Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0042	System shall consist of horizontal Space Saver 2 bottle fill station with control fill panel above, located in R2. System includes all associated plumbing, valves and gauges to accommodate a (6) bottle system. NOTE: the (6) DOT bottles are not included and shall be dealer or customer installed! Control panel shall be mounted in an E-One fabricated enclosure. (6) Bottle DOT 6000 PSI breathing air cascade system shall be horizontally mounted in an E-One fabricated storage rack located between L2/R2 over the rear axle with intent of bottle valves to be access thru rear of B1 compartment door for easy access to DOT bottle valves.	\$ 17,894.00
CASCADE SYSTEM/FILL STATION	3315-0043	6-Bottle DOT 6000 PSI Breathing Air Cascade bottles with air lines routed to fill station location in L4 forward area. Rack and bottles to be located in forward roof top boxs (3) bottles on driver side and (3) bottles on officer side. Note: No control panel included.	\$ 22,364.00
CASCADE SYSTEM/FILL STATION	3315-0044	Storage rack for four (4) DOT or ASME air bottles. Mounted horizontal in roof top compartments. Locate two (2) each side in roof top compartments for dealer supplied and installed DOT/ASME bottles and Cascade system.	\$ 1,641.00
CASCADE SYSTEM/FILL STATION	3315-0045	Storage rack for One (1) 4500 nitrogen bottle air bottle. Mounted horizontal above standard bottles (1) B1 and (1) B2.	\$ 1,188.00
CASCADE SYSTEM/FILL STATION	3315-0046	SpaceSaver Fill Station, horizontal operation, fill two SCBA cylinders. Fill station to be located in R3.	\$ 27,531.00
CASCADE SYSTEM/FILL STATION	3315-0047	Storage rack for two DOT or ASME air bottles. Mounted either vertical or horizontal in a compartment or top of body. Locate: [#LOC].	\$ 1,018.00
CASCADE SYSTEM/FILL STATION	3315-0050	SpaceSaver Fill Station, vertical operation, fill two SCBA cylinders. Fill station to be locate: L2 floor. Sierra Booster Pump, 6000 PSI. Locate: Above L2 in coffin style compartment with a remote mounted on control panel. 4-Bottle UN 6000 PSI Breathing Air Cascade System with air panel located in L2 above fill station, bottle rack and all associated air lines, valves and gauges. Rack and bottles to be located: (2) in roof top compartments over wheelwells on officer side and (2) in roof top compartment over wheelwells on driver side.	\$ 37,058.00
CASCADE SYSTEM/FILL STATION	3315-0051	SpaceSaver Fill Station, horizontal operation, fill two SCBA cylinders. Fill station to be locate: R2 floor. Sierra Booster Pump, 6000 PSI. Locate:: 2-Bottle UN-ISO 6000 PSI Breathing Air Cascade System with air panel located above fill station and all associated air lines, valves and gauges. The bottles are to be located on the rear wall.	\$ 30,819.00
CASCADE SYSTEM/FILL STATION	3315-0052	4-Bottle DOT 6000 PSI breathing air cascade system with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles to be located [#LOC].	\$ 35,054.00
CASCADE SYSTEM/FILL STATION	3315-0053	4-Bottle UN 6000 PSI breathing air cascade system with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles to be located [#LOC].	\$ 31,890.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0054	4-Bottle ASME 6000 PSI Breathing Air Cascade System with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles to be located in [#LOC].	\$ 47,385.00
CASCADE SYSTEM/FILL STATION	3315-0055	SpaceSaver M2792M two (2) bottle vertical fill station. Fill station to be located in [#LOC].	\$ 27,946.00
CASCADE SYSTEM/FILL STATION	3315-0056	Bauer CFS5.5-2M two (2) bottle fill station. Fill station to be located in [#LOC].	\$ 27,039.00
CASCADE SYSTEM/FILL STATION	3315-0057	Haskel Booster Pump 6000 psi, #58985-2 or equivalent	\$ 27,287.00
CASCADE SYSTEM/FILL STATION	3315-0058	Mako MSCFS2 two (2) bottle fill station. Fill Station will be located in [#LOC].	\$ 29,384.00
CASCADE SYSTEM/FILL STATION	3315-0059	2-bottle DOT 6000 PSI breathing air cascade system, Klamp-it, fill station and Haskel booster with control panel, installed. Bottle rack and all associated air lines, valves and gauges. Bottles, fill station, booster to be located in R2.	\$ 34,161.00
CASCADE SYSTEM/FILL STATION	3315-0060	Breathing air system with (6) ASME bottles. Includes: (1) 35.9 cfm 6000 psi compressor with (TBD 208V or 230V voltage) 3 phase soft start motor & P10 Securus, (4) vertical Space Saver 2 bottle fill stations. (6) 6000 psi ASME storage bottles, control fill panel, all associated plumbing, valves and gauges to accommodate system. Compressor Located between L1/L2 & R1/R2, (2) ASME bottles located on aft wall of L4, (2) ASME bottles located on aft wall of R4, (2) ASME bottles located on rear wall of B1, (2) SpaceSaver fill stations located in L4 forward, (2) SpaceSaver fill stations located in R4 forward, Control panel located in B1 E-One fabricated enclosure. Purification to be relocated to accommodate servicing.	\$ 152,880.00
CASCADE SYSTEM/FILL STATION	3315-0061	Enclosure to mount air system control panel with 6 ASME bottles and (4) 2 bottle SpaceSaver fill stations. Finish: sanded aluminum. Location: B1	\$ 2,001.00
CASCADE SYSTEM/FILL STATION	3315-0062	1-Bottle DOT 6000 PSI tool air system with air panel, bottle and all associated air lines, valves and gauges (Breathing Air Systems supplied). Bottle located in L1 rearward back wall. Air Panel located in L3 upper between reels.	\$ 4,973.00
CASCADE SYSTEM/FILL STATION	3315-0063	Storage enclosure for breathing air system's control panel shall be provided. Panel for (1) DOT tool system. Located in L3 between reels as high as possible.	\$ 799.00
CASCADE SYSTEM/FILL STATION	3315-0064	Storage rack for One (1) DOT air bottle. Mounted vertical top of body in compartment L1 rearward to back wall.	\$ 1,188.00
CASCADE SYSTEM/FILL STATION	3315-0065	2-Bottle DOT 6000 PSI tool air cascade system, bottle rack, associated air lines, valves and gauges. Rack and bottles to be located in [#LOC].	\$ 24,961.00
CASCADE SYSTEM/FILL STATION	3315-0068	Partition between roof top compartments and cascade bottle storage areas for both driver and officer side. Floor to be provided above the cascade bottle storage areas to use remaining area above.	\$ 5,362.00
CASCADE SYSTEM/FILL STATION	3315-0069	8-Bottle UN-ISO 6000 PSI Breathing Air Cascade System with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles to be located (4) each in compartments L2 and R2.	\$ 57,539.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0070	High pressure breathing air outlet with HP regulator, supply & regulated pressure gauges and shut off. Includes 6000 PSI quick disconnect and cap. Located on breathing air panel and plumbed into the on board cascade system. For off-filling of cascade systems with onboard compressor at scene or station houses.	\$ 4,456.00
CASCADE SYSTEM/FILL STATION	3315-0071	Storage enclosure for breathing air system's control panel shall be provided. Panel for (3) DOT breathing air system. Located in L4 above the fill station..	\$ 799.00
CASCADE SYSTEM/FILL STATION	3315-0072	Cascade system, 3-bottle DOT 6000 PSI breathing air system with Sidewinder fill station, air panel above fill station and all associated air lines, valves and gauges. Locate: L3.	\$ 21,407.00
CASCADE SYSTEM/FILL STATION	3315-0073	Storage enclosure for breathing air system's control panel shall be provided. Panel for (3) DOT breathing air system. Located in L3 above the fill station..	\$ 799.00
CASCADE SYSTEM/FILL STATION	3315-0074	Storage rack for four (4) DOT or ASME air bottles. Mounted horizontal in roof top compartments. Locate two (2) each side in roof top compartments for DOT/ASME bottles and Cascade system.	\$ 1,641.00
CASCADE SYSTEM/FILL STATION	3315-0075	Storage rack for (2) two DOT or ASME air bottles. A dual bottle storage rack with lifting eyes shall be provided so that the rack with storage bottles installed can be lifted from the mounting surface for service. Rack to accommodate bottles configured side by side horizontally. Locate: Body roof. Note: Bottles not included.	\$ 3,060.00
CASCADE SYSTEM/FILL STATION	3315-0076	Raceway to accommodate cascade air lines routed thru body roof. Provision to accommodate dealer supplied and installed cascade air system. Option shall be designed to prevent water intrusion into compartment from roof top opening. Locate: In coordination with provisions for dealer supplied system.	\$ 1,204.00
CASCADE SYSTEM/FILL STATION	3315-0077	Diamond plate enclosure for up to six (6) DOT breathing air bottles in open storage area beneath aerial.	\$ 3,514.00
CASCADE SYSTEM/FILL STATION	3315-0078	System shall consist of HYPRES single containment fill station with control fill panel. System includes all associated plumbing from cascade storage bottles to compartment with fill station. Locate: L3	\$ 30,719.00
CASCADE SYSTEM/FILL STATION	3315-0079	Enclosure for breathing air system control panel shall be provided. Locate: L3 above fill station.	\$ 1,260.00
CASCADE SYSTEM/FILL STATION	3315-0080	BreathingAir Systems cascade system: Shall consist of a Soft Start 3 phase 10 HP 13 CFM compressor, P5 Securus tilt out purification, remote controls, electric carbon monoxide monitor with calibration kit, (1) one SpaceSaver M2794 4 bottle fill station, control panel mounted in an E-One fabricated enclosure, A (6) DOT bottle cascade system roof mounted in E-One supplied racks 3 bottles each side in forward roof top compartments. Also includes: 60 FT of remote fill hose, panel fill connection, panel air outletfrom cascade, all plumbing to complete install. Compressor pkg located: L1/R1 centered. SpaceSaver fill station and controls Located: R1.	\$ 86,011.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0081	Enclosure, aluminum construction to accommodate air system control panel with 6 storage bottles. Finish: sanded aluminum. Location: R1	\$ 2,001.00
CASCADE SYSTEM/FILL STATION	3315-0082	Storage racks (PR) for DOT or ASME air bottles shall be provided. A pair of three (3) bottle storage racks with lifting eyes shall be provided so that the rack with storage bottles installed can be lifted from the mounting surface for service. Racks to accommodate bottles configured side by side horizontally. Locate: Body roof compartment with (1) over L2/L3 & (1) over R2/R3. Note: Bottles not included.	\$ 8,096.00
CASCADE SYSTEM/FILL STATION	3315-0083	SpaceSaver M2792H Fill Station, horizontal operation, fill two SCBA cylinders. Fill station to be located in [#LOC].	\$ 27,531.00
CASCADE SYSTEM/FILL STATION	3315-0084	Raceway for air lines between L2 & L3 compartments at upper rear corner and from open storage area to L2 compartment.	\$ 1,204.00
CASCADE SYSTEM/FILL STATION	3315-0085	2-Bottle UN-ISO 6000 PSI Breathing Air Cascade System with Space Saver M2792M 2-bottle fill station in L2 offset against forward wall, bottle rack and all associated air lines, valves and gauges for Dealer supplied and installed air control panel. Includes Sierra Precision 12000A electric booster pump 30A/110V in L3 offset forward. Rack and bottles to be located in open storage area on officer side beneath aerial.	\$ 26,548.00
CASCADE SYSTEM/FILL STATION	3315-0086	Enclosure for breathing air system control panel shall be provided. Controls & panel not included. Finish shall be sanded aluminum unless otherwise specified. Locate:[#LOC].	\$ 1,260.00
CASCADE SYSTEM/FILL STATION	3315-0087	Removable floor. A removable floor shall be provided in the roof top compartment to accommodate access and storage of ASME /DOT storage bottles below. The floor design shall be designed to maximize compartment storage space and access. The removable floor shall include a thumb latch door to provide quick access to bottle valve(s) as applicable) without the need to remove the floor plate. Material shall be 3/16 smooth aluminum with a sanded finish. Locate: Roof top compartments over L3 and R3.	\$ 2,670.00
CASCADE SYSTEM/FILL STATION	3315-0088	SpaceSaver M2791M Single bottle vertical fill station. Fill station to be located in [#LOC].	\$ 20,590.00
CASCADE SYSTEM/FILL STATION	3315-0089	SpaceSaver fill station 300H, horizontal operation, fills two (2) SCBA cylinders. Locate in L2 offset as far rearward as practical.	\$ 27,531.00
CASCADE SYSTEM/FILL STATION	3315-0090	Storage racks for Twelve (12) DOT / ASME air bottles that accommodate lift out service to bottles thru body roof. Provide Two (2) storage racks to accommodate Six (6) bottles each arranged 2Wx3L vertically secured in a lift out steel rack. Body roof access not included. Locate: Between L2/R2.	\$ 11,881.00
CASCADE SYSTEM/FILL STATION	3315-0091	Storage rack for six (6) DOT air bottles for dealer supplied and installed bottles and cascade system. (6) mounted horizontal (3) wide x (2) high above the frame between L3/R3.	\$ 2,483.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0092	Dealer prep for a Mako MCFS2 2 bottle Fill Station. Fill Station will be located in L4, offset rearward.	\$ 1,392.00
CASCADE SYSTEM/FILL STATION	3315-0093	Bolt-on raceways for cascade installation. Raceways for air lines between L1, L2, L3 and L4 compartments.	\$ 1,204.00
CASCADE SYSTEM/FILL STATION	3315-0094	Storage rack for three (3) DOT air bottles for dealer supplied and installed bottles and cascade system. Mounted horizontal (3) wide x (1) high above the frame between L3/R3.	\$ 1,818.00
CASCADE SYSTEM/FILL STATION	3315-0095	Storage rack for three (3) DOT air bottles for dealer supplied and installed bottles and cascade system. Mounted in a triangular shape of (2) wide x (1) high and located in the upper dunnage area of the body above compartments L1/R1.	\$ 1,818.00
CASCADE SYSTEM/FILL STATION	3315-0096	3-Bottle ASME 6000 PSI Breathing Air Cascade System with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles to be located; three (3) between L1/R1 horizontal. Control panel in L1, rearward of the compartment divider. Control panel shall also include regulators, shut offs and gauges for the (3) air reels.	\$ 17,240.00
CASCADE SYSTEM/FILL STATION	3315-0097	Compressor BP19H-E3, 6000 psi, 19.2 SCFM, 15HP, soft start Tri Voltage 208 VAC 3 phase. Includes: P5 Securus, Auto condensate, CO Monitio with calibration kit, remote tilt purification, remote compressor control panel for ease of operational access, fittings and misc hardware. Purification to be located to accommodate servicing. Locate: L3/R3.	\$ 53,630.00
CASCADE SYSTEM/FILL STATION	3315-0098	Cascade. A 4-Bottle ASME 6000 PSI Breathing Air Cascade System shall be provided. Includes: 4 ASME bottles, valves and all associated air lines. Air lines to be routed to body compartment dedicated for customer installed fill station per customer approval drawing. NOTE: Rack and control panel not included. Bottles to be located in [#LOC].	\$ 18,769.00
CASCADE SYSTEM/FILL STATION	3315-0099	Storage rack for one (1) DOT or ASME air bottle. Mounted either vertical or horizontal in a compartment or top of body. Locate: [#LOC].	\$ 957.00
CASCADE SYSTEM/FILL STATION	3315-0100	Storage rack for one (1) 120 cubic foot CAFS air bottle. Mounted either vertical or horizontal in a compartment or top of body. Locate: [#LOC].	\$ 957.00
CASCADE SYSTEM/FILL STATION	3315-0101	Storage rack for three (3) DOT air bottles, dealer supplied and installed bottles. Mounted in a triangular shape rack. Locate [#LOC].	\$ 1,818.00
CASCADE SYSTEM/FILL STATION	3315-0102	Enclosure for breathing air system's control panel shall be provided. Locate:[#LOC].	\$ 1,260.00
CASCADE SYSTEM/FILL STATION	3315-0104	Storage rack for up to (9) Nine storage bottles stacked (3W x 3T) DOT or ASME air bottles. Design & Locate: Per customer approval drawing.	\$ 7,649.00
CASCADE SYSTEM/FILL STATION	3315-0106	Compressor system. Bauer 6000psi BP13H-E3 compressor with touch controls and auto cascade. Includes: (4) four DOT type UN bottles, cascade control panel, SECURUS Purification with tilt out filter design, CO monitor and (2) two 2 bottle - SpaceSaver M2792M fill stations with control panel. Locate: per customer approval drawing.	\$ 107,671.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0107	Labor only for dealer supplied and installed breathing air compressor system.	\$ 6,338.00
CASCADE SYSTEM/FILL STATION	3315-0108	3-Bottle DOT 6000 PSI breathing air cascade system with air panel and all associated air lines, valves and gauges. NOTE: DOT STORAGE BOTTLES TO BE CUSTOMER RESPONSIBILITY AND ARE NOT INCLUDED! System shall be installed with hoses routed to bottle racks and ready for customer bottle install. NOTE: Please confirm DOT bottle connection type and fitting size prior to order.	\$ 15,300.00
CASCADE SYSTEM/FILL STATION	3315-0109	Air outlet, regulated low pressure. An air outlet with regulator and gauge for low pressure shall be provided on the cascade control panel.	\$ 1,421.00
CASCADE SYSTEM/FILL STATION	3315-0110	Removable secondary floors (PR) in roof top compartments where specified DOT/ASME storage bottles are located. Floors designed to maximize remaining available storage area. Each floor includes a hinged access door for the cascade cylinder valves.	\$ 2,889.00
CASCADE SYSTEM/FILL STATION	3315-0111	Removable secondary floors (PR) in roof top compartments where specified DOT/ASME storage bottles are located. Floors designed to maximize remaining available storage area. Each floor includes a hinged access door for the cascade cylinder valves.	\$ 2,889.00
CASCADE SYSTEM/FILL STATION	3315-0112	Compressor system. Bauer 6000psi BP13H-E3 compressor with touch controls and auto cascade. Includes: (8) Eight DOT type UN bottles, cascade control panel, SECURUS Purification with tilt out filter design & CO monitor with control panel. Locate: per customer approval drawing.	\$ 91,274.00
CASCADE SYSTEM/FILL STATION	3315-0113	4-Bottle UN 6000 PSI breathing air cascade system with air panel and all associated air lines, valves and gauges. NOTE: DOT storage bottles to be customer responsibility and are not included! System shall be installed with hoses routed to bottle racks and ready for customer bottle install. NOTE: Please confirm DOT bottle connection type and fitting size prior to order! (2) High x (2) wide storage rack to be located in the center of the roof top forward area.	\$ 12,617.00
CASCADE SYSTEM/FILL STATION	3315-0114	1-Bottle DOT 6000 PSI tool air system with air panel, bottle and all associated air lines, valves and gauges. Control panel colocated with air reel controls if applicable. Locate: [#LOC].	\$ 4,973.00
CASCADE SYSTEM/FILL STATION	3315-0115	Enclosure, removable for the DOT/ASME bottle storage rack. Design includes an access door to the bottle valves accessible from the interior walkway. Construction is smooth aluminum. Finish is sanded aluminum. Locate [#LOC].	\$ 2,180.00
CASCADE SYSTEM/FILL STATION	3315-0116	Storage rack for four (4) DOT air bottles. Mounted horizontal in forward roof top compartments. Locate two (2) each side in forward roof top compartments for DOT bottles and customer / dealer installed Cascade system.	\$ 1,641.00
CASCADE SYSTEM/FILL STATION	3315-0117	Fill station blowout cutout, mounting preparation and cover plate. Location: R1 rearward.	\$ 512.00
CASCADE SYSTEM/FILL STATION	3315-0118	Bolt-on raceways for customer cascade installation and customer installed air lines. Raceways for air lines between L2, R2, R1 compartments.	\$ 1,204.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0119	3-Bottle ASME 6000 PSI Breathing Air Cascade System with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles to be located; three (3) between L1/R1 horizontal. Control panel in L1 as best suited.	\$ 17,240.00
CASCADE SYSTEM/FILL STATION	3315-0120	Bauer BP13H-E3 truck compressor module mobile skid module. Includes soft start feature. Located in L3/R3 with "tilt out filter design". Purification cartridge(s) tilt feature shall be located in B1 (behind lift up stair case) and the compressor and controls shall be located in R3. Installation requires the elimination of the back walls of compartments L3/R3 for installation and airflow requirements.	\$ 57,277.00
CASCADE SYSTEM/FILL STATION	3315-0121	Storage rack for four (4) DOT air bottles. Mounted horizontal and centered in forward roof top compartment. Locate bottles side by side in forward roof top compartment for DOT bottles and customer / dealer installed Cascade system in L4.	\$ 1,641.00
CASCADE SYSTEM/FILL STATION	3315-0122	Air System (dealer installed). There will be bracing for a 4 bottle cascade system in rooftop forward center compartment. Need cut-out and bracing for a 2 bottle SpaceSaver fill station in L4 offset forward.	\$ 1,135.00
CASCADE SYSTEM/FILL STATION	3315-0123	2-Bottle ASME 6000 PSI single bank utility air system with bottles, racks, all associated air lines and control panel/fill panel. (Breathing Air Systems supplied). Bottles located in dunnage pan offset forward, stacked vertically. Location of master control/fill panel: in rearward wall of R4, in void area behind door pan . Plumb to air reels (specified separately). Additional mini control panels included with air reel options.	\$ 12,259.00
CASCADE SYSTEM/FILL STATION	3315-0124	Aluminum treadplate removable enclosure for the horizontal cascade system bottle storage racks (vertically stacked) forward of the light tower. Enclosure includes valve access door(s) as applicable.	\$ 2,254.00
CASCADE SYSTEM/FILL STATION	3315-0125	4-Bottle ASME 6000 PSI Breathing Air Cascade System with air panel, bottle rack and all associated air lines, valves and gauges. Non-Standard design for North Conway N.H. System includes only (2) ASME storage bottles and requires (2) additional customer / dealer provided bottles with drains to complete system install. A horizontal 4 bottle rack shall be provided & located in B1. NOTE: Purification certification is not available by E-1 with this system and shall be the responsibility of the end user bottle installer / customer.	\$ 37,261.00
CASCADE SYSTEM/FILL STATION	3315-0126	Compressor system. Bauer 6000psi BP13-E1/TM 13CFM single phase 50hz compressor with touch controls. Includes: 25ft. umbilical HMI touch screen controls, solid state soft start, P5 SECURUS Purification with tilt out filter design, CO monitor, Air test, cascade fill connections for 4 bottle system. Cascade system not included. Locate: per customer approval drawing.	\$ 71,299.00
CASCADE SYSTEM/FILL STATION	3315-0127	Breathing Air Compressor Bauer 20 HP, 25.2 CFM, 6000 PSI. The compressor shall be located in the middle of the transverse rear wheel well compartment.	\$ 110,141.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0128	Dual 4-Bottle UN 6000 PSI breathing air cascade system with air panels, bottle racks and all associated air lines, valves and gauges. Configured as (2) separate systems with separate control panels. All (8) bottles to be located in transverse L1/R1 offset to the officer side of the body. Priced per pair.	\$ 66,325.00
CASCADE SYSTEM/FILL STATION	3315-0129	3-Bottle DOT 6000 PSI breathing air cascade system with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles to be located [#LOC].	\$ 30,066.00
CASCADE SYSTEM/FILL STATION	3315-0130	Eagle Air SideWinder SWX2 two (2) bottle fill station. An air storage system must be specified with this fill station. Fill station to be located in [#LOC].	\$ 26,150.00
CASCADE SYSTEM/FILL STATION	3315-0131	2-Bottle ASME 6000 PSI tool air cascade system with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles located below roof top catwalk, control panel location per customer approval drawing.	\$ 31,091.00
CASCADE SYSTEM/FILL STATION	3315-0132	Compressor, Breathing Air: Bauer BP25HE3SPL 20HP 25.2 scfm compressor, Securus, soft start, Tri Voltage 208 VAC 3 phase compressor, Remote tilt purification & CO monitor. The compressor shall be located in the middle of the transverse rear wheel well compartment. Compressor shore power connection and transfer switch required.	\$ 61,172.00
CASCADE SYSTEM/FILL STATION	3315-0133	Compressor, Breathing Air: Bauer BP25HE3SPL 20HP 25.2 scfm compressor, Securus, soft start, Tri Voltage 208 VAC 3 phase compressor, Remote tilt purification & CO monitor. The compressor shall be located in the middle of the transverse rear wheel well compartment. Compressor shore power connection and transfer switch required.	\$ 64,689.00
CASCADE SYSTEM/FILL STATION	3315-0134	Bolt-on raceways for cascade installation. Raceways for air lines from L2 thru L1 compartment at upper rear corner to storage pan over pump.	\$ 1,204.00
CASCADE SYSTEM/FILL STATION	3315-0136	Control panel to also includes regulators, shut offs and gauges for the (2) air reels.	\$ 1,076.00
CASCADE SYSTEM/FILL STATION	3315-0137	Bauer BP13H-E3 10HP, 230 Volt, 3-phase truck compressor module mobile skid module. Includes soft start feature. The compressor will be located in transverse L1/R1 above the cascade air cylinders. Compressor controls will be located in R1 and tilt-out purification cartridge(s) will be located in L1.	\$ 57,277.00
CASCADE SYSTEM/FILL STATION	3315-0138	Bracket and lifting plate to bolt to standard side by side two DOT cascade bottle mount to be mounted vertical. To include foot bracket and top plate with integrated lifting eye. Design shall allow for the bottle mount to be mounted to both the bottom and vertical bolting surfaces of the mount as assembled. This mount shall accommodate un bolting and lifting the two bottle pack and mounts from the truck with a lift for service.	\$ 3,795.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0139	Breathing air system with (4) ASME bottles. Includes: (1) 35.9 cfm 6000 psi compressor with (208 voltage) 3 phase soft start motor & P10 Securus, (4) vertical Space Saver 2 bottle fill stations. (4) 6000 psi ASME storage bottles, control fill panel, all associated plumbing, valves and gauges to accommodate system. Compressor Located between L1/L2 & R1/R2, (4) ASME bottles located between L3/R3, (2) SpaceSaver fill stations located in L4 forward, (2) SpaceSaver fill stations located in R4 forward, Control panel located in B1 in E-1fabricated enclosure "Requires additional sales code". Purification to be relocated to accommodate servicing.	\$ 180,098.00
CASCADE SYSTEM/FILL STATION	3315-0140	3-Bottle DOT 6000 PSI breathing air cascade system with air panel, bottle rack and all associated air lines, valves and gauges. Panel shall have a 1/4 turn high pressure selector valve to choose between a 4900 psi and 2400 psi relief settings. Rack and bottles to be located [#LOC].	\$ 30,066.00
CASCADE SYSTEM/FILL STATION	3315-0141	Bauer CFS 5.5-3M three (3) bottle fill station. Fill station to be located in [#LOC].	\$ 29,361.00
CASCADE SYSTEM/FILL STATION	3315-0142	Compressor. Bauer model H35-E3/TM (includes TEFC motor, solid state "soft start" reduced voltage motor starter, electronic CO monitor with calibration kit and Bauer P10 Securus purification). The HMI (control screen) will be supplied loose with a 25 ft. "umbilical" to allow mounting in an ergonomic/convenient location. Tilt out P10 Purification panel. Ambient High Temperature switch shutdown to be added and wired to compressor. Includes audio and visual light indicators in control panel. Location:L3/R3. Controls located on cooling air draw side of compressor compartment unless otherwise specified.	\$ 112,532.00
CASCADE SYSTEM/FILL STATION	3315-0143	Compressor BP18-E3, 6000 psi, 18 SCFM, 15 HP, soft start Tri Voltage 208 VAC 3 phase. Includes: P43S purification with Securus, Auto condensate, CO Monitio with calibration kit, remote tilt purification, remote compressor control panel for ease of operational access, fittings and misc hardware. Purification to be located to best accommodate servicing. Locate: L3/R3.	\$ 88,825.00
CASCADE SYSTEM/FILL STATION	3315-0144	Purification chambers, tilt out bracket mount. Option to include tilt out bracket design to accommodate remote breathing air compressor purification system. Locate to be as best determind for access & service by engineering. Purification system not included with this sales code.	\$ 661.00
CASCADE SYSTEM/FILL STATION	3315-0145	Compressor, Breathing Air: Bauer BP25HE3SPL 20HP 25.2 scfm compressor, Securus, soft start, Tri Voltage 208 VAC 3 phase compressor, Remote P43S tilt purification & CO monitor. The compressor shall be located in the middle of the transverse rear wheel well compartment. Compressor shore power connection and transfer switch required.	\$ 69,558.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0146	Raceway with pull lines provided to accommodate cascade air lines routed thru body roof and to fill station area compartment(s). Provision to accommodate dealer supplied and installed cascade air system. Option shall be designed to minimize water intrusion into lower compartment(s) from above. Locate: In coordination with provisions for dealer supplied system.	\$ 2,384.00
CASCADE SYSTEM/FILL STATION	3315-0147	Storage rack for Six (6) DOT or ASME air bottles. Locate: per customer approval drawing.	\$ 6,035.00
CASCADE SYSTEM/FILL STATION	3315-0148	Storage enclosure to mount utility air system's control panel. Located in rear compartment.	\$ 1,260.00
CASCADE SYSTEM/FILL STATION	3315-0149	Storage enclosure for breathing air system's control panel shall be provided. Panel for (3) DOT breathing air system. Located in R3 above the fill station.	\$ 799.00
CASCADE SYSTEM/FILL STATION	3315-0150	Compressor BP18-E3, 6000 psi, 18 SCFM, 15 HP, soft start Tri Voltage 208 VAC 3 phase. Includes: P43S purification with Securus, Auto condensate, CO Monitor with calibration kit, remote tilt purification, remote compressor control panel for ease of operational access, fittings and misc hardware. Purification to be located to best accommodate servicing. Locate: L5/R5.	\$ 64,170.00
CASCADE SYSTEM/FILL STATION	3315-0151	SpaceSaver M2793M three (3) bottle vertical fill station. Fill station to be located in [#LOC].	\$ 26,125.00
CASCADE SYSTEM/FILL STATION	3315-0152	Auto Cascade System. System shall accommodate up to a 4 bottle cascade system. Locate: per customer approval drawing.	\$ 19,848.00
CASCADE SYSTEM/FILL STATION	3315-0154	SpaceSaver M2794M four (4) bottle vertical fill station. Fill station to be located in [#LOC].	\$ 28,802.00
CASCADE SYSTEM/FILL STATION	3315-0155	Compressor H13-D Diesel, 6000 psi, 13 SCFM, 15 HP, Includes: P2S purification with Securus, Auto condensate, CO Monitor with calibration kit, remote tilt purification, remote compressor control panel for ease of operational access, fittings and misc hardware. Purification to be located to best accommodate servicing. Locate: per customer approval drawing.	\$ 67,820.00
CASCADE SYSTEM/FILL STATION	3315-0156	2-Bottle ASME 6000 PSI tool air cascade system with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles located in roof top compartment per customer approval drawing, control panel location per panel enclosure options stated location.	\$ 31,091.00
CASCADE SYSTEM/FILL STATION	3315-0157	Fill station blowout cutout, mounting preparation and cover plate. Location: L3.	\$ 512.00
CASCADE SYSTEM/FILL STATION	3315-0158	(4) DOT 6000 PSI bottles with collars and mounting brackets for dealership installed breathing air system. Includes hoses routed to compartment L3. (2) mounts located end to end (outboard) in driver roof top compartments. (2) mounts located end to end (outboard) in officer roof top compartments.	\$ 9,953.00
CASCADE SYSTEM/FILL STATION	3315-0159	Bolt-on raceways for Dealership cascade and air line installation. Raceways located between driver side air bottle storage and the upper rear wall of compartment L3.	\$ 1,076.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0160	Low pressure utility air outlet with regulator, gauge and shut off. Locate controls on main air panel. Locate outlet on officer side pump panel and plumb to the on board cascade system.	\$ 723.00
CASCADE SYSTEM/FILL STATION	3315-0162	Bolt-on raceways for Dealership installed HRT and electrical components installation. Raceways located between L1, R1 and the roof top storage pan.	\$ 1,076.00
CASCADE SYSTEM/FILL STATION	3315-0163	Compressor. Breathing Air system: Bauer Dive Mate DMT10-E3 6000 psi 9.7 CFM compressor three phase 230 VAC, auto condensate drain, P41 tilt out purification, CO monitor with flow control meter and test gas. Locate: L3/R3	\$ 37,450.00
CASCADE SYSTEM/FILL STATION	3315-0164	Compressor. Breathing Air system: Bauer Dive Mate Elite DMT-10-E3 with 6000 psi upgrade 9.7 CFM, 7.5 hp motor, compressor three phase, 230 VAC, auto condensate drain, P41 tilt out purification, Motor Starter, Hourmeter, psi switch, interstage gauges, CO monitor with flow control meter and test gas. Locate: per customer approval drawing.	\$ 46,927.00
CASCADE SYSTEM/FILL STATION	3315-0165	Compressor system. Bauer 6000psi BP13H-E3 compressor with touch controls and auto cascade. Includes: (4) four DOT type UN bottles, cascade control panel, SECURUS Purification with tilt out filter design, CO monitor and (2) two 2 bottle - SpaceSaver M2792M fill stations with control panel. Locate: per customer approval drawing.	\$ 166,789.00
CASCADE SYSTEM/FILL STATION	3315-0166	Enclosure to mount air system control panel with (9) nine ASME bottles and (1) CFS 5.5 3 bottle fill station. Enclosure to be approx 18 in deep. Finish: sanded aluminum. Location: B2	\$ 2,001.00
CASCADE SYSTEM/FILL STATION	3315-0167	Compressor, Breathing Air system with (9) NINE ASME bottles. Includes: (1) K22.42-E3 (BP35H-E3/TM) - 35.9 cfm 6000 psi compressor with (30 HP TEFC motor @ 3 phase, 208 or 230 V. Specify voltage prior to order. Auto Drain, Soft starte motor, PLC control, CO Monitor, P10 Securus purification, Final separator, locally mounted control panel with emergency stop push button and hour meter, remote HMI, all associated plumbing, valves and gauges to accommodate compressor system. Located over rear axle, Fill control panel to be located B2 in E-1 fabricated enclosure "Requires additional sales code". Fill station not included "Requires additional sales code".	\$ 176,370.00
CASCADE SYSTEM/FILL STATION	3315-0168	Utility air outlet. Located inside front bumper hosewell. Plumb to specified air panel.	\$ 1,592.00
CASCADE SYSTEM/FILL STATION	3315-0169	Utility air outlet. Located in compartment L2 as shown on approval drawing. Plumb to specified air panel.	\$ 812.00
CASCADE SYSTEM/FILL STATION	3315-0170	Compressor BP18-E3, 6000 psi, 18 SCFM, 15 HP, soft start Tri Voltage 208 VAC 3 phase. Includes: P43S purification with Securus, Auto condensate, CO Monitor with calibration kit, remote tilt purification, remote compressor control panel for ease of operational access, fittings and misc hardware. Purification to be located to best accommodate servicing. Locate: [#LOC].	\$ 88,825.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0171	6-Bottle DOT 6000 PSI breathing air cascade system with air panel and all associated air lines, valves and gauges. NOTE: DOT storage bottles to be customer responsibility and are not included! System shall be installed with hoses routed to bottle racks and ready for customer bottle install. NOTE: Please confirm DOT bottle connection type and fitting size prior to order! (2) High x (3) wide storage rack to be located in the L1/R1 transverse compartment off set rearward.	\$ 20,770.00
CASCADE SYSTEM/FILL STATION	3315-0172	Quick Connection for low pressure utility air hose line shall be provided. "Hose line not included". Option includes: enclosure, control panel, pressure regulator, supply air psi gauge, regulated air psi gauge, 1/4 turn control valve & bulkhead with quick disconnect for hose line connection from control panel face. Locate per customer approval drawing.	\$ 6,181.00
CASCADE SYSTEM/FILL STATION	3315-0173	Quick Connection for low pressure utility air hose line shall be provided. "Hose line not included" Option to be added to cascade control panel. Includes: modified cascade control panel, pressure regulator, supply air psi gauge, regulated air psi gauge, 1/4 turn control valve & bulkhead with quick disconnect for hose line connection from control panel face. Locate per customer approval drawing.	\$ 5,445.00
CASCADE SYSTEM/FILL STATION	3315-0174	Breathing Air Compressor Bauer H13D, 13 CFM, 6000 PSI. Includes: Pressure switch for auto start & Stop control, local interstate gauges, Hourmeter, Tilt out PS2 67,000 cu ft purification sys with SECURUS electronic carteige mon. & Purification sys. Electric CO Monitor Complete With Calibration Kit, pressure gauge, pressure lubrication with low oil protection, auto condensate drain sys, PLC controller, E-STOP button, electric clutch & oil switch, NEMA 4 elec. enclosure, UL tested system, radiator cooled system with electric start. Locate: per customer approval drawing.	\$ 109,374.00
CASCADE SYSTEM/FILL STATION	3315-0175	2-Bottle ASME 6000 PSI tool air cascade system with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles to be located in [#LOC]. Control panel location per panel enclosure options stated location.	\$ 31,091.00
CASCADE SYSTEM/FILL STATION	3315-0176	4-Bottle ASME 6000 PSI Breathing Air Cascade System with air panel, bottle rack and all associated air lines, valves and gauges. Rack and bottles to be located in B1.	\$ 47,385.00
CASCADE SYSTEM/FILL STATION	3315-0177	Additional regulator set at 2,000 psi. An air outlet with regulator and gauge for Trimax foam system shall be provided on the cascade control panel. It will be plumbed into the Trimax regulator in place of SCBA bottles.	\$ 4,018.00
CASCADE SYSTEM/FILL STATION	3315-0178	Raceway to accommodate cascade air lines routed from bracket mounted cascade bottle(s) thru body and to fill panel as required. QTY per bracket set. Provision to accommodate dealer supplied and installed cascade air system. Option shall be designed to prevent water intrusion into compartment as applicable. Locate: In coordination with provisions for dealer supplied system.	\$ 1,204.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3315-0179	4-Bottle ASME 6000 PSI breathing air cascade system with air panel and all associated air lines, valves and gauges. System shall be installed with hoses routed to bottle racks. Rack and bottles to be located [#LOC]. NOTE: ASME storage bottles to be customer supplied and installed. Customer to confirm ASME bottle connection type and fitting size at time of order.	\$ 20,191.00
CASCADE SYSTEM/FILL STATION	3340-0872	Provision for Revolve Air fill station to be installed after delivery. Includes blowout cutout, mounting preparation and cover plate. Location: L4.	\$ 1,097.00
CASCADE SYSTEM/FILL STATION	3340-1108	Provision for MAKO fill station to be installed. Includes blowout cutout, mounting preparation. Fill station mounting specs to be provided to E-1 by dealer prior to engineering release. Location: L4.	\$ 1,097.00
CASCADE SYSTEM/FILL STATION	3340-1130	Provision for SpaceSaver M2792M two bottle mobile fill station to be installed after delivery. Includes blowout cutout, mounting preparation and cover plate. Location: L4.	\$ 1,097.00
CASCADE SYSTEM/FILL STATION	3340-1154	Provision for SpaceSaver M2794M Quad 4 bottle fill station. Includes blowout cutout and mounting. Location: R1.	\$ 1,020.00
CASCADE SYSTEM/FILL STATION	3340-1226	Provision for Bauer CFSII 2 bottle fill station. Includes blowout cutout and mounting. Locate:[#LOC].	\$ 1,020.00
CASCADE SYSTEM/FILL STATION	3340-1269	Provision for SpaceSaver M2791M single bottle mobile fill station to be installed after delivery. Includes blowout cutout, mounting preparation and cover plate. Location: L4.	\$ 1,097.00
CASCADE SYSTEM/FILL STATION	3340-1294	Provision for SpaceSaver M2792M two bottle mobile fill station to be installed after delivery. Includes blowout cutout, mounting preparation and cover plate as required. Qty (each). Location: B1	\$ 1,097.00
CASCADE SYSTEM/FILL STATION	3340-1414	Provision for customer/dealer installed fill station. Includes blowout cutout and mounting preparation as required. Fill station details to be provided to E-ONE by dealer prior to engineering release. Location: Inside or on body per customer approval drawing. Location: [#LOC].	\$ 1,097.00
CASCADE SYSTEM/FILL STATION	3340-1476	Provision for SpaceSaver M2792M 2 bottle fill station. Includes blowout cutout and mounting. Location: Inside walk in body facing chassis center line behind L2.	\$ 1,097.00
CASCADE SYSTEM/FILL STATION	3340-1642	Provision for Revolve Air fill station to be installed after delivery. Includes blowout cutout, mounting preparation and cover plate. Locate [#LOC].	\$ 1,097.00
CASCADE SYSTEM/FILL STATION	3340-1899	Provision for SpaceSaver M2792M 2 bottle fill station. Includes blowout cutout and mounting. Qty is for 1 fill station. Location: Per customer approval drawing.	\$ 1,097.00
CASCADE SYSTEM/FILL STATION	3340-2015	Provision for Bauer CFS5.5-3 3 bottle fill station. Includes blowout cutout and mounting. Locate:[#LOC].	\$ 1,020.00
CASCADE SYSTEM/FILL STATION	3340-2029	Provision for EagleAir SideWinder SWX2 two (2) bottle fill station. Includes blowout cutout and mounting. Locate:[#LOC].	\$ 1,020.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CASCADE SYSTEM/FILL STATION	3350-0287	Air control panel for specified utility air outlet(s). The panel will have quarter turn shut off valve, 0-300 pounds per square inch air pressure gauge, 0-250 pounds per square inch pressure regulator and a check valve in the supply line. Locate on main cascade system control panel. Priced each.	\$ 1,850.00
CHASSIS MODEL	1005-0564	International 4400 (2) door, 191" WB & 47" frame cut, front tow hooks, 12K & 23K axles, ABS brakes, radiator cooling sized for current emissions requirements, 50 gal right hand fuel tank, EVS3000 transmission, (3) 1950CCA batteries, 320 alternator, ember separator and AC.	\$ 151,496.00
CHASSIS MODEL	1005-0565	International 4400 (2) door, 211" WB & 47" frame cut, front tow hooks, 12K & 23K axles, ABS brakes, radiator cooling sized for current emissions requirements, 50 gal right hand fuel tank, EVS3000 transmission, (3) 1950CCA batteries, 320 alternator, ember separator and AC.	\$ 151,805.00
CHASSIS MODEL	1005-0612	M2 (4) door, 226" WB & 47" frame cut, front tow hooks, 14.6K & 24K axles, ABS brakes, radiator cooling sized for current emissions requirements, 50 gallon fuel tank, 6 gallon DEF tank, EVS3000 transmission, (2) 1850CCA batteries, 275 alternator, ember separator and AC.	\$ 22,713.00
CHASSIS MODEL	1005-0673	International 4400 (2) door, 219" WB & 41" frame cut, front tow hooks, 12K & 23K axles, ABS brakes, radiator cooling sized for current emissions requirements, 50 gal. fuel tank, EVS3000 transmission, (3) 1950CCA batteries, 320 amp alternator, ember separator, SCR with 5 gal. DEF tank and AC.	\$ 86,688.00
CHASSIS MODEL	1005-0674	International 4400 (4) door, 262" WB & 41" frame cut, front tow hooks, 14K & 23K axles, ABS brakes, radiator cooling sized for current emissions requirements, 50 gal. right hand fuel tank, EVS3000 transmission, (3) 1950CCA batteries, 320 amp alternator, ember separator and AC.	\$ 93,832.00
CHASSIS OPTIONS	1640-0017	Diamond plate trim package for a (2) door extended International 7500. Includes driver side and an officer side trim and stepping areas that will utilize pieces already supplied by the OEM. The rearward area below the extended cab will be formed diamond plate with support framing.	\$ 4,695.00
CHASSIS OPTIONS	1680-0000	Air intake emergency shut-down. Dash mounted guarded switch.	\$ 3,246.00
CHASSIS OPTIONS	1680-0001	Block heater 1000 watt.	\$ 1,028.00
CHASSIS OPTIONS	1680-0002	Block heater 1500 watt 110 volt. Available on ISM, ISX, S60, X12 and X15 only.	\$ 1,055.00
CHASSIS OPTIONS	1680-0005	Thermatic fan clutch.	\$ 2,842.00
CHASSIS OPTIONS	1680-0006	Drivelines 1710.	\$ 2,116.00
CHASSIS OPTIONS	1680-0007	Drivelines 1810. Required on 1550 lb/ft torque or greater engines. N/A with EVS3000 transmission.	\$ 3,313.00
CHASSIS OPTIONS	1680-0008	Tow eyes front painted below bumper/cab (PR).	\$ 542.00
CHASSIS OPTIONS	1680-0009	Tow eyes front stainless steel below bumper / cab (PR).	\$ 1,343.00
CHASSIS OPTIONS	1680-0010	Tow eyes front stainless steel mounted in up position. Requires 16" minimum bumper extension on custom chassis and 18" minimum bumper extension on commercial chassis.	\$ 1,343.00
CHASSIS OPTIONS	1680-0011	Tow eyes rear below body, painted.	\$ 1,234.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CHASSIS OPTIONS	1680-0012	Tow eyes rear frame painted black.	\$ 1,099.00
		Tow hooks front stainless steel in down position. Requires extended bumper on commercial chassis. If Non-Extended bumper on Comm. Chassis, tow hooks are to be ordered with chassis. Tow hooks will be mounted inboard (horizontal) when used with a drop style frame extension.	
CHASSIS OPTIONS	1680-0013		\$ 1,604.00
		Tow hooks front stainless steel mounted up. Requires 12" minimum bumper extension on custom and commercial chassis.	
CHASSIS OPTIONS	1680-0014		\$ 1,604.00
CHASSIS OPTIONS	1680-0015	Trailer hitch Class III mounted rear.	\$ 1,957.00
CHASSIS OPTIONS	1680-0017	Hot shift PTO.	\$ 3,939.00
CHASSIS OPTIONS	1680-0019	Transmission manual gearshift lock	\$ 1,571.00
CHASSIS OPTIONS	1680-0022	Auto lube system Vogel. Chassis points only.	\$ 8,404.00
CHASSIS OPTIONS	1680-0028	Block heater 120v 1500 watt with thermostat.	\$ 1,038.00
CHASSIS OPTIONS	1680-0032	Mud flaps (PR), rear, black with logo. For single rear tires.	\$ 344.00
CHASSIS OPTIONS	1680-0033	Rear Tow Shackles (Pair)	\$ 547.00
CHASSIS OPTIONS	1680-0035	Pintle hook 15 ton-rear ARFF.	\$ 1,864.00
CHASSIS OPTIONS	1680-0036	Block heater 1500 watt 240v with thermostat ARFF.	\$ 1,038.00
CHASSIS OPTIONS	1680-0038	Compress Engine 28 CFM S60	\$ 12,948.00
CHASSIS OPTIONS	1680-0039	Thermatic fan clutch.	\$ 14,125.00
CHASSIS OPTIONS	1680-0040	Extended Life Coolant	\$ 958.00
CHASSIS OPTIONS	1680-0041	Dual Stage Air Cleaner	\$ 3,789.00
		Tow hooks front painted in the down position. Tow hooks will be mounted inboard (horizontal) when used with a drop style frame extension.	
CHASSIS OPTIONS	1680-0042		\$ 560.00
CHASSIS OPTIONS	1680-0043	Roof hatch 24x28 with interior latch ARFF.	\$ 1,136.00
CHASSIS OPTIONS	1680-0044	Air horns, dual chrome plated ARFF, installed driver's side cab.	\$ 837.00
CHASSIS OPTIONS	1680-0046	Central Chassis Lube 1 Point	\$ 5,543.00
CHASSIS OPTIONS	1680-0047	Remote engine oil drain.	\$ 348.00
CHASSIS OPTIONS	1680-0048	Block Heater 1000 Watt 120v CFR	\$ 1,059.00
CHASSIS OPTIONS	1680-0049	Block Heater 1000 Watt 240v CFR	\$ 1,059.00
CHASSIS OPTIONS	1680-0050	External Drain Tube Eng S60	\$ 355.00
CHASSIS OPTIONS	1680-0051	Aerial hydraulic activation system.	\$ 2,545.00
		Cold weather pkg for cab. Includes (2) 8" fans, fan clutch, additional insulation on the front wall and insulation on rear cab heater hose lines (if equipped).	
CHASSIS OPTIONS	1680-0056		\$ 6,733.00
CHASSIS OPTIONS	1680-0059	DELUXE TRIM PKG 2DR INTNL	\$ 4,930.00
CHASSIS OPTIONS	1680-0060	Deluxe Trim Pkg 4DR Navistar.	\$ 8,616.00
CHASSIS OPTIONS	1680-0063	Diamond Plate Running Boards Ford.	\$ 1,431.00
CHASSIS OPTIONS	1680-0064	Air cleaner dry FARR 99842-007 ARFF.	\$ 2,772.00
CHASSIS OPTIONS	1680-0065	Compressor engine 16 cfm Series 60 ARFF.	\$ 7,407.00
		Vogel auto lube system for chassis points (up to 26) and jack system points (up to 12). Note: for HP75/78 use 1680-0022.	
CHASSIS OPTIONS	1680-0066		\$ 11,341.00
		Large air intake system CFR required with a 28 CFM engine compressor.	
CHASSIS OPTIONS	1680-0070		\$ 2,943.00

Category	Option	Long Description	Price
CHASSIS OPTIONS	1680-0075	(3) way rear underbody receiver assembly. Includes rearward 9000 lb. winch receiver or Class III trailer receiver and (2) side facing 9000 lb. winch receivers- (1) each below rearward body compartments. Includes rearward tow eyes and electrical winch connections for each receiver. NOTE: When facing the receiver, mount electrical connection to the left side.	\$ 4,693.00
CHASSIS OPTIONS	1680-0076	Receiver. Under front bumper 9K winch receiver. Includes electrical connection for portable winch application. Custom chassis only. NOTE: When facing the receiver, mount electrical connection to the left side.	\$ 3,703.00
CHASSIS OPTIONS	1680-0077	Front bumper 9K winch receiver. Includes electrical connection for portable winch application. Commercial chassis only. NOTE: When facing the receiver, mount electrical connection to the left side.	\$ 3,703.00
CHASSIS OPTIONS	1680-0080	Tow eyes front painted in up and down position. Tow eyes to use same holes for both sets.	\$ 1,067.00
CHASSIS OPTIONS	1680-0081	Special cover kit for Memphis to include auto lube Vogel driver's side front frame and cannon plug cover	\$ 851.00
CHASSIS OPTIONS	1680-0082	The air intake emergency cable reset. Officer side of cab below the front bumper. Locate so cable is not visible or can be pulled without reaching under the bumper.	\$ 439.00
CHASSIS OPTIONS	1680-0083	Cooler for steering system.	\$ 1,784.00
CHASSIS OPTIONS	1680-0084	Exhaust extension and reinforcement for Nederman exhaust extraction system.	\$ 750.00
CHASSIS OPTIONS	1680-0086	3" tubular protective bar under rear tailboard (width of tailboard) connected to frame to provide protection. Ends of tube to be sealed.	\$ 4,426.00
CHASSIS OPTIONS	1680-0087	Radiator brush guard below cab.	\$ 1,198.00
CHASSIS OPTIONS	1680-0090	Block heater to have thermostatic controller.	\$ 381.00
CHASSIS OPTIONS	1680-0091	Tow eyes front stainless in up position and painted in down position.	\$ 1,866.00
CHASSIS OPTIONS	1680-0092	Tow blocks under front bumper extension.	\$ 991.00
CHASSIS OPTIONS	1680-0093	Tow eyes front stainless steel with 3" holes mounted in up position. Requires 16 in minimum bumper extension on custom chassis and 18 in minimum bumper extension on commercial chassis.	\$ 1,807.00
CHASSIS OPTIONS	1680-0094	Trailer hitch Class IV mounted rear.	\$ 3,566.00
CHASSIS OPTIONS	1680-0095	Side underbody 9K winch receivers. Includes (2) side facing- (1) each below rearward body compartments for portable winch with electrical connection for winch. NOTE: When facing the receiver, mount electrical connection to the left side.	\$ 3,130.00
CHASSIS OPTIONS	1680-0096	Receivers. Side underbody 9K winch receivers. Includes (2) side facing- (1) each below body compartment ahead of the rear wheels or as shown on approval drawings for portable winch with electrical connection for winch. NOTE: When facing the receiver, mount electrical connection to the left side. Final location to be approved by engineering.	\$ 3,130.00
CHASSIS OPTIONS	1680-0098	Air horns, dual chrome plated. Installed under the cab to allow the sound to transmit forward of the vehicle.	\$ 946.00
CHASSIS OPTIONS	1680-0099	Block heater 1500 watt wired through inlet receptacle. Available on ISM, ISX and S60 only.	\$ 1,055.00

CHASSIS OPTIONS	1680-0104	OEM chassis step package for Freightliner M2 series. Includes mounting plate for the battery charger receptacle and air inlet.	\$ 302.00
CHASSIS OPTIONS	1680-0105	AM/FM radio with weather band and CD player. Freightliner.	\$ 246.00
CHASSIS OPTIONS	1680-0106	OEM chassis step package for International 4000 and 7000 series. Includes mounting plate for the battery charger receptacle and air inlet.	\$ 319.00
CHASSIS OPTIONS	1680-0107	Diamond plate trim package for a (2) door International. Includes a full length driver side and an officer side trim that will utilize pieces already supplied by the OEM.	\$ 2,644.00
CHASSIS OPTIONS	1680-0108	Deluxe Chassis Trim Package for a (4) door International 4400. Tradition.	\$ 3,999.00
CHASSIS OPTIONS	1680-0109	AM/FM Radio with Weather band and CD Player. International.	\$ 582.00
CHASSIS OPTIONS	1680-0110	Chassis Trim Package for a (2) door Freightliner series.	\$ 2,644.00
CHASSIS OPTIONS	1680-0112	Freightliner commodity surcharge	\$ 2,053.00
CHASSIS OPTIONS	1680-0113	International commodity surcharge	\$ 1,693.00
CHASSIS OPTIONS	1680-0114	Diamond plate trim package for a (4) door International. Includes a full length driver side and a (2) piece officer side trim that will utilize pieces already supplied by the OEM.	\$ 5,270.00
CHASSIS OPTIONS	1680-0115	Auto lube system Vogel. P7 series chassis points only ARFF.	\$ 5,398.00
CHASSIS OPTIONS	1680-0116	Oil pan heater. Fleetguard 22MM 150W/120V wired to shoreline.	\$ 976.00
CHASSIS OPTIONS	1680-0117	Special cab tilt reservoir location. Reservoir to be located in the [#LOC].	\$ 1,235.00
CHASSIS OPTIONS	1680-0118	Cold Weather Pkg for Cab. Includes fan clutch and additional insulation on the front wall and insulation on rear cab heater hose lines (if equipped).	\$ 5,996.00
CHASSIS OPTIONS	1680-0119	Engine compressor 18.7cfm for Cummins QSX15 ARFF.	\$ 7,407.00
CHASSIS OPTIONS	1680-0120	Under the body there shall be equipped with a pair of receiver assemblies, each with a removable swivel hoist ring. One each side of apparatus. The receivers shall be square steel tubing, same size as a receiver for a Class III trailer hitch. Located behind the rear axle. Includes rearward tow eyes.	\$ 6,847.00
CHASSIS OPTIONS	1680-0121	Under the body there shall be equipped with a pair of 12,000 lb receiver assemblies, each with a removable swivel hoist ring, or can be used with a Class III trailer hitch. One each side of apparatus. The receivers shall be locate in front of rear axle. Final location will depend on Engineering and driveline. 12v not included.	\$ 6,847.00
CHASSIS OPTIONS	1680-0122	Tow eyes rear below body painted. Eyes to be on edge pointing to rear.	\$ 1,234.00
CHASSIS OPTIONS	1680-0123	Air cleaner Cummins ARFF.	\$ 2,772.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CHASSIS OPTIONS	1680-0126	Block heater 1000 watt wired through inlet receptacle (or block heater auto eject inlet receptacle if so equipped).	\$ 1,028.00
CHASSIS OPTIONS	1680-0127	Block heater thermostat.	\$ 541.00
CHASSIS OPTIONS	1680-0128	The commercial chassis to have seat belt and chassis pre-wiring for NFPA seating indicator and vehicle data recorder.	\$ 279.00
CHASSIS OPTIONS	1680-0129	The commercial chassis to have seat belt and chassis pre-wiring for NFPA seating indicator and vehicle data recorder.	\$ 572.00
CHASSIS OPTIONS	1680-0130	High flow power steering pump. Includes additional cooler. Requires engineering evaluation. Not available in hot climates.	\$ 1,035.00
CHASSIS OPTIONS	1680-0131	Tow eyes rear frame stainless steel.	\$ 2,576.00
CHASSIS OPTIONS	1680-0132	Block heater 120 volt, 1500 watt with thermostat for Cummins engine ARFF.	\$ 553.00
CHASSIS OPTIONS	1680-0134	Fuel tank steel skid plate. For use with 50/65 gal tanks. Includes front corner, bottom and rear corner of tank.	\$ 2,366.00
CHASSIS OPTIONS	1680-0135	Compress engine 37.4 CFM Cummins.	\$ 13,468.00
CHASSIS OPTIONS	1680-0136	Relocate the air governor to the steering reservoir bracket above the driver side frame rail.	\$ 385.00
CHASSIS OPTIONS	1680-0142	Two (2) hood-mounted Hadley air horns with driver and officer mounted foot switches. International.	\$ 1,611.00
CHASSIS OPTIONS	1680-0144	Trailer hitch class V mounted rear. This hitch has under body support as needed.	\$ 5,037.00
CHASSIS OPTIONS	1680-0146	Glad Hands will be located at the rear of the truck near hitch for trailer hook-up. Glad Hands will be ordered on the chassis and be relocated to the rear of the body.	\$ 564.00
CHASSIS OPTIONS	1680-0149	International 4400 Model Year and 2010 EPA Engine Surcharge.	\$ 7,935.00

CHASSIS OPTIONS	1680-0306	Air intake emergency shut-down. Pump panel mounted guarded switch with reset switch located below front bumper.	\$ 3,644.00
CHASSIS OPTIONS	1680-0307	4-ply upper and lower radiator hose ipos.	\$ 152.00
CHASSIS OPTIONS	1680-0309	Muncie digital tachometer. Locate display in cab visible to driver.	\$ 1,377.00
CHASSIS OPTIONS	1680-0311	Fan drive w/thermatic clutch permanently engaged.	\$ 2,842.00
CHASSIS OPTIONS	1680-0312	On-Spot tire chains. Includes switch in cab.	\$ 5,805.00
CHASSIS OPTIONS	1680-0316	CPL auto lube system for chassis points (up to 26) and jack system points (up to 12). Note: for HP75/78 use 1680-0292.	\$ 16,007.00
CHASSIS OPTIONS	1680-0317	Chassis Trim Package for a (2) door Peterbilt. Full length driver side and an officer side trim that will utilize pieces already supplied by the OEM.	\$ 2,604.00
CHASSIS OPTIONS	1680-0318	1/4 turn heater valves for cab and body(if equipped). Includes centralized location under cab with mechanically fastened tags.	\$ 1,227.00
CHASSIS OPTIONS	1680-0319	Tow eyes front painted below bumper/cab pointed forward. (PR). Custom chassis only.	\$ 3,703.00
CHASSIS OPTIONS	1680-0320	Weather resistant box for tire chain solenoid.	\$ 236.00
CHASSIS OPTIONS	1680-0321	Steel tow/lift bar located below front of cab mounted to chassis frame, painted black.	\$ 9,386.00
CHASSIS OPTIONS	1680-0322	Diamond plate trim package for a (2) door International chassis. Includes a full length driver side and an officer side trim that will utilize pieces already supplied by the OEM.	\$ 2,644.00
CHASSIS OPTIONS	1680-0323	Diamond plate trim package for a (4) door International chassis. Includes a full length driver side and officer side trim that will utilize pieces already supplied by the OEM.	\$ 5,270.00
CHASSIS OPTIONS	1680-0324	Deluxe diamond plate trim package for a (4) door International. Includes a full length driver side and officer side trim plus additional storage area(s). For use with International cabs with SCR and DEF. Storage compartments shall be provided below the side rear cab doors and shall include a hinged door with push-button latch and shall include lighting and wired through the cab door ajar indicator per NFPA as space permits.	\$ 8,616.00
CHASSIS OPTIONS	1680-0325	(3) way rear underbody receiver assembly. Includes rearward 9000 lb. winch receiver or Class III trailer receiver and (2) side facing 9000 lb. winch receivers- (1) each below rearward body compartments. Includes rearward tow eyes and electrical winch connections for each receiver. Hitch shall have provisions to accommodate a B1 recessed booster reel in center area of the hitch/underbody as applicable. For use on units with a B1 compartment and recessed B1 booster reel.	\$ 4,986.00
CHASSIS OPTIONS	1680-0326	Side 9K Winch Receivers - frame rail height shall be provided. Two (2) winch receivers, one (1) each side, shall be located in line with the top of the frame rail ahead of the rear wheels. Each receiver position shall have its own pin. Winch receiver(s) shall be rated for a maximum of 9,000 line pull pounds with a 2.0 to 1 straight line pull no-yield safety factor. 12VDC power and exterior doors not included.	\$ 5,819.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CHASSIS OPTIONS	1680-0327	Block heater 1500 watt wired through APU. Available on ISM, ISX and S60 only.	\$ 1,055.00
CHASSIS OPTIONS	1680-0328	Oil pan heater - Fleetguard 450W/120V wired to APU only. ISX only.	\$ 1,080.00
CHASSIS OPTIONS	1680-0329	Air clutch for second hyd pump. For use with dual hyd pump systems on a single PTO. Requires first hyd pump to be drive-thru style.	\$ 7,470.00
CHASSIS OPTIONS	1680-0330	Receiver, side body 9K Winch Receivers-frame rail height shall be provided. Two (2) winch receivers, one (1) each side, shall be located in line with the top of the frame rail ahead of the rear wheels. Each receiver position shall have its own pin. Winch receiver(s) shall be rated for a maximum of 9,000 line pull pounds with a 2.0 to 1 straight line pull no-yield safety factor. 12VDC power and exterior doors not included.	\$ 5,819.00
CHASSIS OPTIONS	1680-0331	Tow eyes front painted job color mounted in up position. Requires 16" minimum bumper extension on custom chassis and 18" minimum bumper extension on commercial chassis.	\$ 803.00
CHASSIS OPTIONS	1680-0333	Diamond plate trim package for a (4) door Freightliner. Includes Bustin stepping surfaces, a full length driver and officer side trim that will utilize pieces already supplied by the OEM. SS product only.	\$ 5,284.00
CHASSIS OPTIONS	1680-0334	Oil pan heater - Fleetguard 450W/120V wired to block heater receptacle. ISX only.	\$ 1,080.00
CHASSIS OPTIONS	1680-0335	3M model 2084 sealant between the frame, frame liner (if equipped), crossmembers and rear axle suspension brackets to prevent buildup of road salt and dirt and corrosion at all bracket to frame rail and frame to frame rail attachment points.	\$ 1,743.00
CHASSIS OPTIONS	1680-0336	Special transmission lock bracket for manual transmission and electrical programming.	\$ 1,364.00
CHASSIS OPTIONS	1680-0337	OEM chassis step package for commercial chassis. Includes mounting plate for air and electrical options.	\$ 319.00
CHASSIS OPTIONS	1680-0338	Extensions for chassis and cab tilt grease fittings. Extensions to be routed to three groups (left front, right front and rear).	\$ 1,855.00
CHASSIS OPTIONS	1680-0339	Chassis Trim Package for a (2) door Extended cab Peterbilt. Full length driver side and an officer side trim that will utilize pieces already supplied by the OEM. The rearward area below the extended cab will be formed diamond plate with support framing as necessary for design.	\$ 4,655.00
CHASSIS OPTIONS	1680-0340	Leveling system on commercial chassis. 725 HWH single step leveling system to accommodate a Freightliner 114SD commercial chassis w/leaf spring axles. System will have 4 leveling jacks and include controls to be located inside the chassis cab on the center console to the officer side and to the rear.	\$ 20,195.00
CHASSIS OPTIONS	1680-0341	Diamond plate trim package for a (2) door Freightliner 114SD series. Includes a full length driver side and an officer side trim that will utilize pieces already supplied by the OEM.	\$ 2,644.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

CHASSIS OPTIONS	1680-0342	International 2016 On Board Diagnostics (OBD) surcharge - all models.	\$ 403.00
CHASSIS OPTIONS	1680-0343	Chassis Trim Package for a (2) door Extended cab Kenworth T-800. Full length driver side and an officer side trim that will utilize pieces already supplied by the OEM. The rearward area below the extended cab will be formed diamond plate with support framing as necessary for design.	\$ 4,655.00
CHASSIS OPTIONS	1680-0344	Tow eyes front painted in down position with additional stainless steel officer only in the up position.	\$ 1,208.00
CHASSIS OPTIONS	1680-0345	Tow eyes rear frame painted. Locate: B1, inside with eye plates spaced to best accommodate common sized towing hardware inside the compartment.	\$ 1,570.00
CHASSIS OPTIONS	1680-0346	Deluxe Trim Pkg 4DR Freightliner with provision for One (1) booster reel under rear door and a compartment(s) under opposite rear cab door as applicable per chassis configuration.	\$ 8,616.00
CHASSIS OPTIONS	1680-0348	OEM chassis step package for MAN 4 door series. Includes mounting plate for the battery charger receptacle and air inlet.	\$ 319.00
CHASSIS OPTIONS	1680-0349	Tow eyes rear below body, painted. 1" thick material with 3" diameter hole straight down from chassis frame and be flush with bottom of fuel tank. For use as lifting eyes at rear of chassis.	\$ 3,479.00
CHASSIS OPTIONS	1680-0350	Receivers, side body 9K winch receivers - frame rail height shall be provided. Two (2) winch receivers, one (1) each side, shall be located in-between rear tandem wheels in wheel well panel. Each receiver position shall have its own pin. Winch receiver(s) shall be rated for a maximum of 9,000 line pull pounds with a 2.0 to 1 straight line pull no-yield safety factor. 12VDC power and exterior doors not included.	\$ 6,387.00
CHASSIS OPTIONS	1680-0351	All applicable .625" heater hose to have constant torque clamps. Includes end, union and T-fittings.	\$ 682.00
CHASSIS OPTIONS	1680-0352	Side underbody 9K winch receivers. Includes (2) side facing- (1) each below body compartment offset forward on tiller trailer body for portable winch with electrical connection for winch. NOTE: When facing the receiver, mount electrical connection to the left side.	\$ 3,130.00
CHASSIS OPTIONS	1680-0353	Heavy duty frame cross-member located at cab locks.	\$ 1,941.00
CHASSIS OPTIONS	1680-0354	OEM Chassis supplied bright trim package for a (2) door Freightliner M2 series. Includes bright fuel tank and steps plus mounting plate for the battery charger receptacle and air inlet.	\$ 834.00
CHASSIS OPTIONS	1680-0355	OEM chassis supplied bright trim package for a (2) door International 4400 series. Includes a polished aluminum fuel tank, bright finish stainless steel tank straps and steps plus polished aluminum battery cover and a mounting plate for the battery charger receptacle and air inlet. (In place of standard steps).	\$ 1,130.00
CHASSIS OPTIONS	1680-0356	Rope tie off. Side underbody Rope Tie Off. Includes (2) side facing-rope tie off points (1) each below body located per engineering approval. Rating: 1000 lbs with 10:1 safety factor with straight line pull.	\$ 3,759.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CHASSIS OPTIONS	1680-0357	Cutout(s) in the front bumper for plumbing option(s). For use with commercial chassis w/OEM chrome bumper only. Voids bumper warranty.	\$ 166.00
CHASSIS OPTIONS	1680-0360	Bevel interior holes of rear tow eyes.	\$ 493.00
CHASSIS OPTIONS	1680-0361	Tow eyes rear frame stainless steel with 4" holes.	\$ 3,243.00
CHASSIS OPTIONS	1680-0363	Leveling System. HWH AP54472 single step leveling system with provisions to operate (1) One slide out room AP51631 on an E-One chassis w/ FireMaxx Air ride axle and Air Dump. System will have 4 leveling jacks and will include controls, hose kits, and components for (1) USO/30" slide out room.	\$ 31,296.00
CHASSIS OPTIONS	1680-0364	Diamond plate trim package for a (2) door Kenworth chassis. Includes Bustin stepping surfaces, a full length driver side and an officer side trim that will utilize pieces already supplied by the OEM. SS product only.	\$ 2,644.00
CHASSIS OPTIONS	1680-0365	Leveling System. HWH AP57139 single step leveling system on an E-One chassis for use with w/FireMaxx Air ride axle and Air Dump. System will have 4 leveling jacks and include controls & hose kit.	\$ 18,895.00
CHASSIS OPTIONS	1680-0366	On-Spot tire chain to be supplied and installed by commercial chassis supplier. Requires engineering review and approval if less than 180" WB.	\$ 4,000.00
CHASSIS OPTIONS	1680-0367	2017 EPA Green House Gas (GHG) surcharge for International Cummins L9 engines (replacing ISL engines).	\$ 403.00
CHASSIS OPTIONS	1680-0368	2017 EPA Green House Gas (GHG) surcharge for International Cummins ISB engines.	\$ 403.00
CHASSIS OPTIONS	1680-0369	2017 EPA Green House Gas (GHG) surcharge for International N13 engines.	\$ 575.00
CHASSIS OPTIONS	1680-0370	2017 EPA Green House Gas (GHG) surcharge for International with Cummins X15 engines.	\$ 575.00
CHASSIS OPTIONS	1680-0371	2017 EPA Green House Gas (GHG) surcharge for Freightliner Cummins ISB engines.	\$ 454.00
CHASSIS OPTIONS	1680-0372	2017 EPA Green House Gas (GHG) surcharge for Freightliner Cummins L9 engines (replacing ISL engines).	\$ 454.00
CHASSIS OPTIONS	1680-0373	On-Spot Brass Cap upgrade option.	\$ 338.00
CHASSIS OPTIONS	1680-0374	Insulation for hyd tool lines below cab through engine area. Holds one set of lines.	\$ 547.00
CHASSIS OPTIONS	1680-0375	Label air tanks with function.	\$ 206.00
CHASSIS OPTIONS	1680-0376	Steel tow/lift bar located below front of cab mounted to chassis frame, galvanized and painted black to match the frame and extensions.	\$ 10,864.00
CHASSIS OPTIONS	1680-0377	Companion flange (EA) for drive line. Location: transmission and rear axle.	\$ 499.00
CHASSIS OPTIONS	1680-0378	Horton DM Advantage On/Off fan drive for ARFF 4x4 and 6x6 configurations. Required use with winterization and high altitude destination vehicles.	\$ 8,013.00
CHASSIS OPTIONS	1680-0379	Drivelines 1810. For use with ARFF vehicles only	\$ 6,690.00
CHASSIS OPTIONS	1680-0380	Upgrade pressure and return side power steering hoses with Parker Hanafin in lieu of standard hose.	\$ 100.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CHASSIS OPTIONS	1680-0381	(3) way rear underbody receiver assembly. Includes rearward 9000 lb. winch receiver or Class III trailer receiver and (2) side facing 9000 lb. winch receivers- (1) each below rearward body compartments. Includes rearward tow eyes and electrical winch connection for just the rear receiver. NOTE: When facing the receiver, mount electrical connection to the left side.	\$ 4,693.00
CHASSIS OPTIONS	1680-0382	Air intake emergency shut-down. Dash mounted guarded switch. Locate: Lower center dash between driver & officer.	\$ 3,246.00
CHASSIS OPTIONS	1680-0383	Block heater 120 volt, 1500 watt with thermostat ARFF.	\$ 553.00
CHASSIS OPTIONS	1680-0384	Tow eyes rear below body, painted. 1" thick material with 3" diameter hole straight down from chassis frame, to be rear of fuel tank. For use as tow eyes at rear of chassis.	\$ 3,479.00
CHASSIS OPTIONS	1680-0385	Under front bumper 12K winch receiver. Includes electrical connection for portable winch application. Custom chassis only. NOTE: When facing the receiver, mount electrical connection to the left side.	\$ 4,068.00
CHASSIS OPTIONS	1680-0386	(3) way rear underbody receiver assembly including zinc plated (galvanized) IPOS. Includes rearward 9000 lb. winch receiver or Class III trailer receiver and (2) side facing 9000 lb. winch receivers- (1) each below rearward body compartments. Includes rearward tow eyes and electrical winch connections for each receiver. NOTE: When facing the receiver, mount electrical connection to the left side.	\$ 6,349.00
CHASSIS OPTIONS	1680-0387	Thermosiphon heater for ARFF engine coolant. Requires a 30 amp auto-eject receptacle.	\$ 858.00
CHASSIS OPTIONS	1680-0389	Receiver, side body 9K Winch Receivers-frame rail height shall be provided for use with single FIRE-MAXX suspension. Two (2) winch receivers, one (1) each side, shall be located in line with the top of the frame rail ahead of the rear wheels. Each receiver position shall have its own pin. Winch receiver(s) shall be rated for a maximum of 9,000 line pull pounds with a 2.0 to 1 straight line pull no-yield safety factor. 12VDC power and exterior doors not included.	\$ 5,819.00
CHASSIS OPTIONS	1680-0390	Tow eyes front stainless steel through bumper / cab with 3" holes (PR).	\$ 2,320.00
CHASSIS OPTIONS	1680-0391	Cab tilt safety support bracket modification. To support cab while tilted in low roof/ceiling structures. (Will need from customer maximum height restriction)	\$ 367.00
CHASSIS OPTIONS	1680-0392	Air intake emergency shut-down. Pump panel mounted guarded switch including reset.	\$ 3,644.00
CHASSIS OPTIONS	1680-0393	OEM chassis supplied bright trim package for a (2) door International 4300 series. Includes: mounting plate for the battery charger receptacle and air inlet.	\$ 1,130.00
CHASSIS OPTIONS	1680-0394	OEM chassis step package for Peterbuilt Commercial Chassis. Includes mounting plate for the battery charger receptacle and air inlet.	\$ 319.00
CHASSIS OPTIONS	1680-0395	Diamond plate trim package for a (2) door extended cab Freightliner. Includes Bustin stepping surfaces, a full length driver side and an officer side trim that will utilize pieces already supplied by the OEM. SS product only.	\$ 2,961.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

CHASSIS OPTIONS	1680-0444	Side underbody 9K winch receivers including zinc plated (galvanized) IPOS. Includes (2) side facing- (1) each below body compartment ahead of the rear wheels for portable winch with electrical connection for winch. NOTE: When facing the receiver, mount electrical connection to the left side.	\$ 4,764.00
CHASSIS OPTIONS	1680-0445	Side underbody Class III receivers. Includes (2) side facing- (1) each below body compartment ahead of the rear wheels.	\$ 3,059.00
CHASSIS OPTIONS	1680-0446	Leveling System. HWH 725 16S24 DA / MFC single step leveling system with provisions to operate (2) Two Universal Platform Level Out (UPLO) slide out rooms - (1) One 10 foot & (1) One 8 foot long room on an E-One chassis w/ Spring suspension rear axle. System will have 4 leveling jacks and will include controls, hose kits, and components for (2) UPLO 30" slide out rooms.	\$ 57,164.00
CHASSIS OPTIONS	1680-0447	Trailer hitch Class III mounted rear. Includes electrical winch connection for receiver. NOTE: When facing the receiver, mount electrical connection to the left side.	\$ 2,356.00
CHASSIS OPTIONS	1680-0448	In Process ... Leveling System. HWH 725 16F24 DA / MFC single step leveling system with provisions to operate (2) Two Universal Platform Level Out (UPLO) slide out rooms - (1) One 10 foot & (1) One 8 foot long room on an E-One chassis w/ FireMaxx Air ride axle and Air Dump. System will have 4 leveling jacks and will include controls, hose kits, and components for (2) UPLO 30" slide out rooms.	\$ 56,466.00
CHASSIS OPTIONS	1680-0449	Trailer hitch Class III mounted rear, including zinc plated (galvanized) IPOS	\$ 3,637.00
CHASSIS OPTIONS	1680-0450	Gear box for use with (2) pumps on a single PTO port. Twin-Disc Model AM-230 with (1) SAE "C" pad, wet clutch, and 1610 flanges. Used for multiple pumps driven from one PTO.	\$ 12,417.00
CHASSIS OPTIONS	1680-0452	Tow eyes front painted job color (this code is for paint only Does not include the actual Tow Eyes.)	\$ 803.00
CHASSIS OPTIONS	1680-0453	On-Spot tire chain shut-off valve. Valve to shut off supplier line to air actuators on tire chains. Location: Drivers side step next to standard location of jumper stud's.	\$ 1,988.00
CHASSIS OPTIONS	1680-0454	Rear only underbody 12000 lb. winch receiver or Class IV trailer assembly painted job color. Includes rearward tow eyes stainless steel with 3.5" holes. and electrical winch connections for receiver.	\$ 4,704.00
CHASSIS OPTIONS	1680-0455	Tow eyes front stainless steel with 3" holes mounted in up position. Requires 16 in minimum bumper extension on custom chassis and 18 in minimum bumper extension on commercial chassis.	\$ 1,807.00
CHASSIS OPTIONS	1680-0456	E-ONE built diamond plate deluxe trim package for 4 door commercial chassis cab. Includes mounting surface for the battery charger receptacle, display, air inlet, etc(as applicable). Storage compartment only under officer side rear cab door shall be provided with hinged door access and wired through the cab door ajar indicator.	\$ 6,856.00

Category	Option	Long Description	Price
CHASSIS OPTIONS	1680-0458	Leveling System. HWH AP59315 single step leveling system with provisions to operate (1) One slide out room AP55881 on an E-One chassis w/ FireMaxx Air ride rear axle and IFS air front axle both with E-ONE supplied Air Dumps. System will have 4 leveling jacks and will include controls, hose kits, and components for (1) UPLO/30 room with flush deploy floors	\$ 37,978.00
CHASSIS OPTIONS	1680-0459	(3) way rear underbody receiver assembly. Includes rearward 9000 lb. winch receiver or Class III trailer receiver and (2) side facing 9000 lb. winch receivers- (1) each below rearward body compartments. Includes electrical winch connections for each receiver. NOTE: Electrical connection to the left side when facing receivers. Option does not include tow eyes.	\$ 4,693.00
CHASSIS OPTIONS	1680-0460	Cab tilt reservoir tag/label. Providing information as to what it is.	\$ 304.00
CHASSIS OPTIONS	1680-0461	Tow eyes front stainless steel with 3.5" holes mounted in up position and angled forward at a 45 degree to the front. Requires 16 in. minimum bumper extension on custom chassis and 18 in. minimum bumper extension on commercial chassis.	\$ 2,604.00
CHASSIS OPTIONS	1680-0462	Diamond plate trim package for a (2) door Freightliner. Includes Bustin stepping surfaces, a full length driver side and an officer side trim that will utilize pieces already supplied by the OEM. Includes hinged door to access fuel and DEF tank filling. SS product only.	\$ 2,819.00
CHASSIS OPTIONS	1680-0463	Hinged diamond plate cover for fuel and DEF tank fills. E-ONE trim package only.	\$ 373.00
CHASSIS OPTIONS	1680-0464	Tow eyes rear frame painted. Locate: B4, inside with eye plates spaced to best accommodate common sized towing hardware inside the compartment.	\$ 1,570.00
CHASSIS OPTIONS	1680-0465	Block heater 1500 watt 220 volt. Available on ISM, ISX and S60 only.	\$ 1,055.00
CHASSIS OPTIONS	1680-0466	Leveling System. HWH AP59315 leveling system 725 16S24 MFC with provisions to operate (1) One Universal Level Out - ULO slide out room AP54746 on an E-One chassis w/40K FireMaxx Air ride rear axle and 22.8K IFS air front axle. Both axles with E-ONE supplied Air Dump. System will have 4 leveling jacks and will include controls, hose kits, and components for (1) ULO/30 room with level out floor design.	\$ 37,580.00
CHASSIS OPTIONS	1680-0468	Receiver, rear NON STANDARD. A (4) way rear underbody receiver assembly shall be provided. Option includes (2) two rearward facing receivers (1) class III trailer (9000 lb) winch receivers centered and (1) offset receiver (9000lb straightline pull rated for secondary rope operations) and (2) side facing 9000 lb. winch receivers (1) each below rearward side body compartments. Includes rearward tow eyes and (3) three electrical winch connections, (1) for each main receiver in the standard 3 way location per customer approval drawing. Secondary rear facing auxiliary receiver in non-standard location shall NOT have a power connection or be used for towing. NOTE: When facing receivers, locate electrical connection to the left.	\$ 7,859.00

COMPARTMENT DIVIDERS	3390-0439	Compartment L3 to have the following storage package: (2) vertical partitions, One (1) 25" off forward wall and One (1) 9" rearward of the first partition. The following located forward of the front (1st) partition: (1) floor mntd roll-out tray w/500lb slds and (1) adjustable shelf with tracks. Rearward of the rear (2nd) partition (1) adjustable heavy duty roll out tool board.	\$ 4,862.00
COMPARTMENT DIVIDERS	3390-0441	Vertical partition wall. Locate 20" off of the forward wall in L4.	\$ 549.00
COMPARTMENT DIVIDERS	3390-0442	Compartment L4 to have the following storage package: (1) vertical partition 12 in. off rearward wall and the following located forward of the partition:(2) adjustable shelves and (1) floor mounted roll-out tray.	\$ 3,146.00
COMPARTMENT DIVIDERS	3390-0443	Compartment R4 to have the following storage package: (1) vertical partition 30in. off rearward wall and the following located rearward of the partition: (1) floor mntd roll-out tray w/500lb slds and (1) adjustable tray with tracks and 3/16 smooth plate aluminum toolboard mounted on the rear wall of the compartment behind adjustable tray. Forward of partition: (2) adjustable heavy duty tool boards.	\$ 7,721.00
COMPARTMENT DIVIDERS	3390-0444	Compartment L3 to have the following storage package: (1) vertical partition 20" off forward wall and the following located forward of the partition: (3) adjustable shelves. Rearward of partition: (2) adjustable heavy duty tool boards.	\$ 5,817.00
COMPARTMENT DIVIDERS	3390-0445	Compartment L3 to have the following storage package: (1) vertical partition 28" off the forward wall and the following located rearward of the partition: (1) floor mntd roll-out tray w/500lb slds and (2) adjustable shelves. Forward of partition: (2) adjustable heavy duty peg tool boards.	\$ 6,141.00
COMPARTMENT DIVIDERS	3390-0446	Compartment L3 to have the following storage package: (1) vertical partition 20" off forward wall and the following located rearward of the partition: (1) floor mntd roll-out tray w/500lb slds and (2) adjustable shelves. Forward of partition: for customer installed equipment.	\$ 3,148.00
COMPARTMENT DIVIDERS	3390-0447	Storage system for compartment L1. Includes vertical partition 30" from left side wall, (2) adj. HD tool boards to rear of partition, and (2) adj. shelves in lower area ahead of partition. HP75 / HP78 SideStacker.	\$ 5,975.00
COMPARTMENT DIVIDERS	3390-0448	Compartment L1 to have the following storage package: (1) vertical partition 13" off forward wall and the following located rearward of the partition: (1) heavy duty adjustable tool board and (1) floor mounted roll-out tray w/500lb slides. The adjustable tool board shall be mounted in the rollout tray with adjustable track on front and back lip of the tray and top of toolboard The toolboard shall roll in/out with tray.	\$ 4,908.00

