3340-0942	Speedy Dry Hopper location: [#LOC]. Mounted on a floor mounted 500# roll-out tray. Tray to have notch on front wall for Speedy Dry Hopper valve to hold #150 pounds.	\$ 4,003.00
MISC BODY OPTIONS	3340-0943	Transverse opening in the lower rear section of side compartments to accommodate pass through the rear compartment. The opening will be 2" above the floor and have aluminum picture frame style trim from each compartment over lapping to enclose compartment wall breaks without a sleeve.	\$ 2,252.00
MISC BODY OPTIONS	3340-0944	Access thru body roof to accommodate DOT / ASME bottle valve access. Includes: Thumb latch type access diamond plate cover. Location: Above B1 in body roof pan aft side wall centered forward of bottle valve area.	\$ 683.00
MISC BODY OPTIONS	3340-0945	Storage Pan. For equipment, generator and light tower storage. Sized to accommodate equipment option. Locate: Per customer approval drawing.	\$ 3,100.00
MISC BODY OPTIONS	3340-0947	Rolled hose rack for (3) hose rolls, (1) 50' of 1.75", (1) 25' of 3" and (1) 25' of 5. Includes adjustable (4) dividers attached to roll out tray(s) in compartment(s) L1, R1.	\$ 1,183.00
MISC BODY OPTIONS	3340-0948	The hose bed is to have the capacity for the following hose (unless otherwise specified on the approval drawing). Hose load shall be listed from driver to officer. Bed 1, 1000' of 5" hose, Bed 2, 200' of 2-1/2" hose, Bed 3, 300' of 2" hose, Bed 4, 200' of 3" hose, Bed 5, (2) areas each holding 200' of 3" hose seperated by a hinged false floor.	\$ 1,221.00
MISC BODY OPTIONS	3340-0949	Stokes storage with stops located in the drivers side upper header. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,402.00
MISC BODY OPTIONS	3340-0950	Rubrail for the body (serrated surface facing down).	\$ 1,148.00
MISC BODY OPTIONS	3340-0951	Hosebed area above booster tank. Includes raised sides and front of water tank, slatted flooring and adjustable divider extrusions. Hosebed walls to be 18" high (16" deep hosebed). Wetside only.	\$ 10,746.00
MISC BODY OPTIONS	3340-0952	Hosebed deflector box and access to the dry chem fill. Locate center of the hosebed at rear.	\$ 1,080.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-0954	Stainless steel rear fender panels painted job color. (Recommended for FRP paint process compatibility!) Includes bolt-on stainless steel inner wheel well liners (not painted) and rubber outer fenderettes.	\$ 2,821.00
MISC BODY OPTIONS	3340-0955	Backboard storage sleeve. Locate in ladder tunnel. Rack to be approx 3"W x 18"H x 72"L.	\$ 848.00
MISC BODY OPTIONS	3340-0957	Compartment R4 to be notched for deck gun piping in back rearward corner of the compartment.	\$ 553.00
MISC BODY OPTIONS	3340-0958	Backboard storage sleeve for (2) boards individually stored one on top of the other. Each area to be 3"W x 17"H x 72"L. Includes (1) retaining strap on the driver side. Location: Vertically mounted in L1 and into R1 (no access this side) inboard of the vertical exhaust.	\$ 1,393.00
MISC BODY OPTIONS	3340-0959	One (1) Vertical mount traffic cone holder shall be fabricated and installed to hold up to (8) 28" tall traffic cones with 12" bases (not included). The bracket shall be constructed of 1/8" aluminum smooth plate, bolted and mounted to the left rear panel step bumperette, inboard of the tail light assembly.	\$ 553.00
MISC BODY OPTIONS	3340-0960	Body main frame and hose bed side assemblies for a 90" high pumper body.	\$ 8,354.00
MISC BODY OPTIONS	3340-0961	Divider long fixed at the edge of the step-down in hosebed (officer side). Divider to run full length of hose bed (front to rear).	\$ 1,014.00
MISC BODY OPTIONS	3340-0962	Body main frame and hose bed side assemblies for a 97 in. high body.	\$ 8,105.00
MISC BODY OPTIONS	3340-0963	Hosebed storage pan smooth plate painted black Durabak. Locate in forward area of hosebed.	\$ 1,894.00
MISC BODY OPTIONS	3340-0964	Storage pan over eMAX transverse storage area(s) to be smooth plate painted black Durabak.	\$ 1,136.00
MISC BODY OPTIONS	3340-0965	Tunnel, ladder. A ladder tunnel to be a compact design. Tunnel sized to stow (1) 24 foot 2-section ladder, (1) 14 foot roof ladder, (1) 10 foot folding attic ladder & (1) 10 foot pike pole. Option reduces the compartment area of the lower body. Ladder shall extend thru end of tunnel and into a water tank notch on the officer side. Locate: B1 vertically stacked on officer side low as possible.	\$ 4,823.00
MISC BODY OPTIONS	3340-0966	Hosebed to accommodate 500 feet of 5 inch LDH. Locate: Roof top walkway on driver side in front of roof top compartments and span full length. Design to accommodate passing over roof access to water tank in body. Includes: hosebed pan, side wall, slatts, hinged top access cover with handels and latches to load hose and stand on top of lid if required & vinyl cover at rear of body. (as applicable).	\$ 8,021.00
MISC BODY OPTIONS	3340-0967	Mounting plate for battery charger receptacle, indicator and air inlet (if applicable). Plate to be removable brushed stainless steel. Locate: rear of body driver side.	\$ 578.00
MISC BODY OPTIONS	3340-0968	Tunnel, cribbing. A storage tunnel, approx size 8 inches tall X 23 inches wide X 72 inches deep shall be provided. Includes: Lift up rear access door, thumb style latch, hold open device and shall be wired to door ajar. Door finish shall match rear of body. Locate: Below roof top compartment on driver side of body.	\$ 3,456.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-0969	Divider Reinforcement. To run full length of hose bed divider on top surface (front to rear). 3/4" extruded aluminum tubing welded to divider. Price per each divider.	\$ 656.00
MISC BODY OPTIONS	3340-0971	Stainless steel tag on wheel well area above each tire location. Tag to be engraved, silver with black lettering, and specify pressure, torque and size of each tire.	\$ 437.00
MISC BODY OPTIONS	3340-0972	B1 compartment modifications. Provide (2) 4" diameter holes on left side wall of B1 into the rear wall of L3, approx 29" off floor. offset to rear. These will be directly below the left side reel rewind switch Provide (2) hose notches with welded reinforcements on the upper shelf in the B1 compartment. Notches shall be approximately 3" wide x 5" deep. These shall be centered below the reel rollers. See photos in job folder.	\$ 457.00
MISC BODY OPTIONS	3340-0973	The R2 Compartment shall include Unistrut for dealer/customer installed equipment. (2) full width horizontal lengths shall be attached to the back wall of the compartment. Bottom strut shall be located 8" from floor and second one 10" from center of lower.	\$ 515.00
MISC BODY OPTIONS	3340-0975	Smooth plate painted tandem axle wheel well. Includes bolt-on composite wheel well liners and bolt-on polished alum fenderettes.	\$ 6,253.00
MISC BODY OPTIONS	3340-0976	Horizontal air bag module for four (4) customer furnished air bags. Bags will be Paratech Maxiforce brand and each bag will store with two (2) identical pieces of 3/4" plywood. Nylon buckle strap assembly shall be provided across the openings. Locate on floor of compartment L2. See specifications for details.	\$ 2,448.00
MISC BODY OPTIONS	3340-0977	The foam transfer pump breaker shall be located inside the vertical storage compartment in the driver side lower center body.	\$ 565.00
MISC BODY OPTIONS	3340-0978	Body mainframe and hosebed side assemblies for a 104" high body.	\$ 11,422.00
MISC BODY OPTIONS	3340-0979	Smooth plate single axle wheel well painted black Durabak. Includes bolt-on composite wheel well liners and bolt-on polished alum fenderettes.	\$ 3,096.00
MISC BODY OPTIONS	3340-0980	Sign plate holder made from smooth aluminum material, sized to be 12"w x 6"h, painted job color. Locate (1) at rear of truck, one (1) mounted on front bumper and (1) each side cab below canopy windows.	\$ 1,006.00
MISC BODY OPTIONS	3340-0981	Divider Support to run full width of hosebed (side to side) at the front of the hosebed and towards the rear of the hosebed at top of the divider(s). Attach to each hosebed divider to provide additional support. The rear divider support to be located as far rearward as available space on upper rear hose bed allows for support mounting.	\$ 769.00
MISC BODY OPTIONS	3340-0983	All body and pump module compartments (if applicable) and/or storage areas (EXCEPT R1 compartment) to have no louvers or vents. Louvers or vents for compartment R1 are to located up high only.	\$ 553.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-0984	Special Driver side hose bed walkway. Embossed diamond plate walkway driver side over driver side compartments to run full length of the body. Walkway to have drains with drain tubes that extend to the bottom of the vehicle.	\$ 1,270.00
MISC BODY OPTIONS	3340-0985	Attic Ladder / Pike Pole cover to be located in compartment R1. Includes compartment wall cut-outs.	\$ 361.00
MISC BODY OPTIONS	3340-0986	Rear step trays drivers and officer's sides with slats. Each to hold (1) length of 3" DJ hose. They shall be a floating design.	\$ 1,664.00
MISC BODY OPTIONS	3340-0987	Wheel chock storage areas behind hinged doors. (1) pair of chocks driver's side. (Chocks not included)	\$ 362.00
MISC BODY OPTIONS	3340-0988	Hose bed above the booster tank. Includes DuraDeck fiberglass grating.	\$ 3,313.00
MISC BODY OPTIONS	3340-0989	Body mainframe and hose bed side assemblies for a 100" high body.	\$ 7,148.00
MISC BODY OPTIONS	3340-0990	Stainless steel tandem axle rear fender panels painted job color. Includes bolt-on stainless steel wheel well liners (not painted) and polished stainless steel outer fenderettes.	\$ 4,334.00
MISC BODY OPTIONS	3340-0991	Backboard storage sleeve. Locate within RS hose bed cover, underneath. Sleeve to be approximately 3" H x 20" W x 72" L.	\$ 1,566.00
MISC BODY OPTIONS	3340-0992	Hosebed storage pan partition. Partition to be adjustable side to side in hosebed storage pan. (2) adjustable tracks on the front wall and (2) adjustable tracks on the rear wall of the storage pan.	\$ 659.00
MISC BODY OPTIONS	3340-0997	Horizontal fixed shelf. Shelf to separate upper hose from lower hose.	\$ 1,107.00
MISC BODY OPTIONS	3340-0998	Body mainframe and hosebed side assemblies for a 101" high body.	\$ 10,008.00
MISC BODY OPTIONS	3340-0999	Push button latches to match side pump panel latch. Locate Top Mount pump panel	\$ 389.00
MISC BODY OPTIONS	3340-1000	Cast Products FG4102-1-250-N (hinge right) recessed fuel fill with door. Recessed fuel fill driver side wheel well.	\$ 273.00
MISC BODY OPTIONS	3340-1001	Tunnel, ladder. A ladder tunnel to be a compact design. Tunnel sized to stow (1) 24 foot 2-section ladder, (1) 14 foot roof ladder & (1) 10 foot folding attic ladder. Option may reduce the compartment area. Locate: B3.	\$ 4,339.00
MISC BODY OPTIONS	3340-1002	Seamless & Flush. Upper body side panels driver & officer side to be flush. For use with non standard extended upper side body height modification and includes forward body module (if applicable).	\$ 4,946.00
MISC BODY OPTIONS	3340-1003	Storage pan over eMAX Rescue module.	\$ 3,687.00
MISC BODY OPTIONS	3340-1004	Stokes storage compartment. Compartment shall include a top load hinged access door with D-ring latches and moon spring door hold open device. Compartment shall be 9 in. wide X full width of body and full height of upper body. Locate: eMAX module pan toward aft bulkhead with vertical access to rear body catwalk area.	\$ 2,913.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1005	Storage sleeves. A open faced storage sleeve unit shall be provided that is 25 in. wide X 26 in. deep X 18 in tall. Unit includes (1) shelf centered horizontally inside. Construction is 3/16 smooth aluminum. Locate: in L1, up high and forward in compartment.	\$ 638.00
MISC BODY OPTIONS	3340-1006	Hosebed to accommodate 800 feet of 3 inch DJ hose. Locate: Roof top walkway on driver side in front of roof top compartments and span full length. Design to accommodate passing over roof access to water tank in body. Includes: hosebed, side wall, slats, hinged top access cover with handles and latches to load hose and stand on top of lid if required & a cargo net cover shall be provided to access the hose bed area from the rear of body. Cargo net color: Black	\$ 8,021.00
MISC BODY OPTIONS	3340-1007	Hosebed area above booster tank. Includes raised sides and front of water tank, slatted flooring and adjustable divider extrusions. Hosebed walls to be 12" high (10" deep hosebed). Wetside only.	\$ 6,424.00
MISC BODY OPTIONS	3340-1008	Air bag module. Module to include drop down horizontal hinged door for access. (Final design details TBD) Module to accommodate " BRAND TBD" air bags as follows: TBD. Finish: Sanded aluminum. Locate: R3.	\$ 3,662.00
MISC BODY OPTIONS	3340-1009	The L3 Upper Compartment shall include Unistrut for dealer/customer installed equipment. Two (2) full width horizontal lengths shall be attached to the upper back wall of the compartment. Top strut shall be located approx 14" down from compt opening. Second strut shall be located 12" below the upper, measured center to center.	\$ 515.00
MISC BODY OPTIONS	3340-1010	Notched hosebed divider(s). Notch to be in center approximately 25" up from hose bed floor and angle up 45 degrees at each end. Priced per divider.	\$ 178.00
MISC BODY OPTIONS	3340-1011	Special hose bed divider reinforcement. Each divider shall have 3/4" extruded aluminum tubing reinforcement welded in place on the forward and rear vertical edges and the top horizontal edges to stiffen the dividers as mounted. Price per divider.	\$ 656.00
MISC BODY OPTIONS	3340-1012	One (1) divider support(s) to attach to each top rear edge of each hose bed divider to provide additional support. SS product only. Price each.	\$ 124.00
MISC BODY OPTIONS	3340-1013	The ladder compartment door shall be equipped with a hold open device.	\$ 248.00
MISC BODY OPTIONS	3340-1014	Hang rod, stainless steel, bolt in. Qty (1). Design to be similar to grabrail. configuration to accommodate Sterns life jackets stowed on hangers. Hang rod to be approx half compartment length. Locate: R3 centered on ceiling against aft wall and to run forward.	\$ 765.00
MISC BODY OPTIONS	3340-1015	Sign, "STAY BACK 500 FEET" with black reflective lettering. Sign to be a vertically split design with "STAY BACK" on the left plat side plate and "500 FEET" on the right side plate. Locate: B1 door centered.	\$ 554.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1016	Access panels, pair. Bolt in access panels for body compartment back wall to provide service access located over chassis centerline. Construction to be consistent with compartment interior. Locate: L2/R2 26 inches deep from body door opening.	\$ 1,942.00
MISC BODY OPTIONS	3340-1020	Body will have (2) additional compartments, (1) each side behind the rear wheels. Size increased as necessary for tank capacity and/or side dump valves in w/wells.	\$ 1,553.00
MISC BODY OPTIONS	3340-1022	Storage pan over eMAX transverse storage area to be deleted and a solid tread panel top added.	\$ 706.00
MISC BODY OPTIONS	3340-1023	Cab, Body, Multiplex Color Display and Pump Module, safety and warning Tags in Spanish to be in addition to standard English E-One supplied Tags. The translation of required tags shall be provided by the customer or the dealer during the pre-build.	\$ 5,178.00
MISC BODY OPTIONS	3340-1024	Provision for roof access to ASME/DOT storage bottles located in B2 and B4. Includes: removable roof access cover plates. Location: Rear body roof over B2 and B4.	\$ 1,521.00
MISC BODY OPTIONS	3340-1025	Storage sleeve compartment in transverse. Location: L1/R1 offset to the rear of the compartment. There shall be three separate storage areas. The bottom sleeve shall be approximately 34" wide x 12" high x 86" long. Two vertical sleeves shall be on top of this base section. The first shall be 16" wide x 24" high x 86" long and offset to the rear. The second shall be 18" wide x 24" high x 86" long and shall be offset forward. Includes (3) sets of retaining straps on both sides, (1) for each sleeve.	\$ 2,819.00
MISC BODY OPTIONS	3340-1026	Driver and officer side compartment top to be embossed diamond plate IPO standard.	\$ 1,439.00
MISC BODY OPTIONS	3340-1027	Sign plate, smooth, large as possible. Locate: top of roof top compartment officer side forward. Color: White FLNA 4006	\$ 1,380.00
MISC BODY OPTIONS	3340-1029	Cover for ASME / DOT storage bottles. A bolt on diamond plate cover shall be provided for the ASME / DOT storage bottles. Includes: Thumb latch type fast access to bottle valve. Location: eMAX dunnage pan.	\$ 1,512.00
MISC BODY OPTIONS	3340-1030	Recessed switch enclosure with hinged stainless steel door with lift and turn latch. Located on the right rear body panel to protect the power hose bed cover switches.	\$ 509.00
MISC BODY OPTIONS	3340-1031	Turtle tile floor matting on floor of walk-in body. Matting to be secured to the floor with stainless steel machine screws and locktite. NYPD only.	\$ 794.00
MISC BODY OPTIONS	3340-1032	Mount dealer supplied white board in the walk in area of the body. To be located on the armory door(s). Exact details to be completed at the time of a future customer inspection.	\$ 154.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1033	Mount (4) footman loops on the side of the ladder tunnel in the walk-in rescue body. Mount customer supplied 36Volt portable tool and charger in the walk-in rescue body. Mount and hard wire customer supplied TNT hydraulic power supply to the shelf in compartment L2. Mount four (4) additional footman loops on the side of the ladder tunnel in the walk-in rescue body. Exact details to be completed at the time of a future customer inspection. NYPD only.	\$ 453.00
MISC BODY OPTIONS	3340-1034	Air bag storage for Paratech air bags. Two (2) areas, one (1) inside body walkway and one (1) in R4. See specifications for details.	\$ 1,129.00
MISC BODY OPTIONS	3340-1035	All compartment louvers to be up as high as possible.	\$ 573.00
MISC BODY OPTIONS	3340-1036	Body compartment floors to be 3/16" aluminum smooth plate.	\$ 2,379.00
MISC BODY OPTIONS	3340-1039	Diamond plate tandem axle wheel well. Includes bolt-on composite wheel well liners and bolt-on rubber trim fenderettes.	\$ 3,874.00
MISC BODY OPTIONS	3340-1041	Solid aluminum 1" x 3" bar stock rubrail with 45 degree mitered ends. No scotchlite striping to be included.	\$ 1,864.00
MISC BODY OPTIONS	3340-1042	The vehicle shall be supplied with a deck gun cradle for additional support of the deck gun assembly above the pump module. The cradle shall be made of Alum Extrusion and smooth plate with Nylon cushioned rest pads. Cradle shall be painted fluorescent Orange on all metal parts.	\$ 2,543.00
MISC BODY OPTIONS	3340-1043	Hosebed above the booster tank. Hosebed assembly to be designed with short divider(s) held forward 20". Hosebed adjustable divider extrusion rearward to run full width of the hosebed.	\$ 4,391.00
MISC BODY OPTIONS	3340-1044	Body mainframe and hosebed side assemblies for a 93" high body.	\$ 6,193.00
MISC BODY OPTIONS	3340-1045	Speedy Dry Hopper. Locate in roof compartment above forwardmost driver side compartment. Includes discharge through bottom of compartment along forward wall with valve for ground level dispensing. Pipe to be fully boxed in with a vertical partition running the full height and depth of the compartment and completely enclosed at the front as wide as necessary so the pipe is not visible. Capacity of speedy hopper is 100 lbs.	\$ 3,196.00
MISC BODY OPTIONS	3340-1046	There shall be 12 gauge stainless steel smooth plate false wall bolted-in 16" in from outside of body. Locate in one (1) each L2 & R2 compartments.	\$ 949.00
MISC BODY OPTIONS	3340-1047	Hosebed divider with 45 degree offset to store customer required hose load. Locate on officer side of hosebed, to store 400' of 2.5" DJ hose.	\$ 1,695.00
MISC BODY OPTIONS	3340-1049	Stainless Steel corner guards for the driver and officer rear compartment face. Guards to wrap around the corner and be full height of side assembly.	\$ 562.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1050	Bottom hinged, flat latching stainless steel doors with lift and turn latches shall be provided on each side the forward body wheel well panels for access to the side mounted portable winch receiver assembly and electrical connection. The rear side interior walls of the compartments adjacent to the side mounted receivers, shall have access doors for connection purposes.	\$ 823.00
MISC BODY OPTIONS	3340-1052	Body mainframe and hosebed side assemblies Low Profile for a 85" high Tanker style body with OAH issue.	\$ 4,770.00
MISC BODY OPTIONS	3340-1053	Redesign the TAC-Stick box holder for the current dealer supplied model. Holder shall mount in compartment L1. This is in lieu of the existing holder. NYPD only.	\$ 569.00
MISC BODY OPTIONS	3340-1054	Sign plate smooth plate with sanded finish 30" x 30" mounted on forward body roof.	\$ 489.00
MISC BODY OPTIONS	3340-1055	A tag stating "Top off DEF tank when fueling main tank" shall be permanently affixed to the vehicle near the fuel fill(s).	\$ 144.00
MISC BODY OPTIONS	3340-1056	Body main frame and hose bed side assemblies for a 96" high tanker body.	\$ 7,404.00
MISC BODY OPTIONS	3340-1057	Modified hose bed divider height and reinforcement. The height of the hose bed divider (s) to extend up over body height 2 inches with tapered forward end at front of hose bed and rounded rear end. Divider (s) shall have a split round reinforcement welded in place on the forward and rear vertical edges and the top horizontal edges to stiffen the divider (s) as mounted and to provide a rounded edge where raised divider (s) will contact hose bed nylon cover in transit to reduce chaffing. Added per each divider as equipped.	\$ 309.00
MISC BODY OPTIONS	3340-1058	Doors, access to wheel well receiver, (pair). Access doors shall be provided on each side of the rear body wheel well panels to access to the side mounted portable winch receiver assembly and electrical connection (if applicable). The rear side interior walls of the compartments adjacent to the side mounted receivers, shall have access doors for pin connection access. Door construction shall be consistant with the body design and match panels they are located in.	\$ 823.00
MISC BODY OPTIONS	3340-1059	(1) top of body, forward hose bed compartment. This includes divider wall located behind the water tank fill tower. Area shall be approximately 46" wide x 22" long x 34" deep. Includes hinged compartment lid with turn latches, grab handle(s) and gas shock hold open. Door hinges at the forward hose bed wall opening to the rear. This provides an area for additional rolled hose storage. This area is not watertight.	\$ 1,582.00
MISC BODY OPTIONS	3340-1060	Pan for pole light to be recessed in roof. Construction to be consistant with roof construction and includes drain. Pan shall be sized by engineering to best accommodate pole lighting that is designated in same location. Locate: [#LOC].	\$ 1,547.00
MISC BODY OPTIONS	3340-1061	Hosebed storage pan partition. Provide an "L" shape partion for the fill tower(s).	\$ 649.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1062	Body main frame and 70" wide hose bed for an 90" high body with low hose bed and "L" shape tank. Hose bed is 40" from top of tailboard to bottom of hose bed.	\$ 4,708.00
MISC BODY OPTIONS	3340-1068	Smooth plate tandem axle wheel well painted job color. Includes bolt-on composite wheel well liners and bolt-on alum fenderettes painted Durabak black. Wheel well plates to be flush mounted.	\$ 11,275.00
MISC BODY OPTIONS	3340-1072	Storage for 4 rope bags. 8 in. x 8 in. square tube design x 24 in. deep with closed back & Includes securing straps in front. Aluminum construction with sanded finish. Locate: L1.	\$ 1,666.00
MISC BODY OPTIONS	3340-1073	Air bag module for Paratech air bags as follows: 1-6X6, 1-10X10, 1-6X12, 1-15X15, 2-15X21 & leak seal bag with webbing 1-20X20, 1-24X24, 1-28X28, 1-15X42 & 1-37X37. All bags slots shall include space to accommodate 3/4 inch thk plywood. Plywood not included. Locate:R1.	\$ 3,662.00
MISC BODY OPTIONS	3340-1074	Ladder storage in roof top walkway. A compartment for a 24'-2 section extension ladder shall be provided. Ladders shall be stored on beam. Provide a lift up hinged access door with a thumb style lever latch and door hold open device located at rear. Locate: Driver side of body.	\$ 3,556.00
MISC BODY OPTIONS	3340-1075	Ladder storage in roof top walkway. A compartment for a 16' roof ladder and four (4) pike poles shall be provided. Ladder shall be stored on beam. Pike poles to be stowed in tubes accessed through rear facing hinged access door with a thumb style lever latch. Provide a lift up hinged access door on top for ladder access with a thumb style lever latch and door hold open device. Locate: Officer side of body.	\$ 3,942.00
MISC BODY OPTIONS	3340-1076	Tunnel, cribbing. A storage tunnel shall be provided that will be sized to accommodate (4) 6x6 post and (6) 4x4 post 10 feet long stowed flat on the B1 extended floor extending forward over chassis frame area. The tunnel design shall include a hinged drop down rear access door with D type handle to secure cribbing in place.	\$ 3,739.00
MISC BODY OPTIONS	3340-1077	Stop bracket. A 1 inch aluminum angle to be located along body compartment floor edge close to door opening. Locate: L3.	\$ 91.00
MISC BODY OPTIONS	3340-1078	Stop bracket. A 1 inch aluminum angle to be located along body compartment floor edge close to door opening and between aft wall and 2nd partition. Locate: R4.	\$ 91.00
MISC BODY OPTIONS	3340-1079	Slip-on stainless steel dump elbow and 36" straight extension chute. Includes body mounted removable support arm and mounting brackets at rear of body for straight chute and in dunnage pan for elbow.	\$ 3,751.00
MISC BODY OPTIONS	3340-1080	Hosebed area above booster tank. Includes raised sides and front of water tank, slatted flooring and adjustable divider extrusions. Hosebed walls to be 14" high (12" deep hosebed). Wetside only.	\$ 8,099.00
MISC BODY OPTIONS	3340-1081	Two (2) short dividers to run from forward hosebed wall front of fill tower to create a storage area. Wetside Tanker Only.	\$ 1,521.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1082	Speedy Dry Hopper location: R2 floor. Mounted on a floor mounted 500# roll-out tray. Tray to have notch on front wall for Speedy Dry Hopper valve. Capacity #145 pounds.	\$ 5,061.00
MISC BODY OPTIONS	3340-1083	Provision for reels to be dealer installed after delivery. Provision includes: Four (4) adjustable tracks welded to compartment roof structure and a mounting plate bolted into place to later be removable and fitted with reels after delivery. Mounting plate to be approximately 38 in. x 50 in. Locate: L1/R1 ceiling centered.	\$ 976.00
MISC BODY OPTIONS	3340-1084	Hinged .188in. embossed diamond plate lid for dunnage pan. Includes two (2) D-Ring latches, stainless steel hinge along rearward edge or as applicable to options, and gas shock or mechanical hold open. For narrow dunnage pans without additional span reinforcement required up to 10in. inside pan width.	\$ 553.00
MISC BODY OPTIONS	3340-1085	Body wheelwell compartments (2), one each side above tandem wheelwell approximately 24" wide x 6" high x maximum depth permissible, with drop down doors. Door material to match wheelwell finish.	\$ 1,564.00
MISC BODY OPTIONS	3340-1086	Front of hose bed stainless steel 57" wide transverse storage divider for selected accessory such as a hose reel, fill towers. Located in right side forward area of the hose bed to separate the second storage area from the main hose storage area. Applicable main hose bed dividers will be located rearward of the transverse divider.	\$ 1,055.00
MISC BODY OPTIONS	3340-1087	Stokes / Step Ladder module. A storage module with approx size of 15" tall x 25.25" wide x 90" long shall accommodate (1) stokes basket and (1) customer installed 7' tall folding step ladder. Construction shall be smooth aluminum sheet metal with a sanded finish unless otherwise specified. Poly shall be utilized on the floor of the Stokes and Ladder tunnel. Location: B1 ceiling mounted offset to right side. Nylon strap assemblies shall be provided across the openings.	\$ 2,990.00
MISC BODY OPTIONS	3340-1088	Officer side running board modified to extend out 2" beyond body side with 45 degree angled forward and rearward corners	\$ 440.00
MISC BODY OPTIONS	3340-1089	Hosebed divider fixed to store customer required hose load. Locate divider inline with back wall of R3 shallow compartment extending rearward to hosebed opening, to store 750' of 5" LDH hose.	\$ 1,014.00
MISC BODY OPTIONS	3340-1090	Diamond plate single axle wheel well. Includes bolt-on aluminum wheel well liners sanded finish and bolt-on polished aluminum fenderettes.	\$ 3,069.00
MISC BODY OPTIONS	3340-1091	Durabak package for Tandem Axle Aerial, see specification for details.	\$ 16,355.00
MISC BODY OPTIONS	3340-1092	Install a stainless steel 2" high flange full width of the door opening on the floor of compartment L2.	\$ 95.00
MISC BODY OPTIONS	3340-1094	Over the hose bed swing-out bracket for rear lighting accessories. Height not to exceed highest point on rear body. Swing bracket located on inside of hose bed side sheet to reduce OAH of installation. Constructed of aluminum extrusion/tubing with aluminum plate end brackets. Paint job color. SS product only.	\$ 2,366.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1095	Brushed stainless steel scuff plate for folding or formed step. (ea.) Locate per step on painted surface to protect paint from boot contact while climbing. Position on body, module walkover or as applicable where folding or formed steps are optioned on apparatus. Not to be used where painted surface is coated with Line-X or similar anti scuff coatings.	\$ 66.00
MISC BODY OPTIONS	3340-1096	Full width hose bed above the booster tank from the officer side hose bed at ladder rack Urban notch to the driver side with raised side assemblies.	\$ 3,654.00
MISC BODY OPTIONS	3340-1097	Vertical air bag module for four (4) customer furnished air bags. Bags will be Vetter brand. Nylon buckle strap assembly shall be provided across the openings. Locate on the upper rear wall of compartment L2. See specifications for details.	\$ 2,634.00
MISC BODY OPTIONS	3340-1098	Walkway made out of embossed diamond plate shall be provided in the hose bed.	\$ 952.00
MISC BODY OPTIONS	3340-1099	Stainless steel light guards on the strip lights in body compartments. Price per compartment fixture.	\$ 118.00
MISC BODY OPTIONS	3340-1101	Hosebed rearward of the booster tank. Includes diamond plate pan over tank, engine access provision and adjustable divider extrusions. HS pumper only.	\$ 5,456.00
MISC BODY OPTIONS	3340-1102	Durabak package for hosebed storage pan(s): Includes all surfaces of the pan visible from top of the truck. Also includes all platework fabricated at E-ONE mounted inside the pan such as hydraulic system cover, generator shield, reservoir cover, cooler cover, cord reel cover, boxes, dividers, trays, etc as applicable.	\$ 1,450.00
MISC BODY OPTIONS	3340-1103	Durabak package for Pumper or Tanker body (excluding eMAX), see specification for more details.	\$ 4,423.00
MISC BODY OPTIONS	3340-1104	Durabak package for body fenderettes.	\$ 455.00
MISC BODY OPTIONS	3340-1105	Durabak package for body interior door panels. Location(s): [#LOC].	\$ 455.00
MISC BODY OPTIONS	3340-1106	Hinged access door for rear mounted booster reel.	\$ 651.00
MISC BODY OPTIONS	3340-1107	Front of hose bed stainless steel transverse storage divider for selected accessory such as a generator, hose reel and fill towers. Located in forward area of 72" wide hose bed to separate the storage area from the main hose storage area. Applicable main hose bed dividers will be located rearward of the transverse divider.	\$ 1,022.00
MISC BODY OPTIONS	3340-1109	Hosebed area above booster tank. Includes raised sides and front of water tank, slatted flooring and adjustable divider extrusions. Hosebed walls to be 15" high (13" deep hosebed). Wetside only.	\$ 10,908.00
MISC BODY OPTIONS	3340-1110	There shall be two (2) short dividers, one (1) forward, to run from foward hosebed wall to front of fill tower, one (1) rearward from rear of fill tower to end of hose bed.	\$ 1,521.00
MISC BODY OPTIONS	3340-1112	Deflector for hosebed. To run fron center of "V" to the left side of hosbed so all hose deploys through right side chute.	\$ 637.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1113	Bracing installed for dealer supplied and installed wheel chock brackets (PR unless otherwise specified). Location below compartment as specified. NOTE: may require jack pad brackets or other lower body components to be relocated as specified.	\$ 897.00
MISC BODY OPTIONS	3340-1114	Body compartment door pans to have a swirled finish. Includes pan or hinged door as applicable.	\$ 1,079.00
MISC BODY OPTIONS	3340-1115	Rub rail, Poly 3" x 2" Black U.H.M.W. plastic bolted to body. Rub rail shall be mitered at each end and shall be fitted between body lighting (where applicable). Locate: IPO standard aluminum rubrail of the apparatus side body only.	\$ 2,676.00
MISC BODY OPTIONS	3340-1116	Rub rail, Poly 3" x 2" Black U.H.M.W. plastic bolted to body. Rub rail shall be mitered at each end and shall be fitted between body lighting (where applicable). Locate: above body compartment header extrusion apparatus side body only.	\$ 2,676.00
MISC BODY OPTIONS	3340-1117	Rub rail, Poly 3" x 2" Black U.H.M.W. plastic bolted to body. Rub rail shall be mitered at each end and shall be fitted between body lighting (where applicable). Locate: upper roof extrusion of the apparatus side body only.	\$ 2,676.00
MISC BODY OPTIONS	3340-1119	Rivet in place stainless steel trim on bottom edge of compartment opening. Option quantity is each. Option does not include stainless steel trim.	\$ 108.00
MISC BODY OPTIONS	3340-1120	Stokes basket mounting brackets top of body officer side over R3/R4 for storage of a CMC Rescue-Stainless Steel Rescue Litter Model #726101 Stokes basket.	\$ 1,029.00
MISC BODY OPTIONS	3340-1121	Storage sleeve. A open faced storage sleeve unit shall be provided that is 6 W X 40 T X 40 D. Includes: nylon strap with plastic buckle across opening at center. Construction is 3/16 aluminum diamond plate. Locate: inside walkin module against aft wall on driver side with opening facing module entry door.	\$ 638.00
MISC BODY OPTIONS	3340-1122	Conduit, flexible, 2.5" conduit with connectors. Location: Route from aft area of cab map box to body module electronics cabinet above refrigerator. Includes (4) four pull wires labeled 1 thru 4. Renton Rescue.	\$ 1,512.00
MISC BODY OPTIONS	3340-1123	Underbody full width mudflap mounted to body. Includes white reflective "STAY BACK 300 FEET" lettering. Locate at rear of body ahead of staircase. Bottom of flap to be approx 12" off ground.	\$ 1,542.00
MISC BODY OPTIONS	3340-1124	Raceway. There shall be a antenna raceway provided and fabricated of aluminum Diamond plate. The design shall provide for easy access and installation of antennas. The raceway shall be located on top of the walk-in module to the officer side and span front to rear of the module area.	\$ 711.00
MISC BODY OPTIONS	3340-1125	All body, walkway and speedlay compartments (if applicable) and/or storage areas (EXCEPT R3 compartment) to have no louvers or vents. Louvers for compartment R3 are to located only on the rear and back walls.	\$ 553.00
MISC BODY OPTIONS	3340-1126	Spool plastic roll storage 1 inch diameter round bar stock for a 36 inch long roll of plastic located in R4 upper. See Photos on file.	\$ 843.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1129	Underbody UltraGuard splash guard behind rear axle mounted to body at rear step area. Guard to be modified to include cutouts for rear tow eyes and rear hitch receiver (If applicable).	\$ 1,316.00
MISC BODY OPTIONS	3340-1131	Storage for Fire Department supplied ALS gear in a shelving style pigeon hole horizontal fashion to closely match existing Chicago units in compartment L3 and lower B1. Module constructed of 1/8" smooth aluminum plate.	\$ 4,686.00
MISC BODY OPTIONS	3340-1132	Stainless steel rear fender panels with aluminum treadplate overlays IPO painted finish. Includes bolt-on stainless steel wheel well liners (not painted) and rubber outer fenderettes.	\$ 2,326.00
MISC BODY OPTIONS	3340-1133	Cargo net. Black Nylon cargo net with 2x2 openings shall be provided inside body compartment for area below transverse style extended floor [#LOC]. Cargo net to be permanently fastened to bottom of transverse compartment style extended floor and secured in place at bottom and sides with twist-locks, snaps and Velcro straps as deemed required by E-1 engineering to adequately secure cargo in place.	\$ 1,369.00
MISC BODY OPTIONS	3340-1143	Body main frame and hose bed side assemblies for a 90" high pumper body with a 72" wide low hose bed.	\$ 4,878.00
MISC BODY OPTIONS	3340-1144	Deflector, for roof mounted A/C unit. A 3 sided smooth aluminum deflector shall be positioned in front of and around a pair of roof mounted A/C systems on the body roof. The deflector shall be slotted on the sides to provide unobstructed ventilation (as applicable). Finish: Paint FLNA 4006 White.	\$ 2,289.00
MISC BODY OPTIONS	3340-1145	Removable aluminum hose bed storage tray (EA), installed at the top rear of bed 1 at the center of the body. Tray shall include manual release assembly to lock tray in place. The floor of the tray(s) to be slotted to prevent the accumulation of water and allow for ventilation of wet hose. UHMW strips on the bottom rails to assist in installation/removal of tray.	\$ 1,419.00
MISC BODY OPTIONS	3340-1146	Hosebed area above booster tank. Includes raised sides and front of water tank, slatted flooring and adjustable divider extrusions. Hosebed walls to be 14" high (12" deep hosebed). Wetside only.	\$ 10,379.00
MISC BODY OPTIONS	3340-1147	Bolt-on diamond plate 24" tailboard (full width of body) ILO a standard tailboard. Includes (2) slanted beavertails (no stanchions) with removable outer panels and handrails - (2) vertical on trailing edge of beavertails. Wetside Tanker Only.	\$ 2,517.00
MISC BODY OPTIONS	3340-1148	Divider Support to run full width of hosebed (side to side) at the front of the hosebed divider(s). Attach to each hosebed divider to provide additional support.	\$ 603.00
MISC BODY OPTIONS	3340-1149	Stainless Steel corner guard for the officer rear 3x3 to protect the paint from the pike poles.. Guard to wrap around the 3x3.	\$ 288.00