CONTROLS / SWITCHES	5100-0017	Wire rear amber through ignition switch.	\$ 170.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CONTROLS / SWITCHES	5100-0018	Primary Warning switch to activate all warning lights and siren controls to be located driver's side overhead console.	\$ 361.00
CONTROLS / SWITCHES	5100-0019	Additional amber warning light override momentary switch located at the cab warning light switch panel. The switch will allow for overriding the rear additional amber warning lights and reset after ignition is turned off.	\$ 646.00
CONTROLS / SWITCHES	5100-0020	Switch additional 12 volt/15 amp toggle. Location and function: Under driver side cab dash to disable master battery switch.	\$ 407.00
CONTROLS / SWITCHES	5100-0021	Opticom switch wired through upper level warning switch.	\$ 156.00
CONTROLS / SWITCHES	5100-0022	Push-button hose reel switch. Location: [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0023	Provide a single switch on the cab dash (within reach of the driver and officer) for locking and unlocking of all roll-up doors. The switch is to be red. Label RUD Lock.	\$ 623.00
CONTROLS / SWITCHES	5100-0024	Switch, master activation for pre-connects, located within the cab ARFF.	\$ 443.00
CONTROLS / SWITCHES	5100-0025	Switch additional 12 volt/15amp for all compartment lighting(8)	\$ 771.00
CONTROLS / SWITCHES	5100-0026	Switch additional 12 volt/15amp for all lower emergency warning LED Lights switch location shall be within easy access of the operator on the driver's instrument panel.	\$ 439.00
CONTROLS / SWITCHES	5100-0027	Switch additional 12 volt/15amp for each scene lite location(4)	\$ 455.00
CONTROLS / SWITCHES	5100-0028	A seperate switch shall be provided in the cab to control the Top Deck Amber lighting	\$ 439.00
CONTROLS / SWITCHES	5100-0029	Stirrup style hose reel switch. Location: [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0030	Additional stirrup stlye hose reel switch. Location: [#LOC]	\$ 407.00
CONTROLS / SWITCHES	5100-0033	Switch rocker lock-out safety style IPO standard for foam flush,foam and water(3).ARFF	\$ 355.00
CONTROLS / SWITCHES	5100-0034	locking cover for existing rear Engine starter disable switch. ARFF	\$ 623.00
CONTROLS / SWITCHES	5100-0036	Additional programming instructions: [#LOC].	\$ 253.00
CONTROLS / SWITCHES	5100-0037	Master disconnect switch. Function or location. [#LOC]	\$ 407.00
CONTROLS / SWITCHES	5100-0038	Hose Reel rewind switch located [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0039	Foot switch(es) mounted on a 45 degree bracket.	\$ 173.00
CONTROLS / SWITCHES	5100-0040	Micro switch with 2.75" lever upgrade. Location: (2) hosebed cover, (1) ladder rack.	\$ 170.00
CONTROLS / SWITCHES	5100-0041	Fire Fighting panel shall have a means to protect each switch function from accidental activation	\$ 1,447.00
CONTROLS / SWITCHES	5100-0042	Ramsey control with 3' cord for cab tilt in addition to standard toggle. Red/Black weatherproof push buttons at end of cord. Location of switch plug-in: [#LOC].	\$ 751.00
CONTROLS / SWITCHES	5100-0043	Switch Toggle style with Red Cover IPO standard for foam, flush, and water(3).ARFF	\$ 355.00
CONTROLS / SWITCHES	5100-0044	Rear cab heater switch. Function and location: [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0045	Thermostatic controls for pump compt heaters. Thermostat set at freezing temp.	\$ 509.00
CONTROLS / SWITCHES	5100-0046	Cut-off switch for Q2B main power. Switch to be accessible from driver's seat.	\$ 550.00
CONTROLS / SWITCHES	5100-0047	Switch household 110V w/ weaterproof cover. Location and function: cab mounted next to air compressor for 120V air compressor	\$ 407.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CONTROLS / SWITCHES	5100-0048	Magnetic door ajar switches IPO std for all body compt doors.	\$ 1,450.00
CONTROLS / SWITCHES	5100-0049	Ramsey control with 8' cord for cab tilt in addition to standard toggle. Red/Black weatherproof push buttons at end of cord. Location of switch plug-in: [#LOC].	\$ 751.00
CONTROLS / SWITCHES	5100-0050	Push button test switch for tank or foam level gauge, push button wired "hot" to batteries to allow checking tank level in fire station without having to power up truck electrical system. Located on operator pump panel.	\$ 702.00
CONTROLS / SWITCHES	5100-0051	Lower emergency light override momentary switch located at the cab warning light switch panel. The switch will allow for overriding the lower level emergency lights and reset after ignition is turned off.	\$ 646.00
CONTROLS / SWITCHES	5100-0052	Household toggle switch for 110V. Switch plate will be a Crouse Hinds TP7256. Switch will be wire to top plug of duplex recept on rear, and be located next to recept. One switch for each top duplex.	\$ 880.00
CONTROLS / SWITCHES	5100-0053	All cab console switches (as applicable) and the (4) body mount intake switches to be LED smart switches (IPOS).	\$ 3,039.00
CONTROLS / SWITCHES	5100-0055	Switch for hydraulic gen to be located on officer side overhead console IPOS.	\$ 253.00
CONTROLS / SWITCHES	5100-0056	Hose deployment switch in front bumper tray. Includes hinged plate on bottom of bumper tray with switch on floor and indicator light on pump panel. Requires tray without slats. Location: [#LOC].	\$ 1,180.00
CONTROLS / SWITCHES	5100-0058	Master battery disconnect switch. Location: driver seat riser ipo riser door. Includes overlay plate. N/A with new power distribution system used in T19 and C20 cabs.	\$ 961.00
CONTROLS / SWITCHES	5100-0059	Back-up alarm / rear back up lights override momentary switch located at the cab dash. The switch will allow for overriding the back-up alarm & back-up lights and reset after transmission is shifted again.	\$ 407.00
CONTROLS / SWITCHES	5100-0060	Switch for 12V quartz lights to be located on officer side overhead console IPOS.	\$ 253.00
CONTROLS / SWITCHES	5100-0061	Door ajar alarm override momentary switch located at the cab dash. The switch will allow for overriding the door ajar alarm and reset after transmission is shifted again.	\$ 407.00
CONTROLS / SWITCHES	5100-0062	Switch 12V for 110-240V (EA). E-One supplied and installed relays and Van Mor supplied and installed switches. Locate the relays near breaker box.	\$ 860.00
CONTROLS / SWITCHES	5100-0063	Ramsey control with 10' cord for cab tilt. Red/Black weatherproof push buttons at end of cord. Location of switch plug-in: next to manual cab tilt pump	\$ 751.00
CONTROLS / SWITCHES	5100-0064	AM/FM radio to be connected to radio re-broadcast input of siren. Includes momentary sw accessible to driver that will reset connection when master power is cycled.	\$ 646.00
CONTROLS / SWITCHES	5100-0065	Switch pump compt light(s). Includes door switches on pump module access doors to activate light(s). Location: top mount pump panel.	\$ 683.00
CONTROLS / SWITCHES	5100-0066	Solid state dimmer switch. Location and function: [#LOC].	\$ 265.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CONTROLS / SWITCHES	5100-0067	Display switch function and location: (2) front cab dome lights: clear light switched at driver, officer and pump panel; red light switched at driver and officer. (3) Cab dome lights above rear facing seats: clear light switched at driver, officer and pump panel; red light switched at driver, officer and pump panel. (4) Pump panel cab dome lights: clear light switched at driver, officer and pump panel; red light switched at driver, officer and pump panel. Front scene lights at driver, officer and pump panel displays. Driver side scene lights at driver, officer and pump panel displays. Officer side scene lights at driver, officer and pump panel displays. Rear facing scene lights at driver, officer and pump panel displays.	\$ 1,113.00
CONTROLS / SWITCHES	5100-0068	Switch button for Q2B siren. Locate on dash control panel area within reach of the [#LOC] position. Label as space permits.	\$ 383.00
CONTROLS / SWITCHES	5100-0069	Additional panel mounted Go-Light spot control. Location: officer side cab switch panel.	\$ 403.00
CONTROLS / SWITCHES	5100-0070	Air horn switch in the interior. Switch to be labeled "Evacuation Alert". Location: [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0071	Display switch function and location: (2) front cab dome lights: clear light switched at driver and officer displays; red light switched at driver and officer displays. (3) Cab dome lights above rear facing seats: clear light switched at driver and officer displays; red light switched at driver and officer displays. Front scene lights at driver and officer displays. Driver side scene lights at driver and officer displays. Officer side scene lights at driver and officer displays. Rear facing scene lights at driver and officer displays.	\$ 1,113.00
CONTROLS / SWITCHES	5100-0073	Additional programming instructions: wire officer rear quartz light ajar switch through ladder rack controls.	\$ 253.00
CONTROLS / SWITCHES	5100-0074	Switch button for Q2B siren brake. Locate on dash control panel area within reach of the [#LOC] position. Label as space permits.	\$ 383.00
CONTROLS / SWITCHES	5100-0075	Jump stud disconnect switch. Location: driver side of body adjacent to connectors. Includes overlay plate.	\$ 961.00
CONTROLS / SWITCHES	5100-0076	Additional programming instructions: Indicator lights need to be tied into all switch functions.	\$ 253.00
CONTROLS / SWITCHES	5100-0077	Switch, additional 12 volt/15 amp (PR). Location and function: Center console labeled "Left Nozzle" and "Right Nozzle" for use with dealer installed ground spray system. Dealer to make all fianl connections and functional testing of switching.	\$ 812.00
CONTROLS / SWITCHES	5100-0078	Switch circuit three way. Includes (1) additional switch. An additional switch required for more than two locations. Location: [#LOC].	\$ 343.00
CONTROLS / SWITCHES	5100-0083	Door ajar circuit to be upgraded to include access panels and doors.	\$ 1,691.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CONTROLS / SWITCHES	5100-0084	Switch, additional 12 volt/15 amp. Back-up switches for primary switch controller failure. Location and function: Accessible to driver for 1) Master warning (red), 2) #17 program on light bar, all body warning lights, grill mounted Viper lts, and cab side facing 6x4 warning lts, 3) #18 program on light bar, rear beacons, intersecting Vipers and front quad warning lts, 4) #18 program on light bar, wig-wag and Message board with default NYPD program.	\$ 407.00
CONTROLS / SWITCHES	5100-0085	Master battery disconnect lever switch. Location: driver side dash ipo rocker switch. N/A with new power distribution system used in T19 and C20 cabs.	\$ 961.00
CONTROLS / SWITCHES	5100-0086	Additional programming instructions: clear warning lights to remain on in blocking mode in accordance with Maryland Code Allowance.	\$ 253.00
CONTROLS / SWITCHES	5100-0087	Ramsey control plug-in for cab tilt in addition to standard toggle. Does not include tether controller. Location: [#LOC].	\$ 424.00
CONTROLS / SWITCHES	5100-0088	Linemaster Twin 491-S foot switch to control air horns and Q2B located [#LOC].	\$ 764.00
CONTROLS / SWITCHES	5100-0089	Foot switch to control electric fire bell located [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0090	Foot switch to control Scream Eagle siren located [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0091	Switch 12V for 110-240V (EA). Location: cab switch panel for rear body quartz light(s).	\$ 860.00
CONTROLS / SWITCHES	5100-0092	Additional push button air reel switch. Location: Right side wheel well for air reel.	\$ 407.00
CONTROLS / SWITCHES	5100-0093	Master battery disconnect switch. Location: driver seat riser, behind access door. N/A with new power distribution system used in T19 and C20 cabs.	\$ 1,045.00
CONTROLS / SWITCHES	5100-0094	Ramsey control with 15' cord for cab tilt in addition to standard toggle. Red/Black weatherproof push buttons at end of cord. Location of switch plug-in: [#LOC].	\$ 751.00
CONTROLS / SWITCHES	5100-0095	Switching controlled through the Multiplex display for 120-240V devices (EA). The 120-240V Multiplex switching utility shall be used for: [#LOC].	\$ 860.00
CONTROLS / SWITCHES	5100-0097	Additional warning light programming instructions: Rear vertically side mounted red Viper lights behind rear doors and the rear facing red QL97 lights at eye level to be shed in blocking mode.	\$ 306.00
CONTROLS / SWITCHES	5100-0098	Switch additional rocker lock-out safety style. Location and function: [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0099	Momentary rocker switch for the Federal Rumbler (secondary siren) located on the driver and officer side overhead panels. The switches will allow for overriding the Federal Signal Rumbler siren and reset after ignition is turned off.	\$ 646.00
CONTROLS / SWITCHES	5100-0100	Switch additional (2) position shall be installed and properly labeled to enable operator to activate the OEM traffic horn or air horn. The switch shall be located: rear of body driver side approximately 65" above ground level.	\$ 407.00
CONTROLS / SWITCHES	5100-0101	Switch, additional 12 volt/15 amp. Location and function: driver side pump panel for radio speaker as mounted on or near pump panel.	\$ 407.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CONTROLS / SWITCHES	5100-0102	A cab interior audible alarm and hazard light. The light shall be blue in color and 2" diameter, The alarm and hazard light shall be wired to the light tower to provide a clear indicator of when the light tower is raised or not in the bedded position. The light shall be mounted in the vicinity of the door ajar hazard light.	\$ 304.00
CONTROLS / SWITCHES	5100-0104	A heavy duty weatherproof push-button switch shall be installed at the rear of the body, to operate the air horns. Switch to be labeled and located as specified.	\$ 407.00
CONTROLS / SWITCHES	5100-0105	Switch momentary. Head lights, running lights, and tail lights (on with ignition) override momentary switch located at the cab dash. The switch will allow for overriding the head lights, running lights, and tail lights (turning them off momentarily) after the ignition has been turned on.	\$ 407.00
CONTROLS / SWITCHES	5100-0106	Thermostatic control for compartment heater. Thermostat set at 60 degrees Fahrenheit to prevent freezing. Location: [#LOC].	\$ 262.00
CONTROLS / SWITCHES	5100-0107	Cut-off switch for Q2B main power. Switch to be accessible from officer's seat.	\$ 550.00
CONTROLS / SWITCHES	5100-0108	Switch circuit three way 12V for 120-240V (EA). Includes (1) additional 12V for 120-240V switch. An additional switch required for more than two locations. Location: [#LOC].	\$ 860.00
CONTROLS / SWITCHES	5100-0109	Audible alarm to sound when water level is below 1/4 tank remaining.	\$ 573.00
CONTROLS / SWITCHES	5100-0110	Additional programming instructions: wire upper rear facing M9 warning lights through the brake light circuit in addition to warning lights. Lights will function as steady brake primary and flashing warning secondary.	\$ 253.00
CONTROLS / SWITCHES	5100-0111	Switch 12V for 120-240V (EA). Location: programmed to multiplex display for 120V receptacle on driver and officer side rear of body.	\$ 860.00
CONTROLS / SWITCHES	5100-0112	Ramsey control on officer side cab dash with 3' cord to operate Q2B and air horns. Red switch Q2B, Black air horns.	\$ 706.00
CONTROLS / SWITCHES	5100-0115	Monarch control for cab tilt in place of standard toggle.	\$ 821.00
CONTROLS / SWITCHES	5100-0116	Weldon 4-button V-MUX switch module. Location [#LOC].	\$ 821.00
CONTROLS / SWITCHES	5100-0117	Switch, additional momentary 12 volt/15 amp. Location and function: [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0118	Door ajar indicator switch for each SCBA air bottle storage compartment door on body wired to "Door Open" indicator inside cab. Switches as optioned are in addition to standard SCBA bottle retainer straps.	\$ 118.00
CONTROLS / SWITCHES	5100-0119	Rear cab heater Eaton guarded switch. Function and location: [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0120	Switch additional guarded toggle. Location and Function: driver side rear of body for rear flood lights.	\$ 407.00
CONTROLS / SWITCHES	5100-0122	Switch circuit three way. Includes (1) additional switch. An additional switch required for more than two locations. Location: driver, officer and rear of body adjacent to dump valves for activation.	\$ 407.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CONTROLS / SWITCHES	5100-0123	Switch, additional 12 volt/15 amp. Location and function: center console for driver side scene lights, officer side scene lights and rear scene lights.	\$ 407.00
CONTROLS / SWITCHES	5100-0124	Switch, additional 12 volt/15 amp. Location and function: center console as a spare.	\$ 407.00
CONTROLS / SWITCHES	5100-0125	Door ajar indicator switch for each SCBA air bottle storage compartment door on cab wired to "Door Open" indicator inside cab. Switches as optioned are in addition to standard SCBA bottle retainer straps.	\$ 118.00
CONTROLS / SWITCHES	5100-0127	Switch panel three way. Includes (7) additional switches. An additional switch required for more than two locations. Location: L1 adjacent to breaker box for front brow lights, driver 120V cab/body scene lights, officer 120V cab/body scene lights, driver 12V cab/body scene lights, officer cab/body 12V scene lights and rear 12V scene lights.	\$ 2,837.00
CONTROLS / SWITCHES	5100-0128	Red flip cover for toggle switch. Location: [#LOC].	\$ 45.00
CONTROLS / SWITCHES	5100-0129	Switch rear door fully open for dump valve power activation.	\$ 729.00
CONTROLS / SWITCHES	5100-0130	Weatherproof Eaton rocker switches on pump panel/rear of body ipo toggle switches.	\$ 465.00
CONTROLS / SWITCHES	5100-0131	Foot switch(es) mounted on a 30 degree bracket.	\$ 173.00
CONTROLS / SWITCHES	5100-0132	Switch, additional through multiplex display. Function: [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0133	Switch. Location and function: [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0134	Switch 12V for 240V 30A Recept. Location: B1 near compartment door frame, 24 inches above the lower compartment floor.	\$ 884.00
CONTROLS / SWITCHES	5100-0135	Cole Hersee lock out device for master battery switch. Model CLH24505.	\$ 178.00
CONTROLS / SWITCHES	5100-0137	Foot switch Dayton SS model 6GPA2 to control air horns located driver and officer side.	\$ 505.00
CONTROLS / SWITCHES	5100-0139	Foot switch Linemaster model 632S to control electric siren located [#LOC]. Includes 25 degree diamond plate bracket.	\$ 503.00
CONTROLS / SWITCHES	5100-0140	Ramsey control with 3' cord for cab tilt in place of standard toggle. Red/Black weatherproof push buttons at end of cord. Includes receptacle with cover. Location of receptacle: [#LOC].	\$ 751.00
CONTROLS / SWITCHES	5100-0141	Ramsey control with 6' cord for cab tilt in addition to standard toggle. Red/Black weatherproof push buttons at end of cord. Location of switch plug-in: [#LOC].	\$ 751.00
CONTROLS / SWITCHES	5100-0142	Switch, door ajar additional. Location: front bumper lid(s).	\$ 407.00
CONTROLS / SWITCHES	5100-0143	Switch, additional ladder climbing lights in cab accessible to driver. Requires Engineering approval.	\$ 630.00
CONTROLS / SWITCHES	5100-0144	Magnetic door ajar switch IPO std for [#LOC] compt door.	\$ 213.00
CONTROLS / SWITCHES	5100-0145	Additional driver side overhead switches in addition to vista screen operations. See specifications.	\$ 5,191.00
CONTROLS / SWITCHES	5100-0146	Switch, master activation for Newton Dumps with red cover, located within the cab accessible to driver.	\$ 407.00
CONTROLS / SWITCHES	5100-0147	Ramsey control with 3' cord for cab tilt in addition to standard toggle. Red/Black weatherproof push buttons at end of cord hardwired adjacent to standard toggle.	\$ 751.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CONTROLS / SWITCHES	5100-0148	Switch lever 120V AC shoreline disconnect with weatherproof cover. Location: Adjacent to shoreline receptacle.	\$ 860.00
CONTROLS / SWITCHES	5100-0149	Switch lever 120V shoreline disconnect. Location: Adjacent to shoreline receptacle.	\$ 860.00
CONTROLS / SWITCHES	5100-0150	Hose Reel rewind switch located in pump module rearward in rubrail. One (1) left ,and one (1) right side.	\$ 812.00
CONTROLS / SWITCHES	5100-0151	Switch wire through multiplex display in cab for aerial work lights on base.	\$ 877.00
CONTROLS / SWITCHES	5100-0156	Locate windshield wiper control below transmission shifter IPOS.	\$ 121.00
CONTROLS / SWITCHES	5100-0157	Foot switch to control Q2B siren brake located [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0158	A heavy duty stainless steel floor mounted foot switch shall be installed to operate the air horns located [#LOC].	\$ 505.00
CONTROLS / SWITCHES	5100-0159	A heavy duty stainless steel floor mounted foot switch shall be installed to control electronic siren located [#LOC].	\$ 505.00
CONTROLS / SWITCHES	5100-0161	Wire all tank level gauges/lights through ignition hot.	\$ 170.00
CONTROLS / SWITCHES	5100-0162	Locate gauge mode switch on driver side (side facing) electrical access cover.	\$ 121.00
CONTROLS / SWITCHES	5100-0164	Switch additional rocker. Location and function: [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0166	Switch additional 12 volt/15 amp toggle. Location and function: Under center cab dash removable panel (inside) on top of the upper tier, for master battery override.	\$ 407.00
CONTROLS / SWITCHES	5100-0167	Foot switch(es) mounted on a 30 degree bracket that includes a gusset or similar reinforcement.	\$ 334.00
CONTROLS / SWITCHES	5100-0168	Bolt-in recessed box for rear body dump chute switchs. Material and finish to match rear body panel. Located on rear area of body.	\$ 697.00
CONTROLS / SWITCHES	5100-0169	Bolt-in recessed box for rear body switch. Material and finish to match rear body panel. Location and function: [#LOC].	\$ 697.00
CONTROLS / SWITCHES	5100-0170	Additional programming instructions: wire ground lights on one side to illuminate when turn signal on same side is activated	\$ 253.00
CONTROLS / SWITCHES	5100-0171	Additional driver side overhead switches in addition to vista screen operations. See specifications.	\$ 5,191.00
CONTROLS / SWITCHES	5100-0172	Switch guard half moon or equivalent. Locate on electrical dump valve switches. Location Cab, and body.	\$ 127.00
CONTROLS / SWITCHES	5100-0173	Switch guard half moon or equivalent. Locate on: [#LOC].	\$ 127.00
CONTROLS / SWITCHES	5100-0174	Additional center overhead switches in addition to vista screen operations. See specifications.	\$ 2,197.00
CONTROLS / SWITCHES	5100-0175	Foot switch Linemaster model 632S to control air horns located [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0176	Foot switch Linemaster model 632S to control Q2B siren located [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0177	Bolt-in recessed box for interior rear body switch. Material and finish to match surrounding rear body area. Located driver's side interior walkway wall adjacent to door opening.	\$ 697.00
CONTROLS / SWITCHES	5100-0178	Q2B brake switch shall be located: [#LOC] IPOS.	\$ 121.00
CONTROLS / SWITCHES	5100-0179	Weatherproof E33 rocker switches on pump panel ipo toggle switches.	\$ 1,080.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

CONTROLS / SWITCHES	5100-0192	Foot switch to control Q2B located [#LOC]. Labeled "MECHANICAL SIREN".	\$ 407.00
CONTROLS / SWITCHES	5100-0193	Foot switch to control electronic siren located [#LOC]. Labeled "ELECTRONIC SIREN".	\$ 407.00
CONTROLS / SWITCHES	5100-0194	Cut-off switch for Q2B main power. Switch to be located in the driver's side step well area as high and as far rearward as possible.	\$ 550.00
CONTROLS / SWITCHES	5100-0195	Interlock switch override. A momentary switch to override the interlock switch located at the compressor compartment doors shall be provided. The switch shall be located on the cab center console. The switch shall auto reset when the PTO drive for the compressor is disengaged.	\$ 475.00
CONTROLS / SWITCHES	5100-0197	Foot switch Linemaster model 632S to control Q2B siren located [#LOC]. Includes 25 degree diamond plate bracket.	\$ 245.00
CONTROLS / SWITCHES	5100-0198	Mounting plates for switches on the body to be aluminum IPOS.	\$ 91.00
CONTROLS / SWITCHES	5100-0199	Foot switch Linemaster model 632S to control air horns located [#LOC]. Includes 25 degree diamond plate bracket.	\$ 245.00
CONTROLS / SWITCHES	5100-0200	Master battery disconnect switch. Location: L1 forward wall down low. N/A with new power distribution system used in T19 and C20 cabs.	\$ 1,045.00
CONTROLS / SWITCHES	5100-0201	Bolt-in recessed box with door for rear body dump chute switches. Material and finish to brushed stainless steel. Located on rear area of body.	\$ 834.00
CONTROLS / SWITCHES	5100-0202	Carling rocker switches on pump panel IPO toggle switches.	\$ 465.00
CONTROLS / SWITCHES	5100-0203	Audible door ajar alarm and indicator light. Light and alarm to be mounted in drivers overhead panel, facing driver.	\$ 319.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CONTROLS / SWITCHES	5100-0204	Foot switch to control EQ2B located [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0205	Switch additional guarded toggle. Location and Function: inside drivers seat riser to act as an anti-theft switch. If the switch is activated, it will prevent the starting of the apparatus.	\$ 407.00
CONTROLS / SWITCHES	5100-0206	Foot switch Linemaster model TWIN 632-S to control [#COL] located [#LOC].	\$ 597.00
CONTROLS / SWITCHES	5100-0209	Hose Reel rewind switch located Outside of B1 on the rear facing body wall below the Ground ladder compartment. To the officers side of B1 compartment.	\$ 748.00
CONTROLS / SWITCHES	5100-0210	Switch additional 12 volt/15 amp toggle. Location and function: Under driver side cab, mounted to battery box for master battery override.	\$ 407.00
CONTROLS / SWITCHES	5100-0211	Bolt-in recessed box for body mounted switch. Material and finish to match surrounding body area. Located:[#LOC].	\$ 697.00
CONTROLS / SWITCHES	5100-0212	Switch, magnetic door ajar additional. Location: crosslay cover.	\$ 407.00
CONTROLS / SWITCHES	5100-0213	Switch circuit three way. Includes (1) additional switch. An additional switch required for more than two locations. Pump operators panel for Emergency Master.	\$ 407.00
CONTROLS / SWITCHES	5100-0214	Switch guard stainless steel "U" channel. Locate on pump operators panel air horn/evacuation alert push button switch.	\$ 127.00
CONTROLS / SWITCHES	5100-0216	Switch additional guarded toggle. Location and Function: Inside recessed portable tank control box on driver's side. Switch to control rear scene lights.	\$ 407.00
CONTROLS / SWITCHES	5100-0217	Pre-wire for a customer installed Opticom. Location to be specified by sales. Includes switch accessible to driver.	\$ 687.00
CONTROLS / SWITCHES	5100-0220	Switch additional Red guarded toggle . Location Driver's side rear dump switch	\$ 407.00
CONTROLS / SWITCHES	5100-0221	Push-button hose reel switch. Location on the officer side rear wall next to the tank level gauge.	\$ 407.00
CONTROLS / SWITCHES	5100-0222	Booster reel rewind switch. Switch guarded half moon. Location on rear wall officer side by tank level gauge	\$ 384.00
CONTROLS / SWITCHES	5100-0223	Switch, additional push button. Located rear facing on the driver side rear of cab to unlock the electric door locks. Includes white Kussmaul auto eject cover to conceal switch. See photo on file with sales for reference.	\$ 610.00
CONTROLS / SWITCHES	5100-0224	Switch, door ajar additional. Location: interior medical cabinet door.	\$ 407.00
CONTROLS / SWITCHES	5100-0225	Push-button hose reel switch. Location on the officer side rear	\$ 407.00
CONTROLS / SWITCHES	5100-0226	Bolt-in recessed box for rear body switch(es). Material and finish to match rear body panel. Located on rear area of body.	\$ 697.00
CONTROLS / SWITCHES	5100-0227	Master battery disconnect switch. Location: R1 adjacent to batteries. N/A for E-ONE cabs.	\$ 1,045.00
CONTROLS / SWITCHES	5100-0228	Switch, door ajar additional. Location: officer side pump access door.	\$ 407.00
CONTROLS / SWITCHES	5100-0229	Master battery disconnect switch. Location: inside commercial chassis cab as dictated by Engineering design.	\$ 961.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

CONTROLS / SWITCHES	5100-0230	Magnetic door ajar switch IPO std for cab medical / ALS compt doors.	\$ 422.00
CONTROLS / SWITCHES	5100-0232	Plunger door ajar switch IPO std for [#LOC] body compt door.	\$ 213.00
CONTROLS / SWITCHES	5100-0235	Maintenance switch to disconnect additional 12 volt junction block(s) in cab. Includes indicator on color multiplex display (when equipped) that switch is activated.	\$ 600.00
CONTROLS / SWITCHES	5100-0236	Proximity ajar switch IPO std for access ladder	\$ 669.00
CONTROLS / SWITCHES	5100-0237	Switch additional 12 volt/15 amp toggle. Location and function: Under officer side front seat, inside riser, to disable master battery switch.	\$ 407.00
CONTROLS / SWITCHES	5100-0238	Additional programming instructions: both front facing RED M6 headlight bezel lights be tied together on each side as 1 light and flash alternate of each other.	\$ 253.00
CONTROLS / SWITCHES	5100-0239	Pre-wire for customer installed equipment. Location to be specified by sales. Includes +12VDC signals for left turn signal, right turn signal, and park break activation.	\$ 687.00
CONTROLS / SWITCHES	5100-0240	Additional switches in driver side switch panel, in addition to vista screen operations. See specifications. Only available with a single vista display, and will require the display to be moved to the center cab dash panel (or the center engine cover on a pedestal if power windows are present).	\$ 5,511.00
CONTROLS / SWITCHES	5100-0241	Switch additional 12 volt/15 amp toggle. Location and function: behind driver seat, with fabricated lock out guard that is pad lockable, to disable the master battery switch.	\$ 566.00
CONTROLS / SWITCHES	5100-0242	A heavy duty stainless steel floor mounted foot switch shall be installed to control [#COL] located [#LOC].	\$ 505.00
CONTROLS / SWITCHES	5100-0243	Bolt-in recessed box with door for body mounted switch(es). Material and finish to match surrounding body area. Located:[#LOC].	\$ 834.00
CONTROLS / SWITCHES	5100-0245	Switch additional 12 volt/15 amp toggle. Location and function: L1 forward wall down low to disable master battery switch.	\$ 407.00
CONTROLS / SWITCHES	5100-0246	A switch plate for auxiliary lighting and/or other option controls shall be located [#LOC]. It shall accommodate up to a quantity of six (6) rocker switches.	\$ 407.00
CONTROLS / SWITCHES	5100-0249	Switch, ajar additional. Location: inside deck gun monitor remote cradle to indicate when controller is not in cradle. Tied to door ajar indicator system.	\$ 407.00
CONTROLS / SWITCHES	5100-0250	Red Switch Cover on engine brake on/off switch.	\$ 37.00
CONTROLS / SWITCHES	5100-0251	Red Switch Cover on engine brake Hi/Med/Low switch.	\$ 37.00
CONTROLS / SWITCHES	5100-0252	Switch, door ajar additional. Location: rearward door of body compartment double door. Quantity is each.	\$ 407.00
CONTROLS / SWITCHES	5100-0253	Switch additional toggle. Location and Function: Outside of beaver tail for portable tank/ladder rack on driver's side.	\$ 407.00
CONTROLS / SWITCHES	5100-0254	Push-button hose reel switch on 10' tether located [#LOC].	\$ 584.00
CONTROLS / SWITCHES	5100-0255	Push-button hose reel switch. Location:Officer side in rubrail.	\$ 407.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
CONTROLS / SWITCHES	5100-0256	Switch additional guarded toggle. Location and Function: Inside recessed portable tank control box on officer's side. Switch to control rear scene lights.	\$ 407.00
CONTROLS / SWITCHES	5100-0257	Ramsey control with 15' cord for 2 arm ladder rack in addition to standard. Red/Black weatherproof push buttons at end of cord. Includes master switch adjacent to control to activate control. Location to be as specified by sales.	\$ 751.00
CONTROLS / SWITCHES	5100-0258	Switch, additional 12 volt. Location and function: adjacent to transmission shift selector for throttle override. Allows foot throttle use during jet dump operations, includes applicable interlocks.	\$ 707.00
CONTROLS / SWITCHES	5100-0259	Pre-wire for a customer installed HRT system. Includes an HRT ENGAGE switch and an HRT HIGH IDLE switch, accessible to driver. Wire termination location to be specified by sales, terminate each wire with a 36 inch loop and LABEL each wire loop "HRT Engage" and "HRT High Idle" respectively. Includes required programming.	\$ 2,024.00
CONTROLS / SWITCHES	5100-0260	Switch additional toggle. Location and Function: officer's rear for portable tank/ladder rack.	\$ 407.00
CONTROLS / SWITCHES	5100-0261	Additional officer side overhead switches in addition to vista screen operations. See specifications.	\$ 5,191.00
CONTROLS / SWITCHES	5100-0262	A weatherproof 12 volt/15 amp rocker switch. Location and function: [#LOC]. Rocker color: [#COL].	\$ 407.00
CONTROLS / SWITCHES	5100-0264	Control push-button switch for [#COL]. Location [#LOC].	\$ 407.00
CONTROLS / SWITCHES	5100-0265	Bolt-in recessed box with door for body mounted switch(es). Material and finish to match surrounding body area. Located:[#LOC].	\$ 834.00
CONTROLS / SWITCHES	5100-0266	Switch, additional push button. Located [#LOC] to unlock the electric door locks. Includes [#COL] Kussmaul auto eject cover to conceal switch.	\$ 610.00
CONTROLS / SWITCHES	5100-0267	Switch electric pump shift, IPOS.	\$ 892.00
CONTROLS / SWITCHES	5100-0268	Additional officer side switches in addition to driver side for non chassis functions. See specifications.	\$ 5,191.00
CONTROLS / SWITCHES	5100-0269	Additional programming instructions for cab mounted dump and chute switches. Dump and chute to operate via one two-way momentary switch, up hold until chute extends and dump valve opens, down hold until dump valve closes and chute is fully retracted. Quantity is per dump/chute combination.	\$ 253.00
CONTROLS / SWITCHES	5100-0270	Switch, additional for Hazard (door ajar / Do Not Move Apparatus) light and alarm (as applicable) override shall be provided and located per dash layout. Switch to be momentary and disable function resets every time the parking brake is cycled. Option is only available on units equipped with a multiplex display.	\$ 647.00
COOLING PACKAGE	1800-0000	Cooling system for 2004 compliant engines, Typhoon only.	\$ 12,139.00
COOLING PACKAGE	1800-0001	Cooling for EGR engines. Includes charge air cooler.	\$ 12,586.00

COVERS	3305-0250	Diamond plate speedlay cover painted multi-tone gray finish. Includes fixed rear portion on rear of module (over backboard storage area, if applicable) and hold-open with grab handles on rearward area.	\$ 1,725.00
COVERS	3305-0252	(Obsolete) Nylon black cargo net hosebed cover with side bungee cords and attached rear flap(s). Rear Cover notched for hosebed storage compartment(s) and door(s) as required.	\$ 3,144.00
COVERS	3305-0253	One piece vinyl cover for top mount pump panel opening. Top of vinyl cover outboard corners to have twist locks with velcro around perimetier. Color to be [#COL].	\$ 1,645.00
COVERS	3305-0254	Wiring covers in roof top compartments.	\$ 690.00
COVERS	3305-0255	Diamonda plate battery box to protect batteries. Cover includes louvers. Locate in hosebed offset to officer side.	\$ 803.00
COVERS	3305-0256	Powered (2) piece aluminum hose bed cover. Includes center hose bed divider with notched rear, fill tower(s) access door(s) and handles (as applicable), (2) air operated actuators, (2) grab handles forward area of cover with (2) hand rails on rearward area of cover. Partition at front of hose bed to cover actuators (mounted forward and enclosed). Includes controls through VMUX system: (2) momentary controls - (1) left cover and (1) right cover and switches located on rear wall of L3. Removable safety chains to be provided. (2) Amdor Luma-Bar lights strips provided on the underside of each cover to illuminate the hose bed.	\$ 13,153.00
COVERS	3305-0257	(2) lift-up top hatch covers above the pump enclosure, non-skid aluminum treadplate with D-ring latches. Covers hinged outboard and latching in center area, full length and width of upper pump house area.	\$ 2,238.00
COVERS	3305-0258	Vinyl front cover for diamond plate cover on pre-connect tray. Color: [#COL]	\$ 196.00
COVERS	3305-0259	Nylon black cargo net at rear of diamond plate or vinyl hose bed cover(s) w/(2) aluminum quick release buckles per cover(s).	\$ 1,564.00
COVERS	3305-0260	**OBSOLETE USE 3305-0679** Nylon black cargo net end flaps w/(2) aluminum quick release buckles on each side for crosslay cover.	\$ 1,113.00
COVERS	3305-0261	Vinyl rear cover for diamond plate hose bed cover. End flaps to have nylon webbing straps with stainless steel spring buckles and footman loops to secure cover closed. Color: Black	\$ 982.00
COVERS	3305-0262	Hosebed cover aluminum (3) piece with recessed handles, SideStacker. Note: This option effects hose bed capacity.	\$ 5,613.00
COVERS	3305-0263	Removable diamond plate cover for the crosslay area. Includes applicable grab handles and aluminum fabricated brackets with safety pins for hold downs.	\$ 1,751.00
COVERS	3305-0264	Diamond plate cover for running board suction tray(s). Includes butterfly latches and gator grip. Includes cords to prevent covers from dropping to the ground when removed. Location(s): [#LOC].	\$ 825.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
COVERS	3305-0265	Vinyl rear cover for diamond plate hose bed cover. The top of the cover shall be mechanically attached to the rear hose bed cover extrusion with over lapping flaps in the center secured with velcro. The lower portion of the cover shall be secured in place with heavy duty nylon straps. The lower portion fasteners shall be mounted at pick up. Color: Red.	\$ 781.00
COVERS	3305-0267	(4) piece aluminum hose bed cover. Includes divider-less cross structure, fill tower(s) access door(s) and handles (as applicable), (4) 153 lb gas shocks, positive hold-opens/hold-closed at center and at the rear, (6) grab handles- (4) fwd cover and (2) fwd area of rear cover with (2) hand rails on rear cover. A landing platform (10" in depth, the width shall be sized and positioned as required with overall rear end configuration) with embossed diamond plate surface will be centrally located at the upper rear of the apparatus to assist with hose bed cover operations.	\$ 8,531.00
COVERS	3305-0268	Diamond plate cover for the dunnage pan area. Includes (2) butterfly latches to hold closed and (2) gas shocks as hold open device. Cover to hinge to the rear of dunnage pan and open a full 90 deg.	\$ 1,531.00
COVERS	3305-0269	Vinyl rear cover for hose chute(s). Color: [#COL].	\$ 407.00
COVERS	3305-0271	Nylon black cargo net end cover, for driver side upper outboard hose storage of the hosebed.	\$ 292.00
COVERS	3305-0272	Cargo Net Cover for for poly storage box in L4. Cargo netting will be 2"x2" squares.	\$ 1,634.00
COVERS	3305-0274	Vinyl black hose bed cover with attached rear flap, on one side only, to the top of the hose bed storage compartment.	\$ 1,711.00
COVERS	3305-0275	Diamond plate cover for running board suction tray(s). Includes lift & turn latches and stainless steel hinge. Location(s): [#LOC].	\$ 751.00
COVERS	3305-0276	Vinyl red crosslay cover top with attached nylon red cargo net on each side of cover.	\$ 1,150.00
COVERS	3305-0278	The hose bed center divider/support for the hosebed cover shall be offset to meet the hoseload and/or storage requirements.	\$ 340.00
COVERS	3305-0280	Nylon black strap with stainless steel quick-release buckle for hose tray. Location: to be mounted at final inspection. [#LOC].	\$ 236.00
COVERS	3305-0281	(4) piece aluminum hose bed cover. Includes center hose bed divider with notched rear, fill tower(s) access door(s) and handles (as applicable), (2) gas shocks, positive hold-opens/hold-closed at center and at the rear, (6) grab handles- (4) fwd cover and (2) fwd area of rear cover with (2) hand rails on rear cover. Requires an Intermediate rear step located at the upper rear of the apparatus to assist with hose bed cover operations.	\$ 6,131.00
COVERS	3305-0282	Vinyl black hose bed cover with nylon black strap with footman loops and Velcro closure to secure hosebed cover without rear flap(s). Requires rear cover option.	\$ 2,115.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
COVERS	3305-0283	Nylon black cargo net at rear of diamond plate or vinyl hosebed cover. Cover to have nylon black strap with footman loops and Velcro closure to secure hosebed end flap.	\$ 1,193.00
COVERS	3305-0284	Diamond plate hose bed deflector. Aluminum tread plate .25 in thick. Located at front of hosebed area with angled front edge. The NFPA hosebed light (as applicable) to be located on trailing edge and provisions added to secure hose bed vinyl cover along forward edge below deflector. Top of shield to extend upwards approx. 5 in. above hose bed top extrusion and approx. 10.5 in. rearward to trailing edge from front of body.	\$ 610.00
COVERS	3305-0285	Powered (2) piece aluminum hose bed cover with smooth bottom plate. Includes center hose bed divider with notched rear, fill tower(s) access door(s) and handles (as applicable), (2) electric actuators with limit switches, (2) grab handles forward area of cover with (2) handrails on rearward area of cover. Partition at front of hose bed to cover electric actuators (approx 6" loss in hosebed length). Includes control panel [#LOC] with (3) momentary switches: (1) master on/off, (1) left cover and (1) right cover. Access doors to be provided to easily disengage the T-Style securing pin to deploy the covers manually in case of power failure along with a hold open mechanism.	\$ 11,934.00
COVERS	3305-0286	Cover for side ladder tunnel forward end. Cover shall be fabricated from flat smooth plate aluminum and be easily removable for access to the forward end of the ladder tunnel for clean out. Usable only on body configurations where the ladders do NOT extend into pump module.	\$ 553.00
COVERS	3305-0287	(4) piece aluminum hosebed cover (flat profile with no pitch). Includes center hosebed divider with notched rear, fill tower(s) access door(s) and handles (as applicable), (2) gas shocks, positive hold-opens/hold-closed at center and at the rear, (6) grab handles- (4) fwd cover and (2) fwd area of rear cover. (2) handrails on back lip of hosebed cover due to overall height restriction. A landing platform (sized and positioned as required with overall rear end configuration) with embossed diamond plate surface will be centrally located at the upper rear of the apparatus to assist with hose bed cover operations.	\$ 8,988.00
COVERS	3305-0291	Nylon red cargo net on sides of speedlay.	\$ 605.00
COVERS	3305-0293	(2) piece aluminum smooth plate hose bed cover and painted black Durabak.. Includes dividerless cross structure, fill tower(s) access door(s) and handles (as applicable), (2) gas shocks, positive hold-opens/hold-closed at the rear, (2) grab handles (fwd) and (2) hand rails (rear).	\$ 10,462.00
COVERS	3305-0294	Vinyl red cover for fire extinguisher box. Cover to attach to the shelf lip with snaps. The lower corners to have bungee cords.	\$ 619.00

DIRECTIONAL LIGHT BARS	5310-0151	Sound Off mpower Traffic Controller - R/A/W 6 MOD, Tricolor LED (red, amber & white) with clear lenses - 39" long.	\$ 3,380.00
DIRECTIONAL LIGHT BARS	5310-0152	Light bar CODE 3 model XT447AS Arrowstik, 47" long. Mounted center rear body.	\$ 2,586.00
DIRECTIONAL LIGHT BARS	5310-0153	Directional light bar is to be located: rear of body, mounted to aerial turntable per sales approval drawing.	\$ 644.00
DIRECTIONAL LIGHT BARS	5310-0154	Whelen Traffic Advisor module for Whelen CenCom Core, model CTA. Requires Whelen CenCom Core system with Whelen CenCom core control head or multiplex display. Replaces specified directional bar controller called out in directional bar sales code if applicable.	\$ 996.00
DIRECTIONAL LIGHT BARS	5310-0155	Whelen split traffic advisor model TAM83S2 LED - (2) 14" long, with clear lenses. No control head; for use with Whelen CenCom Core CTA module. Requires multiplex display for controls.	\$ 3,159.00
DIRECTIONAL LIGHT BARS	5310-0156	Light bar Federal Signal MicroPulse Signal Master LED 32" with 6 lights.	\$ 3,243.00
DIRECTIONAL LIGHT BARS	5310-0157	Light bar Federal Signal MicroPulse Signal Master LED 44" with 8 lights.	\$ 3,671.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DIRECTIONAL LIGHT BARS	5310-0158	Light bar Federal Signal MicroPulse Signal Master LED 32" with 6 lights.The control shall be provided and install by the chassis supplier, Spartan.	\$ 2,936.00
DIRECTIONAL LIGHT BARS	5310-0160	Traffic advisor. Includes (6) Federal Signal MicroPulse model MPS31U-A amber LED individual lights with clear lenses and deluxe control head (331105-SB). Location: rear of body.	\$ 4,747.00
DIRECTIONAL LIGHT BARS	5310-0161	Sound Off mpower Traffic Controller - 6 MOD LED - 39" long. Location and color(s) (up to three) to be specified:	\$ 3,380.00
DISCHARGE OPTIONS	4000-0036	Stainless Steel Victaulic couplings for all discharge and intake plumbing.	\$ 8,297.00
DISCHARGE OPTIONS	4415-1515	Custom welded hard plumbing for front intake/discharge on commercial chassis	\$ 3,196.00
DISCHARGE OPTIONS	4417-0000	Ground Sweep Nozzle	\$ 2,997.00
DISCHARGE OPTIONS	4417-0001	Dual Ground Sweep Nozzles 50 GPM	\$ 3,182.00
DISCHARGE OPTIONS	4417-0002	Nozzles, undertruck, qty of three (3).	\$ 3,765.00
DISCHARGE OPTIONS	4417-0003	Undertruck nozzle qty of 4.	\$ 4,491.00
DISCHARGE OPTIONS	4417-0004	Hydraulic Actuator Power unit for actuating 7 to 12 valves	\$ 8,530.00
DISCHARGE OPTIONS	4417-0005	Hydraulic Actuator Power Unit for actuating up to 6 valves	\$ 4,962.00
DISCHARGE OPTIONS	4417-0019	Fire Shop Bezel Chrome - Side Discharge/Intake	\$ 198.00
DISCHARGE OPTIONS	4417-0020	Deck Gun Remote TFT 18" Extend-A-Gun, electric, 3" plumbing.	\$ 8,025.00
DISCHARGE OPTIONS	4417-0021	Deck Gun Remote TFT 18" Extend-A-Gun, electric, 4" plumbing.	\$ 9,151.00
DISCHARGE OPTIONS	4417-0022	Deluge aerial windows to include upper wiper system ARFF.	\$ 4,516.00
DISCHARGE OPTIONS	4417-0025	Valve, quarter turn bleeder installed on [#LOC].	\$ 262.00
DISCHARGE OPTIONS	4417-0026	Automatic drain valve. For: [#LOC].	\$ 173.00
DISCHARGE OPTIONS	4417-0030	Monitor Akron 3578 Electric 2000.	\$ 19,824.00
DISCHARGE OPTIONS	4417-0031	Monitor Akron 3570 Manual 2000	\$ 7,277.00
DISCHARGE OPTIONS	4417-0032	Monitor Scorpion wireless RF radio 2000 GPM	\$ 22,243.00
DISCHARGE OPTIONS	4417-0033	Windshield deluge system 12 volt electric pump ARFF.	\$ 2,731.00
DISCHARGE OPTIONS	4417-0034	Deck gun TFT 18" Extend-A-Gun, 3" manual operation.(outlet shall terminate with MNPT threads)	\$ 4,010.00
DISCHARGE OPTIONS	4417-0035	Deluge Aerial Windows ARFF 24 Volt to include Upper Wiper System	\$ 4,516.00
DISCHARGE OPTIONS	4417-0036	Windshield deluge system 24 volt electric pump ARFF.	\$ 2,731.00
DISCHARGE OPTIONS	4417-0039	Akron DeckMaster 3440 electric 1250 GPM monitor w/stow.	\$ 23,093.00
DISCHARGE OPTIONS	4417-0040	Akron 5177 Akromatic 2.5" master stream nozzle for an Akron 3440 DeckMaster monitor.	\$ 3,534.00
DISCHARGE OPTIONS	4417-0042	An Akron tether remote control kit with a 30`cable shall be provided for an Akron monitor. Plug for the remote control to be located: [#LOC].	\$ 2,248.00
DISCHARGE OPTIONS	4417-0043	Task Force Hurricane RC electric 1250 GPM monitor.	\$ 25,997.00
DISCHARGE OPTIONS	4417-0044	Task Force M-ERP-NJ 2.5" master stream electric nozzle for a Hurricane RC monitor.	\$ 3,910.00
DISCHARGE OPTIONS	4417-0045	Elkhart Stinger 8297-25 Manual 800gpm Monitor w/portable base and adapter to mount to deck gun discharge or extend-a-gun	\$ 6,448.00
DISCHARGE OPTIONS	4417-0047	Elkhart SM-1250E Select-O-Matic 2.5" electric nozzle.	\$ 4,883.00
DISCHARGE OPTIONS	4417-0048	Elkhart 8598 Electrically Actuated Extender.	\$ 5,845.00
DISCHARGE OPTIONS	4417-0049	Deluxe Deluge System covers the Windshield and the Side Fixed Jump Seat Windows, if optioned.	\$ 3,389.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGE OPTIONS	4417-0050	Deluxe Windshield Deluge System for Rear Fixed Jump Seat Windows on 24 volt units	\$ 3,389.00
DISCHARGE OPTIONS	4417-0051	Thread Type: All 1.5" discharges to be NPSH threads. All 2.5" inlets and discharges to be CSA (Ontario) threads as an integral part of the valve.	\$ 1,286.00
DISCHARGE OPTIONS	4417-0052	Extend Specified Hosebed Preconnect up to top of hosebed. Top of preconnect to be below top of hosebed. Location: [#LOC]	\$ 825.00
DISCHARGE OPTIONS	4417-0053	Extend Specified Hosebed Preconnect up 12" from the hosebed floor. Location: [#LOC]	\$ 825.00
DISCHARGE OPTIONS	4417-0056	Superior Style Cable Controls for 13 to 16 Discharges	\$ 4,509.00
DISCHARGE OPTIONS	4417-0057	Ferrell Compression Fittings for all Discharge and Intake Bleeder Lines	\$ 1,242.00
DISCHARGE OPTIONS	4417-0059	Extend Specified Hosebed Preconnect up to mid-point of hosebed. Center of preconnect to be approximately center of hosebed height. Location: [#LOC]	\$ 623.00
DISCHARGE OPTIONS	4417-0060	Driver and Officer side 2.5" discharge droops are to swivel.	\$ 605.00
DISCHARGE OPTIONS	4417-0061	All 2.5" discharge(s) to have a 2.5" Swivel FNST X 2.5 male New York Corp threads elbow adapter with cap.	\$ 407.00
DISCHARGE OPTIONS	4417-0062	***Class 1 Cable Style Controls for Top Mount Discharges and Intakes.	\$ 276.00
DISCHARGE OPTIONS	4417-0063	Class 1 air operated drains (upgrade) for all discharges and intakes. Includes switch on pump panel for each valve.	\$ 255.00
DISCHARGE OPTIONS	4417-0065	Akron dual electronic control for [#LOC] control panel shall be located in cab dash panel area within reach of driver, in addition to the pump panel control.	\$ 2,780.00
DISCHARGE OPTIONS	4417-0066	Regulate [#LOC] to 100 PSI or 7 Bar Nozzle pressure at the end of 100 foot length of 2.5 inch hose.	\$ 3,542.00
DISCHARGE OPTIONS	4417-0067	Monitor 4" TFT Monsoon Manual with TFT Master Stream 2000 gpm manual Nozzle.	\$ 12,966.00
DISCHARGE OPTIONS	4417-0068	TFT Tether Kit with 30' Cable for an TFT Monitor Location: [#LOC]	\$ 1,566.00
DISCHARGE OPTIONS	4417-0069	Lever controls for top mount.	\$ 3,458.00
DISCHARGE OPTIONS	4417-0070	Push-Pull "T" handle controls.	\$ 3,458.00
DISCHARGE OPTIONS	4417-0072	Chrome discharge elbow 2.5"FNST x 2.5"MNST 30 Deg with 2.5" x 1.5" reducer adapter with 1.5" cap. [#LOC]	\$ 362.00
DISCHARGE OPTIONS	4417-0073	Deck gun TFT 12" Extend-A-Gun, 3" manual operation.(outlet shall terminate with MNPT threads)	\$ 4,010.00
DISCHARGE OPTIONS	4417-0075	Monitor 4" TFT Monsoon Electric with TFT M-ERP2000NN 2000 gpm electric Nozzle. Includes panel mount and hand held Remote.	\$ 29,274.00
DISCHARGE OPTIONS	4417-0077	Adapter 3"FNST x 3.5" MNST with Cap.	\$ 489.00
DISCHARGE OPTIONS	4417-0078	Thread Type: All 1.5" discharges to be NPSH threads. All 2.5" inlets and discharges to be (Western Canada Fire Underwriters Association) threads as an integral part of the valve.	\$ 1,669.00
DISCHARGE OPTIONS	4417-0080	All 1.5" Threads to be IPT threads	\$ 147.00
DISCHARGE OPTIONS	4417-0081	Vented caps and plugs for all discharges/intakes.	\$ 1,180.00
DISCHARGE OPTIONS	4417-0082	Deck Gun TFT Remote 12" Extend-A-Gun 3" Plumbing.	\$ 8,025.00
DISCHARGE OPTIONS	4417-0083	Elkhart 8297F Stinger RF Monitor with Panel Mounted and Hand-Held Remote Controls w/adapter to mount to deck gun discharge or extender	\$ 18,291.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGE OPTIONS	4417-0084	Task Force M-ERP-NJ 2.5" Masterstream Electric Nozzle for a Hurricane RC Monitor	\$ 3,910.00
DISCHARGE OPTIONS	4417-0085	Thread Type: All 1.5" discharges to be NPSH threads.	\$ 649.00
DISCHARGE OPTIONS	4417-0086	Task Force Typhoon RC Electric Monitor with 1500gpm nozzle. Include Radio Remote Control	\$ 27,402.00
DISCHARGE OPTIONS	4417-0088	Bleeder drain valve plumbed to: [#LOC].	\$ 244.00
DISCHARGE OPTIONS	4417-0090	Additional control for deck gun electric valve locate adjacent to the discharge outlet.	\$ 3,480.00
DISCHARGE OPTIONS	4417-0091	Deluge aerial windows, excludes wiper system ARFF.	\$ 3,189.00
DISCHARGE OPTIONS	4417-0092	Task Force Typhoon RC Electric Monitor without nozzle. Include Radio Remote Control (Require Nozzle)	\$ 21,995.00
DISCHARGE OPTIONS	4417-0093	Akron FireFox remote control monitor. Located above pump area with joystick controller at cab console. For use with AP or MBP pumps.	\$ 19,038.00
DISCHARGE OPTIONS	4417-0094	Akron FireFox remote control monitor. Located above pump area with joystick controller at cab console. For use with DSD pump.	\$ 17,542.00
DISCHARGE OPTIONS	4417-0095	Monitor and Reel kit. Includes (1) Akron FireFox remote control monitor. Located above pump area with joystick controller at cab console and (1) Booster Reel with a capacity for 200' of 1" (not included). Includes aluminum plate enclosure with easily accessible rewind switch, rollers and air blow-out. Locate officer side lower pump area. For use with AP or MBP pumps.	\$ 23,951.00
DISCHARGE OPTIONS	4417-0096	Monitor and Reel kit. Includes (1) Akron FireFox remote control monitor. Located above pump area with joystick controller at cab console and (1) Booster Reel with a capacity for 200' of 1" (not included). Includes aluminum plate enclosure with easily accessible rewind switch, rollers and air blow-out. Locate officer side lower pump area. For use with DSD pump.	\$ 23,951.00
DISCHARGE OPTIONS	4417-0102	Akron DeckMaster 3440 Electric 1250gpm Monitor w/Stow. With 30' Tether controller located in pump panel operator compartment.	\$ 24,296.00
DISCHARGE OPTIONS	4417-0107	INLET/OUTLET CONNECTION INDICATOR SYSTEM Each inlet and outlet shall be provided with an adjacent green LED pilot light and weatherproof switch with guard, the switch shall be activated when a connection to the inlet or outlet has been made to notify the pump operator the connection is complete.	\$ 247.00
DISCHARGE OPTIONS	4417-0109	Top mount lever controls. Includes swing style control handles and cable actuator system. For use with Industrial TM with 8FG pump application.	\$ 3,458.00
DISCHARGE OPTIONS	4417-0115	Monitor 4" TFT Monsoon Electric with hand held Remote. Require Nozzle	\$ 25,292.00
DISCHARGE OPTIONS	4417-0116	Task Force 3.5" Masterstream Electric 2000gpm Nozzle.	\$ 4,934.00
DISCHARGE OPTIONS	4417-0118	Discharge Elbow 3" 45Deg 3"FNPT X 2.5"MNST with cap. Location on rear discharge IPOS.	\$ 393.00
DISCHARGE OPTIONS	4417-0119	Task Force Hurricane RC Electric Monitor with a Master Stream 1250 GPM nozzle. Includes wireless Radio Remote Control.	\$ 24,335.00
DISCHARGE OPTIONS	4417-0120	Adapter Chrome Reducer 2.5"FNST x 1.5"MNST w/Cap. [#LOC].	\$ 198.00
DISCHARGE OPTIONS	4417-0124	Akron 3406 Electric 12" Riser with 3" waterway.	\$ 7,022.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGE OPTIONS	4417-0125	Deck gun TFT 18" Extend-A-Gun, 3". (MODEL XG18VL-XL) for TFT monitor.	\$ 4,010.00
DISCHARGE OPTIONS	4417-0127	Chrome discharge elbow 3"FNST x 2.5"MNST 30 Deg [#LOC].	\$ 520.00
DISCHARGE OPTIONS	4417-0129	Left side 2.5" pump panel discharges on Waterous pump to be side by side. For use with Side Mount Pump Module.	\$ 1,634.00
DISCHARGE OPTIONS	4417-0130	Task Force Tip Hurricane XFI-PLNJ Manual Monitor with MST-4NJ-2.5"NH Quad Stack Tips and M-R1000-NJ Automatic Nozzle.	\$ 7,377.00
DISCHARGE OPTIONS	4417-0135	Addition Automatic drain valve. For: front bumper discharge. Location under front bumper at lowest point.	\$ 173.00
DISCHARGE OPTIONS	4417-0138	Officer side pump panel shall have polished stainless steel split escutcheon plates mounted in place for each discharge/intake. The escutcheon plates will be fastened in place to allow quick disassembly to permit the hinge to operate.	\$ 493.00
DISCHARGE OPTIONS	4417-0140	Crosslay 1 valve control to be electric 9313 controller.	\$ 3,720.00
DISCHARGE OPTIONS	4417-0141	Williams 2X6 Ambassador Hydro Foam Radio Remote Controlled Monitor. (To be Painted Body Color)	\$ 144,808.00
DISCHARGE OPTIONS	4417-0143	Lever controls to be Innovative Controls T-handle Top Mmount Valve Controls.	\$ 91.00
DISCHARGE OPTIONS	4417-0144	Akron FireFox 500gpm 12v monitor Model# 3463 w/12v High Flow fixed Nozzle (350-500gpm). Includes pump panel flush mounted control on operator panel. Locate monitor: Above L1 offset forward.	\$ 17,193.00
DISCHARGE OPTIONS	4417-0145	Akron FireFox 500gpm 12v monitor Model# 3463 w/12v High Flow fixed Nozzle (350-500gpm). Includes pump panel flush mounted control on officer side panel. Locate monitor: Above R1 offset forward.	\$ 17,193.00
DISCHARGE OPTIONS	4417-0147	Special piping run for 2.5" bumper discharge. Run piping thru back wall of center tray down low offset to officer side (approximately 1" clearance between pipe and officer side tray wall), run piping into tray approx halfway then 90 degrees up to top of gravel shield.	\$ 381.00
DISCHARGE OPTIONS	4417-0149	Akron DeckMaster 3440 electric 1250 GPM monitor w/stow package. Include 1577 SaberMaster 2.5" Nozzle, and 3600 Wireless Remote Control. (DND OF CANADA)	\$ 28,801.00
DISCHARGE OPTIONS	4417-0150	Manual override access hole to be supplied in officer's side pump panel to access the override on the 4" discharge .Wrench required for manual override shall be located in vicinity of access panel.	\$ 177.00
DISCHARGE OPTIONS	4417-0152	All Akron discharge valves 3.5" and below, and 2.5" intakes shall have Akron 8900 series valves with Fusion CF Composite ball.	\$ 424.00
DISCHARGE OPTIONS	4417-0153	Elkhart Cobra EXM monitor with panel mounted and hand-held remote controls w/adaptor to mount to deck gun discharge or extender. Include SM-1250E nozzle and EXM stow module.	\$ 22,374.00
DISCHARGE OPTIONS	4417-0154	Additional electric controller for discharge electric valve locate adjacent to the outlet. Locate.[#LOC].	\$ 3,480.00
DISCHARGE OPTIONS	4417-0155	Discharge Outlet on left and right pump panel shall be space apart approximately same as standard Qmax.	\$ 1,044.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGE OPTIONS	4417-0158	Deck Gun Discharge piping shall be extended flush with top of booster reels.	\$ 529.00
DISCHARGE OPTIONS	4417-0159	Monitor Scorpion 8294-02 Monitor w/2000 GPM Nozzle, and ST-195 stacked tips (tips shipped loose).	\$ 18,322.00
DISCHARGE OPTIONS	4417-0160	Thread Type: All 1.5" discharges to be NEW CHICAGO FD 1.933 x 11 1/2 threads per inch. All 2.5" inlets and intake releif valve dump pipe to be 2.99 x 7 1/2 NEW CHICAGO FD threads per inch.	\$ 1,082.00
DISCHARGE OPTIONS	4417-0162	Akron DeckMaster 3440 UII CAN electric 1250 GPM monitor w/stow. Require nozzle.	\$ 23,093.00
DISCHARGE OPTIONS	4417-0163	Additional control for deck gun valve handwheel control locate adjacent to discharge outlet. Hand wheel to be extended to top of pan.	\$ 2,892.00
DISCHARGE OPTIONS	4417-0164	Deck Gun Discharge Piping. The deck gun discharge piping shall terminate 11" above storage pan floor with a 4 bolt flange. (NOT TO AFFECT OAH W/8297 MONITOR)	\$ 337.00
DISCHARGE OPTIONS	4417-0165	Elkhart 8500 Vulcan Monitor Hand Wheel Control.	\$ 4,750.00
DISCHARGE OPTIONS	4417-0166	Monitor 3" TFT Monsoon Electric with TFT Master Stream 1500 gpm electric Nozzle. Include panel mount and hand held Remote.	\$ 22,941.00
DISCHARGE OPTIONS	4417-0171	Deck Gun Pipe. The piping for the deck gun shall terminate with a 4 bolt flange.	\$ 337.00
DISCHARGE OPTIONS	4417-0173	Undertruck rear spray bar and spray nozzle. One nozzle each end of spray bar with Elect/Air actuated valves.	\$ 6,683.00
DISCHARGE OPTIONS	4417-0174	CAFS Compressor "auto on".	\$ 284.00
DISCHARGE OPTIONS	4417-0178	Task Force Tip Hurricane Manual Monitor XFIH-D61A, female NPT thread for use with Manual Extend-a-gun.	\$ 3,158.00
DISCHARGE OPTIONS	4417-0179	Task Force 2.5 Master Stream 1250 Series M-R1250-NJ Manual Nozzle	\$ 2,780.00
DISCHARGE OPTIONS	4417-0180	Task Force Tip Hurricane XFIH- Manual Monitor with MST-4NJ-2.5"NH Quad Stack Tips and M-R1250-NJ Automatic Nozzle.	\$ 7,377.00
DISCHARGE OPTIONS	4417-0182	TM Valve controls to be Innovative Controls T-handles with grip activated lock.	\$ 98.00
DISCHARGE OPTIONS	4417-0183	Monitor Scorpion 8294-02 Monitor w/2000gpm Nozzle.	\$ 17,908.00
DISCHARGE OPTIONS	4417-0184	TM Valve controls to be Innovative Controls T-handles with grip activated lock and cable actuators.	\$ 340.00
DISCHARGE OPTIONS	4417-0185	Innovative Controls discharge and intake bezels with integral color code and verbiage for side mount pump panel.	\$ 982.00
DISCHARGE OPTIONS	4417-0186	Innovative Controls discharge and intake bezels with color code and verbiage for top mount pump panel.	\$ 635.00
DISCHARGE OPTIONS	4417-0187	Monitor Apollo Akron 3426 w/ Akron Nozzle 5160	\$ 4,732.00
DISCHARGE OPTIONS	4417-0188	TM Valve controls to be Innovative Controls Twist-Lock handles.	\$ 98.00
DISCHARGE OPTIONS	4417-0189	Deck gun TFT 12" Extend-A-Gun, 3". With XL connection for a TFT monitor.	\$ 4,010.00
DISCHARGE OPTIONS	4417-0190	TM Valve controls to be Innovative Controls Twist-Lock handles with cable actuators.	\$ 340.00
DISCHARGE OPTIONS	4417-0191	Ground Sweep Nozzle 20gpm. One each side under the front bumper with quick disconnect. Includes individual valve control for each.	\$ 3,802.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGE OPTIONS	4417-0192	Innovative Controls discharge and intake bezels with integral color code and verbiage for rear mount pump panel.	\$ 677.00
DISCHARGE OPTIONS	4417-0193	Extend Driver Hosebed preconnect up 16" from hosebed floor.	\$ 825.00
DISCHARGE OPTIONS	4417-0196	Task Force Tip Hurricane XFIH-DL1A Manual Monitor with MST-4NJ-2.5"NH Quad Stack Tips and M-R1250-NJ Automatic Nozzle.	\$ 7,984.00
DISCHARGE OPTIONS	4417-0197	The crosslay preconnects shall be mounted vertical approximately 1" below the top of the pump module xlay when installed. Preconnect #1 will deploy off driver side officer side block off, and preconnect #2 will deploy off officer side and driver side block off. Both crosslay to terminate with fixed 90 degree elbow. Plumbing shall enter the front crosslay from the bottom toward the rear wall leaving enough room to attach hose with a glove hand. Plumbing shall enter the rear crosslay from the bottom toward the front wall leaving enough room to attach hose with a glove hand.	\$ 244.00
DISCHARGE OPTIONS	4417-0200	Chrome discharge elbow 3"FNST x 2.5"MNST 45 Deg with cap.	\$ 495.00
DISCHARGE OPTIONS	4417-0201	Undertruck nozzle qty of 5.	\$ 4,946.00
DISCHARGE OPTIONS	4417-0203	Innovative Controls discharge and intake bezels with integral color code and verbiage for AP50/MBP pump.	\$ 251.00
DISCHARGE OPTIONS	4417-0204	Trident Hand Wheel Control 4".(In place of standard push/pull rod): Location [#LOC].	\$ 2,037.00

DISCHARGE OPTIONS	4417-0235	Akron DeckMaster 3440 UII CAN electric 1250 GPM monitor w/stow. 1577 SaberMaste 1250gpm nozzle.	\$ 27,957.00
DISCHARGE OPTIONS	4417-0237	Ground Sweep Nozzle qty of (6). Piping shall consist of 1" heavy duty hydraulic hose connected to an in-line valve and shall be individually controlled from the inside of the cab. The nozzles shall be located two under front bumper one each side, two under rear bumper one each side, and two mid-ship one each side.	\$ 10,387.00
DISCHARGE OPTIONS	4417-0238	Trident 6" Hand Wheel Control.(In place of standard push/pull rod.): Location [#LOC].	\$ 2,410.00
DISCHARGE OPTIONS	4417-0239	Rack, and Sector Actuator Control.(In place of standard.): Location right side 2.5" discharge, and left front hosebed.	\$ 529.00
DISCHARGE OPTIONS	4417-0240	Task Force Tip Hurricane XFIE-FLNJ Manual Monitor with MST-4NJ-2.5" NH and M-R1250-NJ Automatic Nozzle.	\$ 6,626.00
DISCHARGE OPTIONS	4417-0241	Akron Apollo (3431) High Rise Monitor. Include lift off, and direct mount only. Include Hi-Riser direct mount base.	\$ 7,668.00
DISCHARGE OPTIONS	4417-0242	Trident 3/4" bleeder/drain valve include 1/4 turn rectangular chrome plated brass handle.	\$ 52.00
DISCHARGE OPTIONS	4417-0243	Monitor Akron 3482 Electric with a 5177 1250gpm nozzle. Include panel mount control and manual overrides.	\$ 18,976.00
DISCHARGE OPTIONS	4417-0244	Ferrell Compression Fittings to be use on all plumbing plastic tubing.	\$ 1,242.00
DISCHARGE OPTIONS	4417-0245	Elkhart 8298F Manual Stinger Monitor with Stream Shaper, Stacked Tips, LDH/5" Storz Inlet Base and truck mount adapter to attach to deck gun discharge.	\$ 8,030.00
DISCHARGE OPTIONS	4417-0250	Electric valve controls shall be through the UltraView display located at the pump panel operator/officer side in addition to standard controllers.	\$ 3,168.00
DISCHARGE OPTIONS	4417-0252	Additional electric controller for waterway discharge. Location turntable.	\$ 3,480.00
DISCHARGE OPTIONS	4417-0253	Trident 3/4" bleeder/drain valve include 1/4 turn Lift lever.	\$ 52.00
DISCHARGE OPTIONS	4417-0254	Innovative Controls push/pull valve controls with locking T handles for discharge 1&2..	\$ 144.00
DISCHARGE OPTIONS	4417-0255	Top mount hand wheel control rod modifications shall be provided. Installation includes angled gear boxes, brackets and rod supports required to transition from the control panel to the valve. Price each per valve control.	\$ 495.00
DISCHARGE OPTIONS	4417-0256	Monitor Akron 3482 Electric with a 1577 1250gpm nozzle. Include panel mount control.	\$ 20,164.00
DISCHARGE OPTIONS	4417-0257	Elkhart 7051 Monitor Position Display. Location pump operated panel.	\$ 1,696.00
DISCHARGE OPTIONS	4417-0258	Elkhart 7083 Light Kit with light control module and light bar.	\$ 5,137.00
DISCHARGE OPTIONS	4417-0259	Rack, and Sector Actuator Control.(In place of standard.): Location left side 2.5" discharges.	\$ 529.00

DISCHARGE OPTIONS	4417-0324	Akron 9335 Navigator Pro 2 electric valve controller with full color LCD display. Includes flow and pressure reading. Locate on pump operator panel to control [#LOC].	\$ 4,264.00
DISCHARGE OPTIONS	4417-0325	Akron 9327 Navigator Pro Mini electric valve controller. Locate on pump operator panel to control [#LOC].	\$ 1,308.00
DISCHARGE OPTIONS	4417-0330	Williams Hydro-Chem 1 X 3 Ranger 3 Plus Monitor Electric.	\$ 108,037.00
DISCHARGE OPTIONS	4417-0331	Additional Deck Gun 3" Manual Valve. Location: At top of deck gun plumbing.	\$ 2,448.00
DISCHARGE OPTIONS	4417-0332	Additional 9333 electric controller located adjacent to the outlet. Locate.[#LOC].	\$ 3,480.00
DISCHARGE OPTIONS	4417-0334	Extend Officer Hosebed preconnect up 16" from hosebed floor.	\$ 825.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGE OPTIONS	4417-0335	SAM control system (UV1100) primary controller, and secondary (1100) controller location as specified per customer. Includes pump panel mounted display, pressure governor, three anodes, four speakers (two each side of module) and push-button switch at each master intake. For use with Hale QMAX, QMAX-XS and DSD pumps with G gearbox. Requires Hale SPV primer, Akron electric valves for tank fill, tank to pump, all intakes and discharges including booster reels, Hale Electric MIV on both 6" steamer intakes (and front / rear intakes if equipped) and Class 1 ITL-40 for tank level indicator. Requires Hale SmartFoam foam system if applicable. Also requires pressure sensors for all discharges added separately.	\$ 59,332.00
DISCHARGE OPTIONS	4417-0336	Additional SAM control panel mounted display. To be used in conjunction with SAM control system and primary pump panel mounted display.	\$ 13,644.00
DISCHARGE OPTIONS	4417-0337	SAM control wireless display. Includes router and antenna. To be used in conjunction with SAM control system and primary pump panel mounted display.	\$ 31,088.00
DISCHARGE OPTIONS	4417-0338	Class 1 Swift Valve handle controls. Location Discharge 1 & 2 and intake.	\$ 196.00
DISCHARGE OPTIONS	4417-0340	Pressure sensors to be installed on all discharges controlled by the SAM control system. Item is priced per Discharge .	\$ 705.00
DISCHARGE OPTIONS	4417-0341	Valve, quarter turn bleeder	\$ 262.00
DISCHARGE OPTIONS	4417-0342	Deck Gun Discharge piping to route through top mount enclosure reward of the gauge panel and forward of the crosslays. Deck gun piping to extend up 4" above the console module and terminate with a 4-bolt flange. SS product only.	\$ 910.00
DISCHARGE OPTIONS	4417-0343	Custom stainless steel discharge manifold for additional non-standard options.	\$ 821.00
DISCHARGE OPTIONS	4417-0348	Task Force Tip Hurricane XFI-PLNJ Manual Monitor with MST-4NJ-2.5"NH Quad Stack Tips and XF-SS10 stream straightener.	\$ 3,972.00
DISCHARGE OPTIONS	4417-0349	TM/SM Valve controls to be Innovative Controls Pistol Grip-handles with cable actuators.	\$ 728.00
DISCHARGE OPTIONS	4417-0355	Trident 3/4" bleeder/drain valve include 1/4 turn Lift lever.. Location Front, and Rear Intake.	\$ 102.00
DISCHARGE OPTIONS	4417-0357	Elkhart Apex 300 electric valve controller with full color LCD display. Includes flow and pressure reading. Locate on pump operator panel to control [#LOC].	\$ 4,146.00
DISCHARGE OPTIONS	4417-0359	Thread Type: All 1.5" discharges to be NST threads. All 2.5" inlets and discharges to be (Louisville 3.125x6 threads) threads as an integral part of the valve. Requires NFPA Waiver signed for Testing purposes and adaptors added in loose equipment for testing .adapters are 7200-0138 & 7200-0139	\$ 1,937.00
DISCHARGE OPTIONS	4417-0360	Extend Electric Valve Grease Zerk fitting to right side behind right side pump Panel.	\$ 1,022.00
DISCHARGE OPTIONS	4417-0361	Extend Electric Valve Grease Zerk fitting on right side pump Panel. Connected to both MIV , LDH , Waterway , waterway shut off	\$ 1,556.00

DISCHARGE OPTIONS	4417-0452	Addition Akron 9335 Navigator Pro 2 electric valve controller with full color LCD display. Includes flow and pressure reading. Locate adjacent to the discharge outlet.[#LOC].	\$ 4,264.00
DISCHARGE OPTIONS	4417-0453	The hosebed preconnect shall be extended to the rear of the hosebed area. End of pipe with adapter and cap installed shall be flush with the end of the hosebed and shall not protrude past the rear of the body. A protective cover with slots for ventilation shall be provided to protect the preconnect piping and the hose stored in the area. (EA)	\$ 825.00
DISCHARGE OPTIONS	4417-0454	Elkhart Cobra EXM monitor with panel mounted and hand-held remote controls w/adapter to mount to deck gun discharge or extender. Include SM-1500E nozzle and EXM stow module.	\$ 22,374.00
DISCHARGE OPTIONS	4417-0456	Pressure sensors, and Flow meter to be installed on all discharges controlled by the SAM control system. Item is priced per Discharge .	\$ 3,755.00
DISCHARGE OPTIONS	4417-0457	Monitor Akron 3580 Electric monitor with 5088 electric nozzle. Include a panel mount control.	\$ 103,559.00
DISCHARGE OPTIONS	4417-0458	Each discharge outlet shall be provided with an adjacent green LED pilot light at discharge control and weatherproof switch with guard adjacent to the outlet, the switch shall be activated when a connection to the outlet has been made to notify the pump operator the connection is complete.	\$ 570.00
DISCHARGE OPTIONS	4417-0459	Monitor 3" TFT Monsoon Electric with TFT Master Stream 1500 gpm electric Nozzle.	\$ 22,641.00
DISCHARGE OPTIONS	4417-0460	TFT tether receptacle kit for TFT Monitor Location: [#LOC]	\$ 892.00
DISCHARGE OPTIONS	4417-0461	Addition Elkhart Extender controller located adjacent to the deck gun discharge outlet.	\$ 3,233.00
DISCHARGE OPTIONS	4417-0462	Waterous High Rise pump discharge plumbing to be high pressure fitting and hoses. Piping to be schedule 40.	\$ 902.00
DISCHARGE OPTIONS	4417-0463	Adapter Reducer 2.5"FNST x 1.5"MNST w/Cap. [#LOC].	\$ 198.00
DISCHARGE OPTIONS	4432-0000	Ranger 1.0 Hydro-Foam Electirc Nozzle	\$ 7,961.00
DISCHARGE OPTIONS	4432-0001	Akron 5178 Electric 2000 GPM Nozzle.	\$ 4,608.00
DISCHARGE OPTIONS	4432-0004	Ranger 1.5 Hydro Chem Electric Nozzle	\$ 6,777.00
DISCHARGE OPTIONS	4432-0068	Ranger 2.0 Hydro Chem Electric Nozzle	\$ 7,251.00
DISCHARGE OPTIONS	4432-0069	Monitor/Noz 1x4 Hydro Foam 1-3%. Paint Monitor: [#COL]	\$ 164,547.00
DISCHARGE OPTIONS	4432-0244	Akron AkroFoam 4480 pyrolite master stream electric nozzle with pickup, and metering head.	\$ 7,439.00
DISCHARGE OPTIONS	6300-0170	Thread Type: All 1.5" discharges to be NPSH threads. All 2.5"inlets and discharges to be AMA (Alberta Mutual Aid) threads as an integral part of the VUM valve.	\$ 845.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

DISCHARGES AND PRECONNECT	4415-0637	Second Left Front Hosebed Discharge 3" w/ 3" Elkhart Unibody Manual Valve and shall terminate with a 3"FNPT X 2.5"MNST adapter.	\$ 4,710.00
DISCHARGES AND PRECONNECT	4415-0638	Second Right Front Hosebed Discharge 2.5" w/3" Elkhart Unibody Manual Valve and shall terminate with a 3"FNPT X 2.5"MNST adapter.	\$ 4,710.00
DISCHARGES AND PRECONNECT	4415-0639	2.5" Left Rear Rearmount Discharge Akron Manual Valve	\$ 3,066.00
DISCHARGES AND PRECONNECT	4415-0640	1.5" Crosslay with Akron Manual Valve for Rear Mount	\$ 2,184.00
DISCHARGES AND PRECONNECT	4415-0642	2.5" rear preconnect with crosslay style swivel. For use with rear mount pump application. Includes Akron manual valve with controller located on pump operator panel. Locate: [#LOC].	\$ 4,099.00
DISCHARGES AND PRECONNECT	4415-0643	1.5" Rear Right Side Preconnect Akron Manual Valve for Rear Mount	\$ 3,800.00
DISCHARGES AND PRECONNECT	4415-0644	2.5" Rear Officer's Side Preconnect Akron Manual Valve for Rear Mount	\$ 4,211.00
DISCHARGES AND PRECONNECT	4415-0645	1.5" rear preconnect with crosslay style swivel. For use with rear mount pump application. Includes Akron manual valve with controller located on pump operator panel. Locate: [#LOC].	\$ 3,657.00
DISCHARGES AND PRECONNECT	4415-0646	1.5" speedlay preconnect with swivel. For use with rear mount pump application. Includes Akron manual valve with controller located on pump operator panel. Locate [#LOC]	\$ 4,371.00
DISCHARGES AND PRECONNECT	4415-0648	2.5" speedlay preconnect with swivel. For use with rear mount pump application. Includes Akron manual valve with controller located on pump operator panel. Locate [#LOC]	\$ 4,836.00
DISCHARGES AND PRECONNECT	4415-0650	Triple speedlay with (2) 1.5" in upper area, and (1) 2.5" in lower storage area. All with Akron manual valves.	\$ 6,931.00
DISCHARGES AND PRECONNECT	4415-0652	1.5" Preconnect with manual Akron Valve. Position lower rear wall offset rearward and approximately 7" off floor to bottom of line. Position swivel to rotate vertically. Locate [#LOC]	\$ 3,141.00
DISCHARGES AND PRECONNECT	4415-0653	1.5" double pre-connect. Includes Akron manual 2" valves with controls located in body compartment on pump operator panel.	\$ 3,865.00
DISCHARGES AND PRECONNECT	4415-0654	2.5" Discharge with droop. Located at discharge #1 driver side and includes Akron electric valve with controller located on pump operators panel.	\$ 4,989.00
DISCHARGES AND PRECONNECT	4415-0655	2.5" Discharge with droop. Located at discharge #2 driver side and includes Akron electric valve with controller located on pump operators panel.	\$ 4,989.00
DISCHARGES AND PRECONNECT	4415-0658	2.5" Driver rear discharge with cap and NFPA retainer. Includes Akron manual valve with controller located in body compartment on pump operator panel.	\$ 3,372.00
DISCHARGES AND PRECONNECT	4415-0664	Front bumper 1.5" pre-connect with manual valve. Locate pre-connect in front bumper tray down low on rear wall. Includes air-blow out and bleeder valve.	\$ 8,669.00
DISCHARGES AND PRECONNECT	4415-0671	1.5" double speedlays with Akron manual valves. Each outlet connection shall terminate externally (no swivels) on the side of the module just below the speedlay.	\$ 3,831.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-0672	1.5" Triple Speedlay with Akron Manual Valve. Each outlet connection shall terminate externally (no swivels) on the side of the module just below the speedlay.	\$ 6,003.00
DISCHARGES AND PRECONNECT	4415-0673	Triple Speedlay (2) 1.5" and (1) 2.5" with Akron Manual Valve. Each outlet connection shall terminate externally (no swivels) on the side of the module just below the speedlay.	\$ 8,564.00
DISCHARGES AND PRECONNECT	4415-0674	1.5" Double Speedlay with Elkhart Manual Valves. Each outlet connection shall terminate externally (no swivels) on the side of the module just below the speedlay.	\$ 4,147.00
DISCHARGES AND PRECONNECT	4415-0675	1.5" Triple Speedlay Elkhart Manual Valves. Each outlet connection shall terminate externally (no swivels) on the side of the module just below the speedlay.	\$ 6,479.00
DISCHARGES AND PRECONNECT	4415-0676	Triple Speedlay (2) 1.5" and (1) 2.5" with Elkhart Manual Valves. Each outlet connection shall terminate externally (no swivels) on the side of the module just below the speedlay. Speedlay 1- 1.5" & 3 - 2.5" on the driver side ; Speedlay 2 -1.5" Officer side	\$ 9,765.00
DISCHARGES AND PRECONNECT	4415-0677	1.5" Front Bumper Discharge Akron Electric Valve. For use with rear mount pump. Includes air blow-out with control on pump operator panel.	\$ 4,934.00
DISCHARGES AND PRECONNECT	4415-0678	1.5" front bumper discharge with Akron manual valve. For use with rear mount pump. Includes air blow-out with control on pump operator panel.	\$ 3,026.00
DISCHARGES AND PRECONNECT	4415-0679	1.5" front bumper discharge with Elkhart unibody manual valve. For use with rear mount pump. Includes air blow-out with control on pump operator panel.	\$ 2,889.00
DISCHARGES AND PRECONNECT	4415-0680	1.5" front bumper discharge with Elkhart unibody electric valve. For use with rear mount pump. Includes air blow-out with control on pump operator panel.	\$ 4,934.00
DISCHARGES AND PRECONNECT	4415-0681	2.5" front bumper discharge with Akron manual valve. For use with rear mount pump. Includes air blow-out with control on pump operator panel.	\$ 3,571.00
DISCHARGES AND PRECONNECT	4415-0682	2.5" front bumper discharge with Elkhart unibody manual valve. For use with rear mount pump. Includes air blow-out with control on pump operator panel.	\$ 3,571.00
DISCHARGES AND PRECONNECT	4415-0683	2.5" Front Bumper Discharge Akron Electric Valve. For use with rear mount pump. Includes air blow-out with control on pump operator panel.	\$ 5,872.00
DISCHARGES AND PRECONNECT	4415-0684	2.5" front bumper discharge with Elkhart unibody electric valve. For use with rear mount pump.	\$ 5,872.00
DISCHARGES AND PRECONNECT	4415-0685	Triple Speedlay (2) 1.5" and (1) 2.5" with Elkhart Unibody Manual Valves Rear Mount.	\$ 8,862.00
DISCHARGES AND PRECONNECT	4415-0686	Triple Speedlay (2) 1.5" and (1) 2.5" with Akron Manual Valve Rear Mount.	\$ 8,747.00
DISCHARGES AND PRECONNECT	4415-0687	2.5" rear panel discharge with Akron manual valve. For use with rear mount pump. Location [#LOC].	\$ 2,506.00
DISCHARGES AND PRECONNECT	4415-0688	2.5" rear panel discharge with Elkhart unibody manual valve. For use with rear mount pump. Location [#LOC].	\$ 2,506.00
DISCHARGES AND PRECONNECT	4415-0689	3" rear panel discharge with Akron manual valve. For use with rear mount pump. Location [#LOC].	\$ 3,020.00
DISCHARGES AND PRECONNECT	4415-0690	3" rear panel discharge with Elkhart unibody manual valve. For use with rear mount pump. Location [#LOC].	\$ 3,020.00