MISC BODY OPTIONS	3340-1202	Storage module located in [#LOC] compartment made out of 3/16 aluminum plate unless otherwise specified. Module shall be designed per customer specific requirement and drawing shall be provided for review and approval.	\$ 3,457.00
MISC BODY OPTIONS	3340-1203	Poly box tote, White. A 3/8" thick white poly box with hand hold cutout on each end shall be provided in [#LOC] compartment. The box shall be designed per customer specific requirement and drawing shall be provided for review and approval.	\$ 664.00
MISC BODY OPTIONS	3340-1204	Poly box tote, Black. A 1/2" thick black poly box with hand hold cutout on each end shall be provided in [#LOC] compartment. The box shall be designed per customer specific requirement and drawing shall be provided for review and approval.	\$ 664.00
MISC BODY OPTIONS	3340-1206	Storage module located in [#LOC] compartment. Module shall be designed per customer specific requirement and drawing shall be provided for review and approval.	\$ 1,198.00
MISC BODY OPTIONS	3340-1207	(1) Front of hose bed top open storage compartment. Includes hinged raised compartment lid with turn latches and grab handle(s). Located rearward of eMAX transverse pan, forward of fill tower(s). Bolt in deign to allow water tank serviceability. Compartment to have (1) bracket mounted LED light and wired to door ajar indicator in cab.	\$ 2,581.00
MISC BODY OPTIONS	3340-1208	Body main frame and hose bed for a 95" high stainless steel eMAX rescue pumper body. Hose bed to be 46" wide.	\$ 8,723.00
MISC BODY OPTIONS	3340-1211	Front of hose bed stainless steel partial storage divider on driver side for additional storage. Located in forward area of hose bed at end of hard suction storage assembly to separate the storage area from the main hose storage area. Applicable main hose bed dividers will be located rearward of the partial divider.	\$ 860.00
MISC BODY OPTIONS	3340-1212	The following items to be sanded smooth plate painted with gray Scorpion coating in place of standard diamond plate: Aluminum hose bed covers.The coating shall be tinted to match the upper body color and have a flat (not glossy) slip resistant finish.	\$ 3,127.00
MISC BODY OPTIONS	3340-1213	Rear compartment protruding through rear side compartment. Includes hinged door (to match rear body finish) with D-Ring latch. Door Ajar included.	\$ 1,098.00
MISC BODY OPTIONS	3340-1214	Aluminum diamond plate trim on bottom and side edges of speedlay openings.	\$ 774.00
MISC BODY OPTIONS	3340-1215	1.25" diameter spool rod to accommodate plastic roll storage. Includes applicable brackets and quick release pins on each end. Located [#LOC].	\$ 322.00
MISC BODY OPTIONS	3340-1216	Body mainframe and hosebed side assemblies for a 102" high body.	\$ 10,298.00
MISC BODY OPTIONS	3340-1217	Cast products AD0003-1 switch box assembly with polished flange, 120 grit directional finish on lid and concealed hardware and hinges, mounted on the rear body.	\$ 403.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1218	Access thru body roof pan to accommodate DOT / ASME bottle valve access. Includes: Thumb latch type access diamond plate cover. Location: Body roof pan aft vertical side wall centered forward of bottle valve area.	\$ 683.00
MISC BODY OPTIONS	3340-1219	Access thru roof. Roof access shall be provided thru the body roof for ASME / DOT bottle installation and servicing. A bolt in door / access shall be located on top of DOT bottle storage area running long ways, sized by engineering to best accommodate service access. Construction shall be consistant with the body roof and accommodate stepping and walking activity as applicable.	\$ 2,558.00
MISC BODY OPTIONS	3340-1220	Speedy Dry Hopper. Locate in roof compartment above L4. Includes discharge thru bottom of compartment L4 along forward compartment wall with valve for ground level dispensing. Capacity of speedy hopper is 100 lbs.	\$ 2,762.00
MISC BODY OPTIONS	3340-1222	Backboard open storage located in the driver side hose bed using an additional hose bed divider. (2) Backboards, no divider between boards. Back stop and nylon retaining strap with quick release buckle provided.	\$ 1,259.00
MISC BODY OPTIONS	3340-1223	Speedy dry hopper. Locate: roof top compartment above R5. Includes: discharge chute in compartment directly below roof top compartment routed thru compartment floor close to door opening, close off dispensing valve and extension hose for ground level dispensing below compartment. Capacity of speedy dry hopper is 200 lbs.	\$ 3,863.00
MISC BODY OPTIONS	3340-1224	Seamless & Flush. Upper rear body panels to be seamless and flush.	\$ 823.00
MISC BODY OPTIONS	3340-1225	Diamond plate single axle wheel well. Includes bolt-on composite wheel well liners and bolt-on rubber trim fenderettes.	\$ 2,008.00
MISC BODY OPTIONS	3340-1227	Speedy Dry Hopper. Locate [#LOC]. The hopper shall have a discharge chute with a shut-off valve that extends down into the interior compartment directly below the roof compartment. with an extension hose for ground level dispensing . Capacity of speedy hopper is 25 lbs.	\$ 2,406.00
MISC BODY OPTIONS	3340-1228	Horizontal air bag and poly box module for four (4) poly boxes and three (3) customer furnished air bags. Location: R3.	\$ 3,457.00
MISC BODY OPTIONS	3340-1229	Smooth plate single axle wheel well painted job color. Includes bolt-on aluminum wheel well liners painted Job Color and bolt-on polished aluminum fenderettes.	\$ 3,505.00
MISC BODY OPTIONS	3340-1230	Diamond plate box for directional lightbar. Box to be mounted below intermediate step at rear of body. Lightbar to be surface mounted to box.	\$ 1,167.00
MISC BODY OPTIONS	3340-1231	Vertical air bag module for four (4) customer furnished air bags. Nylon buckle strap assembly shall be provided across the openings. Locate on the floor of compartment R3, offset rearward. See specifications for details.	\$ 2,634.00
MISC BODY OPTIONS	3340-1232	Storage box, fully enclosed for miscellaneous equipment. 12" high x 16" wide x compartment depth. Includes horizontally hinged drop down ADT door with trigger style latch. Location: On the upper back wall of the B1 compartment.	\$ 900.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1233	Add a removable cover to the two rear roof top compartment interiors to cover all upper rear body 900 LED lights, upper side rear body 900 LED lights, and corner electrical harnesses.	\$ 1,823.00
MISC BODY OPTIONS	3340-1234	Nylon black cargo net in interior compartment opening behind door(s) of upper [#LOC]. Cargo net to be mechanically attached at compartment offset and bungee cords in the top corners.	\$ 1,116.00
MISC BODY OPTIONS	3340-1235	Body wheelwell compartments (2) centered above tandems approx 26" W x 10" H x 25" D with drop down doors. One compartment each side of body. Door material to match wheelwell finish. Minimum 34" high lower body compartment openings required.	\$ 2,317.00
MISC BODY OPTIONS	3340-1236	Two (2) diamond plate aluminum storage boxes (PR) with lift-up hinged doors that flip back onto the top of the storage box (No hold open device required). Storage box outside dimensions to be 37" wide x 37" deep x 12" high. Includes fixed shelf offset 6" from floor and (2) two push button latches for each storage box. Located side by side on top of L5/L6 compartments.	\$ 3,939.00
MISC BODY OPTIONS	3340-1237	Enclosure to box-in the CAFS components and thereby provide an obstruction free usable space in the remainder of the compartment. Locate: [#LOC]	\$ 475.00
MISC BODY OPTIONS	3340-1238	Sleeve through the driver side compartment into the rear compartment to accommodate Little Giant Model 17 ladder on its beam recessed as much as possible. Includes a strap to secure the ladder and appropriate spacer/stop. Bolt on vertical partition in front of the sleeve full width and full height of the rear compartment to separate the usable compartment space.	\$ 1,372.00
MISC BODY OPTIONS	3340-1239	Painted smooth plate shield over electrical items mounted on extended box at upper rear of Wetside tank.	\$ 386.00
MISC BODY OPTIONS	3340-1240	Aluminum diamond plate overlays on both sides of the pump module to extend from the top of the pump panel or as applicable to surround openings down to running boards. Overlay shall surround the openings for the speed lay(s) and or tool compartments in the forward area of the pump module and shall be positioned to protect the module surface during tool or hose deployment.	\$ 1,400.00
MISC BODY OPTIONS	3340-1241	Removable upper rear side trailing panel designed to mimic the upper left rear panel of the body. Constructed of smooth plate stainless steel and painted job color. Formed construction to mimic a hose bed side sheet with forward facing access cover. Rear surface can be used for mounting warning and/or scene lights. Located on the upper right side rear compartment top.	\$ 1,369.00
MISC BODY OPTIONS	3340-1242	Hosebed tray - removable. Tray includes a 1.25" extruded alum handle low on one end of tray, angled up slotted plate on opposite end (similar to jack pad handle) and slots down each side to facilitate lifting. The floor of the tray shall have poly slides and be slotted to prevent the accumulation of water and allow for ventilation of wet hose.	\$ 1,205.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1243	Backboard storage sleeve. Locate within RS hose bed cover, underneath. Sleeve to be approximately 5" H x 20" W x 72" L. Rear of storage sleeve to have a horizontal hinged door with push button latches and mounting for notched rear hosebed cover flap.	\$ 1,708.00
MISC BODY OPTIONS	3340-1244	Flooring plate additional in [#LOC] compartment. 3/16" aluminum smooth plate to be bolted in place 1/2" above standard diamond plate compartment floor.	\$ 327.00
MISC BODY OPTIONS	3340-1245	Flooring plate additional in R2 compartment. The 3/16" aluminum smooth plate to be bolted in place 1/2" above standard diamond plate compartment floor and shall be 30" wide x deep as possible, offset rearward.	\$ 327.00
MISC BODY OPTIONS	3340-1246	CTECH Brand tool box. A (5) five drawer toolbox shall be provided. Finish: Cal Gray drawer face. Drawer size: five (5) 3in. tall drawers. Toolbox dimensions to fit in an opening 36 in W X 18 in H X 24 in deep. Requires shelf above to enclose top drawer. Locate: R1.	\$ 4,762.00
MISC BODY OPTIONS	3340-1247	Storage module for storing 4x4 wood cribbage. Module to include vertical partition, lower bolt-in floor and above (1) one permanently fixed shelf at compartment offset. Lower floor is in addition to the existing DP floor. The bolt-in floor and fixed shelf both shall include 2" raised area at opening (tapered towards backwall for securing cribbing) and run full length opening to backwall. Located in R1 compartment.	\$ 1,198.00
MISC BODY OPTIONS	3340-1248	One (1) Vertical mount traffic cone holder shall be fabricated and installed to hold up to (8) 28" tall traffic cones with 12" bases (not included). The bracket shall be constructed of 1/8" aluminum smooth plate, bolted and mounted to the right rear panel step bumperette, inboard of the tail light assembly.	\$ 553.00
MISC BODY OPTIONS	3340-1249	Divider for transverse compartment to be bolt in. Locate: between L2/R2 at chassis centerline and aft of partition. Finish is sanded aluminum unless otherwise specified.	\$ 976.00
MISC BODY OPTIONS	3340-1250	Provision for reel to be dealer installed after delivery. Provision includes: ceiling mounted Unistrut track spanning front to rear inside compartment to accommodate hydraulic reel model JL-ER. Rollers & additional brackets not included. Locate: L1 ceiling offset forward.	\$ 976.00
MISC BODY OPTIONS	3340-1251	Provision for reel to be dealer installed after delivery. Provision includes: ceiling mounted Unistrut track spanning front to rear inside compartment to accommodate hydraulic reel model JL-ER. Rollers & additional brackets not included. Locate: R1 ceiling offset forward.	\$ 976.00
MISC BODY OPTIONS	3340-1252	All body and pump module compartments (if applicable) and/or storage areas (EXCEPT R1 and R3 compartments) to have no louvers or vents. Louvers or vents for compartment R1 and R3 are to located up high only.	\$ 553.00
MISC BODY OPTIONS	3340-1254	Body will have (2) additional compartments, (1) each side behind the rear wheels.	\$ 1,553.00
MISC BODY OPTIONS	3340-1255	Body will have (2) additional compartments, (1) each side behind the rear wheels 24" wide.	\$ 1,553.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1256	Hosebed area above booster tank. Includes raised sides and front of water tank, slatted flooring and adjustable divider extrusions. Hosebed walls to be 15" high (13" deep hosebed). Wetside only.	\$ 8,099.00
MISC BODY OPTIONS	3340-1257	Hosebed divider with 45 degree offset to store customer required hose load. Rear section of divider approx. 80.5" to rear of offset and forward section of divider approx. 57.5" ahead of offset. HP75/78 only.	\$ 1,487.00
MISC BODY OPTIONS	3340-1258	Body main frame and 72" wide hose bed for a 93" high rescue pumper body.	\$ 5,270.00
MISC BODY OPTIONS	3340-1260	Captive booster reel rollers mounted through center rear compartment face on a removable bolt-on access panel assembly. Assembly shall be located down low, size for width of reel as components and structures allow. Roller panel assembly shall be removable to allow for limited access to Booster Reel.	\$ 1,067.00
MISC BODY OPTIONS	3340-1261	Hosebed area above booster tank. Includes raised sides and front of water tank, slatted flooring and adjustable divider extrusions. Hosebed walls to be 17" high (15" deep hosebed). Wetside only.	\$ 9,422.00
MISC BODY OPTIONS	3340-1262	Double pre-connect tray on top of the drivers side compartment top offset to the rear. Tray to be "U" shape to hold 250' of 1.75" DJ (each). Include hinged diamond plate cover. Wetside Tanker only.	\$ 3,204.00
MISC BODY OPTIONS	3340-1263	Storage module located in [#LOC] compartment. Module shall be designed per customer specific requirement and drawing shall be provided for review and approval.	\$ 5,630.00
MISC BODY OPTIONS	3340-1264	Roof top compartment for hard suction storage. Compartment to accommodate (2) 6 inch. X 8 foot long hard suction pipes. Compartment approx size 105 in. L x 12 in. T X 25 in. W. Includes: Diamond plate construction, (1) vertical divider centered, rear lift up hinged door with D-style latch and door hold open device located at rear. Locate: Roof top of body on officer side.	\$ 3,333.00
MISC BODY OPTIONS	3340-1265	One (1) Vertical mount traffic cone holder shall be fabricated and installed to hold up to (8) 28" tall traffic cones with 12" bases (not included). The bracket shall be constructed of 1/8" aluminum smooth plate, bolted and mounted to the right rear panel step, inboard of the tail light assembly. Note; this may extend the OAL of the vehicle depending upon the depth of the selected rear step.	\$ 553.00
MISC BODY OPTIONS	3340-1266	Body will have (2) additional compartments, (1) each side behind the rear wheels.	\$ 1,707.00
MISC BODY OPTIONS	3340-1268	Transverse sleeve in the upper rear section of side compartments to accommodate pass through the rear compartment. Sleeve to be designed per customer specific requirements detailed on the apparatus layout.	\$ 3,379.00
MISC BODY OPTIONS	3340-1270	Body will have (2) additional compartments, (1) each side behind the rear wheels. Raised as necessary for side dumps in W/Wells.	\$ 1,553.00
MISC BODY OPTIONS	3340-1271	Cover , heater. Cover to be aluminum. Finish to match compartment interior. Location: [#LOC].	\$ 192.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1272	Speedy dry hopper. Locate [#LOC]. Includes discharge chute in compartment directly below roof top compartment with close off valve and extension hose for ground level dispensing. Capacity of speedy dry hopper is 150 lbs.	\$ 3,204.00
MISC BODY OPTIONS	3340-1273	Diamond plate corner guard shall extend from inside the wall of the hosebed.	\$ 593.00
MISC BODY OPTIONS	3340-1274	Stop bracket. A 1 inch aluminum angle to be located along body compartment floor edge close to door opening. Locate: L1.	\$ 154.00
MISC BODY OPTIONS	3340-1275	Enhanced extended compartment located [#LOC]. Includes hinged door (to match rear body finish) with D-Ring latch. Door Ajar included. Requires enhanced extended body compartmentation (selected separately). This option reduces the depth of rear side compartments.	\$ 792.00
MISC BODY OPTIONS	3340-1276	Bolt-in partition walls to be located as follows: in the forward hose bed area, (1) one partition mounted side to side, with a 16" clear opening to rear of forward Hosebed-Headboard wall, and a second identical partition located rearward of the forward partition. The second partition to create a 42" clear opening rearward of the first. Each partition shall have a minimum 2" 90 degree break at the bottom edge (located against the hose bed floor), and an extrusion welded across the top edge of the partition wall to facilitate tie-off's. These partitions to create two separate Storage areas.	\$ 1,492.00
MISC BODY OPTIONS	3340-1277	A Stainless Steel plate shall be mounted on the Drv's side rear of tank for mounting of Hydrant Wrench Set. Include mounting bosses on rear tank wall as per final customer design. Customer to supply design sketch/drawing for approval prior to start of manufacturing of tank.	\$ 665.00
MISC BODY OPTIONS	3340-1278	Roof top compartment for hard suction storage. Compartment to accommodate (2) 6 inch. X 8 foot long hard suction pipes. Compartment approx size 105 in. L x 12 in. T X 25 in. W. Includes: (1) vertical divider centered, rear lift up hinged door with D-style latch and door hold open device located at rear. Construction: smooth aluminum with sanded finish unless other wise specified. Locate: Roof top of body on driver side.	\$ 3,333.00
MISC BODY OPTIONS	3340-1279	Roof top compartment for hard suction storage. Compartment to accommodate (2) 6 inch. X 8 foot long hard suction pipes. Compartment approx size 105 in. L x 12 in. T X 25 in. W. Includes: (1) vertical divider centered, rear lift up hinged door with D-style latch and door hold open device located at rear. Construction: smooth aluminum with sanded finish unless other wise specified. Locate: Roof top of body on officer side.	\$ 3,333.00
MISC BODY OPTIONS	3340-1280	Bolt-in partition walls for officer side storage. Ship loose. Partition to be 3/16" smooth plate x 26" wide x 18" high.	\$ 250.00
MISC BODY OPTIONS	3340-1282	Stainless steel trim along sides and top edge of fuel fill opening.	\$ 354.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1283	Speedy Dry Hopper. Locate in roof compartment above L4. Includes discharge thru bottom of compartment L4 along rearward compartment wall with valve for ground level dispensing. Capacity of speedy hopper is 100 lbs.	\$ 2,762.00
MISC BODY OPTIONS	3340-1284	Swirl plate corner guards for the driver and officer front compartment face. Guards to wrap around the corner and be full height of side assembly or to a max of 97".	\$ 866.00
MISC BODY OPTIONS	3340-1285	Fuel fill driver side wheel well to be recessed & covered with a Fire Shopp brushed finish S/S door with positive latch. Locate: Driver side wheel well to rear.	\$ 1,102.00
MISC BODY OPTIONS	3340-1286	Deflector for hosebed. A bolt in deflector shall span across the forward hosebed bulkhead between the body roof top boxes and with matched height (as applicable). Construction shall be diamond plate.	\$ 851.00
MISC BODY OPTIONS	3340-1287	Roof compartment for mini pumper body. 24 in wide x 12 in tall inside x 96 in long. Includes: Removable shelf center mounted inside box, full length top hinged access door with 1/4 turn latches and chrome grab handle to open to outboard side, a rear drop down hinged access door with a D-ring type latch & door check devices as required. Aluminum diamond plate construction. Access doors to be wired to door ajar system. Locate: Top of rear body, driver side.	\$ 3,329.00
MISC BODY OPTIONS	3340-1288	Roof compartment for mini pumper body. 24 in wide x 12 in tall inside x length as long as space provides. Includes: Removable shelf center mounted inside box, full length top hinged access door with 1/4 turn latches and chrome grab handle to open to outboard side, a rear drop down hinged access door with a D-ring type latch & door check devices as required. Aluminum diamond plate construction. Access doors to be wired to door ajar system. Locate: Top of rear body, officer side.	\$ 2,514.00
MISC BODY OPTIONS	3340-1289	Divider, transverse and full width of hose bed. Locate in forward area of hose bed to separate equipment items such as fill towers etc. from the main hose storage area. Main hose bed dividers if optioned will be located rearward of the transverse divider. Locate divider approx. 21in from the storage pan located at the front of the hose bed and just AFT of the fill tower(s). hose bed pre-connect(s) if optioned shall pass through transverse divider.	\$ 765.00
MISC BODY OPTIONS	3340-1290	Body main frame and 46" wide hose bed for a 93" high rescue pumper body.	\$ 6,475.00
MISC BODY OPTIONS	3340-1291	Backboard storage sleeve. Locate in hose bed on Officer side. Sleeve to be approx 3"W x 18"H x 72"L.	\$ 734.00
MISC BODY OPTIONS	3340-1292	Vehicle number sign plate located on the top of the rear body / engine cover. The sign plate shall be 28" X 28" of smooth plate aluminum painted job color.	\$ 278.00
MISC BODY OPTIONS	3340-1293	Stainless Steel hose bed side guard panel for compartment top mounted Portable Tank Rack. The guard panel(s) shall extend approximately 2" above, and at either end of, the compartment top mounted portable tank rack assembly to help protect painted surfaces.	\$ 1,942.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1295	Body mainframe and hosebed side assemblies for a 103" high body.	\$ 10,948.00
MISC BODY OPTIONS	3340-1296	Access thru roof. Roof access shall be provided in the rear body for ASME / DOT bottle installation and servicing. A hinged door shall be located at the center of the body running long ways, sized by engineering to best accommodate air storage system. The door shall be fabricated from the same material as the roof and accommodate walking on. Door to include a chrome grab handle, and gass springs. Locate: centered between L2/R2.	\$ 2,558.00
MISC BODY OPTIONS	3340-1297	Horizontal air bag module for six (6) customer furnished air bags. Each bag will store with one (1) identical piece of 3/4" plywood. Nylon buckle strap assembly shall be provided across the openings. Locate on floor of compartment R2. See specifications for details.	\$ 3,405.00
MISC BODY OPTIONS	3340-1298	Rear compartment access through rear side compartment wall. Includes hinged door (to match rear body finish) with D-Ring latch. Door Ajar included.	\$ 1,098.00
MISC BODY OPTIONS	3340-1299	12 gauge stainless steel smooth plate floor above the Stokes storage in the officer side roof top compartment to provide additional storage.	\$ 1,475.00
MISC BODY OPTIONS	3340-1300	Body mainframe and hosebed side assemblies for a 105" high body.	\$ 11,901.00
MISC BODY OPTIONS	3340-1301	Aluminum treadplate catwalk, 14" wide x full length, at top of hosebed side sheet, officer side.	\$ 1,715.00
MISC BODY OPTIONS	3340-1302	Body main frame and hose bed side assemblies for a 70" high body with low hose bed and "L" shaped water tank.	\$ 3,257.00
MISC BODY OPTIONS	3340-1303	Body main frame and hose bed for a 95" high stainless steel eMAX rescue pumper body. Hose bed to be 59" wide.	\$ 8,723.00
MISC BODY OPTIONS	3340-1305	Ladder storage in roof top walkway. A compartment for a 24'-2 section extension ladder shall be provided. Ladders shall be stored on beam. Provide a lift up hinged access door with a thumb style lever latch and door hold open device located at rear. Locate: Officer side of body.	\$ 3,556.00
MISC BODY OPTIONS	3340-1307	Speedy Dry Hopper. Locate in roof compartment above L2. Includes discharge thru bottom of compartment L3 along forward compartment wall with valve for ground level dispensing. Capacity of speedy hopper is 100 lbs.	\$ 2,762.00
MISC BODY OPTIONS	3340-1308	One (1) Vertical mount traffic cone holder shall be fabricated and installed to hold up to (5) 28" tall traffic cones with 12" bases (not included). The bracket shall be constructed of 1/8" aluminum smooth plate, bolted and mounted to the rearward corner of roll-out tray to the rear of the compartment R4.	\$ 553.00
MISC BODY OPTIONS	3340-1309	Catwalk to be installed above driver side hosebed storage pan.	\$ 1,760.00
MISC BODY OPTIONS	3340-1310	Storage Pan for PyroBlitz Hydraulic Reservoir and cooler. Includes a hinged lid with gas shock hold open.	\$ 1,518.00
MISC BODY OPTIONS	3340-1311	Stainless steel tandem axle rear fender panels painted job color. Includes bolt-on stainless steel wheel well liners (not painted) and black rubber fenderettes.	\$ 4,334.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1312	Speedy Dry Hopper. Locate in roof compartment above L2/L3. Includes discharge thru bottom of compartment L3 along forward compartment wall with valve for ground level dispensing. Capacity of speedy hopper is 180 lbs.	\$ 3,204.00
MISC BODY OPTIONS	3340-1313	Storage module located in R1 lower compartment offset rearward. Module shall be 26" wide x 30" high x full depth with smooth plate door, hinged to the rear and (2) thumb latches. Module spaced off rear most wall. Top of module shall be a full width permanent shelf that runs full width of compartment.	\$ 2,328.00
MISC BODY OPTIONS	3340-1314	Extend wheel well liners close to frame, to include splash shields (deflect road splash downward) to mitigate road splash grime to inner body.	\$ 1,923.00
MISC BODY OPTIONS	3340-1315	Compartment, storage for air bags. Provide a sleeve 8W x 40T x 42D to stow two (2) customer furnished air bags vertically. Brand and model TBD at prebuild. Access to have a single vertically hinged diamond plate door with thumb style latches and wired to door ajar. Locate: Rear body between B1 entry and officer side DOT lights.	\$ 1,797.00
MISC BODY OPTIONS	3340-1316	Smooth plate bolt-in sleeve for around transverse storage components. Located in transverse compartment. Storage sleeve will have an access door in the rear compartment with flush mounted latches. To be sized based on transverse storage equipment and run the full width of the truck.	\$ 2,283.00
MISC BODY OPTIONS	3340-1317	Tinted glass. Dark tint (smoked glass with approx 30% light transmittance) IPOS shall be provided for rear body window options. Option provides for side wall, entry doors and slide out room windows if so equipped. Qty is per each window.	\$ 300.00
MISC BODY OPTIONS	3340-1318	Rear light switches to be recessed into the body.	\$ 359.00
MISC BODY OPTIONS	3340-1319	Removable wall at the back of B1 for DOT bottle access.	\$ 1,070.00
MISC BODY OPTIONS	3340-1320	12 gauge stainless steel removeable smooth plate enclosure for the horizontal cascade system bottle storage racks in between the L3/R3 compartments.	\$ 1,900.00
MISC BODY OPTIONS	3340-1321	Storage for Fire Department supplied ALS gear in a shelving style pigeon hole horizontal fashion to closely match existing Chicago units in compartment L3 and lower B1. Module constructed of 1/8" smooth aluminum plate. See specification for details.	\$ 4,686.00
MISC BODY OPTIONS	3340-1322	Removable aluminum hose bed storage tray (EA), installed at the top rear of bed 1 at the center of the body. Tray shall position in place with nylon stop blocks. The floor of the tray(s) to be slotted to prevent the accumulation of water and allow for ventilation of wet hose. UHMW strips on the bottom rails to assist in installation/removal of tray.	\$ 1,419.00
MISC BODY OPTIONS	3340-1323	Body main frame and hose bed side assemblies for a 90" high tanker body.	\$ 6,922.00
MISC BODY OPTIONS	3340-1324	Rolled hose rack for (3) hose rolls, (1) 50' of 1.75", (1) 25' of 3" and (1) 25' of 5. Includes adjustable (4) dividers attached to roll out tray in compartment L1.	\$ 1,183.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1325	Extinguisher rack shall be constructed from 1/8" smooth aluminum plate in a natural finish. The rearward opening shall be 12.75" wide, the middle and forward openings to be 8" wide. The opening shall be 11.75" high. Each storage sleeve to include ribbed rubber inserts on the bottom. Locate on floor of R2.	\$ 1,025.00
MISC BODY OPTIONS	3340-1326	Bolt in 1.5" X 3" extrusion at bottom of B1 compartment off set to driver side to allow a 12" X 3" space on officer side for pre-connected LDH to customers HAV. Requires roll-up door locks and door ajar switch to be raised.	\$ 524.00
MISC BODY OPTIONS	3340-1327	Removable number plate with mounting brackets. Locate [#LOC]. Plate to be painted to match the upper color of two tone job color. Lettering and/or graphics not included.	\$ 562.00
MISC BODY OPTIONS	3340-1328	Aluminum treadplate removable enclosure for the DOT/ASME bottle storage in the upper body dunnage area.	\$ 1,880.00
MISC BODY OPTIONS	3340-1330	The pull-out toolboard in compartment R4 shall be supplied with bolt on tool mounting brackets. Located at the bottom of both sides of the pull-out board shall be fabricated 3/16" aluminum boxes mounted to retain the base of the struts mounted to the vertical board. Note: Struts and upper retainer brackets not included.	\$ 396.00
MISC BODY OPTIONS	3340-1331	Aluminum angle 2"x2" bolt on light guard to protect the strip light fixture and roll-up door track from damage for R1 rearward light only. (1) full height peice shall be bolted to the rear wall.	\$ 236.00
MISC BODY OPTIONS	3340-1332	12 gauge stainless steel smooth plate floor above the horizontal hard suction storage racks in the driver side roof top compartments to provide additional storage.	\$ 1,927.00
MISC BODY OPTIONS	3340-1333	Black poly box with hand hold cutout on each end. Approximate size 9" W x 10" H x as deep as adjustable shelf will allow in L3 compartment.	\$ 664.00
MISC BODY OPTIONS	3340-1334	Horizontal air bag module for five (5) customer furnished air bags. Box to be approximately 30.5" wide x 12.5" high x as deep as compartment will allow. The storage areas shall be 2" high each. From bottom to top, two (2) 30" wide, one (1) 26" wide, one (1) 20" wide and one (1) 16" wide. Locate in R3, floor mounted offset forward.	\$ 1,952.00
MISC BODY OPTIONS	3340-1336	Pan, recessed on body roof for air conditioning, generator or light tower mounting in roof of walk-in rescue. Pan shall be designed and located to best accommodate body and equipment configuration as depicted per customer approval drawing. Option may reduce interior height of walk-in area below pan.	\$ 5,557.00
MISC BODY OPTIONS	3340-1337	Body main frame and 72" wide hose bed for a 95" high rescue pumper body.	\$ 5,651.00
MISC BODY OPTIONS	3340-1338	Hosebed divider for dry lay storage with 45 degree offset to store customer required hose load. Locate on officer side of hosebed, to store 300' of 3" DJ hose.	\$ 1,695.00
MISC BODY OPTIONS	3340-1339	Sign "Keep Back 150 Metres" with black reflective lettering. Locate below rear of body.	\$ 284.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1340	Backboard storage compartment for (1) board. Mount box to the inboard side of the long divider in the office side hose bed. Includes retaining strap for boards.	\$ 1,393.00
MISC BODY OPTIONS	3340-1342	Speedy Dry Hopper for 250# of floor dry. Location: R2 on a floor mounted 500# roll-out tray (included).	\$ 4,003.00
MISC BODY OPTIONS	3340-1343	Underbody UltraGuard splash guard behind rear axle mounted mounted as far forward as practical. Guard not to have cutouts or notches if possible. Suspended with chains.	\$ 1,316.00
MISC BODY OPTIONS	3340-1344	Clear Lexan sliding door(s) assembly for interior cabinet. Locate: OS3, DS2, DS3. Priced each.	\$ 873.00
MISC BODY OPTIONS	3340-1345	The lower center back walls of compartments L3 and R3 to include a transverse pass through into compartment B1. Opening approximately 26" H x 26" wide.	\$ 392.00
MISC BODY OPTIONS	3340-1346	Body main frame and 59" wide hose bed for a 92" high rescue pumper body.	\$ 4,876.00
MISC BODY OPTIONS	3340-1347	Provision for satellite dish antenna mounting above body roof without fastening through the roof plate. Provision for up to 1.2 meter dish. Locate: Per customer approval drawing. Material: Aluminum.	\$ 1,605.00
MISC BODY OPTIONS	3340-1348	Tool box, CTECH brand 4 drawer compartment toolbox unit in L1 below the extended floor. 47 in. wide x (1) 6" tall drawer and (3) 3" tall drawers. Includes Cal Gray drawer face finish.	\$ 4,198.00
MISC BODY OPTIONS	3340-1349	Provide a brushed stainless steel scuff plate for trailing edge of the body 3x3 from the top of body to just below Pioneer light head.	\$ 286.00
MISC BODY OPTIONS	3340-1350	Pump module logos to be mounted at final inspection.	\$ 389.00
MISC BODY OPTIONS	3340-1351	The rear body doors hinges shall be black plastic hinges IPOS steel. Does not include ladder tunnel door(s). For use with aerial only.	\$ 460.00
MISC BODY OPTIONS	3340-1352	Drop down fuel fill door and panel below on side of body to rear of driver and officer side tandem wheel well to be brushed stainless steel finish.	\$ 690.00
MISC BODY OPTIONS	3340-1353	(1) 36" handrail each side located rear of pump module ipos. Handrails to match height of cab handrail.	\$ 829.00
MISC BODY OPTIONS	3340-1354	Stokes storage with stops located in the officers side upper header. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,402.00
MISC BODY OPTIONS	3340-1355	Sign plate, smooth, 30 in wide x 30 in long front to rear. Locate: top of body roof, centered front to rear and left to right. Color: FLNA3047 Red.	\$ 1,041.00
MISC BODY OPTIONS	3340-1356	12 gauge stainless steel removable smooth plate enclosure for the horizontal cascade system bottle storage racks in between the L1/R1 compartments. This cover shall extend from compartment L1 to the end of the transverse opening at the back of compartment R1.	\$ 1,900.00
MISC BODY OPTIONS	3340-1357	L1/R1 compartment ceiling modifications. The upper area of the forward transverse storage portion shall be raised 10" to provide increased ceiling height for installation of reels. Exterior door opening height remains in normal location.	\$ 1,137.00

Clear door opening a minimum of 15" wide x 24" high. Area inside compartment R3 shall be boxed out with solid walls to separate the valve area from the main compartment. Usable depth a minimum of 23". A vertically hinged smooth plate rear door will be provided with a bent D-ring latch, and a light wired to door ajar indicator circuit. Top of door to have a 8.5" wide x 3.75" high notch for 4" LDH hose.	\$ 2,735.00
MISC BODY OPTIONS	3340-1439	[#LOC] compartment walls are to be non-louvered and compartment to have no drain holes. Available with roll-up door only.	\$ 569.00
MISC BODY OPTIONS	3340-1440	Tool storage sleeve for long handle tools. 6"H x 6"W x 93"L. Includes (2) retaining straps, (1) each side. Location: Horizontally mounted through L3/B1/R3.	\$ 1,393.00
MISC BODY OPTIONS	3340-1441	Sanded smooth plate partition around the fill tower(s).	\$ 495.00
MISC BODY OPTIONS	3340-1442	Speedy Dry Hopper. Locate in roof compartment above L4. Includes discharge thru bottom of compartment L4 along forward compartment wall with valve for ground level dispensing. Capacity of speedy hopper is 200 lbs.	\$ 3,204.00
MISC BODY OPTIONS	3340-1443	(4) slot horizontal storage module and each area shall be 38" deep x 6" high x 8" wide. Nylon buckle strap assemblies shall be provided across the openings. Locate on the rear of the floor mounted transverse storage tray in compartment L2/R2. One (1) each side.	\$ 2,320.00
MISC BODY OPTIONS	3340-1444	Notch the edge of a compartment shelf for installation of Speedy Dry through the floor tube installation. Priced each.	\$ 217.00
MISC BODY OPTIONS	3340-1445	7.5" riser installed under a floor mounted tray. Locate bi-directional tray in L2/R2. Priced each.	\$ 848.00
MISC BODY OPTIONS	3340-1446	Cribbing storage module constructed of smooth plate aluminum vertically mounted in compartment B1 on the officer side. Module to hold 72" long lumber in the following nominal sizes: (6) 6 x 6 and (12) 4 x 4. Each piece will be stored in an individual slot.	\$ 3,941.00
MISC BODY OPTIONS	3340-1447	An aluminum horizontal storage module 72" deep x 36" high x 23" wide with a 2" lip on the top of the module area giving a 34" appx interior height of the module. Module shall be constructed of .1875" smooth aluminum sheet with (2) adjustable internal dividers. Module shall be open on the left side. Locate on the floor mounted storage tray in compartment B1.	\$ 2,320.00
MISC BODY OPTIONS	3340-1448	Speedy dry hopper. Located in an included floor mounted tray with discharge chute and close off valve for ground level dispensing. Capacity of speedy dry hopper 150 lbs. Locate [#LOC].	\$ 3,204.00
MISC BODY OPTIONS	3340-1449	Storage / pigeon hole: 14 in wide X 14 in tall X 25 in deep interior dimensions. Locate: R1.	\$ 407.00
MISC BODY OPTIONS	3340-1450	The lower center back walls of compartments L3 and R2 to include a transverse pass through into compartment B1. Opening approximately 26" H x 24.5" wide.	\$ 392.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1451	Tilting hydraulic tool storage boxes, quantity of (3). 1/4" aluminum boxes with hinges and chain stop retainers. Custom sized to hold customer specified tools: (1)Spreader Model 593.080.4 (1) Cutter Model 593.112.6 (1)Cutter ART.105.048.4 Which is a C-365 (1) Ram model 041.0900.0 which will mount to one of the backs of the tool holder. Priced per set of (3).	\$ 3,130.00
MISC BODY OPTIONS	3340-1452	Horizontal air bag module for (8) customer furnished air bags. Nylon buckle strap assembly shall be provided across the openings. Locate in L1 rearward of the partition on the upper shelf. Brand Mat Jack. Sizes of bags: (2) 25" x 23.5", (1) 20" x 23", (1) 14" x 16", (2) 9" x 6", (1) 12" x 10" and (1) 17" x 15". Bags not included.	\$ 3,405.00
MISC BODY OPTIONS	3340-1453	Anodize aluminum trim on bottom edge of compartment opening of [#LOC].	\$ 121.00
MISC BODY OPTIONS	3340-1454	L shaped partition located in hosebed.	\$ 712.00
MISC BODY OPTIONS	3340-1455	Slotted smooth plate ramp to be located behind hosebed storage box for hose to transition from hosebed to over storage box.	\$ 400.00
MISC BODY OPTIONS	3340-1456	Brushed stainless steel rubrail for the sides of the body above the lower side compartments. Rail to locate above the drip edge.	\$ 849.00
MISC BODY OPTIONS	3340-1458	Removable reel access panels to be installed on the rear wall of interior compartments above L3 and R3. Panels to be retained with stainless steel machine screws.	\$ 382.00
MISC BODY OPTIONS	3340-1459	Diamond plate cover to protect the hydraulic lines in the body dunnage area.	\$ 1,045.00
MISC BODY OPTIONS	3340-1460	Body main frame and hose bed side assemblies for an 88" high body with a 72" wide low hose bed and "L" shaped water tank.	\$ 3,942.00
MISC BODY OPTIONS	3340-1461	Speedy Dry Hopper. Locate in roof compartment above R3/R4. Includes discharge thru bottom of compartment R4 along forward compartment wall with valve for ground level dispensing. Capacity of speedy hopper is 180 lbs.	\$ 3,204.00
MISC BODY OPTIONS	3340-1462	Smooth plate wall enclosure around perimeter of fill tower(s), so that the fill tower(s) cannot be seen from the ground and/or protected from trees.	\$ 683.00
MISC BODY OPTIONS	3340-1463	Body mainframe and hosebed side assemblies for a 84" high body.	\$ 2,393.00
MISC BODY OPTIONS	3340-1464	Single preconnect tray on top of the drivers side compartment top offset to the rear. Tray to be "U" shape to hold 200' of 1.75" DJ. Includes hinged diamond plate cover.Wetside Tanker Only.	\$ 2,888.00
MISC BODY OPTIONS	3340-1465	Hosebed divider(s) to be notched or recessed for looping of LDH hose. The rear of the divider shall include a recessed area to allow for looping of LDH hose from one side of the divider to the other.	\$ 311.00
MISC BODY OPTIONS	3340-1466	Storage compartment driver side compartment top. Locate to forward area. Includes painted roll-up door (wired to door ajar) with header and (1) interior strip light. Wetside tanker	\$ 7,223.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1467	Storage compartment officer side compartment top. Locate to forward area. Includes painted roll-up door (wired to door ajar) with header and (1) interior strip light. Wetside tanker	\$ 7,223.00
MISC BODY OPTIONS	3340-1468	Stainless steel corner trim around the fuel fill opening and/or SCBA storage as applicable. Trim to follow the curve of the fenderette and cover the entire wheel well plate above, below and to the rear of the fuel fill.	\$ 669.00
MISC BODY OPTIONS	3340-1469	Attic ladder storage for (1) 10' attic ladder with feet. Finish: sanded aluminum. Wetside Tanker	\$ 1,198.00
MISC BODY OPTIONS	3340-1470	Stokes basket storage in compartment. Locate in [#LOC] with a strap(s) if applicable to secure basket in rack.	\$ 1,497.00
MISC BODY OPTIONS	3340-1471	Removable Poly Hosebed Tray(s). The floor of the tray(s) to be slotted to prevent the accumulation of water and allow for ventilation of wet hose. Includes vertical slotted hand hold cutouts on each end to facilitate easy removal of the hose tray.	\$ 1,386.00
MISC BODY OPTIONS	3340-1472	Horizontally hinged divider/shelf to separate hosebed into upper and lower areas. Shelf made out of 0.25" smooth plate aluminum sanded finish with drainage slots.	\$ 1,004.00
MISC BODY OPTIONS	3340-1473	Cargo net. Nylon black cargo net(s) with 3 x 3 openings to be provided across walkin body interior compartment opening(s). Cargo net(s) to be mechanically held in place at top and to be held in place at bottom & sides as required with snaps. [#LOC].	\$ 1,369.00
MISC BODY OPTIONS	3340-1474	Rack, garment for roll out tray. Includes: weld heavy duty gusseted vertical walls each side of tray and round aluminum extruded handrail material intended for a hang rod centered high as possible to accommodate clothes hangers. Construction to be 1/4 inch thick aluminum with sanded finish unless otherwise specified. Locate in floor mounted tray Location(s): [#LOC].	\$ 2,517.00
MISC BODY OPTIONS	3340-1477	Black poly box(s) with hand hold cutout on each end. Approximate size 18.5" W x 10" H x as deep as adjustable shelf will allow in lower L5 compartment.	\$ 664.00
MISC BODY OPTIONS	3340-1478	Black poly box(s) with hand hold cutout on each end. Approximate size 18.5" W x 6" H x as deep as adjustable shelf will allow in upper L5 compartment.	\$ 664.00
MISC BODY OPTIONS	3340-1480	12 gauge stainless steel smooth plate floor above the horizontal hard suction storage racks in the officers roof top compartments to provide additional storage.	\$ 1,927.00
MISC BODY OPTIONS	3340-1481	Front panels of the eMAX body shall be covered by 16 gauge brushed finish stainless steel. This is in lieu of the standard aluminum tread plate panels.	\$ 753.00
MISC BODY OPTIONS	3340-1482	Diamond plate tandem axle wheel well. Includes welded alum fenderettes and bolt-on aluminum wheel well liners with sanded finish.	\$ 6,264.00
MISC BODY OPTIONS	3340-1483	Rear tandem wheel well liner(s) extended in as much as possible from the top of the mud flap and as close to frame rail as possible.	\$ 903.00
MISC BODY OPTIONS	3340-1484	Body main frame and hose bed side assemblies for an 88" high pumper body. No upper rear handrail.	\$ 4,770.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1485	Storage rack for One (1) 400 cubic foot nitrogen bottle. Mounted horizontal in driver side roof top compartment.	\$ 987.00
MISC BODY OPTIONS	3340-1486	Provide a cut-out on the lower right rear panel of the body for accessing a customer furnished hydrant bag that will be located in compartment R3. Clear door opening a minimum of 12" wide x 18" high. A vertically hinged smooth plate double panel rear door will be provided with a bent D-ring latch and a light wired to door ajar indicator circuit.	\$ 2,735.00
MISC BODY OPTIONS	3340-1487	Body main frame and 96" wide (inside dimension) hose bed for a 90" high x 100" wide rescue pumper body. Includes double wall exterior side sheet panels full length of the upper body.	\$ 5,856.00
MISC BODY OPTIONS	3340-1488	Stainless steel light guards on the strip lights in L3 and R3 body compartments (4) lights.	\$ 453.00
MISC BODY OPTIONS	3340-1490	Dividers, bolt in, Qty (2) for transverse compartment. Location between L3/R3. Dividers to be located 26 inches deep from ea. side door opening.	\$ 1,942.00
MISC BODY OPTIONS	3340-1491	Speedy dry hopper. Locate above L3/L4. Includes discharge chute in compartment directly below roof top compartment with close off valve and extension hose for ground level dispensing. Hose to discharge thru L4 floor along the forward wall with valve for ground level dispensing. Capacity of speedy dry hopper is 180 lbs.	\$ 3,204.00
MISC BODY OPTIONS	3340-1493	Tag, Tire INFO. Stainless steel tag on wheel well area above each tire location. To include pressure in BARs, torque and size of each tire.	\$ 223.00
MISC BODY OPTIONS	3340-1494	Step, removable for rear body wheel well area. Step design is a bolt on oval ribbed aluminum ladder rung. Locate: Rear body side extrusion at bottom and in line with the body rub rail. Option includes a 36 in. long horizontal handrail below compartment door above wheel well.	\$ 2,985.00
MISC BODY OPTIONS	3340-1495	Hosebed storage pan partition. Partition to be located rearward of the foam pump and cab tilt reservoir.	\$ 649.00
MISC BODY OPTIONS	3340-1497	Body compartment design shall be modified to accommodate the specified water tank as indicated per the customer approval drawing. Modification includes tank mounting.	\$ 1,725.00
MISC BODY OPTIONS	3340-1498	Stop(s) shall be provided as required to prevent the contents from sliding forward. Size per option requirement, unless otherwise specified. Locate per customer requirement. (EA)	\$ 245.00
MISC BODY OPTIONS	3340-1499	Pocket doors - A non locking (2) two piece opposing pocket door system shall be provided. Locate between the robot area and walkin body area per customer approval drawing.	\$ 5,305.00
MISC BODY OPTIONS	3340-1500	Storage box welded left side to upper body hose bed side sheet above L1, set back 8" from the front of the body and, as high as the body side sheet to accommodate installation of a Speedy Dry hopper (specified separately). Top of compartment is aluminum treadplate with a hinged treadplate access door with latch and wired into the door open circuit. To be painted as applicable.	\$ 2,133.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1501	Horizontal air bag module for (9) Vetter air bags. Nylon buckle strap assemblies shall be provided across the openings. Locate in L3 floor mounted. Sizes of bags: (2) 26 ton 20" x 24", (1) 19 ton 19" x 20", (1) 13 ton 15" x 20", (2) 10 ton 15" x 15", (1) 1 ton 14" x 13', (2) 43 ton 31" x 27". Air bags not included.	\$ 3,405.00
MISC BODY OPTIONS	3340-1502	Stokes / backboard Module. Module constructed of smooth aluminum plate and designed to hold (1) stokes basket, (2) backboards and (1) scoop stretcher. Nylon strap to retain items. Location: B1 ceiling mounted, offset left.	\$ 3,456.00
MISC BODY OPTIONS	3340-1503	Storage for (3) fire extinguishers. Locate in compartment B2. Module to retain (1) 20lb ABC, (1) 2.5 gal water can and (1) 15lb CO2. Extinguishers not included.	\$ 1,643.00
MISC BODY OPTIONS	3340-1504	Body main frame and hose bed side assemblies for a 98" high tanker body and a 76" wide hose bed.	\$ 7,557.00
MISC BODY OPTIONS	3340-1505	Rub rail assembly constructed of 2.5" x 2" Black U.H.M.W. plastic. Bolted to the lower exterior perimeter edge of the apparatus body. Rub rail shall be mitered 45 degrees at leading and trailing end and notched for marker and warning lights clearance (where applicable). Rub rails will be spaced a minimum of 1/4" from the body surface to provide drainage.	\$ 2,676.00
MISC BODY OPTIONS	3340-1506	Two (2) 1.0" diameter stainless rods to accommodate hose roll storage. Includes applicable brackets. Located in Upper R1 (Exact Location to be determined at Final Inspection).	\$ 414.00
MISC BODY OPTIONS	3340-1507	Aluminum sign plate to add graphics. [#LOC]	\$ 412.00
MISC BODY OPTIONS	3340-1508	Riser for light tower. A riser for use with the light tower shall be provided. Riser height to elevate installed tower in the stowed configuration so to not exceed over all height of body components. Design and material to be consistent with location of riser on body.	\$ 3,448.00
MISC BODY OPTIONS	3340-1510	Latch upgrade. Roof top compartment doors shall have larger sealed locking latches installed (Southco model C5-31-15 latch, C5-82 gasket) & key CH751 in place of standard. Finish: Black powder coat.	\$ 466.00
MISC BODY OPTIONS	3340-1511	Pocket doors - A non locking (2) two piece opposing pocket door system shall be provided. Locate: Per customer approval drawing.	\$ 5,305.00
MISC BODY OPTIONS	3340-1512	Cargo net, each. A black Nylon cargo net with 2x2 openings shall be provided for an inside body compartment opening. Cargo net to be permanently fastened to upper edge of compartment and secured in place at bottom and sides with twist-locks, snaps and Velcro straps as deemed required by E-1 engineering to adequately secure cargo in place. Locate: per customer approval drawing.	\$ 1,369.00
MISC BODY OPTIONS	3340-1514	U-shaped rolled hose rack for hose rolls. Includes adjustable divider(s) with adjustable tracking on floor and back wall as applicable. Locate: [#LOC].	\$ 910.00
MISC BODY OPTIONS	3340-1515	A recessed handle in place of the chrome handle will be attached to each roof compartment lid, centered front to rear.	\$ 237.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

MISC BODY OPTIONS	3340-1571	Divider hosebed with offset.	\$ 1,487.00
MISC BODY OPTIONS	3340-1572	Divider Long. Ship loose in hosebed	\$ 1,014.00
MISC BODY OPTIONS	3340-1573	Cargo net, body compartment. Black Nylon cargo net with 2x2 openings shall be provided inside body compartment. Cargo net to be permanently fastened to upper compartment edge and secured in place at bottom and sides with twist-locks or snaps as determind by E-1 engineering to adequately secure cargo in place. Qty is (1) one each cabinet. Locate: per customer approval drawing.	\$ 1,728.00
MISC BODY OPTIONS	3340-1574	12 gauge stainless steel smooth plate floor above the horizontal hard suction storage racks in the officer side roof top compartments to provide additional storage.	\$ 1,927.00
MISC BODY OPTIONS	3340-1575	Speedy dry hopper. Located per approval drawing. Includes discharge through bottom of compartment along forward wall with valve for ground level dispensing. Capacity of speedy dry hopper is 200 lbs.	\$ 3,204.00
MISC BODY OPTIONS	3340-1576	Modify body to lower [#LOC] by 4". Can not be done on same side as fuel fill.	\$ 480.00
MISC BODY OPTIONS	3340-1577	Body top deck, center of rear body, access ladder, rear tail light bezels, side air intake scoops shall be painted with black Durabak coating.	\$ 1,410.00
MISC BODY OPTIONS	3340-1578	Bolt in 1.5" x 3" SS channel at bottom of B1 compartment centered to allow a 12" x 3" space on driver side for pre-connected LDH and 7.5"x 3" space on officer side for pre-connected 2.5" DJ hose. Requires roll-up door locks and door ajar switch to be raised.	\$ 599.00
MISC BODY OPTIONS	3340-1579	Stainless steel tandem axle rear fender panels with brushed stainless steel overlay. Includes bolt-on stainless steel wheel well liners (not painted) and polished stainless steel outer fenderettes.	\$ 4,334.00
MISC BODY OPTIONS	3340-1580	Body main frame and hose bed side assemblies for a 93" high pumper body. No upper rear crossover hand rail with this option.	\$ 7,109.00
MISC BODY OPTIONS	3340-1582	Hosebed floor deflector. Locate to officer side forward of hosebed from upper hose storage to hosebed floor. Deflector smooth plate and slotted for drainage.	\$ 682.00
MISC BODY OPTIONS	3340-1583	Body main frame and hose bed side assemblies for a 89" high tanker body.	\$ 2,105.00
MISC BODY OPTIONS	3340-1584	Transverse storage sleeve for long handle tools and other miscellaneous items designed per customer specific requirements.	\$ 1,048.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1585	Horizontal air bag module for seven (7) customer furnished air bags. Bags will be Paratech brand and each bag will store with one (1) identical piece of rubber mat. Locate in L4 offset rearward. Nylon strap provided to retain airbags. See specifications for bag model numbers.	\$ 3,457.00
MISC BODY OPTIONS	3340-1586	Tool box, CTECH brand 4 drawer compartment toolbox unit x as wide as possible. (1) 6" tall drawer and (3) 3" tall drawers. Includes Cal Gray drawer face finish. Located per approval drawing.	\$ 4,198.00
MISC BODY OPTIONS	3340-1588	The rear of the first (2) driver side hose bed dividers to be cut back 6". An additional adjustable track will be installed at the rear of the hose bed to secure these dividers.	\$ 520.00
MISC BODY OPTIONS	3340-1590	3/16" thick aluminum box with hand hold cutout on each end located in [#LOC] compartment. The box shall be designed per customer specific requirement and drawing shall be provided for review and approval.	\$ 664.00
MISC BODY OPTIONS	3340-1591	Stokes Basket and backboard storage sleeve for (1) basket and (1) backboard. Includes (2) black cargo net retainers (1) each side for the basket and Nylatron on the floor of the sleeve. Location: Horizontally mounted through L3/B1/R3 on the floor.	\$ 1,934.00
MISC BODY OPTIONS	3340-1592	Body main frame and hose bed side assemblies for an 83" high pumper body with a 59" wide hose bed.	\$ 3,391.00
MISC BODY OPTIONS	3340-1593	Body main frame and 59" wide hose bed side assemblies for a 93" high pumper body with rescue pumper style top hatch compartments.	\$ 6,072.00
MISC BODY OPTIONS	3340-1594	Diamond plate box for directional lightbar (if applicable) and (2) scene lights. Box to be mounted on 3" x 3" aluminum angle at rear of hosebed storage pan. Lights to be surface mounted to box.	\$ 2,654.00
MISC BODY OPTIONS	3340-1595	Diamond plate box for directional lightbar (if applicable) and (2) scene lights. Box to be mounted on 3" x 3" aluminum angle at rear of hosebed storage pan. Lights to be surface mounted to box.	\$ 1,155.00
MISC BODY OPTIONS	3340-1596	Provide an aluminum storage module for horizontal storage of (1) Stokes basket located on the transverse floor in L2/R2 against the rearward wall. Nylon retaining straps on both ends of the module. Module to be 13" total height.	\$ 1,875.00
MISC BODY OPTIONS	3340-1597	Dock bumpers (4) on rear bumper equally spaced (as applicable).	\$ 616.00
MISC BODY OPTIONS	3340-1598	Unistrut for mounting of dealer/customer installed reels. (2) full width lengths on the ceiling B1 and on the floor of the roof compartment above R5 forward.	\$ 1,067.00
MISC BODY OPTIONS	3340-1599	The aerial body dunnage area shall have a diamond plate overlay for backing plate.	\$ 937.00
MISC BODY OPTIONS	3340-1600	Enclosure to box-in the Breaker Box and Light tower controls, thereby provide an obstruction free usable space in the remainder of the compartment. Locate in the L2 compartment rearward wall area.	\$ 475.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1601	Trench panel storage module constructed of smooth plate aluminum vertically mounted in drivers side of compartment B1. Module to hold (16) 2" x 12" x 10' pieces of lumber, and maximum of (8) Trench panels. Panels are 4' x 8' x 3/4" inch plywood with 2" x 12" x 10' foot strong backs. All lumber is dimensional. The trench panels shall extend into the transverse L2/R2 compartment within a bolt-in enclosure.	\$ 3,941.00
MISC BODY OPTIONS	3340-1602	(1) one square 6" X 6" access hole to be provided to accommodate future installation of booster pump. Option does not include cover plate or door. Location: At rearward edge of L4 ceiling, mid depth of compartment into the rooftop compartment above.	\$ 917.00
MISC BODY OPTIONS	3340-1603	The walls of the rooftop compartment above L4 to have additional louvers for ventilation.	\$ 233.00
MISC BODY OPTIONS	3340-1607	Body main frame and hose bed for a 87" high stainless steel eMAX rescue pumper body. Hose bed to be 72" wide.	\$ 8,723.00
MISC BODY OPTIONS	3340-1612	Speedy Dry Hopper. Locate in roof compartment above L2 compartment. Includes discharge through bottom of compartment along rearward wall with valve for ground level dispensing. Pipe to be fully boxed in with a vertical partition running the full height and depth of the compartment and completely enclosed at the front as wide as necessary so the pipe is not visible. Capacity of speedy hopper is 100 lbs.	\$ 3,196.00
MISC BODY OPTIONS	3340-1613	A foam container storage shall be provide on rear body driver's side compartment top.	\$ 2,629.00
MISC BODY OPTIONS	3340-1614	One (1) Vertical mount traffic cone holder shall be fabricated and installed to hold up to (8) 28" tall traffic cones with 12" bases (not included). The bracket shall be constructed of 1/8" aluminum smooth plate, bolted and mounted to 8" tailboard offset to driver side, inboard of the tail light assembly.	\$ 553.00
MISC BODY OPTIONS	3340-1615	Body main frame and 59" wide hose bed for a 96" high rescue pumper body.	\$ 7,148.00
MISC BODY OPTIONS	3340-1616	Air bag storage for (10) bags. Horizontal storage to accommodate Holmatro brand bags. Includes vertical restraint straps. The air bag models are as follows: (2) HLB 2, (1) HLB 6, (1) HLB 11, (2) HLB 21, (2) HLB 31, (1) HLB 38 and (1) HLB 53. Locate in R4.	\$ 3,658.00
MISC BODY OPTIONS	3340-1618	12 gauge stainless steel smooth plate floor above the horizontal hard suction storage rack in the officer side narrow roof top compartment to provide additional storage.	\$ 976.00
MISC BODY OPTIONS	3340-1620	Over the hose bed swing-out bracket for rear lighting accessories. Constructed of aluminum extrusion/tubing with alumium plate end brackets. Paint job color. SS Product.	\$ 2,366.00
MISC BODY OPTIONS	3340-1621	Body main frame and hose bed side assemblies for a 93" high tanker body.	\$ 7,304.00