DISCHARGES AND PRECONNECT	4415-0876	4" Deck Gun Discharge W/ 4" TFT Model AKM111113 Manual gear activated valve. A 6" stainless steel pipe from the rear of the truck to the front center of the body shall be provided. The inlet to the deck gun piping shall have a 5" storz w/cap also to be off set to the driver side rear, and shall terminate with a 4" flange approx: 4-6" below the top of the body. A TFT Monsoon 1500 GPM manual monitor with a Williams 1.5 Hydro Foam manual nozzle shall be supplied.	\$ 19,441.00
DISCHARGES AND PRECONNECT	4415-0880	2.5" Left Panel Discharge with Elkhart Unibody Manual 3" Valve and 30 Degree Droop Location: [#LOC]	\$ 3,272.00
DISCHARGES AND PRECONNECT	4415-0881	2.5" Right Panel Discharge Elkhart Unibody Manual 3" Valve w/30 Degree Droop Location: [#LOC]	\$ 3,272.00
DISCHARGES AND PRECONNECT	4415-0882	2.5" preconnect discharge with Akron 3" manual valve and 3" plumbing reduce to a 2.5" at the swivel. For use on rear mount pump. Includes swivel style connection. Location: driver side under hosebed (outboard).	\$ 3,843.00
DISCHARGES AND PRECONNECT	4415-0886	3" Right Pump Panel Discharge Elkhart Manual Unibody Valve with 30 degree droop elbow. Location: [#LOC]	\$ 3,672.00
DISCHARGES AND PRECONNECT	4415-0889	2.5" Front Bumper Discharge Elkhart Electric UBEC3 Valve to read flow, and pressure.	\$ 11,210.00
DISCHARGES AND PRECONNECT	4415-0892	3" Front Bumper Discharge Akron Manual Valve. Location; 3" front bumper discharge piped through the center of the center front bumper tray and to come out thru the front bumper. Piping to have a cover plate in tray.	\$ 7,418.00
DISCHARGES AND PRECONNECT	4415-0893	Front bumper 1.5" pre-connect with manual valve and pressure gauge. Locate pre-connect in front bumper tray down low on rear wall.	\$ 4,069.00
DISCHARGES AND PRECONNECT	4415-0894	2.5" officer forward hosebed/body tray pre-connect. Includes connection to 2.5" valve assembly, pressure gauge and bleeder. Pre-connect to be positioned rearward of the forward Zico rack mount of the officer side hosebed/body tray. Hosebed/Body tray to include black dri-dek flooring for NFPA and a red vinyl hosebed cover (secure along the sides with awning strips and twist locks along the inboard side. The area inboard of the forward and rearward Zico rack mounts to have a bolt-in wall to square off the hose storage area.	\$ 6,258.00
DISCHARGES AND PRECONNECT	4415-0895	Hose bib discharge 3/4" with valve. Location Officer's side pump panel.	\$ 623.00
DISCHARGES AND PRECONNECT	4415-0896	1.5" Left Preconnect Akron Manual Valve. Preconnect will be run to front of hose box on top of driver's side compartments.	\$ 2,041.00
DISCHARGES AND PRECONNECT	4415-0897	2.5" Right Rear Discharge Elkhart Electric Unibody Valve Location: [#LOC]	\$ 5,592.00
DISCHARGES AND PRECONNECT	4415-0898	2.5" Left Rear Discharge Elkhart Unibody Electric Valve Location: [#LOC]	\$ 6,233.00
DISCHARGES AND PRECONNECT	4415-0899	4" Waterway Discharge with 3" Elkhart Unibody Manual Valve	\$ 4,971.00
DISCHARGES AND PRECONNECT	4415-0902	Triple speedlay with (3) 1.5" discharges at bottom and located side by side. All with Akron manual valves.	\$ 6,940.00
DISCHARGES AND PRECONNECT	4415-0903	1.5" Front Bumper Crosslay Discharge Akron Manual Valve	\$ 4,614.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-0904	2" front bumper discharge Elkhart Electric valve. Include Elkhart electric valve, plumbing, and harness from the valve to joystick control located in cab console. Discharge to terminate and capped off just below the center of the bumper for dealer supplied and installed joystick, and bumper turret.	\$ 4,839.00
DISCHARGES AND PRECONNECT	4415-0905	Akron 1.5" foam system discharge with swing handle. For use with Williams Advent or Hot Shot foam systems. Locate to [#LOC].	\$ 1,835.00
DISCHARGES AND PRECONNECT	4415-0907	1.5" front bumper discharge plumbing from back of cab to front bumper.	\$ 1,129.00
DISCHARGES AND PRECONNECT	4415-0910	2.5" hose bed discharge Akron manual valve [#LOC].	\$ 2,945.00
DISCHARGES AND PRECONNECT	4415-0912	Second Left Front Hosebed 3" Elkhart Unibody manual Valve	\$ 4,709.00
DISCHARGES AND PRECONNECT	4415-0915	6" Waterway Discharge with 6" Akron Electric Valve. Require valve controller option.	\$ 12,134.00
DISCHARGES AND PRECONNECT	4415-0916	4" Deck Gun Discharge Akron Valve Handwheel Control. (the outlet shall have NPT threads)	\$ 9,157.00
DISCHARGES AND PRECONNECT	4415-0917	2.5" Right Rear Discharge Akron Manual Valve includes gauge and bleeder. Location: [#LOC].	\$ 2,653.00
DISCHARGES AND PRECONNECT	4415-0918	1.5" Front Bumper Crosslay Discharge Elkhart Unibody Manual Valve	\$ 4,405.00
DISCHARGES AND PRECONNECT	4415-0919	Deck gun monitor 3" Gemini manual hand wheel model 34700011 and nozzle 2.5" NH Excel model 51471000.	\$ 6,949.00
DISCHARGES AND PRECONNECT	4415-0920	Left Front Hosebed Discharge 2.5" Elkhart Unibody UBEC1 Valve.	\$ 6,153.00
DISCHARGES AND PRECONNECT	4415-0921	Right Front Hosebed Discharge 2.5" Elkhart Unibody UBEC1 Valve.	\$ 6,153.00
DISCHARGES AND PRECONNECT	4415-0923	4" Right Pump Panel Discharge with 3" Akron Manual Valve. Include a 4"FNST swivel x 4"MNST 30 degree droop adapter, and cap. Location: [#LOC].	\$ 4,482.00
DISCHARGES AND PRECONNECT	4415-0924	2.5" Single Speedlay with Akron manual valve.	\$ 2,632.00
DISCHARGES AND PRECONNECT	4415-0925	All Discharge/Intake caps, and plug to be Kochek brand and Powder coated. Color; White.	\$ 1,198.00
DISCHARGES AND PRECONNECT	4415-0926	1.5"/2.5" Double Speedlay with Akron Manual Valves, upper 1.75" speedlay and lower 2.5" speedlay.	\$ 4,670.00
DISCHARGES AND PRECONNECT	4415-0927	2.5" Deck Gun Discharge, Akron manual valve. Locate outlet above L1, compartment. Piping to be routed up thru L1, compartment top offset forward. Include pressure gauge and bleeder.	\$ 3,276.00
DISCHARGES AND PRECONNECT	4415-0931	2.5" Front Bumper Discharge Akron Electric Valve & Navigator Pro Controller 9325. Include pressure sensor for pressure read out only.	\$ 8,217.00
DISCHARGES AND PRECONNECT	4415-0932	Double 1.5" Speedlay w/2" Akron Electric Valves & Navigator Pro 9325 with Pressure read out.	\$ 14,320.00
DISCHARGES AND PRECONNECT	4415-0933	2.5" Right Panel Discharge Akron Electric Valve & Navigator Pro 9325 controller w/30 Degree Droop and pressure reading only. Location: [#LOC]	\$ 8,189.00
DISCHARGES AND PRECONNECT	4415-0934	2.5" Left Panel Discharge Akron Electric Valve & Navigator Pro 9325 controller w/30 Degree Droop. Include pressure sensor with pressure reading only. Location: [#LOC]	\$ 7,677.00
DISCHARGES AND PRECONNECT	4415-0938	2.5" Left Pump Panel Discharge Akron Manual Valve. The discharge shall extend out beyond the pump panel w/Chrome plated finish. Location: [#LOC].	\$ 2,302.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-0939	2.5" Right Pump Panel Discharge Akron Manual Valve. The discharge shall extend out beyond the pump panel w/Chrome plated finish. Location: [#LOC].	\$ 2,302.00
DISCHARGES AND PRECONNECT	4415-0940	3" Right Pump Panel Discharge Akron Manual Valve. The discharge shall extend out beyond the pump panel w/Chrome plated finish. (Waterous pumps noted location to be forward lower port). Location: [#LOC].	\$ 3,529.00
DISCHARGES AND PRECONNECT	4415-0941	4" Right Pump Panel Storz Discharge with 3" Akron Manual Valve. Include 3" FNST X 4" Storz 30 degree elbow adapter with cap. (Waterous pumps noted location to be forward lower port). Location: [#LOC].	\$ 4,894.00
DISCHARGES AND PRECONNECT	4415-0942	Left Rear Discharge 2.5" Elkhart Unibody electric valve with UICS-2 CAFS Controller with pressure reading.	\$ 8,723.00
DISCHARGES AND PRECONNECT	4415-0945	1.5" Front Bumper Discharge Elkhart Electric Valve with UICS-2 CAFS Controller with pressure reading.	\$ 9,224.00
DISCHARGES AND PRECONNECT	4415-0946	1.5" Crosslay w/2" Elkhart Electric Unibody Valve with UICS-2 CAFS Controller with pressure reading. Location: [#LOC].	\$ 8,257.00
DISCHARGES AND PRECONNECT	4415-0947	2.5" Right Panel Discharge Elkhart Unibody Electric Valve w/Droop, and include UICS-2 CAFS Controller with pressure reading. Location: [#LOC].	\$ 9,048.00
DISCHARGES AND PRECONNECT	4415-0948	Preconnect extension (Each). The front hosebed preconnect to be extended to the rear of the hosebed area. Includes smooth plate cover with drainage slots. Location: [#LOC].	\$ 951.00
DISCHARGES AND PRECONNECT	4415-0954	1.5" Front Bumper Discharge Akron Electric Valve & Navigator 9325 controller to read flow, and pressure..	\$ 11,399.00
DISCHARGES AND PRECONNECT	4415-0963	One (1) pre-connect 1.5" adaptation to Storz. The pre-connect extension hose shall include an adapter to Storz and the pre-connect nozzle (sold separately in loose equipment) shall be supplied with a Storz adapter.	\$ 393.00
DISCHARGES AND PRECONNECT	4415-0964	Triple speedlay with (2) 1.5" in lower storage area and (1) 2.5" in upper storage area. All with Akron manual valves.	\$ 6,940.00
DISCHARGES AND PRECONNECT	4415-0965	2.5" Left Front Hosebed Discharge 3" Akron Manual Valve and shall terminate with a 3"FNPT X 2.5"MNST adapter.	\$ 4,301.00
DISCHARGES AND PRECONNECT	4415-0966	Right Front Hosebed Discharge 3" Akron Manual Valve and shall terminate with a 3"FNPT X 2.5"MNST adapter.	\$ 4,301.00
DISCHARGES AND PRECONNECT	4415-0967	1.5" Crosslay w/2.5" Akron Manual Valve and plumbing. Include 2.5" FNST X 1.5" MNST adapter. Location: [#LOC].	\$ 2,386.00
DISCHARGES AND PRECONNECT	4415-0968	2.5" front bumper discharge. Locate discharge in bumper hose storage tray (outboard side wall) down low. For use with Top Mount Pump Module. Includes 2.5" pressure gauge, and bleeder on panel.	\$ 10,528.00
DISCHARGES AND PRECONNECT	4415-0969	2.5" left front hose bed discharge Akron manual valve. Locate discharge(s) approximately 26" up from hosebed floor.	\$ 3,529.00
DISCHARGES AND PRECONNECT	4415-0970	5" Right Pump Panel Discharge with 3" Akron Manual Valve w/Droop. Include a 3"FNST swivel x 5"Storz adapter, and a 5"Storz x 4" Storz with cap. Location: [#LOC].	\$ 5,120.00
DISCHARGES AND PRECONNECT	4415-0973	5" Pump Panel Storz Discharge with 3" Akron Manual Valve. Include 3" FNST X 5" Storz 30 degree elbow adapter with cap. (Waterous pumps noted location to be forward lower port). Location: [#LOC].	\$ 5,120.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-0974	5" Left Rear Discharge 5" Akron Hand Wheel Control Valve.	\$ 12,053.00
DISCHARGES AND PRECONNECT	4415-0975	2.5" Front Bumper Crosslay Discharge Akron Electric Valve.	\$ 6,786.00
DISCHARGES AND PRECONNECT	4415-0976	3" Auxillary CAFS Deck Gun Discharge Electric Unibody Valve. Plumbed from foam manifold and "Y" into Deck Gun pipe downstream from main Deck Gun discharge valve.	\$ 7,666.00
DISCHARGES AND PRECONNECT	4415-0977	2.5" Front Bumper Crosslay Discharge Akron Manual Valve.	\$ 5,039.00
DISCHARGES AND PRECONNECT	4415-0987	3" Right Front Hosebed Elkhart Electric Unibody Valve. Terminate with a 3"FNPT X 2.5" MNST.	\$ 7,570.00
DISCHARGES AND PRECONNECT	4415-0988	3" Left Front Hosebed Elkhart Electric Unibody Valve. Terminate with a 3"FNPT X 2.5" MNST.	\$ 7,570.00
DISCHARGES AND PRECONNECT	4415-0989	Left Front Hosebed Discharge 3" w/ 3" Elkhart Unibody Manual Valve and shall terminate with a 3"FNPT X 2.5"MNST adapter.	\$ 4,710.00
DISCHARGES AND PRECONNECT	4415-0990	Triple speedlay with (1) 1.5" and (1) 2.5" in lower storage area and (1) 1.5" in upper storage area. All with Elkhart Unibody electric valves.	\$ 17,661.00
DISCHARGES AND PRECONNECT	4415-1000	Double 1.5" Speedlay w/2" Elkhart Electric Unibody Valve with UICS-2 CAFS Controllers with pressure reading.	\$ 14,263.00
DISCHARGES AND PRECONNECT	4415-1002	2.5" Crosslay Elkhart Unibody Manual Valve. Location: crosslay 1 & 2. (NO SWIVEL)	\$ 2,359.00
DISCHARGES AND PRECONNECT	4415-1003	1.5" Front Bumper Crosslay Discharge Elkhart Unibody Valve with hand wheel control.	\$ 5,948.00
DISCHARGES AND PRECONNECT	4415-1004	1.5" Double Speedlay with Elkhart Unibody Valves with hand wheel controls.	\$ 8,753.00
DISCHARGES AND PRECONNECT	4415-1005	2.5" Left Panel Discharge Elkhart Hand Wheel Control Unibody Valve w/30 Degree Droop Location: [#LOC]	\$ 4,582.00
DISCHARGES AND PRECONNECT	4415-1020	Double 1.5" Speedlay w/2" Akron Electric Valves with 9323 controllers.	\$ 11,397.00
DISCHARGES AND PRECONNECT	4415-1024	4" Right Pump Panel Discharge w/3" Akron Electric Valve, and 9323 controller include 30 degree droop. (Waterous pumps noted location to be forward lower port) Location: [#LOC]	\$ 8,816.00
DISCHARGES AND PRECONNECT	4415-1027	2.5" Front Bumper Discharge Akron Manual Valve and chrome adapter. Location: Through the bumper on Officer side front bumper.	\$ 3,795.00
DISCHARGES AND PRECONNECT	4415-1034	Triple Speedlay (1) 2.5" and (2) 1.5" with Akron Manual Valve. 2.5" in top location in bed number 1.	\$ 8,235.00
DISCHARGES AND PRECONNECT	4415-1035	1.5" Rear Driver Side Preconnect Akron gear operator valve hand wheel control for Rear Mount.	\$ 4,108.00
DISCHARGES AND PRECONNECT	4415-1036	2.5" Right Pump Panel Discharge Akron Manual Valve to be used with Wetside - under tank design only. Location: [#LOC].	\$ 4,520.00
DISCHARGES AND PRECONNECT	4415-1038	2.5" Right Pump Panel Discharge Akron Electric Valve to be used on Wetside with under tank design only. Location: [#LOC].	\$ 8,555.00
DISCHARGES AND PRECONNECT	4415-1039	Double Speedlay (2) 1.5" and Crosslay (1) 2.5" with Akron Manual Valve.	\$ 8,564.00
DISCHARGES AND PRECONNECT	4415-1040	1.5" Crosslay w/2.5" Elkart Unibody Manual Valve and plumbing Location: [#LOC]	\$ 2,386.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1042	2.5" Single Speedlay with Akron manual valve outlet to terminate below speedlay tray.	\$ 2,401.00
DISCHARGES AND PRECONNECT	4415-1044	3" Right Pump Panel Discharge UBEC2 Electric Valve with 30 degree droop and read pressure reading only. Location: [#LOC]	\$ 8,883.00
DISCHARGES AND PRECONNECT	4415-1045	Preconnect extension (Each). The front hosebed preconnect to be extended to the rear of the hosebed area. Includes smooth plate cover with drainage slots extended to the rear of the hosebed. Location: second officer side hose bed preconnect is to terminate approx 10" from back edge of hosebed.	\$ 821.00
DISCHARGES AND PRECONNECT	4415-1048	3" Rear panel discharge with Akron electric valve and 9323 controller. For use with rear mount pump. Location [#LOC].	\$ 6,354.00
DISCHARGES AND PRECONNECT	4415-1049	Discharge Package (4) 2.5" Darley Manual Valves for front Mount	\$ 13,042.00
DISCHARGES AND PRECONNECT	4415-1050	3" Akron Electric Valve for front mount pump.	\$ 8,605.00
DISCHARGES AND PRECONNECT	4415-1051	1.5" hose reel discharge with Akron electric valve.	\$ 5,118.00
DISCHARGES AND PRECONNECT	4415-1054	2.5" Front Bumper Discharge Akron Manual Valve. Locate 2.5" discharge under front bumper on officer side center under officer side.	\$ 3,605.00
DISCHARGES AND PRECONNECT	4415-1055	2.5" Crosslay w/2.5" Elkhart Electric Unibody Valve with UICS-2 CAFS Controller with pressure reading. Location: [#LOC].	\$ 8,678.00
DISCHARGES AND PRECONNECT	4415-1056	1.5" crosslay with Akron manual valve and no swivel. For use with discharges that locate below the hose beds. Location: [#LOC].	\$ 1,958.00
DISCHARGES AND PRECONNECT	4415-1059	Quad Speedlay (2) 1.5" / (2) 2.5" with Akron Manual Valves.	\$ 8,516.00
DISCHARGES AND PRECONNECT	4415-1060	2.5" Front Bumper Discharge Elkhart Electric Valve with UICS-2 CAFS Controller with pressure reading.	\$ 9,429.00
DISCHARGES AND PRECONNECT	4415-1062	2.5" rear panel discharge with Akron manual valve with droop. For use with rear mount pump. Location rear pump panel. Location [#LOC].	\$ 2,892.00
DISCHARGES AND PRECONNECT	4415-1063	2.5" Right Pump Panel Discharge Akron Manual Valve w/droop to be used with Wetside - under tank design only. Location: [#LOC].	\$ 5,068.00
DISCHARGES AND PRECONNECT	4415-1075	1.5" Front Bumper Crosslay Discharge Akron Manual Valve.	\$ 4,405.00
DISCHARGES AND PRECONNECT	4415-1076	2.5" Right Pump Panel Discharge Akron Electric Valve to be used on Wetside with under tank design only. Location: [#LOC].	\$ 8,555.00
DISCHARGES AND PRECONNECT	4415-1077	2.5" Center Rear Discharge Akron Manual Valve. To terminate at rear of ladder tunnel opening centered.	\$ 3,260.00
DISCHARGES AND PRECONNECT	4415-1078	2.5" Right Pump Panel Discharge Waterous Manual Hand Wheel Valve. Location: [#LOC].	\$ 6,573.00
DISCHARGES AND PRECONNECT	4415-1079	2.5" Left Pump Panel Discharge Waterous Manual Hand Wheel Valve. Location: [#LOC]	\$ 6,380.00
DISCHARGES AND PRECONNECT	4415-1080	2.5" Left Front Hosebed Discharge Waterous Manual Hand Wheel Valve. Location: left front hosebed.	\$ 6,868.00
DISCHARGES AND PRECONNECT	4415-1081	2.5" Right Rear Discharge Waterous Manual Hand Wheel Valve. Location: right rear	\$ 6,868.00
DISCHARGES AND PRECONNECT	4415-1082	1.5" Crosslay w/2.5" Waterous Valve Handwheel Control.	\$ 6,586.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1083	2.5" Right Pump Panel Discharge Akron Electric Valve w/droop to be used on Wetside with under tank design only. Location: [#LOC].	\$ 9,105.00
DISCHARGES AND PRECONNECT	4415-1084	1.5" front bumper discharge Akron manual valve with chrome adapter through bumper. Location: As specified.	\$ 3,333.00
DISCHARGES AND PRECONNECT	4415-1085	4.5" Right Pump Panel Discharge with 3" Akron Manual Valve Location: [#LOC]	\$ 4,495.00
DISCHARGES AND PRECONNECT	4415-1088	3" Left Rear Deck Gun Discharge Akron manual Valve. Location: Driver side rear.	\$ 4,507.00
DISCHARGES AND PRECONNECT	4415-1089	2.5" Single Speedlay with Akron manual valve.	\$ 2,632.00
DISCHARGES AND PRECONNECT	4415-1090	4" Discharge with 4" Akron Electric valve. The discharge plumbing will be wye into the 5" rear intake plumbing. Rear intake can be utilized as a Intake or Discharge. (Discharge will be limited by the setting of the intake pressure relief valve. Excess pressure will be dumped to atmosphere.)	\$ 9,087.00
DISCHARGES AND PRECONNECT	4415-1091	2.5" Deck Gun Discharge, Akron manual valve. (the outlet shall have NPT threads)	\$ 3,276.00
DISCHARGES AND PRECONNECT	4415-1092	2.5" Single Speedlay with Elkhart valve hand wheel control located at lower storage area offset to rear.	\$ 4,890.00
DISCHARGES AND PRECONNECT	4415-1093	2.5" Front Bumper Discharge Akron Manual Valve and chrome adapter. Location: Through the bumper inboard of frame rails to be as flush as possible .	\$ 3,795.00
DISCHARGES AND PRECONNECT	4415-1094	3" Right Rear Discharge UBEC3 Electric Valve to read flow, and pressure. Location: Right rear.	\$ 13,343.00
DISCHARGES AND PRECONNECT	4415-1095	Triple Speedlay (2) 1.5" and (1) 2.5" with Akron valves hand wheel control.	\$ 14,226.00
DISCHARGES AND PRECONNECT	4415-1096	2.5" Crosslay Akron Manual Valve and no swivel. For use with discharges that locate below the hose beds. Location: [#LOC].	\$ 2,359.00
DISCHARGES AND PRECONNECT	4415-1097	4" Right Side Discharge outlet no valve. Include 4" plumbing, terminate with 4"FNPT X 5" storz adapter with locking cap. (FOR PUMP TESTING ONLY).	\$ 2,829.00
DISCHARGES AND PRECONNECT	4415-1102	2.5" Right Panel Discharge Akron Electric Valve & Navigator Pro 9325 controller w/30 Degree Droop to Read Flow, and Pressure. Location: [#LOC]	\$ 9,743.00
DISCHARGES AND PRECONNECT	4415-1103	2.5" Left Panel Discharge Akron Electric Valve & Navigator Pro 9325 controller w/30 Degree Droop to Read Flow, and Pressure. Location: [#LOC]	\$ 9,743.00
DISCHARGES AND PRECONNECT	4415-1104	3" Front Bumper Discharge Akron Manual Valve. Location; Officer side with a fix 90 degree elbow on top of bumper.	\$ 7,140.00
DISCHARGES AND PRECONNECT	4415-1106	1.5" Double Speedlay with Akron Valves with hand wheel controls.	\$ 8,753.00
DISCHARGES AND PRECONNECT	4415-1107	3" Right Rear Discharge UBEC3 Electric Valve to read flow, and pressure. To terminate 2.5" NST. Location: [#LOC].	\$ 13,343.00
DISCHARGES AND PRECONNECT	4415-1108	2.5" Single Speedlay with Akron manual valve located at lower storage area offset to front.	\$ 2,632.00
DISCHARGES AND PRECONNECT	4415-1110	5" Right Pump Panel Discharge with 3" Akron Manual Valve. Include a 4"FNST swivel x 5" Storz 30 degree droop adapter, and cap. Location: [#LOC].	\$ 4,859.00
DISCHARGES AND PRECONNECT	4415-1111	Front bumper 1.5" pre-connect with manual valve and pressure gauge.	\$ 4,069.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

DISCHARGES AND PRECONNECT	4415-1149	4" Rear Discharge w/3.5" Waterous w/ Hand Wheel Valve. Location: [#LOC].	\$ 9,515.00
DISCHARGES AND PRECONNECT	4415-1150	2.5" Front bumper discharge Waterous Manual Valve w/rack sector.	\$ 3,979.00
DISCHARGES AND PRECONNECT	4415-1151	2.5" Left Rear Discharge Waterous 2.5" Manual Valve w/Rack and Sector. Include 3" plumbing from the valve to rear of body and terminate with 3" FNPT X 2.5" NST. Location: [#LOC].	\$ 3,649.00
DISCHARGES AND PRECONNECT	4415-1155	Single 1.5" preconnect discharge with Akron manual valve. For use with narrow Wetside tank with driver side compartment top pre-connect storage. Plumbing to terminate with 1.5" MNST threads.	\$ 2,676.00
DISCHARGES AND PRECONNECT	4415-1156	2.5" Right Rear Discharge Akron Manual Valve. To terminate at rear of ladder tunnel opening officer side upper corner inside.	\$ 3,260.00
DISCHARGES AND PRECONNECT	4415-1157	2.5" front bumper discharge plumbing from pump module to front bumper.	\$ 2,721.00
DISCHARGES AND PRECONNECT	4415-1158	Plumbing for three (3) 2.5" discharge outlet shall be supplied to the rear of the apparatus by 2.5" stainless steel pipe. (REQUIRE CLASS 1 SAFE BUY MODULE).	\$ 7,127.00
DISCHARGES AND PRECONNECT	4415-1159	1.5" Preconnect Discharge Akron Manual Valve. Location [#LOC].	\$ 2,820.00
DISCHARGES AND PRECONNECT	4415-1160	Single 2.5" preconnect discharge with Akron manual valve. For use with narrow Wetside tank with driver side compartment top pre-connect storage. Plumbing to terminate with 2.5" MNST threads.	\$ 3,091.00
DISCHARGES AND PRECONNECT	4415-1161	4" Pump Panel Discharge with 3" Akron Manual Valve Top Mount Controlled. The discharge shall extend out beyond the pump panel w/Chrome plated finish. (Waterous pumps noted location to be forward lower port.) Location: [#LOC].	\$ 4,209.00
DISCHARGES AND PRECONNECT	4415-1162	4" Right Pump Panel Discharge with 3" Akron Manual Valve (Waterous pumps noted location to be forward lower port).The discharge shall extend out beyond the pump panel w/Chrome plated finish. (Waterous pumps noted location to be forward lower port.) Location: [#LOC].	\$ 4,209.00
DISCHARGES AND PRECONNECT	4415-1163	3" Front Bumper Discharge Akron Manual Valve. Location; Officer side with a swivel elbow on top of bumper.	\$ 7,140.00
DISCHARGES AND PRECONNECT	4415-1165	2.5" Right Discharge attached to front face of body compartment between body and cab, Akron Manual Valve w/droop to be used with Wetside - under tank design only. Location: [#LOC].	\$ 2,900.00
DISCHARGES AND PRECONNECT	4415-1166	2.5" Single Speedlay with Elkhart valve hand wheel control.	\$ 4,890.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1171	Front jumpline swivel to be recess so swivel will clear rise lid and tray.	\$ 343.00
DISCHARGES AND PRECONNECT	4415-1173	4" Rear discharge with 3" valve. Includes 4" piping to the rear and a 4" FNPT x 4" MNST chrome adaptor with cap. [#LOC].	\$ 5,143.00
DISCHARGES AND PRECONNECT	4415-1174	Double 1.5" Speedlay w/2" Elkhart Electric Unibody Valves	\$ 9,126.00
DISCHARGES AND PRECONNECT	4415-1178	3" Deck Gun Discharge Akron Electric Valve. (the outlet shall terminate with MNPT threads). To be installed with 2 controllers, one on pump panel and one in storage pan. Includes 1 main harness, 1 Y-splitter	\$ 9,224.00
DISCHARGES AND PRECONNECT	4415-1179	3" Right Rear Discharge plumbing.(FOR SAFE BUY PUMP MODULE)	\$ 2,908.00
DISCHARGES AND PRECONNECT	4415-1185	3" Aux CAFS Deck Gun Discharge Akron Electric Valve. Plumbed from foam manifold and "Y" into Deck Gun pipe downstream from main Deck Gun discharge valve.	\$ 7,666.00
DISCHARGES AND PRECONNECT	4415-1187	2.5" Front bumper discharge Waterous Manual Valve full flow.	\$ 3,979.00
DISCHARGES AND PRECONNECT	4415-1188	2.5" Right Rear Discharge Waterous Manual Valve full flow.	\$ 3,460.00
DISCHARGES AND PRECONNECT	4415-1189	Double 1.5" Speedlay w/2" Elkhart Manual Unibody Valve.	\$ 4,147.00
DISCHARGES AND PRECONNECT	4415-1193	3" Right Rear Deck Gun Discharge Akron manual Valve. Location: Officer's side rear.	\$ 4,507.00
DISCHARGES AND PRECONNECT	4415-1203	Garden Hose bib discharge 3/4" with valve. Location; Driver side pump panel.	\$ 623.00
DISCHARGES AND PRECONNECT	4415-1204	1.5" Discharge Elkhart Electric UBEC1 Valve, discharge to be plumbed to compartment R1.	\$ 6,657.00
DISCHARGES AND PRECONNECT	4415-1206	Triple speedlay with (1) 2.5" in top storage area and (2) 1.5" in lower storage areas. All with Akron manual valves.	\$ 8,235.00
DISCHARGES AND PRECONNECT	4415-1207	3" Deck Gun Discharge Akron Electric Valve. Requires valve controller option. (deck gun outlet shall terminate with MNPT threads or extend a gun/monitor if applicable)	\$ 6,240.00
DISCHARGES AND PRECONNECT	4415-1208	4" Right Panel Discharge w/3" Akron Valve Handwheel Control. The 4" NST threads stainless steel adapter shall be a integral part of the valve. (Waterous pumps noted location to be forward lower port.) Location: [#LOC].	\$ 5,916.00
DISCHARGES AND PRECONNECT	4415-1209	2.5" Panel discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 4,766.00
DISCHARGES AND PRECONNECT	4415-1211	1.5" Crosslay w/ Akron electric valve. Requires valve controller option. Location: [#LOC].	\$ 4,225.00
DISCHARGES AND PRECONNECT	4415-1212	4" Right Panel Discharge w/3" Akron Valve manual push/pull control. The 4" NST threads stainless steel adapter shall be a integral part of the valve. Include 4" FNST X 4" Storz 30 degree elbow adapter with cap. (Waterous pumps noted location to be forward lower port.) Location: [#LOC].	\$ 5,022.00
DISCHARGES AND PRECONNECT	4415-1213	2.5" Panel discharge w/ Akron electric valve and 30 degree droop with cap. Requires valve controller option. Location: [#LOC].	\$ 5,486.00
DISCHARGES AND PRECONNECT	4415-1214	3" Panel discharge w/ Akron electric valve and 30 degree droop with cap. Requires valve controller option. Location: [#LOC].	\$ 6,568.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1215	3" Panel discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 6,141.00
DISCHARGES AND PRECONNECT	4415-1217	Akron 3" foam system discharge with swing handle. Location: Driver side pump panel.	\$ 3,176.00
DISCHARGES AND PRECONNECT	4415-1218	Akron 3" foam system discharge with push/pull handle. Location: Officer side pump panel.	\$ 3,176.00
DISCHARGES AND PRECONNECT	4415-1219	4" Panel discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 8,059.00
DISCHARGES AND PRECONNECT	4415-1221	5" Panel discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 9,256.00
DISCHARGES AND PRECONNECT	4415-1222	8" Deck gun discharge w/ Akron electric valve. Requires valve controller option and 8" Monitor.	\$ 15,307.00
DISCHARGES AND PRECONNECT	4415-1223	3" Front hose bed discharge w/ Akron electric valve. Requires valve controller option. Location: [#LOC].	\$ 7,139.00
DISCHARGES AND PRECONNECT	4415-1224	2.5" Front bumper discharge w/ Akron electric valve. Requires valve controller option.	\$ 5,321.00
DISCHARGES AND PRECONNECT	4415-1225	2.5" Front hose bed discharge w/ Akron electric valve. Requires valve controller option. Location: [#LOC].	\$ 5,667.00
DISCHARGES AND PRECONNECT	4415-1227	Double speedlay 1.5" w/ Akron electric valves. Requires valve controller option.	\$ 8,467.00
DISCHARGES AND PRECONNECT	4415-1229	5" Right Pump Panel Discharge w/3" Akron Electric Valve. Requires valve controller option. Location: [#LOC].	\$ 9,658.00
DISCHARGES AND PRECONNECT	4415-1230	5" Pump Panel Discharge with 4" Akron Electric Valve. Requires valve controller option. Location: [#LOC].	\$ 10,627.00
DISCHARGES AND PRECONNECT	4415-1231	5" Rear discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 9,938.00
DISCHARGES AND PRECONNECT	4415-1233	6" Deck gun discharge w/ Akron electric valve. Requires valve controller option and 6" Monitor.	\$ 11,387.00
DISCHARGES AND PRECONNECT	4415-1234	4" Deck gun discharge w/ 6" electric Akron valve. Requires valve controller option and 4" Monitor. [Industrial only]	\$ 10,703.00
DISCHARGES AND PRECONNECT	4415-1235	6" Rear discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 10,864.00
DISCHARGES AND PRECONNECT	4415-1236	2.5" Front bumper crosslay discharge w/ Akron electric valve. Requires valve controller option.	\$ 5,321.00
DISCHARGES AND PRECONNECT	4415-1237	4" Deck gun discharge w/ Akron electric valve. Requires valve controller option. Includes MNPT termination.	\$ 9,605.00
DISCHARGES AND PRECONNECT	4415-1239	4" Rear Deck Gun discharge Akron electric valve tee off 6" rear discharge. Requires valve controller option. [#LOC]. [Industrial only]	\$ 9,959.00
DISCHARGES AND PRECONNECT	4415-1240	2.5" Crosslay w/ Akron electric valve. Requires valve controller option. Location: [#LOC].	\$ 5,074.00
DISCHARGES AND PRECONNECT	4415-1241	1.5" Front bumper crosslay discharge w/ Akron electric valve. Requires valve controller option.	\$ 4,973.00
DISCHARGES AND PRECONNECT	4415-1242	2.5" Rear discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 5,112.00
DISCHARGES AND PRECONNECT	4415-1244	Plumbing package, Akron, base, Wildland, Santa Fe.	\$ 19,016.00
DISCHARGES AND PRECONNECT	4415-1246	Decontamination discharge 3/4" with valve; non-heated. Includes pressure reducing valve. Location; Officer side pump panel.	\$ 584.00
DISCHARGES AND PRECONNECT	4415-1247	Decontamination discharge 3/4" with valve; non-heated. Includes pressure reducing valve. Location; Driver side pump panel.	\$ 584.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1248	Decontamination discharge 3/4" with valve; heated. Includes pressure reducing valve, heat exchanger, and thermostatic mixing valve. Location: Officer side pump panel.	\$ 4,106.00
DISCHARGES AND PRECONNECT	4415-1249	Decontamination discharge 3/4" with valve; heated. Includes pressure reducing valve, heat exchanger, and thermostatic mixing valve. Location: Driver side pump panel.	\$ 4,106.00
DISCHARGES AND PRECONNECT	4415-1250	6" Panel discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 10,658.00
DISCHARGES AND PRECONNECT	4415-1252	3" Deck gun discharge w/ Akron electric valve. Requires valve controller option. Includes MNPT termination.	\$ 6,241.00
DISCHARGES AND PRECONNECT	4415-1253	4" Panel discharge w/ 3" Akron electric valve. Includes integral stainless steel adapter with 4" NST threads and cap. Requires valve controller option. Location: [#LOC]	\$ 6,716.00
DISCHARGES AND PRECONNECT	4415-1254	4" Panel discharge w/ 3" Akron electric valve. Includes integral stainless steel adapter with 4" NST threads and a 4"FNST swivel x 4"MNST 30 degree droop adapter with cap. Requires valve controller option. Location: [#LOC]	\$ 7,154.00
DISCHARGES AND PRECONNECT	4415-1255	3" Rear discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 6,547.00
DISCHARGES AND PRECONNECT	4415-1257	4" Left Rear Discharge 5" Akron Electric Valve with 9323 controller. [Industrail only]	\$ 8,967.00
DISCHARGES AND PRECONNECT	4415-1258	4" Right Rear Discharge 5" Akron Electric Valve with 9323 controller. [Industrail only]	\$ 8,967.00
DISCHARGES AND PRECONNECT	4415-1262	1.5" Front bumper discharge w/ Akron electric valve. Requires valve controller option.	\$ 5,006.00
DISCHARGES AND PRECONNECT	4415-1263	4" Left Pump Panel Discharge with 3" Akron Manual Valve w/Droop. Location: [#LOC].	\$ 4,482.00
DISCHARGES AND PRECONNECT	4415-1265	2.5" Single Speedlay with Elkhart Unibody manual valve.	\$ 2,632.00
DISCHARGES AND PRECONNECT	4415-1266	3" Right Rear Discharge Akron Electric Valve & Navigator 9325 with Pressure Reading only.	\$ 9,174.00
DISCHARGES AND PRECONNECT	4415-1267	3" Left Rear Discharge Akron Electric Valve & Navigator 9325 with Pressue Reading only.	\$ 9,174.00
DISCHARGES AND PRECONNECT	4415-1268	1.5" Crosslay with Akron manual valve. Crosslay preconnect shall have no swivel they will have a fixed 90 degree elbow with adapter. Location: [#LOC].	\$ 1,958.00
DISCHARGES AND PRECONNECT	4415-1270	2.5" Front Bumper Discharge Akron Manual Valve and chrome adapter. Location: Under front bumper as specified.	\$ 3,795.00
DISCHARGES AND PRECONNECT	4415-1271	3.0" Left Rear Discharge Akron Manual Valve. Location: [#LOC].	\$ 3,020.00
DISCHARGES AND PRECONNECT	4415-1272	3" Right Panel Discharge Akron Manual Valve w/30 Degree Chrome Droop. (Waterous pumps noted if location is forward of steamer use upper discharge port.) Location: [#LOC].	\$ 3,904.00
DISCHARGES AND PRECONNECT	4415-1273	4" waterway discharge w/ 3" Akron electric valve. Requires valve controller option.	\$ 6,332.00
DISCHARGES AND PRECONNECT	4415-1274	4" waterway discharge w/ Akron electric valve. Requires valve controller option.	\$ 7,865.00
DISCHARGES AND PRECONNECT	4415-1279	3" Right Rear Discharge Akron Electric Valve. Require valve controller. Location: [#LOC].	\$ 6,547.00
DISCHARGES AND PRECONNECT	4415-1280	4" Rear discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 7,506.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1282	4" Rear deck gun discharge w/ Akron electric valve. Option tee's off 6" rear discharge. Requires valve controller option and 6" rear discharge (Industrial only). Location: [#LOC].	\$ 9,953.00
DISCHARGES AND PRECONNECT	4415-1284	Speedlay 2.5" w/ Akron electric valve. Requires valve controller option.	\$ 7,984.00
DISCHARGES AND PRECONNECT	4415-1285	5" Panel discharge w/ 3" Akron electric valve. Includes a 3" FNST X 5" MNST adapter with cap. Requires valve controller option. Location: [#LOC].	\$ 8,191.00
DISCHARGES AND PRECONNECT	4415-1286	5" Panel discharge w/ 4" Akron electric valve. Includes a 4" FNPT X 5" MNST adapter with cap. Requires valve controller option. Location: [#LOC].	\$ 9,164.00
DISCHARGES AND PRECONNECT	4415-1287	6" waterway discharge w/ Akron electric valve. Requires valve controller option.	\$ 10,669.00
DISCHARGES AND PRECONNECT	4415-1288	5" waterway discharge w/ Akron electric valve. Requires valve controller option.	\$ 10,594.00
DISCHARGES AND PRECONNECT	4415-1289	Speedlay 1.5" w/ Akron electric valve. Requires valve controller option.	\$ 4,235.00
DISCHARGES AND PRECONNECT	4415-1290	2.5" Right Rear Discharge Waterous 2.5" Manual Valve w/Rack and Sector. Include 3" plumbing from the valve to rear of body and terminate with 3" FNPT X 2.5" NST	\$ 3,649.00
DISCHARGES AND PRECONNECT	4415-1291	5" Left Pump Panel Discharge with 4" Akron Valve with Trident Handwheel Control. Location: Left side discharge 1.	\$ 9,290.00
DISCHARGES AND PRECONNECT	4415-1292	1.5" Crosslay with 2.5" Waterous Manual Valve full flow. Location: [#LOC].	\$ 3,026.00
DISCHARGES AND PRECONNECT	4415-1293	1.5" preconnect discharge with Akron electric valve. Includes swivel style connection. Requires valve controller option. Location: [#LOC].	\$ 3,650.00
DISCHARGES AND PRECONNECT	4415-1294	2.5" preconnect discharge with Akron electric valve. Includes swivel style connection. Requires valve controller option. Location: [#LOC].	\$ 3,794.00
DISCHARGES AND PRECONNECT	4415-1296	3" Rear discharge w/ Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 6,547.00
DISCHARGES AND PRECONNECT	4415-1297	4" Pump Discharge Elkhart Electric UBEC2 Valve to read flow. [LOC] Location: Right Side Discharge 1	\$ 10,892.00
DISCHARGES AND PRECONNECT	4415-1298	2.5" Second Left Front Hosebed Discharge Waterous Manual Valve w/rack and sector.	\$ 3,649.00
DISCHARGES AND PRECONNECT	4415-1299	4" Left Panel Discharge w/3" Akron Valve Handwheel Control. Location Left Side Discharge 1	\$ 5,916.00
DISCHARGES AND PRECONNECT	4415-1300	4" Water Way Discharge Elkhart Valve Handwheel Control	\$ 8,513.00
DISCHARGES AND PRECONNECT	4415-1301	2.5" Auxiliary Deck Gun Discharge Akron Electric Valve for use with CAFS System.Plumbed from foam manifold and "Y" into Deck Gun pipe downstream from main Deck Gun discharge valve. Require valve controller.	\$ 4,434.00
DISCHARGES AND PRECONNECT	4415-1302	1.5" Front Bumper Crosslay Elkhart Electric Valve with UICS-2 CAFS Controller with pressure reading.	\$ 9,224.00
DISCHARGES AND PRECONNECT	4415-1303	3" Auxiliary Foam Deck Gun Discharge Elkhart Unbody manual Valve.	\$ 2,897.00
DISCHARGES AND PRECONNECT	4415-1304	3" Right Panel Discharge Waterous Valve Hand Wheel control. Location:As specify.	\$ 7,204.00
DISCHARGES AND PRECONNECT	4415-1305	2.5" Right Rear Discharge Waterous Manual Valve full flow. Location: [#LOC].	\$ 3,460.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1306	Preconnect extension (Each). The front hosebed preconnect to be extended to the rear of the hosebed area terminating 4" short from the rear. Includes smooth plate cover. Location: Left and right.	\$ 821.00
DISCHARGES AND PRECONNECT	4415-1307	This code includes 2 1.5" discharges with Akron swing valves , 1 2.5" intake Akron valve, 2 IC 1/4 turn bleeders , 2 2.5" IC gauges 0-400	\$ 23,906.00
DISCHARGES AND PRECONNECT	4415-1308	Discharge, Left rear, 2.5" Akron, control at valve, Wildland, Santa Fe . For use with CAFS capable discharge.	\$ 2,285.00
DISCHARGES AND PRECONNECT	4415-1309	Front jumpline swivel to be Stainless Steel recessed and on top of the driver side bumper, outboard so swivel will clear raised lid and tray.	\$ 674.00
DISCHARGES AND PRECONNECT	4415-1310	3" Deck gun discharge with Akron electric valve. Rearward body/pump module area on rear mount pump. Requires valve controller option. Location [#LOC].	\$ 4,340.00
DISCHARGES AND PRECONNECT	4415-1311	4" Left front hosebed discharge with 3" valve. Includes 4" piping a 4" FNPT x 4" MNST chrome adaptor with cap.	\$ 5,143.00
DISCHARGES AND PRECONNECT	4415-1312	Preconnect extension (Each). The front hosebed preconnect to be extended 10" from the rear of the hosebed area. Includes smooth plate cover with slots for ventilation. Location: [#LOC]	\$ 821.00
DISCHARGES AND PRECONNECT	4415-1313	1.5" single Speedlay with Akron Manual Valve.	\$ 2,098.00
DISCHARGES AND PRECONNECT	4415-1315	2.5" Front bumper discharge Akron manual valve with Akron 2.5" x (2) 1.5" gated wye located driver side inside the center tray.	\$ 6,814.00
DISCHARGES AND PRECONNECT	4415-1316	3" Front Bumper Discharge Akron Manual Valve. Location; Driver side with a fix 90 degree elbow on top of bumper outboard.	\$ 7,140.00
DISCHARGES AND PRECONNECT	4415-1317	Triple Speedlay (2) 1.5" and (1) 2.5" with Akron Manual Valve. 2.5" speedlay to be located Rearward	\$ 8,564.00
DISCHARGES AND PRECONNECT	4415-1318	3" Auxillary Waterway Discharge with 3" Elkhart Electric Valve Plumbed from foam manifold and "Y" into w/way pipe downstream from main w/way discharge valve.	\$ 7,838.00
DISCHARGES AND PRECONNECT	4415-1319	3" Front Bumper Discharge Akron Manual Valve. Location; Officer side below bumper	\$ 4,840.00
DISCHARGES AND PRECONNECT	4415-1321	4" Deck gun discharge w/ 6" electric Akron valve. Requires valve controller option and 4" Monitor. [Industrial only] Located right rear	\$ 10,703.00
DISCHARGES AND PRECONNECT	4415-1322	4" Deck gun discharge w/ 6" electric Akron valve. Requires valve controller option and 4" Monitor. [Industrial only] Located left rear	\$ 10,703.00
DISCHARGES AND PRECONNECT	4415-1323	Diamond plate cover for exposed piping for the crosslays .	\$ 1,147.00
DISCHARGES AND PRECONNECT	4415-1325	2.5" Left Rear Discharge Akron Electric Valve requires valve controller selected . Location: [#LOC].	\$ 6,575.00
DISCHARGES AND PRECONNECT	4415-1326	5" Right Panel discharge w/Jamesbury 5" valve hand wheel control.	\$ 10,531.00
DISCHARGES AND PRECONNECT	4415-1327	1.5" Front Hosebed Discharge Elkhart Electric UBEC3 Valve to read flow, and pressure. Location: [#LOC]	\$ 9,713.00
DISCHARGES AND PRECONNECT	4415-1330	2.5" Left Pump Panel Discharge Electric Valve with 30 degree droop.Requires Valve Controller selection Location: [#LOC]	\$ 6,695.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1331	2.5" Right Pump Panel Discharge Electric Elkhart Valve with 30 degree droop Requires Valve Controller selection . Location: [#LOC]	\$ 6,695.00
DISCHARGES AND PRECONNECT	4415-1332	Left Front Hosebed Discharge 2.5" Elkhart Unibody Valve.Requires Valve controller Selection	\$ 7,266.00
DISCHARGES AND PRECONNECT	4415-1333	Right Front Hosebed Discharge 2.5" Elkhart Unibody Valve Requires Valve Controller Selection	\$ 7,266.00
DISCHARGES AND PRECONNECT	4415-1334	1.5" Front Hosebed Discharge Elkhart Electric Requires Valve Controller Selection Location: [#LOC]	\$ 6,368.00
DISCHARGES AND PRECONNECT	4415-1335	2.5" Front bumper discharge Akron manual valve. Non-swivel fixed 90 degree Driver side outboard	\$ 3,605.00
DISCHARGES AND PRECONNECT	4415-1336	2.5" Preconnect discharge with Akron manual valve and 2.5" plumbing to 2.5" swivel. Location: driver side ladder tunnel.	\$ 3,843.00
DISCHARGES AND PRECONNECT	4415-1337	5" Right Pump Panel Storz Discharge with 4" Akron Electric Valve. Include 4" FNST X 5" Storz 30 degree elbow adapter with cap. (Recess to clear roll up door with adapter).Requires valve controller option. Location:Right pump panel.	\$ 9,674.00
DISCHARGES AND PRECONNECT	4415-1338	1.5" Crosslay Elkhart Manual Valve W/ no swivel for under the crosslay Location: [#LOC].	\$ 2,068.00
DISCHARGES AND PRECONNECT	4415-1339	4" Left Pump Panel Discharge with 3" Akron Manual Valve (Waterous pumps noted location to be forward lower port). Location: [#LOC].	\$ 3,844.00
DISCHARGES AND PRECONNECT	4415-1340	4" Right Pump Panel Discharge with 4" Elkhart Unibody Manual Valve. (Waterous pumps noted location to be forward lower port.) Controlled by a Trident Handwheel control . Location Right Side Discharge 1	\$ 9,305.00
DISCHARGES AND PRECONNECT	4415-1341	Quad Speedlay (3) 1.5" / (1) 2.5" with Akron Manual Valves.	\$ 7,610.00
DISCHARGES AND PRECONNECT	4415-1342	4" Left Pump Panel Storz Discharge with 3" Akron Manual Valve. Include 3" FNST X 4" Storz 30 degree elbow adapter with cap. (Waterous pumps noted location to be forward lower port). Location: [#LOC].	\$ 4,894.00
DISCHARGES AND PRECONNECT	4415-1343	2.5" Front Hosebed Discharge Akron Manual Valve. Location; Driver side of center hosebed up approximately 14" from floor of hosebed..	\$ 2,945.00
DISCHARGES AND PRECONNECT	4415-1344	2.5" Panel discharge w/ Akron electric 3" valve and 2.5" cap. Requires valve controller option. Location: [#LOC].	\$ 6,141.00
DISCHARGES AND PRECONNECT	4415-1345	3" Auxillary Waterway Discharge Akron Elect Valve. Plumbed from foam manifold and "WYE" into w/way pipe downstream from main w/way discharge valve. Requires valve controller selection .	\$ 8,980.00
DISCHARGES AND PRECONNECT	4415-1346	3" Rear panel discharge with Akron electric valve Requires controller selection For use with rear mount pump. Location [#LOC].	\$ 6,354.00
DISCHARGES AND PRECONNECT	4415-1347	1.5" Crosslay w/ Elkhart electric Unibody valve. Requires valve controller option. Location: [#LOC].	\$ 3,954.00
DISCHARGES AND PRECONNECT	4415-1348	2.5" Crosslay w/ Elkhart electric Unibody valve. Requires valve controller option. Location: [#LOC].	\$ 4,031.00
DISCHARGES AND PRECONNECT	4415-1349	2.5" Panel discharge w/ Elkhart electric Unibody valve and cap. Requires valve controller option. Location: [#LOC].	\$ 5,234.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1350	2.5" Panel discharge w/ Elkhart electric Unibody valve, 30 degree droop and cap. Requires valve controller option. Location: [#LOC].	\$ 5,958.00
DISCHARGES AND PRECONNECT	4415-1351	3" Panel discharge w/ Elkhart electric Unibody valve, 30 degree droop and cap. Requires valve controller option. Location: [#LOC].	\$ 7,039.00
DISCHARGES AND PRECONNECT	4415-1352	3" Panel discharge w/ Elkhart electric Unibody valve and cap. Requires valve controller option. Location: [#LOC].	\$ 6,611.00
DISCHARGES AND PRECONNECT	4415-1353	4" panel discharge w/3" Elkhart electric Unibody Valve and cap (Waterous pumps noted location to be forward lower port). Requires valve controller option. Location: [#LOC]	\$ 7,186.00
DISCHARGES AND PRECONNECT	4415-1354	4" panel discharge w/3" Elkhart electric Unibody valve, 30 degree droop and cap (Waterous pumps noted location to be forward lower port). Requires valve controller option. Location: [#LOC]	\$ 7,623.00
DISCHARGES AND PRECONNECT	4415-1355	4" Panel discharge w/ Elkhart electric Unibody valve and cap (Waterous pumps noted location to be forward lower port). Requires valve controller option. Location: [#LOC].	\$ 8,530.00
DISCHARGES AND PRECONNECT	4415-1356	5" panel discharge w/3" Elkhart electric Unibody Valve and cap (Waterous pumps noted location to be forward lower port). Requires valve controller option. Location: [#LOC].	\$ 8,663.00
DISCHARGES AND PRECONNECT	4415-1357	5" panel discharge w/4" Elkhart electric Unibody Valve and cap (Waterous pumps noted location to be forward lower port). Requires valve controller option. Location: [#LOC].	\$ 9,634.00
DISCHARGES AND PRECONNECT	4415-1358	5" Panel discharge w/ Elkhart electric Unibody valve and cap (Waterous pumps noted location to be forward lower port). Requires valve controller option. Location: [#LOC].	\$ 9,726.00
DISCHARGES AND PRECONNECT	4415-1359	6" Panel discharge w/ Elkhart electric Unibody valve and cap (Waterous pumps noted location to be forward lower port). Requires valve controller option. Location: [#LOC].	\$ 11,126.00
DISCHARGES AND PRECONNECT	4415-1360	3" Deck gun discharge w/ Elkhart Unibody electric valve. Requires valve controller option. Includes MNPT termination.	\$ 6,713.00
DISCHARGES AND PRECONNECT	4415-1361	4" Deck gun discharge w/ Elkhart Unibody electric valve. Requires valve controller option. Includes MNPT termination.	\$ 10,075.00
DISCHARGES AND PRECONNECT	4415-1362	6" Deck gun discharge w/ Elkhart Unibody electric valve. Requires valve controller option and 6" monitor.	\$ 11,859.00
DISCHARGES AND PRECONNECT	4415-1363	8" Deck gun discharge w/ Elkhart Unibody electric valve. Requires valve controller option and 8" monitor.	\$ 15,775.00
DISCHARGES AND PRECONNECT	4415-1364	3" Deck gun discharge with Akron electric valve. Forward body area on rear mount pump. Requires valve controller option. Location [#LOC].	\$ 5,573.00
DISCHARGES AND PRECONNECT	4415-1365	3" Deck gun discharge with Elkhart electric Unibody valve. Forward body area on rear mount pump. Requires valve controller option. Location [#LOC].	\$ 6,041.00
DISCHARGES AND PRECONNECT	4415-1366	3" Deck gun discharge with Elkhart electric Unibody valve. Rearward body/pump module area on rear mount pump. Requires valve controller option. Location [#LOC].	\$ 4,809.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1367	4" Rear deck gun discharge w/ Elkhart Unibody electric valve. Option tee's off 6" rear discharge. Requires valve controller option and 6" rear discharge (Industrial only). Location: [#LOC].	\$ 11,422.00
DISCHARGES AND PRECONNECT	4415-1368	4" Rear discharge w/ Elkhart Unibody electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 7,975.00
DISCHARGES AND PRECONNECT	4415-1369	4" rear discharge w/5" Akron electric valve. Requires valve controller option. Location: [#LOC].	\$ 7,501.00
DISCHARGES AND PRECONNECT	4415-1370	5" Rear discharge w/ Elkhart Unibody electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 10,409.00
DISCHARGES AND PRECONNECT	4415-1371	6" Rear discharge w/ Elkhart Unibody electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 11,332.00
DISCHARGES AND PRECONNECT	4415-1372	4" rear discharge w/5" Elkhart Unibody electric valve. Requires valve controller option. Location: [#LOC].	\$ 7,501.00
DISCHARGES AND PRECONNECT	4415-1373	4" waterway discharge w/ 3" Elkhart Unibody electric valve. Requires valve controller option.	\$ 6,801.00
DISCHARGES AND PRECONNECT	4415-1374	4" waterway discharge w/ Elkhart Unibody electric valve. Requires valve controller option.	\$ 8,334.00
DISCHARGES AND PRECONNECT	4415-1375	2.5" preconnect discharge with Elkhart Unibody electric valve. Includes swivel style connection. Requires valve controller option. Location: [#LOC].	\$ 4,261.00
DISCHARGES AND PRECONNECT	4415-1376	1.5" preconnect discharge with Elkhart unibody electric valve. Includes swivel style connection. Requires valve controller option. Location: [#LOC].	\$ 4,120.00
DISCHARGES AND PRECONNECT	4415-1377	2.5" preconnect discharge with Akron electric valve. Includes swivel style connection. Requires valve controller option. Location: [#LOC].	\$ 3,792.00
DISCHARGES AND PRECONNECT	4415-1378	1.5" preconnect discharge with Akron electric valve. Includes swivel style connection. Requires valve controller option. Location: [#LOC].	\$ 3,650.00
DISCHARGES AND PRECONNECT	4415-1379	2.5" Front Bumper Discharge Akron Manual Valve. Location; 3" front bumper discharge piped through the Driver side of the bumper	\$ 7,418.00
DISCHARGES AND PRECONNECT	4415-1380	Double 1.5" Speedlay w/2" Elkhart Electric Unibody Valves (Requires valve controller option)	\$ 9,126.00
DISCHARGES AND PRECONNECT	4415-1382	3" Front Bumper Discharge Akron Manual Valve. Location; Driver side with a swivel elbow on top of bumper.	\$ 7,140.00
DISCHARGES AND PRECONNECT	4415-1383	3" Rear Discharge Elkhart Electric Unibody Valve Location. Requires valve controller selection: [#LOC]	\$ 6,901.00
DISCHARGES AND PRECONNECT	4415-1385	2.5" Crosslay Elkhart Unibody Manual Valve. Location: [#LOC]	\$ 2,773.00
DISCHARGES AND PRECONNECT	4415-1386	4" Left Pump Panel Discharge with 3" Akron Manual Valve (Waterous pumps noted location to be forward lower port). Location: left side discharge 1.	\$ 3,844.00
DISCHARGES AND PRECONNECT	4415-1387	3" Rear discharge w/ Akron electric valve and cap. Requires valve controller option. Location Behind Turntable Access door on Drivers side, Recessed 8" forward from rear of body .	\$ 6,547.00
DISCHARGES AND PRECONNECT	4415-1388	2.5" Single Speedlay with Akron manual located on Top Mount Module	\$ 2,632.00
DISCHARGES AND PRECONNECT	4415-1389	2" Left Rear Discharge Akron Manual Valve. Location: [#LOC].	\$ 2,383.00
DISCHARGES AND PRECONNECT	4415-1390	Akron 3" foam system discharge with Handwheel Control. Location: Officer side pump panel.	\$ 4,083.00

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1391	1.5" Front Bumper Crosslay Discharge with Darley electric auto valve CAFS controller.	\$ 9,979.00
DISCHARGES AND PRECONNECT	4415-1393	2.5" Front Bumper Crosslay Discharge Akron valve with Darley electric auto valve CAFS controller.	\$ 11,066.00
DISCHARGES AND PRECONNECT	4415-1394	2.5" Crosslay Akron Valve with Darley electric auto valve CAFS controller.. Location: [#LOC].	\$ 10,529.00
DISCHARGES AND PRECONNECT	4415-1395	2.5" front hose bed discharge Akron valve with Darley electric auto valve CAFS controller. Location: [#LOC].	\$ 10,571.00
DISCHARGES AND PRECONNECT	4415-1396	2.5" Pump Panel Discharge Akron Valve with Darley electric auto valve CAFS controller. Location: [#LOC].	\$ 10,571.00
DISCHARGES AND PRECONNECT	4415-1397	3" Auxillary Waterway Discharge Akron Valve valve with Darley electric auto valve CAFS controller. Plumbed from foam manifold and "Y" into w/way pipe downstream from main w/way discharge valve.	\$ 10,716.00
DISCHARGES AND PRECONNECT	4415-1398	4" Deck Gun Discharge Outlet with 6" Electric Elkhart Valve and plumbing. Require 4" Monitor. Requires valve controller selection	\$ 12,170.00
DISCHARGES AND PRECONNECT	4415-1399	1.5" Left Front Hosebed w/2" Akron Electric Valve Requires valve controller selection	\$ 5,818.00
DISCHARGES AND PRECONNECT	4415-1400	Decontamination discharge 3/4" with valve; non-heated. Includes pressure reducing valve. Location- rear mount pump panel	\$ 584.00
DISCHARGES AND PRECONNECT	4415-1401	1.5" Front Bumper Discharge Elkhart Electric Valve. Requires valve controller option.	\$ 3,108.00
DISCHARGES AND PRECONNECT	4415-1402	2" Rear Discharge Akron Manual Valve. Handwheel controlled Location: [#LOC].	\$ 3,973.00
DISCHARGES AND PRECONNECT	4415-1403	6" Waterway Discharge with 6" Akron Electric Valve Requires valve controller selection. Piping to run through tank sleeve.	\$ 12,134.00
DISCHARGES AND PRECONNECT	4415-1404	2.5" Front Bumper Discharge w/3" Akron Electric Valve. Include 2.5" plumbing back of cab to 2.5" swivel. to be used as forward crosslay . Requires valve controller option	\$ 8,594.00
DISCHARGES AND PRECONNECT	4415-1405	Double 1.5" Speedlay w/2" and 2.5" rearward Elkhart Manual Unibody Valve.	\$ 4,147.00
DISCHARGES AND PRECONNECT	4415-1406	3" Right Pump Panel Discharge Waterous Manual Valve. Location: [#LOC]	\$ 4,142.00
DISCHARGES AND PRECONNECT	4415-1407	1.5" Left Rear Discharge W/ 2.5" Waterous Manual Valve. Location: [#LOC]	\$ 2,869.00
DISCHARGES AND PRECONNECT	4415-1408	1.5" front bumper Discharge W/ 2.5" Waterous Manual Valve.	\$ 2,869.00
DISCHARGES AND PRECONNECT	4415-1409	3" Deck Gun Discharge Waterous Handwheel Control 3.5" valve w/ 3" plumbing. (the outlet shall terminate with MNPT threads)	\$ 6,052.00
DISCHARGES AND PRECONNECT	4415-1410	1.5" Crosslay w/2.5" Waterous manual valve. Location: [#LOC].	\$ 2,470.00
DISCHARGES AND PRECONNECT	4415-1411	2.5" Crosslay Waterous Manual Valve. Location: [#LOC].	\$ 2,790.00
DISCHARGES AND PRECONNECT	4415-1412	Triple speedlay 1.5" w/ Akron electric valves. Requires valve controller option.	\$ 8,467.00
DISCHARGES AND PRECONNECT	4415-1413	Speedlays to have (2) 2.5" and (1) 1.5" . Locate (1) 2.5" upper location and (1) 2.5 & (1) 1.5" lower . Requires Valve controller Selection	\$ 19,901.00
DISCHARGES AND PRECONNECT	4415-1414	2.5" Rear Mount Pump Panel Discharge Akron Electric Valve. Requires valve controller Location: [#LOC]	\$ 7,133.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1415	Triple Speedlay (1) 1.5" and (2) 2.5" with Akron Manual Valve. 2.5" speedlays to be located in middle and bottom positions.	\$ 8,564.00
DISCHARGES AND PRECONNECT	4415-1416	5" Right Pump Panel Discharge with 4" Akron Valve with Trident Handwheel Control. Location: Right side discharge 1.	\$ 9,290.00
DISCHARGES AND PRECONNECT	4415-1418	Triple 1.5" Speedlay w/2" Elkhart Electric Unibody Valves (Requires valve controller option)	\$ 13,687.00
DISCHARGES AND PRECONNECT	4415-1419	5" Panel discharge w/ 4" Akron electric valve. Includes a 4" FNSTX 5" STORZ elbow adapter with cap. Requires valve controller option. Location: [#LOC].	\$ 9,164.00
DISCHARGES AND PRECONNECT	4415-1420	2.5" Auxiliary Left Hosebed Discharge manual valve. Plumbed from foam manifold and "Y" into left hosebed discharge pipe downstream from main hosebed discharge valve.	\$ 2,945.00
DISCHARGES AND PRECONNECT	4415-1421	Triple speedlay with (1) 1.5" and (1) 2.5" in lower storage area and (1) 1.5" in upper storage area. All with Akron electric valves.Requires valve controller selection	\$ 12,418.00
DISCHARGES AND PRECONNECT	4415-1422	1.5" single Speedlay with Akron Manual Valve.	\$ 2,312.00
DISCHARGES AND PRECONNECT	4415-1423	1.5" Right Discharge Electric Akron Valve down low (Requires Valve Controller), [#LOC].	\$ 4,430.00
DISCHARGES AND PRECONNECT	4415-1424	1.5" Left Discharge Electric Akron Valve down low (Requires Valve Controller), [#LOC].	\$ 4,430.00
DISCHARGES AND PRECONNECT	4415-1425	4" Pump Panel Discharge Akron Electric Valve with 30 Degree Droop (Waterous pumps noted location to be forward lower port) Location: [#LOC] (Requires valve controller Selection)	\$ 8,338.00
DISCHARGES AND PRECONNECT	4415-1426	1.5" Rear discharge w/ 2" Akron electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 4,620.00
DISCHARGES AND PRECONNECT	4415-1427	Front jumpline swivel to be raised so the swivel and the hose connected is over the raised tray and doesn't interfere with the operation.	\$ 674.00
DISCHARGES AND PRECONNECT	4415-1428	5" Panel discharge w/ 4" Akron electric valve. Includes a 4" FNPT X 5" STORZ adapter with cap. Requires valve controller option. Location: [#LOC].	\$ 9,164.00
DISCHARGES AND PRECONNECT	4415-1430	2.5" Front Bumper Discharge w/3" Akron Electric Valve. Discharge to come through the bumper Driver Side . Requires valve controller option	\$ 8,594.00
DISCHARGES AND PRECONNECT	4415-1431	5" Panel discharge w/ 4" Akron electric valve. Includes a 4" FNST X 5" STORZ elbow adapter with cap. Requires valve controller option. Location: [#LOC].	\$ 9,164.00
DISCHARGES AND PRECONNECT	4415-1432	2" Right Rear Discharge Akron Manual Valve. Location: [#LOC].	\$ 2,383.00
DISCHARGES AND PRECONNECT	4415-1433	2" Left Rear Hosebed 2 Discharge Akron Manual Valve	\$ 6,018.00
DISCHARGES AND PRECONNECT	4415-1434	1.5" Front Bumper Discharge Elkhart Electric Valve. For Rear mount pumpers. Requires valve controller option.	\$ 3,744.00
DISCHARGES AND PRECONNECT	4415-1435	2.5" Front bumper discharge Akron manual valve. Non-swivel fixed 90 degree Driver side outboard coming into the tray NST threads through the side wall	\$ 3,605.00
DISCHARGES AND PRECONNECT	4415-1436	2" right Rear Hosebed Discharge Akron Manual Valve	\$ 3,010.00
DISCHARGES AND PRECONNECT	4415-1437	1.5" Double Speedlay with Akron Manual Valves. speedlays to exit under the speedlay trays top speedlay out the officer side and bottom speedlay out the driver side	\$ 3,831.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1438	"capped 2.5" discharge outlet for future installation of customer specific discharge. Dealer responsible for modification/rework as needed.	\$ 2,359.00
DISCHARGES AND PRECONNECT	4415-1439	1.5" Panel discharge w/ 2" Elkhart electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 4,620.00
DISCHARGES AND PRECONNECT	4415-1440	The hosebed preconnect shall be extended to the rear of the hosebed area. End of pipe with adapter and cap installed shall be extended 1.5" over the end of the hosebed. A protective cover with slots for ventilation shall be provided to protect the preconnect piping and the hose stored in the area. Location: [#LOC]	\$ 821.00
DISCHARGES AND PRECONNECT	4415-1441	The hosebed preconnect shall be extended to the rear of the hosebed area. End of pipe with adapter and cap installed 4" back from the end of the hosebed and shall not protrude past the rear of the body. A protective cover with slots for ventilation shall be provided to protect the preconnect piping and the hose stored in the area. Location: [#LOC]	\$ 821.00
DISCHARGES AND PRECONNECT	4415-1443	4" Right Pump Panel Storz Discharge with 4" Akron Electric Valve. Include 4" FNST X 4" Storz 30 degree elbow adapter with cap. (Recess to clear roll up door with adapter).Requires valve controller option. Location:RS Discharge 1	\$ 9,674.00
DISCHARGES AND PRECONNECT	4415-1444	4" Officer side discharge #1. Rearward of steamer and includes 30 degree droop, 4" Akron full flow valve with 4" driver side hand wheel control.	\$ 7,674.00
DISCHARGES AND PRECONNECT	4415-1445	Decontamination discharge 3/4" with valve; heated. Includes pressure reducing valve, heat exchanger, and thermostatic mixing valve. Location:B1 compartment	\$ 3,108.00
DISCHARGES AND PRECONNECT	4415-1446	2.5" Right Rear Discharge Waterous Manual Valve. w/rack and sector. Location: [#LOC].	\$ 3,460.00
DISCHARGES AND PRECONNECT	4415-1447	2.5" Left Rear Discharge Waterous Manual Valve. w/rack and sector. Location: [#LOC].	\$ 3,460.00
DISCHARGES AND PRECONNECT	4415-1448	Waterous 2.5" foam system discharge with swing handle. For use with Williams Advent or Hot Shot foam systems. Locate to [#LOC].	\$ 2,860.00
DISCHARGES AND PRECONNECT	4415-1449	4" Deck gun discharge w/ 6" Jamesbury valve handwheel control. Requires 4" Monitor. [Industrial only]	\$ 12,729.00
DISCHARGES AND PRECONNECT	4415-1450	2.5" Rear discharge w/ Elkhart Unibody electric valve and cap. Requires valve controller option. Location: [#LOC].	\$ 5,112.00
DISCHARGES AND PRECONNECT	4415-1451	2.5" Front bumper discharge w/ Elkhart Unibody electric valve. Requires valve controller option.	\$ 5,321.00
DISCHARGES AND PRECONNECT	4415-1452	6" waterway discharge w/Elkhart Unibody electric valve. Requires valve controller option.	\$ 10,669.00
DISCHARGES AND PRECONNECT	4415-1453	3" Left Pump Panel Discharge Akron Manual Valve (Waterous pumps noted location to be forward lower port). Location: [#LOC].	\$ 3,482.00
DISCHARGES AND PRECONNECT	4415-1454	2.5" right front hose bed discharge Akron manual valve. Location; Discharge to be routed to the rear of the fill towers on top of the secondary hosebed on top of the hard suction storage.	\$ 2,945.00
DISCHARGES AND PRECONNECT	4415-1455	1.5" Rear Bumper Crosslay Discharge Akron Manual Valve.	\$ 3,108.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1456	2.5" Preconnect with Akron Manual w/3" Akron Valve, 3" plumbing. With 2.5" swivel style connection. Location: [#LOC].	\$ 3,677.00
DISCHARGES AND PRECONNECT	4415-1457	4" Pump Panel Discharge Akron Valve with Trident Handwheel Control. Include 30 degree droop. (Waterous pumps noted location to be forward lower port.) Location: [#LOC].	\$ 8,911.00
DISCHARGES AND PRECONNECT	4415-1458	2.5" Front Bumper Crosslay Discharge Akron Manual Valve.	\$ 5,039.00
DISCHARGES AND PRECONNECT	4415-1460	Shower head and controls. 2.5 GPM Shower System with Shower Head, Cross Handles, Gooseneck Shower Arm.	\$ 1,240.00
DISCHARGES AND PRECONNECT	4415-1461	The hosebed preconnect shall be extended to the rear of the hosebed area. End of pipe with adapter and cap installed shall be flush with the end of the hosebed and shall not protrude past the rear of the body. A protective cover with no slots shall be provided to protect the preconnect piping and the hose stored in the area. Location: [#LOC]	\$ 821.00
DISCHARGES AND PRECONNECT	4415-1462	Polished Stainless Steel Swivel Located on Top of Bumper to be recess 2".	\$ 343.00
DISCHARGES AND PRECONNECT	4415-1465	Right rear discharge plumbing to transition from behind B1 into R3 and out the rear panel below the ladder tunnel.	\$ 767.00
DISCHARGES AND PRECONNECT	4415-1466	2.5" preconnect discharge with Akron manual valve. Location: Driver side roof compartment.	\$ 2,762.00
DISCHARGES AND PRECONNECT	4415-1467	1.5" Front Bumper Crosslay Discharge Akron Manual Valve. Includes Akron valve pressure gauge, bleeder, and blow out on pump operator panel. Discharge line to terminate just below driver side of pump module (line is for use with dealer installed bumper discharge. Dealer responsible for plumbing application and any additional length of line or connectors). Secure line as required and cap.	\$ 4,405.00
DISCHARGES AND PRECONNECT	4415-1468	4" Right Pump Panel Discharge Akron 3.5" Valve manual Control(Waterous pumps noted location to be forward lower port). Location:Officer Side Discharge 1	\$ 4,886.00
DISCHARGES AND PRECONNECT	4415-1469	2.5" Left Rear Discharge Waterous Manual Hand Wheel Valve. Location: [#LOC]	\$ 6,409.00
DISCHARGES AND PRECONNECT	4415-1470	2.5" Front bumper discharge with Waterous hand wheel control valve.	\$ 7,160.00
DISCHARGES AND PRECONNECT	4415-1472	5" Right Pump Panel Discharge with 3" Akron Manual Valve w/Droop. Include a 3"FNST swivel x 5" NST with cap. Location: [#LOC].	\$ 5,120.00
DISCHARGES AND PRECONNECT	4415-1473	2.5" Front Bumper Discharge w/3" Akron Manual Valve. Location; 2.5" front bumper discharge piped through the front bumper officer side.	\$ 7,418.00
DISCHARGES AND PRECONNECT	4415-1474	Decontamination 1.5" inlet W/NPSH threads. Include pressure reducing valve set at 50psi plumb to distribution manifold with (4) outlets. Location: Driver side L4 compartment (Water supply will be from hydrant or another apparatus).	\$ 6,294.00
DISCHARGES AND PRECONNECT	4415-1475	Third Left Front Hosebed Discharge 1.5" w/2" Elkhart Unibody Manual Valve	\$ 2,041.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
DISCHARGES AND PRECONNECT	4415-1476	2.5" Front bumper discharge Akron manual valve. Include a three way diverter/selector valve recess under the gravel shield at the bumper on driver side. There shall be (1) 1.5" discharge plumb to center tray with swivel, and (1) 1.5" discharge straight out the 45 degree angle at the front bumper with cap driver side bumper. Recessed cut out in gravel shield to have a lid for selector valve.	\$ 5,980.00
DISCHARGES AND PRECONNECT	4415-1477	4" Right Pump Panel Storz Discharge with 4" Akron Electric Valve. Include 4" FNST X 4" Storz 30 degree elbow adapter with cap. (Recess to clear roll up door with adapter). Requires valve controller option. Location: RS Discharge 2	\$ 9,674.00
DISCHARGES AND PRECONNECT	4415-1478	2.5" Front Bumper Discharge Akron Manual Valve. Location; Officer side below bumper.	\$ 4,840.00
DISCHARGES AND PRECONNECT	4415-1479	4" Front bumper discharge w/4" Akron Electric valve and plumbing and fixed 90 degree elbow above bumper . Include a 9333 valve controller.	\$ 13,350.00
DISCHARGES AND PRECONNECT	4415-1480	The hosebed preconnect shall be extended to the rear of the hosebed area. End of pipe with adapter and cap installed and shall be held short as specified. A protective cover with slots for ventilation shall be provided to protect the preconnect piping and the hose stored in the area. Location: [#LOC]	\$ 821.00
DISCHARGES AND PRECONNECT	4415-1481	2.5" Rear Rearmount preconnect with Akron electric valve. Requires valve controller Locate [#LOC]	\$ 6,066.00
DISCHARGES AND PRECONNECT	4415-1482	2.5" Crosslay w/ Akron electric valve and no swivel. Requires valve controller option. Location: [#LOC].	\$ 5,074.00

ELECTRIC CORD REELS	5130-0036	Diamond plate cord reel cover over reel. Use rollers provided with reel on cover IPO E-One supplied if applicable. Location: [#LOC]	\$ 1,235.00
ELECTRIC CORD REELS	5130-0038	Junction box Circle-D with (2) L5-20 twist lock and (2) 5-20 110Volt straight blade duplex receptacles. Located on cord for reel in [#LOC].	\$ 1,492.00
ELECTRIC CORD REELS	5130-0039	Bracket for rollers. A support bracket for rollers shall be provided up high at compt opening for reel(s) in [#LOC].	\$ 542.00
ELECTRIC CORD REELS	5130-0040	Hannay PWM (Pulse Width Modulator) control for reel. Mounted next to switch for cord reel in [#LOC].	\$ 1,328.00
ELECTRIC CORD REELS	5130-0041	Cord reel rollers bracket mounted for reel located: [#LOC].	\$ 710.00
ELECTRIC CORD REELS	5130-0042	Junction box Circle-D with four (4) 3-wire Nema 5-20 110Volt 20 Amp duplex receptacles. Located on cord for reel in [#LOC].	\$ 1,650.00
ELECTRIC CORD REELS	5130-0044	Junction box Akron with (2) 5-20 125v 20 Amp duplex recepts and (2) L5-20 125v 20 Amp twist lock recepts. Located on cord for reel in [#LOC].	\$ 1,176.00
ELECTRIC CORD REELS	5130-0045	Akron model EJB-VMT-TP mounting box. Mount at final or ship loose (customer preference). Locate box for use with reel in or on [#LOC].	\$ 578.00
ELECTRIC CORD REELS	5130-0046	Junction box Circle-D with one (1) 5-20 straight blade and three (3) L5-20 twist lock receptacles. Box wired as 240v with individual circuit breakers on box. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0047	Cord reel rollers mounted thru panel. Location: Centered next to generator door panel.	\$ 1,003.00
ELECTRIC CORD REELS	5130-0048	Junction box Circle-D with (2) NEMA 5-20 120V GFCI duplex and (2) NEMA L6-20 220V twist lock receptacles. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0049	Cord reel electric for 200' of 10/3 cable. Cable not included. Location(s): [#LOC]	\$ 4,349.00
ELECTRIC CORD REELS	5130-0050	Mounting bracket for Circle D junction boxes. Shall be mounted in close proximity to the applicable cord reel.	\$ 605.00
ELECTRIC CORD REELS	5130-0051	Junction box Circle-D with (2) 5-15 straight blade and (2) L5-15 twist lock receptacles. Box to have individual circuit breakers on box. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0053	Electric Cord Reel Levelwind. Device to help evenly wrap cable on reel, for use with straight line pulls only.	\$ 7,086.00
ELECTRIC CORD REELS	5130-0054	Cord reel electric with 200' of 8/3 black cable. Locate [#LOC]	\$ 7,373.00
ELECTRIC CORD REELS	5130-0055	Rollers for cord reel, mounted on support bracket. For use with reel located in or on [#LOC].	\$ 710.00

ELECTRIC CORD REELS	5130-0169	Junction box Circle-D with (3) 5-15 household and (1) L5-15 110Volt twist lock receptacles. Located on cord for reel in [#LOC].	\$ 1,492.00
ELECTRIC CORD REELS	5130-0170	Junction box Akron with four (4) 5-20 110 volt 20 amp household GFCI receptacles. Includes 12" pigtail with L5-20 connector and rubber feet. Located on cord for reel in [#LOC].	\$ 1,176.00
ELECTRIC CORD REELS	5130-0171	Junction box Akron with two (2) 5-20 110 volt 20 amp household and two (2) 5-15 110 volt 15 amp household GFCI receptacles. Includes 12" pigtail with L5-20 connector and rubber feet. Located on cord for reel in [#LOC].	\$ 1,176.00
ELECTRIC CORD REELS	5130-0172	Hannay model #EH-716 captive type nylon roller mounted on a hinged bracket. Mounted on the inner door pans of compartments L3/R3 and L6/R6. Total of (8).	\$ 1,735.00
ELECTRIC CORD REELS	5130-0173	Junction box, Daniel Woodhead, with four (4) NON-NEMA 3P/3W, 20A 120V/250V twist lock receptacles. Located on cord for reel in [#LOC].	\$ 2,366.00
ELECTRIC CORD REELS	5130-0175	Junction box Akron with (1) 5-20 125v 20 Amp duplex recepts and (3) L5-20 125v 20 Amp twist lock recepts. Located on cord for reel in [#LOC].	\$ 1,176.00
ELECTRIC CORD REELS	5130-0176	Rollers for dealer installed cord reel, mounted through panel. Location(s): [#LOC].	\$ 710.00
ELECTRIC CORD REELS	5130-0177	Prewire for dealer installed cord reel rigged for (10/3) wire from breaker box. Includes: 8' pig tail for (dealer installed) wall mounted rewind switch (if applicable). Locate [#LOC].	\$ 1,686.00
ELECTRIC CORD REELS	5130-0178	Support strut for dealer installed reel. A support strut for dealer installed reel shall be provided in [#LOC].	\$ 669.00
ELECTRIC CORD REELS	5130-0180	Prewire for dealer installed cord reel rigged for (10/3) wire from breaker box. Includes: 8' pig tail for (dealer installed) wall mounted rewind switch (if applicable). Locate [#LOC].	\$ 1,686.00
ELECTRIC CORD REELS	5130-0181	Junction box Circle D with four (4) 3-wire 20 amp receptacles, three (3) twist lock NEMA L 5-20 and one (1) straight blade NEMA 5-20 receptacle. Located on cord for reel in [#LOC].	\$ 1,650.00
ELECTRIC CORD REELS	5130-0182	Cord reel rollers mounted on edge of transverse area, to protect cord as it passes from one side to the other.	\$ 584.00
ELECTRIC CORD REELS	5130-0183	Junction box Circle-D with (2) 5-20 straight blade and (2) L5-20 twist lock receptacles. Box to have individual circuit breakers on box. Located on cord for reel in [#LOC].	\$ 1,880.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
ELECTRIC CORD REELS	5130-0184	Reel, Dual Cord & Air. A CMW 6021 with 200' of 10/4 yellow cord and 140' of 3/8 in. 300 psi working utility air hose. Location [#LOC]. Hose Color: [#COL].	\$ 17,259.00
ELECTRIC CORD REELS	5130-0185	Cord reel electric with 100' of 10/4 black cable. Location: [#LOC].	\$ 3,970.00
ELECTRIC CORD REELS	5130-0186	Junction box Akron with (2) 5-20 125v 20 Amp duplex receipts and (2) L5-20 125v 20 Amp twist lock receipts. Includes a 12" pigtail with L14-20 connector. Located on cord for reel [#LOC].	\$ 1,176.00
ELECTRIC CORD REELS	5130-0187	Cord connector. Fire Power 3 wire 20A/110V female located on 150' of cord for reel in [#LOC].	\$ 1,884.00
ELECTRIC CORD REELS	5130-0188	Cord reel electric Hannay model 1614-17-18 for 150' of 3-wire cable. Cable not included. Location(s): [#LOC].	\$ 4,364.00
ELECTRIC CORD REELS	5130-0189	Cord reel electric low profile with 100' of 12/3 black cable; Hannay model ELFCR1636-10-11-6. Locate [#LOC].	\$ 4,592.00
ELECTRIC CORD REELS	5130-0190	Diamond plate cord reel cover over reel. Includes hinged top with butterfly latch. Use rollers provided with reel on cover IPO E-One supplied if applicable. Location: [#LOC]	\$ 1,235.00
ELECTRIC CORD REELS	5130-0191	Junction box Circle-D with two (2) 20 amp straight blade and two (2) 15 amp twist lock receptacles. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0192	Fabricated diamond plate tray with white ABS interior for junction box. Locate tray for use with reel in or on [#LOC].	\$ 680.00
ELECTRIC CORD REELS	5130-0193	Junction box Akron with (4) NEMA 5-20R 120v 20 Amp duplex receipts. Located on cord for reel in [#LOC].	\$ 1,176.00
ELECTRIC CORD REELS	5130-0194	Junction box Circle-D with 3 twist lock and 1 household receptacle, 2-120V T/L, 1-120V HH, and 1-240V T/L outlets. Located on cord for reel in [#LOC].	\$ 1,841.00
ELECTRIC CORD REELS	5130-0195	Junction box Circle-D with one (1) straight blade and three (3) twist lock receptacles. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0196	Junction box Circle-D with all twist lock, 2-120V and 2-240V outlets. Located on cord for reel in [#LOC].	\$ 1,841.00
ELECTRIC CORD REELS	5130-0197	Junction box Circle-D with three (3) straight blade and one (1) twist lock receptacles. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0199	Cord reel electric with 150' of 8/3 black cable. Locate [#LOC]	\$ 7,373.00
ELECTRIC CORD REELS	5130-0200	Cord reel electric CMW 6015 with 100' of 10/4 yellow cable. Location: inside officer side pump module area.	\$ 9,209.00
ELECTRIC CORD REELS	5130-0201	Cord connector. Hubbell 3 wire NEMA L5-20P male located on the input line of the cord for reel in [#LOC].	\$ 288.00
ELECTRIC CORD REELS	5130-0202	Reel, Dual Cord & Air. A CMW 6031 with 200' of 10/4 yellow cord and 200' of 3/8 in. 300 psi working utility air hose, install 1/4 turn valve to shut off in case of hose failure or leakage.. Location [#LOC]. Hose Color: [#COL].	\$ 17,149.00
ELECTRIC CORD REELS	5130-0203	Rollers, cord/air reel rollers mounted through panel. For reels located in/above: [#LOC].	\$ 710.00
ELECTRIC CORD REELS	5130-0204	Smooth plate cord reel cover over reel, painted job color (two-tone if applicable). Use rollers provided with reel on cover IPO E-One supplied if applicable. Location: [#LOC]	\$ 1,540.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