MISC BODY OPTIONS	3340-1708	Custom Solutions full width mudflap. Location: Mounted at Final Inspection.	\$ 2,985.00
MISC BODY OPTIONS	3340-1709	Tool box, CTECH brand 3 drawer compartment toolbox unit in R5. Includes from top to bottom (2) 4" tall drawers and (1) 6" tall drawer. Approx. drawer stack unit height of 16". Includes Cal Gray drawer face finish.	\$ 2,230.00
MISC BODY OPTIONS	3340-1710	Hydraulic hose storage module with six (6) horizontal 4" openings as wide and deep as practical. Locate R1 in 17" deep section up high just below offset.	\$ 2,328.00
MISC BODY OPTIONS	3340-1713	Hosebed floor deflector. Locate to driver side forward of hosebed from upper hose storage to hosebed floor. Deflector smooth plate and slotted for drainage.	\$ 682.00
MISC BODY OPTIONS	3340-1714	Storage compartment driver side compartment top. Located rearward of existing compartment. Includes roll-up door (wired to door ajar) with header and (2) interior strip light.	\$ 7,958.00
MISC BODY OPTIONS	3340-1715	Hosebed trays for lower hose bed - removable. Tray includes a 1.25" extruded alum handle low on one end of tray and slots down each side to facilitate lifting. The floor of the tray shall have poly slides and be slotted to prevent the accumulation of water, Trays as long as practical for available space.	\$ 1,205.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC BODY OPTIONS	3340-1716	Divider Support to run full width of hosebed (side to side) at the front of the hosebed and a split support (outside beds only) towards the rear of the hosebed at top of the divider(s). Attach to each hosebed divider to provide additional support.	\$ 693.00
MISC BODY OPTIONS	3340-1717	Body main frame and 46" wide hose bed for a 92" high rescue pumper body.	\$ 4,875.00
MISC BODY OPTIONS	3340-1718	Removable access panel(s) to be installed on the back wall of compartments L2 and R2 for access to pump/CAFS system components in the area between the compartments. Panels to be retained with stainless steel machine screws.	\$ 1,380.00
MISC BODY OPTIONS	3340-1719	Rubrails constructed of 3" x 2" Black U.H.M.W. polyethylene bolted to the lower exterior edge of the apparatus. Includes pump module sides, body sides and rear body/tailboard as applicable. Rubrails shall be mitered 45 degrees at leading and trailing end and notched for lighting and other rubrail mounted options. Includes strip of embossed diamond plate on top surface of rubrail in stepping areas (finish to match stepping surface).	\$ 7,023.00
MISC BODY OPTIONS	3340-1720	Rubrails constructed of 3" x 2" Black U.H.M.W. polyethylene bolted to the lower exterior side edge of the apparatus body. Does not include body rear or pump module sides. Rubrails shall be mitered 45 degrees at leading and trailing end and notched for lighting and other rubrail mounted options.	\$ 4,286.00
MISC BODY OPTIONS	3340-1721	Rubrails constructed of 3" x 2" Black U.H.M.W. polyethylene bolted to the upper exterior side edge of the apparatus body. Does not include body rear edges. Rubrails shall be mitered 45 degrees at leading and trailing end.	\$ 2,907.00
MISC BODY OPTIONS	3340-1722	Rubrails constructed of 2.5" x 2" Black U.H.M.W. polyethylene bolted to the lower exterior side edge of the apparatus body. Does not include body rear or pump module sides. Rubrails shall be mitered 45 degrees at leading and trailing end and notched for lighting and other rubrail mounted options. For use with hinged doors. SS Product.	\$ 4,286.00
MISC BODY OPTIONS	3340-1723	Ladder tunnel. Tunnel to be a compact design. Tunnel sized to stow (2) 14' roof ladders. Tunnel option will reduce the compartment area of the lower body. Locate: B1 high as possible.	\$ 4,339.00
MISC BODY OPTIONS	3340-1724	Transverse opening in the lower rear section of driver side compartment to accommodate pass through into B1 compartment. The opening will be 2" above the floor and have aluminum picture frame style trim from each compartment over lapping to enclose compartment wall breaks without a sleeve.	\$ 2,252.00
MISC BODY OPTIONS	3340-1725	The forward and rearward walls of the hosebed storage pan to have louvers for additional ventilation.	\$ 712.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC ELECTRICAL	5110-0149	Generator power shall be supplied to the command desk area. One (1) 12/3 cable shall supply 20 amps with 10' of wire coiled at the command desk area. The wires shall be clearly marked to identify them as 110V/20A generator power.	\$ 705.00
MISC ELECTRICAL	5110-0150	Shoreline power shall be supplied to the command desk area. One (1) 12/3 cable shall supply 20 amps with 10' of wire coiled at the command desk area. The wires shall be clearly marked to identify them as 110V/20A shoreline power.	\$ 705.00
MISC ELECTRICAL	5110-0151	Additional wiring instructions: Auxiliary Function Range Inhibit to prevent movement of the truck when the ladder rack is in the down position.	\$ 742.00
MISC ELECTRICAL	5110-0153	12V power distribution module. Includes (6) battery hot and (6) switched hot circuits. 100 amps max (IATS). Includes circuit breakers ipo fuses. Location: [#LOC].	\$ 623.00
MISC ELECTRICAL	5110-0154	Dow Corning 738 white electrical sealant IPOS. Apply to all exposed electrical connections.	\$ 672.00
MISC ELECTRICAL	5110-0156	Indicator lights, Weldon 9186-2300. Location and function: (1) red and (1) green located at the front and rear interior rescue body. Lights to be wired through park brake. Red; park brake dis-engaged, green; park brake engaged.	\$ 1,020.00
MISC ELECTRICAL	5110-0158	12 volt 12 gauge lead (24" long) with ground wire wired to battery saver. Location: [#LOC].	\$ 173.00
MISC ELECTRICAL	5110-0159	Rescue body entry door lock - electric wired through cab doors. Includes additional body interior mounted switch, barrel style key lock on exterior of door and manual interior lock on door.	\$ 1,014.00
MISC ELECTRICAL	5110-0160	Pollak 7 pin trailer wiring connector model 12-709. Requires trailer wiring pre-wire option.	\$ 381.00
MISC ELECTRICAL	5110-0161	Blue Sea 12V power distribution module model 5025 (2) and (1) 5026 wired through battery hot. Location: (1) 5025 in center cab dash, (1) 5026 in forward floor of radio cabinet and (1) 5025 behind officer seat.	\$ 2,318.00
MISC ELECTRICAL	5110-0162	Wiring instructions: Dedicated ground wire for 12V distribution module located at driver and officer 3x3 post.	\$ 270.00
MISC ELECTRICAL	5110-0163	Dual USB charging port wired to battery hot. Location: [#LOC].	\$ 145.00
MISC ELECTRICAL	5110-0165	Ambulance style exhaust fan. Locate on driver side wall in REHAB module area up high above bench seat and add a vent for fresh air on the officer's side up high above bench seat.	\$ 470.00
MISC ELECTRICAL	5110-0166	Blue Sea 12V power distribution module model 5025 (2) and (1) 5026 wired through ignition hot. Location: (1) 5025 in center cab dash, (1) 5026 in forward floor of radio cabinet and (1) 5025 behind officer seat.	\$ 2,318.00
MISC ELECTRICAL	5110-0167	Megellan vehicle mount weather station with Weather Master software. Display located on the center dash with telescopic pole on the driver side back of cab.	\$ 23,774.00
MISC ELECTRICAL	5110-0168	Relocate ladder climbing light to side of diamond plate light shield. Westside only.	\$ 354.00
MISC ELECTRICAL	5110-0171	Lighted bumper guide (PR). Bores model 848211 located (1) each side of front bumper extension, lens color shall be amber.	\$ 1,166.00

MISC ELECTRICAL	5110-0172	Dump Valve / Zico Rack Controls - 3 switch panels	\$ 976.00
MISC ELECTRICAL	5110-0174	Back up alarm Hella model A1399 SA-BBS-97.	\$ 597.00
MISC ELECTRICAL	5110-0175	Refrigerator Electric DE-788 Marine, 3.1 cu ft AC/DC 12/120 Volt. Dual voltage refrigerator for marine and truck applications, wired to 12V battery system and shoreline. Color: Black. Refrigerator to be located in [#LOC].	\$ 2,393.00
MISC ELECTRICAL	5110-0176	12V power distribution module. Includes (6) battery hot and (6) switched hot circuits. 100 amps max (IATS). Location: driver and officer side interior countertop.	\$ 623.00
MISC ELECTRICAL	5110-0179	Durabak package for miscellaneous parts mounted on the body: Includes aerial style or similar brackets used for beacon lights, camera shield, license plate bracket, traffic advisor box (non-recessed only), fabricated shield over traffic advisor, fabricated light boxes and other brackets used for mounting scene and warning lights, stirrup style switch as applicable.	\$ 513.00
MISC ELECTRICAL	5110-0180	PORON MAX1 rear obstacle detection and proximity system. Includes 4 sensors at rear of vehicle and speaker in cab.	\$ 3,746.00
MISC ELECTRICAL	5110-0181	A 12 place 12 volt DC power distribution module will be installed in the body interior electronics compartment. The module will have six (6) circuits wired directly to the battery and will be protected with a 30 amp circuit breaker for overload protection. The module will also have six (6) circuits controlled by the multiplex systems, via a 30 amp relay, and will be protected with a 30 amp circuit breaker for overload protection. The module will also include 12 positions for grounds.	\$ 784.00
MISC ELECTRICAL	5110-0182	Antenna base Tessco P/N 90942 (NMO Motorola Style - also called MATM style) on body roof. Location: body roof raceway.	\$ 192.00
MISC ELECTRICAL	5110-0184	Receptacle Waytek model 11014 dual USB / 12V power. Location: [#LOC].	\$ 258.00
MISC ELECTRICAL	5110-0185	12 volt 12 gauge constant hot lead (24" long) with ground wire and circuit breaker. Location: [#LOC].	\$ 278.00
MISC ELECTRICAL	5110-0186	12 volt 12 gauge wire through master power hot lead (24" long) with ground wire and circuit breaker. Location: One (1) each side behind left and right pump panel. (FOR CUSTOMER SUPPLY TFT INTAKE VALVE.)	\$ 278.00
MISC ELECTRICAL	5110-0187	Pre-wire for customer installed electric fire bell. Includes push button activation switch on center cab dash offset to officer side.	\$ 683.00
MISC ELECTRICAL	5110-0188	Handheld flashlight, orange Streamlight Knucklehead Haz-LO LED flashlight with charger. Location: [#LOC].	\$ 723.00
MISC ELECTRICAL	5110-0189	Refrigerator Electric DC 12 volt refrigerator for marine and truck applications, wired to 12V battery system. Norcold model NR740BB, 1.7 cuft. Color: Black. Refrigerator to be located in [#LOC].	\$ 2,393.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC ELECTRICAL	5110-0190	Audible indicator in cab with rear interior button. Locate (1) buzzer in the cab wired to push button accessible to the driver. (1) buzzer in the interior of the rescue body wired to push button switch accessible to a seated position in the body. Includes indicator lights wired to each buzzer. Provide labels that read: 1-STOP, 2-GO, 3-BACKUP in both locations.	\$ 1,555.00
MISC ELECTRICAL	5110-0191	12V power distribution module. Includes (12) battery hot circuits. 100 amps max (IATS). Location: [#LOC].	\$ 623.00
MISC ELECTRICAL	5110-0192	12V power distribution module. Includes (12) switched hot circuits. 100 amps max (IATS). Location: [#LOC].	\$ 623.00
MISC ELECTRICAL	5110-0193	Guard for reel push button rewind switch. Qty each. Material: Aluminum. Finish: Sanded.	\$ 227.00
MISC ELECTRICAL	5110-0194	Indicator light, Whelen M4 with chrome flange. Color: green. Location and function: (1) each side up high on pump module wired through pump engage.	\$ 1,538.00
MISC ELECTRICAL	5110-0195	Refrigerator Electric NR751 AC/DC 12/120 Volt. Dual voltage refrigerator for marine and truck applications, wired to battery system and shoreline receptacle. Norcold, NR751 Marine, 2.7cuft. Color: Black. Refrigerator to be located: [#LOC]. Requires 1685-0804 if mounted in cab or 3340-1536 if mounted in body if there is not a seperately configured enclosure structured.	\$ 2,393.00
MISC ELECTRICAL	5110-0197	FireCom 8 position intercom system with (8) head sets and RADIO package. Driver and officer will be wireless; all others are wired. Custom cabs only. Headsets to be shipped loose. (2) ICOM IC-F6021 UHF mobile radios, (2) ICOM ICA-A120 Airband VHF AM radios. System is 12VDC wired to chassis electrical. System to be installed by VanMor	\$ 44,958.00
MISC ELECTRICAL	5110-0198	Indicator lights, Weldon 9186-2300. Location and function: (1) red and (1) green located at the rear interior rescue body. Lights to be wired through park brake. Red; park brake dis-engaged, green; park brake engaged. Includes labels "OK TO EXIT" and "DO NOT EXIT".	\$ 1,020.00
MISC ELECTRICAL	5110-0199	Cable USB to RCA cable for MDT to be viewed through Safety Vision split screen monitor. Monitor to default through MDT; view turn signals or rear back-up when activated.	\$ 480.00
MISC ELECTRICAL	5110-0200	Battery charger, one (1) Holmatro tool battery charger shall be mounted in place and be included in the shoreline transfer switch circuit. The Holmatro battery charger(s) shall be installed [#LOC].	\$ 202.00
MISC ELECTRICAL	5110-0201	Speaker wire for dealer/customer installed radio/speaker. Route wire from behind driver side pump panel to center dash.	\$ 480.00
MISC ELECTRICAL	5110-0202	Blue Sea 12V power distribution module model 5025 wired through isolated battery hot. Location: [#LOC].	\$ 600.00
MISC ELECTRICAL	5110-0203	Blue Sea 12V power distribution module model 5025 wired through ignition hot. Location: [#LOC].	\$ 600.00
MISC ELECTRICAL	5110-0204	12 volt 12 gauge wired through ignition lead (36" long) with ground wire. Location: [#LOC].	\$ 334.00
MISC ELECTRICAL	5110-0205	12 volt 12 gauge constant hot lead (36" long) with ground wire. Location: [#LOC].	\$ 334.00

MISC PUMP PANEL OPTIONS	4460-0016	All tubing to be enclosed in protective loom behind the pump panel.	\$ 544.00
MISC PUMP PANEL OPTIONS	4460-0017	Class 1 Color Coded Bezel Chrome - 2.5" Gauge.	\$ 61.00
MISC PUMP PANEL OPTIONS	4460-0018	Class 1 color coded bezel, chrome - 3.5" gauge.	\$ 67.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MISC PUMP PANEL OPTIONS	4460-0019	A throttle and switch will be provided and mounted behind pump operator's panel in a recessed box. The switch will allow the operator to toggle from pressure governor to throttle for emergency. There will be installed a automatic constant pressure relief system that will limit the maximum discharge pressure of the fire pump to 125psi during emergency operation when throttle switch is actuated. A recessed box with a hinged door will be provided and constructed out of stainless steel to house the throttle, throttle select switch.	\$ 5,675.00
MISC PUMP PANEL OPTIONS	4460-0020	Pump shift override label. Locate on pump control panel. Label to provide instruction on use of the pump shift override	\$ 108.00
MISC PUMP PANEL OPTIONS	4460-0021	Diagramatic Vinyl Side Mount Pump Panel Label of the discharges & preconnects specified color coding for handles and gauges.	\$ 3,849.00
MISC PUMP PANEL OPTIONS	4460-0022	Stainless steel plates for all discharges and intakes behind the pump panel access doors, each side. Stainless steel plates to be mounted on the valve with rubber gasket to seal opening.	\$ 2,249.00
MISC PUMP PANEL OPTIONS	4460-0023	Span Color Coded Bezel - 2.5" Gauge	\$ 30.00
MISC PUMP PANEL OPTIONS	4460-0024	Span Color Coded Bezel - 3.5" Gauge	\$ 30.00
MISC PUMP PANEL OPTIONS	4460-0025	Cut-out on officer side pump panel with expended metal. Cut-out to be approx. 14" wide x 6" high to provide sight to cord reel in pump house. Cut-out to be located above cord reel rollers on pump panel.	\$ 311.00
MISC PUMP PANEL OPTIONS	4460-0026	CAFS Air Outlet Valve Recess Driver side Pump Panel with door.	\$ 753.00
MISC PUMP PANEL OPTIONS	4460-0027	Diagramtic vinyl rear mount pump panel labeling of discharges and/or preconnects. Includes rear panel (with hosebed deck gun) and front discharge layouts (two (2) views- No top view).	\$ 3,849.00
MISC PUMP PANEL OPTIONS	4460-0030	L1 forward body compartment pump panel mount. Includes structural build out for panel mount.	\$ 3,426.00
MISC PUMP PANEL OPTIONS	4460-0031	Attach Escutcheon Plates with Thunb Latch on Officer Side.	\$ 377.00
MISC PUMP PANEL OPTIONS	4460-0032	Push/Pull Rod Extrusion at pump panel to be thru bolted with nuts IPOS nut cert.	\$ 193.00
MISC PUMP PANEL OPTIONS	4460-0033	CAFS Air outlet .75 valve with Handle and Quick Disconnect. Location: [#LOC]	\$ 838.00
MISC PUMP PANEL OPTIONS	4460-0034	Cab jack access door. Located on officer side pump panel in upper rearward area. Includes twist and turn latch.	\$ 521.00
MISC PUMP PANEL OPTIONS	4460-0035	Diagramtic Vinyl Overlay Rear Mount Pump Panel. All Foam controls and Foam Discharges Yellow, Intakes Blue, Water Discharges Red, and Pump and Engine Gray.	\$ 3,849.00
MISC PUMP PANEL OPTIONS	4460-0037	Fire Shopp NPFA Color Coded "T" handles with color coded tags.	\$ 106.00
MISC PUMP PANEL OPTIONS	4460-0038	Diagramtic Vinyl Overlay Pump Operator Panel. All controls and Discharges, and Intakes.	\$ 3,849.00
MISC PUMP PANEL OPTIONS	4460-0039	Innovative Controls Color Coded Bezel Chrome - 2.5" Gauge.	\$ 225.00
MISC PUMP PANEL OPTIONS	4460-0040	Discharge Escutcheon Plates NFPA Color Coded to match photos in file with vinyl overlay shall be around each discharge outlet on driver and officer pump panel.	\$ 1,022.00

MONITORS	6300-0050	Monitor TFT electric 1000GPM for ladder. Includes shut off valve at tip (VUM) with 2.5" aux discharge valve. Includes tip and base controls. Monitor has a powder coated silver finish. Requires high flow W/W relief vlv.	\$ 26,897.00
MONITORS	6300-0051	Monitor Elkhart dual for platform. Includes (1) electric Scorpion EXM w/SM-1250 nozzle and (1) manual Scorpion monitor w/handwheels and ST-195 stacked tips, (2) butterfly valves and tip/base controls for the electric monitor. Monitor sweep is 90 degrees outward and 22.5 degrees inward. Requires red OEM paint color option 6300-0150.	\$ 37,285.00
MONITORS	6300-0052	Monitor TFT electric 1000GPM for ladder (with reduced extension pipe at 2.75" long). Includes shut off valve at tip (VUM) with 2.5" aux discharge valve. Includes tip and base controls. Monitor has a powder coated silver finish. Requires high flow W/W relief vlv.	\$ 27,615.00
MONITORS	6300-0054	Monitor TFT electric 1250 GPM with powder coated silver finish. Includes tip controls, base controls and electric VUM with dual outlets (1) pointed out and (1) pointed in. VUM to be controlled from platform and turntable control consoles.	\$ 28,223.00
MONITORS	6300-0057	Monitor TFT dual electric for platform with powder coated silver finish. Includes (2) electric monitors, (2) manual VUM valves with (1)2.5" gated elbow outlet including 2.5" x 1.5" reducer w/cap, tip/base controls with monitor selector switch. Monitor sweep is 90 degrees outward and 22.5 degrees inward.	\$ 45,646.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MONITORS	6300-0058	Monitor TFT dual electric for platform with powder coated silver finish. Includes (2) electric monitors, (2) VUM valves with (1)2.5" gated elbow outlet including 2.5" x 1.5" reducer w/cap, tip/base controls and monitor selector switch. Monitor sweep is 90 degrees outward and 22.5 degrees inward.	\$ 45,646.00
MONITORS	6300-0059	Monitor Elkhart dual electric for platform. Includes (2) electric monitors, (2) butterfly valves, tip/base controls and monitor selector switch. Monitor sweep is 90 degrees outward and 22.5 degrees inward. Requires red OEM paint color option 6300-0150.	\$ 49,096.00
MONITORS	6300-0060	Monitor TFT electric 2000GPM with powder coated silver finish and M-ERP2000-NN nozzle. Includes tip controls, base controls and a butterfly valve.	\$ 29,280.00
MONITORS	6300-0061	Monitor TFT electric 1250GPM for ladder. Includes shut off valve at tip (VUM) with reduced extension pipe at 2.75" long and 2.5" aux discharge valve . Includes tip and base controls. Monitor has a powder coated silver finish. Requires 4" waterway discharge and high flow W/W relief vlv. (Note: HR100 ladder will have restrictions over 1000 GPM)	\$ 26,897.00
MONITORS	6300-0062	Monitor TFT electric 1500GPM for ladder with a powder coated silver finish. Includes tip and base controls. Requires 4" waterway discharge. (Note: HR100 ladder will have restrictions over 1000 GPM)	\$ 22,909.00
MONITORS	6300-0063	Monitor TFT dual electric for platform with powder coated silver finish. Includes (2) electric monitors w/2000gpm nozzles, (2) VUM valves and (1)2.5" gated elbow outlet including 2.5" x 1.5" reducer w/cap, tip/base controls and monitor selector switch. Monitor sweep is 90 degrees outward and 22.5 degrees inward. Industrial application with 6" waterway pipe through torque box and 6" waterway below aerial rated at 2500gpm.	\$ 48,122.00
MONITORS	6300-0064	Monitor TFT Typhoon RC electric w/extended range 1000GPM for ladder. Includes tip and base controls. Monitor has a powder coated silver finish.	\$ 23,539.00
MONITORS	6300-0066	Monitor Elkhart Cobra EXM 1250GPM for 95-Platform. Includes tip controls, base controls and butterfly valve. Monitor has dark gray "as-cast" finish.	\$ 22,148.00
MONITORS	6300-0067	Dual Akron Forestry Monitors. Includes Akron Forestry 3462 with a 3293 low flow adjustable nozzle (one each side of bumper). Includes Akron 6035 Joystick (located one each side in cab) on center console, 2" electric valve (1 for each turret), and quick disconnects on each side of bumper.	\$ 31,973.00
MONITORS	6300-0068	Monitor TFT electric 1250 GPM with powder coated silver finish. Includes tip controls, base controls and manual VUM with dual outlets.	\$ 24,679.00
MONITORS	6300-0069	Monitor Elkhart Scorpion electric 1500GPM for ladder. Includes tip and base controls. (Note: HR100 ladder will have restrictions over 1000 GPM). Requires red OEM paint color option 6300-0150.	\$ 26,992.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MONITORS	6300-0070	Monitor TFT Typhoon RC electric w/extended range 1000GPM for ladder. Includes shut off valve at tip (VUM) with 2.5" aux discharge valve. Includes tip and base controls. Monitor has a powder coated silver finish. Requires high flow W/W relief vlv.	\$ 26,309.00
MONITORS	6300-0071	Monitor TFT dual for platform with powder coated silver finish. Includes (1) electric and (1) manual monitor, (2) manual VUM valves with (1)2.5" gated elbow outlet including 2.5" x 1.5" reducer w/cap, tip/base controls. Monitor sweep is 90 degrees outward and 22.5 degrees inward.	\$ 37,874.00
MONITORS	6300-0072	Monitor Elkhart Cobra EXM with dark gray "as-cast" finish for ladder. Model 7200 with 2.5" outlet. Includes SM-1250E nozzle, tip and base controls. (Note: Requires separate interface control module 6300-0118 if unit does not have AACs)	\$ 21,051.00
MONITORS	6300-0074	Monitor Elkhart electric 1000 GPM with ST-195 triple stack tips IPO fog nozzle. Includes tip and base controls. Requires red OEM paint color option 6300-0150.	\$ 19,230.00
MONITORS	6300-0075	Task Force 2.5 Master Stream 1250 Series M-R1250-NN Manual Nozzle	\$ 2,780.00
MONITORS	6300-0077	Monitor Akron StreamMaster II w/5177 electric nozzle 1250 GPM for ladder. Includes tip and base controls. Requires OEM paint color option. (Note: HR100 ladder will have restrictions over 1000 GPM)	\$ 21,997.00
MONITORS	6300-0080	Monitor Akron dual StreamMaster II for platform. Includes (1) electric and (1) manual monitor, (2) butterfly valves and tip/base controls for the electric monitor. Monitor sweep is 90 degrees outward and 22.5 degrees inward. Monitors to have multiple flow ratings based on position. Requires OEM paint color option.	\$ 34,165.00
MONITORS	6300-0081	Platform to be configured for dual monitors, driver side to be capped off for dealer installed 3" valve.	\$ 2,197.00
MONITORS	6300-0082	Akron Electric Ladder Pipe style 1494 w/5177 nozzle and wireless remote control. Battery, control modules and power receptacle to be mounted to aluminum plates outside of fly.	\$ 32,939.00
MONITORS	6300-0084	Monitor TFT electric 1500GPM for ladder with a powder coated silver finish. Requires 4" waterway discharge. Includes tip and base controls. (Note: HR100 ladder will have restrictions over 1000 GPM)	\$ 22,909.00
MONITORS	6300-0086	Monitor TFT manual 2000GPM with powder coated silver finish. Includes manual VUM and dual outlets with CFD threads.	\$ 20,379.00
MONITORS	6300-0088	Monitor TFT electric 1250 GPM with powder coated silver finish. Includes tip controls, base controls and manual VUM with single outlet.	\$ 22,435.00
MONITORS	6300-0089	Monitor Elkhart manual 1250GPM. Includes Scorpion 8294-02 monitor w/handwheels, X-Stream SM-2000 manual nozzle and a butterfly valve. Requires red OEM paint color option 6300-0150.	\$ 12,177.00
MONITORS	6300-0090	Akron Electric Ladder Pipe style 1494 w/5177 nozzle, wireless remote control and mounting fixture.	\$ 33,892.00

MONITORS	6300-0134	Monitor TFT Typhoon RC electric w/extended range 1500GPM for ladder. Includes shut off valve at tip (VUM) with 2.5" aux discharge valve. Includes tip and base controls. Monitor has a powder coated silver finish. Requires high flow W/W relief vlv. (Note: HR100 ladder will have restrictions over 1000 GPM)	\$ 26,309.00
MONITORS	6300-0135	Monitor Akron 3480 StreamMaster II electric 1000GPM with stacked tips for ladder. Stacked tips to be 2.5 TFT Quad Stacked tips, 3.5 TFT DTRM Straight and include a TFT Tether kit for the TFT Stacked tips. Requires OEM paint color option.	\$ 21,894.00
MONITORS	6300-0137	Monitor Elkhart Scorpion electric 8294-04 1250GPM with ST-194 triple stack tips and 283-A Streamshaper IPO fog nozzle. Includes tip controls, base controls and a butterfly valve. Requires red OEM paint color option 6300-0150.	\$ 23,523.00
MONITORS	6300-0138	Monitor TFT Typhoon RC electric 1500GPM for ladder. Includes shut off valve at tip (VUM) with 2.5" aux discharge valve. Requires 4" waterway discharge and high flow W/W relief valve. Includes tip and base controls. Monitor has a powder coated silver finish. (Note: HR100 ladder will have restrictions over 1000 GPM)	\$ 26,309.00
MONITORS	6300-0141	Monitor TFT Moonson electric with quad stacked tips and powder coated red finish. Includes tip controls (only) and manual VUM. Special for Chicago.	\$ 20,813.00
MONITORS	6300-0142	Monitor TFT Typhoon electric 1500GPM for ladder with a powder coated silver finish. Requires 4" waterway discharge. Includes tip and base controls. (Note: HR100 ladder will have restrictions over 1000 GPM)	\$ 22,909.00
MONITORS	6300-0143	Monitor TFT electric w/Master Stream 2000 nozzle for ladder. Powder coated silver finish for monitor. Includes tip and base controls. N/A on HR100 ladder.	\$ 23,205.00
MONITORS	6300-0144	Monitor Akron StreamMaster II with AVM and 5177 1250 GPM electric nozzle for ladder. Includes shut off valve at tip (AVM) with 2.5" aux discharge valve and tip / base controls for monitor. Requires high flow W/W relief vlv. Note: HR100 ladder will have restrictions over 1000 GPM. Requires OEM paint color option for monitor.	\$ 26,859.00
MONITORS	6300-0145	Monitor on aerial ladder to be upgraded for extended elevation range. For use with Akron StreamMaster II, Elkhart Cobra EXM and Boa EXM monitors only.	\$ 291.00
MONITORS	6300-0146	Monitor Akron electric StreamMaster II with 2498 chrome stack tips (1.25 inch top) and 3488 chrome stream shaper 1250gpm Platform. Includes tip, base controls and a butterfly valve. Requires OEM paint color option.	\$ 19,664.00
MONITORS	6300-0148	Monitor Akron StreamMaster II for ladder. Includes 3499 stacked tips and 3485 stream shaper with tip and base controls. Requires OEM paint color option.	\$ 20,347.00
MONITORS	6300-0149	Monitor Elkhart Boa 2000 EXM electric with ST-194 quad stack tips and 283-A Streamshaper for platform. Includes tip controls, base controls and a butterfly valve. Requires red OEM paint color option 6300-0150.	\$ 20,762.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
MONITORS	6300-0151	Monitor TFT electric 1500GPM for ladder (with reduced extension pipe at 2.75" long). Includes shut off valve at tip (VUM) with 2.5" aux discharge valve. Includes tip and base controls. Monitor has a powder coated silver finish. Requires high flow W/W relief vlv. (Note: HR100 ladder will have restrictions over 1000 GPM)	\$ 24,668.00
MONITORS	6300-0154	Monitor Elkhart dual for platform. Includes (1) electric Scorpion EXM electric with SM-2000E nozzle and manual VUM with single 2.5" outlet and tip/base controls. (1) manual Scorpion 8294-131 w/Tiller Arm control "Big Stick", ST-195 stacked tips, 284-A Stream Shaper and 4" butterfly valve. Monitor sweep is 90 degrees outward and 22.5 degrees inward. (Note: Requires seperate interface control module if unit does not have AACS). Scorpion EXM has dark gray "as-cast" finish. Manual Scorpion requires red OEM paint color option 6300-0150.	\$ 39,254.00
MONITORS	6300-0155	Monitor TFT Typhoon RC electric w/extended range 1500GPM for ladder. Includes shut off valve at tip (VUM) with 2.5" aux discharge valve. Requires 4" waterway discharge and high flow W/W relief valve. Includes tip and base controls. Monitor has a powder coated silver finish. (Note: HR100 ladder will have restrictions over 1000 GPM)	\$ 25,997.00
MONITORS	6300-0156	Monitor Akron StreamMaster II electric with 5178 nozzle 1500GPM for platform. Includes tip controls, base controls and a butterfly valve. Requires OEM paint color option.	\$ 22,515.00
MONITORS	6300-0157	Monitor Akron electric StreamMaster II with 5177 nozzle rated at 1000gpm for ladder. Includes Task Force Tips VUM w/2.5" single outlet with CSA threads including 2.5" x 1.5" male MPSH reducer w/cap, and tip / base controls. Requires high flow W/W relief vlv. VUM to have with powder coated silver finish. Requires OEM paint color option for monitor.	\$ 25,592.00
MONITORS	6300-0159	Monitor Akron StreamMaster II with AVM and 1578 Sabermaster 1250 GPM electric nozzle for ladder. Includes shut off valve at tip (AVM) with 2.5" aux discharge valve and tip / base controls for monitor. Requires high flow W/W relief vlv. Note: HR100 ladder will have restrictions over 1000 GPM. Requires OEM paint color option for monitor.	\$ 27,932.00
MONITORS	6300-0160	Monitor TFT Moonson electric with quad stacked tips and powder coated red finish. Includes tip controls (only), manual VUM and dual outlets w/2.75" extensions and CFD threads. Special for Chicago.	\$ 23,345.00
MONITORS	6300-0162	Monitor TFT electric 1250GPM with powder coated silver finish. Includes tip controls, base controls and manual VUM with single outlet and extension pipe at 4.75" long.	\$ 28,268.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

The discharges are to be labeled and color coded in compliance with current NFPA.	\$ 10,579.00
PLUMBING KITS	4410-0023	Plumbing kit with Hale AP (with officer side steamer) pump rated for 2000 LPM. Includes (1) 2.5" Driver Side Discharge with droop and cap, (1) 2.5" Officer Side Discharge with droop and cap and (2) 1.5" Crosslay Discharges. The discharges are to be labeled and color coded in compliance with current ULC.	\$ 48,832.00
PLUMBING KITS	4410-0024	Plumbing Kit with Hale MBP pump with rating of 2000 LPM. Includes (1) 2.5" Driver Side Discharge with droop and cap, (1) 2.5" Officer Side Discharge with droop and cap and (2) 2.5" Crosslay Discharges. The discharges are to be labeled and color coded in compliance with current ULC.	\$ 60,560.00
PLUMBING KITS	4410-0025	Plumbing Kit with Hale MBP pump rated at 3000 LPM. Includes (1) 2.5" Driver Side Discharge with droop and cap, (1) 2.5" Officer Side Discharge with droop and cap and (2) 1.5" Crosslay Discharges. The discharges are to be labeled and color coded in compliance with current ULC.	\$ 60,560.00
PLUMBING KITS	4410-0026	Plumbing Kit for use with a Hale DSD (5000LPM) ULC pump. Includes (1) FRC In-Control display, (1) 2.5" Driver Side Discharge with droop and cap, (2) 2.5" Officer Side Discharges with droops and caps and (2) 2.5" Crosslay Discharges. The discharges are to be labeled and color coded in compliance with current NFPA.	\$ 72,290.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PLUMBING KITS	4410-0034	Plumbing Kit for use with a Hale DSD NFPA pump (750GPM). Includes (1) FRC In-Control display, (1) 2.5" Driver Side Discharge with droop and cap, (2) 2.5" Officer Side Discharges with droops and caps and (2) 2.5" Crosslay Discharges. The discharges are to be labeled and color coded in compliance with current NFPA.	\$ 72,290.00
PLUMBING KITS	4410-0035	Plumbing kit with Hale AP50 (with officer side steamer) pump (500GPM). Includes (1) 2.5" Driver Side Discharge with cap (NO DROOP), (1) 2.5" Officer Side Discharge with cap (NO DROOP) and (1) 1.5" Crosslay Discharge (forward) and (1) 2.5" discharge (rearward) and a Hale TRVL-120 thermal relief valve. Pre-connect storage to be extra capacity (24" deep) with (1) lay of 1.75" DJ at 200' and (2) lays of 2.5" DJ at 200'. Pump intake to have 5" FNPT by 5" NST and a 6" Stortz adaptor with cap by 5" FNST threads (ship loose). The discharges are to be labeled and color coded in compliance with current NFPA. All discharges to have quarter turn bleeder valves.	\$ 57,497.00
PLUMBING KITS	4410-0037	Plumbing Kit for use with a Hale DSD NFPA pump (1250GPM). Includes (1) FRC In-Control display, (1) 2.5" Driver Side Discharge with droop and cap, (1) 2.5" Officer Side Discharges with droop and cap, and (1) 4" Officer discharge with 3" valve and 4" Storz droops adapter and caps and (2) 2.5" Crosslay Discharges. The discharges are to be labeled and color coded in compliance with current NFPA.	\$ 80,295.00
PLUMBING KITS	4410-0039	Plumbing kit with C.E.T. Pump. Includes (2) 1.5" Crosslay Discharges.	\$ 27,532.00
PLUMBING KITS	4410-0040	Plumbing Kit for use with a Hale DSD (5000LPM) ULC pump. Includes (1) FRC In-Control display, (1) 2.5" Driver Side Discharge with droop and cap, (1) 2.5" Officer Side Discharges with droop and cap, and (1) 4" Officer discharge with 3" valve and 4" Storz droops adapter and caps and (2) 2.5" Crosslay Discharges. The discharges are to be labeled and color coded in compliance with current NFPA.	\$ 80,295.00
PLUMBING KITS	4410-0041	Skid Unit. See Quote in truck folder for details.	\$ 43,877.00
PLUMBING KITS	4410-0042	Plumbing Kit for use with a Hale Pump and Top Mount Pump Module. To include the Master Intake and Discharge Gauges, Pressure Governor, (7) 2.5" Pressure Gauges, (1) 2" Tank Fill, (1) 3" tank to pump, (1) 2.5" Driver Side Auxiliary Intake, (2) 2.5" Driver Side Discharger, (1) 3" with 3" valve Driver Side Rear Discharge (droop shipped loose) locate below hosebed, (2) 1.5" Preconnect Discharges, (1) 3" Deck Gun and (2) 6" Intake Caps (Shipped Loose).	\$ 1,693.00
PLUMBING KITS	4410-0044	Plumbing Kit for use with a Hale DSD NFPA pump (1250GPM). Includes (1) FRC In-Control display, (2) 2.5" Driver Side Discharge with droop and cap, (1) 3" Officer Side Discharge with droop and cap and (2) 2.5" Crosslay Discharges. The discharges are to be labeled and color coded in compliance with current NFPA.	\$ 80,827.00
PLUMBING KITS	4410-0045	A skid unit (tank and pump) will be located in the utility bed of the truck. See Long spec for specifications.	\$ 71,448.00