ELECTRIC CORD REELS	5130-0205	Junction box, Daniel Woodhead, with two (2) NEMA L5-20 110 volt 20 amp twist lock receptacles and two (2) NEMA 5-20 110 volt 20 amp household duplex receptacles. Located on cord for reel in [#LOC].	\$ 2,887.00
ELECTRIC CORD REELS	5130-0206	Junction box Circle-D with (1) NEMA 6-20, (1) NEMA 6-30, (1) NEMA L6-15 and (1) NEMA L6-30 220V receptacles. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0207	Junction box Circle-D with (1) NEMA 6-20, (1) NEMA 6-30, (1) NEMA L6-15 and (1) NEMA L6-30 220V receptacles. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0208	Reel, Dual Cord & Air. A CMW 6011 with 150' of 12/3 yellow cord and 140' of 3/8 in. 300 psi working utility air hose. Location [#LOC]. Hose Color: [#COL].	\$ 16,815.00
ELECTRIC CORD REELS	5130-0209	Junction box Circle-D with one (1) 20 amp straight blade and three (3) 30 amp twist lock receptacles. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0210	Cord connector. Daniel Woodhead 3 wire NEMA L6-30 twist lock female located on cord for reel in [#LOC].	\$ 329.00
ELECTRIC CORD REELS	5130-0211	Junction box Circle-D with (2) NEMA 6-20 and (2) NEMA L6-20 220V receptacles. Located on cord for reel in [#LOC]. Junction box to be High Visibility Yellow.	\$ 1,880.00
ELECTRIC CORD REELS	5130-0212	Junction box Circle-D with two (2) 15 amp straight blade and two (2) 20 amp twist lock receptacles. Included 1' pigtail and mating connectors. Located for reel in [#LOC].	\$ 2,099.00
ELECTRIC CORD REELS	5130-0213	Cord reel electric with 200' of 10/3 black cable model ECR1622-17-18. The reel shall be red in color. Locate [#LOC].	\$ 4,309.00
ELECTRIC CORD REELS	5130-0214	Junction box Circle-D with (1) 5-20 straight blade, and (3) L5-20 twist lock receptacles. Box to have individual circuit breakers on box. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0216	Cord reel dual electric CMW 6022 with 200' of 10/3 yellow cord. Location: [#LOC].	\$ 17,570.00
ELECTRIC CORD REELS	5130-0217	Cord reel electric (ELFCR1620-14-16) with 150' of 10/3 yellow cable. Location(s): [#LOC].	\$ 4,744.00
ELECTRIC CORD REELS	5130-0218	Junction box Akron with (1) Nema # 5-15 Single 15 amp straight blade, (1) Nema # L5-15 Single 15 amp twist Lock, (1) Nema # L5-20 Single 20 amp twist Lock, (1) Nema # 5-20, Single 20 amp straight blade. Located on cord for reel in [#LOC].	\$ 1,283.00
ELECTRIC CORD REELS	5130-0219	Cord reel electric CMW 6015 with 150' of 12/3 yellow cord. Location: [#LOC].	\$ 8,936.00
ELECTRIC CORD REELS	5130-0220	Junction box Circle-D with one (1) 20 amp straight blade, one (1) 15 amp twist lock, and two (2) 20 amp twist lock receptacles. Included 1' pigtail and mating connectors. Located for reel in [#LOC].	\$ 2,099.00
ELECTRIC CORD REELS	5130-0221	Cord reel electric model ECR 1624-14-15 with 200' of 10/4 black cable. Reel will be red in color. Location [#LOC].	\$ 4,850.00
ELECTRIC CORD REELS	5130-0222	Junction box Circle-D with (2) NEMA 5-20 120V GFCI duplex, (1) NEMA L5-20 120V twist lock, and (1) NEMA L6-20 220V twist lock receptacles. Located on cord for reel in [#LOC]. Includes mating connect on pigtail to attach to cord reel.	\$ 1,886.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
ELECTRIC CORD REELS	5130-0223	The indicator light on the Circle D junction box shall be LED in place of standard. Option is each, requires 1 per junction box.	\$ 67.00
ELECTRIC CORD REELS	5130-0224	Cord reel electric with 200' of 8/4 yellow cable. Location(s): [#LOC].	\$ 7,556.00
ELECTRIC CORD REELS	5130-0225	Junction box Circle-D with two (2) 20 amp straight blade and two (2) 30 amp twist lock receptacles. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0226	Cord connector. Mating connector for junction box located on cord for reel in [#LOC]. Requires a separately added connector on the cord reel and a separately added junction box.	\$ 177.00
ELECTRIC CORD REELS	5130-0227	Cord reel electric. Hannay model 1618-17-18 with 200' of 10/4 black cable. Reel color to be red. Includes rewind switch. (Rollers not included) Location: L5 and R5 ceilings, offset forward. Price each.	\$ 5,518.00
ELECTRIC CORD REELS	5130-0228	Junction box Circle-D with (1) NEMA 6-20, (1) NEMA 6-30, (1) NEMA L6-20 and (1) NEMA L6-30 220V receptacles. Located on cord for reel in [#LOC]. Junction box to be High Visibility Yellow.	\$ 1,880.00
ELECTRIC CORD REELS	5130-0229	Junction box Akron with (2) NEMA 5-20 household and (2) NEMA L14-20 120V/240V twist lock receptacle. Located on cord for reel in [#LOC].	\$ 1,377.00
ELECTRIC CORD REELS	5130-0230	Junction box Circle-D with (1) L6-30R twist lock, (1) 5-15R straight blade duplex, and (2) L5-15R twist lock receptacles. Box to have individual circuit breakers on box. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0232	Junction box Circle-D with two (2) 15A straight blade, one (1) 20A straight balde, and one (1) 20A twist lock receptacles. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0233	Junction box Circle-D with (1) NEMA 5-15 120V GFCI duplex, (2) NEMA L5-20 120V twist lock, and (1) NEMA L6-20 220V twist lock receptacles, all with individual circuit breakers. Located on cord for reel in [#LOC].	\$ 1,886.00
ELECTRIC CORD REELS	5130-0234	Cord reel electric with 200' of 8/3 black cable. Locate [#LOC]	\$ 7,373.00
ELECTRIC CORD REELS	5130-0235	Cord reel electric with 200' of 10/5 (.76" OD) black cable. Location [#LOC].	\$ 6,358.00
ELECTRIC CORD REELS	5130-0236	Cord reel electric with 200' of 8/4 black cable. Location(s): [#LOC].	\$ 7,556.00
ELECTRIC CORD REELS	5130-0237	Cord reel electric with 200' of 6/4 black cable. Location(s): [#LOC].	\$ 9,075.00
ELECTRIC CORD REELS	5130-0238	Cord reel electric with 250' of 10/4 yellow cable. Location [#LOC]	\$ 7,214.00
ELECTRIC CORD REELS	5130-0239	Junction box Circle-D High Visibility Yellow, with locations #1 & #4 NEMA L14-30R, locations #2 & #3 NEMA L5-20R-CB with individual circuit breakers. Includes pigtail with L14-30 connector. Located on cord for reel in [#LOC].	\$ 2,289.00
ELECTRIC CORD REELS	5130-0240	Cord connector. Hubbell 30A 125/250V, 3-Pole 4-Wire grounding female connector HBL2713 - NEMA L14-30 twist lock female located on cord for reel in [#LOC].	\$ 467.00
ELECTRIC CORD REELS	5130-0241	Weatherproof Boot, Hubbell HBL6035 - Located on cord for reel in [#LOC].	\$ 170.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

ELECTRIC CORD REELS	5130-0242	Junction box Circle-D with one (1) straight blade and three (3) twist lock receptacles. Located on cord for reel in [#LOC]	\$ 1,880.00
ELECTRIC CORD REELS	5130-0243	Cord connector. Hubbell HBL4729C twist lock female with Hubbell HBL60CM24 weatherproof boot located on cord for reel in [#LOC]	\$ 708.00
ELECTRIC CORD REELS	5130-0244	Junction box Circle-D with four (4) 3-wire NEMA L6-20 220 volt 20 amp twist lock receptacles. Located on cord for reel in [#LOC].	\$ 2,520.00
ELECTRIC CORD REELS	5130-0245	Junction box Circle-D with (1) NEMA 5-20 120V GFCI duplex, (2) NEMA L5-20 120V twist lock, and (1) NEMA L6-20 220V twist lock receptacles, all with individual circuit breakers. Located on cord for reel in [#LOC].	\$ 1,886.00
ELECTRIC CORD REELS	5130-0246	Junction box Circle-D with (2) NEMA 5-20 120V GFCI duplex, (1) NEMA L5-20 120V twist lock, and (1) NEMA L6-20 220V twist lock receptacles, all with individual circuit breakers. Located on cord for reel in [#LOC].	\$ 1,886.00
ELECTRIC CORD REELS	5130-0247	Junction box Circle-D with (1) 56-30R twist lock, (1) 5-15R straight blade duplex, and (2) L5-15R twist lock receptacles. Box to have individual circuit breakers on box. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0248	Roller assemblies for dual reels; (1) cord reel and (1) air reel mounted through bolt-on bracket. For reels located in/above: [#LOC].	\$ 1,743.00
ELECTRIC CORD REELS	5130-0249	Junction box Circle-D with three (3) 3-wire NEMA L5-20 110 volt 20 amp twist lock receptacles with reset breakers, and one (1) 3-wire NEMA 5-20 110 volt 20 amp GFCI duplex receptacle. For use with 10/4 240V reel. Located on cord for reel in [#LOC].	\$ 1,880.00
ELECTRIC CORD REELS	5130-0250	Cord connector. Hubbell 3 wire NEMA L5-20P male located on the input line of the junction box, IPOS.	\$ 288.00
ELECTRIC CORD REELS	5130-0251	Cord reel electric with 200' of 10/3 yellow cable. Locate as specified. (Note for PERU only.)	\$ 4,863.00
ELECTRICAL	5000-0001	Cover for main battery to chassis connections and fuses on the rear of driver side batteries.	\$ 900.00
ELECTRICAL SYSTEMS	5010-0001	Electrical System Trooper Hard Wired	\$ 3,401.00
ELECTRICAL SYSTEMS	5010-0013	Vehicle data recorder - 2009 / 2016 NFPA compliant. Includes occupant detection with display. Display location: [#LOC].	\$ 5,127.00
ELECTRICAL SYSTEMS	5010-0014	Vehicle data recorder for commercial cab - 2009 / 2016 NFPA compliant. Includes occupant detection with display. Display location: [#LOC].	\$ 2,957.00
ELECTRICAL SYSTEMS	5010-0015	Additional CrewGuard display for use with VDR. Location: [#LOC].	\$ 996.00
ELECTRICAL SYSTEMS	5010-0030	Multiplex data logger. Custom ES.	\$ 708.00
ELECTRICAL SYSTEMS	5010-0031	Modem for use with the E-ONE multiplex electrical system. Custom ES.	\$ 1,188.00
ELECTRICAL SYSTEMS	5010-0036	V-MUX Electrical system for pumper / tanker / rescue.	\$ 6,960.00
ELECTRICAL SYSTEMS	5010-0037	Multi-color touch screen display for multiplexed based electrical system. Location: [#LOC].	\$ 3,773.00
ELECTRICAL SYSTEMS	5010-0039	V-MUX Electrical system for aerials.	\$ 11,561.00
ELECTRICAL SYSTEMS	5010-0043	Multiplex 24V electrical system for pumper / tanker / rescue.	\$ 6,960.00
ELECTRICAL SYSTEMS	5010-0046	Diamond Logic Electrical system, base, Wildland	\$ 14,462.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
ELECTRICAL SYSTEMS	5010-0048	Vehicle data recorder for commercial cab - 2009 NFPA compliant. Includes occupant detection with display. VDR will be installed by Manning Equipment and delivered with chassis.	\$ 229.00
ELECTRICAL SYSTEMS	5010-0049	Vehicle data recorder - 2009 / 2016 NFPA compliant. Includes occupant detection shown in multiplex display. E-ONE chassis only.	\$ 4,424.00
ELECTRICAL SYSTEMS	5010-0050	V-MUX Electrical system for Tiller aerial.	\$ 13,938.00
ELECTRICAL SYSTEMS	5010-0051	HVAC Controlled through multiplex display(s).	\$ 2,330.00
ELECTRICAL SYSTEMS	5010-0052	Vista IV touch screen display for V-MUX electrical system. Location: [#LOC].	\$ 4,261.00
ELECTRICAL SYSTEMS	5010-0053	Vehicle data recorder for commercial cab - 2009 / 2016 NFPA compliant. Includes occupant detection shown in multiplex display.	\$ 1,895.00
ELECTRICAL SYSTEMS	5010-0055	Vista IV display for V-MUX electrical system. Location: [#LOC].	\$ 3,635.00
ELECTRICAL SYSTEMS	5010-0056	Mounting arm for driver's multiplex display in cab (6").	\$ 449.00
ELECTRICAL SYSTEMS	5010-0065	Pump and roll screen for multiplex display. Reference specification for details.	\$ 3,038.00
ELECTRICAL SYSTEMS	5010-0073	Vista IV touch screen DIN mount display for V-MUX electrical system recessed in dash. Does not include any tactile switches. Commercial chassis only.	\$ 3,657.00
ELECTRICAL SYSTEMS	5010-0074	Special programming for multiplex color or text display (per hour). Requires engineering review and approval to determine feasibility and time.	\$ 116.00
ELECTRICAL SYSTEMS	5010-0075	Vista display to have a customized sticker for legend buttons (Reference info in file for new configuration). May require special programming fee.	\$ 1,065.00
ELECTRICAL SYSTEMS	5010-0076	Vista display to have a non-standard sticker for legend buttons (Reference info in file for existing but non-standard configuration). May require special programming fee.	\$ 212.00
ELECTRICAL SYSTEMS	5010-0078	Link2 Vehicle information system for V-MUX electrical system. Does not include required subscription.	\$ 3,002.00
ELECTRICAL SYSTEMS	5010-0079	Vista display and legend translated to French.	\$ 1,408.00
ELECTRICAL SYSTEMS	5010-0081	Pump and roll screen for multiplex display. Reference specification for details.	\$ 3,038.00
ELECTRICAL SYSTEMS	5010-0082	Vista IV display for V-MUX electrical system. Location: center overhead console. Commercial cab only.	\$ 4,154.00
ELECTRICAL SYSTEMS	5010-0085	Vista IV touch screen DIN mount display for V-MUX electrical system. Does not include tactile switches. Commercial chassis only. Location: Inside rear body entry door way on LH bulkhead 5 feet above bottom entry way step off set inboard.	\$ 3,657.00
ELECTRICAL SYSTEMS	5010-0087	** OBS ** (replace with 5010-0052-1NI) Vista IV display for V-MUX electrical system. Location: Pedestal mounted on forward area of center console. Commercial cab only.	\$ 4,154.00
ELECTRICAL SYSTEMS	5010-0091	V-MUX Electrical system for ARFF vehicles.	\$ 6,922.00
ELECTRICAL SYSTEMS	5010-0092	Vista IV touch screen display for V-MUX electrical system. The display shall include the following: LG Alert, Water/Foam Tank Level Gauges, Pump Pressure, Vessel Pressure, Bottle Pressure, HVAC controls and VDR (when selected). Location: [#LOC].	\$ 4,165.00

ELECTRICAL SYSTEMS	5010-0118	Pran PR3845 8.4" water proof touch display for Motoplex electrical system. The display shall include the following: Water/Foam activation, Water/Foam Tank Level Gauges, Pump Pressure, Discharge Pressure, Engine Gauge Package, Lighting Switches, and all applicable panel related switching. Also includes Foam Test System (when selected). Location: [#LOC].	\$ 5,925.00
ELECTRICAL SYSTEMS	5010-0119	HVAC Controlled with HOSELINE INC. digital display.	\$ 530.00
ELECTRICAL SYSTEMS	5010-0120	Smartpower generator information display screen in multiplex display. Requires Smartpower generator.	\$ 507.00
ELECTRICAL SYSTEMS	5010-0121	LCD Info Center (text display) for V-MUX electrical system. Location: [#LOC].	\$ 1,922.00
ELECTRICAL SYSTEMS	5010-0123	Commercial chassis without cab center console. Includes custom fabricated brackets and panels along with component relocation as space permits and cover kickplate in the front riser area of the seat to prevent accidental damage.	\$ 8,367.00
ELECTRICAL SYSTEMS	5010-0125	V-MUX Electrical system for Body functionality only, for use with Spartan chassis/cabs.	\$ 6,568.00
ELECTRICAL SYSTEMS	5010-0127	V-MUX Electrical system for Tractor only. Includes programming to communicate with customer or vendor provided VMUX equipped trailer unit.	\$ 13,938.00
ELECTRICAL SYSTEMS	5010-0132	V-MUX electrical system. Includes all non-emergency lighting and switches	\$ 28,622.00
ELECTRICAL SYSTEMS	5010-0133	V-MUX Electrical system for aerial body functionality only, for use with Spartan chassis/cabs.	\$ 11,561.00
ELECTRICAL SYSTEMS	5010-0134	Cab dash layout per customer specific requirements. One or more of the following standard switches has been moved from its customary position, Fast Idle, Work Light, Compartment Light, Master Warning, Upper Warning, Lower Warning, Headlight Switch, or Panel Light Dimmer Switch. Requires special programming to move a standard dash switch (per switch) to a non-standard location.	\$ 67.00
ELECTRICAL SYSTEMS	5010-0135	V-MUX Electrical system for Reduced Size ARFF vehicles.	\$ 6,922.00
ELECTRICAL SYSTEMS	5010-0136	LCD Info Center (text display) for V-MUX electrical system. Located per dash layout.	\$ 1,922.00
ELECTRICAL SYSTEMS	5010-0137	V-MUX electrical system. Includes all non-emergency lighting and switches	\$ 46,181.00
ELECTRICAL SYSTEMS	5010-0138	Water pump screen for multiplex display. Reference specification for details.	\$ 4,600.00
ELECTRICAL SYSTEMS	5010-0139	V-MUX electrical system. Includes all non-emergency lighting and switches. No map light, spot light, area lights or rear flood lights included.	\$ 24,025.00
ENGINES & TRANSMISSIONS	1200-0020	TranSynd, Shell Spirax S6ATF A295, or equivalent synthetic transmission fluid for EVS3000 series.	\$ 392.00
ENGINES & TRANSMISSIONS	1200-0021	TranSynd, Shell Spirax S6ATF A295, or equivalent synthetic transmission fluid for EVS4000 series.	\$ 612.00
ENGINES & TRANSMISSIONS	1200-0062	The engine oil and transmission dip sticks to have tags. Tags to be attached to each by cable. Use colored tag to match dip stick color.	\$ 311.00
ENGINES & TRANSMISSIONS	1200-0063	The engine oil dipstick to have yellow handle and the transmission dipstick to have a red handle.	\$ 444.00
ENGINES & TRANSMISSIONS	1200-0065	Transfer Case for All Wheel Drive- single speed with front axle declutch	\$ 19,382.00

Category	Option	Long Description	Price
EXHAUST OPTIONS	1225-0033	Exhaust diverter. Diverts exhaust from officer side to driver side. Includes well labeled switch accessible to driver.	\$ 10,754.00
EXHAUST OPTIONS	1225-0035	Exhaust end for Plymovent. For exhaust extraction system. Exhaust to be angled rearward to allow for possible deflection if impacted.	\$ 964.00
EXHAUST OPTIONS	1225-0042	Firwin exhaust blanket from the turbo down to the DPF. Includes shield over DPF.	\$ 1,424.00
EXHAUST OPTIONS	1225-0043	Exhaust end for Plymovent. For exhaust extraction system. Set back approx. 4" from exhaust end. Includes "Caution Hot" label above exhaust on side of body.	\$ 591.00
EXHAUST OPTIONS	1225-0047	Exhaust. Vertical exhaust provision on rescue body. Includes vertical exhaust support, flue sheet metal thru lower body compartment to upper body, insulation between exhaust stack and body sheet metal, stack heat shield if applicable & warning tags for heat exposure inside body compartment and dunnage area as applicable. Locate: officer side.	\$ 5,296.00
EXHAUST OPTIONS	1225-0048	Exhaust outlet cooling tip.	\$ 486.00
EXHAUST OPTIONS	1225-0050	Vertical exhaust stack pipe straight chrome plated with rain cap. Due to high heat from 2007 and later emission exhaust systems, dis-coloring of exhaust end may occur after prolonged use.	\$ 792.00
EXHAUST OPTIONS	1225-0051	Exhaust diverter. Diverts exhaust from officer side to vertical. Includes well labeled switch accessible to officer.	\$ 10,754.00
EXHAUST OPTIONS	1225-0053	Firwin exhaust blanket from the turbo down to the DPF.	\$ 1,248.00
EXHAUST OPTIONS	1225-0056	Re-route vertical exhaust to below body. Includes heat wrap as necessary. Metro 100 only.	\$ 2,469.00
EXHAUST OPTIONS	1225-0057	Nederman exhaust transmitter in cab dash. Wired through engine run.	\$ 2,149.00
EXHAUST OPTIONS	1225-0058	Fabriucate and install 10 GA stainless steel guard for the tail pipe asseblly. Mounted to compartment floor below R2. NYPD only.	\$ 582.00
EXHAUST OPTIONS	1225-0059	Ward No Smoke 2 Exhaust System.	\$ 34,875.00
EXHAUST OPTIONS	1225-0060	Exhaust end with fresh air vent for Plymovent exhaust extraction system.	\$ 1,036.00
EXHAUST OPTIONS	1225-0062	Wrap exhaust with heat tape. Wrap the vertical exhaust componet that passes thru the body compartment area with heat tape. Includes outside wrap with wire mesh to protect heat wrap.	\$ 1,779.00
EXHAUST OPTIONS	1225-0063	Wrap exhaust with thermal insulation tape from the turbo down to the DPF (not including flex pipe if equipped). Includes S/S tie wraps.	\$ 687.00
EXHAUST OPTIONS	1225-0064	Vertical exhaust driver side. This will include the vertical exhaust support.	\$ 4,484.00
EXHAUST OPTIONS	1225-0066	Exhaust end with fresh air vent for Plymovent exhaust extraction system. Includes 7" outlet.	\$ 1,319.00
EXHAUST OPTIONS	1225-0067	Plymovent SafeAir 5" tailpipe adapter, model 90360-1.	\$ 436.00
EXHAUST OPTIONS	1225-0069	Exhaust end with fresh air vent for Plymovent exhaust extraction system, to be flush with rubrail.	\$ 1,036.00
EXHAUST OPTIONS	1225-0071	Exhaust stainless steel terminating to the rear of the vehicle ARFF.	\$ 1,103.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
EXHAUST OPTIONS	1225-0075	Exhaust end with fresh air vent for Plymovent exhaust extraction system. Black tip, 5.75" OD.	\$ 1,036.00
EXHAUST OPTIONS	1225-0076	Locate exhaust end 15" forward of rear wheels at approx. 45 degrees to rear.	\$ 490.00
EXHAUST OPTIONS	1225-0079	Locate exhaust end, bring exhaust pipe to within an 1" of the body and also exhaust should not extend past rubrail.	\$ 490.00
EXHAUST OPTIONS	1225-0080	Exhaust stainless steel terminating to the rear of the vehicle ARFF.	\$ 1,103.00
EXHAUST OPTIONS	1225-0081	Plymovent Grabber stainless steel magnetic exhaust end. Bolt-on for exhaust extraction system.	\$ 1,677.00
EXHAUST OPTIONS	1225-0082	Exhaust heat shield. Locate around vertical exhaust exit at top of body/pan.	\$ 381.00
EXHAUST OPTIONS	1225-0083	Plymovent Grabber magnetic exhaust end. Bolt-on for exhaust extraction system. Exhaust pipe to include a 4" vented tip (L9 engine only).	\$ 1,850.00
EXHAUST OPTIONS	1225-0084	Exhaust end for Nederman Vertical Stack. For exhaust extraction system fitted to a Scania engine ARFF.	\$ 2,165.00
EXHAUST OPTIONS	1680-0016	Exhaust end chrome plated. Due to high heat from current emission exhaust systems, dis-coloring of exhaust end may occur after prolonged use.	\$ 530.00
EXHAUST OPTIONS	1680-0089	Chassis exhaust to exit to driver side of chassis below the forward body compartment corner.	\$ 2,602.00
EXHAUST OPTIONS	5260-0088	Exhaust Re-Rout. Exhaust piping of breathing air compressor shall be routed to best accommodate the installation and service access per the customer approval drawing and as best determined by E-ONE engineering. Option includes: Relocating (existing muffler if applicable), exhaust piping, mounting brackets and aluminum safety guard (as applicable).	\$ 1,394.00
EXTERIOR PAINT	1050-0024	(1) spare steel wheel painted job color for front axle.	\$ 359.00
EXTERIOR PAINT	1050-0025	(1) spare steel wheel painted job color for rear axle.	\$ 359.00
EXTERIOR PAINT	1050-0098	Painted aluminum wheels for custom chassis single rear axle unit. Includes (2) front and (2) rear exterior facing wheels. Color: Black	\$ 1,731.00
EXTERIOR PAINT	1050-0099	Painted aluminum wheels for custom chassis tandem rear axle unit. Includes (2) front and (4) rear exterior facing wheels. Color: Black	\$ 2,548.00
EXTERIOR PAINT	1160-0283	Front OEM bumper provided by chassis manufacturer to be painted: Black.	\$ 1,958.00
EXTERIOR PAINT	3365-1529	2-Arm Ladder Rack to be painted as specified.	\$ 6,393.00
EXTERIOR PAINT	6750-0012	Paint aerial sign plate with approved metallic paint color. This is upcharge and require applicable code to go with it.	\$ 396.00
EXTERIOR PAINT	8100-0001	Paint end of fly section high visibility orange. Includes nozzle guard (if equipped).	\$ 941.00
EXTERIOR PAINT	8100-0062	Paint Sample Spray Out - Dealer is responsible for returning written approval prior to order release. Base color of cab / chassis. Qty one in BOM will supply a pair of paint samples.	\$ 240.00
EXTERIOR PAINT	8100-0065	Paint chassis frame rails, springs, cross-members, fire pump, drivelines, fuel and air tanks, axles, front bumper extensions with brackets and front suction piping (if applicable) shall be painted: [#COL].	\$ 3,810.00
EXTERIOR PAINT	8100-0070	Paint valve ends job color.	\$ 976.00
EXTERIOR PAINT	8100-0071	Undercoating E-ONE.	\$ 603.00

FOAM SYSTEM OPTIONS	4432-0094	Waterous Electric Actuated A/B Selector.	\$ 6,631.00
FOAM SYSTEM OPTIONS	4432-0095	Foam ready Manifold for a Hale Foam Logix or a Foam Pro system-plumbed to front jumpline , 3 speedlays and right rear discharge.W/3" plumbing	\$ 3,919.00
FOAM SYSTEM OPTIONS	4432-0096	Hale Foam Logix Remote Start Switch	\$ 1,484.00
FOAM SYSTEM OPTIONS	4432-0097	.75" Foam Manifold Drain with 1/4 turn valve.	\$ 922.00
FOAM SYSTEM OPTIONS	4432-0098	Eclipse Waterous TC20 T-Case W/Compressed Air Foam System. For a S100D Waterous pump.	\$ 105,762.00
FOAM SYSTEM OPTIONS	4432-0099	Foam System Plumbed to [#LOC].	\$ 606.00
FOAM SYSTEM OPTIONS	4432-0100	2.0" Compressed Air Foam System Discharge Kit with Electric actuated 1/2" valve. Location: [#LOC].	\$ 753.00
FOAM SYSTEM OPTIONS	4432-0101	2.5" Compressed Air Foam System Discharge Kit with Electric actuated 3/4" valve. Location: [#LOC].	\$ 761.00
FOAM SYSTEM OPTIONS	4432-0102	Foam Transfer 12 Volt Pump, mounted in vehicle body to unload foam or tranfer to another truck and switch operated from Driver's side pump panel.	\$ 4,298.00
FOAM SYSTEM OPTIONS	4432-0103	Foam system to only be connected with the "A" foam cell. Dealership to work "B" foam cell application once unit is shipped to dealership. No foam level gauge provided for "B" tank.	\$ 523.00
FOAM SYSTEM OPTIONS	4432-0104	Hale Manual Single Foam Flush System.	\$ 2,315.00
FOAM SYSTEM OPTIONS	4432-0105	A/B Foam Selector locate Driver side walk way recess in box on diamond plate panel at front of module.	\$ 357.00
FOAM SYSTEM OPTIONS	4432-0106	15 GPM 12 volt Foam Transfer Pump, mounted in vehicle body and switch operated from Officer's side pump panel.	\$ 4,308.00
FOAM SYSTEM OPTIONS	4432-0107	5" Discharge Right Side Electric Valve W/Ratio Controler for Hot Shot II System. Include Adjustable metering valve Location: [#LOC]	\$ 12,641.00
FOAM SYSTEM OPTIONS	4432-0109	Hot Shot Ratio Controller 3" Discharge with adjustable metering valve. Plumbed to: [#LOC]	\$ 6,989.00
FOAM SYSTEM OPTIONS	4432-0110	Hot Shot Ratio Controller 2" Discharge with adjustable metering valve. Plumbed to: [#LOC]	\$ 6,573.00
FOAM SYSTEM OPTIONS	4432-0111	Install Foam Percentage Rivets in metering valves Precentage Plate.	\$ 1,739.00
FOAM SYSTEM OPTIONS	4432-0113	Foam Intake Test Port Locate on the intake side of pump between the strainer and the pump, bulkhead fitting is to be on operator pump panel.	\$ 198.00
FOAM SYSTEM OPTIONS	4432-0114	Foam testing. The foam system shall be calibrated for 1 X 3 Thunderstrom foam AR-AFFF concentrate. The foam propotioning system shall provide .25%, .5%, 1%, and 3% foam solutions within the allowable concentration ranges required in NFPA #1901. Each percentage shall be tested at a high and low flow and a revit shall be install at mid point..	\$ 4,119.00
FOAM SYSTEM OPTIONS	4432-0115	Foam ready manifold for a Hale FoamLogix or a FoamPro system with 3" plumbing feeding the manifold so the dealer can install the Hale or FoamPro manifold.	\$ 1,750.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEM OPTIONS	4432-0117	1.5" FNST Hydro- Foam Aux Foam pickup. The 1.5" FNST foam inlet fitting shall be located on officer side pump panel with a electric over air control valve. And be control at the operator panel.	\$ 2,774.00
FOAM SYSTEM OPTIONS	4432-0118	Foam Strainer Pump Panel Mount with 1" connection ports and 2.5" NST cap. (IPOS strainer for foam system.)	\$ 2,130.00
FOAM SYSTEM OPTIONS	4432-0119	Foam Strainer Pump Panel Mount with 1" connection ports and 2.5" NST cap. (For Foam Refill)	\$ 2,130.00
FOAM SYSTEM OPTIONS	4432-0120	Special 5" Foam Manifold.	\$ 6,499.00
FOAM SYSTEM OPTIONS	4432-0121	Foam Tank Supply/Flush 1" valves will be electric control operated through the V-MUX system. The flush valve to be located as close to foam tank supply valve as possible. A manual flush drain .75" valve will be located under the officer's side running board.	\$ 2,086.00
FOAM SYSTEM OPTIONS	4432-0122	A 1.50" x 10' reinforced concentrate hose and stinger shall be provided with NST threads to connect to the foam inlet as (shipped loose) for auxiliary foam operations.	\$ 568.00
FOAM SYSTEM OPTIONS	4432-0123	Eclipse 1.5"/3.0" Compressed Air Foam System Discharge Kit Location: [#LOC]	\$ 1,081.00
FOAM SYSTEM OPTIONS	4432-0125	6" Ratio Controller for Hot Shot II System. Include metering valve. Location: [#LOC].	\$ 7,733.00
FOAM SYSTEM OPTIONS	4432-0126	8" Ratio Controller for Hot Shot II System. Include metering valve. Location: [#LOC]	\$ 15,397.00
FOAM SYSTEM OPTIONS	4432-0127	Williams 8" Ratio Controller for Deck Gun. Include 1% or 3% proportioning valves	\$ 15,397.00
FOAM SYSTEM OPTIONS	4432-0128	Williams 8" Ratio Controller for Deck Gun. Include 3% or 6% proportioning valves.	\$ 15,397.00
FOAM SYSTEM OPTIONS	4432-0129	Hot Shot Ratio Controller 5" Discharge. Plumbed to: [#LOC].	\$ 8,074.00
FOAM SYSTEM OPTIONS	4432-0134	Eclipse 1.5"/3.0" Compressed Air Foam System Discharge Kit. Location: [#LOC].	\$ 606.00
FOAM SYSTEM OPTIONS	4432-0135	CAFS Audible w/light Low Air Alarm shall be tied into the CAFS air system. If it drop below 90PSI the alarm aviate.	\$ 723.00
FOAM SYSTEM OPTIONS	4432-0137	Hot Shot Ratio Controller 6" Discharge with adjustable metering valve. Plumbed to: [#LOC]	\$ 9,982.00
FOAM SYSTEM OPTIONS	4432-0138	Hot Shot Ratio Controller 2.5" Discharge with adjustable metering valve. Plumbed to: [#LOC]	\$ 6,078.00
FOAM SYSTEM OPTIONS	4432-0139	FT-550 Foam Refill System, Wildland	\$ 3,463.00
FOAM SYSTEM OPTIONS	4432-0144	Foam ready Manifold for a Hale Foam Logix or a Foam Pro system- plumbed to Crosslay #1, Driver side 2.5" discharge, Hose reel, and (1) 2.5" outlet for dealer install bumper monitor. W/3" plumbing	\$ 4,334.00
FOAM SYSTEM OPTIONS	4432-0145	Special CAFS/FOAM Manifold for (2) speedlays, left, and right front hosebed to have CAFS.	\$ 460.00
FOAM SYSTEM OPTIONS	4432-0146	Monitor/Noz 1x4 Hydro Foam 1-3%. Paint Monitor: [#COL]	\$ 148,107.00
FOAM SYSTEM OPTIONS	4432-0147	Eco-Logic foam test system integrated into the standard plumbing to allow foam testing without the use of foam.	\$ 17,504.00
FOAM SYSTEM OPTIONS	4432-0148	Pump, foam transfer, 25 gpm minimum, mounted in vehicle body. Activation switch operated from driver's side pump panel ARFF.	\$ 4,129.00
FOAM SYSTEM OPTIONS	4432-0149	Williams 2X5 Ambassador Hydro Chem Radio Remote Controlled Monitor. (To be Painted Body Color)	\$ 148,107.00
FOAM SYSTEM OPTIONS	4432-0150	Foam testing. The foam system shall be test at 1%,3%, and 6%.	\$ 2,651.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEM OPTIONS	4432-0151	FoamPro aux foam fill kit. Include check valve, level sensor, placard and camlok connection. Driver side pump panel.	\$ 1,474.00
FOAM SYSTEM OPTIONS	4432-0152	1.5" Foam Tank to pump Electric/Air Actuated. With a guard switch cover adjacent to the foam control display.	\$ 2,046.00
FOAM SYSTEM OPTIONS	4432-0153	CAFS system water drain shall be extended out to pump panel.	\$ 470.00
FOAM SYSTEM OPTIONS	4432-0154	Hot Shot Ratio Controller 2" Discharge. With metering valve for A&B Foam system Plumbed to: [#LOC].	\$ 4,422.00
FOAM SYSTEM OPTIONS	4432-0155	Hot Shot Ratio Controller 2.5" Discharge. With metering valve for A&B Foam system Plumbed to: [#LOC].	\$ 4,492.00
FOAM SYSTEM OPTIONS	4432-0156	Hot Shot Ratio Controller 5" Discharge. Include metering valve for A&B Foam system Plumbed to: [#LOC]	\$ 8,365.00
FOAM SYSTEM OPTIONS	4432-0157	Hot Shot Ratio Controller 6" Discharge. Includes metering valve for A&B Foam system. Plumbed to: [#LOC].	\$ 8,113.00
FOAM SYSTEM OPTIONS	4432-0158	Williams Hot Shot II Dual 2.5" Foam Tank To Pump Controls A/B Selector.	\$ 16,382.00
FOAM SYSTEM OPTIONS	4432-0159	CAFs system drains shall be extended to the officer's side pump panel area.	\$ 706.00
FOAM SYSTEM OPTIONS	4432-0160	3" Compressed Air Foam System Discharge Kit with Electric actuated 3/4" valve. Location: [#LOC]	\$ 877.00
FOAM SYSTEM OPTIONS	4432-0161	1.5" Compressed Air Foam System Discharge Kit with Electric actuated 1/2" valve. Location: [#LOC]	\$ 752.00
FOAM SYSTEM OPTIONS	4432-0162	6" High Flow Ratio Controller for Hot Shot II System. Includes metering valve. Location: [#LOC].	\$ 7,733.00
FOAM SYSTEM OPTIONS	4432-0163	3" Foam Tank to pump air actuated for training foam.. With a guard switch cover adjacent to the foam control display.	\$ 4,255.00
FOAM SYSTEM OPTIONS	4432-0164	Waterous Electric Actuated A/B Selector. A to be plumb to the foam tank, and B to be plumb to the left pump panel for an aux foam pick-up.	\$ 6,631.00
FOAM SYSTEM OPTIONS	4432-0165	Special design foam/water manifold to allow dealer supplied foam system to be plumbed to crosslay 1, crosslay 2 and rear discharge so they are foam ready.	\$ 7,637.00
FOAM SYSTEM OPTIONS	4432-0166	Special design 4" foam manifold with check valve to prevent foam from back flowing into the water pump. Include 4" Check valve with 4" plumbing, and drain.	\$ 3,355.00
FOAM SYSTEM OPTIONS	4432-0167	FoamPro 1/2" Line Controller plumbed to [#LOC].	\$ 14,305.00
FOAM SYSTEM OPTIONS	4432-0168	Auto on power-up mode, which automatically come on with pump in gear.	\$ 284.00
FOAM SYSTEM OPTIONS	4432-0169	Advent Ratio Controller 2" Discharge. Special Orifice size .10, .250, .500, 1.0, and 3.0% Plumbed to: [#LOC]	\$ 3,458.00
FOAM SYSTEM OPTIONS	4432-0170	Advent Ratio Controller 2.5" Discharge. Special Orifice size .10, .250, .500, 1.0, and 3.0% Plumbed to: [#LOC]	\$ 3,463.00
FOAM SYSTEM OPTIONS	4432-0171	Advent Ratio Controller 3" Discharge. Special Orifice size .10, .250, .500, 1.0, and 3.0% Plumbed to: [#LOC]	\$ 3,516.00
FOAM SYSTEM OPTIONS	4432-0172	Advent Ratio Controller 4" Discharge. Special Orifice size .10, .250, .500, 1.0, and 3.0% Plumbed to: [#LOC]	\$ 3,896.00
FOAM SYSTEM OPTIONS	4432-0173	An Elkhart quick-connect foam outlet with pick-up tube assembly permits foam from on-board tank supply or to a 5 gal. pails/buckets. For portable eductor. Install one on each side pump panel.	\$ 3,640.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEM OPTIONS	4432-0175	Two hose bed and (3) crosslays will have a "T" with manual valve to terminate with NST male thread and cap inside module for foam testing.	\$ 17,063.00
FOAM SYSTEM OPTIONS	4432-0176	A Elkhart quick-connect foam outlet with pick-up tube assembly permits foam from on-board tank supply or to a 5 gal. pails/buckets kit #81232001. For portable eductor. Location: [#LOC].	\$ 1,829.00
FOAM SYSTEM OPTIONS	4432-0177	FoamPro 3/4" Line Controller plumbed to [#LOC].	\$ 14,305.00
FOAM SYSTEM OPTIONS	4432-0178	Foam tank fill 1"electric line controllert for a foam system.	\$ 1,723.00
FOAM SYSTEM OPTIONS	4432-0179	A Elkhart quick-connect, foam outlet with pick-up tube assembly permits foam from on-board tank supply or to a 5 gal. pails/buckets. For portable eductor. Location: [#LOC].	\$ 1,573.00
FOAM SYSTEM OPTIONS	4432-0180	Foam Flush with 1/4" valve. Locate inside driver side upper pump access door, rearward.	\$ 922.00
FOAM SYSTEM OPTIONS	4432-0181	Hinged aluminum treadplate switch guard for foam system air control Location on driver side lower pump panel.	\$ 244.00
FOAM SYSTEM OPTIONS	4432-0182	Extended warranty for Waterous CAFS compressor - 4 Years in addition to the standard 1 year warranty (parts only).	\$ 3,168.00
FOAM SYSTEM OPTIONS	4432-0183	Hinged stainless steel switch guard cover for foam system air control switch Location on pump operator panel.	\$ 244.00
FOAM SYSTEM OPTIONS	4432-0184	Waterous Overboard pickup electric actuated selector. A to be plumb to the A foam tank, and B to be plumb to the left pump panel for an aux foam pick-up.	\$ 6,631.00
FOAM SYSTEM OPTIONS	4432-0185	Foam Flush System.	\$ 229.00
FOAM SYSTEM OPTIONS	4432-0186	Addition Foam Flush System. A 3/4" valve with garden hose bib connection mounted in pump compartment (1) for 2002 and (1) for 3060 system. They will be plumb to the foam supply line for flushing of the system. A check valve prevents water from entering the foam tank when the system is being flushed.	\$ 848.00
FOAM SYSTEM OPTIONS	4432-0187	Addition Foam Flush System. A 3/4" valve with garden hose bib connection mounted in pump compartment (1) for 2002 and (1) for 3060 system. They will be plumb to the foam supply line for flushing of the system. A check valve prevents water from entering the foam tank when the system is not being flushed.	\$ 848.00
FOAM SYSTEM OPTIONS	4432-0188	Aux 2" foam system intake with swing handle. Location driver side pump panel.	\$ 2,216.00
FOAM SYSTEM OPTIONS	4432-0189	CAFS Compressor "Auto On".	\$ 284.00
FOAM SYSTEM OPTIONS	4432-0190	.75" Foam/water Manifold Drain with lift lever 1/4 turn valve.	\$ 634.00
FOAM SYSTEM OPTIONS	4432-0191	FoamPro off-board 1" pickup for 2002 foam system. Includes clear hose wand (ship loose). Controller on operator panel and connection port located [#LOC].	\$ 8,649.00
FOAM SYSTEM OPTIONS	4432-0192	Foam system maintenance brass valves between the foam tank fill, and tank to pump valve. Valves to be wire tied open.	\$ 2,428.00
FOAM SYSTEM OPTIONS	4432-0193	Foam ready Manifold for a Hale Foam Logix or a Foam Pro system- plumbed to front jumpline , bottom 1.75" speedlay and officer side 2.5" discharge. W/3" plumbing.	\$ 3,919.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEM OPTIONS	4432-0196	A CAFS Compressor RPM interlock indicator light, and label shall be on the pump operator panel. Indicator light will come on when engine RPM is to high to engage CAFS PTO.	\$ 159.00
FOAM SYSTEM OPTIONS	4432-0198	Dual discharge port "Y" together plumb to 4" foam loop feeding the foam manifold to prevent friction loss and to keep pump head pressure to a minimum.	\$ 300.00
FOAM SYSTEM OPTIONS	4432-0199	Foam Metering valve shut off. Each metering to have a electric/air foam shutoff valve control at pump operator panel in cab. A toggles switch with guarded cover and green indicator light for each valve.	\$ 7,830.00
FOAM SYSTEM OPTIONS	4432-0207	Hale EZ-Fill foam system for a single foam tank with dual pickup (1) left, and (1) right pump panel. Includes clear hose wand (shipped loose). Controller to be located on left pump panel.	\$ 6,400.00
FOAM SYSTEM OPTIONS	4432-0208	Foam tank B outlet valve shall have rubber hood latch as a secondary lock.	\$ 383.00
FOAM SYSTEM OPTIONS	4432-0209	CAFS Discharge Addition activated switch with a red guarded cover Location: Officer side front bumper adjacent to discharge.	\$ 328.00
FOAM SYSTEM OPTIONS	4432-0210	Extend CAFS refill to driver side in coffin compartment.	\$ 569.00
FOAM SYSTEM OPTIONS	4432-0211	All foam service/drain valves to be brass, or stainless steel IPOS. No PVC valves to be used.	\$ 972.00
FOAM SYSTEM OPTIONS	4432-0212	Foam tank outlet 1.5" plumbed to pan. Include 1.5" valve manual control with cam-lock fiiting and cap located in the pan off set to officer side rearward. (Dealer supply HYDRO foam nozzle.	\$ 2,136.00
FOAM SYSTEM OPTIONS	4432-0213	300 GPM PTO Edwards foam transfer pump, mounted in pump compartment module and control from pump operator panel.	\$ 45,308.00
FOAM SYSTEM OPTIONS	4432-0214	FoamPro Remote Start/Stop and Dual Injection control located in cab.	\$ 5,082.00
FOAM SYSTEM OPTIONS	4432-0217	Waterous Foam Fill system for a single class (A) foam tank. Includes clear hose wand (shipped loose). Controller and connection port located Driver side pump panel.	\$ 7,197.00
FOAM SYSTEM OPTIONS	4432-0218	Foam Tank plumbing connection, for A/B foam tanks and foam fill system shall be provided for the Class 1 pump module.	\$ 597.00
FOAM SYSTEM OPTIONS	4432-0219	FoamPro off-board 1.5" pickup for 3012 foam system. Includes clear hose wand (ship loose). Controller on operator panel and connection port located [#LOC].	\$ 18,056.00
FOAM SYSTEM OPTIONS	4432-0221	ECO-Logic test port connection for use with cart style system. Special adapter to be supply to connect to aux foam inlet, and direct inlet/outlet to ECO-Logic cart for test foam.	\$ 823.00
FOAM SYSTEM OPTIONS	4432-0222	CAFS Plumbed to addition discharge. Location: [#LOC]	\$ 867.00
FOAM SYSTEM OPTIONS	4432-0224	Auto on SmartFoam system with pump in gear.	\$ 284.00
FOAM SYSTEM OPTIONS	4432-0225	300 GPM PTO Trident foam transfer pump, mounted in pump compartment module and control from pump operator panel.	\$ 41,936.00
FOAM SYSTEM OPTIONS	4432-0226	Trident 10 Mesh Foam Strainer Pump Panel Mount with 1" connection ports and 2" NST cap. (IPOS strainer for foam system.)	\$ 918.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEM OPTIONS	4432-0231	Foam strainer maintenance valves between the foam tank, and strainer. Valve to be mounted at pump operator panel.	\$ 309.00
FOAM SYSTEM OPTIONS	4432-0234	Foam blocking valve air actuated. A foam blocking valve shall be located in foam supply line before metering valve and control at pump operator panel. A toggles switch with cover and green indicator light.	\$ 1,465.00
FOAM SYSTEM OPTIONS	4432-0235	Foam relief valve system. A gating 3/4" valve shall be plumb into foam relief valve plumbing so customer can check to see if relief is opening. Locate valve on drive side pump panel, and 3/4" outlet below running board.	\$ 714.00
FOAM SYSTEM OPTIONS	4432-0236	A foam metering valve shutoff shall be provided and control at pump operator panel with toggles switch, guarded, and indicator light. Location Deck gun foam metering valve.	\$ 1,346.00
FOAM SYSTEM OPTIONS	4432-0237	FoamPro 1" Line Controller plumbed to the deck gun discharge.	\$ 17,019.00
FOAM SYSTEM OPTIONS	4432-0238	FoamPro 1" Line Controller plumbed to Front crosslay 1, and 2.	\$ 14,305.00
FOAM SYSTEM OPTIONS	4432-0239	FoamPro 1" Line Controller plumbed to the 5" discharge/deck gun.	\$ 17,019.00
FOAM SYSTEM OPTIONS	4432-0240	1.5" Foam system discharge with air valve. For use with foam systems. Locate to driver side pump panel	\$ 2,670.00
FOAM SYSTEM OPTIONS	4432-0241	Deck gun foam metering valve shall be located in box recess at top mount walkway with door. Location; Officer side front panel of the top mount pump module.	\$ 340.00
FOAM SYSTEM OPTIONS	4432-0242	FoamPro 1600 with remote start/stop in the cab.	\$ 728.00
FOAM SYSTEM OPTIONS	4432-0243	6.0" Compressed Air Foam System Discharge Kit Location: [#LOC]	\$ 869.00
FOAM SYSTEM OPTIONS	4432-0245	Install Foam Percentage vinyls	\$ 1,739.00
FOAM SYSTEM OPTIONS	4432-0246	2.0" Compressed Air Foam System Discharge Kit. Location: [#LOC].	\$ 688.00
FOAM SYSTEM OPTIONS	4432-0247	2.5" Compressed Air Foam System Discharge Kit. Location: [#LOC].	\$ 691.00
FOAM SYSTEM OPTIONS	4432-0248	3.0" Compressed Air Foam System Discharge Kit. Location: [#LOC].	\$ 771.00
FOAM SYSTEM OPTIONS	4432-0249	Foam system shall have two maintenance brass electric valves between the foam tank fill, and tank to pump valve. Valves to be control at pump operator panel with red cover over the switches.	\$ 7,204.00
FOAM SYSTEM OPTIONS	4432-0250	Williams Ambassador foam/dry chem inlet to be 2.5" NST connection with 3" valve. (IPOS ARAMCO ONLY)	\$ 140.00
FOAM SYSTEM OPTIONS	4432-0251	Eclipse valve Split for 2 discharges with a 3 Way valve.	\$ 4,937.00
FOAM SYSTEM OPTIONS	4432-0252	CAFS Discharge Addition activated switch with a green guarded cover	\$ 328.00
FOAM SYSTEM OPTIONS	4432-0253	Waterous Foam Fill system for a single class (A) foam tank. Includes clear hose wand (shipped loose). Connection port located forward in the driver side wheelwell. The controller be in the drivers control panel.	\$ 7,197.00
FOAM SYSTEM OPTIONS	4432-0254	Addition Foam CAL/PRIMER valve. A 3/4" valve shall be wye into foam supply line between foam pump and injector. Valve located on pump operator panel.	\$ 1,167.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEM OPTIONS	4432-0255	A Trident (model #21.005.3) mounted as specified by the customer strainer with 20 mesh screen (foam compatible) with cap shall be provided.	\$ 918.00
FOAM SYSTEM OPTIONS	4432-0256	AccuMax 1" Ultra-Wide Range Foam Line Controller plumbed to [#LOC]. (Require Fury or Fusion controller)	\$ 10,140.00
FOAM SYSTEM OPTIONS	4432-0257	AccuMax 1" Line Controller plumb to [#LOC]. (Require Fury or Fusion controller)	\$ 16,758.00
FOAM SYSTEM OPTIONS	4432-0258	FoamPro 1.5" Line Controller plumbed to [#LOC]. (Require Fury or Fusion controller)	\$ 14,438.00
FOAM SYSTEM OPTIONS	4432-0259	AccuMax 1/2" Ultra-Wide Range Foam Line Controller plumbed to [#LOC]. (Fury or Fusion controller)	\$ 12,412.00
FOAM SYSTEM OPTIONS	4432-0260	AccuMax 1" Line Controller plumb to [#LOC]. (Fury or Fusion controller)	\$ 12,537.00
FOAM SYSTEM OPTIONS	4432-0263	FOAMAUx for MAX040 foam system. Includes (1) diverter valve 1", (1) Off-Board 2" valves drive side, (1)Foan Tank to foam pump 2" valve, (1) 1" flush valve, and one clear hose wand (ship loose). Controller on operator panel.	\$ 31,611.00
FOAM SYSTEM OPTIONS	4432-0264	Williams Hot Shot foam metering valve upcharge for special metering valve plates to be 3%, 4.5%, and 6% setting IPOS.	\$ 7,432.00
FOAM SYSTEM OPTIONS	4432-0265	AccuMax Fury electric controller with full color LCD display. Includes pressure/flow reading. Locate on pump operator panel to control [#LOC].	\$ 3,437.00
FOAM SYSTEM OPTIONS	4432-0266	AccuMax 1/2" Ultra-Wide Range Foam Line Controller plumbed to [#LOC]. (Require Fury or Fusion controller)	\$ 16,758.00
FOAM SYSTEM OPTIONS	4432-0267	AccuMax Fusion electric valve/foam controller with full color LCD display. Includes pressure/flow reading. Locate on pump operator panel to control [#LOC].	\$ 3,437.00
FOAM SYSTEM OPTIONS	4432-0268	AccuMax MAX001-000 Foam tank to pump, (2) two 3" Aux pickup, tank fill/off load system.	\$ 47,017.00
FOAM SYSTEM OPTIONS	4432-0269	FOAMAUx for MAX060 foam system. Includes (1) diverter valve 1.5", (2) Off-Board 2.5" valves one each side, (1)Foan Tank to foam pump 2.5" valve, (1) 1" flush valve, and one clear hose wand (ship loose). Controller on operator panel.	\$ 47,956.00
FOAM SYSTEM OPTIONS	4432-0270	Akron Quick Disconnect Foam Pickup Tube on Rear Mount Pump Panel for Eductor. Located on: [#LOC].	\$ 957.00
FOAM SYSTEM OPTIONS	4432-0271	Foam tank drain Class 1 1.0" valve. A safety clip on the handle to prevent accidental opening shall be provided.	\$ 1,723.00
FOAM SYSTEM OPTIONS	4432-0272	Foam recovery/circulation system. Include recirculation pump.	\$ 13,978.00
FOAM SYSTEMS	4430-0002	Hale CAFS Attack Foam Logix 2.1A System	\$ 25,716.00
FOAM SYSTEMS	4430-0009	Advent 60 Foam System for a Single Foam Tank	\$ 72,754.00
FOAM SYSTEMS	4430-0010	Advent 120 Foam System A and B Type	\$ 96,526.00
FOAM SYSTEMS	4430-0011	1600 Rockwood Around The Pump Foam System	\$ 8,459.00
FOAM SYSTEMS	4430-0013	Williams 1500 Around-The-Pump foam system.	\$ 14,354.00
FOAM SYSTEMS	4430-0017	400 Rockwood around the pump foam system.	\$ 6,377.00
FOAM SYSTEMS	4430-0018	1600 Hypro/FoamPro foam system. (Class A foam concentrate only)	\$ 16,902.00
FOAM SYSTEMS	4430-0019	2001 Hypro/FoamPro foam system.	\$ 24,038.00
FOAM SYSTEMS	4430-0020	2002 Hypro/FoamPro foam system.	\$ 28,866.00
FOAM SYSTEMS	4430-0021	Around The Pump Multi-Metering Foam System	\$ 14,276.00
FOAM SYSTEMS	4430-0022	Hot Shot II 150 Foam System.	\$ 118,686.00
FOAM SYSTEMS	4430-0023	Hot Shot II 300 Foam System	\$ 130,293.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

FOAM SYSTEMS	4430-0082	Additional foam system, an around the pump multi-metering proportioning 1 percent P7 ARFF.	\$ 8,585.00
FOAM SYSTEMS	4430-0083	Additional foam system, an around the pump multi-metering proportioning 3 percent P7 ARFF.	\$ 8,585.00
FOAM SYSTEMS	4430-0084	Additional foam system, an around the pump multi-metering proportioning 6 percent P7 ARFF.	\$ 8,585.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEMS	4430-0088	Williams Foam System around the pump Multi-Metering Valve - 1%, 3% and 6%.	\$ 38,999.00
FOAM SYSTEMS	4430-0089	The main pump manifold to have water loop for dealer installed foam system (Class A Foam System) to noted preconnects/discharges	\$ 1,492.00
FOAM SYSTEMS	4430-0091	FoamPro 1600 Foam System. Provides foam for (2) 1.5" Double Crosslay, and Booster Reel. Include FoamPro Remote start control in cab center console. Locate foam system in the L1 compartment on the shelf. (Class A foam concentrate only)	\$ 27,823.00
FOAM SYSTEMS	4430-0093	Venom 5.0 Hypro/Foam Pro Foam System.	\$ 35,096.00
FOAM SYSTEMS	4430-0094	Advent 12 Elecric (230) Dual Foam System for Dual Foam Tanks	\$ 49,762.00
FOAM SYSTEMS	4430-0097	Dealer installed foam system. Final manifold/discharge configuration to be defined by foam system application installed at/by dealer.	\$ 2,616.00
FOAM SYSTEMS	4430-0100	Foam ready system. Final manifold/discharge configuration to be defined by foam system application installed at/by dealer.	\$ 2,616.00
FOAM SYSTEMS	4430-0103	Advent 120 Foam System. For use with dual foam cell applications.	\$ 96,526.00
FOAM SYSTEMS	4430-0104	Advent 120 Foam System. For use with single foam cell application.	\$ 89,821.00
FOAM SYSTEMS	4430-0105	Advent 160 Foam System. For use with dual foam cell applications.	\$ 74,948.00
FOAM SYSTEMS	4430-0106	Advent 160 Foam System. For use with single foam cell application.	\$ 65,112.00
FOAM SYSTEMS	4430-0107	WATP 500 B Foam System. Includes 1.5" Foam pick-up.	\$ 16,511.00
FOAM SYSTEMS	4430-0108	FRC MFA200 Class A around the pump foam system.	\$ 6,023.00
FOAM SYSTEMS	4430-0112	125 GPM Akron Foam Eductor w/manual panel mount 1/4 turn foam valves (1) for A tank, and (1) for B tank. Location: [#LOC]	\$ 6,486.00
FOAM SYSTEMS	4430-0113	The foam system shall be factory tested at, minimum, maximum, and midrange.	\$ 582.00
FOAM SYSTEMS	4430-0115	125 GPM Akron foam eductor system with air actuation for both foam eductor and foam supply valve. Location: [#LOC].	\$ 7,362.00
FOAM SYSTEMS	4430-0116	FoamPro 3040 Foam System hyd drive.	\$ 78,101.00
FOAM SYSTEMS	4430-0117	1500V Williams A/B Around The Pump Foam System with Single Tank and Aux Pickup to be use for Class A or Class B foam inlet.	\$ 18,755.00
FOAM SYSTEMS	4430-0120	1500V Williams Manual A/B Around The Pump foam system with pickup. Include manual A/B tanks control with manual .75 flush valve.	\$ 17,763.00
FOAM SYSTEMS	4430-0122	1601 Hypro/FoamPro foam system.	\$ 15,141.00
FOAM SYSTEMS	4430-0125	Hot Shot II 300 Foam System. With a Fire Lion FP4 bonze pump.	\$ 129,667.00
FOAM SYSTEMS	4430-0127	95 GPM Akron Foam Eductor Air Actuated. Location: [#LOC]	\$ 5,795.00
FOAM SYSTEMS	4430-0130	Waterous 200-P PTO Platinum Compressed Air Foam System	\$ 55,670.00
FOAM SYSTEMS	4430-0131	Waterous 140-P PTO Platinum Compressed Air Foam System	\$ 54,289.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEMS	4430-0132	Waterous 80-P PTO Platinum Compressed Air Foam System	\$ 41,464.00
FOAM SYSTEMS	4430-0134	FoamPro 2002ELECT/3060HYD Foam System. FoamPro 2002 system for Class A low flow, and 3060 system for high flow Class B faom. (HILLSBOROUGH COUNTY)	\$ 98,190.00
FOAM SYSTEMS	4430-0135	125 GPM Akron Foam Eductor w/manual panel mount 1/4 turn foam valves. Include push/pull, or lever for foam eductor Location: [#LOC]	\$ 6,084.00
FOAM SYSTEMS	4430-0136	Darley ODIN 150-PTO Compressed Air Foam System.	\$ 51,402.00
FOAM SYSTEMS	4430-0137	95 GPM Akron Foam Eductor Air Actuated. Plumb to both 1.5" preconnects.	\$ 5,795.00
FOAM SYSTEMS	4430-0138	2001 Hypro/FoamPro foam system with remote foam control installed in the cab in additional to operators panel. Wildland	\$ 29,877.00
FOAM SYSTEMS	4430-0139	95 GPM Akron Foam Eductor w/air actuated eductor and manual 1/4 turn foam valve. Location: [#LOC].	\$ 5,795.00
FOAM SYSTEMS	4430-0140	Williams 1500 Around-The-Pump foam system. Include air actuated aux foam inlet valve IPOS control at operator panel.	\$ 14,835.00
FOAM SYSTEMS	4430-0142	Advent 30 Foam System for a Single Foam Tank	\$ 63,090.00
FOAM SYSTEMS	4430-0145	FRC TurboFoam TFC400 foam system. Include FRC A/B Electric Selector.	\$ 40,467.00
FOAM SYSTEMS	4430-0146	60 Gal. Horizontal Steel Frame SKID CAFS (1" Discharge): Plumbed 60 gal. solution tank, (2) 150 cu ft industrial cylinders w/valves and mounts, air re-charge port w/6000 PSI Pressure Relief Valve, gauges, adjustable regulator w/relief valve, front mounted control panel, 6' supply hose w/hardware, panel mounted 1" discharge, drain and vent valves, steel SKID frame, 45000 adapter, funnel/adapter, purge kit (Dimension to be no greater than 32.8" H x 23.5"W) Hannay 1" x 100' Manual Booster Reel (specify rotation):Dimensions 40.5"W x 18.12"H x 19"D 1" x 100' Booster Hose w/ pistol grip & tip	\$ 66,961.00
FOAM SYSTEMS	4430-0148	FoamPro Turbo Ultra High Pressure foam system with a Dual-Action spray gun. Include booster reel model E1520-17-18 with 100' of 5/8" high pressure hose. Location L1.	\$ 15,779.00
FOAM SYSTEMS	4430-0149	125 GPM Akron foam eductor system with air actuation foam eductor. Location: [#LOC].	\$ 7,146.00
FOAM SYSTEMS	4430-0151	Foam ready manifold shall be supplied for dealer installed Hale FoamLogix 2.1, 3.3 or 5.0 or FoamPro 2001/2002 system with 3.0" plumbing feeding the foam manifold. Allows for selection of foam tank, foam gauge and plumb to foam discharges.	\$ 1,795.00
FOAM SYSTEMS	4430-0152	Foam ready manifold shall be supplied for dealer installed FoamPro 1600 system with 2.5" plumbing feeding the foam manifold. Allows for selection of foam tank, foam gauge and plumb to foam discharges.	\$ 1,795.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEMS	4430-0153	CAFS. Burner 60 Gallon horizontal skid mount CAFS Unit, model CAFS-60-S-1-HR. Approximate size of 38" wide x 46" deep and 32" high. 993 lbs full weight. Includes: Aluminum skid, 60 gallon vessel, (2) 55 CF expellant bottles, hose reel with 100 FT of 1 inch hose with shutoff and tip, Harris brass regulator, tool box and fill cap. Verify weight of filled unit if positioned on a slide master tray and use SM-3HD slide added separately. Location:	\$ 26,854.00
FOAM SYSTEMS	4430-0154	FoamPro Turbo Ultra High Pressure foam system. Include booster reel with 100' of 5/8" high pressure hose and Dual-action spray gun. Location B1, and reel in pan.	\$ 15,779.00
FOAM SYSTEMS	4430-0156	A Fire Research Model FSX030-020-KHP UHP CS 30-GPM system shall be provided for the ultra high pressure plumbing system providing foam to the bumper turret and booster reel. The AutoFoam SC Model FSB015-002 15 GPM system shall be provided for the low pressure discharges while operating the vehicle in structural mode.	\$ 44,073.00
FOAM SYSTEMS	4430-0157	AUTOFOAM SC FSB 180 w/ electronically controlled proportioned ATP foam system.	\$ 26,717.00
FOAM SYSTEMS	4430-0159	Class 1 2.1A foam system with SmartFoam controller.(Class A foam concentrate only)	\$ 14,669.00
FOAM SYSTEMS	4430-0160	Hot Shot II 300 Foam System. With a Trident Titan foam pump.	\$ 132,587.00
FOAM SYSTEMS	4430-0161	Class 1 3.3 foam system with SmartFoam controller.	\$ 22,893.00
FOAM SYSTEMS	4430-0162	Class 1 5.0 foam system with SmartFoam controller.	\$ 24,006.00
FOAM SYSTEMS	4430-0163	Class 1 6.5 foam system with SmartFoam controller.	\$ 31,681.00
FOAM SYSTEMS	4430-0164	Waterous Aquis Foam system 3.0.	\$ 27,934.00
FOAM SYSTEMS	4430-0165	Waterous Aquis Foam system 6.0.	\$ 31,455.00
FOAM SYSTEMS	4430-0166	Class 1 Dual 6.5 foam system with SmartFoam controller.	\$ 50,930.00
FOAM SYSTEMS	4430-0167	1.0" Ansul B2 Around The Pump Foam System for Class B Foam. (For Pump&Roll with PTO/PortablePump)	\$ 7,917.00
FOAM SYSTEMS	4430-0169	Waterous 1.5" Aquis Foam System	\$ 17,901.00
FOAM SYSTEMS	4430-0170	Hale SmartCAFS Compressed Air System with 1000 GPM manifold. Require 5.0 SmartFoam system or larger and 57" panel opening.	\$ 118,334.00
FOAM SYSTEMS	4430-0171	2001 Hypro/FoamPro foam system. Stainless Steel Wildland Only. Santa Fe without pump and roll HP aux pump.	\$ 12,634.00
FOAM SYSTEMS	4430-0173	PyroBlitz Models B2000M-P PTO Ultra high pressure system with 200' hose reel,high pressure hose with PyroBlitz nozzle. Plumb to water and foam tank. Location; L3	\$ 126,122.00
FOAM SYSTEMS	4430-0174	Hale SmartCAFS W/Dual 6.5 SmartFoam Compressed Air Foam System with 1000 GPM manifold.	\$ 154,630.00
FOAM SYSTEMS	4430-0175	TRI-MAX 30 VSI. Vertical slip in CAFS Unit (1" Discharge): Plumbed 30 gal. solution tank, (2) 80 cu.ft. SCUBA cylinders w/valves and mounts, air re-charge port, gauges, adjustable regulator, front mounted control panel, remote mounted 100' x 1" booster reel, 6' supply hose w/hardware, frame, funnel/adapter, purge kit.	\$ 33,320.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEMS	4430-0177	CAFS. Burner 60 Gallon vessel horizontal CAFS Unit. Include CAFS Tanks with 1.5" discharge, PSV, activation, bleed & related plumbing. (1) Hose set from tank to customer bottles, and (1) Regulator. Locate 1.5" swivel to front bumper outboard driver side. Verify weight of filled unit if positioned on a slide master tray and use SM-3HD slide added separately.	\$ 38,443.00
FOAM SYSTEMS	4430-0178	Darley 200-PTO Compressed Air Foam System	\$ 53,032.00
FOAM SYSTEMS	4430-0179	60 Gal. Horizontal Component CAFS. System controls to be located in L2 compartment. System to be plumbed to a 1.5" swivel discharge located in the Officer side bumper. Location; Foam tank, compressed bottle in open storage area above L1. All valves and discharges on the drivers side of the unit accessible in L1.	\$ 70,492.00
FOAM SYSTEMS	4430-0180	ENFORCER 60 CAF SYSTEM - FireAide Enforcer 60 skid unit in the B1 rear compartment. The system shall include a pressure vessel with storage capacity of 227 Litres (60 USG), and two (2) 2.5 cubic metre (90 cu-ft) compressed air cylinders. The skid shall include, and be designed to hold, 50' of one inch hose and a 1" Power Tip Technology pistol grip nozzle, manual rewind hose reel with 75' of 1" hose and nozzle.. When activated, the system shall be able to produce over 4500 Litres (1200 USG) of finished foam from a full charge. The skid shall have dimensions of 127 cm wide, 89 cm deep, and 78 cm high (50" x 35" x 30.5").	\$ 57,115.00
FOAM SYSTEMS	4430-0181	Foam system, an around the pump electric, proportioning.	\$ 13,726.00
FOAM SYSTEMS	4430-0182	AUTOFOAM CS FSB 030 w/ electronically controlled proportioned ATP foam system for ARFF vehicles.	\$ 24,876.00
FOAM SYSTEMS	4430-0183	PyroBlitz Models B2000M-P PTO Ultra high pressure system with 200' hose reel, high pressure hose with PyroBlitz nozzle. Plumb to water and foam tank. Location; R2	\$ 126,122.00
FOAM SYSTEMS	4430-0184	Eclipse GEN 2.0 Waterous Compressed Air Foam System with electric valves controller for all CAFS discharges include Aquis 6.0 Foam system.(requires 57" Opening)	\$ 152,956.00
FOAM SYSTEMS	4430-0185	Dealer installed foam system. with panel cut out for specified system controller.	\$ 483.00
FOAM SYSTEMS	4430-0186	Class 1 2.1A foam system. Requires SmartFlo pressure governor with integrated foam controller. (Class A foam concentrate only)	\$ 12,310.00
FOAM SYSTEMS	4430-0187	AUTOFOAM SC FSB240 w/ electronically controlled proportioned ATP foam system for vehicles. Plumb to ground sweep, and bumper turret.	\$ 17,681.00
FOAM SYSTEMS	4430-0189	Dealer installed foam system. with panel cut out for specified system controller. Includes cover plate for panel cut-out.	\$ 559.00
FOAM SYSTEMS	4430-0191	Class 1 3.3 foam system. Requires SmartFlo pressure governor with integrated foam controller.	\$ 20,614.00
FOAM SYSTEMS	4430-0192	Class 1 5.0 foam system. Requires SmartFlo pressure governor with integrated foam controller.	\$ 21,727.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM SYSTEMS	4430-0193	Foam testing. The foam system max flow test shall be 250gpm at 250psi for 30 minutes. The 250 foam test shall be tested at the manufacturer's facility with water by thrid-party testing service.	\$ 2,651.00
FOAM SYSTEMS	4430-0195	1500V Williams Manual Class B Around The Pump foam system with pickup. Include manual tanks control with manual .75 flush valve.	\$ 14,364.00
FOAM SYSTEMS	4430-0197	Trimax 30 Gal system. Horizontal Component CAFS. System to be plumbed to a 1.5" swivel discharge located on the Officer side bumper. Location; Foam tank in open storage area above L3/L4. Front bumper discharge valve, and TriMax controls to be on front bumper.	\$ 55,190.00
FOAM SYSTEMS	4430-0198	1500V Williams Manual A/B Around the pump foam system. A single Class A foam cell and a manual Class B foam pickup. Include manual A/B controls with manual .75 flush valve.	\$ 17,763.00
FOAM SYSTEMS	4430-0199	Dealer installed foam system with universal panel cut out for foam system controller, 7.5" wide x 4.5" tall. Includes cover plate for panel cut-out.	\$ 559.00
FOAM TANK	4100-0000	10 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity.	\$ 1,932.00
FOAM TANK	4100-0002	10 Gallon Intergral Foam Cell	\$ 613.00
FOAM TANK	4100-0006	40 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity. Tank capacity is 40 US gallon / 33 Imperial gallons / 151 Liters.	\$ 2,451.00
FOAM TANK	4100-0007	15 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity. Tank capacity is 15 US gallon / 12 Imperial gallons / 56 Liters.	\$ 2,007.00
FOAM TANK	4100-0008	20 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity. Tank capacity is 20 US gallon / 16 Imperial gallons / 75 Liters.	\$ 2,080.00
FOAM TANK	4100-0009	30 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity. Tank capacity is 30 US gallon / 25 Imperial gallons / 113 Liters.	\$ 2,252.00
FOAM TANK	4100-0011	300 gallon "T" foam tank.	\$ 10,155.00
FOAM TANK	4100-0012	280 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity. Tank capacity is 280 US gallon / 233 Imperial gallons / 1059 Liters.	\$ 8,446.00
FOAM TANK	4100-0013	50 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity. Tank capacity is 50 US gallon / 41 Imperial gallons / 189 Liters.	\$ 2,629.00
FOAM TANK	4100-0014	150 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity. Tank capacity is 150 US gallon / 124 Imperial gallons / 567 Liters.	\$ 6,769.00
FOAM TANK	4100-0015	25 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity. Tank capacity is 25 US gallon / 20 Imperial gallons / 94 Liters.	\$ 2,163.00
FOAM TANK	4100-0016	100 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity.	\$ 4,876.00
FOAM TANK	4100-0017	10 gallon external foam tank. Locate in storage pan. Tower to be next to water fill tower.	\$ 3,062.00

FOAM TANK	4100-0052	500 Gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. The fill tower shall include a an expansion dome. Foam tank capacity will reduce the water tank capacity. Tank capacity is 500 US gallons / 416 Imperial gallons / 1892 Liters.	\$ 15,068.00
FOAM TANK	4100-0053	30 Gallon external foam tank for [#LOC]. UPF Poly III [#COL]. Locate in storage pan.	\$ 6,706.00
FOAM TANK	4100-0054	500 gallon "T" foam tank for class B foam. UPF Poly III Yellow fill tower. Foam tank capacity will reduce the water tank capacity. Tank capacity is 500 US gallons / 416 Imperial gallons / 1892 Liters.	\$ 15,068.00
FOAM TANK	4100-0055	250 Gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. The fill tower shall include an expansion dome. Foam tank capacity will reduce the water tank capacity. Tank capacity is 250 US gallons / 208 Imperial gallons / 946 Liters.	\$ 7,649.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM TANK	4100-0056	180 Gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. The fill tower shall include an expansion dome. Foam tank capacity will reduce the water tank capacity. Tank capacity is 180 US gallons / 149 Imperial gallons / 681 Liters	\$ 7,897.00
FOAM TANK	4100-0057	20 gallon external foam tank for [#LOC] locate: Officer side front of body. UPF Poly III [#COL] fill tower. A diamond plate cover will be provided around the foam tank.	\$ 5,960.00
FOAM TANK	4100-0058	25 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 2,236.00
FOAM TANK	4100-0059	230 Gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. The fill tower shall include an expansion dome. Foam tank capacity will reduce the water tank capacity. Tank capacity is 230 US gallons / 191 Imperial gallons / 870 Liters.	\$ 8,446.00
FOAM TANK	4100-0060	2030 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Note: Any storage options thru the tank will reduce the overall foam capacity.	\$ 30,827.00
FOAM TANK	4100-0061	200 gallon integral foam tank for class B foam. Foam tank capacity will reduce the water tank capacity. Tank capacity is 200 US gallon / 166 Imperial gallons / 757 Liters. UPF Poly III Yellow fill tower.	\$ 6,035.00
FOAM TANK	4100-0062	Label on Foam Tank to read "Class A Foam" or "Class B Foam" as necessary.	\$ 67.00
FOAM TANK	4100-0063	1530 gallon integral foam tank for Class B foam. UPF Poly III Yellow fill tower. Tank capacity is 1530 US gallons / 1273 Imperial gallons / 5791 Liters.	\$ 22,056.00
FOAM TANK	4100-0064	30 Gallon external foam tank for [#LOC]. UPF Poly III [#COL] tower to be accessible from driver side. Includes bolt-on .187" diamond plate cover with end panel (if applicable) and cutout in top panel for fill tower. Locate in storage pan over pump offset to driver side.	\$ 3,367.00
FOAM TANK	4100-0065	External foam cell, 40 gal, Poly, Black, w/Drain, Wildland	\$ 4,893.00
FOAM TANK	4100-0066	2030 gallon foam tank for Class B foam. UPF Poly III Yellow fill tower. Note: Any storage options thru the tank will reduce the overall foam capacity.	\$ 30,827.00
FOAM TANK	4100-0067	300 Gallon "T" foam tank for Class B foam. UPF Poly III Yellow fill tower. Tank capacity is 300 US gallons / 250 Imperial gallons / 1137 Liters.	\$ 10,155.00
FOAM TANK	4100-0068	35 imperial gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity. Tank capacity is 42 US gallon / 35 Imperial gallons / 159 Liters.	\$ 2,451.00
FOAM TANK	4100-0069	265 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity. 265 US gal/220 Imperial gal/1003 liters	\$ 8,446.00
FOAM TANK	4100-0070	200 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 6,035.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM TANK	4100-0071	1000 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. The fill tower shall include a an expansion dome. Foam tank capacity will reduce the water tank capacity. Tank capacity is 1000 US gallons / 832 Imperial gallons / 3785 Liters.	\$ 15,684.00
FOAM TANK	4100-0072	150 gallon integral foam tank for class A foam. UPF Poly III Green fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 6,568.00
FOAM TANK	4100-0073	20 Gallon external foam tank for [#LOC]. UPF Poly III [#COL]. Locate in storage pan.	\$ 3,011.00
FOAM TANK	4100-0074	120 gallon integral foam tank for class B foam. Foam tank capacity will reduce the water tank capacity.	\$ 5,418.00
FOAM TANK	4100-0075	5 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 1,932.00
FOAM TANK	4100-0076	60 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 2,820.00
FOAM TANK	4100-0077	750 Gallon foam tank for Class B foam. UPF Poly III Yellow fill tower. The fill tower shall include a an expansion dome. Tank capacity is 750 US gallons / 625 Imperial gallons / 2843 Liters.	\$ 15,376.00
FOAM TANK	4100-0078	45 gallon integral foam tank for Class B foam. UPF Poly III Yellow fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 2,523.00
FOAM TANK	4100-0079	75 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 3,421.00
FOAM TANK	4100-0080	3030 gallon foam tank for class B foam. Tank capacity is 3030 US gallons / 2523 Imperial gallons / 11469 Liters. Note: any tank tunnel(s) or large notches may reduce overall tank capacity accordingly.	\$ 45,173.00
FOAM TANK	4100-0081	1030 gallon "R" foam tank for [#LOC]. UPF Poly III [#COL] fill tower.	\$ 15,684.00
FOAM TANK	4100-0083	3030 gallon foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Note: Any storage options thru the tank will reduce the overall foam capacity.	\$ 45,173.00
FOAM TANK	4100-0084	3000 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Note: Any storage options thru the tank will reduce the overall foam capacity.	\$ 45,173.00
FOAM TANK	4100-0085	300 Gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. The fill tower shall include a an expansion dome. Foam tank capacity will reduce the water tank capacity. Tank capacity is 300 US gallons / 249 Imperial gallons / 1135 Liters.	\$ 15,068.00
FOAM TANK	4100-0086	15 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 2,080.00
FOAM TANK	4100-0087	1380 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower.	\$ 22,056.00
FOAM TANK	4100-0088	280 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 7,193.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM TANK	4100-0089	780 gallon integral foam tank for class B foam. Tank capacity is 780 US gallons.	\$ 22,595.00
FOAM TANK	4100-0090	400 gallon integral foam tank for [#LOC]. Foam tank capacity will reduce the water tank capacity.	\$ 11,530.00
FOAM TANK	4100-0091	25 Gallon external foam tank for [#LOC]. UPF Poly III [#COL]. Locate in storage pan over pump offset to driver side.	\$ 3,222.00
FOAM TANK	4100-0092	300 gallon "R" foam tank for class [#LOC] foam. Foam tank capacity will reduce the water tank capacity. Tank capacity is 300 US gallon / 249 Imperial gallons / 1135 Liters.	\$ 7,994.00
FOAM TANK	4100-0093	25 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 2,252.00
FOAM TANK	4100-0094	700 Gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. The fill tower shall include a an expansion dome. Foam tank capacity will reduce the water tank capacity.	\$ 18,078.00
FOAM TANK	4100-0095	725 Gallon foam tank for Class B foam. UPF Poly III Yellow fill tower. Includes expansion dome with fill tower, 8" sleeve for waterway pipe and (2) 5" sleeves for 3" rear discharge and foam discharge pipes through tank. Tank capacity is 725 US gallons / 600 Imperial gallons / 2744 Liters.	\$ 21,081.00
FOAM TANK	4100-0096	Label to read "USE ONLY 3% MIL-SPEC C-6 AFFF". The shall be a permanently affixed label at each foam fill and on the foam tank tower.	\$ 245.00
FOAM TANK	4100-0097	150 gallon integral foam tank for class B foam. UPF Poly III yellow fill tower. Foam tank capacity will reduce the water tank capacity.	\$ 6,568.00
FOAM TANK	4100-0098	120 US (100 IMP) gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Foam tank capacity will reduce the water tank capacity by same amount.	\$ 5,418.00
FOAM TANK	4100-0099	3500 gallon integral foam tank for [#LOC]. UPF Poly III [#COL] fill tower. Note: Any storage options thru the tank may reduce the overall foam capacity.	\$ 53,564.00
FOAM TANK	4100-0100	500 gallon "T" foam tank. The fill tower shall include an expansion dome.	\$ 14,265.00
FOAM TANK	4100-0101	10 gallon integral foam tank for [#LOC]. Foam tank capacity will increase the overall tank capacity. Tank capacity is 10 US gallon / 8 Imperial gallons / 37 Liters.	\$ 1,947.00
FOAM TANK	4100-0102	20 gallon integral foam tank for [#LOC]. Foam tank capacity will increase the overall tank capacity. Tank capacity is 20 US gallon / 16 Imperial gallons / 75 Liters.	\$ 2,096.00
FOAM TANK	4100-0103	30 gallon integral foam tank for [#LOC]. Foam tank capacity will increase the overall tank capacity. Tank capacity is 30 US gallon / 24 Imperial gallons / 113 Liters.	\$ 2,309.00
FOAM TANK	4100-0104	1000 gallon integral foam tank for [#LOC]. The fill tower shall include an expansion dome. Foam tank capacity will reduce the water tank capacity. Tank capacity is 1000 US gallons / 832 Imperial gallons / 3785 Liters.	\$ 15,684.00
FOAM TANK	4100-0105	40 gallon integral foam tank for [#LOC]. Foam tank capacity will increase the overall tank capacity. Tank capacity is 40 US gallon / 33 Imperial gallons / 151 Liters.	\$ 2,559.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM TANK	4100-0106	50 gallon integral foam tank for [#LOC]. Foam tank capacity will increase the overall tank capacity. Tank capacity is 50 US gallon / 41 Imperial gallons / 189 Liters.	\$ 2,855.00
FOAM TANK	4100-0107	60 gallon integral foam tank for [#LOC]. Foam tank capacity will increase the overall tank capacity. Tank capacity is 60 US gallon / 49 Imperial gallons / 227 Liters.	\$ 2,947.00
FOAM TANK	4100-0108	2030 gallon foam tank for Class B foam. Note: Any storage options thru the tank will reduce the overall foam capacity.	\$ 30,827.00
FOAM TANK OPTIONS	4110-0000	Foam tank fill 1.5" ARFF. Location: [#LOC].	\$ 1,380.00
FOAM TANK OPTIONS	4110-0001	Foam tank fill/drain 1.5" - ARFF. Location: [#LOC].	\$ 1,750.00
FOAM TANK OPTIONS	4110-0002	Foam tank (B) outlet. Includes 1" male adapter and connector (ship loose). Outlet location: [#LOC].	\$ 1,912.00
FOAM TANK OPTIONS	4110-0003	Stainless steel foam can piercer for bottom of foam fill tower. Requires foam fill to be 16" X 16" wide.	\$ 1,877.00
FOAM TANK OPTIONS	4110-0004	Foam tank shutoff. 1/4 turn shut off on each connection to the foam tank - foam discharge, refill and sending unit. The Valves shall be located at the tank.	\$ 1,498.00
FOAM TANK OPTIONS	4110-0005	Direct 1.5" Foam Tank Fill with Akron 1.5" Valve. A 1.5" FNST tank fill connection with rocker lug plug, and a replaceable .25" mesh strainer on the left pump panel.	\$ 1,512.00
FOAM TANK OPTIONS	4110-0006	Foam tank (A) outlet. Includes 1" male adaptor and connector (ship loose). Outlet location: [#LOC]	\$ 1,910.00
FOAM TANK OPTIONS	4110-0007	Foam transfer pump shall automatically shut down when the foam tank is full.	\$ 890.00
FOAM TANK OPTIONS	4110-0008	Williams Hot Shot II 150 Single 2.5" Foam Tank To Pump Controls.	\$ 17,977.00
FOAM TANK OPTIONS	4110-0009	TTP 4" WILLIAMS FOAM SINGLE	\$ 19,880.00
FOAM TANK OPTIONS	4110-0011	1.5" Foam tank drain Akron manual valve.	\$ 1,400.00
FOAM TANK OPTIONS	4110-0012	Williams Hot Shot II Single 3" Foam Tank To Pump Controls.	\$ 18,651.00
FOAM TANK OPTIONS	4110-0013	Foam tank outlet. Includes 1.5" MNST with cap. A 1.5" FNST fitting shall be included in the loose equipment . Outlet location: [#LOC].	\$ 2,096.00
FOAM TANK OPTIONS	4110-0014	Foam tank (B) outlet. Includes 2" male adapter. Outlet location: [#LOC].	\$ 2,762.00
FOAM TANK OPTIONS	4110-0015	Foam tank outlet. Includes 1" Female adaptor and connector (ship loose). Outlet location: [#LOC].	\$ 1,910.00
FOAM TANK OPTIONS	4110-0016	There shall be one color coded tag reading: "FOAM TANK CLASS B" this tag shall be mechanically mounted to the foam tank dome and shall be colored white.	\$ 35.00
FOAM TANK OPTIONS	4110-0017	Direct 1.5" Foam Tank Fill with Akron 1.5" Valve. A 1.5" FNST tank fill connection with rocker lug plug, with a replaceable strainer on left side pump panel.	\$ 1,512.00
FOAM TANK OPTIONS	4110-0018	Foam tank outlet. Includes 1" male camlock adaptor w/1" valve and connector (ship loose). Outlet location: driver side pump panel.	\$ 1,910.00
FOAM TANK OPTIONS	4110-0019	All foam service valves to be stainless steel IPOS. No PVC valves to be used.	\$ 972.00
FOAM TANK OPTIONS	4110-0020	Foam tank outlet. Includes 1" male camlock adaptor and connector (ship loose). Outlet location: (1)driver and (1) officer side pump panel.	\$ 1,910.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FOAM TANK OPTIONS	4110-0021	Foam tank outlet. Includes 1" male camlock adaptor with cap and connector (ship loose). Outlet location: officer side pump panel.	\$ 1,910.00
FOAM TANK OPTIONS	4110-0022	There shall be one color coded tag reading: "FOAM TANK CLASS A" this tag shall be mechanically mounted to the foam tank dome.	\$ 35.00
FOAM TANK OPTIONS	4110-0023	Foam tank outlet. Includes Swaglock SS QF16-S-16PF female adapter and connector (ship loose). Outlet location: [#LOC].	\$ 1,910.00
FOAM TANK OPTIONS	4110-0024	Foam tank drain, with service valves. Foam tank drain to be mounted on pump panel and service valve mounted at tank.	\$ 896.00
FOAM TANK OPTIONS	4110-0025	Foam tank outlet with Akron electric valve. Includes 2" male adapter. Outlet location (2) driver side pump panel, and (1) officer side pump panel.	\$ 6,108.00
FOAM TANK OPTIONS	4110-0026	Williams Hot Shot II Single 4" Foam Tank To Pump Controls.	\$ 23,981.00
FOAM TANK OPTIONS	4110-0027	Label to read "CAUTION AFFF TANK DRAIN". The shall be a permanently affixed label at each foam tank drain.	\$ 245.00
FOAM TANK OPTIONS	4110-0028	Foam tank outlet. Includes 1" male camlock adaptor with cap and connector (ship loose). Outlet location: driver side pump panel.	\$ 1,910.00
FOAM TANK OPTIONS	4110-0029	2.5" Foam tank drain Akron manual valve.	\$ 2,543.00
FOAM TANK OPTIONS	4410-0065	Foam tank outlet. Includes 1" MNST adaptor with cap. Outlet location: [#LOC].	\$ 1,910.00
FRAME ASSEMBLY	1250-0005	Frame - Torque box for tandem axle RM aerial.	\$ 43,030.00
FRAME ASSEMBLY	1250-0011	Rear underbody support frame.	\$ 1,176.00
FRAME ASSEMBLY	1250-0025	Frame 12 x 3.5 x .375 chassis for use with ARFF Air Transportable.	\$ 11,124.00
FRAME ASSEMBLY	1250-0027	Frame - Torque box for tandem axle RM aerial with no waterway pipe.	\$ 39,179.00
FRAME ASSEMBLY	1250-0028	Rear heavy duty underbody support frame.	\$ 3,121.00
FRAME ASSEMBLY	1250-0029	Torque box modifications to allow for Hendrickson FIREMAAX tandem air ride suspension (for use with HM100/110, HR100 and HP100 ladder).	\$ 3,380.00
FRAME ASSEMBLY	1250-0057	Rear underbody support frame. SS product.	\$ 1,176.00
FRAME ASSEMBLY	1250-0058	Framerails to have no additional holes (as applicable). To be designed for NYPD application.	\$ 877.00
FRAME ASSEMBLY	1250-0059	Heavy duty frame 10.25 x 3.5 x .375 chassis.	\$ 13,284.00
FRAME ASSEMBLY	1250-0060	Heavy duty frame liner 9.375 x 3.125 x .375.	\$ 8,293.00
FRAME ASSEMBLY	1250-0063	Frame - Torque box for single axle RM aerial.	\$ 39,486.00
FRAME ASSEMBLY	1250-0066	Rear chassis subframe for 4x4. Raises bottom of chassis 9.375". For use with 12" frame rails and AxleTech 4000 or equivalent front axle only.	\$ 5,613.00
FRAME ASSEMBLY	1250-0072	Torque box modifications to allow for Hendrickson FIREMAAX tandem air ride suspension (for use with CR100/137, 95-Platform and HP100 Platform).	\$ 5,972.00
FRAME ASSEMBLY	1250-0073	Frame - Formed torque box for HP95 Mid-Mount aerial. Includes 12" high rails below cab. (For use with 6-jack MM only)	\$ 41,727.00
FRAME ASSEMBLY	1250-0074	Rear underbody support frame with side tow eye style frame brackets without lower tow eyes to minimize impact on departure angle. To be used with frame mounted tow eyes facing rearward from frame rails.	\$ 2,000.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FRAME ASSEMBLY	1250-0075	Forward outriggers on torque box shifted forward 10". Only available on HP100 Platform with 250" or 260" wheelbase. Requires special body.	\$ 1,020.00
FRAME ASSEMBLY	1250-0076	Rear underbody support frame. Zinc plated (galvanized).	\$ 2,777.00
FRAME ASSEMBLY	1250-0077	Frame - Torque box for HP100 platform with no waterway pipe.	\$ 51,960.00
FRAME ASSEMBLY	1250-0078	Zinc flame spray coating for integral torque box chassis.	\$ 10,041.00
FRAME ASSEMBLY	1250-0080	Frame assembly with 10.25 x 3.5 x .375 powder coated galvanized rails.	\$ 12,411.00
FRAME ASSEMBLY	1250-0081	Frame assembly with 12 x 3.5 x .375 powder coated galvanized rails.	\$ 13,648.00
FRAME ASSEMBLY	1250-0082	Frame assembly with powder coated galvanized rails and 10" step for use with front drive axle. Includes 12 x 3.5 x .375 rails behind cab with 11.125 liner and 10.25 x 3.5 x .375 rails below cab with 9.375 liner.	\$ 43,832.00
FRAME ASSEMBLY	1250-0083	Frame liner 9.375 x 3.125 x .375, galvanized and powder coated.	\$ 6,894.00
FRAME ASSEMBLY	1250-0084	Frame liner 11.125 x 3.125 x .375, galvanized and powder coated.	\$ 7,748.00
FRAME ASSEMBLY	1250-0085	Front chassis frame extensions, crossmembers and battery brackets shall be zinc plated (galvanized) IPOS. Includes rear subframe if applicable (urban interface, straight frame 4x4, etc).	\$ 5,666.00
FRAME ASSEMBLY	1250-0086	Frame - Torque box for 100' single axle Quint aerial.	\$ 39,486.00
FRAME ASSEMBLY	1250-0087	Special frame cut extension due to customer's requirements.	\$ 2,829.00
FRAME ASSEMBLY	1250-0089	Tubular frame rail assembly 12" x 4" x .375" for use on 4x4 ARFF vehicles	\$ 64,520.00
FRAME ASSEMBLY	1250-0090	Tubular frame rail assembly 12" x 4" x .375" for use on 6x6 ARFF vehicles	\$ 71,493.00
FRAME ASSEMBLY	1250-0091	Shackles shall be provided with one pair at the front and one pair at the rear of the apparatus.	\$ 344.00
FRAME ASSEMBLY	1250-0093	Frame - Torque box for HP95 Mid-Mount aerial with 4 outriggers.	\$ 41,727.00
FRAME ASSEMBLY	1250-0094	Special frame cut extension due to customer's requirements. Commercial chassis.	\$ 2,829.00
FRAME ASSEMBLY	1250-0096	Frame - Torque box for 100' single axle Quint aerial with 67.5 / 68" cab. Includes 12" tall section below cab. Requires 2.5" aerial raise.	\$ 39,486.00
FRAME ASSEMBLY	1250-0098	Frame - Torque box for HP 100 platform (100KSI).	\$ 55,807.00
FRAME ASSEMBLY	1250-0099	Frame - Torque box for single axle Metro 100 NPNT aerial with HR100 ladder	\$ 39,486.00
FRAME ASSEMBLY	1250-0100	Rear chassis subframe for Urban Interface pumper. Includes powder coated galvanized rails. Raises bottom of chassis approx 4". For use with 12" frame rails and FS-25 or MT-22 front axles only.	\$ 5,434.00
FRAME ASSEMBLY	1250-0101	Frame - Torque box for HP/HPS100 platforms with 5" w/way pipe (100KSI). For use with 2000 GPM waterway flow. May affect ground ladder storage in tunnel.	\$ 60,297.00
FRAME ASSEMBLY	1250-0102	Front chassis frame extensions, crossmembers below cab and battery brackets shall be zinc plated (galvanized) IPOS. For use with torque box chassis only.	\$ 4,562.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FRAME ASSEMBLY	1250-0104	Special front frame cut extension due to customer's requirements. Bumper shall be extended 20". Commercial chassis.	\$ 3,276.00
FRAME ASSEMBLY	1250-0106	Installation upcharge for an eMAX pump module with a Waterous pump on a 4X4 chassis.	\$ 4,459.00
FRAME ASSEMBLY	1250-0107	Frame - Torque box for single axle Metro 100 NPNT aerial with HR100 ladder and 67.5" cab. Includes 12" tall section below cab. Requires 2.5" aerial raise.	\$ 39,486.00
FRAME ASSEMBLY	1250-0108	Frame - Torque box for tandem axle RM industrial aerial (no waterway pipe).	\$ 47,691.00
FRAME ASSEMBLY	1250-0109	Tiedown locations shall be provided as follows: (4) tow eyes at front approach of cab, (2) shackles on front axle, (2) tow eyes at mid-point of chassis, (2) shackles on rear axle, and (4) tow eyes at rear departure of body.	\$ 2,065.00
FRAME ASSEMBLY	1250-0110	Frame liner "L" ZPC- 8.875 x 3.125 x .375. galvanized and powder coated.	\$ 6,592.00
FRAME ASSEMBLY	1250-0112	Tow eye locations shall be provided as follows: (4) tow eyes at front approach of cab and (4) tow eyes at rear departure of body.	\$ 2,065.00
FRAME ASSEMBLY	1250-0113	Chassis prep package for EV. Includes rear underbody support.	\$ 12,460.00
FRAME ASSEMBLY	1250-0114	Frame - Torque box for HP100 platform with 6" w/way pipe. For use with industrial applications only. (100KSI)	\$ 60,475.00
FRAME ASSEMBLY	1250-0115	Tiedown locations shall be provided as follows: (4) tow eyes at front approach of cab, (2) shackles on front axle, (2) shackles on rear axle, and (4) tow eyes at rear departure of body.	\$ 2,065.00
FRAME ASSEMBLY	1250-0116	Chassis prep package for EFT. Includes below chassis battery supports (galvanized), rear underbody support with below body tow eyes (galvanized) and support bracket for power steering / air brake compressor module.	\$ 15,213.00
FRAME ASSEMBLY	1250-0117	Rear underbody support frame. NON STANDARD. Design shall accommodate rear body with deep walk in B1 compartment spanning full width of body.	\$ 4,716.00
FUEL SYSTEMS	1350-0000	Electric reprime diesel fuel pump. Not available on E-One custom chassis.	\$ 1,454.00
FUEL SYSTEMS	1350-0001	Dual fuel fill package. Additional fuel fill provided on officer side of unit.	\$ 1,028.00
FUEL SYSTEMS	1350-0002	Recessed fuel fill	\$ 273.00
FUEL SYSTEMS	1350-0003	Fuel system 50 gallon.	\$ 3,049.00
FUEL SYSTEMS	1350-0004	Fuel system 50 gallon saddle tanks.	\$ 5,239.00
FUEL SYSTEMS	1350-0005	Fuel system 65 gallons.	\$ 3,221.00
FUEL SYSTEMS	1350-0006	Fuel system 100 gallons	\$ 4,610.00
FUEL SYSTEMS	1350-0008	Fuel water separator Fuel-Pro 382 (Cummins FH2309). Filter is top serviceable. (Up to 2018 EPA engines)	\$ 1,400.00
FUEL SYSTEMS	1350-0009	Fuel line hose braided. Includes fuel pick-up (if applicable).	\$ 603.00
FUEL SYSTEMS	1350-0010	Fuel pick-up for generator or pump. Includes hoses run to pan or generator compartment.	\$ 286.00
FUEL SYSTEMS	1350-0011	Fuel pump electric w/re-prime.	\$ 849.00
FUEL SYSTEMS	1350-0012	Fuel shut-off valve. Location: [#LOC].	\$ 227.00
FUEL SYSTEMS	1350-0013	Racor fuel/water separator to be a bottom drop out style. Shall include indicator light and audible alarm.	\$ 1,478.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FUEL SYSTEMS	1350-0014	Thermal control in-line fuel heater.	\$ 986.00
FUEL SYSTEMS	1350-0018	Fuel Tank 6 Gallons	\$ 344.00
FUEL SYSTEMS	1350-0020	Fuel cap, 4" non-locking (PR) ARFF.	\$ 198.00
FUEL SYSTEMS	1350-0037	Fuel system w/65 gallon stainless steel tank.	\$ 5,651.00
FUEL SYSTEMS	1350-0038	Fuel water seperator with a heater, alarm and indicator light.	\$ 1,316.00
FUEL SYSTEMS	1350-0040	Fuel system 50 gallon stainless steel saddle tanks.	\$ 10,199.00
FUEL SYSTEMS	1350-0041	Fuel line service loop for tank maintenance. 4' loop coiled above fuel tank(s).	\$ 192.00
FUEL SYSTEMS	1350-0043	Fuel system w/50 gallon stainless steel tank.	\$ 5,192.00
FUEL SYSTEMS	1350-0044	E.J. Ward Canceiver electronic fuel monitoring system. Includes (2) sensors for dual fuel fill application.	\$ 5,839.00
FUEL SYSTEMS	1350-0045	Channel and rod mount fuel tank in addition to straps.	\$ 1,083.00
FUEL SYSTEMS	1350-0046	Fuel water separator Fuel-Pro 382 with light and alarm. Filter is top servicable.(Cummins FleetGuard FH230 as an alternate)	\$ 1,616.00
FUEL SYSTEMS	1350-0050	Fuel system 60 gallon saddle tanks.	\$ 6,188.00
FUEL SYSTEMS	1350-0052	Fuel system 75 gallons.	\$ 3,916.00
FUEL SYSTEMS	1350-0053	Racor model 4120R1230 fuel/water separator.	\$ 1,643.00
FUEL SYSTEMS	1350-0054	Fuel water separator Fuel-Pro 382 with light and alarm. Filter is top servicable.	\$ 1,616.00
FUEL SYSTEMS	1350-0058	Radiator mounted fuel cooler.	\$ 974.00
FUEL SYSTEMS	1350-0060	Fuel system 60 gallon stainless steel saddle tanks.	\$ 11,148.00
FUEL SYSTEMS	1350-0066	Aux Fuel pick-up for diesel compressor. Includes hoses run to compressor compartment.	\$ 1,111.00
FUEL SYSTEMS	1350-0067	Fuel system w/50 gallon stainless steel tank. Includes taper rear.	\$ 5,969.00
FUEL SYSTEMS	1350-0069	Fuel pump electric w/re-prime. Locate switch left side of steering column on diagnostics panel.	\$ 849.00
FUEL SYSTEMS	1350-0070	Fuel system with 75 gallon stainless steel tank.	\$ 7,303.00
FUEL SYSTEMS	1350-0071	Fuel/water separator shield.	\$ 467.00
FUEL SYSTEMS	1350-0072	Fuel system 70 gallons for ARFF 4x4 configuration.	\$ 2,659.00
FUEL SYSTEMS	1350-0073	Fuel system 90 gallons for ARFF 4x4 and 6x6 configurations.	\$ 3,350.00
FUEL SYSTEMS	1350-0074	Fuel shut-off valve to be a quarter turn brass type. Location: [#LOC].	\$ 227.00
FUEL SYSTEMS	1350-0075	Fuel water seperator with a alarm and indicator light.	\$ 492.00
FUEL SYSTEMS	1350-0076	Fuel tank to be powder coated black.	\$ 1,696.00
FUEL SYSTEMS	1350-0077	Fuel system w/50 gallon tank. Includes taper rear.	\$ 4,747.00
FUEL SYSTEMS	1350-0078	Fuel pick-up for diesel fired heater. Includes hose run. Qty Ea.	\$ 286.00
FUEL SYSTEMS	1350-0079	Fuel line service loop for tank maintenance. 6' loop coiled above fuel tank(s).	\$ 230.00
FUEL SYSTEMS	1350-0080	Fuel line service loop for tank maintenance. 12' loop coiled above fuel tank(s).	\$ 436.00
FUEL SYSTEMS	1350-0081	Fuel tank to be mounted as high as possible for ground clearance.	\$ 1,094.00
FUEL SYSTEMS	1350-0082	Fuel line service loop for tank maintenance 8' loop coiled above fuel tank(s).	\$ 230.00
FUEL SYSTEMS	1350-0083	Fuel system 40 gallons for ARFF AT 4x4 configuration.	\$ 2,562.00
FUEL SYSTEMS	1350-0084	Green Protectoseal fuel cap IPOS.	\$ 1,402.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
FUEL SYSTEMS	1350-0085	Fuel Master prewire for communication module in cab to include mounting location, OBD J1939 Port access. Added additional data port feed with a pigtail with second green data plug to attach to communications module, associated power wiring as applicable. Customer fleet will install Fuel Master system module and wiring for the fuel ring on the tank fill to complete system.	\$ 1,189.00
FUEL SYSTEMS	1350-0088	Add gusseting to fuel water separator bracket.	\$ 421.00
FUEL SYSTEMS	1350-0089	Fuel pick-up for generator or pump. Includes hoses run to generator on top deck.	\$ 286.00
FUEL SYSTEMS	1350-0090	Fuel water separator Fuel-Pro 382 (Cummins FH2309). Filter is top serviceable. Replaces manufacturer supplied fuel filter. For use with 2021 EPA engines.	\$ 1,400.00
FUEL SYSTEMS	1350-0091	Gates 31640 fuel cap IPOS.	\$ 166.00
FUEL SYSTEMS	1350-0093	Fuel system 32 gallon. For use on Vector chassis with range extender engine only.	\$ 2,843.00
FUEL SYSTEMS	1350-0094	Fuel system w/70 gallon stainless steel tank. For use with Tiller only.	\$ 10,321.00
FUEL SYSTEMS	1350-0095	Fuel system 32 gallon stainless steel tank. For use on Vector chassis with range extender engine only.	\$ 4,831.00
FUEL SYSTEMS	1350-0096	Racor fuel/water separator to be a bottom drop out style. Shall include indicator light only (no audible alarm).	\$ 1,478.00
FUEL SYSTEMS	1350-0097	Fuel fill to be extended close to the outside of the body, to include extra threads to allow installation of fuel management ring.	\$ 404.00
FUEL SYSTEMS	1350-0098	Fuel pump electric for diesel engine generator, water pump, etc that is mounted high in the body. Requires auxiliary fuel pick-up.	\$ 1,182.00
GAUGES	4435-0001	Class 1 Intelli-Tank water tank level gauge. On pump panel.	\$ 983.00
GAUGES	4435-0002	Class 1 Intelli-Tank foam tank level gauge. On pump panel.	\$ 1,020.00
GAUGES	4435-0003	Class 1 Intelli-Tank/Whelen 500 LED water tank level gauge package. Location of Whelen 500 tank level lights: [#LOC].	\$ 7,896.00
GAUGES	4435-0004	Sight Tube Water Tank Level Gauge. Located driver's side front of body.	\$ 1,014.00
GAUGES	4435-0013	4.5" Class 1 compound pressure gauge (30-0-600 PSI).	\$ 393.00
GAUGES	4435-0014	Dual Read 4.5" Class 1 Pressure Gauge (30-0-600 psi/100-0-4000 KPA).	\$ 584.00
GAUGES	4435-0015	2.5" Class 1 compound pressure gauge (30-0-600). Discharge(s): [#LOC].	\$ 288.00
GAUGES	4435-0016	Dual Read 2.5" Pressure Gauge (30-0-600 psi/100-0-4000 KPA). Discharge: [#LOC].	\$ 400.00
GAUGES	4435-0018	Dual Read 3.5" Pressure Gauge (30-0-600 psi/100-0-4000 KPA). Discharge: [#LOC]	\$ 541.00
GAUGES	4435-0019	3.5" Class 1 compound pressure gauge (30-0-600). Discharge: [#LOC].	\$ 343.00
GAUGES	4435-0021	Gauge heater strips, additional (EA).	\$ 292.00
GAUGES	4435-0022	6" NoShok pressure gauge (30-0-600).	\$ 1,355.00
GAUGES	4435-0023	4" NoShok master pressure gauges (30-0-600).	\$ 417.00
GAUGES	4435-0024	6" Class 1 compound pressure gauge (30-0-600).	\$ 1,335.00
GAUGES	4435-0025	Flowminder Super System. Discharge: [#LOC].	\$ 5,486.00
GAUGES	4435-0026	Flowminder System. Discharge: [#LOC].	\$ 3,550.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GAUGES	4435-0027	Flow Meter Value System. Discharge: [#LOC].	\$ 3,260.00
GAUGES	4435-0028	Gauges, secondary agent, propellant pressure 2.5", vessel pressure 2.5" shall be installed on [#LOC].	\$ 1,464.00
GAUGES	4435-0029	Agent 2.5" Pressure Gauge located on the dash.	\$ 750.00
GAUGES	4435-0030	Transmission temperature gauge on pump operator's panel.	\$ 509.00
GAUGES	4435-0031	Pump hourmeter on pump operator's panel.	\$ 322.00
GAUGES	4435-0033	Ammeter gauge on pump operator's panel.	\$ 578.00
GAUGES	4435-0034	Fuel level gauge on pump operator's panel.	\$ 509.00
GAUGES	4435-0035	Enfo III System on Pump Operator's Panel	\$ 2,087.00
GAUGES	4435-0037	Engine Gauge Package for Mechanical Engines	\$ 1,481.00
GAUGES	4435-0038	Class 1 Engine Status Center on Pump Operator's Panel	\$ 3,416.00
GAUGES	4435-0039	Whelen 500LED Tank Level Gauge Package for Rear Mount	\$ 4,893.00
GAUGES	4435-0040	FRC Tachplus engine monitoring display.	\$ 2,804.00
GAUGES	4435-0041	Class 1 2.5" Pressure 0-400 PSI Gauge	\$ 78.00
GAUGES	4435-0045	Class 1 Tank Level Gauge on Pump Panel	\$ 368.00
GAUGES	4435-0046	Gauge Package for Standard ARFF Pump Panel located on [#LOC].	\$ 1,781.00
GAUGES	4435-0047	Class 1 Intelli-Tank water tank level gauge, additional. Location: [#LOC].	\$ 1,129.00
GAUGES	4435-0052	Class 1 Tank Level Water Mini Gauge Additional. Location: [#LOC].	\$ 1,032.00
GAUGES	4435-0053	FRC Tank Level Water TankVision model WLA205-A00 Mini Gauge. Location: [#LOC].	\$ 789.00
GAUGES	4435-0055	Class 1 Tank Level Intelli Foam Gauge Additional. Location: [#LOC].	\$ 1,129.00
GAUGES	4435-0056	Class 1 Tank Level Foam Mini Gauge Additional Location: [#LOC]	\$ 1,032.00
GAUGES	4435-0057	FRC Tank Level A Foam Tank Vision model WLA265-A00 Mini Gauge, Additional. Location: [#LOC].	\$ 945.00
GAUGES	4435-0058	FRC Tank Level B Foam Tank Vision model WLA205-A00 Mini Gauge Location: [#LOC]	\$ 945.00
GAUGES	4435-0063	Duplex Master Gauge for CAFS or Industrial Foam Systems.	\$ 1,044.00
GAUGES	4435-0064	FRC Insight Ultimate model FPA400 combination pressure/flow gauge. Location: [#LOC].	\$ 4,135.00
GAUGES	4435-0065	2.5" NoShok pressure gauge (30-0-600). For: [#LOC].	\$ 306.00
GAUGES	4435-0069	Class 1 ENFO IV system on pump operator's panel.	\$ 1,869.00
GAUGES	4435-0075	Ashcroft 6" dry master intake and discharge gauges.	\$ 1,158.00
GAUGES	4435-0076	Ashcroft 3.5" dry discharge gauges. Provide for each discharge.	\$ 2,913.00
GAUGES	4435-0077	IC5/Whelen 500 Water Tank Level Gauge Package for ARFF Location of Whelen 500 Tank Level Lights: [#LOC]	\$ 4,478.00
GAUGES	4435-0078	Innovated Controls water/foam tank level display, additional. Location: [#LOC].	\$ 1,265.00
GAUGES	4435-0079	IC5/Whl 500 Water/ Foam Tank Lvl Ga Lt Pkg for ARFF located on each side of rear upper cab.Not available on cabs w/rear windows	\$ 7,646.00
GAUGES	4435-0081	Audible and visual indicators on driver side pump panel. (1) audible/visual indicator for high engine temp and low oil pressure and (1) audible/visual for high trans temp.	\$ 580.00
GAUGES	4435-0083	Innovative Controls 10 LED SL series water tank level gauge. On pump panel.	\$ 1,005.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GAUGES	4435-0084	Innovative Controls 10 LED SL series foam tank level gauge. On pump panel.	\$ 1,439.00
GAUGES	4435-0085	Innovative Controls 10 LED SL series tank level water gauge, additional. Location: [#LOC].	\$ 1,378.00
GAUGES	4435-0086	Innovative Controls IC 10 LED SL series Tank Level Water Mini Gauge Additional. Location: [#LOC].	\$ 1,079.00
GAUGES	4435-0087	Innovative Controls IC 10 LED SL series Tank Level Foam Mini Gauge Additional. Location: [#LOC].	\$ 1,079.00
GAUGES	4435-0088	IC 10 LED SL series/Whelen 500 water tank level gauge package. Location of Whelen 500 tank level lights: [#LOC].	\$ 7,841.00
GAUGES	4435-0091	Pressure gauges, LED for propellant and secondary agent. Installed on [#LOC] ARFF.	\$ 3,049.00
GAUGES	4435-0092	2.5" Class 1 compound pressure gauge (30-0-400). Discharge: [#LOC].	\$ 288.00
GAUGES	4435-0093	3.5" Class 1 pressure gauge (30-0-400). Discharge: [#LOC].	\$ 343.00
GAUGES	4435-0094	Class 1 4-1/2" compound pressure gauge (30-0-400 PSI).	\$ 393.00
GAUGES	4435-0096	***OBSOLETE USE 4435-0205*** 3.5" LED compound pressure gauge (30-0-400). Discharge: [#LOC]. Color: [#COL].	\$ 503.00
GAUGES	4435-0097	***OBSOLETE USE 4435-0206*** 4.5" compound pressure gauge (30-0-400). Color: [#COL].	\$ 515.00
GAUGES	4435-0098	FRC Audible Water Tank Alarm. Wired to the FRC water tank level gauge and is to sound when tank level reaches a quarter tank.	\$ 411.00
GAUGES	4435-0099	Flow Meter Value System. Discharge: right side discharge 4	\$ 3,260.00
GAUGES	4435-0100	Flow Meter Value System. Discharge: left side discharge 4	\$ 3,260.00
GAUGES	4435-0101	2.5" Span Pressure Gauge (30-0-600). Discharge: [#LOC].	\$ 273.00
GAUGES	4435-0102	3.5" Span Pressure Gauge (30-0-600). Discharge: [#LOC].	\$ 329.00
GAUGES	4435-0103	4.5" Span Pressure Gauge (30-0-600 PSI).	\$ 382.00
GAUGES	4435-0106	Dual Scale 3.5" Pressure Gauge 0-400 PSI / 100-2800 KPA. Replaces Standard	\$ 650.00
GAUGES	4435-0107	Primer motor master disconnect cut-off switch. Locate on pump panel.	\$ 439.00
GAUGES	4435-0108	Digital Pressure Gauge IPO Duplex Gauge	\$ 1,658.00
GAUGES	4435-0109	2.5" Class 1 Pressure Gauge (30-0-600). IPO Duplex	\$ 288.00
GAUGES	4435-0110	MC Pump Overheat Gauge Indicator with Audible Alarm	\$ 934.00
GAUGES	4435-0111	MC Series 500 4 LED Series Water Tank Level Gauge	\$ 1,538.00
GAUGES	4435-0112	Class 1 Pressure 4.5" Gauge (30-0-300 PSI)	\$ 393.00
GAUGES	4435-0114	Digital CAFS CFM Flow Meter	\$ 4,198.00
GAUGES	4435-0115	2.5" NoShok Pressure Gauge (-30-0-600 PSI/100-0-4000KPA). For: [#LOC].	\$ 344.00
GAUGES	4435-0116	4" NoShock Dual Read Pressure Gauge 30-0-600PSI/100-0-4000KPA	\$ 444.00
GAUGES	4435-0118	4" NoShock Dual Read Pressure Gauge 30-0-400PSI/100-0-2800KPA	\$ 444.00
GAUGES	4435-0119	2.5" NoShok Pressure Gauge (0-400 PSI/-0-2800KPA) For: [#LOC]	\$ 344.00
GAUGES	4435-0120	Duplex Master Gauge (0-400 PSI) for CAFS or Industrial Foam Systems.	\$ 1,044.00
GAUGES	4435-0123	FRC Insight model FPA410 Ultimate Pressure Gauge LPM/KPA Location: [#LOC]	\$ 4,135.00
GAUGES	4435-0124	6" Class 1 Compound Pressure Gauge (30-0-400 PSI).	\$ 1,306.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GAUGES	4435-0125	Class Digital Pressure Gauge Discharge: [#LOC]	\$ 1,658.00
GAUGES	4435-0126	Digital Master Pressure Gauge	\$ 1,582.00
GAUGES	4435-0127	3.5" Span Pressure Gauge (0-400). Discharge: [#LOC]	\$ 346.00
GAUGES	4435-0128	Dual Read 2.5" Span Pressure Gauge (0-300 psi/0-2050KPA). Discharge: [#LOC]	\$ 378.00
GAUGES	4435-0129	Dual Read 6.0" Span Pressure Gauge (30-0-400 psi/100-0-2800KPA)	\$ 765.00

GAUGES	4435-0185	4" NoShok master pressure gauges 30-0-400PSI.	\$ 512.00
GAUGES	4435-0186	Class 1 Tank Level Intelli 40 Water Gauge Additional Location: [#LOC]	\$ 1,616.00
GAUGES	4435-0187	Class 1 Intelli-40 Tank Water Tank Level Gauge with Red LED's.	\$ 1,502.00
GAUGES	4435-0191	Dual Scale 3.5" Pressure Gauge 0-400 PSI / 100-2800KPA.. Discharge: [#LOC].	\$ 549.00
GAUGES	4435-0192	Class 1 2.5" Pressure 0-400 PSI Gauges, Wildland	\$ 750.00
GAUGES	4435-0193	2.5" Class 1 pressure gauge (0-400). Discharge: [#LOC].	\$ 288.00
GAUGES	4435-0194	FRC TachPro model TPA600-A00 engine monitoring display. Location: officer's side overhead outboard and L1 adjacent to breaker box.	\$ 2,523.00
GAUGES	4435-0196	2.5" Pressure Gauge Dual Read (30-0-600 psi/100-0-4140 KPA). Discharge: [#LOC]. Color: [#COL].	\$ 403.00
GAUGES	4435-0197	OBSOLETE ** Whelen PS LED water and foam tank level indicators shall be installed on the exterior of the unit. One pair of water (all blue strip lights) and one pair of foam (all red strip lights), four (4) strip lights total. Location: [#LOC].	\$ 2,470.00
GAUGES	4435-0198	3.5" Class 1 pressure gauge (0-400). Discharge: [#LOC].	\$ 346.00
GAUGES	4435-0199	Class 1 Intelli-40M Tank Water Tank Level Gauge.	\$ 1,502.00
GAUGES	4435-0200	2.5" Class 1 pressure gauge (0-600). Discharge: [#LOC].	\$ 283.00
GAUGES	4435-0201	Digital Master Pressure Gauge Located in cab.	\$ 1,582.00
GAUGES	4435-0202	4.5" Class 1 Discharge pressure gauge (0-600 PSI).	\$ 288.00
GAUGES	4435-0203	Additional Whelen 500 Tank Level Lights. Located: officer rear.	\$ 1,787.00
GAUGES	4435-0204	Whelen 500 Series LED water tank level gauges - additional. Requires tank level gauge with 500 Series lts. Location of additional lights: driver side rear of body up high.	\$ 2,372.00
GAUGES	4435-0205	3.5" LED Class 1 compound pressure gauge (30-0-400). Discharge: [#LOC]. Color: [#COL].	\$ 501.00
GAUGES	4435-0206	4.5" LED Class 1 compound pressure gauge (30-0-400). Color: [#COL].	\$ 503.00
GAUGES	4435-0209	2.5" LED Class 1 compound pressure gauge (30-0-400). Discharge: [#LOC]. Color: [#COL].	\$ 493.00
GAUGES	4435-0211	2.5" NoShok pressure gauge (30-0-600). Non-liquid filled. For: [#LOC].	\$ 306.00
GAUGES	4435-0212	Generator hourmeter on officer side rear compartment.	\$ 322.00
GAUGES	4435-0213	Class 1 3-1/2" compound pressure gauge (30-0-400 PSI). Master intake and discharge gauges.	\$ 683.00
GAUGES	4435-0215	Class 1 4-1/2" compound pressure gauge (30-0-400 PSI). Locate Auto Fill Inlet.	\$ 393.00

GAUGES	4435-0368	2.5" Class 1 compound pressure gauge (30-0-400).	\$ 288.00
GAUGES	4435-0369	Dual Read Class 1 2.5" Pressure Gauge (0-400 psi/0-2800KPA).	\$ 400.00
GAUGES	4435-0370	IC SL PLUS series/Whelen PSTank2 water tank level gauge package. Location of Whelen PSTank2 Strip Lights: [#LOC].	\$ 4,750.00
GAUGES	4435-0371	Innovative Controls SL series tank gauge w/SL Plus Monster tank level gauge package. Location of SL Plus Monster Lights: [#LOC].	\$ 4,908.00
GAUGES	4435-0372	Whelen PSTank2 LED water and foam tank level gauges shall be installed on the exterior of the unit. One pair of water and foam strip lights, four (4) strip lights. Location: [#LOC].	\$ 2,475.00
GAUGES	4435-0373	Water/Foam Tank Low Level Alarm. Audible alarm to sound at 1/4 tank.	\$ 1,793.00
GAUGES	4435-0374	Class 1 2.5" Pressure Gauge (30-0-600 psi).	\$ 290.00
GAUGES	4435-0376	Class 1 Intelli-Tank 40/Whelen 500 LED water tank level gauge package. Location of Whelen 500 tank level lights: [#LOC].	\$ 7,896.00
GAUGES	4435-0377	Color Rings for IC 2.5" gauges And IC Push/Pull handles to match color for Discharge (sold as a kit).	\$ 1,608.00
GAUGES	4435-0378	IC 10 LED SL series/Whelen PSTank2 water tank level gauge package. Location of Whelen PSTank2 Strip Lights: location.Left side forward of body up high	\$ 3,502.00
GAUGES	4435-0379	4" Innovative Controls Brass Case Nite-Glo Master Pressure Gauges (back lit Red) with Bezel. Intake 30-0-400, and Discharge 0-400.	\$ 1,770.00
GAUGES	4435-0380	Duplex Innovative Controls 4" Dual Read Master Gauge (0-400 psi/0-2750KPA) for CAFS or Industrial Foam Systems.	\$ 1,044.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GAUGES	4435-0381	Innovative Controls SL Plus series foam tank level gauge (foam tank A). Located on Officer Side Panel	\$ 1,188.00
GAUGES	4435-0382	Additional Whelen 500 Tank Level Lights. Located: Rear of body. Per customer specifications .	\$ 1,787.00
GAUGES	4435-0383	FRC TankVision tank gauge w/ Monster tank level gauge package. Location of Monster Lights: [#LOC].	\$ 4,908.00

GENERATOR	5250-0074	Dealer installed Harrison 30KW MPC hydraulic generator located [#LOC]. Option includes space only. Dealer responsible for NFPA required 3rd party generator testing.	\$ 616.00
GENERATOR	5250-0075	Guarded generator PTO engage toggle switch. Located driver side cab switch panel. For use on Typhoon X and CIIX cabs only.	\$ 407.00
GENERATOR	5250-0076	Guarded PTO engage rocker switch. Located driver side cab switch panel. For use on Quest, CIIX LTH aerial and commercial cabs.	\$ 407.00
GENERATOR	5250-0077	Generator Harrison 8KW MCR hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 32,931.00
GENERATOR	5250-0080	Dealer installed 5KW gas generator located [#LOC]. Option includes space only. Dealer responsible for NFPA required 3rd party generator testing.	\$ 616.00
GENERATOR	5250-0082	Dealer installed Westerbeke 10KW diesel generator located [#LOC]. Option includes space only. Dealer responsible for NFPA required 3rd party generator testing.	\$ 616.00
GENERATOR	5250-0083	Generator Package. Includes 5kw portable gas generator, (2) 20AMP TL receptacles. One each side on rear compartment face, (2) 500W quartz lights with internal pole on the pump module and (6) place breaker box with master breaker forward wall L1.	\$ 15,442.00
GENERATOR	5250-0084	Generator Package. Includes (2) 20AMP TL receptacles. One each side on rear compartment face, (2) 500W quartz lights with internal pole on the pump module and (6) place breaker box (master breaker to be installed by dealer with size of generator to be determined by dealer) forward wall L1.	\$ 8,112.00
GENERATOR	5250-0087	Generator Package. Includes 5kw portable gas generator located in the officer side hosebed storage pan, (2) 20AMP TL receptacles, one each side on rear compartment face, (2) 500W quartz lights with internal pole on the pump module and (6) place breaker box with master breaker forward wall L1.	\$ 15,756.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR	5250-0088	Dealer Installed Generator Package. Includes (2) 20AMP TL receptacles, one each side on rear compartment face, (2) 500W quartz lights with internal pole on the pump module and (6) place breaker box (master breaker to be installed by dealer with size of generator to be determined by dealer) forward wall L1.	\$ 8,340.00
GENERATOR	5250-0089	Generator Package. Includes 8kw hydraulic generator located in the officer side hosebed storage pan, (2) 20AMP TL receptacles, one each side on rear compartment face, (2) 500W quartz lights with internal pole on the pump module and (6) place breaker box with master breaker forward wall L1. Includes generator control / PTO engage switch mounted within the cab, a gauge panel shall accompany the generator package.	\$ 30,423.00
GENERATOR	5250-0090	Dealer Installed Generator Package. Includes (2) 20AMP TL receptacles, one each side on rear compartment face, (2) 500W quartz lights with internal pole on the pump module and (6) place breaker box (master breaker and PTO to be installed by dealer with size of generator to be determined by dealer) forward wall L1.	\$ 8,501.00
GENERATOR	5250-0091	Generator Package. Includes (2) 20AMP TL receptacles. One each side on rear compartment face, (2) 1500W quartz lights with internal pole on the pump module and (6) place breaker box (master breaker to be installed by dealer with size of generator to be determined by dealer) forward wall L1.	\$ 9,100.00
GENERATOR	5250-0092	Generator Honda EM5000SXX with 4.5KW continuous output. NFPA rated at 3.3KW. For units built after 2020, the Carbon Monoxide sensing system will be disabled for emergency vehicle use. Generator location: [#LOC].	\$ 11,326.00
GENERATOR	5250-0093	Generator Smart Power 20KW hydraulic model HR-20 (with top mount cooler). Includes generator control / PTO engage switch and a gauge panel located on pump panel. Generator location: [#LOC]	\$ 51,453.00
GENERATOR	5250-0106	Westerbeke 10KW BT DAR diesel single phase generator and XRT Hydraulic tool system with 3 tool capability. 10,500 PSI system. Includes selector valve for each reel, hyd res / filter and remote cooler. Requires fuel pick up option in chassis and 3rd party testing. Locate in dunnage pan offset to officer side. Route (4) lead lines to B1 compt.	\$ 94,527.00
GENERATOR	5250-0110	Generator Package. Includes 8kw hydraulic generator located in the officer side hosebed storage pan, (2) 20AMP TL receptacles, one each side on rear compartment face, (2) magna fire quartz lights 900W/240V model KR-939-I with internal pole on the pump module and (6) place breaker box with master breaker forward wall L1. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box.	\$ 31,561.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR	5250-0111	Westerbeke 10KW BT DAR diesel single phase generator and XRT Hydraulic tool system with 2 tool capability. 10,500 PSI system. Includes selector valve for each reel, hyd res / filter. Requires fuel pick up option in chassis and 3rd party testing. Locate in [#LOC]. Route (4) lead lines to B1 compt.	\$ 94,527.00
GENERATOR	5250-0112	Generator Harrison 8KW hydraulic MCR model. Includes generator control to start generator. Start switch shall be located on the instrument panel within easy reach of the operator. A gauge panel shall accompany the generator package. Generator location: [#LOC].	\$ 29,107.00
GENERATOR	5250-0113	Generator Harrison 10 KW hydraulic MCR model. Includes generator control to start generator. Start switch shall be located on the instrument panel within easy reach of the operator. A gauge panel shall accompany the generator package. Generator loc: [#LOC].	\$ 30,212.00
GENERATOR	5250-0114	Generator Harrison 15 KW hydraulic MPC model. Includes generator control to start generator. Start switch shall be located on the instrument panel within easy reach of the operator. A gauge panel shall be located adjacent to breaker box. Generator loc: [#LOC].	\$ 41,705.00
GENERATOR	5250-0115	Generator Harrison 15KW MPC hydraulic w/IHT. Includes tool circuit manifold, aux heat exchanger, generator control / PTO engage switch and a gauge panel located adjacent to breaker box. [#LOC]	\$ 68,623.00
GENERATOR	5250-0116	Generator. A Dealer installed Powertech 8KW diesel generator located [#LOC]. Option includes space only. Dealer responsible for NFPA required 3rd party generator testing.	\$ 616.00
GENERATOR	5250-0117	Generator Harrison 8KW MAS hydraulic. Includes generator control/PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 32,931.00
GENERATOR	5250-0118	Generator Harrison 8KW LPG hydraulic. Includes generator control switch to engage the PTO and start the generator and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 32,315.00
GENERATOR	5250-0119	Generator Harrison 8KW MCR hydraulic w/IHT. Includes tool system manifold, aux heat exchanger, generator control / PTO switch, tool sytem / PTO switch, (both switches accessible by driver) and a generator gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 54,734.00
GENERATOR	5250-0120	Generator Harrison 10KW LPG hydraulic w/IHT. Includes tool system manifold, aux heat exchanger, generator control / PTO switch, tool sytem / PTO switch, (both switches accessible by driver) and a generator gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 55,124.00
GENERATOR	5250-0121	Generator Honda EM6500SX with 5.5KW continuous output. For units built after 2020, the Carbon Monoxide sensing system will be disabled for emergency vehicle use. Generator location:[#LOC].	\$ 14,653.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR	5250-0123	Generator Honda EM4000 with 3.5KW continuous output. NFPA rated at 3.3KW. For units built after 2020, the Carbon Monoxide sensing system will be disabled for emergency vehicle use. Generator location: [#LOC].	\$ 11,326.00
GENERATOR	5250-0124	Generator Smart Power 6KW hydraulic model LR-6 Light Rescue Series (FORD 250, 350, 450, 550 Chassis). Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 29,649.00
GENERATOR	5250-0125	Generator Harrison 10KW LPG hydraulic. Includes generator control/PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 33,295.00
GENERATOR	5250-0126	10 KW Power Tech Siemens Kubota diesel powered generator installed in generator compartment.	\$ 29,477.00
GENERATOR	5250-0128	Generator Smart Power 15KW hydraulic Liberator model Li15 (with top mount cooler and XRT hyd tool pump). Includes generator control switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC]. Requires 5000 psi or 10,500 psi rated rescue tool system to operate up to 3 hydraulic tools (separately added).	\$ 63,462.00
GENERATOR	5250-0129	Generator Harrison 8KW MDS hydraulic. Includes generator control/PTO engage switch, gauge panel located adjacent to breaker box and 80cc hyd pump (requires driver side port on EVS3000 trans). Generator location: [#LOC].	\$ 41,107.00
GENERATOR	5250-0130	Generator Harrison 6KW MDS hydraulic w/IHT for continuous accessory. Includes aux hyd system manifold, integral aux heat exchanger, generator control / PTO switch, aux system / PTO switch, (both switches accessible by driver) and a generator gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 51,699.00
GENERATOR	5250-0131	Generator toggle switch (IPOS keyed switch). Located: [#LOC].	\$ 407.00
GENERATOR	5250-0132	Generator Harrison 8KW MDS hydraulic w/IHT for continuous accessory. Includes aux hyd system manifold, integral aux heat exchanger, generator control / PTO switch, aux system / PTO switch (both switches accessible by driver), and a generator gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 55,614.00
GENERATOR	5250-0133	Generator Harrison 10KW MDS hydraulic w/IHT for continuous accessory. Includes aux hyd system manifold, integral aux heat exchanger, generator control / PTO switch, aux system / PTO switch (both switches accessible by driver), and a generator gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 57,807.00
GENERATOR	5250-0134	Generator Harrison 6KW LPG hydraulic with remote mounted reservoir. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 34,018.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR	5250-0135	Generator Harrison 10KW MCR hydraulic w/IHT for continuous accessory. Includes aux hyd system manifold, aux heat exchanger, generator control / PTO switch, aux system / PTO switch, (both switches accessible by driver) and a generator gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 52,299.00
GENERATOR	5250-0136	Generator Harrison modular component 15KW MCS hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 57,752.00
GENERATOR	5250-0137	Generator Harrison 10KW LPG hydraulic with remote reservoir. Includes generator control/PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 33,295.00
GENERATOR	5250-0138	Generator Smart Power 20KW hydraulic Liberator model Li20 (with top mount cooler and XRT hyd tool pump). Includes generator control switch, guarded PTO switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC]. Requires 5000 psi or 10,500 psi rated rescue tool system to operate up to 3 hydraulic tools (separately added).	\$ 77,438.00
GENERATOR	5250-0139	Dealer installed Westerbeke 8W diesel generator located dunnage pan offset to officer side. Option includes space only. Dealer responsible for NFPA required 3rd party generator testing.	\$ 616.00
GENERATOR	5250-0141	Generator Smart Power 6KW hydraulic model ER6. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 28,026.00
GENERATOR	5250-0142	Generator Harrison 6KW LPG hydraulic. Includes generator control switch to engage the PTO and start the generator and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 27,900.00
GENERATOR	5250-0144	Generator Harrison 12KW MCR hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 35,085.00
GENERATOR	5250-0145	Generator Harrison 6KW LPG hydraulic w/IHT. Includes tool system manifold, aux heat exchanger, generator control / PTO switch, tool sytem / PTO switch, (both switches accessible by driver) and a generator gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 45,016.00
GENERATOR	5250-0146	Generator PTO engage programmed through multiplex display. For use on Typhoon X and CIIX cabs only.	\$ 407.00
GENERATOR	5250-0147	Generator Smart Power 10KW hydraulic Liberator model Li10 (with top mount cooler and compatible with an XRT pump). Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC]. Requires 5000 psi or 10,500 psi rated rescue tool system to operate up to 3 hydraulic tools (separately added).	\$ 49,678.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR	5250-0150	Generator Onan 12KW Quiet Diesel de-rated to 8KW for NFPA compliancy. Requires fuel pick up option in chassis and 3rd party testing. Generator location: To be installed by VanMor.	\$ 34,073.00
GENERATOR	5250-0151	Generator Harrison 6KW MAS hydraulic. Includes generator control/PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 25,934.00
GENERATOR	5250-0152	Generator Harrison 10KW MAS hydraulic. Includes generator control/PTO engage switch and a gauge panel located adjacent to breaker box. Location: [#LOC]	\$ 33,295.00
GENERATOR	5250-0155	Generator, diesel, 50 HZ 220V/240V Power Tech 20KSI (20kw) diesel generator "De-rated 25KSI to 20KSI turned down to 1500 RPM". Location: [#LOC].	\$ 41,913.00
GENERATOR	5250-0157	Generator Harrison 25KW MPC hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location:[#LOC].	\$ 64,458.00
GENERATOR	5250-0158	Generator Harrison 50 Hz 8KW hydraulic MCR model. Includes generator control to start generator. Start switch shall be located on the instrument panel within easy reach of the operator. A gauge panel shall accompany the generator package. Generator location: [#LOC].	\$ 28,119.00
GENERATOR	5250-0160	Generator Smart Power inverter output AC filter capacitor for Smart Power generators. Smart Power part number 1500091.	\$ 690.00
GENERATOR	5250-0161	Boss Industries 8060 UBI BGPSD Combo kit with Single Phase 10 KW Generator, 125CFM/150psi Air Compressor and 10 gpm hydraulic pump. Includes PTO, driveshaft, control panel and remote mounted oil separation tank, air and oil manifold and compressor cooling system. Requires seperately added hydraulic reservoir, cooler and rescue tool system for hydraulic circuit. Also requires separately added breaker box.	\$ 50,721.00
GENERATOR	5250-0162	Generator, diesel, 60 HZ 120V/240V Power Tech PT-12KSiC (12kw) diesel generator. Location: [#LOC].	\$ 30,545.00
GENERATOR	5250-0165	Generator Harrison 3.6KW MSV hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location:[#LOC].	\$ 24,843.00
GENERATOR	5250-0166	Generator Harrison 4.8KW MSV hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location:[#LOC].	\$ 28,466.00
GENERATOR	5250-0167	Generator Harrison 6.0KW MSV hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location:[#LOC].	\$ 28,466.00
GENERATOR	5250-0168	Generator Harrison modular component 10KW MCS hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 55,583.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR	5250-0169	Generator Harrison modular component 20KW MCS hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 59,023.00
GENERATOR	5250-0170	Dealer installed [#COL] generator, located: [#LOC] (option includes space only). Dealer responsible for NFPA required 3rd party generator testing.	\$ 616.00
GENERATOR	5250-0171	Generator Harrison 50 Hz 8KW hydraulic MCR model. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 32,931.00
GENERATOR	5250-0172	Generator Harrison 15KW, 3ph 50hz 380v MPC hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 55,693.00
GENERATOR	5250-0173	Generator Harrison 14KW MDS hydraulic. Includes generator control/PTO engage switch and a gauge panel located adjacent to breaker box. Location: [#LOC]	\$ 34,624.00
GENERATOR	5250-0174	Generator Harrison 30KW MPC hydraulic 50Hz. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 67,703.00
GENERATOR	5250-0176	Generator Harrison 8KW LPG hydraulic w/IHT. Includes tool system manifold, aux heat exchanger, generator control / PTO switch, tool sytem / PTO switch, (both switches accessible by driver) and a generator gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 48,807.00
GENERATOR	5250-0177	Generator Harrison 10KW, 3ph 50hz 380v MPC hydraulic. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 38,169.00
GENERATOR	5250-0178	Generator, diesel, 50 HZ 220V single line Power Tech PT-12KSIC (12kw) diesel generator. Location: [#LOC].	\$ 31,932.00
GENERATOR	5250-0179	Generator Smart Power 25KW hydraulic model HR-25 (with top mount cooler). Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC]	\$ 51,453.00
GENERATOR	5250-0180	Generator Harrison 10KW MDS hydraulic. Includes generator control/PTO engage switch and a gauge panel located adjacent to breaker box. Location: [#LOC]	\$ 34,624.00
GENERATOR	5250-0181	A Power Tech PTI-20 (20kw) diesel generator will be located in compartment R5. Locate the generator controls next to the breaker box.	\$ 49,161.00
GENERATOR	5250-0182	Generator Smart Power 12KW hydraulic model HR12 50HZ. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: dunnage pan offset to officer side.	\$ 44,967.00
GENERATOR	5250-0183	Generator Onan 20KW diesel. Requires fuel pick up option in chassis and 3rd party testing. Generator location: [#LOC].	\$ 55,757.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR	5250-0184	Generator Smart Power 8KW hydraulic model HR-8 (with top mount cooler) 50Hz. Includes generator control/PTO engagement switch and a gauge panel located adjacent to the circuit breaker box. Generator location: [#LOC].	\$ 32,024.00
GENERATOR	5250-0185	Generator Onan 5KW Quiet Diesel. Requires fuel pick up option in chassis and 3rd party testing. Generator location: [#LOC].	\$ 26,996.00
GENERATOR	5250-0186	A Power Tech PTI-30SI (30kw) diesel generator will be located [#LOC]. Locate the generator controls next to the breaker box.	\$ 53,025.00
GENERATOR	5250-0187	Generator Smart Power 12KW hydraulic model HR12 50HZ. Includes generator control / PTO engage switch and a gauge panel located adjacent to breaker box. Generator location: [#LOC].	\$ 44,967.00
GENERATOR	5250-0189	DO NOT STEP tag to be installed on top of generator.	\$ 253.00
GENERATOR	5250-0190	Generator Onan 12KW Quiet Diesel de-rated to 8KW for NFPA compliancy. Requires fuel pick up option in chassis and 3rd party testing. Generator location: [#LOC].	\$ 36,134.00
GENERATOR	5250-0191	Generator Westerbeke 5KW diesel (model#5.0 BCDR-50HZ). Requires fuel pick up option in chassis and 3rd party testing. Generator location: [#LOC].	\$ 35,190.00
GENERATOR	5250-0195	Lima Mac, 100KW, 120/208 VAC, 3 phase Generator w/ T-Case.	\$ 65,436.00
GENERATOR	5250-0196	A Power Tech PTI-20Si (20kw) diesel generator will be located [#LOC]. Locate the generator controls next to the breaker box.	\$ 51,011.00
GENERATOR OPTIONS	3310-0039	Cut-out on compartment floor for exhaust and cover plate for hydraulic lines.	\$ 965.00
GENERATOR OPTIONS	5260-0000	Generator air deflector for Onan hydraulic. When generator is compartment mounted or mounted in a pan on an aerial body, engineering is to specify updraft or downdraft.	\$ 911.00
GENERATOR OPTIONS	5260-0001	Remote start for diesel generator. Location: [#LOC].	\$ 860.00
GENERATOR OPTIONS	5260-0002	Remote control starting kit for Honda EM3800SX, EM4000, EM5000SX and EM6500SX generators. Locate [#LOC].	\$ 1,475.00
GENERATOR OPTIONS	5260-0004	Generator prewire for dealer supplied and installed 5 KW portable generator. Includes 12 volt wiring and cable between breaker box. Prewire to [#LOC].	\$ 560.00
GENERATOR OPTIONS	5260-0006	Compartment door(s) of compartment mounted generator to have interlock.	\$ 421.00
GENERATOR OPTIONS	5260-0007	Block heater for diesel powered generator (Power Tech).	\$ 830.00
GENERATOR OPTIONS	5260-0008	Generator prewire for dealer supplied and installed 6.5KW portable generator. Includes 12volt wiring and cable between breaker box. Prewire to [#LOC].	\$ 685.00
GENERATOR OPTIONS	5260-0009	Generator oil drain valve with tube extending below driver side pump panel.	\$ 440.00
GENERATOR OPTIONS	5260-0010	Remote start switches for Honda EM3800SX portable generator. Honda remote start kit with E-ONE supplied switches on pump panel. This option may void factory generator warranty from Honda.	\$ 2,069.00
GENERATOR OPTIONS	5260-0011	Extend exhaust pipe from dunnage / hosebed pan mounted portable generator into pump compartment using stainless steel flexible pipe.	\$ 202.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR OPTIONS	5260-0013	Locate generator gauge panel to the outboard side of the breaker box.	\$ 253.00
GENERATOR OPTIONS	5260-0014	Generator oil drain valve with tube extending below officer side pump panel.	\$ 440.00
GENERATOR OPTIONS	5260-0015	Generator prewire for dealer supplied and installed 2.5 KW portable generator. Includes 12volt wiring and cable between breaker box with #66W47 posi-lock Woodhead recpt. Prewire to R1 forward wall up high.	\$ 921.00
GENERATOR OPTIONS	5260-0016	Extend exhaust pipe from dunnage / hosebed pan mounted portable generator in line with main exhaust system using stainless steel flexible pipe.	\$ 202.00
GENERATOR OPTIONS	5260-0018	Diamond plate generator shield (3) sided. Forward, rearward and outboard sides w/2" space between generator and shield. Outboard side to have slots for hot air exhaust.	\$ 1,334.00
GENERATOR OPTIONS	5260-0019	The exhaust of the gas generator to be routed downward and to the exit to below the unit to the officer side of the unit.	\$ 557.00
GENERATOR OPTIONS	5260-0020	Compartment door(s) of compartment mounted electric dump valve to have interlock.	\$ 421.00
GENERATOR OPTIONS	5260-0023	Generator platform to raise the generator up 8" in the storage pan. Generator raised due to heat from generator exhaust.	\$ 825.00
GENERATOR OPTIONS	5260-0024	Locate generator gauge panel on the pump operators panel in lieu of standard location adjacent to breaker box.	\$ 253.00
GENERATOR OPTIONS	5260-0025	Generator prewire for dealer supplied and installed 3.5 KW portable generator (Honda or other with equivalent dimensions). Includes 12 volt wiring and A/C cabling to breaker box. Prewire to [#LOC].	\$ 560.00
GENERATOR OPTIONS	5260-0027	Locate generator gauge panel above breaker box on a formed bracket. See photos on file with sales.	\$ 253.00
GENERATOR OPTIONS	5260-0029	There shall be a 7 gauge stainless steel cover surrounding the generator. Cover shall be easily removable for generator servicing and have an expanded metal insert for ventilation.	\$ 2,292.00
GENERATOR OPTIONS	5260-0030	Generator governor FRC FROG with two gauge panels. Locate one gauge panel next to breaker box and the second one in the cab.	\$ 14,357.00
GENERATOR OPTIONS	5260-0031	The hydraulic generator (Harrison MCR model) shall be upgraded to a thru pump to accommodate other options sharing the same PTO pad.	\$ 1,570.00
GENERATOR OPTIONS	5260-0032	Bolt-on diamond plate cover on top of generator. See photos on file.	\$ 544.00
GENERATOR OPTIONS	5260-0033	Diamond plate guard to protect the generator's wiring and harnesses in the dunnage pan. The guard will go full height of the dunnage pan, forward to rear, separating the generator and breaker box from the other side (driver's side) of the dunnage pan.	\$ 691.00
GENERATOR OPTIONS	5260-0034	Vertical exhaust for Harrison MAS, MCR and MPC generators 6KW - 20KW.	\$ 1,055.00
GENERATOR OPTIONS	5260-0035	All AC/DC wiring connections to the gas powered generator to be disconnect type to allow for portable use.	\$ 823.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR OPTIONS	5260-0037	Generated auxiliary 12V power system wired through diesel generator. System includes (3) Power Max 100A 12V converters to power VMUX electrical system. Generator not included (engine off but ignition must be in "on" position). Requires Engineering review for generator and 12V power requirements.	\$ 13,076.00
GENERATOR OPTIONS	5260-0038	Remote control starting kit for Harrison DBR5500 generator. Location: [#LOC].	\$ 971.00
GENERATOR OPTIONS	5260-0039	Generator prewire for dealer supplied and installed 5.5KW portable generator. Includes 12volt wiring and cable between breaker box. Prewire to dunnage pan.	\$ 790.00
GENERATOR OPTIONS	5260-0040	Generator digital display FRC FROG-D IPOS. Location: [#LOC].	\$ 3,228.00
GENERATOR OPTIONS	5260-0041	Idle reduction system powered by a diesel generator. System includes (2) Power Max 100A 12V converters to power the vehicle electrical system. Requires diesel generator. Requires Engineering review for generator and 12V power requirements.	\$ 8,180.00
GENERATOR OPTIONS	5260-0042	Compartment door(s) on officer side to be interlocked with ladder rack.	\$ 421.00
GENERATOR OPTIONS	5260-0046	Generator prewire for dealer supplied and installed 2KW portable generator. Includes 12 volt wiring and cable between breaker box. Prewire to [#LOC].	\$ 616.00
GENERATOR OPTIONS	5260-0047	Aesthetic shield for hydraulic generator on outboard end of dunnage pan. To be 3-sided, open top, and constructed from diamond plate.	\$ 911.00
GENERATOR OPTIONS	5260-0048	Hinged diamond plate cover with out access hole on top of generator. Cover is to be hinged so as to tilt forward of the generator. See photos on file.	\$ 544.00
GENERATOR OPTIONS	5260-0050	Wiring and hydraulic line(s) (if equipped) covers for compartment mounted generator.	\$ 566.00
GENERATOR OPTIONS	5260-0051	Support bracing for generator between L1/R1 compartments.	\$ 3,744.00
GENERATOR OPTIONS	5260-0052	Generator hydraulic pump to have drive through upgrade for second hydraulic pump. Includes upgrade to 80cc pump for increased torque capacity. Harrison and SmartPower 6-10kw only. Requires engineering review and approval.	\$ 2,401.00
GENERATOR OPTIONS	5260-0053	Generator governor FRC FROG. Locate gauge panel on pump panel.	\$ 7,874.00
GENERATOR OPTIONS	5260-0054	Generator prewire for dealer supplied and installed 3KW portable generator. Includes 12 volt wiring and cable between breaker box. Prewire to [#LOC].	\$ 616.00
GENERATOR OPTIONS	5260-0055	Generator hydraulic pump to have drive through upgrade for second hydraulic pump. Harrison and SmartPower 15-30kw only (with 80cc pump). Requires engineering review and approval.	\$ 1,377.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR OPTIONS	5260-0056	APS: Auxiliary 12V Power System. System includes (1) 120A Power Max 12VDC converter to power VMUX electrical system load includes: Scene lights with body interior switch, compartment lights, step lights, ground lights with body interior switch, and 12VDC power distribution module in body interior electrical cabinet. Generator not included (chassis engine off with ignition in "on" position). Scene light and ground light switches to be panel mounted near body entry door. ***Requires Engineering review for generator and 12V power requirements.	\$ 8,235.00
GENERATOR OPTIONS	5260-0057	Locate generator gauge panel inside body module on forward bulkhead above work station on driver side.	\$ 253.00
GENERATOR OPTIONS	5260-0058	IRT. Generated auxiliary 12V power system wired through diesel generators. System includes (3) Power Max 100A 12V converters to power VMUX electrical system. Generators not included (engine off but ignition must be in "on" position). Requires Engineering review for generator and 12V power requirements. Commercial Chassis Command Vehicle only.	\$ 18,440.00
GENERATOR OPTIONS	5260-0059	Generator hydraulic pump to have side ports IPOS. Harrison 6-10kw only. Requires engineering review and approval.	\$ 1,980.00
GENERATOR OPTIONS	5260-0060	Shut off valve for suction side of hydraulic generator reservoir.	\$ 520.00
GENERATOR OPTIONS	5260-0062	Rollout tray of compartment R1 mounted on the floor to have interlock. The interlock with ajar circuit so that the ladder rack will not deploy down without the tray inside the compartment.	\$ 421.00
GENERATOR OPTIONS	5260-0063	Generator governor FRC FROG. Locate gauge panel next to breaker box.	\$ 7,874.00
GENERATOR OPTIONS	5260-0065	Converter 120V/12V (model HV-FPM-320) for 72" FireTech scene light. Light location: [#LOC].	\$ 1,208.00
GENERATOR OPTIONS	5260-0066	Generator hydraulic pump to have drive through upgrade for second hydraulic pump. Harrison and SmartPower 6-10kw only (with 45cc pump). Requires engineering review and approval.	\$ 1,377.00
GENERATOR OPTIONS	5260-0067	The hydraulic pump to have drive through upgrade for second hydraulic pump. Requires engineering review and approval.	\$ 1,377.00
GENERATOR OPTIONS	5260-0070	Remote APU control panel with generator start/stop switch and run indicator. Location: [#LOC].	\$ 860.00
GENERATOR OPTIONS	5260-0071	Locate generator gauge panel: [#LOC], (IPOS).	\$ 253.00
GENERATOR OPTIONS	5260-0072	Generator prewire for dealer supplied and installed 8KW portable generator. Includes 12volt wiring and cable between breaker box. Prewire to [#LOC].	\$ 685.00
GENERATOR OPTIONS	5260-0073	Converter 120V/24V sized for the FireTech scene light(s) located: [#LOC].	\$ 1,228.00
GENERATOR OPTIONS	5260-0076	Generator prewire for dealer supplied and installed 2.5KW portable generator. Includes 12 volt wiring and cable between breaker box. Prewire to [#LOC].	\$ 616.00
GENERATOR OPTIONS	5260-0077	The exhaust piping of the generator to be routed downward below the body and shall exit next to the chassis exhaust.	\$ 557.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GENERATOR OPTIONS	5260-0078	Wiring and hydraulic line(s) (if equipped) diamond plat covers for storage pan mounted generator.	\$ 566.00
GENERATOR OPTIONS	5260-0079	Drain for generator coolant. A drain valve with tube routed and extending below side body to ground level below shall be provided. Tube and location shall be idnetified and taged as to function.	\$ 751.00
GENERATOR OPTIONS	5260-0081	The exhaust piping of the generator to be routed up and shall exit through the body roof above.	\$ 557.00
GENERATOR OPTIONS	5260-0082	The APU powered HVAC system to be interlocked to not run while the chassis engine is running and the APU is in generator mode.	\$ 421.00
GENERATOR OPTIONS	5260-0083	There will be a 30 amp L14-30 twist lock plug provided on the seperataly added generator prewire option.	\$ 176.00
GENERATOR OPTIONS	5260-0084	The exhaust of the generator to be routed vertical with an exhauster flapper at the end.	\$ 557.00
GENERATOR OPTIONS	5260-0085	Generator prewire for dealer supplied and installed 6KW portable generator. Includes 12volt wiring and cable between breaker box. Prewire to [#LOC].	\$ 685.00
GENERATOR OPTIONS	5260-0086	Support bracing for generator installation (as required).	\$ 3,775.00
GENERATOR OPTIONS	5260-0087	Generator hydraulic pump to have drive thru upgrade for second hydraulic pump. Includes upgrade to 112cc pump for increased torque capacity. Harrison 6-30kw ONLY. Requires Engineering review and approval.	\$ 9,920.00
GENERATOR OPTIONS	5260-0090	Generator prewire for dealer supplied and installed 15 KW / 380V portable generator. Includes 12 volt wiring and cable between breaker box. Prewire to [#LOC].	\$ 1,676.00
GENERATOR OPTIONS	5260-0091	Extend exhaust pipe from generator location to terminate above the top of the body using stainless steel flexible pipe. The exhaust may run through any compartment space above (if applicable). Includes any necessary piping/ducting and insulation that may be required.	\$ 1,217.00
GENERATOR OPTIONS	5260-0092	Drain for generator oil. A drain valve with tube routed and extending below side body to ground level below shall be provided. Tube and location shall be identified and tagged as to function.	\$ 751.00
GENERATOR TEST	5255-0000	Testing - Line voltage power source (generator / inverter) on units without pump. (3rd Party)	\$ 1,392.00
GENERATOR TEST	5255-0001	Testing - Line voltage power source (generator / inverter) on units with rated water pump. (3rd Party)	\$ 191.00
GENERATOR TEST	5255-0002	Testing (UL) - Line voltage power source (generator / inverter) on units without pump. (3rd Party)	\$ 1,432.00
GENERATOR TEST	5255-0003	Testing (UL) - Line voltage power source (generator / inverter) on units with rated water pump. (3rd Party)	\$ 232.00
GRAPHICS	8400-0000	Vision flags on canopy windows (PR).	\$ 1,116.00
GRAPHICS	8400-0008	Star of life logo 12". Location: [#LOC].	\$ 212.00
GRAPHICS	8400-0009	American Flag (EA). Approx size: 7"H x 14"W or similar Location: [#LOC]	\$ 237.00
GRAPHICS	8400-0010	Install customer logo from an existing E-ONE design (EA). Location: [#LOC]	\$ 254.00
GRAPHICS	8400-0011	Vision flag on officer canopy window.	\$ 566.00
GRAPHICS	8400-0012	Star of life logo 22.5". Location: [#LOC]	\$ 411.00
GRAPHICS	8400-0013	Signgold Fleur de Lis 5" logo (PR) with black outline. Location: [#LOC].	\$ 411.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
GRAPHICS	8400-0014	Graphics banner approx 12H x 134L (PR). Includes (92) 9" Sign Gold letters with shadow. Locate one each upper body side. Lettering to read "TO PROTECT AND PRESERVE LIFE, ENVIRONMENT AND PROPERTY"	\$ 10,958.00
GRAPHICS	8400-0016	A pair of Customer Logos supplied to E-One in a digital format. Location: [#LOC].	\$ 1,811.00
GRAPHICS	8400-0017	A customer logo supplied to E-ONE in a digital format. Location: [#LOC].	\$ 621.00
GRAPHICS	8400-0018	Star of life logo 20". Location: (1) each side centered on canopy window.	\$ 683.00
GRAPHICS	8400-0021	Label "NO SMOKING" with universal symbol 2"x6"; white background with red letters. Location: [#LOC].	\$ 89.00
GRAPHICS	8400-0023	Install customer supplied logo. Location: [#LOC].	\$ 147.00
GRAPHICS	8400-0024	Install up to 12" SignGold customer logo from an existing E-ONE design (EA). Location: [#LOC].	\$ 378.00
GRAPHICS	8400-0025	A customer SignGold logo (up to 12") supplied to E-ONE in a digital format. Location: [#LOC].	\$ 789.00
GRAPHICS	8400-0029	Reflective American Flag (PR) - wavy. Approx size: 12"H x 18"W. Location: [#LOC].	\$ 467.00
GRAPHICS	8400-0030	Label dry chemical to indicate extinguishing agent, capacity, weight full, weight empty, operating pressure, and hydrostatic test data (month-day-year) shall be located near the dry chemical vessel.	\$ 98.00
GRAPHICS	8400-0031	Label cab to indicate top speed, braking, engine performance, side slope stability, pump and roll, discharge on slope, steering max cramp stability, dynamic balance, pump performance, primary agent capacity, foam agent capacity and dry chemical agent capacity. The nameplate shall be located within the cab.	\$ 98.00
GRAPHICS	8400-0033	Logo E-ONE (PR) on aerial lift cylinder. Logo to be sign gold material approx 14" long located midway along outward surface of cylinder.	\$ 177.00
GRAPHICS	8400-0034	Vision flags (Canadian ribbon style) on canopy windows (PR).	\$ 1,116.00
GRAPHICS	8400-0035	911 Tribute Vision flags on upper windows of rear cab doors (PR).	\$ 1,116.00
GRAPHICS	8400-0036	Star of life logo 20" (PR). Location: (1) each side centered between cab doors.	\$ 683.00
GRAPHICS	8400-0037	Vision flags (state of Texas ribbon style) on canopy windows (PR).	\$ 1,116.00
GRAPHICS	8400-0038	Vision flags (Canadian ribbon style) on rear cab door windows and side windows of vista extension (PR).	\$ 1,116.00
GRAPHICS	8400-0039	Star of life logo 12" with black outline. Location: [#LOC].	\$ 212.00
GRAPHICS	8400-0040	911 Tribute Vision flags, with the United States flag in the background on upper windows of rear cab doors (PR).	\$ 1,116.00
GRAPHICS	8400-0041	Vision flag on rear commercial cab window.	\$ 751.00
GRAPHICS	8400-0042	Vision 9/11 flag raising on canopy windows (PR).	\$ 1,116.00
GRAPHICS	8400-0043	Custom graphic on each front cab door. White Scotchlite with red lettering and black outline to read: Line 1 "E-ONE", Line 2 "CUSTOM BUILT FOR", Line 3 "City of Winder". Locate above NFPA chevron striping on each cab door. See photo on file with sales.	\$ 841.00
GRAPHICS	8400-0045	Yellow label with black lettering to read "Clear front bumper prior to tilting cab". Locate above cab tilt door.	\$ 116.00