Category	Option	Long Description	Price
PRESSURE GOVERNORS	4465-0043	Smart Flo pressure governor with twist throttle. Includes master intake and discharge gauges, engine gauges, electric pump shift (IPOS) and integrated tank level gage(s). Also includes control screen for 2.1, 3.3 or 5.0 foam system (if equipped).	\$ 7,684.00
PRESSURE GOVERNORS	4465-0044	Smart Flo Plus pressure governor with twist throttle. Includes master intake and discharge gauges, engine gauges, electric pump shift (IPOS), integrated tank level gage(s) and auto recirculation (replacing pump cooler and TRV - requires Akron electric tank to pump vlv). Also includes control screen for 2.1, 3.3 or 5.0 foam system (if equipped).	\$ 11,715.00
PRESSURE GOVERNORS	4465-0045	Smart Flo Advanced pressure governor with twist throttle. Includes master intake and discharge gauges, engine gauges, electric pump shift (IPOS), integrated tank level gage(s), auto recirculation (replacing pump cooler and TRV - requires Akron electric tank to pump vlv), SmartAnodes and gearbox sensors (Hale "Q" pumps only). Also includes control screen for 2.1, 3.3 or 5.0 foam system (if equipped). For use with Hale pumps only.	\$ 21,268.00
PRESSURE GOVERNORS	4465-0046	Class 1 UV-TPG pressure governor. Includes, water, oil, volt and tachometer.	\$ 4,958.00
PRESSURE GOVERNORS	4465-0047	FRC PumpBoss pressure governor PBA500 series. Includes engine monitor gauges.	\$ 5,630.00
PRESSURE GOVERNORS	4465-0048	Vector pressure governor with twist throttle. Includes color display with master intake / discharge gauges and tank level gauges.	\$ 26,106.00
PROTECTIVE COATINGS	1150-0447	LINE-X trim ring for front intake. Ring on top of gravel shield for front intake shall be aluminum and coated with LINE-X.	\$ 614.00
PROTECTIVE COATINGS	1160-0149	LINE-X bumper package: Includes all visible diamond plate/smooth aluminum surfaces including gravel shield, exterior surface of trays and lids(flat or raised). If equipped, exterior of the fabricated booster reel housing, fabricated box for booster reel rollers and winch access door shall be included in this package.	\$ 1,814.00
PROTECTIVE COATINGS	1160-0155	LINE-X bumper: The bottom lip of the bumper shall have LINE-X finish.	\$ 427.00
PROTECTIVE COATINGS	1160-0195	LINE-X bumper: The top lip and radius of the bumper shall have LINE-X finish. Requires formed heavy duty steel bumper.	\$ 427.00
PROTECTIVE COATINGS	1160-0198	LINE-X center tray package: Includes all visible diamond plate/smooth aluminum surfaces including exterior surface of the tray and interior flat lid.	\$ 1,814.00
PROTECTIVE COATINGS	1160-0211	LINE-X bumper tray package (INTERIOR ONLY): Includes all aluminum interior surfaces the tray(s) and lid(s).	\$ 455.00
PROTECTIVE COATINGS	1160-0225	LINE-X bumper package: Includes all surfaces of the bumper, additional welded components, bolt on guards, covers and access doors as applicable. Does not include rubber type bumper padding if applicable.	\$ 1,814.00

PUMP MODULE	3130-0048	Upper TM pump module with back board storage and diamond plate storage pan.	\$ 5,215.00
PUMP MODULE	3130-0050	Stainless steel speedlay module. Includes area for (2) speedlays with trays, (1) area for backboard storage with hinged doors with latches, lower storage compartments with push button latches and running boards.	\$ 6,734.00
PUMP MODULE	3130-0051	Stainless Steel Upper SM pump module with diamond plate storage pan (only).	\$ 3,951.00
PUMP MODULE	3130-0055	Stainless steel speedlay module. Includes area for (3) speedlays with trays, lower storage compartments with push button latches and running boards.	\$ 5,188.00
PUMP MODULE	3130-0056	Speedlay module. Includes removable tray, upper single crosslay and running boards. Locate forward of pump module.	\$ 4,776.00
PUMP MODULE	3130-0058	Full width transverse module. Includes transverse area with full width floor, triple speedlay with removable trays and full width upper storage pan. Module height to match body.	\$ 18,608.00
PUMP MODULE	3130-0059	Pump module HP75 / HP78. Includes running boards.	\$ 14,764.00
PUMP MODULE	3130-0060	Pump module. Includes 52" wide pump panel opening and running boards.	\$ 14,764.00
PUMP MODULE	3130-0061	Pump module. Includes 57" wide pump panel opening and running boards.	\$ 14,764.00
PUMP MODULE	3130-0062	Upper SM pump module with quad single stacked crosslays and diamond plate storage pan.	\$ 4,398.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0063	Upper SM pump module with quad single stacked crosslays and diamond plate storage pan. The rear crosslay is for dry hose storage.	\$ 4,398.00
PUMP MODULE	3130-0064	Upper stainless steel SM pump module with quad single stacked crosslays and diamond plate storage pan.	\$ 5,498.00
PUMP MODULE	3130-0065	Upper stainless steel SM pump module with quad single stacked crosslays and diamond plate storage pan. The rear crosslay is for dry hose storage.	\$ 5,498.00
PUMP MODULE	3130-0067	Upper TM pump module with single stacked triple crosslays. Includes (2) dividers.	\$ 3,617.00
PUMP MODULE	3130-0068	Upper TM pump module with single stacked triple crosslays and backboard storage.	\$ 6,249.00
PUMP MODULE	3130-0069	Upper SM pump module with double stacked triple dry crosslays. Crosslay floor to be hinged and accessed from driver side. Include gas shocks, hold open rod, adj tracks and (2) dividers w/handhold cut-outs on both ends.	\$ 9,118.00
PUMP MODULE	3130-0070	Pump module. Includes lowered area for lowered upper module and 45" wide pump panel opening and running boards.	\$ 12,357.00
PUMP MODULE	3130-0071	Upper SM pump module with single stacked triple crosslay, backboard storage and diamond plate storage pan.	\$ 5,710.00
PUMP MODULE	3130-0072	Upper SM pump module with single stacked triple crosslays and diamond plate storage pan. Upper module to be full width as applicable to match lower module.	\$ 5,479.00
PUMP MODULE	3130-0083	Speedlay module. Includes area for triple speedlays with divider(s) and lower storage compartments with push button latches and running boards.	\$ 4,156.00
PUMP MODULE	3130-0084	Speedlay module to have (2) dividers for a triple speedlay configuration. Each divider to be notched for preconnect nozzles. Preconnect plumbing to be internal to the speedlay.	\$ 765.00
PUMP MODULE	3130-0085	Upper TM pump module with single stacked 2.5" crosslay and 2.5" double single stacked dry crosslay.	\$ 5,234.00
PUMP MODULE	3130-0086	Driver side SM module extension for vertical exhaust. Includes forward extended running board.	\$ 557.00
PUMP MODULE	3130-0087	Upper SM pump module with double crosslay with double stack set-up in single stack depth. Includes backboard storage with raised push button latches and diamond plate storage pan (open back style). Crosslay divider to be adjustable side to side with slat style flooring.	\$ 5,710.00
PUMP MODULE	3130-0088	Speedlay module to have (1) divider for a double configuration. The divider is to be held short for preconnect nozzle. Preconnect plumbing to be internal to the speedlay. Rearward area to be for backboard storage and includes vertically hinged doors with push-button latching.	\$ 1,425.00
PUMP MODULE	3130-0089	Upper SM pump module with (5) single stacked crosslays- (4) 1.5" AND (1) 2.5" rearward. Includes open back style pan for generator.	\$ 5,061.00
PUMP MODULE	3130-0090	Pump module. Includes 63" wide pump panel opening and running boards.	\$ 9,883.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0092	Stainless steel pump module. Includes 63" wide pump panel opening and running boards.	\$ 12,357.00
PUMP MODULE	3130-0093	Upper SM pump module with double stacked triple crosslays and diamond plate storage pan.	\$ 3,987.00
PUMP MODULE	3130-0094	Class 1 Tradition Pump Module. Includes additional forward 3" vertical extrusion and double stacked double crosslay. See Product Management for any questions.	\$ 97,441.00
PUMP MODULE	3130-0095	Crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) diamond plate gator grip step each side and access handrails mounted on the pump module.	\$ 3,287.00
PUMP MODULE	3130-0096	Speedlay module(stacked). Includes area for (2) stacked speedlays and (1) upper speedlay (crosslay style), lower storage compartments with push button latches and running boards. Lower speedlay, upper speedlay and crosslay.	\$ 4,632.00
PUMP MODULE	3130-0098	Speedlay module full width. Includes area for (4) speedlays, (2) speedlays (stacked) per side with partition in center of module. Includes lower storage compartments with push button latches.	\$ 7,529.00
PUMP MODULE	3130-0099	Pump module. Includes 45" wide pump panel opening and running boards. Interior of module to have 70" width.	\$ 9,883.00
PUMP MODULE	3130-0100	Upper SM pump module with triple single stacked crosslays and diamond plate storage pan. Module is for use with a wider lower module base. To include a non-stepped pan with 1.5" extrusion rearward and narrow crosslay widths.	\$ 3,658.00
PUMP MODULE	3130-0101	Upper SM pump module with single stacked double crosslay, backboard storage and diamond plate storage pan. Interior to be 70" wide to match lower module.	\$ 4,970.00
PUMP MODULE	3130-0102	Speedlay module (stacked). Includes area for (2) speedlays, lower storage compartments with push button latches and running boards.	\$ 4,156.00
PUMP MODULE	3130-0103	Speedlay module 13" external width (10" wide speedlay area). Includes area for (2) speedlays with center divider for 200' of 1.75" DJ hose each, lower storage compartments with push button latches and running boards.	\$ 3,413.00
PUMP MODULE	3130-0104	Top mount enclosed pump module. Includes full width single crosslay, backboard storage and storage pan with push button latches and enclosed side pump panels with AM Roll-Up Doors.	\$ 27,873.00
PUMP MODULE	3130-0105	Ladder access and egress to top of body at [#LOC]. Industrial application	\$ 990.00
PUMP MODULE	3130-0106	Upper pump module. Includes double, double stacked crosslay area (rearward of module). Forward area to have storage for tools and backboards (horizontally stored). To include diamond plate hinged doors on sides (vertically hinged). The upper are is to have a diamond plate top.	\$ 9,590.00
PUMP MODULE	3130-0107	Speedlay module. Includes area for (2) speedlays with dividers, (1) area for backboard storage with hinged doors with latches, lower storage compartments with push button latches and running boards.	\$ 5,390.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

PUMP MODULE	3130-0108	Upper TM pump module with double stacked triple crosslays (single stack depth).	\$ 5,234.00
PUMP MODULE	3130-0109	Upper TM pump module with single stacked single crosslay, backboard storage and diamond plate storage pan. 2.5" crosslay to be rearward of the backboard storage.	\$ 5,234.00
PUMP MODULE	3130-0111	Upper SM pump module with single stacked triple crosslay, backboard storage and diamond plate storage pan.	\$ 7,135.00
PUMP MODULE	3130-0112	Pump Module. Includes 59" wide pump panel opening and running boards. Required with CAFS system. Interior of module to have 70" width.	\$ 9,883.00
PUMP MODULE	3130-0113	TM Pump Module. Includes triple crosslay area (crosslays to be 4.25"-divider-4.25"-divider-4.25" dry lay with stops provided, bottom of crosslay to be max of 60.5" from ground level with air suspension lowered. In reference to stops provided. Preconnect 1 will be enclosed on driver's side and preconnect 2 will be enclosed on officer's side). Walkway on this module is wider front to rear than standard and the walkway is incorporated into the main module. Driver and Officer runningboard hose trays to be angled and "floating" style..	\$ 17,044.00
PUMP MODULE	3130-0114	Pump module. Includes 51" wide pump panel opening and running boards. Interior of module to have 70" width.	\$ 10,054.00
PUMP MODULE	3130-0115	Upper SM pump module with single stacked double crosslays and diamond plate storage pan. Interior of module to have 70" width.	\$ 2,920.00
PUMP MODULE	3130-0116	Pump module. Includes 39" wide pump panel opening and running boards. Interior of module to have 70" width.	\$ 10,054.00
PUMP MODULE	3130-0117	Pump module. Includes 57" wide pump panel opening and running boards. Interior of module to have 70" width.	\$ 10,054.00
PUMP MODULE	3130-0118	Pump module. Includes 63" wide pump panel opening and running boards. Interior of module to have 70" width.	\$ 10,054.00
PUMP MODULE	3130-0119	Upper TM pump module with diamond plate storage pan. Interior to be 70" wide to match lower module.	\$ 3,413.00
PUMP MODULE	3130-0120	Crosswalk module. Includes running boards, (1) folding step each side and access handrails mounted on the pump module. Interior to be 70" to match lower module.	\$ 1,955.00
PUMP MODULE	3130-0121	Crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) folding step each side and access handrails mounted on the pump module. Interior to be 70" wide to match lower module.	\$ 2,846.00
PUMP MODULE	3130-0122	Speedlay module. Includes area for (2) speedlays with trays, (1) area for dry storage, lower storage compartments with push button latches and running boards. Interior to be 70" wide to match lower module.	\$ 3,413.00
PUMP MODULE	3130-0123	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards Interior to be 70" wide to match lower module.	\$ 4,363.00

PUMP MODULE	3130-0160	Speedlay module(stacked). Includes area for (2) 1.75" speedlays, lower storage compartments with push button latches and running boards. Interior to be 70" wide to match lower module.	\$ 4,156.00
PUMP MODULE	3130-0161	Speedlay module(stacked). Includes area for (2) 1.75" speedlays, lower storage compartments with push button latches and running boards. Interior to be 70" wide to match lower module.	\$ 3,413.00
PUMP MODULE	3130-0162	Speedlay module. Includes area for (2) speedlays with dividers, (1) area for backboard storage with hinged doors with latches, lower storage compartments with push button latches and running boards. Interior to be 70" wide to match lower module.	\$ 5,390.00
PUMP MODULE	3130-0163	Upper SM pump module with single stacked triple crosslay, backboard storage and diamond plate storage pan. Interior to be 70" wide to match lower module.	\$ 7,135.00
PUMP MODULE	3130-0164	Upper SM pump module with double stacked triple crosslays (single stacked depth) and diamond plate storage pan.	\$ 8,454.00
PUMP MODULE	3130-0165	Upper SM pump module with (5) single stacked crosslays. (4) single stacked 1.5" crosslays, (1) single stacked 2.5" crosslay rearward and diamond plate storage pan.	\$ 5,061.00
PUMP MODULE	3130-0166	Pump Module to be 72" wide (side to side). Includes upper, lower, crosswalk, speedlay and tranverse module(s) if applicable.	\$ 1,287.00
PUMP MODULE	3130-0168	Upper SM pump module with triple single stacked crosslays and wide dry crosslay storage area. The area rearward of crosslays is for deck gun channel.	\$ 14,859.00
PUMP MODULE	3130-0169	Transverse module to hold: Lower section (1) Stokes basket and (2) backboards. Upper section to hold miscellaneous long handled tools.	\$ 1,214.00
PUMP MODULE	3130-0170	Upper SM pump module with double stacked (dry) crosslays and diamond plate storage pan.	\$ 2,920.00
PUMP MODULE	3130-0171	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for triple stacked double crosslay. Transverse floor to be over framerails only, do not extend over tool compartments.	\$ 7,869.00

Category	Option	Long Description	Price
PUMP MODULE	3130-0172	Upper SM pump module with triple stacked double crosslays and diamond plate storage pan.	\$ 5,234.00
PUMP MODULE	3130-0173	Stainless steel speedlay module. Includes area for (2) speedlays with center divider, lower storage compartments with push button latches and running boards.	\$ 4,265.00
PUMP MODULE	3130-0174	Pump module for top mount enclosed operation. Includes 57" panel opening and area for double stacked double crosslay with storage pan. Module has sanded finish and crosslay floors are slotted for draining.	\$ 19,622.00
PUMP MODULE	3130-0175	Raised crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) diamond plate walkway step w/gator grip each side and access handrails mounted on the pump module. Includes 8" raise with 5" high storage compartment with drop down diamond plate doors with push button latches.	\$ 5,503.00
PUMP MODULE	3130-0176	Upper TM pump module with double stacked double crosslays with backboard storage.	\$ 6,851.00
PUMP MODULE	3130-0177	Upper SM pump module with backboard storage and diamond plate storage pan. Backboard storage to be located rearward of storage pan. Deck gun channel to be located between pan and back board compartment.	\$ 4,783.00
PUMP MODULE	3130-0178	Upper SM pump module with 2.5" single stacked double crosslays and diamond plate storage pan.	\$ 3,646.00
PUMP MODULE	3130-0179	Speedlay module(stacked). Includes area for (2) stacked speedlays and (1) upper storage compartment, lower storage compartments with push button latches and running boards. Lower 1.75 speedlay and upper 2.5 speedlay. Single diamond plate cover for upper storage area. Includes (1) grab handle and (2) hold downs.	\$ 7,188.00
PUMP MODULE	3130-0180	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for single stacked triple crosslay.	\$ 7,869.00
PUMP MODULE	3130-0181	Pump/Speedlay Module. Includes area for runningboards, upper side stainless steel panels, (2) removable speedlay trays and upper dunage storage pan.	\$ 22,787.00
PUMP MODULE	3130-0182	Upper SM pump module with triple crosslays (single stacked depth) and diamond plate storage pan. Forward crosslays to be double stacked and rearward crosslay to be single stacked dry lay.	\$ 9,192.00
PUMP MODULE	3130-0183	Upper SM pump module with double stacked triple crosslays and diamond plate storage pan. Upper module to be full width as applicable to match lower module.	\$ 8,783.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0184	Pump module top mount with speedlays. Includes 41" wide pump panel opening, dunnage pan and running boards. Raised top mount walkway includes storage compartments with D-Ring latches, (1) 5" diamond plate top mount walkway step with gator grip each side and access handrails mounted on the pump module. Raised walkway for backboard storage includes diamond plate door with push button latches. Includes area for (2) speedlays with 1.5" plumbing. Driver and Officer side upper pump access panels to be horizontally hinged with diamond plate doors. Includes (2) D-Ring latches and (2) gas shock hold opens for each.	\$ 19,501.00
PUMP MODULE	3130-0186	Upper TM pump module with double stacked single 2.5" crosslay. Includes area for dry crosslay storage rearward of 2.5".	\$ 5,234.00
PUMP MODULE	3130-0187	Upper SM pump module with triple single stacked crosslays and diamond plate storage pan. Each crosslay to be 6" wide for nozzle storage.	\$ 4,127.00
PUMP MODULE	3130-0188	Upper TM pump module with single stacked quad crosslays. Includes (3) dividers.	\$ 3,981.00
PUMP MODULE	3130-0189	Upper SM pump module with backboard storage and diamond plate storage pan. Backboard storage to be located forward of storage pan.	\$ 4,783.00
PUMP MODULE	3130-0190	Top Mount Pump Module. Includes area for single stacked double crosslay (notched divider) and TM walkway with folding steps with integral lights and (2) vertical handrails.	\$ 3,922.00
PUMP MODULE	3130-0191	Top Mount Pump Module. Includes area for single stacked triple crosslay (notched dividers) and TM walkway with folding steps with integral lights and (2) vertical handrails.	\$ 4,756.00
PUMP MODULE	3130-0193	Side Mount Pump Module. Includes area for single stacked triple crosslay (notched dividers).	\$ 851.00
PUMP MODULE	3130-0194	Top Mount Pump Module. Includes area for a double speedlay and TM walkway with folding steps with integral lights and (2) vertical handrails.	\$ 6,199.00
PUMP MODULE	3130-0195	Top Mount Pump Module. Includes area for a double speedlay, single crosslay and TM walkway with folding steps with integral lights and (2) vertical handrails.	\$ 7,032.00
PUMP MODULE	3130-0196	Upper SM pump module with single stacked double crosslay, backboard storage and diamond plate storage pan. Backboard storage opening to be 6.5" wide.	\$ 8,566.00
PUMP MODULE	3130-0197	Upper SM pump module with double stacked double crosslay for 400' of 1.75" hose in each crosslay, backboard storage and diamond plate storage pan.	\$ 9,762.00
PUMP MODULE	3130-0198	Upper TM pump module with single stacked double crosslays. Each crosslay to hold 100' of 3" DJ.	\$ 8,051.00
PUMP MODULE	3130-0199	Upper SM pump module with single stacked triple crosslays and diamond plate storage pan. (2) Backboard and Ferno model 6 or EXL scoop stretcher storage box located below the storage pan with lift-up diamond plate door with thumb latches each side. Upper module to be full width as applicable to match lower module.	\$ 10,831.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

PUMP MODULE	3130-0200	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for single stacked quad crosslay. Plumbing to terminate thru outboard extrusion as follows: #1 driver side, #2 officer side, #3 driver side and #4 officer side.	\$ 11,551.00
PUMP MODULE	3130-0201	Upper SM pump module with 2.5" double stacked double crosslay and diamond plate storage pan. Both preconnects to be offset to officer side of module.	\$ 10,111.00
PUMP MODULE	3130-0202	Speedlay module(stacked). Includes area for (3) speedlays, lower storage compartments with push button latches and running boards.	\$ 4,632.00
PUMP MODULE	3130-0203	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and upper area for triple stacked double crosslay with backboard storage.	\$ 9,317.00
PUMP MODULE	3130-0204	Pump module for top mount enclosed operation. Includes 47" panel opening, area for double stacked single crosslay, area for double stacked double speedlay with trays stacked side by side, lower storage compartments with D-ring latches and running boards. Crosslay floor to be slotted for draining. Includes backboard storage forward of crosslay. Includes deck gun channel and open back storage pan rearward of crosslay.	\$ 25,414.00
PUMP MODULE	3130-0205	Upper TM pump module with backboard storage and diamond plate storage pan. Backboard storage located rearward of storage pan.	\$ 4,176.00
PUMP MODULE	3130-0206	Upper SM pump module with 2.5" double stacked double crosslays and diamond plate storage pan.	\$ 9,025.00
PUMP MODULE	3130-0207	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for double stacked double crosslay.	\$ 9,065.00
PUMP MODULE	3130-0208	Pump/Speedlay Module. Includes area for E-ONE supplied runningboards, (2) removable speedlay trays and upper diamond plate panels/doors for access to (2) horizontally stored backboards.	\$ 23,666.00
PUMP MODULE	3130-0209	Crosswalk module. Includes walkway storage compartments with D-ring latches, running boards, (1) folding step each side and access handrails mounted on the pump module.	\$ 3,427.00
PUMP MODULE	3130-0210	Speedlay module. Includes area for (2) speedlays with trays, (1) area for backboard storage with hinged doors with latches, lower storage compartments with D-ring latches and running boards. Speedlays to hold 250' of 1.75" DJ hose.	\$ 6,787.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0211	Upper SM pump module with quad single stacked crosslays and diamond plate storage pan. Preconnects to located as follows: Preconnects 1 and 3 to be offset to officer side, Preconnects 2 and 4 to be offset to driver side. Crosslays to be 66" high from ground. Includes diamond plate access door on officer side of module with push button latches.	\$ 7,994.00
PUMP MODULE	3130-0212	Pump module. Includes 57" wide pump panel opening and running boards. Crosslays to be 66" high from ground.	\$ 12,282.00
PUMP MODULE	3130-0213	Speedlay module to be mounted with backboard storage located forward.	\$ 600.00
PUMP MODULE	3130-0214	Upper SM pump module with single stacked single crosslay and diamond plate storage pan.	\$ 8,439.00
PUMP MODULE	3130-0215	Transverse Module (full width). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring). Upper area for double stacked double crosslay.	\$ 7,834.00
PUMP MODULE	3130-0216	Upper SM pump module with double stacked triple crosslays and diamond plate storage pan.	\$ 13,242.00
PUMP MODULE	3130-0217	Speedlay module(stacked). Includes area for (3) 1.75" speedlays, lower storage compartments with push button latches and running boards. Upper speedlay to be dry lay.	\$ 4,632.00
PUMP MODULE	3130-0218	Upper TM pump module with 2.5" triple stacked single crosslay.	\$ 8,412.00
PUMP MODULE	3130-0219	Enclosed Pump Module with Triple Speedlays. Includes 45" wide pump panel opening. Includes area for (3) speedlays with trays, lower storage compartments with push button latches forward of pump panel opening. Upper module area to have storage pan.	\$ 35,138.00
PUMP MODULE	3130-0220	TM Upper module. Includes wide pan and open back style for special reel requirement.	\$ 8,205.00
PUMP MODULE	3130-0221	TM Pump Module. Includes triple crosslay area (crosslays to be 4.25"-divider-4.25"-divider-4.25") Rearward crosslay to be for a dry lay. Bottom of crosslay to be max of 60.5" from ground level with air suspension lowered. Walkway on this module is wider front to rear than standard and the walkway is incorporated into the main module. Driver and Officer runningboard hose trays to be angled and "floating" style. Special top mount diamond plate walkway access steps. Each step to be positioned where top stepping surface is centered between top of runningboard and top of walkway.	\$ 17,381.00
PUMP MODULE	3130-0222	Upper TM pump module with single stacked double crosslays. Rearward crosslay to hold 2.5" DJ hose.	\$ 4,330.00
PUMP MODULE	3130-0223	Upper rear compartment depth to be approximately 29" deep.	\$ 1,024.00
PUMP MODULE	3130-0224	Upper TM pump module with single stacked triple crosslays, dunnage storage pan and backboard storage. Storage pan located between T/M panel and backboard storage.	\$ 7,754.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0225	Pump module. Includes 45" wide pump panel opening and running boards. Includes area forward of pump panel opening for (2) speedlays (stacked), lower storage compartments with push button latches.	\$ 16,774.00
PUMP MODULE	3130-0226	Upper SM pump module with double stacked double crosslay (single stack depth) and diamond plate storage pan. Built in compartment on officer side of module rearward of crosslays. Compartment dimensions to be approx. 18.5"W x 20"H x 20"D, includes stainless steel door with push button latches. Storage pan to be stepped around compartment. Crosslay divider to be adjustable side to side.	\$ 8,312.00
PUMP MODULE	3130-0227	Pump module. Includes lowered area for lowered upper module and 51" wide pump panel opening and running boards.	\$ 12,357.00
PUMP MODULE	3130-0228	Upper SM pump module with single stacked double crosslay, backboard storage and diamond plate storage pan. 2.5" plumbing for rear crosslay.	\$ 6,132.00
PUMP MODULE	3130-0229	Speedlay module. Includes area for triple speedlays with divider(s) and lower storage compartments with push button latches and running boards.	\$ 6,433.00
PUMP MODULE	3130-0231	Speedlay module. Includes area for triple speedlays with divider(s) and lower storage compartments with D-ring latches and running boards.	\$ 4,584.00
PUMP MODULE	3130-0232	Speedlay module(stackd). Includes area for (3) speedlays, lower storage compartments with push button latches and running boards.	\$ 5,648.00
PUMP MODULE	3130-0233	Speedlay module. Includes area for triple speedlays with divider(s) and lower storage compartments with push button latches and running boards. Forward speedlay to have 2.5" plumbing.	\$ 4,692.00
PUMP MODULE	3130-0234	Pump module. Includes 45.5" wide pump panel opening and running boards. Lowered to 45.5" high to allow approx 69" high crosslay height from ground.	\$ 12,214.00
PUMP MODULE	3130-0235	TM Pump Module. Includes triple crosslay area (crosslays to be 4.25"-divider-4.25"-divider-4.25") and backboard storage forward of crosslays. Bottom of crosslays to be approx. 67" from ground level with air suspension full. Walkway on this module is wider front to rear than standard and the walkway is incorporated into the main module. Driver and Officer runningboards to have hose storage trays. Special top mount diamond plate walkway access steps. Each step to be positioned where top stepping surface is centered between top of runningboard and top of walkway.	\$ 17,381.00
PUMP MODULE	3130-0236	Upper SM pump module with double stacked double crosslays and diamond plate storage pan. Storage pan to be open back style.	\$ 9,404.00
PUMP MODULE	3130-0237	Upper TM pump module with 2.5" double stacked single crosslay.	\$ 3,257.00
PUMP MODULE	3130-0238	Speedlay module. 48"H IPO 54.5"H so as not to block rear windows. Includes area for (2) speedlays with center divider, lower storage compartments with push button latches and running boards.	\$ 6,479.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