HANDRAILS / STEPS	3330-0118	Steps rear. Steps include integral LED lights. Includes (6) folding steps - (3) on driver side and (3) on officer side (staggered stepped as applicable with tailboard depth) for additional hosebed access and handrail mounted on driver and officer side upper hosebed side (as applicable).	\$ 1,346.00
HANDRAILS / STEPS	3330-0120	Handrails collapsible on top deck ARFF P7.	\$ 4,119.00
HANDRAILS / STEPS	3330-0121	Rear intermediate step with Bustin Tread insert above compartment B2. Includes hand rails mounted on both sides (or as applicable).	\$ 1,461.00
HANDRAILS / STEPS	3330-0123	Rear landing platform located above the B1 compartment. Landing platform to be used for hose loading operations and will be embossed diamond plate.	\$ 1,142.00
HANDRAILS / STEPS	3330-0124	Access ladder. Aluminum extruded ladder with ribbed aluminum extrusion steps located on the rear offset to the driver side. Includes required step lights.	\$ 3,276.00
HANDRAILS / STEPS	3330-0125	Slideout platform-integral driver side running board (includes handrail as applicable). The platform step to be smooth plate with gator grip painted black durabak.	\$ 3,342.00
HANDRAILS / STEPS	3330-0126	Slideout platform-rollerless. Includes chrome grab handle centered on the frt face of the platform (includes handrail as applicable). Located below officer side pump panel. The platform step to be smooth plate with gator grip painted black durabak	\$ 3,256.00
HANDRAILS / STEPS	3330-0127	Handrail 36". Location: (1) each side on driver and officer side pump module forward extrusion vertically mounted.	\$ 1,029.00
HANDRAILS / STEPS	3330-0128	Diamond plate step (approx. 12"w) with Gator Grip at center rear of body even with top of body to provide additional top deck area. Step to have tapered ends left and right and 1" lip extending up. Available on SideStacker style bodies only.	\$ 1,518.00
HANDRAILS / STEPS	3330-0129	Auto Kwikiee step. Step shall be wired into the door interlock system to enable the step to automatically extend when the door is opened and retract when the door is closed. Location: [#LOC].	\$ 2,243.00
HANDRAILS / STEPS	3330-0130	Diamond plate gator grip overlay to be located on driver and officer compartment tops forward body and compartment tops ahead of turntable.	\$ 1,469.00
HANDRAILS / STEPS	3330-0131	Zico retractable Step for Large Rescues. The step shall be locked out when parking brake is activated. Locate under entry door.	\$ 4,115.00
HANDRAILS / STEPS	3330-0132	A flop down step shall be provided at the rear. Step shall be mounted to the top of the tailboard and fold down behind the tailboard. Platform of the step shall be approx 14" deep x 36" wide. Step will be pinned in the up position for transit.	\$ 2,295.00
HANDRAILS / STEPS	3330-0133	Access ladder. Aluminum extruded ladder with ribbed aluminum extrusion steps located on the rear offset to the driver side. Includes required step lights.	\$ 3,276.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0134	Step rear intermediate. Locate above rear traffic advisor, includes handrail (in place of horizontal hosebed handrail).	\$ 1,142.00
HANDRAILS / STEPS	3330-0135	Handrail on top pump module to be full length as possible. Location: Driver and officer side pump module.	\$ 432.00
HANDRAILS / STEPS	3330-0136	The rear body vertical hand rails extended to top of body.	\$ 253.00
HANDRAILS / STEPS	3330-0137	The side upper rear body handrails extended to rear of body.	\$ 253.00
HANDRAILS / STEPS	3330-0138	Diamond plate step. Located below hosebed with step running from inboard of access ladder to opposite side end of hosebed. Step to be embossed diamond plate.	\$ 1,303.00
HANDRAILS / STEPS	3330-0139	Step below side intake / discharge panel (PR). Embossed dia plt with supports. Each location requires a minimum of (1) handrail / handhold per NFPA. eMAX only.	\$ 2,705.00
HANDRAILS / STEPS	3330-0140	Driver side rear flop down step (24" wide). Includes driver side step area only gator grip overlay, (1) 18" handrail vertically mounted on rear inboard side of hard suction storage box and (1) 12" mounted horizontally on rear of driver side compartment top storage. Step to be stored in the up/pinned position when not in use.	\$ 1,275.00
HANDRAILS / STEPS	3330-0141	Access ladder with aluminum side rails and aluminum ribbed extruded steps for NFPA hosebed access and handrail mounted on upper hosebed side (as applicable). LED lighting provided and positioned to illuminate steps per NFPA. Ladder to be located [#LOC].	\$ 2,271.00
HANDRAILS / STEPS	3330-0142	Rear Step/Bumper, 12" stainless steel w/swing-up assist, Wildland	\$ 3,973.00
HANDRAILS / STEPS	3330-0143	Folding Step Package. Steps include LED integral lights. Locate (3) each side rear. Includes applicable hand rails as required, Wildland.	\$ 2,889.00
HANDRAILS / STEPS	3330-0144	Ceiling Handrail. E-One supplied/Van-Mor installed. - Install a 10' long ceiling handrail to ceiling of walk-in area. Van-Mor will be installing the handrail.	\$ 580.00
HANDRAILS / STEPS	3330-0145	Handrail 36". Location: (1) each side on rear body each side of utility area vertically mounted.	\$ 1,035.00
HANDRAILS / STEPS	3330-0146	Step rear intermediate below B1. Step will be approx 8" deep.	\$ 1,457.00
HANDRAILS / STEPS	3330-0147	Slideout platform with OnScene Solutions slide 81900 step series rated at 500lbs. Platform sized as required per location and includes handrail (as applicable for body mounted locations). Location: [#LOC].	\$ 3,956.00
HANDRAILS / STEPS	3330-0148	Slideout platform with OnScene Solutions slide 81000 step series rated at 1000lbs. Platform sized as required per location and includes handrail (as applicable for body mounted locations). Located under the apparatus body at driver side pump panel. RLP application only.	\$ 3,956.00
HANDRAILS / STEPS	3330-0149	(7) Stainless steel knurled grip surface hand rails, (1) mounted on the inside of each rear entrance door interior box pan, (1) 24 at the back of the body to assist in entry to rear of body, (5) hand rails shall be provided in the interior walkway.	\$ 1,634.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0150	Intermediate pump panel step officer side without taper. Includes (1) lower and (1) upper dual LED lighted CPI folding step and a minimum of (1) handrail as req to meet NFPA. Step lights to be switched thru work light in cab.	\$ 1,877.00
HANDRAILS / STEPS	3330-0151	Rescue body access ladder. Zico model RL12 for increased visibility of rear outboard body mounted DOT/NFPA lighting. Includes required step lights and additional hand rail(s) if applicable. Location: [#LOC].	\$ 3,426.00
HANDRAILS / STEPS	3330-0152	Handrail 36". Location offset to driver side of body headboard forward of the water tank fill tower(s).	\$ 460.00
HANDRAILS / STEPS	3330-0153	Tailboard 12" bolt-on w/Bustin insert. Stainless steel body. Includes hand rail below hose bed and (1) underbody ground light on the officer's side.	\$ 1,657.00
HANDRAILS / STEPS	3330-0155	Step rear intermediate. Locate above B1.	\$ 1,142.00
HANDRAILS / STEPS	3330-0156	Step rear intermediate. Intermediate rear step to be located above the thru the tank storage tunnel.	\$ 1,142.00
HANDRAILS / STEPS	3330-0157	Handrails mounted to the top deck shall be extended to 35" in height in place of standard top deck handrail height. Mounted to the top deck in a manner to support 200 pounds of lateral force.	\$ 2,228.00
HANDRAILS / STEPS	3330-0158	Step below side intake / discharge panel (PR). Gator grip diamond plate. Each location requires a minimum of (1) handrail / handhold per NFPA. eMAX only.	\$ 2,069.00
HANDRAILS / STEPS	3330-0159	Step rear intermediate. Intermediate rear step to be located above the rear Newton dump.	\$ 1,142.00
HANDRAILS / STEPS	3330-0160	Handrail 12". Location inboard driver side rear hosebed side angled.	\$ 236.00
HANDRAILS / STEPS	3330-0161	Handrail 12" with angled stanchions. Location: outboard on driver side compartment top 8" off front compartment face.	\$ 236.00
HANDRAILS / STEPS	3330-0162	Step rear intermediate. Intermediate rear step to be located just below the dry chemical access door or raised B1 above frame height compartment	\$ 1,142.00
HANDRAILS / STEPS	3330-0163	Slide-out platform, integral below driver side running board (includes hand rail as applicable) with Bustin Tread insert. SS product only.	\$ 2,782.00
HANDRAILS / STEPS	3330-0164	Slide-out platform, recessed rear. Located below hose bed. Includes a hand rail near hose bed. Requires extended hose bed on HP100, CR100, and 92 Pltfrm SideStacker bodies. SS product.	\$ 1,824.00
HANDRAILS / STEPS	3330-0165	Handrail 24". Location [#LOC].	\$ 421.00
HANDRAILS / STEPS	3330-0166	Handrail 12". Location: Mount on rear of truck at E-One discretion.	\$ 236.00
HANDRAILS / STEPS	3330-0167	Intermediate rear step to be approximately 10" deep located above the rear Newton dump valve, and be of embossed aluminum treadplate.	\$ 1,142.00
HANDRAILS / STEPS	3330-0168	Slide-out platform, rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable). Located under right side pump running board.	\$ 2,696.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0170	Slideout platform-roller-less. Includes chrome grab handle and retaining pin, centered on the front face of the platform (includes handrail as applicable for body mounted locations) and required step lighting. Located: [#LOC].	\$ 1,815.00
HANDRAILS / STEPS	3330-0171	Steps rear NFPA compliant. Includes diamond plate corner steps on driver and officer side rear of body for NFPA hose bed access. Includes hand rails mounted vertically on driver and officer side rear beavertails and horizontal below the hose bed (as applicable).	\$ 826.00
HANDRAILS / STEPS	3330-0173	Step bolt on, 19.9" X 8" gator grip stepping surface shall be mounted [#LOC].	\$ 634.00
HANDRAILS / STEPS	3330-0174	Slideout platform-rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable). The platform step to be smooth plate with gator grip painted black durabak. Located [#LOC].	\$ 3,226.00
HANDRAILS / STEPS	3330-0175	Intermediate pump panel step driver side above operator's panel. Includes (2) loop handrails, (1) forward, (1) rearward. Includes step lighting (as applicable). Step light to be switched thru work light in cab.	\$ 2,470.00
HANDRAILS / STEPS	3330-0177	Intermediate pump panel step constructed of 3/16" (.187") aluminum smooth plate with black Scorpion coating (IPOS diamond plate) for rear pump panel.	\$ 1,063.00
HANDRAILS / STEPS	3330-0178	Rescue body access ladder. Zico model RL12 for increased visibility of rear outboard body mounted DOT/NFPA lighting. Includes required step lights and additional hand rail(s) if applicable. Location: [#LOC].	\$ 3,426.00
HANDRAILS / STEPS	3330-0179	Steps below side intake / discharge panel (PR). Bustin Tread and diamond plate. Each location requires a minimum of (1) hand rail / hand hold per NFPA. SM SS eMAX only.	\$ 2,069.00
HANDRAILS / STEPS	3330-0182	Step rear intermediate embossed treadplate. Locate above B1, includes handrail (in place of horizontal hosebed handrail).	\$ 1,142.00
HANDRAILS / STEPS	3330-0183	Step rear intermediate. Locate above B1, includes handrail (in place of horizontal hosebed handrail). Step construction shall be aluminum smooth plate IPO diamond plate painted Black Scorpion (rough finish).	\$ 1,604.00
HANDRAILS / STEPS	3330-0184	Step rear intermediate. Locate above B2, includes handrail (in place of horizontal hosebed handrail).	\$ 1,142.00
HANDRAILS / STEPS	3330-0185	Step below side intake / discharge panel (PR). Gator grip plate constructed of 1/8" (.125") aluminum smooth plate with black Scorpion coating (rough finish) IPOS diamond plate. Each location requires a minimum of (1) handrail / handhold per NFPA. eMAX only.	\$ 2,627.00
HANDRAILS / STEPS	3330-0186	Rear handrails. Locate on rear of the body 3x3 and extend from just above the tailboard to the top of the body on the driver and officer sides. In place of standard 48" handrail.	\$ 898.00
HANDRAILS / STEPS	3330-0187	Step rear intermediate. Locate above B1. The step shall be 10" in depth.	\$ 1,244.00
HANDRAILS / STEPS	3330-0188	Hansen green LED body rubber insert hand rails upgrade package (includes pump module if applicable).	\$ 2,701.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0189	Step rear intermediate embossed treadplate. Locate below fold-a-tank.	\$ 1,142.00
HANDRAILS / STEPS	3330-0190	Step below side intake / discharge panel (PR). Smooth plate aluminum with gator grip painted black durabak. Each location requires a minimum of (1) handrail / handhold per NFPA. eMAX only.	\$ 2,483.00
HANDRAILS / STEPS	3330-0191	Access ladder. Aluminum extruded ladder with ribbed aluminum extrusion steps located on driver side of pump module offset to the rear. Rear rail to loop up and over to aid in access into/out of dunnage storage pan.	\$ 3,256.00
HANDRAILS / STEPS	3330-0192	Chrome grab handle (EA). Location: (1) each side front of open bed doors	\$ 100.00
HANDRAILS / STEPS	3330-0193	Step rear intermediate. Locate below hosebed, includes handrail (in place of horizontal hosebed handrail).	\$ 1,142.00
HANDRAILS / STEPS	3330-0194	Intermediate Step. An 8" deep x 46" wide non-skid aluminum treadplate step with mitered corners shall be installed above the rear panel compartment door opening for ease of access to the upper body area. The step shall include a Bustin tread insert for increased traction and drainage.	\$ 1,190.00
HANDRAILS / STEPS	3330-0195	An 8" deep non-skid aluminum treadplate step with mitered corners shall be installed above the rear panel compartment door opening for ease of access to the upper body area. The step shall include a Bustin tread insert for increased traction and drainage. The width of the step shall be 38" when one rear discharge is selected or 31" when two rear discharges are selected.	\$ 1,176.00
HANDRAILS / STEPS	3330-0196	Additional handrails horizontal above pump panel, below upper pump module (1) driver, (1) officer side. Mount handrails offset to the rear (just forward of folding steps).	\$ 451.00
HANDRAILS / STEPS	3330-0197	Steps NFPA compliant. Fabricated diamond plate steps on driver and officer side of crosswalk.	\$ 826.00
HANDRAILS / STEPS	3330-0198	Intermediate rear step to be approximately 10" deep located above the rear compartment and be of embossed aluminum treadplate.	\$ 1,142.00
HANDRAILS / STEPS	3330-0199	Steps below body. Located each side below crosswalk.	\$ 942.00
HANDRAILS / STEPS	3330-0200	Step flop down rear 16" wide rung type (PR) IPO pocket step at rear side staircases.	\$ 1,916.00
HANDRAILS / STEPS	3330-0201	Step rear intermediate embossed tread plate. Locate rear body. Includes hand hold cut-outs on top of the step in place of the hand rail.	\$ 1,142.00
HANDRAILS / STEPS	3330-0202	Intermediate rear step to be approximately 8" deep located at the rear panel and be constructed of embossed aluminum treadplate.	\$ 991.00
HANDRAILS / STEPS	3330-0203	Intermediate rear step to be approximately 8" deep x 46" wide located above the upper rear panel compartment that is below the hose bed, and be of embossed aluminum treadplate. Step to have hand hole cut outs and integral handrail assembly welded into step structure.	\$ 1,243.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0204	Diamond plate step (approx. 12"w) with Gator Grip at center rear of body even with top of body to provide additional top deck area. Step to have square ends left and right and 1" lip extending up. Available on SideStacker style bodies only.	\$ 1,518.00
HANDRAILS / STEPS	3330-0205	Step pocket flop down (EACH). Step to be a pull out style designed to stow in body rubrail. Locate: on rear of body facing rear on officer side.	\$ 1,156.00
HANDRAILS / STEPS	3330-0206	Step rear 10" intermediate embossed treadplate. Locate below hosebed, includes three (3) hand hold cut-outs on top of the step in place of the hand rail.	\$ 1,142.00
HANDRAILS / STEPS	3330-0207	Hansen blue LED body rubber insert hand rails upgrade package (includes pump module if applicable).	\$ 2,701.00
HANDRAILS / STEPS	3330-0208	Rescue body access ladder. Zico model RL18 for increased visibility of rear outboard body mounted DOT/NFPA lighting.. Includes required step lights and additional hand rail(s) if applicable. Location: [#LOC].	\$ 4,178.00
HANDRAILS / STEPS	3330-0209	Slide-out platform, rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable). Located below tailboard centered and the step area the same width as the access ladder.	\$ 2,696.00
HANDRAILS / STEPS	3330-0210	Handrail 12". Install 12" handrails on the upper flat section above the speedlays for easier access to the top mount pump panel walkway.	\$ 236.00
HANDRAILS / STEPS	3330-0211	Intermediate pump panel step officers side located rearward of the crosslays. Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab.	\$ 1,738.00
HANDRAILS / STEPS	3330-0212	(2) Dual lighted LED folding steps. Location: Side by side centered on front pump module access door above walkway to aid pump operator in reaching and operating deck gun from crosswalk area. Includes reinforced 3/16" diamond plate pump access door. Each location requires a minimum of (1) handrail per NFPA.	\$ 705.00
HANDRAILS / STEPS	3330-0213	Two (2) bright polished knurled stainless steel handrails shall be provided, one (1) at each entry door, mounted vertically inside the TME module approximately 12 inches inboard of door opening, to aid in entrance and egress.	\$ 486.00
HANDRAILS / STEPS	3330-0214	Slidemaster pull out platform shall be mounted in B1 compartment floor.	\$ 2,308.00
HANDRAILS / STEPS	3330-0215	Step flop down rear 12" wide rung type (PR). Painted Durabak black.	\$ 2,422.00
HANDRAILS / STEPS	3330-0216	Access ladder. Sure Step V2. Finish: Aluminum. Includes required step lights and additional hand rail(s) if applicable. Location: [#LOC].	\$ 4,844.00
HANDRAILS / STEPS	3330-0217	Haralson Metals Stainless steel knurled grip surface hand rails with stanchions shall be provided in place of standard anodized handrails on Body and Pump Module (as applicable).	\$ 1,275.00
HANDRAILS / STEPS	3330-0218	Step rear 10" deep intermediate. Step to be embossed treadplate and located between engine access door and lower air intake.	\$ 1,142.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0219	Step rear intermediate embossed treadplate. Locate below hose bed, to extend rearward from body 12 in. and shall include three (3) hand hold cut-outs on top of the step in place of the hand rail.	\$ 1,252.00
HANDRAILS / STEPS	3330-0221	Sides of intermediate rear step to be cut out.	\$ 95.00
HANDRAILS / STEPS	3330-0222	Rear landing platform (full width) located below hosebed area. Landing platform to be used for hosebed operations and will be embossed diamond plate.	\$ 1,605.00
HANDRAILS / STEPS	3330-0223	Intermediate rear step to be approximately 10" deep located above the rear compartment and be of embossed aluminum treadplate. Includes side mounted gussets to provide a 500lb weight rating.	\$ 1,272.00
HANDRAILS / STEPS	3330-0224	Handrails 12". Install (2) 12" Hansen white LED lighted handrails on the upper rear top of body forward of the rear unistruts.	\$ 772.00
HANDRAILS / STEPS	3330-0225	Folding Step. Step to be located 18" above surface of tailboard, and directly below drivers side rear vertical handrail.	\$ 504.00
HANDRAILS / STEPS	3330-0226	Step rear intermediate smooth plate painted black Durabak. Locate above B1, includes handrail (in place of horizontal hosebed handrail).	\$ 1,426.00
HANDRAILS / STEPS	3330-0227	Step rear intermediate above B1. Includes handrail mounted on top of 5x5 extrusions both sides. Modified GatorGrip pattern to accommodate hose deployment from walkway aft of the walkway hose bed.	\$ 1,613.00
HANDRAILS / STEPS	3330-0228	Step rear intermediate embossed treadplate. Locate above B1, includes three (3) hand hold cut-outs on top of the step in place of the hand rail.	\$ 1,142.00
HANDRAILS / STEPS	3330-0229	Diamond plate step (up to 12" W) with Gator Grip at center rear of body full width even with top of body to provide additional top deck area. Step to have tapered ends left and right with 1" lip extending up. Includes (2) two gussets, one each side inboard of upper rear warning lights. Width to be as specified.	\$ 2,099.00
HANDRAILS / STEPS	3330-0230	Non-folding 8x8 bolt on surface mount CPI step with LED lighting. CPI model# SP2012-1-D Each location requires a minimum of (1) handrail per NFPA. Location: [#LOC]	\$ 314.00
HANDRAILS / STEPS	3330-0231	Slide-out platform, rollerless to be painted Durabak black. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable). Located [#LOC]..	\$ 6,717.00
HANDRAILS / STEPS	3330-0232	Step below side intake / discharge panel (PR) to be painted Durabak black.. Smooth plate. Each location requires a minimum of (1) handrail / handhold per NFPA. eMAX only.	\$ 2,585.00
HANDRAILS / STEPS	3330-0233	Dual lighted LED folding steps rear NFPA. Includes folding steps on driver and officer side (staggered stepped as applicable with tailboard depth) for NFPA hose bed access and handrails mounted on rear panel as required.	\$ 253.00
HANDRAILS / STEPS	3330-0234	Hansen white LED handrails upgrade (EA).	\$ 400.00
HANDRAILS / STEPS	3330-0235	Modular diamond plate intermediate steps shall be provided - one step on the driver and officer side of the rear dump valve and one above it. Includes handrails as applicable.	\$ 1,337.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0236	Cut-outs in top rear intermediate step. Includes three (3) hand hold cut-outs on top of the step in place of the hand rail.	\$ 95.00
HANDRAILS / STEPS	3330-0237	Handrail 60". Location: (1) each side on driver and officer side pump module forward extrusion vertically mounted.	\$ 1,029.00
HANDRAILS / STEPS	3330-0238	Rescue body access ladder. Zico model RL15 for increased visibility of rear outboard body mounted DOT/NFPA lighting. Includes required step lights and additional hand rail(s) if applicable. Location: rear of body driver side .	\$ 3,535.00
HANDRAILS / STEPS	3330-0239	Four (4) Handrails 60" at rear body. Two (2) mounted either side of the B1 compartment and two (2) mounted outboard of body.	\$ 1,934.00
HANDRAILS / STEPS	3330-0240	Step, staircase access, treadplate with Gator Grip. Pair. Locate: Rear of body, 1 step each side of staircase for access to staircase from tailboard.	\$ 1,142.00
HANDRAILS / STEPS	3330-0242	Flop down 36" wide step (EA) fabricated from .125" diamond plate with gator grip to be located at rear of body for access to turntable. Includes mechanical lock to store in the up and stored position.	\$ 3,215.00
HANDRAILS / STEPS	3330-0243	Compartment (interior) mounted manually operated fold-out Seat/step/platform with Bustin inserts. Includes a mechanical hold close located in the compartment and (1) vertically mounted handrail mounted along one side of the compartment exterior. Seat/step/platform will reduce compartment interior mounted items overall width and/or depth. Locate: L1, L2, L4, R1, R2 & R4. Priced each.	\$ 2,017.00
HANDRAILS / STEPS	3330-0244	Diamond plate step w/Gator Grip at rear of body even with top of body. Located between beavertail aerial access staircases over ladder tunnel, to provide additional stepping surface. Available on aerial center hosebed style bodies only.	\$ 1,061.00
HANDRAILS / STEPS	3330-0246	Slidemaster pull out platform shall be mounted in B1 compartment at compartment break so that the stepping surface when deployed is at same height as the enhanced extended compartment side steps at rear of apparatus. To include center compartment structure as needed to mount and secure slide master slide unit in elevated position.	\$ 2,777.00
HANDRAILS / STEPS	3330-0247	Handrails full length of hosebed cover door. Total of (2) handrails. Location (1) handrail on inboard side of each hosebed cover door.	\$ 1,129.00
HANDRAILS / STEPS	3330-0248	Intermediate pump panel step driver side above operator's panel with forward tapered corner. Includes step lighting (as applicable). Step light to be switched thru work light in cab.	\$ 1,887.00
HANDRAILS / STEPS	3330-0249	Intermediate pump panel step officer side above operator's panel with forward tapered corner. Includes step lighting (as applicable). Step light to be switched thru work light in cab.	\$ 1,887.00
HANDRAILS / STEPS	3330-0250	Zico HVS-1 retractable Step for Large Rescues. The step shall be locked out when parking brake is activated. Locate under rear body entry door.	\$ 2,984.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0251	Intermediate pump panel step drivers side located rearward of the crosslays. Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab. Includes (1) handrail at the top of the pump module and (1) at the top of the left side body.	\$ 1,740.00
HANDRAILS / STEPS	3330-0252	Intermediate pump panel step officers side located rearward of the crosslays. Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab. Includes (1) handrail at the top of the pump module and (1) at the top of the right side body.	\$ 1,740.00
HANDRAILS / STEPS	3330-0253	Dual lighted LED folding steps rear NFPA. Includes folding steps on driver side (staggered stepped as applicable with tailboard depth) for body roof access and handrail mounted on driver side upper hosebed side (as applicable).	\$ 771.00
HANDRAILS / STEPS	3330-0254	Step rear intermediate embossed treadplate. Locate below hosebed, includes two (2) hand hold cut-outs on top of the step in place of the hand rail. The cut-outs to be on the left side and center only.	\$ 1,142.00
HANDRAILS / STEPS	3330-0255	Slide-out platform, rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable for body mounted locations) and required step lighting. Located R1 as wide as space allows due to exhaust pipe.	\$ 1,815.00
HANDRAILS / STEPS	3330-0256	Hansen amber LED body rubber insert hand rails upgrade package (includes pump module if applicable).	\$ 2,701.00
HANDRAILS / STEPS	3330-0257	Upper rear turntable handrails shall have (2) two additional horizontal handrails spaced approximately 14" from the top and bottom of each of the main handrails.	\$ 1,316.00
HANDRAILS / STEPS	3330-0258	Intermediate pump panel step on driver and officer side located above the pump panel but below level of cross lays. Includes step lighting (as applicable). Step lights to be switched thru work light in cab. Steps to be 8in toe depth or greater step surface and shall allow for panel lighting to be mounted under step if applicable or optioned separately.	\$ 1,732.00
HANDRAILS / STEPS	3330-0259	Rear landing platform located above the storage tunnel through tank. Landing platform to be used for hose loading operations and will be embossed diamond plate.	\$ 1,142.00
HANDRAILS / STEPS	3330-0260	Intermediate pump panel step drivers side located rearward of the crosslays. Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab.	\$ 1,738.00
HANDRAILS / STEPS	3330-0261	Dual lighted LED folding steps, Signature Partners Inc. Each location requires a minimum of (1) handrail per NFPA. Location: Drivers and officers side front compartment faces.	\$ 413.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0262	Dual lighted LED folding steps Signature Partners Inc, rear NFPA. Includes folding steps on driver and officers sides (staggered stepped as applicable with tailboard depth) for NFPA hosebed access and handrails mounted on drivers and officers sides upper hosebed sides (as applicable).	\$ 1,619.00
HANDRAILS / STEPS	3330-0263	Intermediate pump panel step driver and officer side without taper below crosslays. Intermediate steps to be 8" wide and made of embossed diamond plate. Includes (2) lower and (1) above dual LED lighted CPI folding steps each side and a minimum of (1) handrail as required to meet NFPA. Step lights to be switched thru work light in cab. (officer side requires vertical hinged pump panel)	\$ 4,119.00
HANDRAILS / STEPS	3330-0264	Rescue body access ladder. Zico model RL15 for increased visibility of rear outboard body mounted DOT/NFPA lighting. Includes required step lights and additional hand rail(s) if applicable. Location: [#LOC].	\$ 3,535.00
HANDRAILS / STEPS	3330-0265	Rear landing platform located below the Ladder Storage Tunnel. Landing platform to be used to assist in hose loading operations and will be embossed diamond plate.	\$ 1,142.00
HANDRAILS / STEPS	3330-0266	Dual lighted rear fixed steps (1) driver side and (1) officer side and handrails mounted each side outboard of the storage compartment doors for additional hose bed access.	\$ 1,058.00
HANDRAILS / STEPS	3330-0268	Step rear intermediate embossed treadplate. Locate on extrusion above rear dump and tank fills (as applicable), includes three (3) hand hold cut-outs on top of the step in place of the hand rail.	\$ 1,142.00
HANDRAILS / STEPS	3330-0269	Dual lighted LED Signature4 folding step. Location: [#LOC]. Each location requires a minimum of (1) handrail per NFPA.	\$ 367.00
HANDRAILS / STEPS	3330-0270	Intermediate rear step to be approximately 8" deep x 36" wide located below the hose bed, and be of embossed aluminum treadplate. Step to have hand hole cut outs and integral handrail assembly welded into step structure. Formed stainless steel angle braces provided at each end of step for additional support.	\$ 1,243.00
HANDRAILS / STEPS	3330-0271	Handrail package - Provide (4) handrails. (2) two full available length walkway handrails inside of body located to ceiling 7 inches either side of roof centerline, (1) one each side of counter top at forward edge and span from side of cabinets forward to end of walkway.	\$ 7,721.00
HANDRAILS / STEPS	3330-0272	Additional handrails on pump panel.	\$ 451.00
HANDRAILS / STEPS	3330-0273	A flop down step shall be provided at the rear. Step shall be mounted to the top of the tailboard and fold down behind the tailboard. Platform of the step shall be approx 9" deep x 28" wide. Step will be pinned in the up position for transit.	\$ 2,372.00
HANDRAILS / STEPS	3330-0274	Ladder Hose Bed access, aluminum extrusion and gator grip steps stair case style located on the rear against inside of rear beavertail. Includes required step lights.	\$ 5,958.00

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0275	Intermediate pump panel step officer side with forward tapered corner. Includes (1) lower and (1) upper Innovative Controls dual LED lighted folding step with (1) handrail and (1) recessed step light located above the intermediate step. Step light to be switched thru work light in cab.	\$ 1,965.00
HANDRAILS / STEPS	3330-0276	Intermediate pump panel step officer side with forward tapered corner. Includes (2) lower and (1) upper Innovative Controls dual LED lighted folding step with (1) handrail and (1) recessed step light located above the intermediate step. Step light to be switched thru work light in cab.	\$ 2,237.00
HANDRAILS / STEPS	3330-0277	Innovative Controls dual lighted LED folding steps rear NFPA. Includes folding steps on driver side rear of the body. (staggered stepped as applicable with tailboard depth) for NFPA hosebed access and handrail mounted on driver side upper hosebed side (as applicable).	\$ 925.00
HANDRAILS / STEPS	3330-0278	Innovative Controls dual lighted LED folding steps rear NFPA. Includes folding steps on officer side rear of the body. (staggered stepped as applicable with tailboard depth) for NFPA hosebed access and handrail mounted on officer side upper hosebed side (as applicable).	\$ 925.00
HANDRAILS / STEPS	3330-0279	Innovative Controls dual lighted LED folding step. Location: [#LOC]. Each location requires a minimum of (1) handrail per NFPA.	\$ 373.00
HANDRAILS / STEPS	3330-0280	Intermediate pump panel step officer side with forward tapered corner. Includes (1) lower and (1) upper Innovative Controls dual LED lighted folding step and a minimum of (1) handrail as req to meet NFPA. Step lights to be switched thru work light in cab.	\$ 1,955.00
HANDRAILS / STEPS	3330-0281	Intermediate pump panel step officer side with forward tapered corner. Includes (2) lower and (1) upper Innovative Controls dual LED lighted folding step and a minimum of (1) handrail as req to meet NFPA. Step lights to be switched thru work light in cab.	\$ 2,237.00
HANDRAILS / STEPS	3330-0282	Innovative Controls dual lighted LED folding step (Pair). Location: (1) one each side of staircase for access to staircase. Each location requires a minimum of (1) handrail per NFPA.	\$ 580.00
HANDRAILS / STEPS	3330-0283	Handrail 18" (PR) located on each side inboard of beavertails up high angled to assist in access to aerial device.	\$ 752.00
HANDRAILS / STEPS	3330-0285	Handrail 18". Location: Officer side above pump panel and below E-One logo.	\$ 354.00
HANDRAILS / STEPS	3330-0286	Access ladder. Aluminum access ladder driver side pump module with diamond plate gator grip steps and handrails. Rear rail to loop up and over to aid in access into/out of dunnage storage pan.	\$ 4,846.00
HANDRAILS / STEPS	3330-0287	Steps below body. Located each side below tailboard.	\$ 942.00
HANDRAILS / STEPS	3330-0288	Step swing down diamond plate with gator grip located at each aerial access staircase (3). Includes mechanical lock to store in the up position. (HP95MM Platform only)	\$ 1,593.00
HANDRAILS / STEPS	3330-0290	Steps NFPA compliant. Fabricated diamond plate steps on driver and officer side of crosswalk. Full width.	\$ 946.00

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0291	Intermediate rear step to be located behind the rear Newton dump valve swivel chute assembly, on the Driver's or Officer's side, and be of embossed aluminum treadplate.	\$ 913.00
HANDRAILS / STEPS	3330-0292	Step swing down diamond plate with gator grip located at each aerial access staircase (IPOS). Includes mechanical lock to store in the up position.	\$ 538.00
HANDRAILS / STEPS	3330-0293	Step rear intermediate approximately 8" deep and full width of hosebed. Locate above B1, includes handrail (in place of horizontal hosebed handrail).	\$ 1,605.00
HANDRAILS / STEPS	3330-0294	Diamond plate gator grip overlay to be located on driver side forward compartment top.	\$ 357.00
HANDRAILS / STEPS	3330-0295	Diamond plate gator grip overlay to be located on officer side forward compartment top.	\$ 357.00
HANDRAILS / STEPS	3330-0296	Intermediate pump panel step officer side above operator's panel. Includes step lighting (as applicable). Step light to be switched thru work light in cab.	\$ 1,887.00
HANDRAILS / STEPS	3330-0297	Intermediate pump panel step driver side above operator's panel. Includes step lighting (as applicable). Step light to be switched thru work light in cab.	\$ 1,887.00
HANDRAILS / STEPS	3330-0298	Handrail on pump module to be full length as possible. Location: Officer side just below crosslays.	\$ 236.00
HANDRAILS / STEPS	3330-0299	Chrome grab handle (Pair). Location: Rear upper body (1) each side of body entry way IPO standard grab rail.	\$ 193.00
HANDRAILS / STEPS	3330-0301	Steps rear NFPA. Includes folding steps on driver side (staggered stepped as applicable with tailboard depth) for NFPA hosebed access and handrail mounted on driver side upper hosebed side and/or rear of tank (as applicable). Includes mounting blocks as necessary for Wetside Tank.	\$ 1,258.00
HANDRAILS / STEPS	3330-0302	Slide-out Slide Master brand intermediate step. Includes hand hold notch centered on the front face of the step and required step lighting. Located on the rear body.	\$ 2,267.00
HANDRAILS / STEPS	3330-0303	Handrail 18in. Location: Vertical orientation mounted driver and officer side on rearward area on speed lay module as additional hand rails for upper top mount walkover access.	\$ 354.00
HANDRAILS / STEPS	3330-0304	All hand rails (as applicable) are to have a rubber insert. Includes cab (N/A on commercial chassis), pump module and body. Wetside Tanker only.	\$ 1,147.00
HANDRAILS / STEPS	3330-0305	Steps rear NFPA. Includes folding steps on officer side (staggered stepped as applicable with tailboard depth) for NFPA hosebed access and handrail mounted on officer side upper hosebed side and/or rear of tank (as applicable). Includes mounting blocks as necessary for Wetside Tank only.	\$ 1,413.00
HANDRAILS / STEPS	3330-0306	Dual lighted LED folding step, Signature Partners Inc. Each location requires a minimum of (1) handrail per NFPA. Location: officers side front compartment face.	\$ 308.00
HANDRAILS / STEPS	3330-0307	Dual lighted LED folding steps Signature Partners Inc, rear NFPA. Includes folding steps on driver side (staggered stepped as applicable with tailboard depth) for NFPA hosebed access and handrails mounted on drivers and officers sides upper hosebed sides (as applicable).	\$ 814.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

HANDRAILS / STEPS	3330-0323	Innovative Controls Dual lighted LED folding step (5). Located on the driver side behind rear doors of cab w/ diamond plate paint guard. Handrail to be mounted on upper portion of cab for access to dunnage area.	\$ 1,803.00
HANDRAILS / STEPS	3330-0324	Innovative Controls dual lighted LED folding steps on front of speedlay module outboard, (1) each side.	\$ 716.00
HANDRAILS / STEPS	3330-0325	Handrails with offset stanchions to be mounted on hosebed access ladder. Sized per application.	\$ 1,029.00
HANDRAILS / STEPS	3330-0326	Step flop down rear rung type (EA). Sized per application.	\$ 1,139.00
HANDRAILS / STEPS	3330-0327	Full width handrail to be mounted to the pump panel intermediate step. Includes (1) pass-through stanchion equally spaced.	\$ 723.00
HANDRAILS / STEPS	3330-0328	Handrail to be vertically mounted to the outboard corner forward of L1 compartment opening. Includes (1) pass-through stanchion equally spaced.	\$ 723.00
HANDRAILS / STEPS	3330-0329	Step rear intermediate embossed tread plate. Locate rear body. The step to be 8" deep and boxed type for recessed directional light bar.	\$ 1,926.00
HANDRAILS / STEPS	3330-0330	Step body off road type pair. Locate one (1) each side below running board rearward.	\$ 877.00
HANDRAILS / STEPS	3330-0331	Step/tailboard (3) step arrangement, center entrance rescue body, consists of: Full width 8" deep bolt-on tailboard with (3) Bustin inserts. A fold down step with Bustin insert as wide as the center entrance area. (1) Center entrance step above the tailboard with Bustin insert. (2) dock bumpers on tailboard.	\$ 2,562.00
HANDRAILS / STEPS	3330-0332	Steps below body. Located each side below tailboard. Steps to be 12" wide each.	\$ 942.00
HANDRAILS / STEPS	3330-0333	Signature Partners Inc. dual lighted LED folding steps rear NFPA. Includes folding steps on driver side (staggered stepped as applicable with tailboard depth) for NFPA hosebed access and handrail mounted on driver side upper hosebed side (as applicable).	\$ 129.00
HANDRAILS / STEPS	3330-0334	Signature Partners Inc. dual lighted LED folding steps rear NFPA. Includes folding steps on officer side (staggered stepped as applicable with tailboard depth) for additional hosebed access and handrail mounted on officer side upper hosebed side (as applicable).	\$ 1,337.00
HANDRAILS / STEPS	3330-0335	Signature Partners Inc. dual lighted LED folding step. Location: [#LOC]. Each location requires a minimum of (1) handrail per NFPA.	\$ 413.00
HANDRAILS / STEPS	3330-0336	Step rear 10" intermediate embossed treadplate with tapered corners. Locate below hosebed, includes three (3) hand hold cut-outs on top of the step in place of the hand rail.	\$ 1,732.00
HANDRAILS / STEPS	3330-0337	Intermediate pump panel step officer side with forward tapered corner. Includes (1) lower and (2) upper Innovative Controls dual LED lighted folding step and a minimum of (1) handrail as req to meet NFPA. Step lights to be switched thru work light in cab.	\$ 2,237.00
HANDRAILS / STEPS	3330-0338	Handrail 18in. Location: Vertical orientation mounted driver and officer side on rearward area on speed lay module as additional hand rails for upper top mount walkover access.	\$ 354.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0339	Add a small formed treadplate cover under the rear intermediate step to cover wires and hardware in the uppermost corner.	\$ 492.00
HANDRAILS / STEPS	3330-0340	Handrail upgrade for pump enclosure (as applicable) and rear body handrails (excludes chrome grab handles if equipped) replaced with Brey-Krause Mfg. Co. one piece knurled SS IPOS.	\$ 1,864.00
HANDRAILS / STEPS	3330-0341	Hosebed Access Ladder. Aluminum extruded ladder with diamond plate gator grip steps located on the inboard side of the beavertail or extended compartmentation. Requires removal of gator grip on tailboard below step for mounting. Locate on driver side.	\$ 4,112.00
HANDRAILS / STEPS	3330-0342	Intermediate pump panel step on driver and officer side located above the pump panel but below level of cross lays (as applicable). Stepping surface to include two to three hand hold relief cuts evenly spaced as additional hand grab locations as applicable per length of step. Includes step lighting (as applicable). Step lights to be switched thru work light in cab. Steps to be 8in toe depth or greater step surface and shall allow for panel lighting to be mounted under step IPO under a secondary light shield as applicable. Step to be embossed tread aluminum material.	\$ 1,852.00
HANDRAILS / STEPS	3330-0343	Innovative Controls dual lighted LED folding above walkway top mount to access deck gun, (1) each side.	\$ 737.00
HANDRAILS / STEPS	3330-0344	Step rear intermediate above B1. Includes handrail mounted on top of 5x5 extrusions both sides.	\$ 1,457.00
HANDRAILS / STEPS	3330-0345	Step below running board (pr). Open back style with angled corners. Located below walkway one (1) each side.	\$ 942.00
HANDRAILS / STEPS	3330-0346	Each step below running board/walkway kick plates and steps shall be aluminum diamond plate without a multi-directional, aggressive gripping surface (Gator Grip). Includes embossed diamond plate bolt-on panels at each lower step area.	\$ 619.00
HANDRAILS / STEPS	3330-0347	Additional 12" handrails (PR) rear of body. One (1) driver side, one (1) officer side.	\$ 451.00
HANDRAILS / STEPS	3330-0348	Upper hosebed handrail. Locate to rear most area of hosebed with stanchions. Handrail to be as far rearward and highest as possible.	\$ 564.00
HANDRAILS / STEPS	3330-0349	Engine access step package. Includes integrated pull out step and (1) folding step on each of the rear body below the engine access compartments.	\$ 2,772.00
HANDRAILS / STEPS	3330-0350	Brey-Krause Stainless steel knurled grip surface hand rails shall be provided in place of standard anodized handrails on Body and Pump Module (as applicable). Handrails shall be powder coated black from the factory.	\$ 1,466.00
HANDRAILS / STEPS	3330-0351	Hansen rubber insert handrail material on exterior of pump module and body ipos.	\$ 250.00
HANDRAILS / STEPS	3330-0352	Non-folding 8x14 bolt on surface mount CPI step with LED lighting. CPI model# SP2016-1-B. Each location requires a minimum of (1) handrail per NFPA. Location: Officer side rear of body	\$ 389.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0353	Intermediate pump panel step drivers side located rearward of the crosslays. Step to be constructed of aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab. Includes (1) horizontal handrail at the top of the pump module and (1) horizontal on the step itself for lower folding steps. Wetside Tanker.	\$ 1,740.00
HANDRAILS / STEPS	3330-0354	Intermediate pump panel step officers side located rearward of the crosslays. Step to be constructed of aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab. Includes (1) horizontal handrail at the top of the pump module and (1) horizontal on the step itself for lower folding steps. Wetside Tanker.	\$ 1,740.00
HANDRAILS / STEPS	3330-0355	Handrail upgrade for rear rescue body handrails (excludes chrome grab handles if equipped) replaced with Brey-Krause Mfg. Co. one piece knurled SS IPOS. SS body product.	\$ 1,098.00
HANDRAILS / STEPS	3330-0356	Handrail 36", each. Location: body entry door per customer approval drawing.	\$ 689.00
HANDRAILS / STEPS	3330-0357	Intermediate pump panel step officer side with forward tapered corner made out of embossed diamond plate (No Gator Grip). Includes step lighting (as applicable). Step light to be switched thru work light in cab.	\$ 1,392.00
HANDRAILS / STEPS	3330-0358	Slideout platform, 42" wide with OnScene Solutions slide, 81900 step series, rated at 500lbs. Locate below officer side pump panel running board.	\$ 3,956.00
HANDRAILS / STEPS	3330-0359	Slideout platform, 42" wide with OnScene Solutions slide, 81900 step series, rated at 500lbs. Locate below driver side pump panel running board.	\$ 3,956.00
HANDRAILS / STEPS	3330-0360	Step pocket flop down (EACH). Steps to be a pull out style designed to stow in tailboard. Locate: driver and officer outboard of tailboard.	\$ 1,280.00
HANDRAILS / STEPS	3330-0361	Step rear intermediate embossed tread plate. Locate rear body. Includes hand hold cut-outs on top of the step in place of the hand rail. Step shall extend 5in. from body rear surface to trailing edge of step as mounted.	\$ 1,142.00
HANDRAILS / STEPS	3330-0362	(5) Innovative Controls dual lighted LED folding steps. Located on the driver side behind rear doors of cab w/ diamond plate paint guard. Handrail to be mounted on upper portion of cab for access to dunnage area.	\$ 2,047.00
HANDRAILS / STEPS	3330-0363	Zico Quic-Ladder aerial turntable access ladder (each) instead of staircase steps located on the aerial body.	\$ 3,426.00
HANDRAILS / STEPS	3330-0365	Intermediate pump panel step with hand hole cut outs on driver and officer side located above the pump panel but below level of cross lays. Includes step lighting (as applicable). Step lights to be switched thru work light in cab. Steps to be 8in toe depth or greater step surface and shall allow for panel lighting to be mounted under step to the outer edge if applicable or optioned separately.	\$ 1,732.00
HANDRAILS / STEPS	3330-0366	Access Ladder. Zico model RL15 for increased visibility of rear outboard body mounted DOT/NFPA lighting. Includes required step lights and additional hand rail(s) if applicable. Location: Drivers side rear of body.	\$ 3,535.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0367	Intermediate rear step to be approximately 8" deep x 46" wide located below the hose bed, and be of embossed aluminum treadplate. Step to have hand hole cut outs and integral handrail assembly welded into step structure. Formed stainless steel angle braces provided at each end of step for additional support.	\$ 1,425.00
HANDRAILS / STEPS	3330-0368	Zico PS-8-5 Pull-Out Step with 8" drop and a 11" W x 5" D non-skid stepping surface. Requires 12" wide x 14" deep clear area for mounting the step underneath the apparatus. Location: [#LOC].	\$ 677.00
HANDRAILS / STEPS	3330-0369	Step below running board (pr). Open back style with angled corners and embossed diamond plate with gator grip. Located below running board one (1) each side.	\$ 942.00
HANDRAILS / STEPS	3330-0370	Non-folding 8x8 bolt on surface mount CPI step with LED lighting. CPI model# SP2012-1-D Each location requires a minimum of (1) handrail per NFPA. Location: Driver and Officer side rear of body.	\$ 314.00
HANDRAILS / STEPS	3330-0371	Trident folding step and a 0AC0EDCR LED white illumination light with clear lens and 45 degree angled chrome-plated bezel. Location: [#LOC]. Each location requires a minimum of (1) handrail per NFPA.	\$ 515.00
HANDRAILS / STEPS	3330-0372	Ladder. Aluminum access ladder with extruded and ribbed extrusion sides and steps. Design to provide a minimum of 8 inch raised loop style grab handle above the body roof. Ladder rung spacing to be not more then 12 inches. Ladder width to be maximized to be as wide as possible.	\$ 2,364.00
HANDRAILS / STEPS	3330-0373	Grab Handle, 7 inch long Polished #304 stainless steel (EA). Location: [#LOC].	\$ 100.00
HANDRAILS / STEPS	3330-0374	E-One style fold out ladder (PR). Locate side facing at rear of body each side.	\$ 4,692.00
HANDRAILS / STEPS	3330-0375	Intermediate rear step to be approximately 8" deep x 46" wide located below the hose bed, and be of embossed aluminum treadplate. Step to have hand hole cut outs and integral handrail assembly welded into step structure. Formed stainless steel angle braces provided at each end of step for additional support.	\$ 1,298.00
HANDRAILS / STEPS	3330-0376	Intermediate pump panel step driver and officer side without taper. Includes step lighting (as applicable). Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab.	\$ 2,662.00
HANDRAILS / STEPS	3330-0377	Intermediate pump panel step with hand hole cut outs on driver and officer side without taper below crosslays. Intermediate steps to be 8" wide and made of embossed diamond plate. Includes (2) lower and (1) above dual LED lighted CPI folding steps each side and a minimum of (1) handrail as required to meet NFPA. Step lights to be switched thru work light in cab. (officer side requires vertical hinged pump panel)	\$ 4,119.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0378	Intermediate rear step with driver side tapered 22.5 degree corner and square on the officer side made out of embossed diamond plate (No Gator Grip). Includes step lighting (as applicable). Step light to be switched thru work light in cab. The step is to be welded to the rear end.	\$ 1,392.00
HANDRAILS / STEPS	3330-0379	Innovative Controls dual lighted LED folding steps to include department logo ILO of standard E-One logo.	\$ 267.00
HANDRAILS / STEPS	3330-0380	Innovative Controls dual lighted LED folding steps to include [#COL] LED ILO of standard color LED.	\$ 267.00
HANDRAILS / STEPS	3330-0381	Additional Chrome grab handle (Pair). Location: One (1) additional on each pump panel slide-out platform.	\$ 193.00
HANDRAILS / STEPS	3330-0382	Steps below body. Located each side below the pump panel running boards, offset rearward.	\$ 942.00
HANDRAILS / STEPS	3330-0383	Intermediate pump panel step driver side without taper. Includes step lighting (as applicable). Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab.	\$ 1,493.00
HANDRAILS / STEPS	3330-0384	Intermediate pump panel step officer side without forward tapered corner. Includes (2) lower and (1) upper Innovative Controls dual LED lighted folding step with (1) handrail. Step lights to be switched thru work light in cab.	\$ 2,237.00
HANDRAILS / STEPS	3330-0385	Intermediate rear step to be approximately 8" deep x 46" wide located below the aisleway, and be of embossed aluminum treadplate. Step to have hand hole cut outs, spaced approx 18" on center, and integral handrail assembly welded into step structure. Formed stainless steel angle braces provided at each end of step for additional support.	\$ 1,243.00
HANDRAILS / STEPS	3330-0386	Slide-out platform, rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable for body mounted locations and required step lighting. Located at the rear body panel on the officer side.	\$ 1,815.00
HANDRAILS / STEPS	3330-0387	Hand rails mounted at top of body on driver and officer sides extend from stainless Unistrut channels mounted to upper body compartment tops to the hose bed dividers at center walkway. Extruded aluminum with center reinforcing rods.	\$ 1,058.00
HANDRAILS / STEPS	3330-0388	Intermediate rear step to be approximately 8" deep x 46" wide located below the hose bed, and be of embossed aluminum treadplate. Step to have hand hole cut outs and integral handrail assembly welded into step structure. Formed stainless steel angle braces provided at each end of step for additional support.	\$ 1,259.00
HANDRAILS / STEPS	3330-0389	Tailboard 6" bolt on. Includes handrail below hosebed and (1) underbody ground light on the officer's side.	\$ 2,130.00
HANDRAILS / STEPS	3330-0390	Intermediate pump panel step officer side with forward tapered corner. Includes (2) lower and (2) upper Innovative Controls dual LED lighted folding step and a minimum of (1) handrail as req to meet NFPA. Step lights to be switched thru work light in cab.	\$ 2,602.00
HANDRAILS / STEPS	3330-0391	Stirrup style steps located below L1, L3, R1, R3.	\$ 2,384.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0392	Step swing up 14" wide rung type (PR).	\$ 2,021.00
HANDRAILS / STEPS	3330-0393	Haralson Metals stainless steel knurled grip surface hand rails shall be provided in place of standard anodized handrails on body and pump module (as applicable). SS product.	\$ 1,275.00
HANDRAILS / STEPS	3330-0394	Intermediate pump panel step officer side with rearward tapered corner. Includes step lighting (as applicable). Step light to be switched thru work light in cab.	\$ 1,392.00
HANDRAILS / STEPS	3330-0395	Compartment (interior) mounted manually operated fold-out seat/step/platform with Bustin inserts. Includes a mechanical hold close located in the compartment and (1) vertically mounted handrail mounted along one side of the compartment interior. Seat/step/platform will reduce compartment interior mounted items overall width and/or depth. Locate: L1, L3. Priced each.	\$ 2,017.00
HANDRAILS / STEPS	3330-0396	Intermediate rear step to be approximately 8" deep x 36" wide located below the hose bed, constructed of embossed aluminum treadplate.	\$ 1,236.00
HANDRAILS / STEPS	3330-0397	Rear of body hand rail to use Austin Hardware model GR-002-AL-BRT-144 knurled bright anodized aluminum tubes IPOS. Located above B1.	\$ 606.00
HANDRAILS / STEPS	3330-0398	Intermediate rear step to be 8" deep x 46" wide located below the hose bed, and be of embossed aluminum treadplate.	\$ 1,142.00
HANDRAILS / STEPS	3330-0399	Step rear intermediate above B1. Finish: job color.	\$ 278.00
HANDRAILS / STEPS	3330-0401	Slideout platform-integral officer side running board. Depth of step to be modified due to front suction.	\$ 3,324.00
HANDRAILS / STEPS	3330-0402	Steps below body. Located each side below the pump panel running boards, offset rearward. Reduced width to accommodate hose wells in side running boards.	\$ 942.00
HANDRAILS / STEPS	3330-0403	Step rear intermediate above B1. Finish: Durabak Black.	\$ 784.00
HANDRAILS / STEPS	3330-0404	Handrail 36 in. additional. Locate: on inside surface of body entry door below window angled to assist with entry access per customer approval drawing. Qty. Each.	\$ 612.00
HANDRAILS / STEPS	3330-0405	Intermediate pump panel step driver side located rearward of the crosslays and even with body compartment top. Includes step lighting (as applicable). Step lights to be switched thru work light in cab.	\$ 1,732.00
HANDRAILS / STEPS	3330-0406	Intermediate pump panel step officer side located rearward of the crosslays and even with body compartment top. Includes step lighting (as applicable). Step lights to be switched thru work light in cab.	\$ 1,732.00
HANDRAILS / STEPS	3330-0407	Handrail 24" with angled stanchions (PR). Location: mounted one each side on the front of diamond plate intermediate step angled down.	\$ 867.00
HANDRAILS / STEPS	3330-0409	Nylatron guides are to be installed each side of slideout platform in addition to standard to assist in platform operation.	\$ 247.00
HANDRAILS / STEPS	3330-0410	Rear slideout platform - rollerless HP75 / HP78 SideStacker 24" wide located below hosebed. Includes a chrome grab handle centered on the frt face of the platform and a handrail below hosebed.	\$ 2,017.00
HANDRAILS / STEPS	3330-0411	Fabricated diamond plate steps (2) each side of crosswalk.	\$ 946.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0412	Flip Over step fabricated from diamond plate with gator grip located at each aerial access staircase (2). Includes mechanical lock to store in the up position. (HP95MM Platform only)	\$ 1,065.00
HANDRAILS / STEPS	3330-0413	Intermediate rear step to be approximately 9" deep x 46" wide located below the hose bed, and be of embossed aluminum treadplate with squared corners. Step to have hand hole cut outs and integral handrail assembly welded into step structure. Aluminum treadplate angle braces provided at each end of step for additional support.	\$ 1,243.00
HANDRAILS / STEPS	3330-0414	Handrail up to 48". Location [#LOC].	\$ 621.00
HANDRAILS / STEPS	3330-0415	Handrail 24 in. Additional. Locate: on inside surface of body entry door below window angled 45 degrees to assist with entry access per customer approval drawing. Qty. Each.	\$ 612.00
HANDRAILS / STEPS	3330-0416	Handrail 24 in. Additional. Locate: on outside surface of body entry door aligned vertically and centered approx 18 in. up from bottom edge of door to assist with entry access per customer approval drawing. Qty. Each.	\$ 612.00
HANDRAILS / STEPS	3330-0417	Compartment, body entry step. The body entry step design shall include a compartment to maximize usable storage space below and/or behind the entry step into the walk in body. Design shall be consistent with body design and NFPA limitations. Option includes a hinged access door with a D-ring style latch or suitable option for the application. Step finish to be diamond plate. Locate per customer approval drawing. Contract administrator may add note to order for specific storage requirement. Option pending engineering approval.	\$ 2,093.00
HANDRAILS / STEPS	3330-0418	Handrail, folding. A folding handrail shall be provided that stows in the down position and shall swing up into position when in use. The design shall be such that when in the up and in use position it shall measure 42 in. from the catwalk floor to the top of the rail and include a teathered pin for securing the rail in both the up and down secured positions. Construction shall be aluminum with a sanded finish. Length shall be approx 28 in. Locate: in the upper rear body catwalk at the rear most bulkhead per customer approval drawing.	\$ 2,505.00
HANDRAILS / STEPS	3330-0419	Slide-out platform, rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable for body mounted locations and required step lighting. Locate: Below compartment L1.	\$ 1,815.00
HANDRAILS / STEPS	3330-0420	Hansen white LED knurled body hand rails upgrade package (includes pump module if applicable).	\$ 3,644.00
HANDRAILS / STEPS	3330-0422	Step rear intermediate embossed tread plate. Locate rear body. Includes hand hold cut-outs on top of the step. Includes a hand rail welded to the interior edge to provide a smooth grabbing surface inside the cut-outs.	\$ 1,561.00
HANDRAILS / STEPS	3330-0423	Slide-out platform, rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable). To be fabricated as wide as possible. Located below driver side pump panel.	\$ 2,696.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

HANDRAILS / STEPS	3330-0424	Auxiliary steps below body. Located each side below pump connection panels. SS eMAX only.	\$ 942.00
HANDRAILS / STEPS	3330-0425	Intermediate pump panel step officer side without taper below crosslays. Intermediate step to be 8" deep and made of embossed diamond plate. Includes (2) lower and (1) above dual LED lighted IC folding steps and a minimum of (1) handrail as required to meet NFPA. Step lights to be switched thru work light in cab. (may require vertical hinged pump panel)	\$ 1,955.00
HANDRAILS / STEPS	3330-0426	A swing down step with Bustin insert located at center of tailboard. Includes mechanical lock to store in the up position. Step shall also be wired to the door open, accessory up circuit. SS product only.	\$ 1,564.00
HANDRAILS / STEPS	3330-0427	Intermediate pump panel step officer side with forward tapered corner. Includes step lighting (as applicable). Step light to be switched thru work light in cab. Includes hand hold cut-outs on top of the step.	\$ 1,558.00
HANDRAILS / STEPS	3330-0428	Intermediate pump panel step driver side located rearward of the crosslays (as applicable). Includes step lighting (as applicable). Step lights to be switched thru work light in cab. Mounting feet to be reverse mounted due to vertically hinged panel (as applicable). Includes hand hold cut-outs on top of the step.	\$ 1,732.00
HANDRAILS / STEPS	3330-0429	Intermediate pump panel step drivers side located rearward of the crosslays. Step to be constructed of embossed aluminum treadplate. Step to have hand hole cut outs and integral handrail assembly welded into step structure. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab.	\$ 2,075.00
HANDRAILS / STEPS	3330-0430	Step/tailboard (3) step arrangement, center entrance rescue body, consists of: Full width 8" deep bolt-on tailboard with (3) Bustin inserts. A fold down step with Bustin insert as wide as the center entrance area. (1) Center entrance step above the tailboard with Bustin insert. (4) dock bumpers on tailboard.	\$ 2,998.00
HANDRAILS / STEPS	3330-0431	Intermediate Step, 5" deep x 58" wide non-skid aluminum treadplate step with mitered corners shall be installed and located directly below the hose bed.	\$ 1,386.00
HANDRAILS / STEPS	3330-0432	Intermediate Step, 5" deep x 70" wide non-skid aluminum treadplate step with mitered corners shall be installed and located directly below the hose bed.	\$ 1,539.00
HANDRAILS / STEPS	3330-0433	Step rear intermediate. Intermediate rear step to be located above the rear Newton dump. Step shall include hand hold cutouts.	\$ 1,400.00
HANDRAILS / STEPS	3330-0434	Two (2) pool style hand rails. Location: Driver side of pump module storage pan, forward and rearward.	\$ 1,038.00
HANDRAILS / STEPS	3330-0435	Step pocket flop down (EA). Step(s) to be a pull out style designed to stow in corner tailboard in aerial body. Locate: corner tailboard below hosebed.	\$ 1,280.00
HANDRAILS / STEPS	3330-0436	Intermediate pump panel step officer side without taper. Includes step lighting (as applicable). Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab.	\$ 1,335.00

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0437	Hosebed Access Ladder. Aluminum extruded ladder with diamond plate gator grip steps located on the inboard side of the beavertail or extended compartmentation. Requires removal of gator grip on tailboard below step for mounting. Locate on officer side.	\$ 4,112.00
HANDRAILS / STEPS	3330-0438	Ladder access, aluminum extruded ladder with ribbed aluminum extrusion steps located on the rear offset to the officer side. Includes required step lights.	\$ 3,319.00
HANDRAILS / STEPS	3330-0439	Cast Product steps (PR), model SP2014-1-B. Mount on driver side of B1.	\$ 797.00
HANDRAILS / STEPS	3330-0440	Additional 24" handrails rear of walkway on top of slant.	\$ 451.00
HANDRAILS / STEPS	3330-0441	Modular diamond plate intermediate steps shall be provided - one step on the driver and officer side of the rear center access ladder and be of embossed aluminum treadplate. Locate approximately 55" above tailboard. Includes handrails as applicable.	\$ 2,180.00
HANDRAILS / STEPS	3330-0442	Handrail 36". Location: (1) each side on front body corners just ahead of Full Height body compartments.	\$ 1,035.00
HANDRAILS / STEPS	3330-0443	Step rear intermediate. Locate above B1, includes handrail (in place of horizontal hosebed handrail). Step construction shall be aluminum smooth plate IPO diamond plate painted Black Scorpion (rough finish).	\$ 1,604.00
HANDRAILS / STEPS	3330-0444	Hansen Dual LED body hand rails upgrade package (includes pump module if applicable), amber outside lighting in addition to standard inside lighting. Requires inside lighting option added seperately.	\$ 927.00
HANDRAILS / STEPS	3330-0445	Hansen Dual LED body hand rails upgrade package (includes pump module if applicable), red outside lighting in addition to standard inside lighting. Requires inside lighting option added seperately.	\$ 927.00
HANDRAILS / STEPS	3330-0446	Ladder access, aluminum extruded ladder with ribbed aluminum extrusion steps located on the rear offset to the officer side. Includes required step lights.	\$ 3,319.00
HANDRAILS / STEPS	3330-0447	Slide-out platform, rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable for body mounted locations) and required step lighting. Located below driver side walkway running board.	\$ 2,696.00
HANDRAILS / STEPS	3330-0448	Slide-out platform, rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable for body mounted locations) and required step lighting. Located below officer side walkway running board.	\$ 2,696.00
HANDRAILS / STEPS	3330-0449	Intermediate pump panel step driver side with forward tapered corner. Includes step lighting (as applicable). Step lights to be switched through work light in cab.	\$ 1,335.00
HANDRAILS / STEPS	3330-0450	Spacer bracket for mounting Zico Quick-Release Tank System in R1compartment . Bracket to be mounted to back wall.	\$ 541.00
HANDRAILS / STEPS	3330-0451	Cast Product step, model SP2014-1-B. Location: [#LOC]. Each location requires a minimum of (1) handrail per NFPA.	\$ 420.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0452	A flop down step shall be provided at the rear. Step shall be mounted to the top of the tailboard and fold down below the tailboard. Platform of the step shall be approx 10" deep x 21" wide. Step will be pinned in the up position for transit.	\$ 2,314.00
HANDRAILS / STEPS	3330-0453	Intermediate pump module step driver side. Locate just below the crosslay floor. Includes step lighting (as applicable). Step light to be switched thru work light in cab. Includes hand hold cut-outs on top of the step.	\$ 737.00
HANDRAILS / STEPS	3330-0454	Step rear intermediate approximately 8" deep and full width of hosebed. Locate above hard suction storage tubes, includes handrail (in place of horizontal hosebed handrail).	\$ 1,605.00
HANDRAILS / STEPS	3330-0455	Step rear intermediate embossed tread plate. Locate rear body, extended to outer officer side vertical extrusion. Includes standard handrail centered with hosebed (in place of horizontal hosebed handrail).	\$ 1,142.00
HANDRAILS / STEPS	3330-0456	Swinging stirrup step at rear of body, for assistance in accessing recessed platform at rear of body (includes handrail as applicable). Applies to aerial bodies only.	\$ 1,232.00
HANDRAILS / STEPS	3330-0458	Step rear intermediate above B1 with Gator Grip 12" deep. Design Includes: Sweep around style grab rail from step surface up to and around entry to top of body. Also a standard handrail on opposite side top of body extrusion as applicable.	\$ 2,696.00
HANDRAILS / STEPS	3330-0459	Folding steps rear NFPA. Includes folding steps on driver side rear of the body (staggered stepped as applicable with tailboard depth) for NFPA hosebed access and handrail mounted on driver side upper hosebed side (as applicable). Steps shall be cast aluminum without chrome plating.	\$ 925.00
HANDRAILS / STEPS	3330-0460	Haralson Metals stainless steel knurled grip surface hand rails shall be provided in place of standard anodized handrails on the exterior of the body. SS product.	\$ 619.00
HANDRAILS / STEPS	3330-0461	Intermediate pump module step officer side. Locate just below the crosslay floor. Includes step lighting (as applicable). Step light to be switched thru work light in cab.	\$ 649.00
HANDRAILS / STEPS	3330-0462	Intermediate pump panel step drivers side located rearward of the transverse storage compartment. Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab. Includes (1) handrail at the top of the pump module and (1) at the top of the left side body.	\$ 1,740.00
HANDRAILS / STEPS	3330-0463	Handrail 10" (PR) located on each side of the pump module. Mounted vertical, rearward of the pump module transverse storage doors.	\$ 467.00
HANDRAILS / STEPS	3330-0465	Hansen Dual LED body hand rails upgrade package for aerial access staircase handrails, amber outside lighting in addition to standard inside lighting. Requires inside lighting option added seperately. Amber lights to be wired to flash with respective side turn signals.	\$ 424.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

HANDRAILS / STEPS	3330-0484	Hansen knurled grip surface hand rails shall be Black in place of standard clear anodized handrails on body and pump module (as applicable). Handrails shall be anodized black from the factory.	\$ 2,098.00
HANDRAILS / STEPS	3330-0485	Intermediate pump panel step officer side located below the crosslays (as applicable). Includes step lighting (as applicable). Step lights to be switched thru work light in cab. Mounting feet to be reverse mounted due to vertically hinged panel (as applicable). Includes hand hold cut-outs on top of the step.	\$ 1,732.00
HANDRAILS / STEPS	3330-0486	Hansen white LED knurled body exterior handrail upgrade (EA).	\$ 538.00
HANDRAILS / STEPS	3330-0487	Handrail 10" (PR) located on each side outboard on beavertails to assist in access to aerial device.	\$ 467.00
HANDRAILS / STEPS	3330-0488	Rear intermediate step below compartment B1. Hand rails as applicable with other body options.	\$ 1,461.00
HANDRAILS / STEPS	3330-0489	Intermediate rear step to be approximately 8" deep x 57" wide located above the rear compartment, and be of embossed aluminum treadplate. Formed stainless steel angle braces provided at each end of step for additional support.	\$ 1,300.00
HANDRAILS / STEPS	3330-0490	Intermediate rear step to be approximately 8" deep x 59" wide located above the rear compartment and be of embossed aluminum treadplate. Formed stainless steel angle braces provided at each end of step for additional support.	\$ 1,300.00
HANDRAILS / STEPS	3330-0491	Brey-Krause Mfg. Co. handrails one piece knurled SS IPOS (PR). Locate (1) each side of rear body exterior walk-in entrance step area. Does not include interior handrails unless specified separately. SS product.	\$ 1,098.00
HANDRAILS / STEPS	3330-0492	Intermediate pump panel step officer side without taper. Includes step lighting (as applicable). Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab. Also Includes hand hold cut-outs on top of the step.	\$ 1,335.00
HANDRAILS / STEPS	3330-0493	Modify step(s) below pump module running board(s) to be even with the bottom of running board suction tray(s) for ground clearance.	\$ 146.00
HANDRAILS / STEPS	3330-0494	Intermediate rear step to be approximately 8" deep located above the rear Newton dump valve, and be of embossed aluminum treadplate.	\$ 1,142.00
HANDRAILS / STEPS	3330-0495	Intermediate rear step constructed of aluminum treadplate located above the rear Newton dump valve full width between the beaver tails. Step is same depth as the beaver tails.	\$ 1,365.00
HANDRAILS / STEPS	3330-0496	Access ladder. Sure Step V2. Finish: Black Powdercoat. Includes required step lights and additional hand rail(s) if applicable. Location: [#LOC].	\$ 4,844.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0497	Step/tailboard (3) step arrangement, center entrance rescue body, consists of: Full width 6" deep bolt-on tailboard with (3) Bustin inserts. A fold down step with Bustin insert as wide as the center entrance area. (1) Center entrance step above the tailboard with Bustin insert.	\$ 2,404.00
HANDRAILS / STEPS	3330-0498	Step/tailboard (3) step arrangement, center entrance rescue body, consists of: Full width 8" deep bolt-on tailboard with (3) Bustin inserts. A fold down step with Bustin insert as wide as the center entrance area. (1) Center entrance step above the tailboard with Bustin insert.	\$ 2,562.00
HANDRAILS / STEPS	3330-0499	Handrail 36". Location: vertically mounted and offset to driver side on rear of body.	\$ 460.00
HANDRAILS / STEPS	3330-0500	Intermediate rear step to be approximately 8" deep x 36" wide located below the hose bed, and be of embossed aluminum treadplate. Step to have hand hole cut outs and integral handrail assembly welded into step structure.	\$ 1,243.00
HANDRAILS / STEPS	3330-0501	Slide-out platform, rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable). Located under left side pump running board.	\$ 2,696.00
HANDRAILS / STEPS	3330-0502	Platform with 500lb slides. Locate [#LOC]. Platform sized as required per location. Includes: aluminum embossed diamond plate construction, chrome grab pull handle and a body mounted handrail (as applicable for body mounted locations).	\$ 1,815.00
HANDRAILS / STEPS	3330-0503	Intermediate rear step to be approximately 10" deep located below the hose bed, and be of embossed aluminum treadplate. Step to have hand hole cut outs and integral handrail assembly welded into step structure.	\$ 1,298.00
HANDRAILS / STEPS	3330-0504	Handrails 12". Install (2) 12" Hansen white LED lighted handrails on the pump module IPOS.	\$ 772.00
HANDRAILS / STEPS	3330-0505	Step below running board (ea). Open back style with angled corners and embossed diamond plate with gator grip, approx. size: 18.5" wide x 6" deep. Located below officer side running board.	\$ 549.00
HANDRAILS / STEPS	3330-0506	Intermediate rear step to be approximately 8" deep x 38" wide, constructed of embossed aluminum treadplate. Locate offset to driver side above the B1 compartment.	\$ 1,236.00
HANDRAILS / STEPS	3330-0507	Intermediate pump panel step officer side without taper below crosslays. Intermediate step to be 8" deep and made of embossed diamond plate. Includes (1) lower and (2) above dual LED lighted IC folding steps and a minimum of (1) handrail as required to meet NFPA. Step lights to be switched thru work light in cab. (may require vertical hinged pump panel)	\$ 1,955.00
HANDRAILS / STEPS	3330-0508	Handrail upgrade for rear body handrails (excludes chrome grab handles if equipped) replaced with Brey-Krause Mfg. Co. one piece knurled SS IPOS. Handrails shall be powder coated black from the factory. SS rescue bodies.	\$ 1,098.00

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0509	Hansen red LED body handrails upgrade package (includes pump module if applicable). Includes white reflective tape option.	\$ 2,701.00
HANDRAILS / STEPS	3330-0510	Intermediate pump panel step driver side. Includes step lighting (as applicable). Step lights to be switched through work light in cab.	\$ 1,335.00
HANDRAILS / STEPS	3330-0511	Intermediate pump panel step with hand hole cut outs on driver and officer side without taper below crosslays. Intermediate steps to be 8" wide and made of embossed diamond plate. Includes (3) lower Innovative Controls dual LED lighted folding steps each side and a minimum of (1) handrail as required to meet NFPA. Step lights to be switched thru work light in cab.	\$ 4,471.00
HANDRAILS / STEPS	3330-0512	Step rear intermediate embossed tread plate. Intermediate rear step to be located at rear of body between the beavertails. Step shall include hand hold cutouts.	\$ 1,400.00
HANDRAILS / STEPS	3330-0513	E-ONE style aerial turntable access ladder (each) instead of staircase steps located on the aerial body, driver rear corner at 45 degrees. Includes aluminum handrails (PR).	\$ 4,508.00
HANDRAILS / STEPS	3330-0514	Handrail spacers shall be provided on rear body handrails to increase clearance around rear body mounted options.	\$ 327.00
HANDRAILS / STEPS	3330-0515	Fabricated diamond plate steps on driver and officer side of crosswalk, full width.	\$ 946.00
HANDRAILS / STEPS	3330-0516	Handrail 36". Location: (1) each side vertically mounted on rear body each side and (1) horizontal center mounted as practical.	\$ 1,375.00
HANDRAILS / STEPS	3330-0517	Step rear intermediate gator grip. Locate rear body. Includes hand hold cut-outs on top of the step in place of the hand rail.	\$ 1,461.00
HANDRAILS / STEPS	3330-0518	Intermediate pump panel step on driver and officer side located above the pump panel but below level of cross lays (as applicable). Stepping surface to include two to three hand hold relief cuts evenly spaced as additional hand grab locations as applicable per length of step. Includes step lighting (as applicable). Step lights to be switched thru work light in cab. Steps to be 8in toe depth or greater step surface and shall allow for panel lighting to be mounted under step IPO under a secondary light shield as applicable. Step to be gator grip material.	\$ 2,489.00
HANDRAILS / STEPS	3330-0519	Two (2) pool style hand rails. location: One at each rear staircase at rear of body on driver and officer sides most rearward handrail. See photos of previous units in file.	\$ 872.00
HANDRAILS / STEPS	3330-0520	A pair of 12" handrails shall be supplied. Locate one each side of access ladder below hosebed. This is in place of standard 48" handrail (IPOS).	\$ 460.00
HANDRAILS / STEPS	3330-0521	Slideout platform-rollerless. Includes chrome grab handle centered on the front face of the platform (includes hand rail as applicable). The platform step to be embossed treadplate with gator grip. Located [#LOC].	\$ 3,226.00
HANDRAILS / STEPS	3330-0522	Step rear 10" intermediate embossed treadplate with tapered corner(s). Locate below hosebed. Includes necessary handrails to maintain NFPA three points of contact as applicable.	\$ 1,732.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0523	Pair of one piece knurled stainless steel 18" handrails located at front of body for use when entering or exiting rear cab doors.	\$ 1,010.00
HANDRAILS / STEPS	3330-0524	Access Ladder. Zico model RL15. Includes required step lights and additional hand rail(s) if applicable. Location: Drivers side rear of body.	\$ 3,535.00
HANDRAILS / STEPS	3330-0525	Steps rear NFPA compliant. Includes diamond plate corner steps on driver side rear of body for NFPA hose bed access. Includes hand rails mounted vertically on driver and officer side rear beavertails and horizontal below the hose bed (as applicable).	\$ 416.00
HANDRAILS / STEPS	3330-0526	Steps with Bustin, below body (PR). Located each side below the speedlays.	\$ 942.00
HANDRAILS / STEPS	3330-0527	Hansen white LED body handrails upgrade package (includes pump module if applicable). Includes white reflective insert option.	\$ 2,701.00
HANDRAILS / STEPS	3330-0528	Innovative Controls dual lighted LED black folding steps rear NFPA. Includes folding steps on driver side rear of the body. (staggered stepped as applicable with tailboard depth) for NFPA hosebed access and handrail mounted on driver side upper hosebed side (as applicable).	\$ 1,481.00
HANDRAILS / STEPS	3330-0529	Innovative Controls dual lighted LED black folding steps rear NFPA. Includes folding steps on officer side rear of the body. (staggered stepped as applicable with tailboard depth) for NFPA hosebed access and handrail mounted on officer side upper hosebed side (as applicable).	\$ 1,481.00
HANDRAILS / STEPS	3330-0530	Innovative Controls dual lighted LED black folding step. Location: [#LOC]. Each location requires a minimum of (1) handrail per NFPA.	\$ 512.00
HANDRAILS / STEPS	3330-0531	E-ONE style aerial turntable access ladder (EA) (in place of fixed staircase if applicable). Includes aluminum handrails (PR).	\$ 4,508.00
HANDRAILS / STEPS	3330-0532	Intermediate rear step to be approximately 8" deep x 46" wide located above the dump valve, and be of embossed aluminum treadplate. Step to have hand hole cut outs and integral handrail assembly welded into step structure.	\$ 1,425.00
HANDRAILS / STEPS	3330-0533	Intermediate rear step to be approximately 8" deep x 38" wide, constructed of embossed aluminum treadplate. Locate offset to officer side above the B1 compartment.	\$ 1,236.00
HANDRAILS / STEPS	3330-0534	Hansen knurled grip surface hand rails shall be Black in place of standard clear anodized handrails on the body. Handrails shall be anodized black from the factory. Quantity to match the number of handrails on body.	\$ 304.00
HANDRAILS / STEPS	3330-0535	Flip Over step. a diamond plate step with gator grip shall be provided to access the side body staircase. Includes mechanical lock to stow in the up position. Locate per customer approval drawing.	\$ 1,521.00
HANDRAILS / STEPS	3330-0536	Intermediate rear step constructed of aluminum treadplate located below the hose bed full width between the beaver tails. Step is 8" deep.	\$ 1,365.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0537	Step rear intermediate above B1. Includes handrail mounted on top of 5x5 extrusion. Modified GatorGrip pattern to accommodate hose deployment from hose bed IPO roof compartment per customer approval drawing.	\$ 1,895.00
HANDRAILS / STEPS	3330-0538	Steps below body. Located each side below cab step running boards.	\$ 942.00
HANDRAILS / STEPS	3330-0539	Step rear intermediate embossed tread plate. Locate rear body. Step shall include hand hold cutouts.	\$ 1,400.00
HANDRAILS / STEPS	3330-0540	Step rear intermediate embossed treadplate approximately 10" deep and full width of hosebed, includes three (3) hand hold cut-outs on top of the step in place of the hand rail. Locate below hosebed.	\$ 1,891.00
HANDRAILS / STEPS	3330-0541	Intermediate rear step to be approximately 10" deep by 46" wide located above the rear Newton dump valve, and be of embossed aluminum treadplate. Includes angled support bracket at each end of the step.	\$ 1,142.00
HANDRAILS / STEPS	3330-0542	Handrail upgrade for rear body handrails (excludes chrome grab handles if equipped) replaced with Brey-Krause Mfg. Co. one piece knurled SS IPOS. Includes handrails on the interior of the walk-in entrance doors. Handrails shall be powder coated black from the factory. SS walk-in rescue bodies.	\$ 1,542.00
HANDRAILS / STEPS	3330-0543	Intermediate rear step to be approximately 8" deep x 72" wide located above the rear compartment and be of embossed aluminum treadplate. Formed stainless steel angle braces provided at each end of step for additional support.	\$ 1,300.00
HANDRAILS / STEPS	3330-0544	Hosebed Access Ladder. Aluminum extruded ladder with embossed tread plate steps located on the inboard side of the beavertail on top of the extended compartmentation. Requires removal of gator grip on extended compartment top below step (as applicable) for mounting. Includes required step lights. Locate on driver side.	\$ 2,651.00
HANDRAILS / STEPS	3330-0545	Step rear intermediate. The step shall be located high on rear of body as per layout or sales drawing. The step shall be 10" in depth.	\$ 1,244.00
HANDRAILS / STEPS	3330-0546	Step rear 8" intermediate embossed treadplate. Locate below hosebed, includes three (3) hand hold cut-outs on top of the step in place of the hand rail.	\$ 1,142.00
HANDRAILS / STEPS	3330-0547	(6) Cast Products rear steps with (4) handrails.	\$ 1,868.00
HANDRAILS / STEPS	3330-0548	Step rear 10" intermediate embossed treadplate with tapered corner(s). Locate below hosebed. Includes hand hold cut-outs on top of the step in place of the hand rail.	\$ 1,732.00
HANDRAILS / STEPS	3330-0549	Step rear intermediate embossed tread plate. Locate rear body. Includes hand hold cut-outs on top of the step and a handrail on the end of the step (in place of horizontal hosebed handrail).	\$ 1,830.00
HANDRAILS / STEPS	3330-0550	Handrail 36" in addition to standard handrail. Location: vertically mounted inboard of the folding steps on the driver side rear of body.	\$ 460.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HANDRAILS / STEPS	3330-0551	Innovative Controls dual lighted LED folding steps rear NFPA. Includes folding steps on driver side rear of the body on the inside of the beaver tail, offset rearward. Includes required handrail. Includes channel style reinforcement(s) on the exterior of the beaver tail.	\$ 1,221.00
HANDRAILS / STEPS	3330-0552	Intermediate pump panel step officer side located rearward of the backboard compartment. Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab.	\$ 1,738.00
HANDRAILS / STEPS	3330-0553	Hansen green LED knurled body hand rails upgrade package (includes pump module if applicable).	\$ 3,644.00
HANDRAILS / STEPS	3330-0554	Intermediate pump panel step drivers side located above upper gauge panel. Step to be constructed of embossed aluminum treadplate. Includes step lighting (as applicable). Step lights to be switched thru work light switch in cab.	\$ 1,738.00
HANDRAILS / STEPS	3330-0555	Step rear 8" intermediate embossed treadplate with tapered corners. Locate below hosebed, includes three (3) hand hold cut-outs on top of the step in place of the hand rail.	\$ 1,732.00
HANDRAILS / STEPS	3330-0557	Step rear intermediate above B1 with Gator Grip. Non STD. Step shall be 10" deep IPO of STD. Includes: hand hole cutouts in step and handrail (s) mounted on top of body extrusions both sides as applicable.	\$ 1,849.00
HANDRAILS / STEPS	3330-0558	(EA) Black grab handle IPOS chrome handle on body.	\$ 170.00
HANDRAILS / STEPS	3330-0559	Step flop down style bolted to top of bottom step at each aerial access staircase (IPOS).	\$ 538.00
HANDRAILS / STEPS	3330-0560	Step NFPA compliant. Fabricated aluminum diamond plate step located above rear access ladder.	\$ 826.00
HANDRAILS / STEPS	3330-0561	Hansen white LED body handrails upgrade package, includes body handrails only.	\$ 1,930.00
HANDRAILS / STEPS	3330-0562	Intermediate rear step to be approximately 12" deep x 50" wide located below the hose bed, and be of embossed aluminum treadplate. Step to have hand hole cut outs and integral handrail assembly welded into step structure. Formed stainless steel angle braces provided at each end of step for additional support.	\$ 1,519.00
HANDRAILS / STEPS	3330-0563	Handrail 36". Location:(1) horizontal center mounted as practical.	\$ 467.00
HANDRAILS / STEPS	3330-0564	Hansen red insert in place of white in handrails upgrade package (includes pump module if applicable).	\$ 596.00
HANDRAILS / STEPS	3330-0566	Guard, Nader pin area. A body style handrail up to 12 in. long shall be provided to minimize snags with the entry door Nader pin. Locate: at walkin body entry door. Qty is each.	\$ 760.00
HANDRAILS / STEPS	3330-0567	Brey-Krause Stainless steel knurled grip surface hand rails. Handrail upgrade for rear body handrails (excludes chrome grab handles if equipped) replaced with Brey-Krause Mfg. Co. one piece knurled SS IPOS.	\$ 1,098.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

HOSE / NOZZLES	7700-0154	Akron Apollo (3431) High Rise Monitor w/4" storz inlet.	\$ 7,866.00
HOSE / NOZZLES	7700-0155	Adaptor, hose and strainer package. For use with vacuum pump system. For use with 3000 to 4000 gallon tanks.	\$ 3,966.00
HOSE / NOZZLES	7900-0116	A 1.5" TFT FoamJet Mid Force Series expansion tube supplied in Loose Equipment	\$ 378.00
HOSE / NOZZLES	7900-0252	Angus Red Chief fire hose 50' x 1.5" Storz DJ.	\$ 597.00
HRT SYSTEMS	3325-0000	E-ONE designed PTO driven HRT system, 9,000-10,500 PSI system, with 3 tool capability. Set system pressure to a max PSI as specified:	\$ 70,362.00
HRT SYSTEMS	3325-0001	E-ONE designed PTO driven HRT system, 9,000-10,500 PSI system, with 4 tool capability. Set system pressure to a max PSI as specified:	\$ 86,103.00
HRT SYSTEMS	3325-0002	E-ONE designed 2 PTO driven HRT system, 9,000-10,500 PSI system, with 6 tool capability. Set system pressure to a max PSI as specified:	\$ 129,457.00
HRT SYSTEMS	3325-0003	E-ONE designed PTO driven HRT system, 9,000-10,500 PSI system, with 2 tool capability. Set system pressure to a max PSI as specified:	\$ 64,322.00
HRT SYSTEMS	3325-0004	XRT Hydraulic tool system with 2 tool capability. 10,500 PSI system. Includes selector vlv for each reel, hyd res / filter and remote cooler. Requires gen with XRT hyd pump.	\$ 44,230.00
HRT SYSTEMS	3325-0005	E-One designed PTO driven HRT system. 5,000 PSI system with 3 tool capability.	\$ 70,362.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HRT SYSTEMS	3325-0007	HRT 3 tool system for Holmatro, thru drive on generator hydraulic pump for HRT air clutch and drive pump. Locate reservoir in upper pan adjacent to the hydraulic generator unit in rear dunnage pan. Locate the manifold inside the pump panel compartment up high with roof access for adjustments. Locate the cooler adjacent to the foam system cooler in forward dunnage pan. Port locations are (2) quick disconnect panels in the L4/ R4 and (1) to the reel in R4. L4 quick disconnect station to be as high as possible offset to the rear of the compartment. R4 quick connect station to be as high as possible offset forward in the compartment. Control panels for quick connect stations to be integral with quick connect mounting plates. R4 reel to be offset rearward and control panel shall be up high adjacent to the reel.	\$ 99,096.00
HRT SYSTEMS	3325-0008	TNT PTO-TWIN Hydraulic tool system with 2 tool capability. 10,500 PSI system. Requires Harrison gen with IHT configuration or Qube-JR. Pump location: [#LOC]	\$ 24,723.00
HRT SYSTEMS	3325-0009	XRT Hydraulic tool system with 3 tool capability. 5,000 PSI system. Includes selector vlv for each reel, hyd res / filter and remote cooler. Requires gen with XRT hyd pump.	\$ 49,709.00
HRT SYSTEMS	3325-0010	XRT Hydraulic tool system with 2 tool capability. 5,000 PSI system. Includes selector vlv for each reel, hyd res / filter and remote cooler. Requires gen with XRT hyd pump.	\$ 51,797.00
HRT SYSTEMS	3325-0011	Additional hydraulic reel valves. (2) Dump and (2) splitter valves shall be provided. The (2) dump valves are required when providing functionality for (2) additional reels. The (2) splitter valves are required to allow (2) tools to operate at each of (2) reels.	\$ 28,009.00
HRT SYSTEMS	3325-0013	TNT PTO-TWIN-LP Hydraulic tool system with 2 tool capability. 5000 PSI system. Requires Harrison gen with IHT configuration or Qube-JR. Pump location: [#LOC]	\$ 25,292.00
HRT SYSTEMS	3325-0014	XRT Hydraulic tool system with 3 tool capability. 10,500 PSI system. Includes selector vlv for each reel, hyd res / filter and remote cooler. Requires gen with XRT hyd pump.	\$ 49,709.00
HRT SYSTEMS	3325-0015	HRT 2 tool system for Holmatro, thru drive on generator hydraulic pump for HRT air clutch and drive pump. Locate reservoir in upper pan adjacent to the hydraulic generator unit in rear dunnage pan. Locate the manifold inside the pump panel compartment up high with roof access for adjustments. Locate the cooler adjacent to the foam system cooler in forward dunnage pan. Plumb to reels in front bumper.	\$ 96,973.00
HRT SYSTEMS	3325-0016	E-ONE designed PTO driven HRT system, 10,000 PSI, with 3 tool capability.	\$ 80,229.00
HRT SYSTEMS	3325-0017	Amkus 4-tool Ultimate system. Includes (4) Amkus reels each with 150' 10500PSI twin line hoses located (1) above forward L2 (red) and (1) above rearward L2 (blue), (1) above forward R2 (black) and (1) (yellow) above rearward R2. Pennant mount controllers in L2 & R2. System installed between L1 & R1 with roof mounted cooler on top of forward rescue body.	\$ 216,455.00