PUMP MODULE	3130-0239	Upper TM pump module with single stacked double crosslays and diamond plate storage pan.	\$ 4,762.00
PUMP MODULE	3130-0240	Pump module. Includes 51" wide pump panel opening and running boards. Includes modifications for 4x4 and plumbing applications as required.	\$ 12,354.00
PUMP MODULE	3130-0241	Upper SM pump module with single stacked triple crosslay, backboard storage and diamond plate storage pan. Includes 8"W x 8"H storage rearward of the backboard storage and below the storage pan.	\$ 10,036.00
PUMP MODULE	3130-0242	Speedlay module(stacked). Includes area for (2) stacked speedlays and (1) upper speedlay (crosslay style), lower storage compartments with push button latches and running boards. Lower speedlay, upper speedlay and crosslay. For use with removable or slide-master tray(s).	\$ 5,774.00
PUMP MODULE	3130-0243	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for triple stacked double crosslay. Includes backboard storage in transverse upper for (5) backboards, each backboard slot be approx. 3" wide.	\$ 11,109.00
PUMP MODULE	3130-0244	Upper SM pump module with single stacked double crosslays and diamond plate storage pan. Crosslays to be 28" deep.	\$ 3,999.00
PUMP MODULE	3130-0245	Speedlay module (stacked). Includes area for (2) stacked speedlays with removable trays (each to hold 250' of 2.5" DJ triple stacked), lower storage compartments with push button latches, running boards and upper area dunnage pan.	\$ 15,286.00
PUMP MODULE	3130-0246	Upper SM pump module with single stacked triple crosslay, backboard storage and diamond plate storage pan. Forward (2) crosslay to be 6" wide and the rearward crosslay to be 6.75" wide.	\$ 8,954.00
PUMP MODULE	3130-0247	Upper SM pump module with triple crosslays and diamond plate storage pan. Forward (2) crosslays to be single stack and rearward crosslay to be double stack.	\$ 8,189.00
PUMP MODULE	3130-0248	Pump module - one piece. Includes 45.5" wide pump panel opening and running boards.	\$ 9,883.00
PUMP MODULE	3130-0249	Single stacked triple crosslays and diamond plate storage pan. Crosslays 5.5" wide each to hold 200'-1.75"DJ or 150-200'-2.5"DJ.	\$ 3,658.00
PUMP MODULE	3130-0250	Pump module. Includes 45" wide pump panel opening. Running boards to be smooth plate with gator grip and painted black duraback.	\$ 11,176.00
PUMP MODULE	3130-0251	Speedlay/crosslay module (stacked). Includes area for (2) speedlays with removable trays (each to hold 200' of 1.75" DJ), upper crosslay for storage of 200' of 2.5" DJ, lower storage compartments with push button latches and running boards.	\$ 15,286.00
PUMP MODULE	3130-0252	Upper SM pump module with double stacked single crosslay and diamond plate storage pan. Crosslay to be dry lay.	\$ 6,165.00
PUMP MODULE	3130-0254	Pump module. Includes 75" wide pump panel opening and running boards.	\$ 9,883.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0255	Pump/Speedlay Module. Includes area for E-ONE supplied runningboards, (2) removable speedlay trays and upper diamond plate panels/doors for access to (2) horizontally stored backboards.	\$ 11,476.00
PUMP MODULE	3130-0257	Crosslay plumbing to be run thru a channel on each side of forward upper corner of the lower module. Preconnects to located as follows: Preconnects 1 and 3 to be offset to officer side, Preconnect 2 to be offset to driver side. The plumbing channel to be the width of the crosslay opening. The plumbing channels may require the pump panel and/or pump access door(s) to be modified for clearance.	\$ 2,412.00
PUMP MODULE	3130-0258	Pump/Speedlay Module. Includes main module lower stainless steel side panels (officer side main panel to be vertically main hinged), diamond plate runningboards, (2) removable speedlay trays with side hand-holds. Upper module to have dunnage storage area.	\$ 17,349.00
PUMP MODULE	3130-0259	Pump module. Includes 51" wide pump panel opening and running boards. Lowered to allow 70" high crosslay height from ground.	\$ 12,042.00
PUMP MODULE	3130-0261	Pump module to have triple crosslay configuration (rearward crosslay for dry lay storage only). No plumbing will go to this area (note officer side rear 2.5" discharge application). Rearward area will have floor slotted and will have full capability to have a discharge added for future use.	\$ 486.00
PUMP MODULE	3130-0262	Pump module. Includes 45" wide pump panel opening and running boards. Includes modifications for 4x4 and plumbing applications as required.	\$ 12,354.00
PUMP MODULE	3130-0263	Side mount pump module. Includes upper area for double stacked double preconnects with area for dead lay of hose. Side panels to be stainless steel and backside of module to have diamond plate trim. Includes red crosslay cover with mechanical hold downs and quick release side flaps.	\$ 1,958.00
PUMP MODULE	3130-0264	Upper SM pump module with single stacked triple crosslays and diamond plate storage pan. Storage pan to be open back style.	\$ 3,658.00
PUMP MODULE	3130-0265	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for triple crosslay, forward (2) crosslays to be single stacked and rearward crosslay to be double stacked.	\$ 9,551.00
PUMP MODULE	3130-0266	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for double stacked double crosslay.	\$ 9,065.00
PUMP MODULE	3130-0267	Pump/Speedlay Module. Includes double stacked single crosslay located above the (2) speedlays in the lower area. Includes area for E-ONE supplied runningboards and (2) removable speedlay trays.	\$ 20,399.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0271	Upper SM pump module with triple crosslays and diamond plate storage pan. Forward (2) crosslays to be single stack and rearward crosslay to be double stack. Crosslay plumbing to be located centered in place of outboard.	\$ 8,189.00
PUMP MODULE	3130-0272	Transverse Module (narrow). Module to be unpainted. Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring full width) and running boards. Module to be same height as main pump module.	\$ 5,143.00
PUMP MODULE	3130-0273	Pump module. Includes 51" wide pump panel opening and running boards. Crosslays to be 73" high from ground.	\$ 14,205.00
PUMP MODULE	3130-0274	Upper SM pump module with double stacked (single stack depth) double crosslays and diamond plate storage pan. Front headboard stepped down 5" to allow 18" deep crosslays.	\$ 5,819.00
PUMP MODULE	3130-0275	Upper SM pump module with single stacked double crosslay, backboard storage and diamond plate storage pan. Storage pan to be open back style due to Honda Generator. Storage pan to be 15.75" deep with 3" extrusions to step up generator for air flow.	\$ 7,133.00
PUMP MODULE	3130-0276	Speedlay module. Includes area for triple speedlays with divider(s) and lower storage compartments with push button latches and running boards. Speedlay module tool compartments to be 20" high.	\$ 5,775.00
PUMP MODULE	3130-0277	Speedlay module. Includes area for (2) speedlays with trays, lower storage compartments with push button latches and running boards.	\$ 3,844.00
PUMP MODULE	3130-0278	Pump module. Includes 45" wide pump panel opening and running boards. Includes area forward of pump panel opening for (2) speedlays (stacked), lower storage compartments with push button latches	\$ 14,614.00
PUMP MODULE	3130-0279	Upper TM pump module with double stacked single crosslay and backboard storage. Crosslay to be rearward of the backboard storage. Crosslay to hold 3" DJ hose.	\$ 8,579.00
PUMP MODULE	3130-0280	Upper SM pump module with single stacked triple crosslay, backboard storage and diamond plate storage pan. Rearward crosslay to be double stacked for extra capacity.	\$ 8,954.00
PUMP MODULE	3130-0281	Stainless steel 46" wide lower pump module. Includes side running boards with Gator Grip.	\$ 9,883.00
PUMP MODULE	3130-0282	Stainless steel 46" wide lower pump module. Includes side running boards with Bustin Tread inserts.	\$ 9,883.00
PUMP MODULE	3130-0283	Stainless steel 50" wide lower pump module. Includes side running boards with Gator Grip.	\$ 9,883.00
PUMP MODULE	3130-0284	Stainless steel 50" wide lower pump module. Includes side running boards with Bustin Tread inserts.	\$ 9,883.00
PUMP MODULE	3130-0285	Stainless steel 54" wide lower pump module. Includes side running boards with Gator Grip.	\$ 9,883.00
PUMP MODULE	3130-0286	Stainless steel 54" wide lower pump module. Includes side running boards with Bustin Tread.	\$ 9,883.00

PUMP MODULE	3130-0287	Stainless steel 60" wide lower pump module. Includes side running boards with Gator Grip. This size required for most CAFS units.	\$ 9,883.00
PUMP MODULE	3130-0288	Stainless steel 60" wide lower pump module. Includes side running boards with Bustin Tread. This size required for most CAFS units.	\$ 9,883.00
PUMP MODULE	3130-0289	Upper SM stainless steel pump module with single stacked double crosslays and top open storage with treadplate flooring.	\$ 2,920.00
PUMP MODULE	3130-0290	Upper SM stainless steel pump module with double stacked double crosslays and top open storage with treadplate flooring.	\$ 2,920.00
PUMP MODULE	3130-0291	Upper SM stainless steel pump module with single stacked triple crosslays and top open storage with treadplate flooring.	\$ 3,658.00
PUMP MODULE	3130-0292	Upper SM stainless steel pump module with double stacked triple crosslays and top open storage with treadplate flooring.	\$ 3,658.00
PUMP MODULE	3130-0293	Upper SM stainless steel pump module with single stacked double crosslays and a backboard with top open storage with treadplate flooring.	\$ 4,970.00
PUMP MODULE	3130-0294	Upper SM stainless steel pump module with double stacked double crosslays and a backboard plus top open storage with treadplate flooring.	\$ 4,970.00
PUMP MODULE	3130-0295	Upper SM stainless steel pump module with single stacked triple crosslays and a backboard with top open storage with treadplate flooring.	\$ 5,710.00
PUMP MODULE	3130-0296	Upper SM stainless steel pump module with double stacked triple crosslays and a backboard with top open storage with treadplate flooring.	\$ 5,710.00
PUMP MODULE	3130-0297	Upper SM stainless steel pump module without crosslays. Top open storage only with treadplate flooring. For use with crosslays mounted on top of a front of pump transverse storage module, or with preconnects in the main hose bed, or as otherwise specified.	\$ 3,168.00
PUMP MODULE	3130-0298	Upper TM stainless steel pump module with single stacked double crosslays and top open storage with treadplate flooring.	\$ 3,257.00
PUMP MODULE	3130-0299	Upper TM stainless steel pump module with single stacked double crosslays and a backboard with top open storage (if space available) with treadplate flooring.	\$ 5,234.00
PUMP MODULE	3130-0300	Upper TM stainless steel pump module without crosslays. Top open storage only with treadplate flooring. For use with various preconnected discharge options.	\$ 3,413.00
PUMP MODULE	3130-0301	Speedlay module. Includes area for (2) speedlays, (1) area for backboard storage with hinged doors with latches, stainless steel lower storage compartments with push-button latches and running boards.	\$ 5,390.00
PUMP MODULE	3130-0302	Speedlay module. Includes area for (3) speedlays, stainless steel lower storage compartments with push-button latches and running boards.	\$ 4,156.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0303	Speedlay module. Includes area for (2) 1-3/4" speedlays with a sliding tray and center divider, stainless steel lower storage compartments with push-button latches and running boards.	\$ 3,413.00
PUMP MODULE	3130-0304	Speedlay module. Includes area for (2) speedlays with dividers, (1) area for backboard storage with hinged doors with latches, stainless steel lower storage compartments with push button latches and running boards.	\$ 5,390.00
PUMP MODULE	3130-0305	Speedlay module. Includes area for triple speedlays with dividers and stainless steel lower storage compartments with push-button latches and running boards.	\$ 4,156.00
PUMP MODULE	3130-0306	Transverse Module (narrow). Located forward of pump area. Includes a single stainless steel compartment opening per side (with a shallow lower area and a transverse upper area with SS flooring) and running boards with Gator Grip.	\$ 4,363.00
PUMP MODULE	3130-0307	Transverse module (20" wide) with brushed stainless steel doors. Located forward of pump area and welded integral. Includes a single stainless steel compartment opening per side (with a shallow lower area and a transverse upper area) and side running boards with Bustin Tread.	\$ 4,363.00
PUMP MODULE	3130-0308	Crosswalk module. Includes stainless steel walkway storage compartments with lift-up access lids and butterfly latches, non-skid running boards with Bustin Tread, and access hand rails mounted one each side to the front of the pump enclosure assembly.	\$ 2,846.00
PUMP MODULE	3130-0309	Speedlay module (stacked). Module to be full width. Includes area for (2) stacked speedlays and (1) upper speedlay (crosslay style), lower storage compartments with push button latches and running boards. Lower speedlay, upper speedlay and crosslay. For use with removable or slide-master tray(s).	\$ 8,366.00
PUMP MODULE	3130-0310	Upper SM pump module with diamond plate storage pan (only). Upper module to be full width as applicable to match lower module.	\$ 5,765.00
PUMP MODULE	3130-0311	Speedlay module(stackd). Includes area for (2) stacked speedlays, lower storage compartments with push button latches and running boards. For use with removable or slide-master tray(s).	\$ 4,584.00
PUMP MODULE	3130-0312	Upper SM pump module with double stacked double crosslay and diamond plate storage pan. Area rearward of crosslays to be raised 12" due to ladder tunnel above the tank.	\$ 8,954.00
PUMP MODULE	3130-0313	Pump module. Includes 51" wide pump panel opening and running boards. Crosslays to be 66" high from ground.	\$ 12,282.00
PUMP MODULE	3130-0314	Pump module. Includes 39" wide pump panel opening and running boards. Includes area forward of pump panel opening for (2) speedlays (stacked), lower storage compartments with push button latches.	\$ 16,774.00
PUMP MODULE	3130-0315	Pump module. Includes 57" wide pump panel opening and running boards. Includes modifications for 4x4 and plumbing applications as required.	\$ 12,354.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0318	Upper SM pump module with double stacked (single stacked depth) double crosslays and diamond plate storage pan.	\$ 3,658.00
PUMP MODULE	3130-0319	Upper SM pump module with triple crosslays (single stacked depth) and diamond plate storage pan. Forward crosslays to be double stacked and rearward crosslay to be single stacked dry lay.	\$ 4,932.00
PUMP MODULE	3130-0320	Pump module. Includes 45" wide pump panel opening and running boards. Lowered to allow 70" high crosslay height from ground.	\$ 12,042.00
PUMP MODULE	3130-0321	Pump module. Includes 51" wide pump panel opening and running boards. Includes area forward of pump panel opening for (2) speedlays (stacked), lower storage compartments with push button latches. For use with removable or slide-master tray(s).	\$ 17,207.00
PUMP MODULE	3130-0322	Pump module. Includes 33" wide pump panel opening and running boards.	\$ 9,883.00
PUMP MODULE	3130-0323	Pump module. Includes 39" wide pump panel opening and running boards. Includes modifications for 4x4 and plumbing applications as required.	\$ 12,354.00
PUMP MODULE	3130-0324	Crosswalk module. Includes running boards, (1) folding step each side and access handrails mounted on the pump module. Includes modifications for 4x4 and plumbing applications as required.	\$ 2,443.00
PUMP MODULE	3130-0325	Transverse Module (narrow). Module to be located forward of the main pump module and match main module in height and finish. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring full width) and running boards.	\$ 5,744.00
PUMP MODULE	3130-0326	Top Mount Pump Module. Includes area for single stacked double crosslay (notched divider) and TM walkway with dual lighted LED folding steps with integral lights and (2) vertical handrails.	\$ 3,922.00
PUMP MODULE	3130-0327	Top Mount Pump Module. Includes area for single stacked triple crosslay (notched dividers) and TM walkway with dual lighted LED folding steps with integral lights and (2) vertical handrails.	\$ 4,756.00
PUMP MODULE	3130-0328	Top Mount Pump Module. Includes area for a double speedlay and TM walkway with dual lighted LED folding steps with integral lights and (2) vertical handrails.	\$ 6,199.00
PUMP MODULE	3130-0329	Top Mount Pump Module. Includes area for a double speedlay, single crosslay and TM walkway with dual lighted LED folding steps with integral lights and (2) vertical handrails.	\$ 7,032.00
PUMP MODULE	3130-0330	Crosswalk module. Includes running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module.	\$ 1,955.00
PUMP MODULE	3130-0331	Crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module.	\$ 2,846.00

Category	Option	Long Description	Price
PUMP MODULE	3130-0332	Speedlay module(stacked). Includes area for (2) stacked speedlays and (1) upper speedlay (crosslay style, plumbing to be offset to driver side), lower storage compartments with push button latches and running boards. Lower speedlay, upper speedlay and crosslay. For use with removable or slide-master tray(s).	\$ 5,774.00
PUMP MODULE	3130-0333	Upper SM pump module with bolt-on top. Includes bracing below bolt-on top for light tower mounting. Vertically hinged stainless steel panels with push button latches on each side of the module.	\$ 3,168.00
PUMP MODULE	3130-0335	Top mount pump module (25MF) with area for double stacked crosslays w/divider and driver and officer side pump access panels (hinged).	\$ 3,981.00
PUMP MODULE	3130-0336	Top mount pump module (25MF) with area for double speedlays and driver and officer side pump access panels (hinged). Upper area behind TM includes panel cover.	\$ 5,931.00
PUMP MODULE	3130-0341	Top mount pump module (23MF) with area for double stacked crosslays w/divider and driver and officer side pump access panels (hinged).	\$ 3,981.00
PUMP MODULE	3130-0342	Top mount pump module (23MF) with area for double speedlays and driver and officer side pump access panels (hinged). Upper area behind TM includes panel cover.	\$ 5,931.00
PUMP MODULE	3130-0348	Top mount walkway for use with a 23" mainframe. Includes diamond plate walkway, side runningboards and walkway access steps.	\$ 3,981.00
PUMP MODULE	3130-0349	Top mount walkway for use with a 25" mainframe. Includes diamond plate walkway, side runningboards and walkway access steps.	\$ 3,981.00
PUMP MODULE	3130-0350	Speedlay module behind cab with area for (2) side by side preconnects with (1) center divider and runningboards. Includes (2) handrails mounted (1) each side of module for use with walkway access steps.	\$ 1,961.00
PUMP MODULE	3130-0351	Speedlay module behind cab with area for (2) side by side preconnects with (1) center divider and runningboards. Includes (2) handrails mounted (1) each side of module for use with walkway access steps.	\$ 1,961.00
PUMP MODULE	3130-0353	Top mount walkway for use with a 23" mainframe and speedlay module. Includes diamond plate walkway, side runningboards and walkway access steps.	\$ 3,981.00
PUMP MODULE	3130-0354	Top mount walkway for use with a 25" mainframe and speedlay module. Includes diamond plate walkway, side runningboards and walkway access steps.	\$ 3,981.00
PUMP MODULE	3130-0355	TM w/DBL SPDLY w/red side/frt cvrs and side vertically hinged panels (as applicable to overall design), OFC panel cab jack w/door, runningboards and TM wlkwly w/folding steps.	\$ 5,931.00
PUMP MODULE	3130-0356	Top mount walkway for use with a 23" mainframe. Includes diamond plate walkway, side runningboards and walkway dual lighted LED folding steps.	\$ 3,981.00
PUMP MODULE	3130-0357	Top mount walkway for use with a 25" mainframe. Includes diamond plate walkway, side runningboards and walkway dual lighted LED folding steps.	\$ 3,981.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

PUMP MODULE	3130-0358	Top mount walkway for use with a 23" mainframe and speedlay module. Includes diamond plate walkway, side runningboards and walkway dual lighted LED folding steps.	\$ 3,981.00
PUMP MODULE	3130-0359	Top mount walkway for use with a 25" mainframe and speedlay module. Includes diamond plate walkway, side runningboards and walkway dual lighted LED folding steps.	\$ 3,981.00
PUMP MODULE	3130-0362	Crosswalk module. Includes running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module. Diamond plate walkway plate to be 20" wide due to 2-door Freightliner DEF tank.	\$ 1,955.00
PUMP MODULE	3130-0363	Crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module. Diamond plate walkway plate to be 20" wide due to 2-door Freightliner DEF tank.	\$ 2,846.00
PUMP MODULE	3130-0364	Special Top Mount Pump Module. Includes area for a double speedlay and TM walkway with dual lighted LED folding steps with integral lights and (2) vertical handrails. Extend-a-gun piping located in the dunnage pan offset to officer side.	\$ 8,365.00
PUMP MODULE	3130-0365	Upper top mount triple crosslay and storage in remaining area.	\$ 5,418.00
PUMP MODULE	3130-0366	Speedlay module full width with stokes basket and backboard storage. Includes area for (2) speedlays, lower storage compartments with push button latches. Upper area of module to hold (1) stokes basket and (2) backboards. Includes vertically hinged smooth plate door(s) with push button latches.	\$ 8,715.00
PUMP MODULE	3130-0367	Upper SM pump module with 2.5" double stacked single crosslay and diamond plate storage pan. 300' of 2.5" DJ	\$ 3,658.00
PUMP MODULE	3130-0368	Pump module. Includes 51" wide pump panel opening and running boards. Upper SM pump module with single stacked double crosslays with diamond plate storage pan. Crosslays to be 68" high from ground.	\$ 13,426.00
PUMP MODULE	3130-0369	Pump module. Includes 63" wide pump panel opening and running boards. For use with Industrial products.	\$ 9,883.00
PUMP MODULE	3130-0370	Pump module. Includes 71.5" wide pump panel opening and running boards. For use with Industrial products.	\$ 9,883.00
PUMP MODULE	3130-0371	Upper SM pump module with double stacked double crosslays and diamond plate gator grip platform rearward of crosslays.	\$ 3,848.00
PUMP MODULE	3130-0373	Upper SM pump module with embossed treadplate platform.	\$ 3,129.00
PUMP MODULE	3130-0374	Upper TM pump module with double stacked double crosslays and diamond plate gator grip platform rearward of crosslays.	\$ 4,119.00
PUMP MODULE	3130-0375	Upper TM pump module with a diamond plate gator grip platform.	\$ 3,257.00
PUMP MODULE	3130-0376	Upper SM pump module with triple crosslays and diamond plate storage pan. Forward (2) crosslays to be single stack and rearward crosslay to be double stack.	\$ 4,574.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0377	Upper SM pump module with single stacked triple crosslays and diamond plate storage pan. Rearward crosslay to be double stacked dry lay.	\$ 5,819.00
PUMP MODULE	3130-0378	Pump module. Includes 33" wide pump panel opening and running boards. Includes modifications for front headboard due to special exhaust routing.	\$ 12,354.00
PUMP MODULE	3130-0379	Pump module. Includes 51" wide pump panel opening and running boards. Running boards to include gator grip and be painted black duraback.	\$ 11,002.00
PUMP MODULE	3130-0380	Raised crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) smooth plate walkway step w/gator grip each side and access handrails mounted on the pump module. Includes 8" raise with 5" high storage compartment with drop down aluminum smooth plate doors with push button latches. T/M walkway and walkway access steps to be smooth plate gator grip to be painted black durabak. All access doors on module to be painted multi-tone gray finish.	\$ 6,814.00
PUMP MODULE	3130-0382	Pump module. Includes 51" wide pump panel opening and running boards. Includes area forward of pump panel opening for (2) speedlays (stacked), lower storage compartments with push button latches.	\$ 16,774.00
PUMP MODULE	3130-0383	Pump module. Includes 57" wide pump panel opening and running boards. Crosslays to be 70" high from ground.	\$ 12,282.00
PUMP MODULE	3130-0384	Upper SM pump module with backboard storage and diamond plate storage pan. Backboard storage to be located rearward of storage pan.	\$ 4,783.00
PUMP MODULE	3130-0385	Pump module. Includes 45" wide pump panel opening and running boards. Includes area forward of pump panel opening for (3) speedlays (stacked), lower storage compartments with push button latches.	\$ 17,863.00
PUMP MODULE	3130-0386	Pump module. Includes 69" wide pump panel opening and running boards.	\$ 9,883.00
PUMP MODULE	3130-0387	Enclosed Pump Module. Includes 51" pump panel opening. Driver side to have pump operator's panel. Officer side to include area for NFPA pump access. Upper area of pump module to have diamond plate storage pan.	\$ 20,502.00
PUMP MODULE	3130-0388	Crosswalk module with running boards. Includes upper walkway storage compartments with embossed diamond plate lift-up walkway lids (includes gas shock(s) as required to hold the lids at 90 degrees with butterfly style latch(es) for securing in the closed position). Compartments to be large as possible and include (1) light each (match body compartments for brand and type of light)and door ajar indicator wiring. Outboard sides of walkway to have diamond plate panels and each includes (1) intermediate style step and access handrails mounted on the pump module.	\$ 4,491.00
PUMP MODULE	3130-0389	Pump module. Includes 57" wide pump panel opening and running boards. Includes area forward of pump panel opening for (3) speedlays (stacked), lower storage compartments with push button latches. For use with removable tray(s).	\$ 15,700.00

PUMP MODULE	3130-0422	Pump module. Includes 45" wide pump panel opening and running boards. Includes area forward of pump panel opening for (3) speedlays (stacked), lower storage compartments with push button latches. For use with removable tray(s).	\$ 17,863.00
PUMP MODULE	3130-0423	Stainless steel pump module HP75 / HP78. Includes running boards with Bustin Tread inserts. 54" wide.	\$ 17,124.00
PUMP MODULE	3130-0424	Upper SM pump module with single stacked double crosslays and diamond plate open back storage pan.	\$ 2,920.00
PUMP MODULE	3130-0425	Upper TM pump module with single stacked double crosslays and diamond plate storage pan with lid for Hot Shot II Hydraulic Reservoir.	\$ 5,362.00
PUMP MODULE	3130-0426	Upper TM pump module with diamond plate open back storage pan.	\$ 3,844.00
PUMP MODULE	3130-0427	Upper SM pump module with backboard storage and diamond plate storage pan. Backboard storage to be located forward of storage pan. Backboard storage to be 12" wide and includes divider 4" off forward wall to create two storage spaces.	\$ 5,360.00
PUMP MODULE	3130-0428	Upper TM pump module with storage area with horizontally hinged access door (wired to door ajar) with push button latches, one each side.	\$ 5,223.00
PUMP MODULE	3130-0430	Pump module. Includes 39" wide pump panel opening and running boards. Upper SM pump module with double stacked double crosslays. Crosslays to be 66" high from ground.	\$ 13,938.00
PUMP MODULE	3130-0431	Pump module. Includes 45" wide pump panel opening and running boards. Upper SM pump module with double stacked double crosslays with diamond plate storage pan. Crosslays to be 66" high from ground.	\$ 13,426.00
PUMP MODULE	3130-0432	Pump module for top mount enclosed operation. Includes 80" panel opening and area for double stacked double crosslay with storage pan. Module has sanded finish and crosslay floors are slotted for draining.	\$ 19,622.00
PUMP MODULE	3130-0433	Crosslay double. Includes (2) double stack crosslays to hold up to 200' of 2.0" DJ each and a diamond plate cover over module to rear of crosslays. Wetside tanker only.	\$ 2,759.00
PUMP MODULE	3130-0434	Crosslay double. Includes (2) double stack crosslays to hold up to 200' of 2.0" DJ each and a diamond plate storage pan to rear of crosslays. Wetside tanker only.	\$ 3,608.00
PUMP MODULE	3130-0435	Pump module. Includes 45" wide pump panel opening and running boards. Upper SM pump module with single stacked double crosslays with diamond plate storage pan. Crosslays to be 66" high from ground.	\$ 13,426.00
PUMP MODULE	3130-0436	Upper SM pump module with single stacked double crosslays and transverse storage area rearward of deckgun channel with aluminum multi-tone lift-up door with push button latches on officer side.	\$ 4,816.00
PUMP MODULE	3130-0437	Upper SM pump module with single stacked triple crosslays and diamond plate open back storage pan. Duunage pan to be 17.75" deep on driver side due to booster reel height.	\$ 4,736.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0438	Speedlay module full width with stokes basket and backboard storage. Includes area for (3) speedlays: (1) 2.5" in lower speedlay and (2) 1.5" in upper speedlay, lower storage compartments with push button latches. Upper area of module to hold (1) stokes basket and (2) backboards. Includes vertical hinged smooth plate door(s) with push button latches.	\$ 8,593.00
PUMP MODULE	3130-0439	Stainless steel 62" wide lower pump module. Includes side running boards with Bustin Tread. This size required for most CAFS units.	\$ 10,097.00
PUMP MODULE	3130-0440	Upper SM pump module with single stacked triple crosslay, backboard storage and diamond plate storage pan. Rearward crosslays to be double stacked. Crosslays to be 28" deep.	\$ 7,973.00
PUMP MODULE	3130-0441	Upper TM pump module with double stacked double crosslays. Crosslays to hold 300' of 2.5" DJ hose.	\$ 3,865.00
PUMP MODULE	3130-0442	Upper SM pump module with single stacked triple crosslays and diamond plate storage pan. Rearward crosslay to hold 150' of 3" DJ hose.	\$ 3,934.00
PUMP MODULE	3130-0443	Pump module. Includes 51" wide pump panel opening and running boards. Includes area forward of pump panel opening for (2) speedlays (stacked), lower storage compartments with push button latches. Includes modifications for 4x4 and plumbing applications as required.	\$ 17,812.00
PUMP MODULE	3130-0444	Crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module. Includes modifications for 4x4 and plumbing applications as required.	\$ 3,522.00
PUMP MODULE	3130-0445	Pump module. Includes 39" wide pump panel opening and running boards. Upper SM pump module with single stacked double crosslays and open back storage pan.	\$ 13,391.00
PUMP MODULE	3130-0446	Side mount pump module. Includes upper area for double stacked double preconnects with area for dead lay of hose. Side panels to be stainless steel and backside of module to have diamond plate trim.	\$ 1,957.00
PUMP MODULE	3130-0447	Pump module. Includes 39" wide pump panel opening and running boards. Includes area forward of pump panel opening for (3) speedlays (stacked), lower storage compartments with push button latches.	\$ 16,554.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0448	Top mount pump module with double stacked double crosslays and diamond plate gator grip platform rearward of crosslays. Includes 71.50" wide pump panel opening and running boards. Crosswalk (21" wide) with walkway storage compartments with D-ring latches, (1) top mount walkway step each side with mounting flanges to extend all the way from bottom to the top and access handrails mounted on the pump module. Crosswalk raised 10", formed lip on panel with lighting extrusion, breaker box in driver side tool compartment, all cab tilt controls in officer side tool compartment and hinged lift up access door on the opposite side of the access ladder if applicable. For use with Industrial products.	\$ 20,506.00
PUMP MODULE	3130-0449	Top mount eMAX pump module. Includes area for a double speedlay, TM walkway (raised) with compartments, dia plt running boards, folding steps with integral lights and (2) vertical handrails.	\$ 10,713.00
PUMP MODULE	3130-0450	Pump module top mount with speedlays. Includes 45" wide pump panel opening, dunnage pan and running boards. Top mount walkway includes storage compartments with push button latches, (1) 5" diamond plate top mount walkway step with gator grip each side and access handrails mounted on the pump module. Includes area for (3) speedlays - (2) with 1.5" plumbing and (1) with 2.5" plumbing. The front area of the speedlays to have a removable diamond plate panel with D-ring latches.	\$ 21,779.00
PUMP MODULE	3130-0451	Pump module. Includes 57" wide pump panel opening and running boards. Upper SM pump module with single stacked triple crosslays, backboard storage and diamond plate storage pan. Crosslays to be 65" high from ground.	\$ 18,635.00
PUMP MODULE	3130-0452	Speedlay module. Includes area for (2) speedlays with dividers, (1) area for backboard storage with hinged doors with latches, lower storage compartments with D-ring latches and running boards. Speedlays to hold 250' of 1.75 each.	\$ 6,787.00
PUMP MODULE	3130-0453	Crosswalk module. Includes walkway storage compartments with D-ring latches, running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module.	\$ 2,846.00
PUMP MODULE	3130-0454	Upper SM pump module with double stacked double crosslays and diamond plate storage pan. Crosslay divider to be adjustable side to side.	\$ 3,621.00
PUMP MODULE	3130-0455	Pump module. Includes 51" wide pump panel opening and running boards. (Tradition style pump module see body layout). Includes area forward of pump panel opening for (2) speedlays (stacked), lower storage compartments with push button latches.	\$ 16,768.00
PUMP MODULE	3130-0456	Upper TM pump module with double stacked single crosslay and backboard storage.	\$ 5,234.00
PUMP MODULE	3130-0457	Upper SM pump module with single stacked double crosslay, backboard storage and diamond plate open back storage pan.	\$ 5,607.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0458	Upper stainless steel pump module with single stacked quad crosslays and top open storage with treadplate flooring. Crosslay floors lowered to approximately 72" above ground.	\$ 5,710.00
PUMP MODULE	3130-0459	Speedlay module to be mounted with backboard storage located forward. Two (2) latches shall be used to secure the doors. One (1) top and one (1) bottom.	\$ 619.00
PUMP MODULE	3130-0460	Upper SM pump module with single stacked double crosslay, backboard storage forward of crosslays and diamond plate open back storage pan.	\$ 4,970.00
PUMP MODULE	3130-0462	Upper TM pump module with single stacked quad crosslays and backboard storage. Crosslay preconnects to be offset to driver side of module.	\$ 7,275.00
PUMP MODULE	3130-0463	Upper SM pump module with single stacked triple crosslay, backboard storage and diamond plate storage pan. Area rearward of crosslays to be raised 6" due to hosebed preconnect.	\$ 6,848.00
PUMP MODULE	3130-0464	Upper SM stainless steel pump module with double stacked double crosslays for 1-1/2" DJ hose and top open storage with treadplate flooring. Width of each of the crosslay beds must be 6-1/2".	\$ 2,920.00
PUMP MODULE	3130-0465	Upper SM pump module with quad single stacked crosslays and diamond plate storage pan. The rear crosslay is for dry hose storage. The (3) forward crosslays to be 5.5" wide and the rearward crosslay to be 6" wide.	\$ 4,842.00
PUMP MODULE	3130-0467	Side Mount Pump Module. Includes area for double stacked double crosslay (notched dividers). Crosslay opening to be same as standard tradition triple crosslay design.	\$ 1,912.00
PUMP MODULE	3130-0468	Upper SM pump module with double stacked single crosslay and diamond plate storage pan. 400' of 1.75" DJ	\$ 3,658.00
PUMP MODULE	3130-0469	Upper SM pump module with quad single stacked crosslays and diamond plate storage pan. Rearward (2) crosslays to be 3" DJ dry lays.	\$ 4,398.00
PUMP MODULE	3130-0470	Pump module top mount with single stack double crosslay, double speedlay (9" wide) and diamond plate storage pan. Includes 45" wide pump panel opening and running boards. Top mount walkway storage compartments with push button latches, (1) 5" diamond plate top mount walkway step with gator grip each side and access handrails mounted on the pump module. Deck gun to be located in channel centered in storage pan running front to back. Embossed diamond plate covers with D-ring latches (wired to door ajar switch) each side of deck gun channel, covers to be reinforced and hinged to front.	\$ 23,498.00
PUMP MODULE	3130-0471	eMAX Forward body extension for aerial application. Includes a lower double preconnect storage area, upper transverse storage area, center front pump access doors, removable center floor in upper area, upper storage pan, and boom support diamond plate filler panels.	\$ 4,915.00