HRT SYSTEMS	3325-0026	Control panel Hydraulic outlet control panel for Hurst tools. Location: Front bumper over frame rail area, driver side.	\$ 4,501.00
HRT SYSTEMS	3325-0027	Control panel Hydraulic outlet control panel for Hurst tools. Location: Front bumper over frame rail area, officer side.	\$ 4,501.00
HRT SYSTEMS	3325-0028	Holmatro model SR 40 ZC4 hydraulic high pressure tool system with 4 tool capability. To be used with CORE hoses. Requires Harrison gen with IHT or QUBE Jr. Location: [#LOC].	\$ 60,704.00
HRT SYSTEMS	3325-0029	Hydraulic bulkhead fitting for Holmatro CORE (fitting comes with hinged cover) shall be mounted to an angled mounting bracket which is mounted to the top of the driver side gravel shield. The mounting bracket shall enclose the lead lines feeding the rear of the bulkhead fitting as mounted on the angled bracket. The bracket shall be made of 1/8 aluminum diamond plate. Includes Core Technology hose (up to 10,000 PSI). The hose shall run from Holmatro pump to the driver side front bumper gravel shield.	\$ 8,110.00
HRT SYSTEMS	3325-0030	Hydraulic bulkhead fitting for Holmatro CORE (fitting comes with hinged cover) shall be mounted to an angled mounting bracket which is mounted to the top of the officer side gravel shield. The mounting bracket shall enclose the lead lines feeding the rear of the bulkhead fitting as mounted on the angled bracket. The bracket shall be made of 1/8 aluminum diamond plate. Includes Core Technology hose (up to 10,000 PSI). The hose shall run from Holmatro pump to the officer side front bumper gravel shield.	\$ 8,110.00
HRT SYSTEMS	3325-0031	Hydraulic bulkhead fitting for Holmatro CORE (fitting comes with hinged cover). Includes Core Technology hose (up to 10,000 PSI). The hose shall run from Holmatro pump to the rear body on the driver side below the DOT light.	\$ 8,110.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HRT SYSTEMS	3325-0032	Hydraulic bulkhead fitting for Holmatro CORE (fitting comes with hinged cover). Includes Core Technology hose (up to 10,000 PSI). The hose shall run from Holmatro pump to the rear body on the officer side below the DOT light.	\$ 8,110.00
HRT SYSTEMS	3325-0033	A wireless remote will be hooked up to the HRT system. There will be up to 4 wireless controllers located near reels. System antennas and control module will be located in the dunnage area.	\$ 8,975.00
HRT SYSTEMS	3325-0034	Genesis Outlaw hydraulic electric pump. Pump to be located [#LOC].	\$ 24,806.00
HRT SYSTEMS	3325-0035	Valve diverter for XRT 5,000 PSI tool system. Location: L1 rear wall.	\$ 3,479.00
HRT SYSTEMS	3325-0036	Harrison Hydra-Qube Jr. Location: [#LOC]. Requires PTO or drive-through hyd pump.	\$ 14,519.00
HRT SYSTEMS	3325-0037	Holmatro CORE bulk head fitting with cover (4). Includes (4) up to 30' CORE lead lines. Outlet locations: (1) each side of front bumper rearward of warning lights. (1) each side recessed rear of body.	\$ 27,411.00
HRT SYSTEMS	3325-0038	Gear box for 6 tool HRT system. For use with (2) pumps on a single port.Twin Disc pump drive model M-220	\$ 11,026.00
HRT SYSTEMS	3325-0039	Holmatro model SR 40 ZC4 hydraulic high pressure tool system with 4 tool capability.To be used with CORE hoses. Requires Harrison gen with IHT or QUBE Jr. Location: [#LOC].	\$ 41,351.00
HRT SYSTEMS	3325-0040	Holmatro Core selector valve. Includes up to 16' Core lead line. Location: [#LOC].	\$ 12,012.00
HRT SYSTEMS	3325-0041	Hydraulic bulkhead Holmatro CORE fitting with cover. Includes Core Technology lead line (up to 16' of 10,000 PSI). Location: [#LOC]	\$ 6,171.00
HRT SYSTEMS	3325-0042	Amkus HH2S Hydraulic high pressure (10,500 PSI) tool system with 2 tool capability. Requires Harrison gen with IHT or QUBE Jr. Location: [#LOC]	\$ 33,674.00
HRT SYSTEMS	3325-0043	Holmatro model SR 40 ZC3 hydraulic high pressure tool system with 3 tool capability. To be used with CORE hoses. Requires Harrison generator with IHT or QUBE Junior. Location: [#LOC].	\$ 36,761.00
HRT SYSTEMS	3325-0044	Harrison Hydra-Qube Sr. Location: [#LOC]. Requires PTO or drive-through hyd pump.	\$ 16,723.00
HRT SYSTEMS	3325-0045	Hydraulic bulkhead Holmatro CORE fitting with cover. Includes Core Technology lead line (31' to 40' of 10,000 PSI). Location: [#LOC]	\$ 7,071.00
HRT SYSTEMS	3325-0046	TNT PTO-QUAD Hydraulic tool system with 4 tool capability. 10,500 PSI system. Pump location: [#LOC]	\$ 33,885.00
HRT SYSTEMS	3325-0047	There will be a thru drive shaft option for the hydraulic pump to work off the same PTO port.	\$ 1,410.00
HRT SYSTEMS	3325-0048	Hydraulic bulkhead Hurst Streamline fitting. Includes support bracket for fitting or hose, both male and female fittings, and Streamline Technology lead line (up to 32' of 5,000 PSI). Location: [#LOC]	\$ 4,384.00
HRT SYSTEMS	3325-0049	There will be a Harrison IHT function manifold with ramp controllers.	\$ 7,622.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HRT SYSTEMS	3325-0050	Holmatro model SR 40 ZC2 hydraulic high pressure tool system with 2 tool capability. To be used with CORE hoses. Requires Harrison generator with IHT or QUBE Junior. Location: [#LOC]. Do not use unless verify price and availability from the supplier.	\$ 32,168.00
HRT SYSTEMS	3325-0051	Gear box for 4 tool HRT system with a single hydraulic pump requirement and thru-drive to run a PTO generator. For use with (1) pump on a single PTO port with a thru-drive. Twin-Disc Model M-110	\$ 5,414.00
HRT SYSTEMS	3325-0052	Amkus 240SS Super Simo on-board power unit Hydraulic high pressure (10,500 PSI) tool system with 2 tool capability. Includes: Wireless remote control set. The tool system pump shall be located [#LOC].	\$ 91,672.00
HRT SYSTEMS	3325-0053	Hydraulic bulkhead Hurst Streamline fitting for Centaur brand tools. Includes support bracket for fitting or hose, both male and female fittings, and Streamline Technology lead line (up to 32' of 10,000 PSI). Location: [#LOC]	\$ 4,384.00
HRT SYSTEMS	3325-0054	Swing out roller assembly for hydraulic or air reel. Roller is Hannay Reels w/ 2.5" opening. Location: [#LOC]	\$ 713.00
HRT SYSTEMS	3325-0055	Hydraulic bulkhead fittings for twin line hydraulic connections (up to 5000 PSI) shall be mounted to an angled mounting bracket which is mounted to the top of the officer side gravel shield. (includes hinged cover). The mounting bracket shall enclose the lead lines feeding the rear of the bulkhead fitting as mounted on the angled bracket. The bracket shall be made of 1/8 aluminum diamond plate. The lead line hose shall span from pump to the officer side front bumper gravel shield.	\$ 6,403.00
HRT SYSTEMS	3325-0056	Genesis Mach III, electric powered, Hydraulic tool system with 2 tool capability. 10,000 PSI system. Pump location: [#LOC].	\$ 32,543.00
HRT SYSTEMS	3325-0057	Genesis Mach III Hydraulic tool system with 3 tool capability. 10,000 PSI system. Requires Hydra Qube or similar. Pump location: [#LOC].	\$ 43,892.00
HRT SYSTEMS	3325-0058	Hurst, electric powered, Hydraulic tool system with 2 tool capability. 10,000 PSI system. Pump location: [#LOC].	\$ 32,543.00
HRT SYSTEMS	3325-0059	Amkus, electric powered, Hydraulic tool system with 2 tool capability. 10,000 PSI system. Pump location: [#LOC].	\$ 23,854.00
HRT SYSTEMS	3325-0060	Split shaft power take off gear box for 6 tool HRT system. Muncie Model SS88 with two 8-bolt type PTO ports for driving two hydraulic pumps for HRT system. Only available on trucks without split shaft driven water pump.	\$ 16,616.00
HRT SYSTEMS	3325-0061	Holmatro model SR 40 ZC2 hydraulic high pressure tool system with 2 tool capability. To be used with twin line hoses. Requires Harrison generator with IHT or QUBE Junior. Location: [#LOC]. Do not use unless verify price and availability from the supplier.	\$ 37,154.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HRT SYSTEMS	3325-0062	Harrison IHT HQ custom system for BVFD. System to include: (1)80cc hydraulic pump with thru-drive in modification to generator supplied 80CC pump and this 80CC pump to have thru drive to attach 45CC winch pump in tri pump configuration to existing generator supplied PTO. (1)45CC pump to drive Hydraulic winch. (2) Harrison Cube HQ-40 cooler units with reserviors. Harrison function manifold for the hyd tool pump circuit powering (2) 3 tool Genesis pumps (added separately). Winch circuit to power from 45CC pump with a hydraulic manifold and bypass solenoid in line. System to include associated hydraulic lines and wiring to complete hydraulic/electrical circuits. System configuration to allow for simultaneous operation of the hydraulic generator, both 3 tool HRT pumps and winch or individual features as needed.	\$ 40,405.00
HRT SYSTEMS	3325-0063	Gear box for 6 tool HRT system with a dual hydraulic pump requirement and thru-drive to run up to a 35KW generator. For use with (2) pumps on a single PTO port with a thru-drive. Twin-Disc Model AM-220 with (2) SAE "B" pad pump drive ports with clutches.	\$ 30,491.00
HRT SYSTEMS	3325-0065	HRT cooler installed in L1 on the floor the front of the compartment. The front wall of the compartment will have a louvered vent/screen. A cover/partition will be provided for the HRT cooler. The cover will open toward the compartment doors to allow the cooler to vent to the outside. Cover is removable and constructed of smooth aluminum plate with a sanded finish.	\$ 1,611.00
HRT SYSTEMS	3325-0066	Increased cooling capacity of the HRT cooler to allow compartment located cooler to provide additional cooling capacity for other hydraulic options, such as a hydraulic winch. Unit must be sized to allow running with the compartment door closed. Additional ventilation in compartment as required to provide cooling intake air.	\$ 3,480.00
HRT SYSTEMS	3325-0067	Split shaft power take off gear box for 6 tool HRT system. Muncie Model SS66 with two 8-bolt type PTO ports for driving two hydraulic pumps for HRT system. Only available on trucks without split shaft driven water pump.	\$ 11,775.00
HRT SYSTEMS	3325-0069	Genesis Mach III, electric powered, Hydraulic tool system with 2 tool capability. 10,000 PSI system. Pump location: [#LOC].	\$ 32,543.00
HRT SYSTEMS	3325-0070	Split shaft power take off gear box system. Muncie Model SS88 with two 8-bolt type PTO ports for driving two system Only available on trucks without split shaft driven water pump.	\$ 16,616.00
HVAC	1515-0000	Air conditioning aerial ISM/S60. Two roof top condensers, for use with aerials	\$ 14,319.00
HVAC	1515-0001	Air Conditioning premium aerial ISM/S60. Two roof top condensers, for use with aerials	\$ 18,863.00
HVAC	1515-0002	Air Conditioning ISC/ISL. Radiator mounted condenser	\$ 12,250.00
HVAC	1515-0003	Air conditioning premium ISC/ISL. Radiator mounted condenser	\$ 15,986.00
HVAC	1515-0004	Air Conditioning ISM/S60. Single roof top mounted condenser.	\$ 12,727.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HVAC	1515-0005	Air Conditioning premium ISM/S60. Single roof top mounted condenser	\$ 17,149.00
HVAC	1515-0007	Air conditioning for Typhoon only	\$ 13,685.00
HVAC	1515-0008	Air conditioner 34,000 btu. Mounted under the right hand side dash ARFF.	\$ 10,255.00
HVAC	1515-0009	Air conditioner 61,200 BTU ARFF.	\$ 16,089.00
HVAC	1515-0010	Air Conditioner 67,000 BTU ARFF	\$ 19,020.00
HVAC	1515-0011	Air Conditioner - 110V Roof Mounted ARFF	\$ 4,695.00
HVAC	1515-0012	Paint air conditioning condenser job color.	\$ 1,604.00
HVAC	1515-0013	Air conditioner 34,000 BTU 24 VDC ARFF.	\$ 10,255.00
HVAC	1515-0014	Air Conditioner 61,200 BTU 24V ARFF	\$ 16,089.00
HVAC	1515-0017	Air conditioning with radiator mounted condenser. For Typhoon, Cyclone and Quest with Cummins ISL or X12 engine.	\$ 13,289.00
HVAC	1515-0018	Air conditioning for the Typhoon X, CII X and Quest with roof top mounted condenser.	\$ 15,519.00
HVAC	1515-0019	Air Conditioning lines and fittings wrapped	\$ 843.00
HVAC	1515-0020	Well nut fasteners to attach A/C filter to overhead panel	\$ 493.00
HVAC	1515-0023	A/C Cutoff Switch. Install switch in cab dash to turn off A/C in rear crew area.	\$ 407.00
HVAC	1515-0024	Air Conditioner 72,000 BTU ARFF	\$ 16,731.00
HVAC	1515-0025	Air conditioner 60K BTU 12 volt, located under officer's side dash ARFF.	\$ 13,795.00
HVAC	1515-0026	Air Conditioner 24V Underdash 60K BTU ARFF	\$ 14,456.00
HVAC	1515-0027	Danhard cooling system for cab medical cabinet. 115v / 12v 13,500 BTU wired to battery charger recept. Includes auto transfer switch and IOTA 75A converter mounted on permanent shelf above breaker box in L1 compt. Evaporator to be cabinet mtd, condensor to be roof mtd and compressor to be frame mtd. Note: System draws up to 12 amps AC.	\$ 12,276.00
HVAC	1515-0028	Danhard cooling system for cab medical cabinet. 115v / 12v 13,500 BTU wired to battery charger recept. Includes auto transfer switch. Evaporator to be cabinet mtd and condensor to be roof mtd. Note: System draws up to 12 amps AC.	\$ 11,890.00
HVAC	1515-0029	Air conditioning for the TyphoonX, CII X and Quest with Cummins ISC or ISL, roof top mounted condensor.	\$ 15,519.00
HVAC	1515-0030	The cab A/C compressor drive to be a "V" belt with a 1.5:1 ratio.	\$ 5,157.00
HVAC	1515-0031	Roof mtd A/C system Penguin 13,500 BTU. Locate on cab roof wired to shore power. Includes auto transfer switch.	\$ 7,086.00
HVAC	1515-0033	Cab air conditioning for use with ISC or ISL engines. Includes front and rear floor heaters with diamond plate covers on rear units. Custom ES.	\$ 3,857.00
HVAC	1515-0034	Roof mtd A/C system Coleman 13,500 BTU. Locate on rear cab roof wired to shore power and (if equipped w/auto transfer) generator. Standard Profile unit.	\$ 3,951.00
HVAC	1515-0035	Stainless steel pan for cab roof mounted A/C unit. Includes drain line to rear of cab. Drain not to drip on drivelines.	\$ 1,296.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HVAC	1515-0036	Danhard cooling system. 115v / 12v 13,500 BTU wired to battery charger recept. Includes evaporator enclosure on ceiling centered rear of cab AC. Compressor located on rear engine cover with expanded metal cover painted to match cab interior. Condensor to be officer side roof mounted above canopy area. Note: System draws up to 12 amps AC.	\$ 11,890.00
HVAC	1515-0043	Roof mtd A/C system Penguin 13,500 BTU. Locate on driver side rear cab vista roof wired to shoreline.	\$ 7,086.00
HVAC	1515-0044	Roof mtd A/C system Penguin 13,500 BTU. Locate on officer side rear cab vista roof wired to generator.	\$ 7,086.00
HVAC	1515-0046	Roof mounted AC condenser locate [#LOC].	\$ 1,128.00
HVAC	1515-0049	Roof mtd A/C system Penguin II 13,500 BTU with 5600 BTU heat strips. Locate on cab roof wired to shore power. Locate control head in center overhead console offset to driver side.	\$ 7,225.00
HVAC	1515-0055	Roof mtd A/C system Penguin 13,500 BTU. Includes: auto transfer switch and a dedicated auto-eject with "Yellow "cover. The outer housing cover for the A/C unit to be painted Black. Locate: on body module rehab roof includes wiring to shore power connection at cab door.	\$ 8,772.00
HVAC	1515-0056	Roof mtd A/C system Coleman Mach 8 15,000 BTU. Locate on rear cab roof wired to shore power and (if equipped w/auto transfer) generator. Low Profile unit.	\$ 6,301.00
HVAC	1515-0057	Two (2) 21,000 BTU heaters shall be installed, One (1) in each step well of the TME module.	\$ 3,624.00
HVAC	1515-0058	A Red Dot model# 9777 roof mounted air-conditioner and heater shall be installed on top of the TME module. 25,000 BTU's cooling and 45,000 BTU's heat.	\$ 5,658.00
HVAC	1515-0059	A remote mount filter and booster blower shall be located in the [#LOC] and be plumbed to the TME pump module roof mounted HVAC unit.	\$ 1,254.00
HVAC	1515-0061	Roof mtd A/C system Penguin 13,500 BTU w/ 5600 BTU heat. Includes: auto transfer switch and a dedicated auto-eject with "Yellow "cover. The outer housing cover for the A/C unit to be painted Black. Locate: on body module rehab roof includes wiring to shore power connection at cab door.	\$ 8,926.00
HVAC	1515-0062	Roof mtd A/C system Penguin II 13,500 BTU with 5600 BTU heat strips. Wire to shore power (includes auto transfer switch). Locate A/C Unit on cab roof.	\$ 6,332.00
HVAC	1515-0065	A Red Dot model# 9777 roof mounted air-conditioner and heater shall be installed on top of the walk in rescue body. 25,000 BTU's cooling and 45,000 BTU's heat. 12VDC system R134A plumbed to existing chassis AC compressor for a split system. The heating unit shall be piped to the chassis radiator/cooling system with silicone heater hose. The heating system shall be equipped with shut-off valves at the engine area connection.	\$ 6,700.00
HVAC	1515-0067	Locate rear cab heaters outboard each side above seat support channel.	\$ 757.00
HVAC	1515-0069	Heaters cab rear (PR), and front heater with heat to the feet for the driver and officer. Driver side rear wall w/cover only.	\$ 3,164.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HVAC	1515-0070	Air conditioning for HS cab with Cummins ISL engine. Includes center front cab evaporator and roof top mounted condenser.	\$ 15,519.00
HVAC	1515-0073	Roof mtd A/C system Penguin II 13,500 BTU. Wire to APU only. Locate A/C Unit on cab roof.	\$ 6,332.00
HVAC	1515-0076	Heater rear cab w/o cover (EA) and front cab heater with heat to the feet for the driver and officer. Rear heater located under driver side of bench seat.	\$ 2,328.00
HVAC	1515-0077	Additional fan control for rear facing air conditioner. Locate adjacent to rear AC vents/filter on driver side.	\$ 946.00
HVAC	1515-0079	Heater rear cab w/cover (EA). Locate: rear cab wall, officer side.	\$ 2,294.00
HVAC	1515-0080	Heater rear cab w/o cover (EA) and front cab heater with heat to the feet for the driver and officer. Rear heater located under center of bench seat.	\$ 2,328.00
HVAC	1515-0081	Air conditioning and heater rated at 60,000 BTU with radiator mounted condenser.	\$ 14,419.00
HVAC	1515-0082	Roof mtd A/C system Coleman Mach 8. Cooling capacity of 15,000 BTU and heating capacity of 6, 000 BTU. Locate on cab roof wired to generator power, (not shoreline). Low Profile unit.	\$ 7,455.00
HVAC	1515-0083	Roof mtd A/C system Coleman Mach 8 15,000 BTU. Locate on combo module roof wired to shore power and (if equipped w/auto transfer) generator. Low Profile unit.	\$ 6,301.00
HVAC	1515-0084	Roof mtd A/C system Penguin II 13,500 BTU with 5600 BTU heat strips. Wire to APU only. Locate A/C Unit on cab roof.	\$ 6,332.00
HVAC	1515-0085	Additional fan control for rear facing air conditioner. Locate adjacent to rear AC vents/filter on officer side.	\$ 946.00
HVAC	1515-0086	Roof mtd A/C system Coleman Mach 8 15,000 BTU. Locate on body roof wired to shore power and (if equipped w/auto transfer) generator. Low Profile unit.	\$ 6,149.00
HVAC	1515-0088	Heater rear cab w/o cover (EA). Locate: rear seat riser, officer side.	\$ 2,113.00
HVAC	1515-0089	Diamond plate cover for the AC condenser lines going through roof of the apparatus to prevent accidental damage.	\$ 192.00
HVAC	1515-0090	Removable smooth plate cover for AC lines when hoses are located on the outside of the 3X3 uprigh. Hoses relocated for easy removal of lines if damaged. Cover to match interior finish.	\$ 1,222.00
HVAC	1515-0092	Roof mtd A/C system Coleman Mach 8. Cooling capacity of 15,000 BTU and heating capacity of 6, 000 BTU. Locate on cab roof wired to shoreline, (not generator power). Low Profile unit.	\$ 7,455.00
HVAC	1515-0093	Heater rear cab w/cover (EA) and front cab heater with heat to the feet for the driver and officer. Rear heater located on top of rear engine cover.	\$ 2,328.00
HVAC	1515-0094	Danhard model 50-2000 110V air conditioning system wired to shoreline. Includes evaporator/blower below rear wall seat riser, thermostat mounted on the back wall of cab and condenser roof mounted. Compressor when installed must be mounted higher or above to the evaporator in order to operate properly. Location will be specified by the customer.	\$ 14,450.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HVAC	1515-0096	Heater cab rear with cover [#LOC], and front heater with heat to the feet for the driver and officer.	\$ 2,328.00
HVAC	1515-0097	Condensor mounting bracket. Includes aluminum wedge style mounting bracket. Finish to be consistent with mounting surface of body. Paint job color if applicable. Locate per customer approval drawing.	\$ 706.00
HVAC	1515-0098	Additional air-conditioner system mounted to the rear cab crew area interior headliner. Includes at least four (4) comfort discharge louvers to be used for AC air delivery. Requires 16" or higher Vista roof.	\$ 5,690.00
HVAC	1515-0099	Air conditioning with radiator mounted condenser for use with Cummins L9 and X12 engine. Includes reduced profile evaporator w/powder coated cover and electronic controls.	\$ 13,289.00
HVAC	1515-0100	Heater cab rear with guard [#LOC], and front heater with heat to the feet for the driver and officer. Smooth plate guard painted to match cab interior.	\$ 3,112.00
HVAC	1515-0101	Air conditioning and heating in rescue body. 30,000 BTU hot water heater/48,000 BTU cooling system. The interior of the enclosed body shall be equipped a Hoseline Inc. Model #ACHU 1131 wall unit. The A/C system shall piggy back off the chassis cab condenser. The heat system shall be piped to the chassis radiator/cooling system with silicone heater hose and shall be equipped with shut-off valves at the engine area connection. System controls not included and require an additional sales code. Locate: inside walk-in rescue body per the customer approval drawing.	\$ 14,431.00
HVAC	1515-0102	Air conditioning with roof top mounted condenser. Includes reduced profile evaporator w/powder coated cover and electronic controls.	\$ 15,519.00
HVAC	1515-0103	A/C ceiling air handler to dump all vents into the front area and not into transverse, rear area. Similar to NYPD cabs.	\$ 2,455.00
HVAC	1515-0105	Heater rear cab w/o cover (EA). Locate: rear seat riser, center.	\$ 1,239.00
HVAC	1515-0106	Danhard model 50-6000 125V heat and air conditioning system wired to the generator or auto transfer switch if equipped. Heater, evaporator, and blower assembly to be located in the Command Cab, mounted in an overhead enclosure, in the driver's side rear vista area. Thermostat mounted on the back wall of command cab and condenser roof mounted.	\$ 14,919.00
HVAC	1515-0107	Heater rear cab w/o cover (EA) and front cab heater with heat to the feet for the driver and officer. Rear heater located under center of rear engine cover seat riser.	\$ 2,328.00
HVAC	1515-0108	Roof mtd A/C system Danhard Self-Contained HVAC Series. Wire to shorepower and generator (if equipped with transfer switch). Locate condenser unit on officer side of cab roof. Location [#LOC].	\$ 9,245.00
HVAC	1515-0109	Heaters cab rear, Officer's side with cover, and front heater with heat to the feet for the driver and officer.	\$ 3,264.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HVAC	1515-0110	Removable smooth plate cover for evaporator drain lines when hoses are located on the exterior cab rear wall. Cover to have DA finish.	\$ 1,160.00
HVAC	1515-0111	Roof mtd A/C system Coleman Mach 8. Cooling capacity of 15,000 BTU and heating capacity of 6, 000 BTU. Locate on cab roof wired to the auto transfer switch. Low Profile unit.	\$ 7,455.00
HVAC	1515-0112	Roof mtd A/C system Penguin 13,500 BTU. Locate on cab vista roof wired to shoreline.	\$ 7,086.00
HVAC	1515-0113	Danhard model 50-4000 125V heat and air conditioning system wired to the generator or auto transfer switch if equipped. Heater, evaporator, and blower assembly to be located in the Command Cab, mounted in an overhead enclosure, in the driver's side rear vista area. Built in controls located on the unit and condenser roof mounted.	\$ 13,524.00
HVAC	1515-0114	HVAC system auxiliary AAP Self-Contained 120v with 12,000 BTU cooling and 2500 watts heat. Includes remote mounted condenser. Wire to shorepower and generator (if equipped with transfer switch). Locate condenser unit on officer side of cab roof. Location of interior evaporator: [#LOC].	\$ 11,236.00
HVAC	1515-0116	Air conditioning, Thermo King 12V in rescue body. 55,000 BTU cooling system. The interior of the combo body unit shall be equipped a Thermo King Model # SLC & BE550 bulkhead evaporator unit. The A/C system shall be piped to the commercial chassis AUX A/C compressor. System controls & control panel included. Locate: evaporator inside walk-in rescue body combo unit on aft bulkhead, centered up high. NOTE: Evaporator enclosure not included, requires additional sales code.	\$ 16,494.00
HVAC	1515-0118	Heaters cab rear outboard in enclosure (PR), and front heater with heat to the feet for the driver and officer. Rear heaters to be located one each side above outboard compartments (as applicable). Each rear heater to have an enclosed box finished to match cab interior.	\$ 4,439.00
HVAC	1515-0119	Heaters cab rear with smooth plate covers (PR), and front heater with heat to the feet for the driver and officer. Rear covers to be smooth plate finished to match cab interior.	\$ 4,192.00
HVAC	1515-0120	Additional air-conditioner evaporator system for the rear body walkin module. Option shall be plumbed to the chassis primary AC system. Includes at least four (4) comfort discharge louvers to be used for AC air delivery. Locate: per customer approval drawing.	\$ 5,690.00
HVAC	1515-0121	Locate rear cab heaters below the rear engine cover cabinet facing rearward. Includes louvers for ventilation.	\$ 757.00
HVAC	1515-0122	Air conditioning with roof top mounted condenser. Includes reduced profile evaporator w/powder coated cover and electronic controls. For use with Vector chassis only.	\$ 15,519.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
HVAC	1515-0123	Air conditioning and heating in rescue body. 30,000 BTU hot water heater/48,000 BTU cooling system. The interior of the enclosed body shall be equipped a Hoseline Inc. Model #ACHU 1131 wall unit. The A/C system shall be piped to the commercial chassis AUX A/C compressor. The heat system shall be piped to the chassis radiator/cooling system with silicone heater hose and shall be equipped with shut-off valves at the engine area connection. System controls not included and require an additional sales code for the control system. Locate: inside walk-in rescue body per customer approval drawing.	\$ 16,021.00
HVAC	1515-0124	Heater rear cab w/cover (EA). Locate on officer side rear wall.	\$ 837.00
HVAC	1515-0125	Ducting, HVAC system for walkin body interior. Includes aluminum ducting and register(s) as applicable. Locate per customer approval drawing.	\$ 1,761.00
HVAC	1515-0126	HVAC system for walkin body interior. System to be AAP Self-Contained 120v with 12,000 BTU cooling and 2500 watts heat. Includes remote mounted condenser. Wire to shorepower and generator (if equipped with transfer switch). Locate condensor & evaporator per customer approval drawing. Option may require additional sales code for unique discharge ducting and register(s) as applicable.	\$ 11,236.00
HVAC	1515-0127	Spacer for roof mounted condenser to raise condenser 2.5" higher than standard mounting location.	\$ 1,592.00
HVAC	1515-0128	Locate rear cab heaters below sides of rear wall seat riser(s). Includes louvers for ventilation.	\$ 757.00
HVAC	1515-0129	Locate the rear cab heaters below the access opening in the rear wall cabinet(s) (forward facing). The cabinet lower door opening to be raised approx. 12" to provide area for rear heaters. Includes lower ventilation, front access (as applicable) and removable interior sub-floor for access.	\$ 757.00
HVAC	1515-0130	Roof mtd A/C system Coleman 13,500 BTU. Locate on rear cab roof wired to shore power and (if equipped w/auto transfer) generator. Standard Profile unit with black housing.	\$ 5,153.00
HVAC	1515-0131	Defroster system with ceiling mounted heater. Includes powder coated cover.	\$ 8,976.00
HVAC	1685-0027	Heater rear cab w/o cover (PR). 23,000 BTU ea.	\$ 3,058.00
HVAC	1685-0028	Heaters rear cab w/covers (PR).	\$ 3,264.00
HVAC	1685-0056	Heater rear cab w/o cover (PR) and front cab heater with heat to the feet for the driver and officer.	\$ 3,058.00
HVAC	1685-0057	Heaters cab rear with covers (PR), and front heater with heat to the feet for the driver and officer.	\$ 3,264.00
HVAC	1685-0127	Locate rear cab heaters below front of rear wall seat riser(s). Includes louvers for ventilation.	\$ 757.00
HVAC	1685-0179	Locate rear cab heaters below top mount pump panel on rear cab wall. Includes louvers as applicable.	\$ 757.00
HVAC	1685-0183	Heater cab with heat to the feet for the driver and officer	\$ 1,597.00
HVAC	1685-0184	Heater rear cab w/o cover. Includes 110V blower.	\$ 2,537.00

INTAKES	4440-0246	3" Right Rear Intake Akron Manual Valve. This will be located in the right front hosebed to the rear with a 2.5" reducer (With rear discharge location to be outside or below).	\$ 4,970.00
INTAKES	4440-0247	3" Left Intake Located in Left side under body compartment. Akron electric valve(requires valve controller)	\$ 8,439.00
INTAKES	4440-0248	5" front intake without valve to be used with Spartan chassis. The chassis will come equipped with 5" stainless pipe terminating front fascia of the cab (on FC-94) or terminating 2" above the bumper gravel shield with 5" NPT (on other Spartan chassis) and extending to the back of the cab with Victaulic groove for connecting to pump plumbing.	\$ 2,648.00
INTAKES	4440-0249	2.5" left Rear Intake Akron Manual Valve. This will be located in the Left front hosebed.	\$ 3,594.00
INTAKES	4440-0253	5" Right Rear intake w/ Elkhart Unibody electric valve and relief. Requires valve controller option.	\$ 12,890.00
INTAKES	4440-0254	5" Front intake w/5" Jamesbury valve hand wheel actuated valve and relief through front bumper. (Require adapte).	\$ 12,880.00
INTAKES	4440-0256	2.5" Left side intake, Akron manual valve with push/pull controls from officer side operator pump panel.	\$ 3,367.00
INTAKES	4440-0257	3" Intake w/ Elkhart Unibody electric valve. Requires valve controller. Location: [#LOC].	\$ 6,335.00
INTAKES	4440-0260	5" Front intake w/ Akron electric valve plumbed through front bumper. Requires valve controller, and intake relief valve option.	\$ 11,696.00
INTAKES	4440-0261	5" Rear intake w/ Akron electric valve. Requires Akron valve controller, and intake relief valve option. Location: [#LOC].	\$ 10,393.00
INTAKES	4440-0262	5" Rear intake w/ Akron electric valve. Requires Akron valve controller, and intake relief valve option. Location: [#LOC].	\$ 9,791.00
INTAKES	4440-0263	5" Front intake w/ Akron electric valve. Requires valve controller and intake relief valve option.	\$ 11,497.00
INTAKES	4440-0264	5" Front intake w/ Elkhart Unibody electric valve. Requires valve controller, and intake relief valve option.	\$ 11,967.00
INTAKES	4440-0265	5" Right Rear intake w/ Elkhart Unibody electric valve valve. Requires valve controller, and intake relief valve option.	\$ 10,209.00
INTAKES	4440-0266	5" Front intake w/ Elkhart electric valve and relief for Low "S" in bumper tray. Requires valve controller option.	\$ 13,046.00
INTAKES	4440-0268	5" Front intake w/5" hand wheel actuated valve and relief through front back of tray. (Require NST adapter).	\$ 12,725.00
INTAKES	4440-0269	3" Intake w/Akron electric valve. Requires valve controller. Location: [#LOC].	\$ 6,335.00
INTAKES	4440-0270	5" Front intake w/ Akron electric valve with relief valve. Terminating in a tray behind front bumper tray access door on officer side. Requires valve controller option.	\$ 12,620.00
INTERIOR PAINT	8100-0811	Protective Clear Coating. Paint sanded smooth aluminum counter tops with protective clear coating. Pricing is per 1 linear foot. QTY should by adjusted to accommodate total linear footage to be covered.	\$ 200.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
INTERIOR PAINT	8150-0008	Multi-tone gray finish for Removable Toolboard.	\$ 168.00
INTERIOR PAINT	8150-0012	The interior of the backboard storage compartment to be painted OTO gray. Includes inside surfaces of backboard doors and upper cover plate.	\$ 1,244.00
INTERIOR PAINT	8150-0013	Compartments shall have multi-tone finish.	\$ 530.00
INTERIOR PAINT	8150-0021	The interior of the backboard storage compartment to be painted multi-tone gray finish. Includes inside surfaces of backboard doors and upper cover plate.	\$ 1,244.00
INTERIOR PAINT	8150-0023	Interior cab handrails/window bars painted safety yellow.	\$ 469.00
INTERIOR PAINT	8150-0025	LINE-X package for Cab Interior, see specification for details. Cab door panels, steps and step wells are not included in this package.	\$ 2,101.00
INTERIOR PAINT	8150-0027	Transverse compartment behind the vehicle's driver and passenger area in the cab shall be coated with black duraback to help insulate noise. NYPD only.	\$ 2,016.00
INTERIOR PAINT	8150-0031	The color of the LINE-X in the cab interior to be gray. Includes gray top coat to mitigate color fade. Requires seperate LINE-X cab interior option.	\$ 2,450.00
INTERIOR PAINT	8150-0032	The body compartment interior shall have gray finish. Includes gray top coat to mitigate color fade. Requires seperate LINE-X body interior option.	\$ 3,412.00
INTERIOR PAINT	8150-0033	LINE-X package for all metal cab Interior, see specification for details. Steps and step wells are not included in this package. To be used with heavy duty interior wall and celing panel option.	\$ 4,071.00
INTERIOR PAINT	8150-0034	The color of the LINE-X in the cab interior to be red. Includes red top coat to mitigate color fade. Requires seperate LINE-X cab interior option.	\$ 2,450.00
INTERIOR PAINT	8150-0036	Interior cab handrails/window bars painted safety Fluorescent Orange.	\$ 469.00
INTERIOR PAINT	8150-0037	The interior of the cab wheel well cabinets including shelves and shelf tracks (if equipped) to be painted multi-tone gray finish IPOS.	\$ 283.00

INTERIOR PAINT	8150-0047	Multi-tone paint finish. The walkin body interior counter top(s) to be painted multi-tone gray finish IPOS. Qty is for each counter top.	\$ 283.00
LADDER STORAGE / RACKS	3110-0100	Backboard stop bracket to be located approximately 76" back in officer side of ladder tunnel.	\$ 485.00
LADDER STORAGE / RACKS	3120-0532	Double hard suction storage rack: Two (2) hard suction hose storage racks shall be provided on the driver side of the body. The racks shall be positioned with one (1) rack located beside the other.	\$ 2,054.00
LADDER STORAGE / RACKS	3305-0292	Removable diamond plate cover for the hydraulic power supply for E-ONE 2 arm ladder rack for use in top side dunnage or storage pan mounting applications. Includes flush access door with thumb latch to inspect or fill hydraulic reservoir. To include NO STEP tags as applicable.	\$ 748.00
LADDER STORAGE / RACKS	3340-0111	Horizontal ladder bracket. Location and type of ladder: [#LOC].	\$ 536.00
LADDER STORAGE / RACKS	3340-0408	Adjustable ladder brackets. Locate in track [#LOC].	\$ 1,003.00
LADDER STORAGE / RACKS	3340-0409	Adjustable tracks (pair). Locate tracks to [#LOC] assembly. For use with ladder and/or hard suction rack(s).	\$ 403.00
LADDER STORAGE / RACKS	3340-0769	Ladder tunnel. Tunnel to be a compact design and approximately 12" Tall X full width of B1 approx 14 feet deep. Tunnel sized to stow (1) 24' 2-section ladder, (1) 14' roof ladder, (1) 10' folding attic ladder, (6) 12' pike poles. Tunnel option will reduce the compartment area of the lower body. Locate: B1 high as possible.	\$ 6,406.00
LADDER STORAGE / RACKS	3340-1111	Brackets to store one (1) 14' extension ladder. Construction is aluminum. Finish is sanded aluminum. Locate: in catwalk on driver side.	\$ 1,454.00
LADDER STORAGE / RACKS	3340-1205	Brackets to store one (1) extension ladder & one (1) roof ladder. Construction: aluminum. Finish: sanded aluminum. Locate: in catwalk on driver side.	\$ 1,830.00
LADDER STORAGE / RACKS	3340-1335	Storage for attic ladder, (1) one FL-08 8' attic ladder with feet. Locate: upper body compartment, driver side.	\$ 1,225.00
LADDER STORAGE / RACKS	3340-1609	Pike pole storage utilizing (4) pac trac Handlelok p/n 1004. To hold (2) pike poles (1) 6ft and (1) 8ft. To be located on officer side compartment top.	\$ 1,110.00
LADDER STORAGE / RACKS	3340-2490	12 gauge stainless steel smooth plate floor above the ladders in the ladder tunnel to provide additional storage.	\$ 976.00
LADDER STORAGE / RACKS	3365-0000	Zico Electric Ladder Rack ARFF	\$ 17,612.00
LADDER STORAGE / RACKS	3365-0001	Poly vertical ladder rack welded to top deck ARFF.	\$ 1,060.00
LADDER STORAGE / RACKS	3365-0002	Recessed folding ladder storage compartment located [#LOC]. Compartment sized to store a 10' ladder with feet.	\$ 1,142.00
LADDER STORAGE / RACKS	3365-0003	Overhead Zico storage rack to have a job color painted door.	\$ 475.00
LADDER STORAGE / RACKS	3365-0004	(2) pike pole storage tubes. Locate inboard side of ladder rack with pike pole hooks stored in the up position.	\$ 898.00
LADDER STORAGE / RACKS	3365-0005	Drop Down Fold-A-Tank Rack. Rack to hold [#LOC] gallon portable tank.	\$ 3,148.00
LADDER STORAGE / RACKS	3365-0006	In place of standard diamond plate.	\$ 1,126.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0010	(3) pike pole storage tubes. Locate inboard side of rack with pike pole hooks stored in the up position.	\$ 1,343.00
LADDER STORAGE / RACKS	3365-0012	Recessed folding ladder and pike pole storage compartment located [#LOC]. Compartment sized to store a 10' ladder with feet and (2) pike poles.	\$ 1,787.00
LADDER STORAGE / RACKS	3365-0013	Center mounted ladder tunnel. Ladder rack to hold: [#LOC].	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0014	Dual ladder tunnel for HP75 / HP78 SideStacker. Ladder rack to hold: [#LOC].	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0015	Dual ladder tunnel for HP75 / HP78. Ladder rack to hold: [#LOC]	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0016	Box type enclosure for forward end of ladder tunnel. Required on center HB HP75 / HP78 with ladder tunnel doors.	\$ 898.00
LADDER STORAGE / RACKS	3365-0019	Poly Horizontal Ladder Rack welded to the Top Deck	\$ 1,060.00
LADDER STORAGE / RACKS	3365-0020	Zico electric drop-down ladder rack. Includes spacer brackets with ladder rack controller located on the officer side pump panel.	\$ 10,058.00
LADDER STORAGE / RACKS	3365-0023	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-0024	Ladder storage thru tank for (1) 3-section 35' extension, (1) 14' roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 6,235.00
LADDER STORAGE / RACKS	3365-0025	Attic ladder mounting brackets (PR). Locate [#LOC].	\$ 639.00
LADDER STORAGE / RACKS	3365-0026	Zico pike pole mounting brackets (PR). Locate on top of Zico drop-down ladder rack.	\$ 346.00
LADDER STORAGE / RACKS	3365-0027	Zico attic ladder mounting brackets (PR). Locate on top of Zico drop-down ladder rack.	\$ 726.00
LADDER STORAGE / RACKS	3365-0028	Hard Suction Storage Rack. Driver side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 767.00
LADDER STORAGE / RACKS	3365-0029	Hard suction storage box (pr). Stored (1) each side below "T" of tank. Includes hinged door with push-button latch.	\$ 1,128.00
LADDER STORAGE / RACKS	3365-0030	Double Hard Suction Storage Rack for 10' hard suction hoses. Driver side compartment top. Includes spring hold downs with scuff plates (as applicable)	\$ 1,515.00
LADDER STORAGE / RACKS	3365-0031	Hard Suction Storage Rack. Officer side in adjustable track above ladders (if applicable). Includes spring hold downs and scuff plates.	\$ 799.00
LADDER STORAGE / RACKS	3365-0032	Hard Suction Storage Box. Stored below driver side "T" of tank. Includes hinged door with push-button latch.	\$ 568.00
LADDER STORAGE / RACKS	3365-0033	Recessed pike pole storage compartment. Includes aluminum diamond plate door with a push-button latch. located [#LOC]. Compartment sized to store (2) pike poles.	\$ 926.00
LADDER STORAGE / RACKS	3365-0034	(2) aluminum pike pole storage tubes. Locate [#LOC].	\$ 659.00
LADDER STORAGE / RACKS	3365-0035	Hard Suction Storage Rack. Officer side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 767.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

LADDER STORAGE / RACKS	3365-0036	Center mounted ladder tunnel. Ladder rack to hold: [#LOC]	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0037	Center mounted ladder tunnel. Ladder rack to hold: [#LOC].	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0040	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (6) bottles- (2) wide/(3)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 1,036.00
LADDER STORAGE / RACKS	3365-0041	Hard suction storage box. Located in the officer side hose bed. Includes drop down door (wired to door ajar) w/push-button latch(es), hose bed style top and nylatron flooring (no divider). Box to hold [#LOC] tube(s).	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0043	Triple Hard Suction Storage Rack. Driver side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 2,260.00
LADDER STORAGE / RACKS	3365-0044	Hard Suction Storage Rack. Officer side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable)	\$ 767.00
LADDER STORAGE / RACKS	3365-0048	Hard Suction Storage Box. Stored below officer side "T" of tank. Includes hinged door with push-button latch.	\$ 568.00
LADDER STORAGE / RACKS	3365-0051	Portable Tank Storage Box. Located in the officer side hosebed. Includes drop down door (wired to door ajar) w/push-button latches, hosebed style top and nylatron flooring (no divider). Box to hold [#LOC] gallon portable tank.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0052	Over the hosebed ladder rack. Includes framing (with a sanded finish) and mounting points. Ladder storage box to be center mounted with diamond plate front box.	\$ 4,048.00
LADDER STORAGE / RACKS	3365-0053	Tunnel Hosebed Driver Ladders/Pike Poles	\$ 4,724.00
LADDER STORAGE / RACKS	3365-0054	Officer side ladder storage tunnel. Includes area for a vertically stored 24' 2-section', 14' roof and 10' attic with feet and storage box. Lower area raised for rear intake.	\$ 2,352.00
LADDER STORAGE / RACKS	3365-0056	Ladder storage thru tank for (2) 6" x 10' hardsuction hoses, (2) pike poles and (1) 10' attic ladder. Provide retaining straps to hold the hardsuctions stationary when stored. Reduces selected water tank capacity by approximately 250 gallons.	\$ 6,424.00
LADDER STORAGE / RACKS	3365-0058	Recessed pike pole storage compartment located [#LOC]. Compartment sized to store (3) pike poles.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-0059	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (4) bottles- (2) wide/(2)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 698.00
LADDER STORAGE / RACKS	3365-0061	Hard Suction Storage Racks. Driver side hose bed side with adjustable tracks. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 1,751.00
LADDER STORAGE / RACKS	3365-0062	Hard Suction Storage Box. Stored below driver side "T" of tank. Includes DP hinged door with push-button latch.	\$ 1,474.00
LADDER STORAGE / RACKS	3365-0063	Hard Suction Storage Box. Stored below officer side "T" of tank. Includes DP hinged door with push-button latch.	\$ 1,474.00
LADDER STORAGE / RACKS	3365-0065	(4) Hard Suction Storage Racks. Driver side hosebed side with adjustable tracks. Includes spring hold downs and scuff plates behind spring mounts (as applicable)	\$ 2,770.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0066	The driver side half length tunnel to store (1) stokes basket and (2) backboards. Each to be stored individually and accessed by a vertically hinged diamond plate door with a push-button latch. Door to wired to the door ajar indicator in the cab.	\$ 1,244.00
LADDER STORAGE / RACKS	3365-0069	Officer side hosebed storage box to store a 24' two section and 14' roof (nested). Access thru brushed stainless steel drop down door. Door to be secured with D-ring latch. Upper area of storage to be for storage of LDH hose. Ladders will extend into pump module storage pan. Provide box/ ladder stop in pump module pan.	\$ 5,257.00
LADDER STORAGE / RACKS	3365-0070	Recessed folding ladder and pike pole storage compartment located below officer side "T" of the tank. Compartment sized to store a 10' ladder with feet and (2) pike poles.	\$ 2,668.00
LADDER STORAGE / RACKS	3365-0071	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (2) pike poles, (1) 10' with d-handle and (1) 6' with d-handle. Reduces selected water tank capacity by approximately 250 gallons.	\$ 6,292.00
LADDER STORAGE / RACKS	3365-0072	Door aluminum smooth plate with d-ring latch for thru the tank ladder tunnel. Location: B1 compartment.	\$ 2,323.00
LADDER STORAGE / RACKS	3365-0073	(4) 6' pike pole storage tubes in the rear transverse compartment ceiling mounted. Locate for compartment L3 access with pike pole hooks stored in the down position. (1) pike pole caution tags to be provided, one each side mounted inside the compartment at the offset.	\$ 2,145.00
LADDER STORAGE / RACKS	3365-0074	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (6) bottles- (3) wide/(2)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 1,036.00
LADDER STORAGE / RACKS	3365-0075	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertical hinged rear smooth plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0076	Center mounted ladder tunnel for HP100 Platform. Note: 1" aerial raise required with 30' and larger 3-section ladder in tunnel. Rack to hold: [#LOC].	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0077	(2) pike pole storage tubes. Locate outboard side of rack with pike pole hooks stored in the up position.	\$ 898.00
LADDER STORAGE / RACKS	3365-0078	(3) pike pole storage tubes. Locate outboard side of rack with pike pole hooks stored in the up position.	\$ 1,343.00
LADDER STORAGE / RACKS	3365-0081	2-Arm Ladder Rack to be painted job color.	\$ 6,006.00
LADDER STORAGE / RACKS	3365-0083	Zico pike pole mounting brackets (PR). Locate [#LOC].	\$ 346.00
LADDER STORAGE / RACKS	3365-0084	Vertical ladder brackets (3) with adjustable tracks. Locate on officer's side of body to hold PEL-28, PRL-14, and CJL-14 ladders.	\$ 2,053.00
LADDER STORAGE / RACKS	3365-0085	Zico pike pole mounting brackets with straps (PR). Locate [#LOC].	\$ 381.00
LADDER STORAGE / RACKS	3365-0088	Double hard suction hose storage tray. Locate on inboard side of overhead ladder rack. Includes (2) securing straps per tray.	\$ 1,670.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0089	Hardsuction Storage Box. Located in the driver side hosebed. Includes vertically hinged door (wired to door ajar) w/push-button latch and composite flooring. Box to hold (1) tubes.	\$ 1,628.00
LADDER STORAGE / RACKS	3365-0090	Officer side half length vertical storage tunnel. For use with low hosebed. Tunnel to hold: (2) backboards, (1) AEL 12' 2-section ladder, (1) 4' D-handled pike pole, (1) 8' pike pole and (1) 6' pike pole. Includes vertically hinged rear diamond plate door with push-button latch. Pike poles to be located down low in tunnel with backboards and ladder located above.	\$ 3,053.00
LADDER STORAGE / RACKS	3365-0091	Recessed folding ladder storage compartment located officer side just below hosebed. Compartment sized to store a 10' ladder with feet.	\$ 1,362.00
LADDER STORAGE / RACKS	3365-0092	(2) pike pole storage tubes. Locate in driver side roof top compartment with pike pole hooks stored in the up position.	\$ 898.00
LADDER STORAGE / RACKS	3365-0093	Hard Suction Storage Box to be capable of storing one (1) 6" x 10' hard suction hose. Includes a rear smooth plate access door with push button latch. Door to be wired to door ajar indicator in cab. Located just below hosebed to [#LOC].	\$ 1,128.00
LADDER STORAGE / RACKS	3365-0094	Storage tunnel access (contents to be noted). Includes vertically hinged door (to match material of pump access door) with push-button latch(s) and wired to door ajar indicator. Door to [#LOC] of the body/water tank.	\$ 633.00
LADDER STORAGE / RACKS	3365-0095	Rear mount beside tank storage tunnel contents. Includes brackets capable of securing (1) two section, (1) roof, (1) 10' attic with feet and (2) pike pole tubes.	\$ 5,184.00
LADDER STORAGE / RACKS	3365-0096	Zico Hydraulic Drop Down Ladder Rack. Includes diamond plate spacer brackets with ladder rack controller located on the officer side pump panel.	\$ 13,128.00
LADDER STORAGE / RACKS	3365-0097	12' Hard suction hose storage tray. Locate on inboard side of overhead ladder rack. Includes (2) securing straps.	\$ 1,048.00
LADDER STORAGE / RACKS	3365-0098	12' Hard Suction Storage Rack. Driver side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable)	\$ 1,147.00
LADDER STORAGE / RACKS	3365-0099	SCBA/Fire Extinguisher storage rack. Locate in R1 mounted to lower ceiling below compartment offset. To hold (4) bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts. Each storage slot to be 11" wide x 11" high.	\$ 3,572.00
LADDER STORAGE / RACKS	3365-0100	Hard Suction Storage Rack. Officer side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable). Rack to hold 5' hard suction.	\$ 529.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0101	Officer side vertical storage tunnel. For use with low hosebed. Lower section of tunnel to hold: 2-Section 24', 14' roof, 10' attic and (2) pike poles. Upper section of tunnel to hold: 2-Section AEL-10 attic ladder and (1) 300' of 1.75" DJ hose. Upper section includes ladder stop 90" back from opening and bolt-in divider between ladder and hose storages. Includes vertically hinged rear diamond plate door(s) with push-button latch(es). The diamond compartment top of tunnel to be hinged for access to dry lay of hose.	\$ 6,457.00
LADDER STORAGE / RACKS	3365-0102	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (4) bottles- (4)wide/(1)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 698.00
LADDER STORAGE / RACKS	3365-0103	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (6) bottles- (6)wide/(1)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 1,036.00
LADDER STORAGE / RACKS	3365-0104	Double hard suction hose storage tray. Locate (1) each side on inboard side of overhead ladder rack(s). Includes (2) securing straps per tray. For use with 13' hard suction hoses.	\$ 4,564.00
LADDER STORAGE / RACKS	3365-0106	Pike pole pin. Pin to prevent pike poles form vibrating out of stored position.	\$ 305.00
LADDER STORAGE / RACKS	3365-0107	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (12) bottles- (4) wide/(3)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 2,059.00
LADDER STORAGE / RACKS	3365-0108	10' folding ladder with feet. Locate in officer side roof top compartment.	\$ 1,362.00
LADDER STORAGE / RACKS	3365-0109	(4) pike pole storage tubes. Locate inboard side of rack with pike pole hooks stored in the up position.	\$ 1,781.00
LADDER STORAGE / RACKS	3365-0110	Recessed pike pole storage compartment located below officer side "T" of the tank. Compartment sized to store (3) pike poles.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-0111	Hard suction hose storage tray. Locate on [#LOC]. Includes (2) securing straps. For use with 13' hard suction hoses.	\$ 2,007.00
LADDER STORAGE / RACKS	3365-0112	Over the hosebed ladder rack. Includes framing (with a sanded finish) and mounting points. Ladder storage box to be adjustable side to side with diamond plate front box. The ladder storage rack to have locking points of driver side outboard, center and officer side outboard. The framework of the ladder rack to be 9.5" high.	\$ 6,249.00
LADDER STORAGE / RACKS	3365-0113	Pike Pole Mounting Tube locate in catwalk on walkway wall on Officer's side.	\$ 453.00
LADDER STORAGE / RACKS	3365-0114	Recessed pike pole storage compartment located [#LOC]. Compartment sized to store (3) pike poles. Pike pole box to be 7" deep.	\$ 2,506.00
LADDER STORAGE / RACKS	3365-0115	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (3) pike poles. Reduces selected water tank capacity by approximately 250 gallons.	\$ 5,855.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0116	Ladder tunnel to extend to rear of body (over pump/plumbing). Extension to be aluminum and bolt-on for removal for pump maintenance.	\$ 1,694.00
LADDER STORAGE / RACKS	3365-0117	Storage rack (4) 8" x 64" aluminum tubes. Locate ceiling mtd in L1/R1 transverse compartment centered side to side offset to front.	\$ 2,272.00
LADDER STORAGE / RACKS	3365-0118	(3) pike pole storage tubes. Locate [#LOC].	\$ 986.00
LADDER STORAGE / RACKS	3365-0119	Horizontal ladder brackets right side of body in recessed storage area above half side compartments. Brackets to hold from top to bottom: [#LOC].	\$ 4,308.00
LADDER STORAGE / RACKS	3365-0120	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (12) bottles- (6) wide/(2)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 2,059.00
LADDER STORAGE / RACKS	3365-0121	Hosebed storage box for (1) scoop stretcher, (3)backboards and (4) pike poles. Scoop stretcher located in lower area of storage with stop located 67" back, backboards located in middle area with stop 74" back, and pike poles located in upper area for (2) 6' and (2) 8' pike poles. Includes vertically hinged door (wired to door ajar) with push-button latches. Located on officer side of hosebed.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0122	Officer side vertical storage tunnel. For use with low hosebed. Tunnel to hold: 2-Section 24', 14' roof, 10' attic and (2) pike poles. Upper storage area to have hinged diamond plate top for storage of misc. items. Includes vertically hinged rear diamond plate door(s) with D-ring latch.	\$ 6,271.00
LADDER STORAGE / RACKS	3365-0124	Recessed pike pole storage compartment located below officer side compartment top. Compartment sized to store (2) pike poles. Recessed box to be 10" high for Boston Roof Hooks.	\$ 2,090.00
LADDER STORAGE / RACKS	3365-0125	Officer side vertical storage tunnel. For use with low hosebed. Tunnel to hold: 2-Section 24', 14' roof, 10' attic, (6) pike poles and (2) 6" x 10' hardsuction hoses (individually vertically stacked). (2) pike poles will be in ladder tunnel and (2) in each hard suction storage. Includes vertically hinged rear diamond plate door(s) with push-button latch.	\$ 5,757.00
LADDER STORAGE / RACKS	3365-0126	Pike pole tube(s) on overhead ladder rack to be mounted flush with rear of body.	\$ 670.00
LADDER STORAGE / RACKS	3365-0127	Storage box in ladder tunnel for tripod 10 wide x 10 high x 106 long.	\$ 2,045.00
LADDER STORAGE / RACKS	3365-0128	Pike pole storage tube (1) One. Locate [#LOC].	\$ 337.00
LADDER STORAGE / RACKS	3365-0129	Officer side half length vertical storage tunnel. For use with low hosebed. Tunnel to hold: (2) backboards, (1) 4' D-handled pike pole, (1) 8' pike pole and (1) 6' pike pole. Make box for 4' D-handle pike pole 56" long. Includes vertically hinged rear diamond plate door with push-button latch. Pike poles to be located down low in tunnel with backboards located above.	\$ 3,053.00

LADDER STORAGE / RACKS	3365-0198	Storage box for (1) 10' length of hard suction hose. Includes vertically hinged door with latch (wired to door ajar indicator). Reduces selected water tank capacity by approximately 100 gallons where applicable. Locate to [#LOC] below "T" of water tank.	\$ 1,275.00
LADDER STORAGE / RACKS	3365-0199	Zico electric drop-down ladder rack. Rack located to [#LOC] of body. The control switching to be located on the side pump panel with the rack being in full view of the operator during operations.	\$ 10,964.00
LADDER STORAGE / RACKS	3365-0201	Manual operated drop down rack on driver. To secure a 2500 portable folding tank IPO capacity of main tank on body. Includes rearward mounted tank stop (2500 gallon portable tank to stored offset forward in rack).	\$ 2,307.00
LADDER STORAGE / RACKS	3365-0202	Hard Suction Storage Rack. Driver side in adjustable track above ladders (if applicable). Includes spring hold downs and scuff plates.	\$ 799.00
LADDER STORAGE / RACKS	3365-0203	Zico electric drop-down hard suction rack. Rack located to [#LOC] of body. The control switching to be located on the side pump panel with the rack being in full view of the operator during operations. The rack includes (2) main rack mounted 10' trays.	\$ 10,964.00
LADDER STORAGE / RACKS	3365-0204	Zico electric drop down ladder rack on officer body.	\$ 10,058.00
LADDER STORAGE / RACKS	3365-0205	Driver side hardsuction storage racks for (2) 18' hardsuction hoses. Each rack to be mounted to tank ribs and includes NFPA retaining straps.	\$ 2,223.00
LADDER STORAGE / RACKS	3365-0206	Storage tunnel capable of holding: (1) 2-Section, (1) Roof, (1) Attic, (2) pike poles, (1) backboard storage sleeve between 2-section and roof ladder and (1) 8' block storage with stop above 2-section ladder in Officer Side Storage Tunnel. Includes ladder tunnel door to hinge to officer side of truck.	\$ 1,527.00
LADDER STORAGE / RACKS	3365-0207	Diamond plate box for storage of (3) 10' hard suction hoses (hoses not included). Box to be mounted off driver side of tank (tank rib mounts) and is to include rear access door with push-button latch. Door to be wired to door ajar indicator.	\$ 3,941.00
LADDER STORAGE / RACKS	3365-0208	Horizontal ladder bracket. Location and type of ladder: in officer side of hosebed storage pan to hold Little Giant model 17.	\$ 536.00
LADDER STORAGE / RACKS	3365-0209	Officer side vertical storage tunnel. For use with low hosebed. Tunnel to hold: 2-Section 24', 14' roof, 10' attic and (2) pike poles. Includes vertically hinged rear diamond plate door with push-button latch. Upper storage area to have an open top and run full length of the body. Upper area to have hosebed style flooring.	\$ 6,231.00
LADDER STORAGE / RACKS	3365-0210	Ladder rack, Ziamatic electric on the right hand side of the vehicle, ARFF P7.	\$ 16,114.00
LADDER STORAGE / RACKS	3365-0211	Poly ladder rack, extended welded to top deck ARFF P7*.	\$ 2,205.00
LADDER STORAGE / RACKS	3365-0212	(2) pike pole tubes with retaining pins. Locate driver side mounted to tank ribs. Tubes are for use with up to (2) 10' poles.	\$ 562.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0213	Manual operated drop down rack (PR) located (1) each side of body. Each capable of securing a 4000 gallon portable folding tank. Includes diamond plate cover along ends, top and outward side with (2) 20" handrails mounted along the forward and rearward ends and (2) 12" handrails mounted along the top towards the ends of the cover.	\$ 4,990.00
LADDER STORAGE / RACKS	3365-0214	Hard suction storage thru tank for (2) 5" x 15' hard suction hoses. Includes vertical hinged door wired to door ajar with push button latch. Reduces selected water tank capacity by approximately 200 gallons.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-0215	Double Hard Suction Storage Rack to store 6"x 6' hard suction hoses. (1) set Driver side compartment top offset forward and (1) set matching on Officer side atop diamond plate hosebed cover. Includes spring hold downs with scuff plates (as applicable).	\$ 1,349.00
LADDER STORAGE / RACKS	3365-0216	Poly vertical ladder rack shall be welded top deck, raised to allow ladder to extend above adjacent body top deck surfaces ARFF.	\$ 1,693.00
LADDER STORAGE / RACKS	3365-0217	Officer side vertical storage tunnel. For use with low hosebed. Tunnel to hold: 3-Section 35', 14' roof, 10' attic and (3) pike poles. Pike poles to be stored in upper storage area. Includes vertically hinged rear diamond plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0218	Recessed D-handle pike pole storage compartment located below officer side compartment top. Compartment sized to store (2) 6' D-handle pike poles.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-0219	Diamond plate storage compartment located on officer side compartment top. Compartment sized to store (1) 10' ladder with feet and (2) 6' D-handle pike poles.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-0220	Storage box for (1) 6" x 10' hard suction hose. Includes vertically hinged swing-out door with push-button latch (wired to door ajar). Box to be smooth plate and painted job color. Located [#LOC].	\$ 1,102.00
LADDER STORAGE / RACKS	3365-0221	Driver side vertical storage tunnel. For use with low hosebed. Tunnel to hold: 2-Section 24', 14' roof, 10' attic and (2) pike poles. Includes vertically hinged rear diamond plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0222	Upper hosebed storage area above driver side compartments and officer side ladder/storage tunnel or compartments as applicable. Upper storage areas to have an open top and run length of the hosebed area. Includes hosebed style flooring.	\$ 3,957.00
LADDER STORAGE / RACKS	3365-0223	Hard Suction Storage Rack. Officer side on compartment top. Rack to be 118" in length and be held back 9" from the front of the compartment top. Includes spring hold downs and scuff plates.	\$ 799.00
LADDER STORAGE / RACKS	3365-0224	Double hardsuction storage with NFPA compliant restraints. Locate driver side of tank with fixed mounted brackets. Trays to formed diamond plate (diamonds out) and sized to hold (1) 6" x 16' and (1) 6" x 18' hardsuction hose.	\$ 1,958.00

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0226	Hosebed ladder storage box with diamond plate top. Located centered in hosebed and to secure from driver to officer: (1) 10' attic w/feet (in a box) w/(2) 10' pike pole tubes mounted on top, (1) PRL-12 & (1) PEL3-24. Ladders to be stored on beam. Included are (2) hosebed dividers with squared ends, diamond plate top and a vertically hinged diamond plate door (hinged to officer side) wired to the door ajar indicator.	\$ 2,689.00
LADDER STORAGE / RACKS	3365-0229	Hosebed Storage Box. Located in the officer side hosebed between aluminum hosebed cover center divider and officer side hosebed wall (Approx 34.875" W X 12" interior height). Includes drop down door (wired to door ajar) w/push-button latches, hosebed style top, composite flooring, (1) vertical divider full depth of hosebed held 12" short of rear - located 5" off center divider to hold (3) 10' pike pole tubes. (1) horizontal divider full depth of hosebed and approx 29.625" wide X approx 7.875" off hosebed floor to form upper and lower storage. Lower storage to have a stop at 72". Upper storage to have a vertical divider approx 18" off driver side divider with a stop at 72" for backboard storage. Storage box to be sealed as tight as possible from water and road grime.	\$ 5,396.00
LADDER STORAGE / RACKS	3365-0230	Diamond plate storage area for up to (3) 5" x 10' hardsuction hoses (not included). Includes side facing access with a fixed forward panel, a side rearward swing door with mechanical latching (wired to door ajar) and (2) securing straps located inward front to rear. Storage to be located [#LOC]	\$ 1,155.00
LADDER STORAGE / RACKS	3365-0231	Diamond plate storage box for storage of a 2500 gallon portable water tank (not included). Includes drop down rear access door with push button latch (wired to door ajar). Box to be located [#LOC]	\$ 1,155.00
LADDER STORAGE / RACKS	3365-0232	Diamond plate storage box for storage of a 3500 gallon portable water tank (not included). Includes drop down rear access door with push button latch (wired to door ajar). Box to be located [#LOC]	\$ 1,212.00
LADDER STORAGE / RACKS	3365-0233	Diamond plate storage area for a portable water storage tank (not included). Includes side facing access with a full width drop down door with mechanical latching (wired to door ajar). Storage located to [#LOC] of body. Sized for [#COL] steel frame portable tank.	\$ 1,018.00
LADDER STORAGE / RACKS	3365-0234	Diamond plate storage area for up to (3) 5" x 10' hardsuction hoses (not included). Includes rear facing access with a full width drop down door with mechanical latching (wired to door ajar). Storage to be located [#LOC]	\$ 1,155.00
LADDER STORAGE / RACKS	3365-0235	Diamond plate box for storage of (4) 16' hard suction hoses (hoses not included). Box to be mounted off driver side of tank (tank rib mounts) and is to include rear access door with push-button latch. Door to be wired to door ajar indicator. Position box to allow loading of lower body storage tray with hose from rear.	\$ 4,222.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0236	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 24' 2-section and 14' roof, plus (4) pike poles and a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,710.00
LADDER STORAGE / RACKS	3365-0237	Hard Suction Storage Rack. Rack to be 138" in length and rear of rack to be flush with rear compartment top. Rack to be located officer side in adjustable track above ladders (if applicable). Includes spring hold downs and scuff plates.	\$ 799.00
LADDER STORAGE / RACKS	3365-0238	Folding ladder and pike pole storage compartment located in driver side of hosebed. Includes drop down door with push button latch. Compartment sized to store a 10' ladder with feet and (2) pike poles.	\$ 1,787.00
LADDER STORAGE / RACKS	3365-0240	Hard Suction storage left side, Ladder storage right side, base, stainless, Wildland	\$ 8,487.00
LADDER STORAGE / RACKS	3365-0241	Hard suction storage on right side, Ladder storage on left side, option, stainless, Wildland	\$ 8,753.00
LADDER STORAGE / RACKS	3365-0242	Horizontal ladder bracket. Location and type of ladder: officer's side compartment top for a PEL3-24.	\$ 536.00
LADDER STORAGE / RACKS	3365-0243	Horizontal ladder storage with forward diamond plate box and and hold-down bracket. Location and type of ladder: officer's side compartment top for a PRL-12.	\$ 990.00
LADDER STORAGE / RACKS	3365-0244	Pre-connect storage box with hinged full length lid. Includes center divider and storage for (2) 1.75" DJ hose (200' each) with black dri-deck flooring and red vinyl end flap with hold-downs.	\$ 1,388.00
LADDER STORAGE / RACKS	3365-0245	Pike pole tubes in officer side storage tunnel to be modified to hold (1) ARH-60 and (1) ARH-72 pike poles.	\$ 412.00
LADDER STORAGE / RACKS	3365-0246	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 24' 2-section and 14' roof, plus (2) pike poles and a folding ladder. Includes vertically hinged rear 3/16" treadplate door with bent D-ring latch.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-0247	Horizontal ladder bracket installed on officer side of hosebed. Will include aluminum boot and ladder hold down. Ladder Compliment: [#LOC].	\$ 536.00
LADDER STORAGE / RACKS	3365-0248	(2) Pike pole storage tubes to store (2) Fire Hooks Unlimited 16' Boston Rake Hooks. Locate in ladder tunnel recessed forward to allow ladder tunnel door to close.	\$ 898.00
LADDER STORAGE / RACKS	3365-0249	Ladder/Pike pole/Tripod module formed from .188 aluminum tread plate shall be provided and installed on the roadside interior walkway. It shall have a door hinged on the aisle side with a locking D-ring handle and sliding locking pins (Door to be hinged on the aisle side).The counter top created by this assembly shall be lined with black U.H.M.W plastic.	\$ 10,719.00
LADDER STORAGE / RACKS	3365-0250	Two (2) stainless steel hooks shall be provided in the cab behind the seats to be used as coat hooks. NYPD only.	\$ 311.00
LADDER STORAGE / RACKS	3365-0251	Controls for the Ziamatic ladder rack shall be recessed on the officer's side rear body. The control box shall have a hinged door for easy access of ladder rack controls and operation.	\$ 542.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0252	Ladder storage officer side compartment top. Includes boot at forward compartment top and a hold-down for (1) Duo-Safety 925-A 22' 3-section extension ladder and (1) Duo-Safety 775-A 10' roof ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-0253	Ladder storage thru tank for (2) 6" x 10' hard suction hoses. Reduces selected water tank capacity by approximately 150 gallons.	\$ 3,244.00
LADDER STORAGE / RACKS	3365-0254	Hard suction storage box with cargo net cover at rear. Located in B1 compartment to be in-line with thru the tank tunnel.	\$ 1,193.00
LADDER STORAGE / RACKS	3365-0255	Ladder storage officer side compartment top. Includes boot at forward compartment top and a hold-down for (1) 16' 2-section and (1) 10' roof ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-0256	Ladder storage officer side compartment top. Includes boot at forward compartment top and a hold-down for (1) 16' 2-section and (1) 10' roof ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-0257	Hard Suction Storage Rack. Driver side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable). Rack to hold (1) 8 foot tube.	\$ 767.00
LADDER STORAGE / RACKS	3365-0258	Recessed pike pole storage compartment located officer side "T" of the tank. Compartment sized to store (3) pike poles. Center pike pole will be a multi -purpose" hook.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-0259	Recessed pike pole storage compartment located officer side just below the hosebed. Compartment sized to store (2) pike poles.	\$ 926.00
LADDER STORAGE / RACKS	3365-0260	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (3) pike poles and (1) backboard. Reduces selected water tank capacity by approximately 300 gallons.	\$ 6,235.00
LADDER STORAGE / RACKS	3365-0261	Hard suction storage box, horizontal side by side. Located in the driver's side hose bed. Includes lift-up ADT door (wired to door ajar) w/bent D-ring latch, hose bed style top and flooring. Box to hold (2) 6" x 10' long tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0262	Double Hard Suction Storage Rack for 8' hard suction hoses. Driver side compartment top. Includes spring hold downs with scuff plates (as applicable)	\$ 1,634.00
LADDER STORAGE / RACKS	3365-0263	Ladder storage officer side compartment top. Includes boot at forward compartment top and a hold-down for (1) Duo-Safety 1000-A 12' 2 section extension ladder.	\$ 536.00
LADDER STORAGE / RACKS	3365-0264	Ladder storage box. Located in the officer side hose bed. Includes drop down door (wired to door ajar) w/push-button latch(es), hose bed style top and nylatron flooring (no partition). Box to hold (1) 22' 3-Section Duo-Safety ladder.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0265	Recessed storage compartment located officer side just below hosebed. Compartment sized to store (1) 10' ladder with feet offset to left and (1) 6' pike pole offset to right, tube to be set back 6" from opening.	\$ 1,632.00
LADDER STORAGE / RACKS	3365-0267	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertical hinged rear smooth plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0270	Stainless steel scuff plate mounted full height of tank to protect paint from hard suction handles. Located at each end of hard suction hose.	\$ 491.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0271	Ladder storage box in driver side of hosebed. Dimensions to be 25" wide x 8" high x length of hosebed. Includes ladder stop 66" back from opening and diamond plate drop down door with push button latches (wired to door ajar indicator) and composite material overlay on hosebed flooring.	\$ 2,260.00
LADDER STORAGE / RACKS	3365-0272	Hard Suction Storage Box. Located in the driver side hosebed. Includes vertical hinged door (wired to door ajar) w/push-button latches and nylatron flooring. Box to hold two (2) 6" X 10' hard suction hoses.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0273	Horizontal ladder bracket installed on driver side of hosebed. Will include aluminum boot and ladder hold down. Ladder Compliment: [#LOC].	\$ 536.00
LADDER STORAGE / RACKS	3365-0274	Hard Suction Storage Box. Located horizontal in the officer side hosebed. Includes vertical hinged door (wired to door ajar) w/push-button latches and nylatron flooring. Box to hold two (2) 6" X 14' hard suction hoses.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0275	Hard suction storage rack for (1) 6" X 14' suction hose. Locate [#LOC]. Includes NFPA retaining strap(s).	\$ 818.00
LADDER STORAGE / RACKS	3365-0276	Zico pike pole mounting brackets (PR). Locate on top of Zico drop-down ladder rack. Brackets to be for D-ring pike poles.	\$ 346.00
LADDER STORAGE / RACKS	3365-0278	Officer side vertical storage tunnel. For use with low hosebed. Tunnel to hold: 2-Section 24', 14' roof, 10' attic and (2) pike poles. Includes vertically hinged rear diamond plate door(s) with push-button latch. The pike poles and attic ladder to be stored below the 2-section and roof ladders. Ladder tunnel will not extend to top of the body, the area above the ladder tunnel to have hosebed style flooring.	\$ 6,231.00
LADDER STORAGE / RACKS	3365-0280	Hard Suction Storage Box. Located horizontal in the officer side hosebed. Includes vertical hinged dia plate door (wired to door ajar) w/push-button latches and nylatron flooring. The storage area shall be sized to hold two (2) 6" X 10' long hard suction hoses laying side-by-side. Top of storage area above the hard suction hose to be hosebed style flooring.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0281	Hard Suction Storage Box. Located horizontal in the officer side hosebed. Includes vertical hinged door (wired to door ajar) w/push-button latches and nylatron flooring. Box to hold two (2) 6" X 13' hard suction hoses.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0282	Hard suction storage box. Located in the officer side hose bed. Includes drop down door with finish to match rear of body, latch(s) shall be provided to secure the door in the closed position (wired to door ajar), hose bed style top, nylatron flooring and hosebed divider extending to top of hose bed for inboard side. Box to hold (1)6" x 10' hard suction hose w/rocker lugs. Approximate size of opening 9.5"w x 8"h.	\$ 2,600.00
LADDER STORAGE / RACKS	3365-0283	Divider Long. To run full length of hose bed above ladder tunnel (front to rear).	\$ 1,014.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0284	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 28' 2-section and 16' roof, (2) pike poles and a folding ladder, plus two 10' lengths of 6" hard suction hose above ladders together with a skinny backboard. Where ladders extend into the pump enclosure, they shall be enclosed from the elements with aluminum treadplate.	\$ 3,482.00
LADDER STORAGE / RACKS	3365-0285	Officer side vertical storage tunnel. For use with low hosebed. Tunnel to hold: 2-Section 20', 12' roof, 10' attic and (2) pike poles. Includes vertically hinged rear smooth plate door (to accommodate graphics/stripping) with push-button latch. Upper storage area to have an open top and run full length of the body. Upper area to have hosebed style flooring.	\$ 6,231.00
LADDER STORAGE / RACKS	3365-0286	Officer side vertical storage tunnel behind reduced upper depth compartments. Tunnel to hold: 24' 2-section and 14' roof, plus (2) pike poles and a folding ladder. Above ladders is storage area for a sheet rock hook and a pike pole with D-handle, both 4' in length. Stops shall be provided ahead this storage area approximately 60" from the rear opening to prevent these items from sliding forward during transport. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-0287	Smooth plate portable folding tank cover, painted job color. For use with 3000 tank and Zico drop down rack.	\$ 1,720.00
LADDER STORAGE / RACKS	3365-0288	Center mounted ladder tunnel. Ladder rack to hold: (2)PEL-35, (2)PEL-28, PEL-24, PRL-20, PRL-12 and FL-10	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0289	Hard suction hose storage tray. Locate on inboard side of overhead ladder rack. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 891.00
LADDER STORAGE / RACKS	3365-0290	Ladder storage thru tank for (1) 3-section 30' extension, (1) 14' roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 300 gallons for pumpers and 350 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-0291	Double hard suction storage rack (side by side). Driver side compartment top. Includes spring hold downs with scuff plates (as applicable).	\$ 1,515.00
LADDER STORAGE / RACKS	3365-0292	Hard Suction Storage Box. Located in the driver side hosebed. Includes vertical hinged door (wired to door ajar) w/push-button latches and nylatron flooring. Box to hold one (1) 6" X 12' hard suction hoses.	\$ 1,620.00
LADDER STORAGE / RACKS	3365-0293	Cover diamond plate for hydraulic ladder rack power supply. Location: [#LOC].	\$ 417.00
LADDER STORAGE / RACKS	3365-0294	There shall be a metal plate mounted to the side of the portable tank rack to assist in the application of the NFPA stripe and/or Lettering.	\$ 350.00
LADDER STORAGE / RACKS	3365-0296	Rubber flaps to enclose ladder tunnel between body sections at boom support (sides, top and bottom). HP95 Mid-mount only.	\$ 927.00
LADDER STORAGE / RACKS	3365-0297	(1) Pike pole storage tube, pike pole hook stored in the up position. (1) Dry wall hook storage using brackets to secure in place rather than tube. Locate inboard side of rack.	\$ 1,111.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0298	(5) Pike pole storage tubes. Locate inboard side of rack with pike pole hooks stored in the up position.	\$ 2,552.00
LADDER STORAGE / RACKS	3365-0299	Hard suction storage box. Located in the officer side hose bed. Includes a swing open door, vertical hinged on the left hand side (inboard) and wired to door ajar w/push-button latch(es), hose bed style top and nylatron flooring (no divider). Box to hold [#LOC] tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0302	Provision to store (4) Fire Department supplied 50' lengths of 2-1/2" high rise hose packs on right side compartment top.	\$ 2,352.00
LADDER STORAGE / RACKS	3365-0303	Four (4) pike poles and a folding ladder tucked behind ground ladders on the adjustable ladder tracks.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-0304	Hard suction storage within the hosebed. (1) Hard suction tube shall be located on each side of the hosebed center divider. The rear and top hosebed covers shall be used for access.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0305	Provision to store (4) Fire Department supplied 50' lengths of 2-1/2" high rise hose packs on right side compartment top. (6) PAC ADJUSTAMOUNT brackets to secure hose.	\$ 3,077.00
LADDER STORAGE / RACKS	3365-0306	Backboard storage sleeve with containment strap(s). Located in L1 and R1 compartments just below compartment offset to be approximately 9" high x 27" wide as clearance permits. Locate as far forward as possible.	\$ 2,437.00
LADDER STORAGE / RACKS	3365-0307	Hard suction storage box, horizontal side by side. Located in the officer's side hose bed. Includes lift-up door (wired to door ajar) w/bent D-ring latch, hose bed style top and flooring. Box to hold (2) 6" x 10' long tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0308	Hard Suction Storage Rack. Officer side in adjustable track below ladders (if applicable). Includes spring hold downs and scuff plates.	\$ 799.00
LADDER STORAGE / RACKS	3365-0309	Hard Suction Storage Box with long handle tool storage trough with stop at 72". Stored at rear panel driver side for two (2) hoses. Includes vertical hinged smooth plate door and bent D-ring latch.	\$ 1,387.00
LADDER STORAGE / RACKS	3365-0310	Hard suction storage box, smooth plate side wall construction painted job color. Located on the [#LOC]. Includes vertically hinged door(s) (wired to door ajar) w/D-Ring latch(s). Box to hold (3) tubes and to extend to the back side of the L2 compartment and to be approximately the same height as L1, L2 compartments.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0311	Hard suction storage box with (2) pike poles (pr). Stored (1) each side below "T" of tank. Includes hinged door with push-button latch.	\$ 2,118.00
LADDER STORAGE / RACKS	3365-0312	Ladder storage thru tank for AlcoLite ladders (1) 3-section 35' extension, (1) 16' roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 300 gallons for pumpers and 425 gallons for tankers.	\$ 6,235.00
LADDER STORAGE / RACKS	3365-0313	Double hard suction storage rack. One (1) rack located above the other. Officer side in ladder track. Includes spring hold downs with scuff plates (as applicable). Rack shall accommodate 3" hard suction hose.	\$ 1,512.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0315	Zico drop down rack to have smooth plate cover between outboard rack assemblies. Rack and cover to be painted job color, includes painting of the actuator covers.	\$ 3,121.00
LADDER STORAGE / RACKS	3365-0316	Storage box for (1) 15' length of hardsuction hose. Includes vertically hinged door with latch (wired to door ajar indicator). Locate [#LOC] side below "T" of water tank.	\$ 1,487.00
LADDER STORAGE / RACKS	3365-0318	Hard suction storage rack for (1) 6" x 12' suction hose. Locate: [#LOC]. Includes NFPA retaining strap(s).	\$ 818.00
LADDER STORAGE / RACKS	3365-0319	Hard Suction Storage Rack. Driver side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 767.00
LADDER STORAGE / RACKS	3365-0320	Storage box on officer side compartment top with hinged full length side hinged down with butterfly latches (wired to door ajar). Storage to accomodate 250' of 2.5" DJ hose with nozzle for hi-rise pac with black dri-deck flooring.	\$ 2,090.00
LADDER STORAGE / RACKS	3365-0321	Horizontal ladder bracket, Includes .187" smooth aluminum boot painted black durabak with ladder hold down. Location and type of ladder: [#LOC].	\$ 637.00
LADDER STORAGE / RACKS	3365-0322	Recessed New York hook and pike pole storage compartment located officer side just below the "T" of the tank to include a smooth plate door with thumb latch(s). Compartment sized to store (2) Fire Hooks Unlimited New York Hook Model RH-6 and RH-8 and (2) pike poles.	\$ 1,787.00
LADDER STORAGE / RACKS	3365-0323	Double hard suction storage rack. Two (2) 2.5" or 3" x 10' hard suction hoses. One (1) next the other horizontally mounted. Includes spring hold downs with scuff plates (as applicable). Locate: Driver side compartment top.	\$ 1,515.00
LADDER STORAGE / RACKS	3365-0324	Hard suction storage boxes welded one each side to upper body hose bed side sheets, to be painted as applicable. Includes vertically hinged brushed stainless steel rear access doors and aluminum hose trays with forward travel limit stops. Requires minimum 88" high pumper body.	\$ 5,314.00
LADDER STORAGE / RACKS	3365-0325	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 35' 3-section and 14' roof, (2) pike poles and a folding ladder. Where ladders extend into the pump enclosure, they shall be enclosed from the elements with aluminum treadplate. Includes vertically hinged rear smooth aluminum door with bent D-ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0326	Recessed pike pole storage compartment located below officer side "T" of the tank. Compartment sized to store (2) pike poles.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-0328	Officer side vertical storage tunnels. For use with low hose bed. Lower tunnel to hold [#LOC]. The upper tunnel to be full length of hose bed with an open top. Includes vertically hinged rear .1875" smooth plate doors with D-ring latch on each door accessible at the rear of body	\$ 4,321.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0329	Ladder storage thru tank for (1) 2-section 24' extension, (1) 16' roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-0331	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet and (2) 12' pike poles.	\$ 2,069.00
LADDER STORAGE / RACKS	3365-0332	Recessed pike pole storage compartment located left rear of body up high. Compartment sized to store (4) 10' pike poles.	\$ 1,837.00
LADDER STORAGE / RACKS	3365-0333	Backboard storage for use with low hose bed storage tunnel only. Storage for (1) backboard vertically in officer side storage tunnel. Includes stop bracket at the front.	\$ 753.00
LADDER STORAGE / RACKS	3365-0334	Ladder Storage Box. Located in the officer side hosebed. There shall be a vertical hinged diamond plate rear access door with push button latches. Box to hold (1) Alcolite PEL 24' 3-section, (1) Alcolite PRL 12' roof, (1) Alcolite FL 10' attic ladder, (2) backboards and (2) pike poles.	\$ 5,563.00
LADDER STORAGE / RACKS	3365-0335	Miscellaneous storage in hosebed above the ladder tunnel. Upper area open and main hosebed cover to be used to cover top area of the storage area. There is to be a bolted end plate at the rear of the storage area, horizontal adjustable tracks 60" from the rear mounted forward with a divider.	\$ 744.00
LADDER STORAGE / RACKS	3365-0336	Horizontal ladder storage with forward diamond plate box and and hold-down bracket. Location and type of ladder: [#LOC].	\$ 990.00
LADDER STORAGE / RACKS	3365-0337	Two (2) pike poles and a folding ladder tucked behind ground ladders on the adjustable ladder tracks on the officer's side outside of the hose bed.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-0338	Hard Suction Storage Box. Located in the [#LOC] hose bed. Includes vertical hinged door (wired to door ajar) w/push-button latches (without nylatron flooring as preferred by customer). Box to hold (2) 10' hard suction hoses.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0339	Hard Suction Storage Box. Located in the [#LOC] hose bed. Includes vertical hinged smooth plate door (wired to door ajar) w/D-Ring latch(s) and Nylatron flooring. Box to hold (2) 10' hard suction hoses.	\$ 3,373.00
LADDER STORAGE / RACKS	3365-0340	Dual hard suction hose storage with stops located (above ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (wired to door ajar) w/bent D-ring deadbolt type latch.	\$ 2,285.00
LADDER STORAGE / RACKS	3365-0342	Dual hard suction hose storage with stops located in the officer side upper header. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-0343	Hard suction hose storage tray. Locate on top of Zico drop-down portable tank rack.	\$ 1,681.00
LADDER STORAGE / RACKS	3365-0344	Hard suction storage box. Located in the officer side hose bed. Includes a swing open diamond plate door, vertically hinged on the right hand side (outboard) and wired to door ajar w/push-button latch(es), hose bed style top and nylatron flooring (no divider). Box to hold [#LOC] tubes.	\$ 3,230.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0345	Officer side horizontal storage tunnel between top of tank and below hose bed floor. Tunnel to hold: up to a 24' 2-section and 14' roof, up to (3) pike poles and a 10' folding ladder. Includes a horizontally hinged lift-up rear smooth plate door with bent D-ring latch and a gas tube hold-open.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-0346	Storage box for (1) 12' length of hard suction hose. Includes vertically hinged door with latch (wired to door ajar indicator). Locate to [#LOC] below "T" of water tank.	\$ 1,275.00
LADDER STORAGE / RACKS	3365-0347	Recessed folding ladder storage compartment located driver side just below hosebed. Compartment sized to store a 10' ladder with feet.	\$ 1,362.00
LADDER STORAGE / RACKS	3365-0348	Ladder storage box in driver side of hosebed. Dimensions to be 25" wide x 8" high x length of hosebed. Includes ladder stop 66" back from opening and diamond plate drop down door with a D-ring latch (wired to door ajar indicator) and composite material overlay on hosebed flooring.	\$ 2,260.00
LADDER STORAGE / RACKS	3365-0349	Stop bracket to be located approximately 80" back in the lower area of the driver side storage tunnel.	\$ 262.00
LADDER STORAGE / RACKS	3365-0350	Hard suction storage box (pr). Stored (1) each side below "T" of tank. Storage boxes shall be lined with plastic liner and include hinged door with push-button latch. Inside compartment and tube tunnel to be enlarged in depth to fit strainers to be pre-connected as stored.	\$ 2,456.00
LADDER STORAGE / RACKS	3365-0351	Box type enclosure shall be provided for Little Giant "Classic" Model 17 ladder. Box shall be mounted rearward on bi-directional tray. The box shall be approximately 58" long X 28" high X 8.63" wide. The box ends (left and right) shall be left open, Straps shall be provided on each end to secure the ladder in place. WOP aerial body only.	\$ 1,485.00
LADDER STORAGE / RACKS	3365-0352	Portable Tank Storage Box. Located in the officer side hosebed. Includes vertically hinged diamond plate door (wired to door ajar) w/push-button latches (hinge to the interior), hosebed style top and nylatron flooring (no divider). Box to hold [#LOC] gallon aluminum framed Fol-da-tank portable tank.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0353	Double hard suction hose storage tray. Locate inboard side of overhead ladder rack(s) (1) stacked above the other. Includes (2) securing straps per tray. For use with 10' hard suction hoses.	\$ 4,564.00
LADDER STORAGE / RACKS	3365-0354	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet. Ladders shall be stored vertically or on their side (ILO horizontal/flat). (1) 10' Folding ladder and (2) pike poles stacked over and under each other adjacent ladder storage. Tunnel shall be approx centered in rear body. Reduces selected water tank capacity by approximately 300 gallons.	\$ 6,347.00
LADDER STORAGE / RACKS	3365-0355	Hard suction Storage Box located in the drivers side roof top compartment. The storage to be boxed off inside roof top compartment. Includes vertical hinged smooth plate door (wired to door ajar) w/push-button latch. Storage to hold [#LOC] 6" x 10' hard suction hoses.	\$ 4,147.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0356	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (2) pike poles. Provide retaining straps to hold contents stationary. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-0357	Hard suction storage thru the tank for up to (3) 6" x 10' hard suction hoses. Tunnel located driver side of water tank stacked vertical. Wetside Tanker Only.	\$ 7,856.00
LADDER STORAGE / RACKS	3365-0358	Portable tank storage thru the tank to hold: (1) 2100 gallon portable tank. Tunnel located officer side of water tank vertically. Wetside Tanker Only.	\$ 7,194.00
LADDER STORAGE / RACKS	3365-0359	Storage tunnel capable of holding: (2) 6" x 10' hard suction hoses (individually vertically stacked) in Driver Side Storage Tunnel. Tradition Only.	\$ 1,919.00
LADDER STORAGE / RACKS	3365-0360	Driver side vertical storage tunnel behind reduced upper depth left side compartments. Tunnel to hold: up to (3) 10' lengths of 6" hard suction hose. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-0361	Zico hydraulic drop down portable tank rack. Rack located to [#LOC] of body. Rack sized for [#COL] gallon aluminum frame portable tank. The control switching to be located on the side rear compartment face (same side as the rack) with the rack being in full view of the operator during operations.	\$ 10,071.00
LADDER STORAGE / RACKS	3365-0363	Hard suction storage rack. Locate:[#LOC]. Includes NFPA retaining strap(s). For use with 15' hard suction hose.	\$ 1,045.00
LADDER STORAGE / RACKS	3365-0364	Ladder storage box. Located in the officer side hose bed. Includes vertical hinged door (wired to door ajar) w/push-button latch(es), hose bed style top and nylatron flooring (no partition). Box to hold (1) 20' 2-Section and (1) 12' roof.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0365	Officer side vertical storage tunnel. For use with low hosebed, fully enclosed and extended to pump area with drain holes forward in tunnel flooring. Tunnel to hold: 2-Section 24', 14' roof, 10' attic and (2) pike poles. Includes vertically hinged rear smooth plate door(s) with push-button latch. The pike poles and attic ladder to be stored below the 2-section and roof ladders. Ladder tunnel will not extend to top of the body, the area above the ladder tunnel to have hosebed style flooring.	\$ 6,830.00
LADDER STORAGE / RACKS	3365-0366	Double Hard Suction Storage Rack. Driver side compartment top. Includes spring hold downs with scuff plates (as applicable). For use with 14' hard suction hoses.	\$ 2,676.00
LADDER STORAGE / RACKS	3365-0367	Zico hydraulic drop down portable tank rack. Rack located to [#LOC] of body. Rack sized for [#COL] gallon aluminum frame portable tank. The control switching to be located on the side pump panel with the rack being in full view of the operator during operations.	\$ 10,964.00
LADDER STORAGE / RACKS	3365-0368	Zico hydraulic drop down portable tank rack. Rack located to [#LOC] of body. Rack sized for [#COL] gallon aluminum frame portable tank. The control switching to be located on the side rear compartment face (same side as the rack) with the rack being in full view of the operator during operations.	\$ 10,071.00