Category	Option	Long Description	Price
PUMP MODULE	3130-0472	Upper SM pump module with single stacked triple crosslay, backboard storage and diamond plate storage pan. Rearward crosslay to be for 2.5" dry lay. Storage pan to be open back style due to generator.	\$ 7,973.00
PUMP MODULE	3130-0473	Vertical speedlay module welded integral to front of pump enclosure. Includes 12" wide area for (2) speedlays.	\$ 4,334.00
PUMP MODULE	3130-0474	Top mount eMAX pump module. Includes area for a double speedlay, TM walkway (raised) with compartments, diamond plate running boards, fixed walkway steps and (2) vertical handrails.	\$ 10,713.00
PUMP MODULE	3130-0475	Upper TM pump module with triple stacked double crosslays.	\$ 3,257.00
PUMP MODULE	3130-0476	Top mount SS eMAX pump module. Includes area for double speedlays, TM walkway with compartments, treadplate running boards with Bustin Tread inserts and (2) vertical hand rails.	\$ 12,093.00
PUMP MODULE	3130-0477	Triple Speedlays with Enclosed Pump Panel Full Width Module. Includes 45" wide pump panel opening. Includes area for (3) speedlays and lower storage compartments with push button latches forward of pump panel opening. Backboard/stokes basket storage above the speedlays. Upper module area above the pump panel to have storage pan.	\$ 36,463.00
PUMP MODULE	3130-0478	Pump module top mount with 39" wide pump panel opening and integral walkway (no compartments). Includes diamond plate running boards. Wetside tanker only.	\$ 8,392.00
PUMP MODULE	3130-0479	Crosslay Triple. Includes (3) single stack crosslays to hold up to 200' of 2.0" DJ each. Wetside tanker only.	\$ 2,759.00
PUMP MODULE	3130-0480	Upper SM pump module with single stacked double crosslay, New York Hook storage with horizontal divider 8" off floor and diamond plate open back storage pan.	\$ 5,607.00
PUMP MODULE	3130-0481	Pump module. Includes 51" wide pump panel opening and running boards. Upper SM pump module with single stacked triple crosslays, backboard storage and diamond plate storage pan. Crosslays to be 72" high from ground.	\$ 16,689.00
PUMP MODULE	3130-0482	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compartment on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (1) tray for 200' of 3" DJ preconnected hose offset to rear and storage area for (2) backboards vertically stored offset forward w/sleeve each side of center pump access. Upper storage area for dry storage.	\$ 16,634.00
PUMP MODULE	3130-0483	Transverse Module (narrow). Located forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for triple crosslay, forward (2) crosslays to be single stacked for 200' of 1.75 DJ hose per lay and rearward crosslay to be single stacked for 150-200' of 2.50" DJ hose.	\$ 9,129.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0484	Upper SM pump module with backboard storage and diamond plate storage pan. Backboard storage to be located forward of storage pan. Deck gun piping to be located forward center area of pan and just rearward of back board compartment.	\$ 4,783.00
PUMP MODULE	3130-0485	Pump module - one piece. Includes 71.5" wide pump panel opening and running boards. For use with Industrial products.	\$ 9,883.00
PUMP MODULE	3130-0486	Upper TM pump module with smooth plate storage pan. Side panels to be multi-tone gray finish. Storage pan to be painted black durabak.	\$ 4,233.00
PUMP MODULE	3130-0487	Pump module. Includes 57" wide pump panel opening and running boards. Running boards to be painted black durabak.	\$ 10,554.00
PUMP MODULE	3130-0488	Painted crosswalk area to includes all smooth plate and extrusion surfaces exposed to exterior in the crosswalk area (speedlay and pump module) to be painted job color. Does not include top facing exposed surfaces.	\$ 4,917.00
PUMP MODULE	3130-0489	Crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module. Compartment doors to be painted job color. Crosswalk and running boards to be painted durabak black.	\$ 3,807.00
PUMP MODULE	3130-0490	Speedlay/crosslay HP75/78 module(stackd) for triple speedlays and double crosslay above. Includes 44" wide pump panel opening, running boards, upper area dunnage pan, lower storage compartments with push button latches and boom support diamond plate filler panels. Lower for (2) 1.75" speedlays to hold 150' of 1.75" DJ hose in each. Upper for (1) 2.5" speedlay to hold 200' of 2.5" DJ hose. Speedlays to utilize removable tray(s). Upper crosslay storage to hold up to 100' of 1.75" DJ (forward) and 400' of 2.5" DJ (rearward).	\$ 15,556.00
PUMP MODULE	3130-0491	Upper SM stainless steel pump module with single stacked triple crosslays and top open storage with treadplate flooring. Capacities of 300', 200' and 200' of hose for selected discharges.	\$ 4,080.00
PUMP MODULE	3130-0492	Pump module. Includes 45" wide pump panel opening and running boards. Upper SM pump module with single stacked double crosslays with diamond plate storage pan. Crosslays to be 72" high from ground.	\$ 13,426.00
PUMP MODULE	3130-0493	Speedlay module full width with stokes basket and backboard storage. Includes area for (2) speedlays: (2) 1.5" side by side speedlay storage compartments. Upper area of module shall have (2) adjustable dividers to hold (1) stokes basket and (2) backboards. Includes vertically hinged smooth plate door(s) with push button latches.	\$ 8,593.00
PUMP MODULE	3130-0494	Upper TM pump module with a transverse storage compartment with aluminum tread plate vertical hinged doors (1) each end of the compartment and a embossed tread plate top.	\$ 4,137.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0495	Enclosed Pump Module with Double Speedlays. Includes 47.5" wide pump panel opening. Includes area for (2) stacked speedlays, lower storage compartments with push button latches forward of pump panel opening. Upper module area to have storage pan.	\$ 35,789.00
PUMP MODULE	3130-0496	Upper SM pump module. Crosslay area to be: (2) compts 4.5" at base, (1) compt 4.75" at base and (1) compt 7.5" at base. Ensure that each crosslay is wide enough to accommodate the nozzles so they are easily deployed for each side. Backboard storage and diamond plate storage pan. Crosslays to be 28" deep.	\$ 8,657.00
PUMP MODULE	3130-0497	Upper TM pump module with modified sides for improved visibility and diamond plate storage pan.	\$ 4,449.00
PUMP MODULE	3130-0499	Upper stainless steel pump module with single stacked quad crosslays and top open storage with treadplate flooring. Crosslay floors located approximately 75" above ground. Top mount pump module only.	\$ 5,710.00
PUMP MODULE	3130-0500	Upper SM pump module with forward (2) crosslays to be single stack and rearward crosslay to be double stack includes diamond plate storage pan.	\$ 8,189.00
PUMP MODULE	3130-0501	Upper SM pump module with single stacked quad crosslays and diamond plate storage pan. Crosslays to be 28" deep due to additional capacity.	\$ 5,260.00
PUMP MODULE	3130-0503	Crosswalk module. Includes running boards, (1) intermediate style step each side and access handrails mounted on the pump module. Crosswalk, intermediate steps and running boards to be 3/16" aluminum treadplate plate.	\$ 2,521.00
PUMP MODULE	3130-0504	Speedlay module. Includes area for (2) speedlays 15" front to rear with center divider curt to a height of 24", lower storage compartments with push button latches and running boards.	\$ 4,557.00
PUMP MODULE	3130-0505	Pump module top mount with speedlays. Includes 45" wide pump panel opening, dunnage pan and running boards. Top mount walkway includes storage compartments with push button latches, (1) 10" diamond plate top mount walkway step with gator grip each side and access handrails mounted on the pump module. Includes area for (3) speedlays - (2) with 1.5" plumbing and (1) with 2.5" plumbing. The front area of the speedlays to have a removable diamond plate panel with D-ring latches.	\$ 22,810.00
PUMP MODULE	3130-0506	Pump module. Includes 63" wide pump panel opening and running boards. Upper SM pump module with double stacked double crosslays with diamond plate storage pan. The hose to be in three (3) poly trays of 200' each. The module to be stepped up rearward of the crosslays.	\$ 13,426.00
PUMP MODULE	3130-0507	Crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module. The crosswalk shall be raised to accommodate storage of (2) backboards.	\$ 3,158.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0508	SM Pump module. Includes 71.5" wide pump panel opening and running boards. Upper pump module with double stacked double crosslays and diamond plate gator grip platform rearward of crosslays. For use with Industrial products.	\$ 14,135.00
PUMP MODULE	3130-0509	Upper SM stainless steel pump module with single stacked single crosslay and a backboard/Stokes with top open storage with treadplate flooring.	\$ 4,970.00
PUMP MODULE	3130-0510	Pump module top mount with speedlays. Includes 51" wide pump panel opening and running boards. Includes area forward of pump panel opening for (2) speedlays (stacked). Includes crosswalk module and walkway storage compartments with push button latches, (1) dual lighted LED folding step each side and access handrails mounted on the pump module.	\$ 21,076.00
PUMP MODULE	3130-0511	Pump module. Includes 39" wide pump panel opening with integral double speedlays and running boards. Upper SM pump module with double stacked single crosslay and diamond plate storage pan.	\$ 21,429.00
PUMP MODULE	3130-0512	Enclosed triple vertically stacked speedlays with trays, 14" wide, capacities to be for the selected size preconnect discharges. Speedlay assembly welded integral to the front of SS pump enclosure. For use with enclosed side pump panels with special WB dimension added to create space for door openings. (Actual WB dimension for this application is 22".)	\$ 4,766.00
PUMP MODULE	3130-0513	Transverse full width module (24" wide) with full height doors. Located behind cab, and stands alone. Includes a single compartment opening per side (with approximately 27" deep lower area and a transverse upper area).	\$ 8,068.00
PUMP MODULE	3130-0514	Upper SM pump module with single stacked triple crosslays and transverse storage area rearward of deckgun channel with stainless steel lift-up doors with push button latches. (1) On driver and (1) on officer side.	\$ 5,515.00
PUMP MODULE	3130-0515	Pump module top mount with speedlays. Includes 45" wide pump panel opening, dunnage pan and running boards. The crosswalk shall be raised 3". The area directly below the crosswalk walkway shall include five (5) compartments, one (1) each side for storage in the lower area and a horizontal storage directly under the walkway surface with three (3) compartments.	\$ 23,120.00
PUMP MODULE	3130-0516	Pump module - one piece. Includes 49.5" wide pump panel opening includes smooth plate aluminum painted black Durabak with gator grip for running boards.	\$ 9,883.00
PUMP MODULE	3130-0517	Double stacked 15"D triple crosslays and aluminum smooth plate storage pan painted black durabak. (2) 7.5" wide each to hold 250'-1.75"DJ & (1) 10.5" wide to hold 200'-2.5"DJ.	\$ 4,661.00
PUMP MODULE	3130-0518	Crosswalk module. Includes walkway storage compartments with D-ring latches, running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module.	\$ 2,846.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0519	Pump module for top mount enclosed operation. Includes 45" panel opening and area for single stacked double crosslay and deck gun channel. Module has sanded finish and crosslay floors are slotted for draining.	\$ 19,105.00
PUMP MODULE	3130-0520	Upper SM pump module with double stacked double crosslays and transverse storage area. Transverse storage area to be rearward crosslays. Includes horizontally hinged diamond plate doors with thumb latches, doors to be hinged at top. Each crosslay to accommodate (1) removable poly tray (removable tray(s) sold separately).	\$ 6,406.00
PUMP MODULE	3130-0521	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (1) tray for 200' of 1.75" DJ preconnected hose and (1) tray for 200' of 2.5" DJ preconnected hose. Upper storage area to hold (1) tray for 200' of 1.75" DJ preconnected hose offset to rear of transverse storage area w/sleeve each side of center pump access. Label TRANSVERSE STORAGE (IPO BACK BOARD STORAGE).	\$ 16,634.00
PUMP MODULE	3130-0522	Upper SM pump module with double stacked triple crosslay, deck gun channel and backboard storage. The rear crosslay is for dry hose storage.	\$ 5,127.00
PUMP MODULE	3130-0523	Side mount pump module. Extruded aluminum with runningboards.	\$ 9,883.00
PUMP MODULE	3130-0524	Top mount pump module with 20" walkway (excluding cab gap). Extruded aluminum with runningboards and formed side access steps.	\$ 11,774.00
PUMP MODULE	3130-0525	Top mount pump module with walkway and integral double speedlays (9" W). Extruded aluminum with runningboards. Includes formed walkway access steps.	\$ 14,591.00
PUMP MODULE	3130-0526	Top mount pump module with walkway and integral triple speedlays (13" W). Extruded aluminum with runningboards. Includes formed walkway access steps. Each 1.5" speedlay will have capacity for up to 200 ft. of 1-3/4" hose. The 2.5" speedlay (if selected) will have capacity for 150 ft. of 2.5" hose.	\$ 15,500.00
PUMP MODULE	3130-0527	Upper SM pump module with 8" channel forward for turret , 2.5" single stacked single crosslay and diamond plate storage pan.	\$ 4,164.00
PUMP MODULE	3130-0528	Upper SM pump module with single stacked triple crosslays and diamond plate storage pan. Crosslay 3 to be a dead lay.	\$ 3,658.00
PUMP MODULE	3130-0529	Enclosed Pump Module with Double Speedlays. Includes 40.5" wide pump panel opening. Includes area for (2) stacked speedlays, lower storage compartments with D-handle latches forward of pump panel opening. Upper module area to have storage pan.	\$ 35,789.00
PUMP MODULE	3130-0530	A side mount pump module with triple crosslays. The module shall have overall dimensions of 80"H x 72"W (not including runningboards) x 49"L (front to rear).	\$ 14,442.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0541	eMAX Forward body extension for aerial application. Includes lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (2) trays for 200' of 1.75" DJ preconnected hose each. Upper storage area to hold (1) tray for 200' of 2.5" DJ preconnected hose.	\$ 6,363.00
PUMP MODULE	3130-0542	Speedlay module. Includes area for (2) speedlays with divider forward, (1) area for four (4) pike pole storage tubes to accommodate 6' pike poles in rearward lower area of module staggered two tubes on forward compartment wall and two tubes on rearward compartment wall. Upper area of rearward storage area over the pike poles there shall be a shovel storage compartment in remaining space which is open to the top of module when lid on top is opened. There shall be a bolt in divider between the pike pole storage and the upper shovel area. There shall be a hinged door on officer side only of rearward upper pike and shovel storage area with 2 push button latches, lower storage compartments with push button latches and running boards. All storage doors shall be wired to door ajar circuit in accordance with NFPA.	\$ 7,173.00
PUMP MODULE	3130-0543	Upper SM pump module with 2.5" double stacked single crosslay and diamond plate storage pan. 250' of 2.50" DJ	\$ 3,658.00
PUMP MODULE	3130-0544	Triple vertically stacked speedlays for top console 12" wide (no trays), capacities to be for the selected size preconnect discharges. Speedlay assembly welded integral to the front of SS pump enclosure. Bustin Tread in side running boards of speedlay area.	\$ 4,551.00
PUMP MODULE	3130-0545	Upper SM pump module with single stacked triple crosslay, backboard storage and diamond plate storage pan.	\$ 5,918.00
PUMP MODULE	3130-0546	Crosswalk module. Includes stainless steel walkway storage compartments with lift-up access lids and butterfly latches, non-skid running boards with Bustin Tread, and access hand rails mounted one each side to the front of the pump enclosure assembly.	\$ 4,820.00
PUMP MODULE	3130-0547	Stainless steel 50" wide lower pump module. Includes side running boards with Bustin Tread inserts.	\$ 9,373.00
PUMP MODULE	3130-0548	Upper SM stainless steel pump module with (2) triple stacked crosslays and top open storage with treadplate flooring.	\$ 3,050.00
PUMP MODULE	3130-0549	Upper SM stainless steel pump module with (3) crosslays in both single and double stacks, and top open storage with treadplate flooring.	\$ 3,543.00
PUMP MODULE	3130-0550	Upper TM stainless steel pump module with (2) triple stacked crosslays.	\$ 3,355.00
PUMP MODULE	3130-0551	Upper TM stainless steel pump module with (3) crosslays in both single and double stacks.	\$ 3,843.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0553	Top mount pump module with double stacked double crosslays and diamond plate gator grip platform rearward of crosslays. Includes 71.51" wide pump panel opening and running boards. Crosswalk (21" wide) with walkway storage compartments with D-ring latches, (1) top mount walkway step each side with mounting flanges to extend all the way from bottom to the top and access handrails mounted on the pump module. Crosswalk raised 10", formed lip on panel with lighting extrusion, breaker box in driver side tool box, all cab tilt controls in officer side tool box and hinged lift up access door on the opposite side of the access ladder if applicable. For use with Industrial products.	\$ 20,506.00
PUMP MODULE	3130-0554	Pump module. Includes 39" wide pump panel opening and running boards. Upper SM pump module with double stacked double crosslays and transverse storage area. Transverse storage area to be rearward crosslays. Includes horizontally hinged diamond plate doors with push button latches. Each crosslay to accommodate (1) removable poly tray (trays not included).	\$ 16,275.00
PUMP MODULE	3130-0555	Pump module. Includes 41" wide pump panel opening and running boards. Upper SM pump module with diamond plate storage pan and forward transverse compartment with double stacked double crosslays. Crosslays to be 12" wide and 15" deep.	\$ 22,924.00
PUMP MODULE	3130-0556	Upper TM stainless steel pump module with single stacked double crosslays and a transverse storage compartment with top open storage (if space available) with treadplate flooring.	\$ 5,234.00
PUMP MODULE	3130-0557	Stainless steel 70" wide lower pump module. Includes side running boards with Bustin Tread. This size is used for some big Industrial type foam systems.	\$ 9,883.00
PUMP MODULE	3130-0558	Upper SM pump module with double stacked triple crosslays.	\$ 3,079.00
PUMP MODULE	3130-0559	Crosslay triple double stacked. Includes (2) double stack crosslays to hold up to 200' of 2.0" DJ each and (1) crosslay to hold up to 200' of 2.5" DJ. Wetside tanker only.	\$ 2,920.00
PUMP MODULE	3130-0560	Pump module. Includes 45" wide pump panel opening and running boards. Includes area forward of pump panel opening for (2) stacked speedlays and (1) upper speedlay (crosslay style), lower storage compartments with push button latches.	\$ 21,176.00
PUMP MODULE	3130-0561	Upper TM pump module with single stacked single crosslay and backboard storage.	\$ 7,324.00
PUMP MODULE	3130-0562	Crosswalk module. Includes running boards. The crosswalk shall be raised 8". (1) Dual lighted LED folding step each side and access handrails mounted on the pump module.	\$ 2,275.00
PUMP MODULE	3130-0563	Top mount eMAX pump module for use with a (2) arm ladder rack. Includes area for a double speedlay, TM walkway (raised) 21" front to rear without compartments, dia plt running boards, folding steps with integral lights and (2) vertical handrails.	\$ 10,713.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0564	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (2) preconnected hose storage trays. Upper transverse storage area to have area for dry storage (no door).	\$ 16,634.00
PUMP MODULE	3130-0565	Upper SM pump module with triple crosslays and diamond plate storage pan. Forward (2) crosslays to be single stack and rearward crosslay to be double stack.	\$ 4,175.00
PUMP MODULE	3130-0566	Speedlay module. Includes area for (2) speedlays, (1) area for backboard storage and Little Giant ladder with hinged doors with latches, lower storage compartments with push button latches and running boards.	\$ 5,707.00
PUMP MODULE	3130-0568	Pump module. Includes 45" wide pump panel opening and running boards. Upper SM pump module with double stacked triple crosslays with diamond plate storage pan.	\$ 13,426.00
PUMP MODULE	3130-0569	Upper TM pump module with 2.5" single stacked single crosslay.	\$ 3,513.00
PUMP MODULE	3130-0570	eMAX Tanker Pump module. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan. Lower storage area to hold (1) tray for 200' of 1.75" DJ preconnected hose and (1) tray for 150' to 200' of 2.5" DJ preconnected hose. Upper storage area to hold (1) tray for 200' of 1.75" DJ preconnected hose offset to rear and storage area for (2) backboards vertically stored offset forward w/sleeve each side of center pump access.	\$ 16,634.00
PUMP MODULE	3130-0571	Upper TM pump module with double stacked single crosslay and pike pole storage.	\$ 5,234.00
PUMP MODULE	3130-0572	Top mount pump module with 19" walkway. Extruded aluminum with runningboards.	\$ 11,774.00
PUMP MODULE	3130-0573	Transverse module (18" wide) with brushed stainless steel doors. Located forward of pump area and welded integral. Includes a single stainless steel compartment opening per side (with a shallow lower area and a transverse upper area) and side running boards with Bustin Tread.	\$ 4,656.00
PUMP MODULE	3130-0574	Transverse Module (narrow) 24.5. Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards.	\$ 4,605.00
PUMP MODULE	3130-0575	Transverse Module (full width). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring). Upper area for double stacked double crosslay.	\$ 7,834.00
PUMP MODULE	3130-0576	Crosslay double. Includes (2) single stack crosslays to hold up to 200' of 2.0" DJ each and a diamond plate storage pan to rear of crosslays. Wetside tanker only.	\$ 3,608.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0577	Upper TM pump module with double crosslays. Forward crosslay to be double stacked and rearward crosslay to be dry lay for storage to include (2) pike pole tubes for 6' pike poles located on the rearward wall.	\$ 5,188.00
PUMP MODULE	3130-0578	Speedlay module. Includes a lower double preconnect storage area, upper preconnect storage area, sleeve in upper storage area for (2) backboards (vertically stored offset forward) lower storage compartments with push button latches and running boards.	\$ 6,625.00
PUMP MODULE	3130-0579	Pump module. Includes 51" wide pump panel opening and running boards. Upper SM pump module with (4) single stacked single crosslays with diamond plate storage pan. Crosslays to be 66" high from ground.	\$ 13,426.00
PUMP MODULE	3130-0580	Top mount eMAX pump module. Includes area for a double speedlay, TM walkway (raised) with compartments with embossed diamond plate lift-up walkway lids (includes gas shock(s) as required to hold the lids open with butterfly style latch(s) for securing in the closed position). Compartments to be large as possible and include (1) light (match body compartments for brand and type of light) door ajar indicator wiring. Outboard sides of walkway to have diamond plate panels. Diamond plate running boards, Gator Grip fixed walkway steps and (2) vertical handrails.	\$ 12,354.00
PUMP MODULE	3130-0581	Upper SM pump module with double stacked double crosslay, backboard storage and diamond plate storage pan.	\$ 5,267.00
PUMP MODULE	3130-0582	Speedlay module. Includes area for (2) speedlays with center divider, lower storage compartments with push button latches and running boards.	\$ 3,413.00
PUMP MODULE	3130-0583	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for double crosslay/drylay, forward crosslay to be single stacked and rearward drylay to be double stacked.	\$ 9,551.00
PUMP MODULE	3130-0584	Top mount pump module with double stacked double crosslays and diamond plate gator grip platform rearward of crosslays. Includes 71.5" wide pump panel opening and running boards. Crosswalk (21.5" wide) with walkway storage compartments with D-ring latches, (1) top mount walkway step with gator grip each side with mounting flanges and access handrails mounted on the pump module. Lip on panel with lighting extrusion. For use with Industrial products.	\$ 15,963.00
PUMP MODULE	3130-0585	Side mount pump module. Includes upper area for double stacked double preconnects with area for dead lay of hose. Side panels to be stainless steel and backside of module to have diamond plate trim.	\$ 2,047.00
PUMP MODULE	3130-0586	Pump module. Includes 45" wide pump panel opening and running boards. Upper SM pump module with 1.5" single stacked double crosslays 71" from ground, 2.5" double stack single dry crosslay stepped up 7" from double crosslay and diamond plate storage pan.	\$ 17,144.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0587	Pump module. Includes 45" wide pump panel opening and running boards. Upper SM pump module with single stacked double crosslays, backboard storage and open back storage pan. Crosslays and backboard storage to be stepped down 8".	\$ 14,844.00
PUMP MODULE	3130-0588	Pump module. Includes 45" wide pump panel opening and running boards. Upper SM pump module with single stacked double crosslays, backboard storage and open back storage pan.	\$ 14,844.00
PUMP MODULE	3130-0589	Transverse Module (full width). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with smooth plate flooring).	\$ 6,033.00
PUMP MODULE	3130-0590	Transverse module to hold: Four (4) shoreboards 48" x 92" on edge.	\$ 2,514.00
PUMP MODULE	3130-0591	Transverse Module (narrow). Locate forward of pump area. Includes Upper and Lower compartment openings each side of module, a 3" extrusion located between upper and lower openings. The separate lower, "tool style" compartment on each side of module shall be shallow with diamond plate flooring, and include a diamond plate door with D-ring door latch. The upper transverse storage area shall include a diamond plate floor that shall extend out to the 3" extrusion which separates the upper and lower compartment openings.	\$ 9,317.00
PUMP MODULE	3130-0592	Speedlay module. Includes area for triple speedlays with divider(s) and lower storage compartments with push button latches and running boards. The side facing tool compartment doors along with the front and rear facing panels are to be smooth plate and painted multi-tone gray finish. Running boards to include gator grip and be painted black Durabak.	\$ 6,454.00
PUMP MODULE	3130-0593	Upper TM pump module with smooth plate side panels painted job color and smooth plate storage pan painted black Durabak.	\$ 4,066.00
PUMP MODULE	3130-0594	Pump module. Includes 45" wide pump panel opening and running boards. The front access door and the front panels to be smooth plate and painted multi-tone gray finish. Running boards to include gator grip and be painted black durabak. Used on TM module only.	\$ 12,352.00
PUMP MODULE	3130-0595	Upper SM pump module with double stacked quad crosslays and no storage pan. Crosslays to be 23" deep. For use on narrow 39" module only with applications approval that no pump panel will be utilized on upper module.	\$ 5,207.00
PUMP MODULE	3130-0596	Stainless steel 62" wide pump module with a pair of side by side integral speedlays. Includes side running boards with Bustin Tread. Consists of a 42" wide pump panel area with a 12" wide area forward for integral speedlays with 250' of 1-3/4" hose each.	\$ 13,495.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0597	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for triple crosslay, forward (2) crosslays to be single stacked for 200' of 2.00" DJ hose per lay and rearward crosslay to be single stacked for 150' of 2.50" DJ hose.	\$ 9,129.00
PUMP MODULE	3130-0598	Pump module. Includes 51" wide pump panel opening and running boards. Upper SM pump module with single stacked double crosslays, backboard storage and diamond plate storage pan. Crosslays to be @ 72" high from ground.	\$ 15,949.00
PUMP MODULE	3130-0599	Crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module. Diamond plate walkway plate to be 21" wide due to 2-door Freightliner DEF tank.	\$ 2,846.00
PUMP MODULE	3130-0600	Pump module modification. Includes modification to officer side of module to accommodate folding steps on forward body, resizing pump panel and relocating DEF fill forward if applicable. Option does not include steps.	\$ 1,521.00
PUMP MODULE	3130-0601	Pump module. Includes 51" wide pump panel opening and running boards. Upper SM pump module with double stacked triple crosslays with diamond plate storage pan. Crosslays to be 70" high from ground. Front headboard of module to be lowered 10" and provisions added to mount crosslay cover forward of deck gun channel.	\$ 14,035.00
PUMP MODULE	3130-0602	Dunnage pan notch. Located in the pump module. Pan to have a notch on the rear wall for the ladders to extend into.	\$ 541.00
PUMP MODULE	3130-0603	Top mount pump module with double stacked double crosslays and diamond plate gator grip platform rearward of crosslays. Includes 71.5" wide pump panel opening and running boards. Crosswalk (21" wide) with walkway storage compartments with push button latches, (1) dual lighted LED folding step each side and access handrails mounted on the pump module. Formed lip on panel with lighting extrusion, all cab tilt controls in officer side tool box and hinged lift up access door on the opposite side of the access ladder if applicable. For use with Industrial products.	\$ 20,506.00
PUMP MODULE	3130-0604	Upper SM pump module with double stacked double crosslay, backboard storage and diamond plate storage pan.	\$ 5,215.00
PUMP MODULE	3130-0605	Pump module. Includes 51" wide pump panel opening and running boards. Upper SM pump module with double stacked triple crosslays single stack depth for extra capacity with diamond plate storage pan.	\$ 14,615.00
PUMP MODULE	3130-0606	Upper SM stainless steel pump module with double stacked double crosslays for 1-1/2" DJ hose and top open storage with treadplate flooring. Width of each of the crosslay beds must be 6-1/2". Crosslay height to be aprox. 65" from ground.	\$ 3,424.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0607	Upper SM pump module with single stacked triple crosslays and enclosed storage compartment with vertical hinged (rearward) diamond plate access door (1) each side and a bolt-on diamond plate top. Inside compartment will be a vertical partition centered in the opening and a full width adjustable shelf forward of the partition.	\$ 7,907.00
PUMP MODULE	3130-0608	Top mount eMAX pump module for use with a (2) arm ladder rack. Includes area for a raised double speedlay, TM walkway (raised) 21" front to rear, diamond plate access doors without compartments, dia plt running boards, folding steps with integral lights and (2) vertical handrails. For use with 4X4 application.	\$ 10,713.00
PUMP MODULE	3130-0609	Pump module top mount with speedlays. Includes 45" wide pump panel opening, dunnage pan and running boards. The crosswalk shall be raised 3". The area directly below the crosswalk walkway shall include three (3) compartments, one (1) each side for storage in the lower area and a horizontal transverse backboard storage directly under the walkway surface with an access door on both sides of the module. (1) 14" diamond plate top mount walkway step with gator grip each side and access handrails mounted on the pump module. Includes area for two (2) speedlays with 1.5" plumbing, one (1) discharge swivel to either side of the body. The front area of the speedlays to have a removable diamond plate panel with D-ring latches.	\$ 22,404.00
PUMP MODULE	3130-0610	Heat shield. Locate below diamond plate walkway top.	\$ 276.00
PUMP MODULE	3130-0611	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (1) tray for 200' of 1.75" DJ preconnected hose and (1) tray for 200' of 2.5" DJ preconnected hose. Upper storage area to hold (1) tray for 200' of 1.75" DJ preconnected hose and for dry storage (1) tray for 200' of 2.5" DJ hose.	\$ 16,634.00
PUMP MODULE	3130-0612	Upper SM pump module with storage for (2) New York Hook pike poles and diamond plate storage pan.	\$ 4,970.00
PUMP MODULE	3130-0613	Pump module. Includes 57" wide pump panel opening and running boards. Upper SM pump module with double stacked double crosslays, backboard storage, and diamond plate storage pan. Crosslays to be no higher than 68" from ground.	\$ 14,170.00
PUMP MODULE	3130-0614	Pump module top mount with 39" wide pump panel opening, triple sgl stack crosslays rear of TM panel and integral walkway with compartments. Includes dia plt running boards.	\$ 16,573.00
PUMP MODULE	3130-0615	Upper SM stainless steel pump module with double stacked quad crosslays with top open storage with treadplate flooring.	\$ 3,910.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0616	Pump module top mount with speedlays. Includes 45" wide pump panel opening and running boards. Includes area forward of pump panel opening for (2) speedlays (stacked). Includes crosswalk module and walkway storage compartments with push button latches, (1) dual lighted LED folding step each side and access handrails mounted on the pump module.	\$ 19,779.00
PUMP MODULE	3130-0617	Upper SM pump module with single stacked triple crosslays and rear of the crosslays a Double Stacked Dry Lay.	\$ 7,838.00
PUMP MODULE	3130-0618	Crosswalk module. Includes walkway storage compartments with push button latches, running boards, (1) dual lighted LED folding step each side and access handrails mounted on the pump module. The crosswalk shall be raised to accommodate storage of (1) backboard.	\$ 3,158.00
PUMP MODULE	3130-0619	Pump module. Includes 51" wide pump panel opening, integral walkway and running boards. Includes area forward of pump panel opening for (2) speedlays (stacked), lower storage compartments with push button latches, (1) dual lighted LED folding step each side and access handrails mounted on the pump module.	\$ 20,613.00
PUMP MODULE	3130-0620	One (1) diamond plate gator grip step each side of TM walkway in place of the standard folding step.	\$ 450.00
PUMP MODULE	3130-0621	Pump module. Includes 51" wide pump panel opening and running boards. Upper SM pump module with single stacked triple crosslays, backboard storage and open back storage pan. Crosslays and backboard storage to be stepped down 8".	\$ 15,698.00
PUMP MODULE	3130-0623	Pump module. Includes 39" wide pump panel opening with integral double speedlays and running boards. Upper SM pump module with diamond plate storage pan.	\$ 21,429.00
PUMP MODULE	3130-0624	Top Mount Enclosed Pump Module. Includes 39" panel opening and area directly below the top mount controls for a double stacked double speedlay with removable aluminum trays stacked side by side, lower storage compartments with push button latches and running boards. The upper module will include a storage pan.	\$ 21,296.00
PUMP MODULE	3130-0625	Top mount enclosed pump module. 70" overall length includes 22" wide pump panel, 100" wide, 110" tall. Running boards with Bustin tread inserts. Double speedlay storage.	\$ 88,145.00
PUMP MODULE	3130-0626	Pump module top mount with better visibility and with speedlays. Includes 45" wide pump panel opening, dunnage pan and running boards. Top mount walkway includes storage compartments with push button latches, (1) dual lighted LED folding step each side and access handrails mounted on the pump module. Includes area for (3) speedlays - (2) with 1.5" plumbing and (1) with 2.5" plumbing.	\$ 22,384.00
PUMP MODULE	3130-0627	Pump module. Includes 51" wide pump panel opening and running boards. Upper SM pump module with double stacked double crosslays with diamond plate storage pan. Crosslays to be 66" high from ground.	\$ 13,355.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0628	Pump module top mount with better visability and with speedlays. Includes 45" wide pump panel opening, dunnage pan and running boards. Top mount walkway includes storage compartments with push button latches, (1) dual lighted LED folding step each side and access handrails mounted on the pump module. Includes area for (3) speedlays - (2) with 1.5" plumbing and (1) with 2.5" plumbing. Each speedlay to have a 200' capacity of hose.	\$ 22,384.00
PUMP MODULE	3130-0629	Upper SM pump module with single stacked double crosslay, cribbage storage and diamond plate storage pan. Cribbage storage to be a minimum 4" clear opening (including latch).	\$ 5,472.00
PUMP MODULE	3130-0630	Upper SM pump module with double stacked triple crosslays (single stacked depth) and rear of the crosslays a single stacked Dry Lay.	\$ 7,838.00
PUMP MODULE	3130-0632	Upper SM pump module with diamond plate storage pan and storage compartment. Storage compartment located forward of storage pan. Includes (1) full height adjustable divider and vertically hinged stainless steel door each side and push button latches.	\$ 9,436.00
PUMP MODULE	3130-0633	Upper stainless steel pump module with single stacked triple crosslays and top open storage with treadplate flooring. Crosslay floors lowered to approximately 66" above ground. Crosslay plumbing terminates at side panels below beds.	\$ 5,710.00
PUMP MODULE	3130-0637	Double vertically stacked speedlays for use with removable trays, 9.5" wide, capacities to be for the selected size preconnect discharges. Includes (1) crosslay at top above speedlays. Module assembly welded integral to the front of SS pump enclosure. Actual module width 13".	\$ 5,729.00
PUMP MODULE	3130-0638	Crosslay triple. Includes two (2) double stack pre-connected crosslays forward to hold up to 200' of 2.0" DJ each, and one (1) double stacked crosslay rearward. Crosslay to hold up to 200' of 2.5" DJ dry hose. Wetside tanker only.	\$ 3,405.00
PUMP MODULE	3130-0639	Pump module one piece. Includes 39in. wide pump panel opening and running boards. Upper SM pump module with single stacked double cross lays and a transverse storage located rearward of cross lays equipped with boxed out lift up tread lids on both sides to accommodate storage of up to a 86in. length stokes basket and a nested back board. Boxed out doors to have D-ring latches, Stainless steel staked hinges and hold open device(s) and be designed to lift up high enough to easily deploy equipment from below. Door to be tied to door ajar circuit in cab. Upper module to be raised to also accommodate a dunnage pan.	\$ 16,399.00
PUMP MODULE	3130-0640	Enclosed Pump Module with Double Speedlays. Includes 40.5" wide pump panel opening. Includes area for (2) stacked speedlays, lower storage compartments with D-handle latches forward of pump panel opening. Upper module area to have storage pan.	\$ 35,789.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0641	Top mount pump module with 20" walkway and running boards. Includes area forward of pump panel opening for (2) speedlays (stacked), lower storage compartments with push button latches.	\$ 16,774.00
PUMP MODULE	3130-0643	Interior of Backboard Storage compartment shall include multi-tone gray finish on floor, sides, and top of storage enclosure. Floor of compartment to include a composite material overlay.	\$ 1,401.00
PUMP MODULE	3130-0644	Full Width Speedlay module. Includes a lower double preconnect storage area, upper preconnect storage area, full width storage pan, and lower storage compartments with push button latches.	\$ 7,524.00
PUMP MODULE	3130-0647	Top mount eMAX pump module. Includes area for a single 2.5" speedlay with 200' capacity, TM walkway (raised) with compartments, dia plt running boards, folding steps with integral lights and (2) vertical handrails.	\$ 10,713.00
PUMP MODULE	3130-0648	Top mount pump module with walkway and integral double speedlays (11" W). Extruded aluminum with runningboards. Includes formed walkway access steps.	\$ 14,591.00
PUMP MODULE	3130-0650	Raised crosswalk module. Includes 8" raise with 5" high storage compartment with drop down diamond plate doors with push button latches.	\$ 2,662.00
PUMP MODULE	3130-0651	Top mount pump module with walkway and integral double speedlays (11" W). Extruded aluminum with runningboards. Includes formed walkway access steps.	\$ 14,591.00
PUMP MODULE	3130-0652	Pump module, base, single crosslay, stainless, Wildland, Export	\$ 16,960.00
PUMP MODULE	3130-0653	eMAX Rescue Pump module. Includes: lower double 1.5 in. preconnect storage area, enclosed pump panels, compartment on officer side (opposite pump panel), center front pump access doors and upper transverse storage area.	\$ 23,247.00
PUMP MODULE	3130-0654	Upper SM stainless steel pump module without crosslays. Side access open storage only with treadplate flooring. Includes (1) full width lift up door drivers side and (1) vertically hinged backboard door officer side.	\$ 5,499.00
PUMP MODULE	3130-0655	Raised walk surface on optioned module with integrated cross walk module. Includes additional structure for 8 in. raise with 5 in. high transverse storage compartment with drop down diamond plate doors with push button latches. Compartment to be sleeved to allow for un-specified dry storage.	\$ 2,662.00
PUMP MODULE	3130-0656	Upper TM pump module with diamond plate gator grip platform rearward top mount panel.	\$ 3,869.00
PUMP MODULE	3130-0657	Pump module. Includes 39" wide pump panel opening and running boards. Includes area forward of pump panel opening for (2) stacked speedlays and (1) upper speedlay (crosslay style), lower storage compartments with push button latches.	\$ 21,176.00

Category	Option	Long Description	Price
PUMP MODULE	3130-0658	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Upper and lower storage area to hold (1) tray for 200' of 1.75" DJ preconnected hose and (1) tray for 200' of 2.5" DJ preconnected hose.	\$ 16,634.00
PUMP MODULE	3130-0659	Pump module. Includes 45" wide pump panel opening with integral double speedlays and running boards. Upper SM pump module with double stacked single crosslay, tool compartment each side below speedlay and diamond plate storage pan.	\$ 21,429.00
PUMP MODULE	3130-0660	Pump module. Includes 71.5" wide pump panel opening and running boards. Includes Extending pump module forward of side pump panels an additional 10" and providing access panel opening to interior of forward pump module area on each side of body. For use with Industrial products.	\$ 12,967.00
PUMP MODULE	3130-0661	Upper SM pump module with double stacked 2.5" double crosslays and diamond plate gator grip platform rearward of crosslays.	\$ 4,230.00
PUMP MODULE	3130-0662	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for double stacked triple crosslay. Crosslay 3 to be a dead lay.	\$ 9,551.00
PUMP MODULE	3130-0663	Upper SM pump module with storage for double stacked double crosslay/drylay and diamond plate gator grip platform rearward of hose storage area.	\$ 4,230.00
PUMP MODULE	3130-0664	Upper SM stainless steel pump module with (3) crosslays in double stacks, and top open storage with treadplate flooring.	\$ 3,543.00
PUMP MODULE	3130-0665	Upper TM stainless steel pump module with (3) crosslays in double stacks.	\$ 3,843.00
PUMP MODULE	3130-0667	Upper pump module to be double stack double crosslay and diamond plate storage pan rearward of the crosslays with a Gator Grip hinged lid with gas shock hold opens.	\$ 3,848.00
PUMP MODULE	3130-0668	Stainless steel 62" wide lower pump module. Includes side running boards with Bustin Tread. This size required for most CAFS units.	\$ 9,883.00
PUMP MODULE	3130-0669	Top mount pump module with 20" walkway, 12" W tool compartment opening, and integral double speedlays (9" W). Extruded aluminum with runningboards. Includes full width formed walkway access steps.	\$ 14,591.00
PUMP MODULE	3130-0670	Upper SM pump module with single stacked triple crosslay area (4.25/4.25/6") and diamond plate storage pan. Rearward crosslay is to be a dry lay to hold 150' of 3" DJ (1" wider than standard). Forward crosslay areas are for up to 200' of 2" DJ each.	\$ 4,133.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0672	Pump module for side mount enclosed operation. Includes 52.5" panel opening and area for double stacked triple crosslay. Module has sanded finish and crosslay floors are slotted for draining. Pump module to be full width.	\$ 23,922.00
PUMP MODULE	3130-0673	Upper SM stainless steel pump module with single stacked double crosslays and double stacked dead lay for LDH hose. Top open storage with treadplate flooring.	\$ 3,658.00
PUMP MODULE	3130-0675	Upper stainless steel pump module with single stacked double crosslays and top open storage with treadplate flooring. Crosslay floors lowered to approximately 66" above ground. Crosslay plumbing terminates at side panels below beds. Crosslay 1 and crosslay 2 on the officer side.	\$ 5,710.00
PUMP MODULE	3130-0676	Door at officer side upper pump panel for dunnage compartment access. Locate directly rearward of the crosslay beds with forward hinged vertical access door 17.5" wide x 31" tall and push button trigger latch.	\$ 509.00
PUMP MODULE	3130-0678	Top mount pump module with 20in. walkway. Extruded aluminum with running boards and LED lighted folding side access steps.	\$ 11,774.00
PUMP MODULE	3130-0679	Side mount panel for lever controls IPO push pull handles.	\$ 2,892.00
PUMP MODULE	3130-0680	Durabak package for side mount pump module: Includes exterior surfaces of all running boards (including speedlay running boards if applicable), exterior surface of runningboard trays and lids, intermediate steps and all fabricated mounting plates installed under the module or body for plumbing options like drains, bleeders, stirrup style switch etc. as applicable.	\$ 911.00
PUMP MODULE	3130-0681	Durabak package for top mount pump module: Includes exterior surfaces of all running boards (including speedlay running boards if applicable), exterior surface of runningboard trays and lids, intermediate steps and all fabricated mounting plates installed under the module or body for plumbing options like drains, bleeders, stirrup style switch etc. as applicable. Also includes walkway and walkway steps.	\$ 1,720.00
PUMP MODULE	3130-0682	Upper SM stainless steel pump module with double stacked double crosslays and top open storage with treadplate flooring. Each bed to hold up to 200' of double jacket hose for the selected discharges.	\$ 2,920.00
PUMP MODULE	3130-0683	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (2) trays for 200' of 1.75" DJ preconnected hose. Upper storage area to hold (1) tray for 200' of 2.50" DJ preconnected hose offset to rear and storage area for (2) backboards vertically stored offset forward w/sleeve each side of center pump access.	\$ 16,634.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0684	Top mount pump module with walkway and integral double speedlays (9" W). Extruded aluminum with runningboards. Includes formed 10" wide walkway access steps.	\$ 14,591.00
PUMP MODULE	3130-0687	Crosslay double. Includes (2) double stack crosslays for up to 300' of 2.0 DJ hose forward, and 200' of 2.5" DJ hose to rear, with either a diamond plate storage pan, or an aluminum treadplate panel in available area rearward of the crosslays. Wetside tanker only.	\$ 3,687.00
PUMP MODULE	3130-0688	Stainless steel 65" wide lower pump module. Includes side running boards with Bustin Tread. This size required for most CAFS units.	\$ 9,883.00
PUMP MODULE	3130-0689	Top mount pump module with walkway and integral double speedlays (11" W). Extruded aluminum with runningboards. Includes formed walkway access steps.	\$ 14,591.00
PUMP MODULE	3130-0690	Pump module side mount with 39" wide pump panel opening. Includes dia plt running boards. Wetside tanker only.	\$ 6,445.00
PUMP MODULE	3130-0691	Upper stainless steel pump module with double stacked triple crosslays and top open storage with treadplate flooring. Crosslay floors lowered to approximately 71" above ground.	\$ 5,710.00
PUMP MODULE	3130-0692	Pump module modification for lowered crosslays accessed from the ground. See body layout.	\$ 819.00
PUMP MODULE	3130-0693	Upper SM stainless steel pump module with double stacked double crosslays and a backboard plus top open storage with treadplate flooring. Crosslay capacity of 300' of 1.75" hose per bed.	\$ 4,970.00
PUMP MODULE	3130-0694	Upper stainless steel pump module with single stacked triple crosslays and top open storage with treadplate flooring. Crosslay floors lowered to approximately 64" above ground.	\$ 5,710.00
PUMP MODULE	3130-0696	Upper SM pump module with single stacked triple crosslay, and diamond plate storage pan. Forward (2) crosslay to be 6" wide and the rearward crosslay to be 6.75" wide.	\$ 8,954.00
PUMP MODULE	3130-0697	Enclosed Side Mount Pump Module with 17" wide integral preconnect area located forward of pump panel. Includes tool compartment each side below the forward preconnect area and running boards.	\$ 28,666.00
PUMP MODULE	3130-0700	Upper SM stainless steel pump module with double stacked double crosslays and a backboard plus top open storage with treadplate flooring. Crosslay capacity of 300' of 1.75" hose per bed. Crosslay floors lowered to approximately 71" above ground.	\$ 5,741.00
PUMP MODULE	3130-0701	Side Mount Pump Module with 11" wide integral preconnect storage area located forward of pump panel. Includes tool compartment each side below the forward preconnect storage area and running boards.	\$ 17,281.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0702	Top mount eMAX pump module. Includes area for a double speedlay, TM walkway (raised) with compartments, dia plt running boards, folding steps with integral lights and (2) vertical handrails. The walkway shall be raised and stretched to accommodate storage of (2) backboards.	\$ 11,717.00
PUMP MODULE	3130-0703	Upper SM stainless steel pump module without crosslays. Transverse storage compartment 20" wide x 24" high with mid-point shelf at front of the enclosure with ADT cover. (1) door actuated light at each door opening. (2) vertical rearward hinged box pan fully gasketed doors with d-ring latches and gas tube hold opens. Wire to door adjar indicator in cab. A full height vertical partition installed 2.5" from the rear wall to provide space for backboard storage. Shelf installed forward of partition at mid-height to permit storage of high rise pack on bottom and long handle tools on top. Top open storage rearward of the transverse compartment with treadplate flooring. Outer door panel finish to match side pump panel finish.	\$ 6,714.00
PUMP MODULE	3130-0704	Pump module. Includes 39" wide pump panel opening with integral double speedlays and running boards. Upper SM pump module with double stacked single crosslay, tool compartment each side below speedlay and diamond plate storage pan.	\$ 21,429.00
PUMP MODULE	3130-0705	Pump module. Includes 63" wide pump panel opening and running boards. Upper SM pump module with double stacked triple crosslays extra capacity with diamond plate storage pan. Crosslays to be 68" high from ground. Front headboard of module to be lowered 15" and provisions added to mount crosslay cover.	\$ 14,303.00
PUMP MODULE	3130-0706	Upper SM pump module with double stacked double crosslays and diamond plate storage pan. Rear crosslay to be plumbed 2.5" with opening for 3" DJ hose.	\$ 3,409.00
PUMP MODULE	3130-0709	Pump panels to be recess mounted in the pump module by approximately 2" each side of body.	\$ 1,010.00
PUMP MODULE	3130-0710	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (2) preconnected hose storage trays. Upper storage area to have transverse area accessible thru lift-up door each side.	\$ 16,634.00
PUMP MODULE	3130-0711	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (1) tray for 200' of 3" DJ preconnected hose offset to rear and storage area for (2) backboards vertically stored offset forward w/sleeve each side of center pump access. Upper transverse storage area for dry storage accessible from both sides and open top area.	\$ 17,574.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0713	Pump module modification for lowered crosslays accessed from the ground. Front headboard of module to be lowered and provisions added to mount crosslay cover forward of deck gun channel. See body layout.	\$ 819.00
PUMP MODULE	3130-0714	Removable boxed out upper speedlays. The rear area of the two (2) upper speedlays are to be boxed out with a removable back wall to reduce the width of the speedlays. Both upper speedlays are to have 7" of clear opening front to rear including forward speedlay roller.	\$ 1,197.00
PUMP MODULE	3130-0715	Enclosed triple vertically stacked speedlays with trays, 14" wide, capacities to be for the selected size preconnect discharges. Speedlay assembly welded integral to the front of SS pump enclosure. For use with enclosed side pump panels with special WB dimension added to create space for door openings. Actual WB dimension for this application is 23".	\$ 5,408.00
PUMP MODULE	3130-0716	Top mount eMAX pump module. Includes area for a double speedlay, TM walkway (raised) without compartments (access doors ONLY for CAFS system), dia plt running boards, folding steps with integral lights and (2) vertical handrails.	\$ 10,713.00
PUMP MODULE	3130-0717	Crosswalk module. 19" wide. Includes stainless steel walkway storage compartments with lift-up access lids and butterfly latches, non-skid running boards with Bustin Tread, and access hand rails mounted one each side to the front of the pump enclosure assembly.	\$ 2,677.00
PUMP MODULE	3130-0718	Double vertically stacked speedlays 16" wide, capacities to be for the selected size preconnect discharges. Each bed to hold 300' of hose. Speedlay assembly welded integral to the front of SS pump enclosure.	\$ 5,084.00
PUMP MODULE	3130-0720	Side Mount Pump Module with 13" wide integral preconnect area located forward of pump panel. Includes tool compartment each side below the forward preconnect area and running boards.	\$ 17,749.00
PUMP MODULE	3130-0721	Side Mount Pump Module with 15" wide integral preconnect area located forward of pump panel. Includes tool compartment each side below the forward preconnect area and running boards.	\$ 18,221.00
PUMP MODULE	3130-0722	Side Mount Pump Module with 9" wide integral preconnect area located forward of pump panel. Includes tool compartment each side below the forward preconnect area and running boards.	\$ 16,808.00
PUMP MODULE	3130-0724	Speedlay module, 17" wide. Includes area for (2) 2" speedlays, fixed center divider, stainless steel lower storage compartments with push-button latches and running boards. Plumbing with swivel elbows will be routed outboard of the frame rails, (1) each side.	\$ 2,957.00
PUMP MODULE	3130-0725	Stainless steel 46" wide lower pump module. Includes side running boards with Bustin Tread inserts. Side access pump panels fully removable with lift and turn latches.	\$ 10,316.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0726	Crosswalk module. Includes stainless steel walkway storage compartments with side opening lift-up access door/step combination, with gas shocks and latches, non-skid running boards and access hand rails mounted one each side to the front of the pump enclosure assembly.	\$ 2,945.00
PUMP MODULE	3130-0727	Top Mount Enclosed Pump Module with 19" wide integral preconnect area located forward of pump panel. Includes tool compartment each side below the forward preconnect area and running boards.	\$ 19,160.00
PUMP MODULE	3130-0728	Top Mount Enclosed Pump Module. Extruded aluminum with runningboards.	\$ 16,808.00
PUMP MODULE	3130-0730	The side mount pump module shall be enclosed with roll up doors on both sides. This option increases the module width to be full width of the body. Roll up doors added seperately.	\$ 8,231.00
PUMP MODULE	3130-0731	Enclosed triple vertically stacked speedlays, 15" wide, for use with trays (selected separately). Capacities to be 250' for the selected size preconnect discharges. Speedlay assembly welded integral to the front of SS pump enclosure. For use with enclosed side pump panels. Overall additional width adds 22" to the wheelbase.	\$ 4,766.00
PUMP MODULE	3130-0732	Enclosed Pump Module with Triple Speedlays vertical stacked. Includes 45" wide pump panel opening. Includes preconnect area for (3) 1.5" speedlays, lower storage compartments forward of pump panel opening. Upper module area to have storage pan.	\$ 32,750.00
PUMP MODULE	3130-0733	The outboard panels of the pump module to be smooth plate seamless and painted job color.	\$ 1,018.00
PUMP MODULE	3130-0734	Side Mount Pump Module with 17" wide integral preconnect area located forward of pump panel. Includes tool compartment each side below the forward preconnect area and running boards.	\$ 18,784.00
PUMP MODULE	3130-0735	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (1) tray for 200' of 1.75" DJ preconnected hose and (1) tray for 200' of 2.5" DJ preconnected hose. Upper storage area to hold (1) tray for 200' of 1.75" DJ preconnected hose offset to rear and storage area offset forward. Includes sleeves offset forward each side of center pump access for (1) backboard vertically stored (approx. 3" wide) and remaining area to rear of backboard storage sleeve to be divided into (2) equal slots for long handle tools.	\$ 16,634.00
PUMP MODULE	3130-0736	Upper SM pump module with double stacked double cross lays and transverse storage area. Transverse storage area to be rearward cross lays. Includes horizontal hinged diamond plate doors with D-Ring latches and gas shocks, doors to be hinged at top and tied to door ajar in cab.	\$ 3,919.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0737	Enclosed Pump Module with Triple Speedlays. Includes 51" wide pump panel opening. Includes a lower preconnect area for (1) 2.5" speedlay and a upper preconnect area for (2) 1.5" speedlays, lower storage compartments with push button latches forward of pump panel opening. Upper module area to have storage pan.	\$ 32,750.00
PUMP MODULE	3130-0738	Pump module compartment approx. 20 inches deep located on the officer side. Includes provision for discharges or intakes on the back wall as applicable. Requires enclosed pump module, special ordered water pump and engineering approval.	\$ 1,358.00
PUMP MODULE	3130-0739	The pump module side panels shall be inset at standard width on both sides of the apparatus with running boards only below module panels. Forward hose storage areas and/or upper module shall be extended outward to full body width to allow for longer storage capacity and for upper module to have a full body width dunnage pan as applicable per configuration. Side forward body steps not usable with this option and slide out platforms may be needed to accommodate reach to options in dunnage pan as applicable. i.e. booster or cord reels or similar which will deploy off of module side.	\$ 8,231.00
PUMP MODULE	3130-0741	Upper stainless steel pump module with double stacked double crosslays and top open storage with treadplate flooring. Crosslay floors lowered to approximately 66" above ground.	\$ 3,501.00
PUMP MODULE	3130-0742	Top mount pump module walkway, runningboards and formed walkway access steps shall be made out of embossed diamond plate with no gator grip in place of standard.	\$ 634.00
PUMP MODULE	3130-0743	Top mount pump module with 20" walk way. Extruded aluminum with running boards and full width formed side access steps.	\$ 11,774.00
PUMP MODULE	3130-0745	Stainless steel 42" wide lower pump module. Includes side running boards with Bustin Tread inserts.	\$ 9,373.00
PUMP MODULE	3130-0746	304L stainless steel 14" wide crosslay module for Wetside tanker, located forward of body, intended for use with undertank pump when crosslays or officer side intake or discharge(s) are required. Includes area for (2) preconnected crosslays with center divider, lower storage compartment(s) with push button latch(es) and running boards.	\$ 4,710.00
PUMP MODULE	3130-0747	Upper SM stainless steel pump module for Wetside Tanker with (2) 1.5" & (1) 2.5" single stacked preconnected crosslays, and top open storage with treadplate flooring.	\$ 3,543.00
PUMP MODULE	3130-0748	Upper SM stainless steel pump module for Wetside Tanker with two (2) 1.75" double stacked preconnected crosslays and top open storage with treadplate flooring.	\$ 3,168.00
PUMP MODULE	3130-0749	Upper SM stainless steel pump module for Wetside Tanker with two (2) 1.5" single stacked preconnected crosslays and one (1) dry lay and top open storage with treadplate flooring.	\$ 3,280.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0750	Upper SM stainless steel pump module for Wetside Tanker with three (3) single stacked 1.5" preconnected crosslays, and top open storage with treadplate flooring.	\$ 3,450.00
PUMP MODULE	3130-0751	Upper SM pump module with double stacked double cross lays and double back board storage slot with no storage pan.	\$ 3,388.00
PUMP MODULE	3130-0752	Vertically stacked combination speedlay/crosslay module. Assembly welded integral to the front of SS pump enclosure. (2) lower speedlays with extended height will be 15" wide (for use with trays) and each bed holds 200' of 1.75" hose. (1) upper crosslay bed to hold 200' of 2.5" hose, (3) lays wide, extends into the pump module dunnage pan. Bustin Tread in side running boards of speedlay area.	\$ 4,741.00
PUMP MODULE	3130-0753	Upper SM stainless steel pump module with single stacked double crosslays, Rearward of the crosslay is a transverse storage area approximately 8" wide with a 3.25" wide backboard storage area, a partition wall, and (2) aluminum tubes for 6' Boston rakes rearward of the partition (accessible from the officer side). Includes a top open storage area with treadplate flooring rearward of the tranverse storage area. Crosslay floors lowered to approximately 64" above ground.	\$ 6,092.00
PUMP MODULE	3130-0754	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (1) tray for 200' of 2.5" DJ preconnected hose. Upper storage area to hold (1) tray for 200' of 2.5" DJ preconnected hose offset to rear and storage area for (2) backboards vertically stored offset forward w/sleeve each side of center pump access.	\$ 16,634.00
PUMP MODULE	3130-0755	The outboard panels of the pump module to be smooth plate recessed and painted job color.	\$ 917.00
PUMP MODULE	3130-0756	Stainless steel 46" wide lower pump module for side mount application. Includes side running boards with Bustin Tread inserts. Officer side lower panel is lift-off style (IPO hinged) with lift and turn latches.	\$ 10,129.00
PUMP MODULE	3130-0757	Upper SM stainless steel pump module with double stacked double crosslays and top open storage with treadplate flooring. Crosslay capacity is 200' each bed. Overall pump module height to match rear body.	\$ 2,920.00
PUMP MODULE	3130-0759	Enclosed Pump Module with Triple Speedlays. Makes the module full width of the body. Includes 45" wide pump panel opening. Includes a lower preconnect area for (1) 2.5" speedlay and a upper preconnect area for (2) 1.5" speedlays, lower storage compartments with push button latches forward of pump panel opening. Upper module area to have storage pan.	\$ 32,750.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0760	Top mount eMAX pump module with expanded upper module to include the speed lay storage area up to the top of the module. Speed Lays chute expanded for additional hose storage capacity Includes area for a double speed lay, TM walkway (raised) with compartments, dia plt running boards, fixed walkway steps and (2) vertical handrails.	\$ 22,242.00
PUMP MODULE	3130-0761	Side mount pump module with integral double speedlays (11" W). Extruded aluminum with runningboards. Includes lower storage compartments.	\$ 14,591.00
PUMP MODULE	3130-0762	Transverse Module (full width). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area for storage of triple hard suction 6" in size with smooth plate flooring). Upper area for double stacked double crosslay. Crosslay to hold up to 200' of 2.00 DJ.	\$ 11,011.00
PUMP MODULE	3130-0763	Stainless steel 42" wide lower pump module. Includes side running boards with Bustin Tread inserts.	\$ 9,883.00
PUMP MODULE	3130-0764	Upper SM stainless steel pump module for Wetside Tanker with two (2) double stacked 1.75" preconnected crosslays, one (1) single stacked 2.5" preconnected crosslay and top open storage with treadplate flooring. This option is not applicable for generator or ideal for deck gun.	\$ 4,391.00
PUMP MODULE	3130-0765	Upper TM stainless steel pump module with (1) single width crosslay for 200' of 2.5" hose with top open storage (if space available) with treadplate flooring.	\$ 5,234.00
PUMP MODULE	3130-0766	Upper stainless steel pump module with single stacked triple crosslays and top open storage with treadplate flooring. Crosslay floors lowered to approximately 66" above ground.	\$ 5,710.00
PUMP MODULE	3130-0767	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (2) trays for 200' of 1.75" DJ preconnected hose. Upper storage area to hold (1) tray for 200' of 1.75" DJ preconnected hose and for dry storage (1) tray for 200' of 1.75" DJ hose.	\$ 16,634.00
PUMP MODULE	3130-0768	Transverse Module (narrow). Locate forward of pump area. Includes a single compartment opening per side (with a shallow lower area and a transverse upper area with diamond plate flooring) and running boards. Upper area for triple crosslay, forward (2) crosslays to be double stacked and rearward crosslay to be single stacked. The spcing for the crosslays front to rear: 7.25", 7.25", 5".	\$ 9,551.00
PUMP MODULE	3130-0770	Stainless steel flip cover for air inlet or outlet with label mounted on driver side pump panel.	\$ 337.00
PUMP MODULE	3130-0771	Upper SM stainless steel pump module with (2) double stacked and (1) single stacked crosslays and top open storage with treadplate flooring. Beds 1 and 2 hold 250' of 1.75" DJ hose in double stacks. Bed 3 holds 200' of 2.5" DJ hose in a single stack.	\$ 3,658.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
PUMP MODULE	3130-0772	Upper stainless steel pump module with single stacked triple crosslays and top open storage with treadplate flooring. Bed 1 holds 150' of 1-3/4" DJ hose, bed 2 holds 200' of 1-3/4" DJ hose, bed 3 holds 200' of 1-3/4" DJ hose. All beds are 5.5" wide.	\$ 3,658.00
PUMP MODULE	3130-0773	Top mount eMAX pump module. Includes area for a single 2.5" speedlay with 200' capacity, TM walkway (raised) with compartments, dia plt running boards, fixed walkway steps and (2) vertical handrails.	\$ 10,713.00
PUMP MODULE	3130-0774	Top mount pump module with walkway and integral triple speedlays (13" W). Extruded aluminum with runningboards. The walkway shall be raised and stretched to accommodate storage of (1) backboard. Includes formed walkway access steps. Each 1.5" speedlay will have capacity for up to 200 ft. of 1-3/4" hose. The 2.5" speedlay (if selected) will have capacity for 150 ft. of 2.5" hose.	\$ 16,508.00
PUMP MODULE	3130-0775	Upper SM stainless steel pump module without crosslays. Includes an enclosed backboard storage compartment with clear door openings of 8" and (1) vertically hinged door each side at the front of the pump module with trigger latch. Additional spacing provided for clearance when rear of cab quartz pole lights are specified. Open storage with treadplate flooring rearward of the backboard compartment.	\$ 5,499.00
PUMP MODULE	3130-0776	Upper SM stainless steel pump module with double stacked single crosslay and a backboard with top open storage with treadplate flooring. Crosslay floor lowered to approximately 71" above the ground.	\$ 4,970.00
PUMP MODULE	3130-0777	30" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (2) 1-1/2" Crosslay Preconnects.	\$ 10,908.00
PUMP MODULE	3130-0778	30" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (2) 2-1/2" Crosslay Preconnects.	\$ 10,908.00
PUMP MODULE	3130-0779	30" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (1) 1-1/2" and (1) 2-1/2" Crosslay Preconnects.	\$ 10,908.00
PUMP MODULE	3130-0780	30" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (2) 1-1/2" Crosslay Preconnects and (1) Hose Storage "Dry" Lay.	\$ 11,337.00
PUMP MODULE	3130-0781	30" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (2) 2-1/2" Crosslay Preconnects and (1) Hose Storage "Dry" Lay.	\$ 11,337.00
PUMP MODULE	3130-0782	30" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (1) 1-1/2" and (1) 2-1/2" Crosslay Preconnects, and (1) Hose Storage "Dry" Lay.	\$ 11,337.00

PUMP MODULE	3130-0783	42" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (2) 1-1/2" Crosslay Preconnects.	\$ 11,337.00
PUMP MODULE	3130-0784	42" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (2) 2-1/2" Crosslay Preconnects.	\$ 11,337.00
PUMP MODULE	3130-0785	42" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (1) 1-1/2" and (1) 2-1/2" Crosslay Preconnects.	\$ 11,337.00
PUMP MODULE	3130-0786	42" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (2) 1-1/2" Crosslay Preconnects and (1) Hose Storage "Dry" Lay.	\$ 11,763.00
PUMP MODULE	3130-0787	42" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (2) 2-1/2" Crosslay Preconnects and (1) Hose Storage "Dry" Lay.	\$ 11,763.00
PUMP MODULE	3130-0788	42" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (1) 1-1/2" and (1) 2-1/2" Crosslay Preconnects, and (1) Hose Storage "Dry" Lay.	\$ 11,763.00
PUMP MODULE	3130-0789	Plumbing Component Cover for Vacuum Pump System. Stainless Steel Structure with Brushed Stainless Side Panels and a Tread Plate Top.	\$ 2,307.00
PUMP MODULE	3130-0790	Upper SM stainless steel pump module with double stacked double crosslays for minimum 200' of 2" DJ hose and top open storage with treadplate flooring. Each bed will be 7.5" wide. Crosslay height to be approximately 66" from ground.	\$ 3,424.00
PUMP MODULE	3130-0791	Pump module. Includes 45" wide pump panel opening with integral double speedlays and running boards. Upper SM pump module with double stacked single crosslay, tool compartment each side below speedlay and diamond plate storage pan. 11" wide speedlay/crosslay openings.	\$ 21,429.00
PUMP MODULE	3130-0792	Upper SM stainless steel pump module without crosslays. Includes an enclosed backboard storage compartment as wide as practical with clear door openings of approximately 12.5" and (1) vertically hinged door each side at the front of the pump module with trigger latch. Additional spacing provided for clearance when rear of cab quartz pole lights are specified. Open storage with treadplate flooring rearward of the backboard compartment.	\$ 5,499.00

Category	Option	Long Description	Price
PUMP MODULE	3130-0793	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (1) tray for 200' of 2.5" DJ preconnected hose offset to rear and storage area offset forward w/sleeve each side of center pump access. Upper storage area to hold (1) tray for 200' of 2.5" DJ preconnected hose offset to rear and storage area for (2) backboards vertically stored offset forward w/sleeve each side of center pump access.	\$ 16,634.00
PUMP MODULE	3130-0795	50" Wide Side Mount Pump Module, Stainless Steel w/ Officer Side Access Door and Tread Plate Running Boards. Upper Pump Module to provide storage for (2) 2-1/2" Crosslay Preconnects and (1) Hose Storage "Dry" Lay.	\$ 13,935.00
PUMP MODULE	3130-0796	eMAX Pump module upgrade HP75/78. Includes enclosed pump panel, compt on officer side (opposite pump panel), lower and upper storage areas, center front pump access doors, removable center floor in upper area, storage pan and boom support diamond plate filler panels. Lower storage area to hold (2) trays, each to hold 200' of 1.75" DJ preconnected hose. Upper storage area to hold (1) tray for 200' of 2.5" DJ preconnected hose (offset rearward) and for dry storage (1) tray for 200' of 1.75" DJ hose.	\$ 16,634.00
PUMP MODULE	3130-0798	The bottom speedlay to have a bolt-on diamond plate cover on the driver side to deploy on the officer side only. The top speedlay to have a bolt-on diamond plate cover on the officer side to deploy on the driver side only. The crosslay to be accessible from the driver side only.	\$ 772.00