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0369	Zico hydraulic drop down rack on officer body. Secures portable folding tank with capacity of main tank on body.	\$ 12,131.00
LADDER STORAGE / RACKS	3365-0370	Zico hydraulic drop down rack on driver body. Secures portable folding tank with capacity of main tank on body.	\$ 12,373.00
LADDER STORAGE / RACKS	3365-0373	(2) D-handle pike pole storage tubes 10' on length. Locate outboard side of ladder rack with pike pole hooks stored in the up position.	\$ 1,032.00
LADDER STORAGE / RACKS	3365-0374	SCBA/Fire Extinguisher storage rack. Locate in R1 mounted to lower ceiling below compartment offset. To hold (6) bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts. Each storage slot to be 9.25" wide x 11" high.	\$ 5,352.00
LADDER STORAGE / RACKS	3365-0375	Hard suction storage box. Located in the driver side hose bed. Includes a swing open diamond plate door, vertical hinged on the right hand side (inboard) and wired to door ajar w/"D"-ring latch(es), hose bed style top and nylatron flooring (no divider). Box to hold [#LOC] tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0376	Ladder/Pike pole/Tripod module formed from .188 aluminum tread plate shall be provided and installed on the roadside interior walkway. It shall have a door hinged on the aisle side with a NON-Locking D-ring handle and sliding locking pins (Door to be hinged on the aisle side).The counter top created by this assembly shall be lined with black U.H.M.W plastic. Designed to store Werner D7124-2LV ladder.	\$ 10,966.00
LADDER STORAGE / RACKS	3365-0377	Fire extinguisher storage rack to hold (3) extinguishers in a single horz row. The rack shall be raised 3" on the open end to allow the extinguishers to slide back into the box at an angle. Bottom and sides to include ribbed rubber inserts. Each opening to have a vertically mounted strap. The rearward opening shall be 15" wide, the middle opening shall be 10.125", and forward opening shall be 10" wide. The total height of the assembly shall be 20.25". The top shall be flat and have a 2" lip up for storing items as a permanent shelf. Locate floor mtd in [#LOC].	\$ 1,357.00
LADDER STORAGE / RACKS	3365-0378	Ladder Storage Box. Located in the officer side hosebed. The top shall be enclosed using hosebed style top. Includes drop down door (wired to door ajar) W/ D-ring latch. Box to hold (1) Alcolite FEL 24' 2-section, (1) Alcolite FRL 14' roof, (1) Alcolite FL 10' attic ladder and (5) 10' pike poles (NY hooks).	\$ 5,563.00
LADDER STORAGE / RACKS	3365-0379	Fire extinguisher storage rack to hold (3) extinguishers in a single horz row. Bottom and sides to include ribbed rubber inserts. Each opening to have a vertically mounted strap. The top shall have a 1" lip up for storing items.Locate floor mtd in [#LOC].	\$ 1,357.00
LADDER STORAGE / RACKS	3365-0380	Zico pike pole mounting brackets (PR). Locate outboard on top of Zico drop-down ladder rack.	\$ 346.00
LADDER STORAGE / RACKS	3365-0381	Hosebed Storage Box. Located in the officer side hosebed. Includes drop down door (wired to door ajar) w/push-button latches, hose bed style top and nylatron flooring (no divider). Box to hold (2) 6" x 10' hard suctions, (2)up to 10' in length pike poles.	\$ 3,709.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0382	Hose bed storage compartment for Low Hosebed body. Contents stored as follows from left to right: (1) Model 17 Little Giant ladder extended, (2) pike poles (6' with drywall hook, 10' with dry wall hook)above the Little Giant ladder, (1) 10' folding ladder above the Little Giant ladder, (2) 6" x 10" hard sution hoses.	\$ 4,946.00
LADDER STORAGE / RACKS	3365-0383	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 24' 2-section and 14' roof, plus (2) pike poles and a folding ladder. Does not include a door.	\$ 3,575.00
LADDER STORAGE / RACKS	3365-0384	Single hard suction hose storage with stop located (above ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (wired to door ajar) w/bent D-ring deadbolt type latch.	\$ 2,285.00
LADDER STORAGE / RACKS	3365-0385	Portable tank storage thru the tank to hold: (1) 3000 gallon portable tank. Tunnel located officer side of water tank vertically.Includes vertically hinged door wired to door ajar with push button latch. Wetside Tanker Only.	\$ 7,194.00
LADDER STORAGE / RACKS	3365-0386	Hard suction storage thru the tank for up to (3) 6" x 10' hard suction hoses. Tunnel located driver side of water tank stacked vertical. Includes vertical hinged door wired to door ajar with push button latch. Wetside Tanker Only.	\$ 7,856.00
LADDER STORAGE / RACKS	3365-0387	Hard Suction Hose Rack for 2.5" or 3" Hose located inboard on hydraulic ladder rack (Each)	\$ 499.00
LADDER STORAGE / RACKS	3365-0389	Hard suction hose storage tray. Locate on top of Zico drop-down ladder rack. Mount secure straps further outboard to accommodate longer hard tube or 10' hard suction tube with a Kocheck BS60 Barrel strainer pre-attached.	\$ 1,681.00
LADDER STORAGE / RACKS	3365-0390	Ladder storage box. Located in the driver side hose bed. Includes vertically hinged door (wired to door ajar) w/push-button latch(es), hose bed style top and nylatron flooring (no partition). Box to hold (1) 22' 3-Section, (1) 10' roof and (1) 8' folding ladder	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0391	Portable tank storage compartment recessed into officer's side of water tank for (1) 4000 gallon portable tank. Includes vertically hinged door (wired to door ajar) w/push-button latch accessible from the rear. Will reduce tank size by approximately 250 gallons. Wetside Only.	\$ 6,327.00
LADDER STORAGE / RACKS	3365-0392	Storage Tunnel. A storage tunnel shall be provided, constructed of break formed .125" aluminum sheet, located behind the officer upper compartments. Includes a hinged rear access door (wired to door ajar) with a 2-point bent D-ring latch.	\$ 4,815.00
LADDER STORAGE / RACKS	3365-0393	Hard suction storage for (2) 6" x 10' hard suction hose stacked vertically. Located in a tunnel on the driver side of tank. Includes vertically hinged door (wired to door ajar) w/push-button latch accessible from the rear. Wetside only.	\$ 8,446.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0395	Fire Extinguisher storage rack. Locate in B1 mounted to ceiling and/or compartment walls as applicable to drop down and exit just below the roll up door when opened. To hold (3) bottles-(3)wide/(1)high. Each box to be 11" high x 11" wide. The bottom and sides are to include ribbed rubber inserts. The storage box shall have a drop down door with a latch to secure the cylinders in place during transit.	\$ 860.00
LADDER STORAGE / RACKS	3365-0397	Officer side vertical storage tunnels. For use with low hose bed. Tunnels to hold: [#LOC]. The upper ladder tunnel shall be full length of hose bed, same width as lower ladder tunnel. The upper ladder tunnel compartment shall be fully enclosed except for an open top/roof which will be open to the elements.	\$ 4,733.00
LADDER STORAGE / RACKS	3365-0398	Hard suction storage box (pr). Stored (1) each side below "T" of tank. Includes hinged door with push-button latch. Tube tunnels to extend through raised rear enhanced extended compartment steps to gain additional capacity for longer length tube storage. Tube tunnels to fit One (1) 6" X 12' Hard suction tube on each side.	\$ 2,597.00
LADDER STORAGE / RACKS	3365-0400	Officer side vertical storage tunnels. For use with low hose bed. Tunnels to hold: [#LOC]. The upper tunnel to have enclosed storage for (2) 10' X 6" hard suction hoses (stacked) with (2) pike poles with multipurpose hooks (recessed 5" fwd of door). The upper area above and forward of the fully enclosed hard suction / pike pole storage to be open top/roof which will be open to the elements includes drain hole(s) as required. Includes vertically hinged rear .1875" smooth plate doors with D-ring latch on each door accessible at the rear of body.	\$ 6,301.00
LADDER STORAGE / RACKS	3365-0401	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 24' 2-section and 16' roof, plus a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 3,751.00
LADDER STORAGE / RACKS	3365-0402	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertically hinged rear diamond plate door(s) with push-button latch.	\$ 4,386.00
LADDER STORAGE / RACKS	3365-0403	Zico model HLAS-HS-2KIT, Double hard suction hose storage tray. Locate on inboard side of overhead rack. Includes (2) securing straps per tray.	\$ 1,646.00
LADDER STORAGE / RACKS	3365-0404	Hosebed storage box. Located in the center of the hosebed. To hold (1) backboard, (1) 10' pike poles,(1) 8' pike pole, (1) 6' NY style pike pole, (1) 6' pike pole and (1) 10' attic ladder with access from a vertically hinged diamond plate door (wired to door ajar) with a push-button latch.	\$ 3,669.00
LADDER STORAGE / RACKS	3365-0405	Hose tray storage with stop located (above ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (wired to door ajar) w/bent D-ring deadbolt type latch.	\$ 2,285.00

LADDER STORAGE / RACKS	3365-0429	Hard suction Storage Box located in the driver side roof top compartment. The storage to be boxed off inside roof top compartment. Includes vertical hinged smooth plate door (wired to door ajar) w/push-button latch. Storage to hold (2) 6" X 12' hard suction tubes.	\$ 4,147.00
LADDER STORAGE / RACKS	3365-0430	Extra wide folding ladder/rake pole box and (2) additional pike poles (total of 4) stored outboard of 2-section ladder located in Officer Side Tunnel. Compartment sized to store a 10' ladder with feet with 72" long are for rake pole and (2) additional pike poles.	\$ 1,295.00
LADDER STORAGE / RACKS	3365-0431	Hard suction storage box. Located in the officer side hose bed. Includes vertically hinged diamond plate door (wired to door ajar) with D-Ring latch, hose bed style top and nylatron flooring (no divider). Box to hold 3 tube(s).	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0432	Zico hydraulic drop down rack on driver body. Secures portable folding tank with capacity of main tank on body.	\$ 12,373.00
LADDER STORAGE / RACKS	3365-0433	Zico hydraulic drop down rack on officer body. Secures portable folding tank with capacity of main tank on body.	\$ 12,131.00
LADDER STORAGE / RACKS	3365-0434	Ladder Storage Box. Located in the officer side hosebed. The top shall be enclosed using the hosebed cover, the rear access shall be equipped with an INBOARD, vertical hinged, door with thumb latch and moon spring hold open, The hosebed cover and rear flap shall be Sold Separately. Rear Flap does not cover rear ladder box door. Box to hold (1) Alcolite PEL 24' 3-section, (1) Alcolite PRL 12' roof with separate divider, (1) Model 13 Little Giant, (1) 6' Firehook model MPH-6 pike pole w/gas shut-off end, and (1) 8' Firehook model MPH-8 pike pole w/gas shut-off end.	\$ 6,215.00
LADDER STORAGE / RACKS	3365-0435	Nylon black strap with clip release for use with Drv/Ofc side storage tunnel.	\$ 189.00
LADDER STORAGE / RACKS	3365-0436	Ladder storage box. Located in the officer side hose bed. Includes vertically hinged door (wired to door ajar) w/push-button latch(es) and nylatron flooring (no partition). Box to hold (1) 20' 2-Section and (1) 12' roof.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0437	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertically hinged rear diamond plate door(s) with D-ring latch.	\$ 4,164.00
LADDER STORAGE / RACKS	3365-0438	Storage tunnel above B1 capable of holding: (1) Ferno Washington Model 71 stokes basket. Install (1) divider 26" off driver side wall full length with nylatron on floor and stop set at 90". Right side remaining area will have a stop set at 72".	\$ 2,045.00
LADDER STORAGE / RACKS	3365-0439	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet and (3) 10' pike poles. The pike poles shall be (1) mounted from the top and (2) at the bottom of the box.	\$ 2,516.00
LADDER STORAGE / RACKS	3365-0440	Zico HHS-TM-1 hard suction storage rack. Locate on the Zico Hydraulic Portable Tank System. Includes NFPA retaining strap(s).	\$ 907.00
LADDER STORAGE / RACKS	3365-0441	Zico model HLAS-HS-1KIT, Single hard suction hose storage tray. Locate on inboard side of overhead rack(s). Includes (2) securing straps.	\$ 1,038.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0442	Officer side vertical storage tunnel. For use with low hosebed. Tunnel to hold: 2-Section 24', 14' roof, 10' attic,(2) pike poles, and (1) backboard. Includes vertically hinged rear diamond plate door(s) with push-button latch. Includes upper area of ladder tunnel to have (2) roof top compartments. Includes hinged raised compartment lids with turn latches. Each lid to have (1) bracket mounted light and to be wired to door ajar indicator in cab.	\$ 7,040.00
LADDER STORAGE / RACKS	3365-0443	Hard suction storage rack for (1) 6" X 8' suction hose. Locate [#LOC]. Includes NFPA retaining strap(s).	\$ 582.00
LADDER STORAGE / RACKS	3365-0444	Ladder tunnel. Tunnel to be a compact design 19.75 Tall x full width of B1 x 16 ft-4 in. deep. Tunnel sized to stow (1) 24'-2 section ladder, (1) 16' roof ladder, (1) 14' combination ladder, (1) 10' folding attic ladder. Tunnel option will reduce the compartment area of the lower body.	\$ 7,682.00
LADDER STORAGE / RACKS	3365-0445	Single hard suction hose storage without stop located (above ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (wired to door ajar) w/bent D-ring deadbolt type latch. Used for extra long suction hose (up to 14').	\$ 2,193.00
LADDER STORAGE / RACKS	3365-0446	Single hard suction hose storage (without stops) located in the drivers side upper header. This allows for longer suction hose. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-0447	Recessed folding ladder and pike pole storage compartment located officer side just below "T" of the tank. Compartment sized to store a 10' ladder with feet and (2) pike poles. To have a hinged smoothplate door with a thumb latch hinged to open downward tied to door ajar and park brake per NFPA.	\$ 1,787.00
LADDER STORAGE / RACKS	3365-0448	Driver side vertical storage tunnel behind reduced upper depth left side compartments. Tunnel to hold: 24' 2-section and 14' roof, plus (2) pike poles and a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-0449	Storage in center forward area of hosebed for spare tire. Open top storage with hosebed cover to be enclose area.	\$ 1,110.00
LADDER STORAGE / RACKS	3365-0450	Triple hard suction storage rack. Officer side in ladder track. Includes NFPA restraining straps. Rack shall accommodate 3" hard suction hose.	\$ 2,065.00
LADDER STORAGE / RACKS	3365-0451	(2) 10' pike pole storage tubes. Locate driver side in adjustable tracks with pike pole hooks stored in the up position. Outboard tube to be fitted for a NY hook.	\$ 898.00
LADDER STORAGE / RACKS	3365-0452	Hard suction storage compartment for (2) 6 inch x 8' hoses. Hoses to be stacked vertical inside compartment. Locate: Officer side high as possible thru rear of body and pass thru side body compartments rear upper corner. Includes vertical hinged rear body access door w/D-ring latch (wired to door ajar). Door material and finish to match rear body.	\$ 4,010.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0465	Officer side vertical storage tunnels. For use with low hose bed. Lower Tunnel to hold: 2-section 24', 14' roof, 10' attic and (3) pike poles, (1) standard, (2) with multipurpose hooks (recessed 5" fwd of door). The upper tunnel to have enclosed storage for (1) 10' X 6" hard suction hose with (1) pike pole with multipurpose hook (recessed 5" fwd of door). The area below the hard suction storage for a removable hose tray (not included) for customers "high raise packs" with a stop set at 72" from access opening. Includes vertically hinged rear .188" smooth plate doors with D-ring latch on each door accessible at the rear of body.	\$ 6,301.00
LADDER STORAGE / RACKS	3365-0466	One (1) pike pole and one (1) multipurpose hook and a folding ladder tucked behind ground ladders on the adjustable ladder tracks on the officer's side outside of the hose bed.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-0467	Hard suction storage in hosebed for the following: (3) 6" x 10' hard suction hoses. Includes (2) hosebed divider with squared off upper rear, vertically hinged (to swing outboard hosebed area) door with latch (wired to door ajar indicator) and composite material overlay on hosebed flooring. Upper area open and main hosebed cover to be used to cover top area of storage area. Storage located in the center of the hosebed.	\$ 3,266.00
LADDER STORAGE / RACKS	3365-0468	Internal ladder tunnel storage with vertically hinged smooth plate door (wired to door ajar). Access door to be located to the rear of the officer's side body. Storage tunnel capable of holding: (2) 12' Roof, (1) 10' Attic, (1) 6' roof hook pole, (1) 8' pike pole and (1) 10' pike pole.	\$ 5,506.00
LADDER STORAGE / RACKS	3365-0469	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (2) pike poles and (2) 10' X 6" hard suction hoses. Reduces selected water tank capacity by approximately 450 gallons for pumpers.	\$ 11,109.00
LADDER STORAGE / RACKS	3365-0470	Hard suction Storage Box located in the officer side roof top compartment. The storage to be boxed off inside roof top compartment. Includes vertical hinged smooth plate door painted job color as applicable (wired to door ajar) w/D-ring latch. Storage to hold (2) 6" X 10' hard suction tubes horizontal side by side..	\$ 4,147.00
LADDER STORAGE / RACKS	3365-0471	Upper hosebed storage area above ladder or storage tunnel on officer side body. Upper storage area to have an open top and run length of the hosebed area. Includes hosebed style flooring and matching rear vinyl or cargo net cover of same style/color as main hosebed.	\$ 1,983.00
LADDER STORAGE / RACKS	3365-0472	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet and (3) up to 12' in length pike poles.	\$ 2,723.00
LADDER STORAGE / RACKS	3365-0473	Upper hosebed storage area above driver side compartments. Upper storage area to have an open top and run length of the available hosebed area as optioned. Includes hosebed style flooring.	\$ 1,987.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0474	Officer side vertical storage tunnel. For use with low hosebed, fully enclosed and extended to pump area with drain holes forward in tunnel flooring. Tunnel to hold: 2-Section 24', 14' roof, 10' attic and (2) D-Handle pike poles. Includes vertically hinged rear smooth plate door(s) with push-button latch. The attic ladder to be stored below the 2-section and roof ladders. The D-Handle pike poles to be located on the hose bed wall outboard of ground ladders. Ladder tunnel will not extend to top of the body, the area above the ladder tunnel to have hosebed style flooring.	\$ 6,830.00
LADDER STORAGE / RACKS	3365-0475	Hard suction storage box, vertical, over/under. Located in the officer's side hose bed. Includes a swing open door, vertical hinged on left side (wired to door ajar) w/trigger latch, hose bed style top and flooring. Box to hold (2) 6" x 10' long tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0476	Ladder Storage Box. Located in the officer side hosebed. The top shall be enclosed using hosebed style top. Includes vert hinged door (wired to door ajar) w/ thumb latch(s). Box to hold (1) one 24' 2-section, (1) one 14' roof, (1) one 10' folding attic ladder, (4) four pike poles, and (2) two 6" x 10' hard suction hose above ladders.	\$ 6,182.00
LADDER STORAGE / RACKS	3365-0477	Hard suction storage box, vertical, over/under. Located in the driver's side hose bed. Includes a swing open door, vertical hinged on right side (wired to door ajar) w/trigger latch, hose bed style top and flooring. Box to hold (2) 6" x 10' long tubes (not included).	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0478	Hard suction storage box with strainer storing capacity. Located in the driver side hose bed. Includes a swing open diamond plate door, vertically hinged on the right hand side (inboard) and wired to door ajar w/thumb latch(es), diamond plate top and nylatron flooring (no divider). Box to hold [#LOC] tubes with strainer.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0479	Hard suction Storage in hosebed for the following: (2) 6" x 10' Hoses. Includes (1) hosebed divider with squared off upper rear, vertically hinged (to swing into hosebed area) door with latch (wired to door ajar indicator) and composite material overlay on hosebed flooring. Upper area open and main hosebed cover to be used to cover top area of hardsuction storage area. Storage located to officer of hosebed.	\$ 2,260.00
LADDER STORAGE / RACKS	3365-0480	Hard suction storage in hosebed for the following: (2) 6" x 10' hard suction hoses. Includes (1) hosebed divider with squared off upper rear, vertically hinged (to swing outboard hosebed area) door with latch (wired to door ajar indicator) and composite material overlay on hosebed flooring. Upper area open and main hosebed cover to be used to cover top area of storage area. Storage located to officer side of hosebed.	\$ 2,260.00
LADDER STORAGE / RACKS	3365-0481	Zico hydraulic drop down portable tank rack. Rack located to officer of body. Rack sized to be a portable tank 169" long. The control switching to be located officer side rear compartment face with the rack being in full view of the operator during operations.	\$ 11,974.00

LADDER STORAGE / RACKS	3365-0519	Upper hosebed storage area above driver side compartments. Upper storage area to have an open top and run length of the available hosebed area as optioned. Includes slotted flooring for storage of 17' Little Giant Ladder with divider set 8.5", leaving 4.25" outboard for customer installed backboards. Dealer to supply stops for backboards.	\$ 2,740.00
LADDER STORAGE / RACKS	3365-0520	Storage tunnel capable of holding: (2) 6" x 10' hard suction hoses (individually vertically stacked) in Drivers Side Storage Tunnel. Includes vertically hinged rear smooth plate door with push-button latch. Tanker Only.	\$ 1,919.00
LADDER STORAGE / RACKS	3365-0521	Officer side ladder storage tunnel. Includes area for a vertically stored 35' 3-section', 16' roof and 10' folding ladders plus storage for two (2) standard pike poles.	\$ 3,321.00
LADDER STORAGE / RACKS	3365-0522	Ladder storage box in driver side of hosebed. Dimensions to be 25" wide x 9" high x length of hosebed. Includes ladder stop 66" back from opening and diamond plate drop down door 8" high (1" open space between top of door and top of box) with a D-ring latch (wired to door ajar indicator) and composite material overlay on hosebed flooring.	\$ 2,543.00
LADDER STORAGE / RACKS	3365-0523	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet, (3) 10' pike poles, and (1) 8" "D" handle trash hook.	\$ 3,897.00
LADDER STORAGE / RACKS	3365-0524	Hard suction storage box. Located in the driver side hose bed. No door. Box to hold one (1) 6" X 10' tube below and a slotted smooth plate floor for hose storage above.	\$ 1,620.00
LADDER STORAGE / RACKS	3365-0525	Recessed folding ladder and pike pole storage compartment located right rear of body. Compartment sized to store a 10' ladder with feet and (3) pike poles. The pike poles shall be (1) 6', (1)8', and (1) 10'. Content labels to be located on access door.	\$ 2,516.00
LADDER STORAGE / RACKS	3365-0526	Storage box located in the officer side ladder tunnel above the attic ladder storage box. To be constructed of .125" aluminum smooth plate x 5" wide x 6" high x 82" long similar to the attic ladder box. Closed end at front.	\$ 651.00
LADDER STORAGE / RACKS	3365-0527	Zico hydraulic drop down portable tank rack. Rack located to officers side on compartment top of body. Rack sized for 2500 gallon aluminum frame portable tank. The control switching to be located on the right rear switch panel with the rack being in full view of the operator during operations.	\$ 10,964.00
LADDER STORAGE / RACKS	3365-0528	Zico drop down rack to have smooth plate cover between outboard rack assemblies. Cover to be painted job color.	\$ 1,566.00
LADDER STORAGE / RACKS	3365-0529	Storage box for (1) 10' length of hard suction hose. Includes rear mounted vertically hinged door with latch (wired to door ajar indicator). Locate to driver's side compartment top. To be large enough to hold customer installed low level strainer attached to the hose and folding ladder.	\$ 2,466.00
LADDER STORAGE / RACKS	3365-0530	Folding ladder storage located drivers side hard suction compartment. Sized to store a 10' ladder with feet.	\$ 1,362.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0531	(2) aluminum pike pole storage tubes. Locate officer's side hard suction compartment. Sized for 10' pike poles.	\$ 659.00
LADDER STORAGE / RACKS	3365-0532	Storage box for (1) 10' length of hard suction hose. Includes rear mounted vertically hinged door with latch (wired to door ajar indicator). Locate to officer's side compartment top. To be large enough to hold customer installed low level strainer attached to the hose and two pike poles.	\$ 2,466.00
LADDER STORAGE / RACKS	3365-0533	Zico hydraulic drop down portable tank rack. Rack located to driver's side on compartment top of body. Rack sized for 2500 gallon aluminum frame portable tank. The control switching to be located on the left rear switch panel with the rack being in full view of the operator during operations.	\$ 10,544.00
LADDER STORAGE / RACKS	3365-0534	Ladder assist roller system shall be provided for the Duo-Safety 40-45' 1525-A "Bangor" style ladder in the ladder tunnel. Includes sealed bearing rollers at the opening of the ladder tunnel. Purpose is to relieve a significant portion of the weight of the ladder at the opening to reduce the pulling force required to remove the ladder from the storage compartment.	\$ 1,179.00
LADDER STORAGE / RACKS	3365-0535	Hard suction storage box. Located in the driver side hose bed. Includes a swing open smooth plate door painted job color, vertical hinged on the right hand side (inboard) and wired to door ajar w/"D"-ring latch(es), hose bed style top and nylatron flooring (no divider). Box to hold [#LOC] tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0536	Hard suction storage box. Located in the officer side hose bed. Includes a swing open diamond plate door, vertically hinged on the right hand side (outboard) and wired to door ajar w/"D" ring latch(es), hose bed style top and nylatron flooring (no divider). Box to hold [#LOC] tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0537	Internal aluminum frame portable tank storage with vertically hinged diamond plate door (wired to door ajar) with a D-ring latch. Access door to be located to the rear of the Driver's side of body. Included is a composite material floor overlay and a tank stop for use with a 2100 gallon aluminum frame portable storage tank.	\$ 1,500.00
LADDER STORAGE / RACKS	3365-0538	Ladder storage in hosebed for the following: (1) 20' 2-section extension and (1) 12' roof laddersr, (1) 10' folding attic, (2) standard 10' pike pole storage tubes and (2) two 4" hard suction hose with small style coupling (10' LENGTH UNLESS NOTED OTHERWISE IN RELEASED ORDER). Extension and roof ladders stored nested above other items in storage box. Includes (1) hosebed divider style side support with squared off upper rear, vertically hinged (to swing into hosebed area) door with latch (wired to door ajar indicator) and composite material overlay on hosebed flooring and below ground ladders. Upper area open and main hosebed cover to be used to cover top area of ladder storage area. Storage located to officer's side of hosebed.	\$ 2,567.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0539	Hard suction storage rack. Locate on the Officer's side adjustable ladder tracks (above ladder brackets if applicable). Includes spring hold downs with scuff plates (as applicable). For use with 15' hard suction hose.	\$ 1,045.00
LADDER STORAGE / RACKS	3365-0540	Ladder tunnel. Tunnel to be a compact design configured to stow (1) CJL-14, (1) Little Giant 1A-17, (1) 36 in. long closet hook with D-handle, (1) 48 in. long trash hook with D-handle. Tunnel option will reduce the compartment area of the lower body. Locate: B1 high as possible.	\$ 5,349.00
LADDER STORAGE / RACKS	3365-0541	Tunnel, ladder. An aluminum diamond plate storage tunnel shall be provided to stow (1) FL-10. The tunnel shall have a smooth aluminum hinged access door with a sanded finish. Locate: Body roof top walk way against driver side boxes and flush with rear of body.	\$ 1,418.00
LADDER STORAGE / RACKS	3365-0542	Center mounted ladder tunnel. Ladder rack to hold: PEL3-35, PEL-20, PRL-14, PRL-12 and FL-10.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0543	Hard suction storage box. Located in the driver side hose bed. Includes a swing open door, vertical hinged on the right hand side (inboard) and wired to door ajar w/push-button latch(es), hose bed style top and nylatron flooring (no divider). Box to hold [#LOC] tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0544	Hosebed Storage Box. Located in the officer side hosebed. Includes drop down door (wired to door ajar) w/push-button latch(es), hosebed style top and nylatron flooring (no divider). Box to hold (1) stokes basket. Includes stop bracket approximately 88" back from opening. Stokes basket 86" long x 24" wide x 8" high.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-0545	Double hard suction hose storage tray. Locate inboard side of overhead ladder rack(s) (1) stacked above the other. Includes (2) securing straps per tray. For use with 10' hard suction hoses.	\$ 3,360.00
LADDER STORAGE / RACKS	3365-0546	2-Arm Ladder Rack to be painted Sikkens FLNA 4145 Black.	\$ 6,006.00
LADDER STORAGE / RACKS	3365-0547	(2) pairs of pike pole mounting brackets. Locate inboard side of rack for use with customer/dealer installed pike poles. Brackets to be located so they retain both a standard pike and a D-handle model. Brackets to be P.A.C. TOOLOK.	\$ 723.00
LADDER STORAGE / RACKS	3365-0548	Backboard storage located in upper storage compartment under hose bed to the left of the supplied center divider. A vertical partition is to be located across the front of storage 84 inches deep x available height at door opening approx. 10 inches x available width of 20 inches to center divider. Space to be utilized for storage of backboards. Remaining area to the right of the center supplied divider to have a vertical partition located across the front of storage 100 inches deep and to contain a storage box for a 8' "D"-handle trash hook along with two (2) pike pole tubes for two (2) 8' pike poles with NY hooks.	\$ 2,575.00
LADDER STORAGE / RACKS	3365-0549	One (1) pike pole and two (2) multipurpose hooks and a folding ladder tucked behind ground ladders on the adjustable ladder tracks on the officer's side outside of the hose bed.	\$ 2,277.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0550	Backboard Storage Box. Located in the officer side hose bed. Includes hinged door (wired to door ajar) w/push-button latch. Box to hold (1) backboard.	\$ 1,439.00
LADDER STORAGE / RACKS	3365-0551	Triple Hard Suction Storage Rack for 10' hard suction hoses. Driver upper body side. For use with custom style hose hold downs.	\$ 1,592.00
LADDER STORAGE / RACKS	3365-0552	2-Arm Ladder Rack to be painted Sikkens FLNA 9550 Dark Grey Metallic.	\$ 6,393.00
LADDER STORAGE / RACKS	3365-0553	Hard suction hose storage tray. Locate on top of Zico drop-down ladder rack. Mount secure straps further outboard to accommodate longer hard suction hose up to 13' in length.	\$ 1,681.00
LADDER STORAGE / RACKS	3365-0555	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: 2-Section 24ft, 14ft roof, 10ft attic, (1) back board and (4) pike poles. Includes vertical hinged rear smooth plate door matching rear body finish with push-button latch. Upper storage area to have an open top and run full length of the body. Upper area to have hose bed style flooring.	\$ 6,422.00
LADDER STORAGE / RACKS	3365-0556	Center mounted ladder tunnel. Ladder rack to hold: PEL-35, PEL-28, PEL-24, PRL-16, PRL-14 and FL-10 attic ladder.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0557	Storage box for (1) 15' length of hardsuction hose. Includes vertically hinged door with latch (wired to door ajar indicator). Locate [#LOC] side below "T" of water tank.	\$ 1,487.00
LADDER STORAGE / RACKS	3365-0558	Recessed folding ladder storage assembly located behind the lift up stair case. Assembly constructed of smooth aluminum plate and sized to store a 12' ladder with feet. Requires notching of all transverse compartment walls at center ceiling level. Ladder not included.	\$ 1,142.00
LADDER STORAGE / RACKS	3365-0559	Zico pike pole mounting brackets (PR). Locate inside forward transverse area in E-MAX module forward of stokes basket storage. May limit/omit back board storage at this location. To store short 6ft poles in upper module transverse. ZICO parts PPMB-AA and PPMB-BB. These are the brackets only and will not include any tubes or pike poles.	\$ 346.00
LADDER STORAGE / RACKS	3365-0560	Storage box located [#LOC]. Includes hinged diamond plate door w/D-Ring style latch (thumb latch if space is restricted). The box is to be the full length of the available hose bed and include stop(s) as needed for storage content. Unless otherwise specified, the top of the storage box will remain open with the hosebed cover acting as the top.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0561	Pike pole tubes. Provide (2) tubes to accommodate Fire Hooks Unlimited New York Hook Model RH-6 pike pole storage. Locate: Pump module upper transverse area on driver side.	\$ 1,400.00
LADDER STORAGE / RACKS	3365-0562	Pike pole tubes. Provide (2) tubes to accommodate Fire Hooks Unlimited New York Hook Model RH-6 pike pole storage. Locate: Pump module upper transverse area on officer side.	\$ 1,400.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0563	A module formed from .188" aluminum treadplate shall be provided and installed on the driver side interior walkway. This module shall be as high and wide as necessary to contain the ladder assortment and to become the base of the bench seat assembly. It shall have a rear access door hinged on the aisle side with bent D-ring handle and sliding locking pins.	\$ 12,350.00
LADDER STORAGE / RACKS	3365-0564	Hard Suction Storage Rack Double side by side 2.5" or 3.0" hard tubes. Drivers side in adjustable track above ladders and or other track mounted options (if applicable). Includes NFPA retaining strap(s). To hold (2) 2.5" or 3.0" x 10' long hard tubes on a side by side double tray.	\$ 1,515.00
LADDER STORAGE / RACKS	3365-0565	Hard suction storage box, smooth plate side wall construction painted job color. Located on the [#LOC]. Includes vertically hinged door(s) (wired to door ajar) w/D-Ring latch(s). Compartments are to extend to the back side of the L2 compartment and to be approximately the same height as L1, L2 compartments. Lower two (2) box compartments to have stops to accommodate 10' suction hose. Third compartment to have stops to accommodate 10' pike pole with D style handles. Uppermost compartment to have stops to accommodate 6' pike poles with D style handles.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0566	Ladder storage officer side compartment top. Includes boot at forward compartment top and a hold-down for (1) 24' 3-section and (1) 12' roof ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-0568	Top of the storage area shall have hosebed style slats to prevent accumulation of water and allow for ventilation of wet hose.	\$ 1,065.00
LADDER STORAGE / RACKS	3365-0570	Ladder storage tunnel through the tank located to the [#LOC] of the water tank stacked vertical. Wetside Tanker Only.	\$ 8,825.00
LADDER STORAGE / RACKS	3365-0571	Ladder storage through tank for (1) 2-section 28' extension, (1) 16' roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 300 gallons for pumpers and 350 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-0572	Officer side Combination tunnel upper compartment Contents: (2) 6" x 10' hard suction hoses (not included) stored vertical. Includes necessary plate work and bolt in removable floors between tubes as stored with end stops to prevent the tube from sliding forward into body during transit. Includes Nylatron or similar flooring material to ease deployment of hoses.	\$ 1,980.00
LADDER STORAGE / RACKS	3365-0573	Recessed folding ladder and pike pole storage compartment located at rear of apparatus officer side under "T" of tank. Compartment sized to store a 10' ladder with feet and (3) pike poles positioned with tubes on center for double side headed pike poles, NY style or similar.	\$ 1,886.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0575	Portable storage tank in hosebed for the following: 2100 gallon aluminum frame tank. Includes (2) hosebed divider with squared off upper rear, vertically hinged (to swing into hosebed area) door with latch (wired to door ajar indicator) and composite material overlay on hosebed flooring. Upper area open and main hosebed cover to be used to cover top area of storage area. Storage located 5" from the officer side hosebed side.	\$ 3,266.00
LADDER STORAGE / RACKS	3365-0576	Driver side combination tunnel upper compartment Contents: (2) 6" x 10' hard suction hoses (not included) stored vertical and (2) Closet Hooks with D-Handles above the hard suction. Includes necessary plate work and bolt in removable floors between content as stored with end stops to prevent the content from sliding forward into body during transit. Includes Nylatron or similar flooring material to ease deployment of hoses and closet hooks.	\$ 1,980.00
LADDER STORAGE / RACKS	3365-0577	Left hosebed horizontal tunnel. For use with low hose bed. Tunnel to hold: 24' 2-Section, 14' roof ladder and 10' attic. Includes horizontal top hinged rear diamond plate door(s) with bent D-ring latch. Open storage space on left side for additional long handle tool storage.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0578	Ladder storage through tank for (1) 2-section, (1) 14' roof, (1) 10' attic with feet and (2) pike poles. Includes horizontally hinged lift up door with Bent D-Ring latch (wired to door ajar indicator). Reduces selected water tank capacity by approximately 250 gallons.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-0579	Hard suction storage rack for (1) 6" x 11' suction hose. Locate: [#LOC]. Includes NFPA retaining strap(s).	\$ 679.00
LADDER STORAGE / RACKS	3365-0580	Driver side vertical storage tunnel behind reduced depth upper side compartments. Tunnel to hold: up to (2) 10' lengths of 6" hard suction hose. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 3,732.00
LADDER STORAGE / RACKS	3365-0581	Officer side vertical storage tunnel behind right side upper compartments. Tunnel to hold: up to a 24' 2-section and 14' roof, up to (3) pike poles and a folding ladder. Includes a vertically hinged rear smooth plate door with bent D-ring latch and a gas tube hold-open.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-0582	Smooth plate portable folding tank cover. Cover to be painted job color. For use with 4000 tank and Zico drop down rack.	\$ 2,160.00
LADDER STORAGE / RACKS	3365-0583	Zico hydraulic drop down rack on driver body. Secures an oversized portable folding tank with 4000 gallon capacity on 3500 gallon apparatus. Tank not included.	\$ 12,131.00
LADDER STORAGE / RACKS	3365-0584	Zico hydraulic drop down rack on officer body. Secures an oversized portable folding tank with 4000 gallon capacity on 3500 gallon apparatus. Tank not included.	\$ 12,131.00
LADDER STORAGE / RACKS	3365-0585	Ladder storage through tank for (1) 2-section 28' extension, (1) 16' roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers or large water tank pumper applications.	\$ 5,725.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0586	Hard Suction Storage Box Drivers side. Located in the driver's side of the hose bed. Includes a vertically hinged (to swing into hosebed area) door with thumb latch (wired to door ajar indicator) and composite material overlay. Box to hold (1)one 6" x 15' long hard suction hose (outboard), and (1)one 4" x 10' long hose (inboard). The closed end of box shall be built to help deflect the main hose load inboard around the shorter hard suction hose length. The hard suction storage area to be open top style with the main hose bed cover used to cover both the hard suction box and main hose bed area.	\$ 3,186.00
LADDER STORAGE / RACKS	3365-0587	Hard Suction Storage Box Officers side. Located in the officer's side of the hose bed. Includes a vertically hinged (to swing into hosebed area) door with thumb latch (wired to door ajar indicator) and composite material overlay. Box to hold (1)one 6" x 15' long hard suction hose (outboard), and (1)one 4" x 10' long hose (inboard). The closed end of box shall be built to help deflect the main hose load inboard around the shorter hard suction hose length. The hard suction storage area to be open top style with the main hose bed cover used to cover both the hard suction box and main hose bed area.	\$ 3,186.00
LADDER STORAGE / RACKS	3365-0588	Sanded smooth plate top above the hosebed storage area to allow for storage of long handle tools and other miscellaneous items.	\$ 354.00
LADDER STORAGE / RACKS	3365-0589	Double hard suction storage rack. Two (2) racks side by side mounted to adjustable bracket. Driver side in ladder track. Includes securing strap to keep in place. Rack shall accommodate 4" hard suction hose.	\$ 1,810.00
LADDER STORAGE / RACKS	3365-0590	Storage box recessed into rear body officer side above side compartment ceiling for hard suction hose. Includes vertical hinged door (matching rear body) with D-ring latch (wired to door ajar indicator) and hose stops as applicable.	\$ 1,275.00
LADDER STORAGE / RACKS	3365-0591	Storage box recessed into rear body driver side above side compartment ceiling for hard suction hose. Includes vertical hinged door (matching rear body) with D-ring latch (wired to door ajar indicator) and hose stops as applicable.	\$ 1,275.00
LADDER STORAGE / RACKS	3365-0592	Hard suction storage compartment for (1) 6 inch x 8' hose. Hoses to be recessed in rear of body in upper area of inside compartment. Locate: Driver side high as possible thru rear of body and pass thru side body compartments rear upper corner. Includes vertical hinged rear body access door w/D-Ring latch (wired to door ajar). Door material and finish to match rear body.	\$ 2,673.00
LADDER STORAGE / RACKS	3365-0593	Recessed pike pole storage compartment located officer side under hose bed above water tank. Compartment sized to store up to (6) up to 8ft. length pike poles. With a horizontal hinged drop down door tied to door ajar in cab with a drop stop and push button latch.	\$ 1,595.00
LADDER STORAGE / RACKS	3365-0594	Ladder storage officer side compartment top. Includes boot at forward compartment top and a hold-down for (1) Duo-Safety 925-A 22' 3-section extension ladder.	\$ 1,521.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0595	Ladder storage driver side compartment top. Includes boot at forward compartment top and a hold-down for (1) Duo-Safety 1000-A 14' 2 section extension ladder and (1) 1000-A 10' 2 section extension ladder nested.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-0596	Hosebed Storage Box. Located in the officer side hosebed. Includes vertical hinged to swing outboard smooth plate rear door (wired to door ajar) w/D-Ring latch, Box to be fabricated from .188 embossed tread plate at the top and the top access doors and smooth plate on the sides where mounted against the hosebed or where hose will store against box. Storage box shall feature support structure as applicable to allow for the box to be walk on with up to 300# capacity. Box to hold (1) stokes basket in the upper storage area above a divider and (2) backboards in the lower area below the divider both storage areas to be 63in. deep and boxed at the forward ends to provide stops. Forward area ahead of stokes and back board storage to have a top side lift up coffin lid with gas shock(s) and D-Ring latch(s) as applicable (wired to door ajar) so that the remaining space in the forward area of the hosebed can be used for storage. Box to be bolt in and removable to service water tank if required.	\$ 5,781.00
LADDER STORAGE / RACKS	3365-0598	Double hard suction storage rack (side by side) for 6" x 10' hard suction hoses. Hard suction storage rack located officer side compartment top. Includes spring hold downs with scuff plates (as applicable).	\$ 1,248.00
LADDER STORAGE / RACKS	3365-0599	Officer side Combination tunnel upper compartment Contents: (1) 6" x 10' hard suction hose (not included) stored in upper tunnel. Includes necessary plate work and bolt in removable floor between tube and lower tunnel as stored with end stops to prevent the tube from sliding forward into body during transit. Includes Nylatron or similar flooring material to ease deployment of hose.	\$ 1,132.00
LADDER STORAGE / RACKS	3365-0600	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertical hinged rear diamond plate door(s) with bent D-Ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0601	Hard Suction Storage Box Horz. Located in the [#LOC] hose bed. Includes vertical hinged aluminum smooth plate DA finish door (wired to door ajar) w/D-ring style latch and nylatron flooring. Top of box to feature hose bed slat flooring to accommodate storage of additional hose above the box as applicable per hose bed available depth. Box to hold (2) 10' hard suction hoses horizontal positioned side by side.	\$ 3,402.00
LADDER STORAGE / RACKS	3365-0602	Hard Suction Storage Rack. Driver side raised above the compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable). Rack to include brackets on hose bed side to raise the hard tube above compartment top to clear optional scene lights or similar equipment mounted on compartment top.	\$ 877.00

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0603	Storage box for (1) Fresno ladder model 14-701. Aluminum with job color painted finish, located behind the ground ladders on the officer's outside of the body. Box will be open at the rear and include nylon strap(s) to secure the ladder during transit.	\$ 2,872.00
LADDER STORAGE / RACKS	3365-0604	Storage tunnel to be completely enclosed to prevent road grime, dust, water or snow from entering into the storage tunnel.	\$ 1,408.00
LADDER STORAGE / RACKS	3365-0605	Hosebed storage box. Includes hinged raised compartment lid with turn latches and grab handle(s) wired to door ajar indicator in cab. Includes LED light that shall illuminate when the lid is in the open position.	\$ 1,840.00
LADDER STORAGE / RACKS	3365-0606	Internal ladder tunnel storage with vertically hinged smooth plate door painted job color (wired to door ajar) includes D-ring latch. Access door to be located to the rear of the officer's side body. Storage tunnel capable of holding: (1) 2-Section Ladder, (1) Roof Ladder (Ladders not to exceed body side length), and (1) Folding Attic Ladder, with (2) pike poles.	\$ 5,506.00
LADDER STORAGE / RACKS	3365-0607	Hard Suction Storage Box Vert. Located in the hosebed as specified in hose load table between lays of hose. Includes vertical hinged diamond plate door (wired to door ajar) w/push-button latch and nylon flooring. Box to hold two (2) 6in x 10ft. hard suction hoses and two (2) 3in. X 10ft. hard suction hoses vertical stacked. Both sides of the storage box shall be hosebed dividers full available height and length as applicable per location.	\$ 4,847.00
LADDER STORAGE / RACKS	3365-0608	Bolt-in storage sleeve. Located in center of ladder rack to be approximately 5" wide x 19" high by as deep as waterway riser pipe will allow. Note sleeve to remain open at rear.	\$ 1,364.00
LADDER STORAGE / RACKS	3365-0609	Hard suction storage boxes welded one each side to upper body hose bed side sheets, to be painted as applicable. Includes vertically hinged brushed stainless steel rear access doors and aluminum hose trays without forward travel limit stops to allow storage for longer hose. Maximum hose length is 11'-6". Requires minimum 88" high body.	\$ 5,314.00
LADDER STORAGE / RACKS	3365-0610	Hard suction storage rack for (1) 6" X 16' suction hose. Locate [#LOC]. Includes NFPA retaining strap(s).	\$ 1,045.00
LADDER STORAGE / RACKS	3365-0612	The ladder storage shall be designed so that the ground ladders shall be not be nested and can be individually removed.	\$ 982.00
LADDER STORAGE / RACKS	3365-0613	Hosebed Storage Box. Located in the officer side hosebed. Includes drop down door (wired to door ajar) w/push-button latch(es), hosebed style top and nylatron flooring (no divider). Box to hold (1) stokes basket and (3) backboards. Includes stop bracket approximately 88" back from opening. Stokes basket 86" long x 24" wide x 8" high, backboards will stow inside stokes basket.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-0614	Horizontal ladder bracket. Location and type of ladder: over R1 for Little Giant model 17. Mounted similar to previous unit, see photo in electronic file.	\$ 536.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0616	(1) pike pole storage tube. Locate inboard side of ladder rack with pike pole hook stored in the up position or as applicable to hook.	\$ 553.00
LADDER STORAGE / RACKS	3365-0617	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertically hinged rear smooth plate door(s) with D-Ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0618	Storage box for (2) two 12' length of hard suction hose. Includes vertically hinged door with latch (wired to door ajar indicator). Locate to drivers side below "T" of tank.	\$ 2,568.00
LADDER STORAGE / RACKS	3365-0619	Four (4) pike poles and a folding ladder tucked behind ground ladders on the adjustable ladder tracks. The bottom two (2) are standard pike poles and the upper two (2) are roof hook pike poles. The rear end of the pike poles to be 2" short of the end of the body side.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-0620	Backboard Storage Box adjustable and mounted horizontally located in the hose bed. Includes horizontally hinged drop down door (wired to door ajar) w/push-button latches. Box to hold (1) backboard. The storage box opening shall be 3" high x 20" wide and a stop at 76" deep. The box to be full length of the hosebed.	\$ 1,439.00
LADDER STORAGE / RACKS	3365-0621	Hard suction hose storage tray. Locate on top of Zico drop-down ladder rack. Mount secure straps further outboard to accommodate longer hard suction hose up to 15' in length.	\$ 1,681.00
LADDER STORAGE / RACKS	3365-0622	Triple hard suction storage rack. Driver side in ladder track. Includes NFPA restraining straps. Rack shall accommodate 2.5" (or) 3" hard suction hose.	\$ 2,065.00
LADDER STORAGE / RACKS	3365-0623	Thru tank for (1) 5in. x 8ft. jet dump discharge hose with elbow and 2 ft. drop pipe. For use with Jet Dump and Folding drop tank. Reduces selected water tank capacity by 40 gallons. To include a storage bracket to accommodate horizontal positioning of the elbow pipe above jet dump and tank fills in B1. Bracket to be attached to compartment wall and shall be .25 in. thick and have a rounded notch in the top side for the dump pipe to rest in with a strap with nylon buckle attached to rear wall above and below pipe as stowed to secure the pipe for transit.	\$ 4,620.00
LADDER STORAGE / RACKS	3365-0627	The storage box shall have hosebed style top.	\$ 936.00
LADDER STORAGE / RACKS	3365-0630	Storage box located [#LOC] with composite material overlay on the flooring and applicable stop(s) to prevent equipment from sliding in too far.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0631	Storage box located [#LOC] with composite material overlay on the flooring and applicable stop(s) to prevent equipment from sliding in too far.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0632	The driver side of the upper rear body panel area shall have a storage area for one (1) standard backboard stored vertically. Board to be industry standard backboard size of 72" long x 17" wide x 3" high. This area shall also retain a folding 6 foot 'A' frame ladder, 24" wide x 7" high. Both ladder and back boards are customer installed. Includes a rear facing smooth aluminum vertically hinged access door with stainless steel bent D-ring latch.	\$ 3,815.00

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0633	Hard suction storage racks. Located in the drivers and officer's side hose outer beds. Forward section of hose to be under the upper water tank cover. Nylon buckle strap assemblies installed at the rear openings. Each to hold (1) 6" x 10' long tube.	\$ 2,844.00
LADDER STORAGE / RACKS	3365-0634	Recessed pike pole storage compartment located right rear of body up high at hose bed level under roof top compartments. Compartment sized to store (4) 10' pike poles. Not available if reels are optioned in roof top compartments with cord or hoses deployed in compartments below.	\$ 1,908.00
LADDER STORAGE / RACKS	3365-0635	Hard suction storage box, horizontal side by side. Located in the driver's side hose bed. Includes drop down smooth plate door (wired to door ajar) w/bent D-ring latch, hose bed style top and flooring. Box to hold (2) 6" x 10' long tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0636	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertical hinged rear smooth plate door(s) with stainless steel bent D-ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0637	Two (2) multipurpose hooks and a folding ladder tucked behind ground ladders on the adjustable ladder tracks on the officer's side outside of the hose bed.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-0638	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 24' 2-section and 14' roof, plus (2) pike poles and a folding ladder and standard backboard. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,307.00
LADDER STORAGE / RACKS	3365-0640	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet and (3) up to 12' in length pike poles. The storage compartment shall be accessed through a hinged 1/8" smooth aluminum plate door with a push button latch. The door shall be wired to the door ajar indicator light in the cab and shall be interlocked with the parking brake per NFPA.	\$ 2,723.00
LADDER STORAGE / RACKS	3365-0641	A bolt on aluminum fabricated sign plate shall be mounted to the exterior vertical surface of the hydraulic ladder rack. This shall provide a mounting surface for lights along with an area for graphics. Sign plate shall be painted job color.	\$ 1,976.00
LADDER STORAGE / RACKS	3365-0642	Ladder tunnel. Located at frame height in B1 offset to the officer side. Ladders stored on-beam. Includes chain retention assembly.	\$ 6,149.00
LADDER STORAGE / RACKS	3365-0643	One (1) multipurpose hook and a folding ladder above ground ladders on the adjustable ladder tracks on the officer's side outside of the hose bed. The aluminum tube for the hook will be welded to the mounting bracket in lieu of a clamp.	\$ 1,823.00
LADDER STORAGE / RACKS	3365-0644	Dual hold down brackets to secure a 2-section extension and roof ladder. Includes an additional full height Unistrut channel.	\$ 507.00
LADDER STORAGE / RACKS	3365-0645	A pair of PAC TRAC positive locking brackets for a D handle pike pole. Locate outboard side of rack	\$ 635.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0646	Hosebed ladder storage box with diamond plate top. Located officer's side in hosebed: To include (1) 10' attic w/feet (in a box) w/(2) 10' pike pole tubes mounted over top, (1) PRL-14 & (1) PEL-24. Ladders to be stored on beam. Included are (2) hosebed dividers with squared ends, diamond plate top and a vertically hinged diamond plate door (hinged to driver's side) wired to the door ajar indicator.	\$ 2,689.00
LADDER STORAGE / RACKS	3365-0647	(4) aluminum pike pole storage tubes. (4) 48" pike pole tubes to be located just below full depth compartment ceiling of L3/B1/R2 , rearward, and horizontally mounted (2) each side offset from the other (2), for dealer supplied and installed trash hooks. End of each tube to be 6" in from inside door opening. Dealer is to supply and install required retaining devise for hooks.	\$ 1,313.00
LADDER STORAGE / RACKS	3365-0648	Hard suction storage thru tank for (4) 6" x 10' hard suction hoses. Includes a smooth plate horizontal drop down hinged door wired to door ajar with push button latch. Reduces selected water tank capacity by approximately 250 gallons.	\$ 5,325.00
LADDER STORAGE / RACKS	3365-0649	Storage box w/center divider for (2) two equal lengths of 6" hard suction hose(s), length of hose shall vary w/overall length of box. Each end of the box shall include a vertically hinged swing-out door with push-button latch (wired to the door ajar). The box and doors shall be smooth aluminum plate and painted job color. The storage box shall be located on driver side compartment top and be as long as the compartment top surface shall permit.	\$ 2,194.00
LADDER STORAGE / RACKS	3365-0650	Storage box on driver side compartment top with an open top access and seatbelt style straps with the buckle end mounted to the top of box. Box will be designed per customer specific requirements.	\$ 3,836.00
LADDER STORAGE / RACKS	3365-0651	Fire extinguisher storage rack to hold (2) extinguishers in a single horz row. Each storage area to be 11" wide x 11" high x 25" deep with a trough in the bottom (same as used in E-ONE wheelwell bottle storage. Bottom and sides of the trough to include ribbed rubber inserts. Each opening to have a vertically mounted strap. Rack to be mounted to the compartment top below off set in R1 off set forward.	\$ 910.00
LADDER STORAGE / RACKS	3365-0652	(2) D-handle pike pole storage tubes 8' on length. Locate inboard side of ladder rack with pike pole hooks stored in the up position.	\$ 1,032.00
LADDER STORAGE / RACKS	3365-0653	Pike pole storage compartment located in driver side of hosebed. Includes drop down door with push button latch. Compartment sized to store (2) pike poles.	\$ 926.00
LADDER STORAGE / RACKS	3365-0654	Dual hard suction hose storage with stops located in the drivers side hose bed. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-0655	Ladder tunnel. Tunnel sized to properly stow (1) CJL-14 combination ladder & (1) FL-10 roof ladder. Located: B2.	\$ 4,339.00
LADDER STORAGE / RACKS	3365-0656	Hard suction hose storage tray. Locate on top of Zico drop-down hard suction hose rack for additional tube capacity.	\$ 1,681.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0657	SCBA/Fire Extinguisher storage. Locate in [#LOC]. To hold (6) bottles floor mounted. There shall be a permanent shelf located 8" off of floor. Space below shall be have 6 equally spaced openings.	\$ 1,435.00
LADDER STORAGE / RACKS	3365-0658	Hard Suction Storage Rack. Officer side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable). Rack to hold (1) 8 foot tube.	\$ 767.00
LADDER STORAGE / RACKS	3365-0659	Little Giant sleeve for a Classic Model 17 approx 9.25" W x 25.5" H x 56" L for vertical storage in transverse compartment. Includes (2) nylon black straps with clip release to secure the ladder in place with composite flooring. Located just above upper transverse floor offset to the L2 opening. Accessible from L2 only.	\$ 1,010.00
LADDER STORAGE / RACKS	3365-0660	Zico hydraulic drop down rack on officer body. Secures an oversized portable folding tank with 3500 gallon capacity on 3000 gallon apparatus. Tank not included.	\$ 12,131.00
LADDER STORAGE / RACKS	3365-0661	Zico pike pole mounting brackets (PR). Locate inside transverse area in E-MAX module beneath the stokes basket storage. May limit/omit storage at this location. ZICO parts PPMB-AA and PPMB-BB. These are the brackets only and will not include any tubes or pike poles.	\$ 346.00
LADDER STORAGE / RACKS	3365-0662	Storage for (1) 8' Dry Wall pike pole. Located in rear storage area.	\$ 621.00
LADDER STORAGE / RACKS	3365-0664	Storage box recessed into rear body driver side above side compartment ceiling for miscellaneous storage. Includes vertical hinged door (matching rear body) with D-ring latch (wired to door ajar indicator) and stops as applicable.	\$ 1,275.00
LADDER STORAGE / RACKS	3365-0665	Storage box recessed into rear body officer side above side compartment ceiling for miscellaneous storage. Includes vertical hinged door (matching rear body) with D-ring latch (wired to door ajar indicator) and stops as applicable.	\$ 1,275.00
LADDER STORAGE / RACKS	3365-0666	Fire extinguisher storage rack to hold (3) extinguishers in a single horizontal row. Each storage area to be 11" wide x 11" high x 25" deep with a trough in the bottom (same as used in E-ONE wheelwell bottle storage. Bottom and sides of the trough to include ribbed rubber inserts. Each opening to have a vertically mounted strap. Loc: R1	\$ 1,357.00
LADDER STORAGE / RACKS	3365-0667	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (6) bottles- (1)wide/(6)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 1,036.00
LADDER STORAGE / RACKS	3365-0668	Ladder storage thru tank for (1) 3-section 24' extension, (1) 12' roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 300 gallons.	\$ 6,235.00
LADDER STORAGE / RACKS	3365-0669	Pike pole storage box. Located in the officer side of the hose bed (full length). Includes vertically hinged door (wired to door ajar) w/push-button latch. Box to hold: (3) pike poles(NY hooks if applicable).	\$ 2,276.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0670	Recessed folding ladder and pike pole storage compartment located at rear of apparatus driver side under "T" of tank. Compartment sized to store a 10' ladder with feet and (3) pike poles.	\$ 1,886.00
LADDER STORAGE / RACKS	3365-0671	Storage box removable, bolt-in, located in the [#LOC] hose bed. Includes smooth plate sanded sides and interior and (2) two diamond plate lids per box with raised water lip lids(wired to door ajar) w/D-ring latches and applicable lighting and hold open shocks. Box to feature an adjustable divider in the forward area of the box to hold 3-4 5 gallon foam buckets per box in place during transit. Remaining area rearward of foam pail storage to be open storage.	\$ 5,601.00
LADDER STORAGE / RACKS	3365-0672	Zico LAS-XT electric drop-down ladder rack. Rack located to officer side of body. The control switching to be located on the side pump panel with the rack being in full view of the operator during operations.	\$ 11,690.00
LADDER STORAGE / RACKS	3365-0673	Enclosed folding ladder storage compartment rear of body on driver side below hose bed with horizontally top hinged door and push-button latch.	\$ 1,392.00
LADDER STORAGE / RACKS	3365-0674	(2) pike pole tubes inside folding ladder storage compartment, driver side.	\$ 898.00
LADDER STORAGE / RACKS	3365-0675	Ladder tunnel. Tunnel sized to properly stow (1) FL-10 roof ladder. Located: B2.	\$ 945.00
LADDER STORAGE / RACKS	3365-0676	Stop bracket (fixed) to be located just aft of Tank Fill Tower.	\$ 262.00
LADDER STORAGE / RACKS	3365-0677	Storage for Little Giant ladder as indicated on sales drawing. Includes: poly flooring, (hinged access door with thumb style latch at each end to secure ladder in place if located in transverse areas). Design shall accommodate transverse access when located in transverse compartment (if applicable). Finish is sanded aluminum. Locate in [#LOC].	\$ 1,423.00
LADDER STORAGE / RACKS	3365-0678	(4) pike pole storage tubes. Located top of the rear transverse area of L3/R2. Tubes to be attached to tracks for adjustablity front to rear of B1. Tubes will have no slots.	\$ 986.00
LADDER STORAGE / RACKS	3365-0679	Portable tank storage compartment recessed into center of water tank for (1) 2100 gallon portable tank. Forward portion to include stop for portable tank. Includes lift up smooth plate door with Bent-D ring latch located above the B1 compartment. Reduces water capacity by approximately 120 gallons. Porta-tank not included.	\$ 6,327.00
LADDER STORAGE / RACKS	3365-0680	SCBA/Fire Extinguisher storage rack. To hold (4) bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts. Each storage slot to be 11" wide x 11" high. Locate: R3	\$ 3,572.00
LADDER STORAGE / RACKS	3365-0681	Ladder tunnel. A smooth aluminum storage tunnel shall be provided to stow (1) one FL-(specify) folding ladder as specified on customer approval drawing. Option shall include a smooth aluminum hinged access door with a sanded finish (as required) . Locate in [#LOC] compartment.	\$ 1,418.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0682	Tube for pike pole with multipurpose head shall be provided. Locate in [#LOC].	\$ 524.00
LADDER STORAGE / RACKS	3365-0683	Hard suction storage box welded to left side upper body hose bed side sheet for dual vertically stacked 10' hose. Painted as applicable. Includes vertically hinged smooth aluminum rear access door and aluminum hose trays with forward travel limit stops. Requires minimum 93" high pumper body.	\$ 4,359.00
LADDER STORAGE / RACKS	3365-0684	Vertical ladder brackets (2) with adjustable tracks. Locate on officer's side of body above R7 to hold Little Giant Model 17 ladder.	\$ 1,691.00
LADDER STORAGE / RACKS	3365-0685	Storage Box. Located in the officer side hosebed. Includes vertically hinged door (wired to door ajar) w/push-button latch and open top. Box area to be 26" wide x 18" high x length of hosebed.	\$ 1,628.00
LADDER STORAGE / RACKS	3365-0686	Overhead Zico storage rack door modification: The gas shock shall be mounted in such a way that it would be capable of being removed from the outside of the apparatus with the door in up or down position.	\$ 427.00
LADDER STORAGE / RACKS	3365-0687	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, and (1) 10' attic with feet. Provide retaining straps to hold contents stationary. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-0688	Storage box located [#LOC]. Content of the storage to be horizontal and include a horizontal hinged door w/D-Ring style latch (thumb latch if space is restricted). The box is to be the full length of the available hose bed and include stop(s) as needed for storage content.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0690	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: (1) 2-section 20' ladder and (2) backboards. Includes vertical hinged rear boxed out smooth plate door(s) with push-button latch. Includes upper hose bed style flooring.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0691	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (6) pike poles. Reduces selected water tank capacity by approximately 300 gallons for pumpers and 350 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-0692	Ladder tunnel. Tunnel sized to properly stow (1) PEL 3-35, (1) PEL 2-28, (1) PRL-16 & (1) CJL-14. Tunnel will reduce transverse usable space in body compartments. Located: B1.	\$ 6,846.00
LADDER STORAGE / RACKS	3365-0693	Ladder tunnel. Tunnel sized to properly stow (1) FL-12 attic ladder with feet. Located: B1.	\$ 1,041.00
LADDER STORAGE / RACKS	3365-0694	Rack, SCBA/Fire Extinguisher vertical storage rack. A vertical storage rack to hold (4) four bottles stored angled upward in the compartment. openings are to include ribbed rubber inserts. Each storage slot from the bottom to be 11" wide x 11" high with the top opening size to be the remainder of to over all height. Locate: R2 per customer approval drawing.	\$ 3,572.00
LADDER STORAGE / RACKS	3365-0695	A pair of PAC TRAC positive locking brackets for a D handle pike pole. Locate inboard side of rack	\$ 635.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0696	A bolt on aluminum fabricated sign plate approx 25" X 205.50" mounted to the exterior vertical surface of the hydraulic ladder rack. This shall provide a mounting surface for lights along with an area for graphics. Sign plate shall be painted job color.	\$ 1,976.00
LADDER STORAGE / RACKS	3365-0697	Enclosed folding ladder storage compartment rear of body on the officer side below hose bed with horizontally top hinged door and push-button latch.	\$ 1,392.00
LADDER STORAGE / RACKS	3365-0698	Upper hosebed storage area above driver side compartments as applicable. Upper storage area to have an open top and run length of the hosebed area. Includes hosebed style flooring.	\$ 1,983.00
LADDER STORAGE / RACKS	3365-0699	Hard Suction Storage Rack. Driver side on top of Zico drop down rack. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 799.00
LADDER STORAGE / RACKS	3365-0700	Double Hard Suction Storage Rack for 15' hard suction hoses. Driver side compartment top. Includes spring hold downs with scuff plates (as applicable)	\$ 2,264.00
LADDER STORAGE / RACKS	3365-0701	Hard Suction storage driver side compartment top. Includes diamond plate boot at forward compartment top for hard suction hose end .	\$ 536.00
LADDER STORAGE / RACKS	3365-0702	Controls for the Ziamatic ladder rack shall be located inside the officer side rear body compartment.	\$ 542.00
LADDER STORAGE / RACKS	3365-0703	Ladder storage through tank, Vertical oriented, ladders on edge, for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 300 gallons. Requires addition body mods.	\$ 6,665.00
LADDER STORAGE / RACKS	3365-0704	Dual hard suction hose storage with stops located in the officer side upper roof top storage compartment in a (1) wide x (2) high configuration. Includes an outboard hinged rear access door (wired to door ajar) with D-ring latch. Bottom storage area sized hold a 10' long hose with preconnected barrel strainer.	\$ 4,203.00
LADDER STORAGE / RACKS	3365-0705	Storage box located [#LOC]. Content of the storage to be vertically stacked. The box is to be the full length of the available hose bed and include stop(s) as needed for storage content.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0706	Zico brackets for (2) 10' Boston rakes on the drop down ladder rack, officer side. Includes retaining pins/straps as applicable.	\$ 898.00
LADDER STORAGE / RACKS	3365-0707	Center mounted ladder tunnel. Ladder rack to hold: (2)PEL-35, PEL-28, PEL-24, PRL-20 and FL-10 (with rubber block feet).	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0708	Ladder storage through tank for (1) 2-section 24' extension, (1) 14'/28' folding roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 340 gallons for pumpers and 390 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-0709	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: (1) 2-section ladder and (1) roof ladder, plus (2) NY Style pike poles and a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,064.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0710	Driver side vertical storage tunnel. For use with tanker. Tunnel to hold: 3-Section 35', 14' roof and 10' attic.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0711	Recessed pike pole storage compartment located on the officer side between the upper and lower compartments. Compartment sized to store (2) 10' multi/all purpose - NY Roof Hook (s). The box to be 5" deep.	\$ 926.00
LADDER STORAGE / RACKS	3365-0712	Miscellaneous hose bed storage horizontal partition assembly. Located in the main hose bed offset to officers side to rear of tank fill towers. No door. Storage area to be used for miscellaneous storage. Requires minimum of two (2) hose bed dividers.	\$ 1,620.00
LADDER STORAGE / RACKS	3365-0713	Double Hard Suction Storage Rack. Driver side compartment top. Includes spring hold downs with scuff plates (as applicable). For use with 12' hard suction hoses.	\$ 2,676.00
LADDER STORAGE / RACKS	3365-0714	Hard suction storage rack located on the officer side catwalk. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 767.00
LADDER STORAGE / RACKS	3365-0715	(2) aluminum pike pole storage tubes. Locate officers side compartment top. Storage for (1) 6' and (1) 10' long, standard head pike pole.	\$ 659.00
LADDER STORAGE / RACKS	3365-0716	Enclosed horizontal storage tunnel between top of tank and below hose bed floor. Tunnel to hold: (1) 2-section ladder, (1) roof ladder, (2) pike poles and a folding ladder with shoes (offset to the officer side). Partition installed next to the ladder/pike storage with a back wall installed at a depth of 84" to provide a separate area for storage of long tools. Tunnel includes a single horizontally hinged lift-up rear smooth plate door with bent D-ring latch and a gas tube hold-open.	\$ 4,715.00
LADDER STORAGE / RACKS	3365-0717	Dual hard suction hose storage with stops located in the officer side upper header, stored vertically. Includes an outboard vertically hinged rear access door (wired to door ajar) with a push-button trigger latch.	\$ 4,203.00
LADDER STORAGE / RACKS	3365-0718	Partition for storage tunnel. Includes divider to separate forward and rearward area of storage tunnel. Includes trim pieces to deflect elements from entering the storage tunnel at each end of the aluminum hosebed cover spanning on top of the tunnel if equipped.	\$ 687.00
LADDER STORAGE / RACKS	3365-0719	Hard Suction Storage Box. Located horizontal in the officer's side hosebed. Includes vertical hinged door (wired to door ajar) with D-Ring style latches and nylatron flooring. Box to hold two (2) 6" x 10' hard suction hose, (1) 10' Folding Ladder, (2) 10' pike pole storage tubes.	\$ 4,172.00
LADDER STORAGE / RACKS	3365-0720	Storage box located [#LOC]. Content of the storage to be vertically stacked and include a vertically hinged door w/ thumb latch style latch. The box is to be the full length of the available hose bed and include stop(s) as needed for storage content.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0721	Recessed folding ladder and pike pole storage compartment located right rear of body. Compartment sized to store a 10' ladder with feet and (2) pike poles.	\$ 2,069.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0722	Storage tunnel capable of holding: Center compartment above water tank. three (3) 4" x 10' hard suction tubes with storz fittings to the right of divider, to the left of divider, one (1) 10' attic ladder with feet next to tank fill tube, three (3) pike pole tubes to fit 10' pike poles upper left and one (1) back board storage sleeve lower left with stop and secure strap behind fill tower.	\$ 3,544.00
LADDER STORAGE / RACKS	3365-0723	Hold down brackets to secure a 2-section extension and roof ladder. Ladders retained by a seat belt style buckle strap mounted on the adjustable brackets.	\$ 568.00
LADDER STORAGE / RACKS	3365-0724	Hard suction storage box welded left side to upper body hose bed side sheet, to be painted as applicable. Includes a latching vertically hinged brushed stainless steel rear access door and aluminum hose tray with forward travel limit stop. Requires minimum 90" high tanker body.	\$ 2,946.00
LADDER STORAGE / RACKS	3365-0725	Storage tunnel capable of holding: Center compartment above water tank. three (3) 6in. x 10ft. hard suction tubes stored side by side horizontal. Hose bed support divider to be placed as applicable to support hose bed but also be positioned between hard tubes as stored. To include side surround as applicable to keep tubes in place on top of tank during transit and stops as applicable to keep tube end at door for ease of deployment on-scene.	\$ 1,475.00
LADDER STORAGE / RACKS	3365-0726	Center mounted ladder tunnel. Ladder rack to hold: (2)35' 1200-A, 28' 1200-A, 20' 875-A, 16' 875-A and 10' 585-A folding attic ladder.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0727	Horizontal ladder brackets right side of body in recessed storage area above half side compartments. Brackets to hold from top to bottom: 16' 1000-A, 14' roof 775-A and 24' 900-A.	\$ 4,308.00
LADDER STORAGE / RACKS	3365-0729	Recessed folding ladder and pike pole storage compartment located driver side just below "T" of the tank. Compartment sized to store a 10' ladder with feet and (2) pike poles. To have a hinged smoothplate door with a thumb latch hinged to open downward tied to door ajar and park brake per NFPA.	\$ 1,787.00
LADDER STORAGE / RACKS	3365-0730	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet, (3) 10' pike poles, (1) 12' pike pole and (1) 8' "D" handle trash hook.	\$ 4,237.00
LADDER STORAGE / RACKS	3365-0731	(2) pike pole tubes with retaining pins. Locate to top of Zico PTS rack cover. Tubes are for use with up to (2) 10' poles.	\$ 562.00
LADDER STORAGE / RACKS	3365-0732	Ladder tunnel. Located at frame height in B1 offset to the officer side. Ladders stored flat. Includes nylon buckle straps to retain ladders. Reduces selected water tank capacity by approximately 250 gallons.	\$ 6,149.00
LADDER STORAGE / RACKS	3365-0733	Ladder storage rack. Includes rack and hold-down for (1) 12 2-section extension ladder. Locate: officer side roof top compartment.	\$ 536.00

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0734	Fire extinguisher storage rack to hold (3) extinguishers in a single horizontal row. Each storage area to be 11" wide x 11" high x 25" deep with a trough in the bottom (same as used in E-ONE wheelwell bottle storage. Bottom and sides of the trough to include ribbed rubber inserts. Each opening to have a vertically mounted strap. Loc:B1 beneath permanent shelf above booster reel.	\$ 1,357.00
LADDER STORAGE / RACKS	3365-0735	Officer side vertical storage tunnel behind right side upper compartments. Tunnel to hold: 24' 2-section, 14' roof, (3) pike poles, folding ladder and (1) backboard. Includes a vertically hinged rear smooth plate door with bent D-ring latch and a gas tube hold-open.	\$ 4,689.00
LADDER STORAGE / RACKS	3365-0736	Fire extinguisher storage rack to hold (3) extinguishers in a single horz row. Each storage area to be 11" wide x 11" high x 25" deep with a trough in the bottom (same as used in E-ONE wheelwell bottle storage. Bottom and sides of the trough to include ribbed rubber inserts. Bolt to the bottom of the adjustable shelf in R2 forward end.	\$ 1,357.00
LADDER STORAGE / RACKS	3365-0737	Recessed pike pole storage compartment located left rear of body up high. Compartment sized to store a 8' rubbish hook and (2) 10' pike poles.	\$ 2,069.00
LADDER STORAGE / RACKS	3365-0738	Folding Ladder/Multi-Purpose hook aluminum tread plate module installed on the roadside interior walkway for vertical storage of (1) folding ladder with shoes and (3) 10' multi-purpose hooks. Door hinged on the aisle side with a trigger latch.	\$ 2,654.00
LADDER STORAGE / RACKS	3365-0739	Fire extinguisher storage rack to hold (4) extinguishers in (4) 11" x 11" bins in a square assembly (2x2) with a pitch down toward back wall. Bottom and sides to include thin nylotron overlays. Each opening to have a vertically mounted strap. Location: Floor mounted in R2 offset against forward wall.	\$ 1,810.00
LADDER STORAGE / RACKS	3365-0740	Storage compartment in hosebed for a 6' step ladder and (1) backboard with stop. Includes divider between the backboards and step ladder and top. Forward of this storage to the front of the hosebed to be open for additional storage.	\$ 1,741.00
LADDER STORAGE / RACKS	3365-0741	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet and (3) 10' pike poles.	\$ 2,516.00
LADDER STORAGE / RACKS	3365-0742	Stop bracket to be located approximately 75" back in upper storage compartment above B1 for long handle tools.	\$ 262.00
LADDER STORAGE / RACKS	3365-0743	Recessed pike pole storage compartment located officers side rear of body up high. Compartment sized to store (4) 10' pike poles.	\$ 1,837.00
LADDER STORAGE / RACKS	3365-0744	Storage box located [#LOC].The box is to be the full length of the available hose bed and include stop(s) as needed for storage content. It is to be as wide as possible up to the hosebed center divider.	\$ 3,230.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0745	Storage box on officer side compartment top with 2 half length side hinged down access doors with 2 butterfly latches per door (wired to door ajar). Box to be approximately 149" long x 10" high x 12" deep without center divider. Storage is for 2.5" DJ hose with nozzle for hi-rise pack remaining extra space for tool storage. With black Turtle Tile Brand flooring.	\$ 2,753.00
LADDER STORAGE / RACKS	3365-0746	Storage tunnel capable of holding: (2) 6" x 10' hard suction hoses (individually vertically stacked) and an upper storage area for (1) one 10' Folding ladder, plus (2) Two Pike Poles tubes, in a Driver Side Storage Tunnel. Includes vertically hinged rear smooth plate door with D-Ring latch. Tanker, Pumper/Tanker.	\$ 3,572.00
LADDER STORAGE / RACKS	3365-0747	Officer side ladder storage tunnel. Includes area for a vertically stored 24' 2-section and 14' roof. Includes vertically hinged rear smooth plate door with D-Ring latch.	\$ 2,352.00
LADDER STORAGE / RACKS	3365-0748	Center mounted ladder tunnel for HP100 and HPS100 Platforms. Note: 1" aerial raise required with 30' and larger 3-section ladder in tunnel. Rack to hold: PEL-35, (2)PEL-28, (2)PRL-20 & FL-10 without shoes.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0749	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: 2-Section 24ft, 14ft roof, 10ft attic, (1) back board, (4) pike poles and (1) 6" x 10' hard suction hose. Includes vertical hinged rear smooth plate door matching rear body finish with push-button latch(s).	\$ 6,422.00
LADDER STORAGE / RACKS	3365-0750	Officer side vertical storage tunnels. For use with low hose bed. Lower tunnel to hold [#LOC]. The upper tunnel to be full length of hose bed with nylatron flooring and diamond plate top to hold one (1) 6" x 10' hard suction hose. Includes vertically hinged rear .1875" smooth plate doors with D-ring latch on each door accessible at the rear of body	\$ 5,223.00
LADDER STORAGE / RACKS	3365-0751	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (2) pike poles, and (1) backboard. Reduces selected water tank capacity by approximately 350 gallons.	\$ 6,655.00
LADDER STORAGE / RACKS	3365-0752	Single hard suction hose storage (with stops for 10' hose) located in the driver side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a trigger latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-0753	Tube for shovel storage shall be provided. Locate in [#LOC].	\$ 524.00
LADDER STORAGE / RACKS	3365-0754	Single hard suction hose storage (with stops for 10' hose) located in the officer side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a trigger latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-0755	A bolt on aluminum fabricated sign plate mounted to the exterior vertical surface of the hydraulic ladder lift structure to provide a mounting surface for lights along with an area for graphics. Sign plate painted job color (for use when the ladder lift has a DA sanded finish).	\$ 3,922.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0756	Stokes basket storage located in the driver side upper header inboard of the hard suction hose. Basket stored on edge. Includes a stop bracket at front of stokes for containment, approximately 88" deep.	\$ 2,369.00
LADDER STORAGE / RACKS	3365-0757	Recessed folding ladder located right rear of body up high. Compartment sized to store a 10' ladder with feet.	\$ 2,069.00
LADDER STORAGE / RACKS	3365-0758	Dual ladder tunnel for HP75 / HP78 SideStacker. Ladder rack to hold: PEL3-35, PEL-28, PEL-24, PRL-16, FL-10 w/o shoes and no handles.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0759	Enclosed horizontal storage tunnel, constructed of smooth aluminum plate, between top of tank and below hose bed floor. Tunnel to hold: (1) 2-section ladder, (1) roof ladder and a backboard (offset officer side) along with (2) pike poles and a folding ladder with shoes (offset driver side). Partition installed next to the ladder/pike storage with a back wall at a depth of 84" to provide an additional storage area. Drop down smooth plate door with (2) single point bent D-ring latches.	\$ 5,260.00
LADDER STORAGE / RACKS	3365-0760	Bracket, mounting for ladder. Location and type of ladder: Body roof top dunnage area for Little Giant model 17	\$ 719.00
LADDER STORAGE / RACKS	3365-0762	Storage box to mount in adjustable ladder tracks on officer side compartment top with an open top access and seatbelt style straps with the buckle end mounted to the top of box. Box to run the length of the body side and be for the storage of hi-rise hose packs.	\$ 3,836.00
LADDER STORAGE / RACKS	3365-0763	Backboard stop bracket to be located approximately 76" back in officer side of ladder tunnel.	\$ 485.00
LADDER STORAGE / RACKS	3365-0765	Hard suction storage tray for 12' hose. Locate on top of Zico drop-down portable tank rack. Hose not included.	\$ 1,681.00
LADDER STORAGE / RACKS	3365-0766	Diamond plate storage box for (3) 5" x 10' hardsuction hoses (not included). Includes rear facing access with a full width vertical hinged door with mechanical latching (wired to door ajar). Storage to be located on driver side	\$ 2,936.00
LADDER STORAGE / RACKS	3365-0767	Recessed D-handle pike pole storage compartment located on the officer side below the hosebed. Compartment sized to store (2) 6' D-handle pike poles.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-0768	Dual ladder tunnel for HP75 / HP78 SideStacker with tall R1 compartment. Ladder rack to hold: In T1 (1) PEL-24 and (1) PRL-16, in T2 at top (1) attic ladder and (6) pike poles below.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0769	Horizontal ladder bracket. Location and type of ladder: over R1 for Little Giant Model 17. Includes PacTrac on compartment top with PacTrac brand hold down to keep Little Giant in place.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0770	Dual hard suction hose storage with stops located in the drivers side upper header, stored one above the other. Rear access door is vertically hinged outboard (wired to door ajar) w/bent D-ring latch.	\$ 3,666.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0771	Driver side vertical storage tunnel. For use with low hose bed. Tunnel to hold: (1) Ferno 71 style Stokes Basket, (4) Four standard pike pole tubes held back 6" from opening stored (1) one in each corner of 7" H X 13" W area below stokes, and a box for (1) one 10' Folding Ladder next to stokes. Ahead of ladder storage will be a separate additional storage area with a hinged diamond plate access door. Lid shall include turn latches and grab handle. Door shall be held in the open position by pneumatic shocks. Includes vertically hinged rear smooth plate door(s) with D-Ring latch and vinyl cover over tray above stokes. The cover shall be held in place with heavy duty Velcro.	\$ 6,782.00
LADDER STORAGE / RACKS	3365-0772	Storage box for a ground ladder in aerial sidestacker hosebed offset to left side, includes bolt-on diamond plate top, hosebed divider for outside wall and hinged door with D-ring latch (material to match rear body platework). To hold PEL-35 two section ladder on edge. Note if hose bed should extend beyond ladder enclosure that area shall be for hose storage. (if applicable) Aerial sidestacker application only.	\$ 3,177.00
LADDER STORAGE / RACKS	3365-0773	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet,(1) 6' pike poles,(1) 6' NY Roof Hook pole, (1) 7' DFD Cistern Key, (1) 7' utility service key and (1) backboard. Reduces selected water tank capacity by approximately 300 gallons.	\$ 6,655.00
LADDER STORAGE / RACKS	3365-0774	Storage tunnel above B1 capable of holding: (1) Junkin Model JSA-200 (84.5" long x 24.5" wide 7.5" high) stokes basket enclosed and the depth of the box to be 86". Install (1) divider 26.5" off driver side wall. Right side remaining area will have a stop set at 75" and a right side wall.	\$ 2,045.00
LADDER STORAGE / RACKS	3365-0775	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold in the upper section (1) 3-section 24',12'roof and in the lower section 10' attic ladders. Includes vertically hinged rear diamond plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0776	Three (3) pike poles and a folding ladder tucked behind ground ladders on the adjustable ladder tracks. Includes (2) hold down brackets to secure the extension and roof ladder. Retaining pins and strap(s) shall be provided to hold the pike poles and folding ladder.	\$ 5,380.00
LADDER STORAGE / RACKS	3365-0777	Hard suction Storage Box located in the officers side roof top compartment. The storage to be boxed off inside roof top compartment. Includes vertical hinged smooth plate door (wired to door ajar) w/push-button latch. Storage to hold [#LOC] 6" x 10' hard suction hoses.	\$ 4,147.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0778	Tool storage box. Located in the hose bed between dividers. Includes drop down door (wired to door ajar) w/D-ring latch, Top of box to be solid with hose bed style flooring added to minimize any water intrusion into box. Box to be bolt in and removable and to be sized accordingly for width to fit between dividers as applicable to hose load and be 12 inches tall by available depth of the hose bed as positioned. Width of box to be marginally more narrow than divider opening to allow for water shed around box as installed. Box to hold handled forestry tools or similar.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0779	Storage thru tank for (1) stokes basket stowed horizontal. Tunnel to be located in central area of water tank as applicable offset to officer side. Approximate size inside tunnel shall be 12" tall x 27" wide x 81" deep or as applicable to tank location. Stokes basket will store inside tunnel with the end protruding into upper rear shallow storage access door compartment. Reduces selected water tank capacity by approximately 152 gallons.	\$ 3,244.00
LADDER STORAGE / RACKS	3365-0780	Recessed pike pole storage compartment located on the driver side rear just below the compartment top. Includes lift up stainless steel access door. Compartment sized to store (2) 10' pike poles. The box to be approximately 3.5" deep.	\$ 951.00
LADDER STORAGE / RACKS	3365-0781	Zico HSS-XT electric drop-down suction tube rack. Rack includes Zico double hard suction hose storage trays with mounting brackets and retainer straps. The control switching to be located on the side pump panel with the rack being in full view of the operator during operations. Rack located to driver side of body.	\$ 13,602.00
LADDER STORAGE / RACKS	3365-0782	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof and (2) pike poles. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-0783	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet and (2) 12' pike poles.	\$ 2,069.00
LADDER STORAGE / RACKS	3365-0784	Ladder storage box. Located in the officer side hose bed. Includes vertical hinged door (wired to door ajar) w/push-button latch(es), hose bed style top and nylatron flooring (no partition). Box to hold (1) CJL-14.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0785	Sleeve through the officer side compartment into the rear compartment to accomodate Little Giant Model 17 ladder on its beam. Includes a strap to secure the ladder and appropriate spacer/stop. Rear wall of the sleeve to extend all the way to the lower ceiling of the compartment to create a transverse storage area above the little giant ladder.	\$ 1,372.00
LADDER STORAGE / RACKS	3365-0786	(3) pike pole storage tubes. Locate [#LOC].	\$ 986.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0787	Zico hydraulic drop down portable tank rack. Rack located to [#LOC] of body. Rack sized for [#COL] gallon steel frame portable tank. The control switching to be located on the side pump panel with the rack being in full view of the operator during operations.	\$ 10,964.00
LADDER STORAGE / RACKS	3365-0788	Horizontal ladder storage trays on the driver's and officer's sides, rear access, below folding tanks.	\$ 11,347.00
LADDER STORAGE / RACKS	3365-0789	Ladder storage module, 1/8" smooth aluminum sheet. Located below the upper center walkway. Includes hinged smooth plate lift-up door with gas tube hold open, bent D-ring latch and door operated light. Module to provide horizontal storage for the following Alco-Lite ladders: (1) 24' 2-section, (1) 14' roof, (1) 10' folding, (1) 14' combination. Module will also store (2) RH-6 and (1) APH-10 hooks.	\$ 6,591.00
LADDER STORAGE / RACKS	3365-0790	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (4) pike poles. Reduces selected water tank capacity by approximately 300 gallons for pumper and 400 gallons for tanker body styles.	\$ 6,308.00
LADDER STORAGE / RACKS	3365-0791	Enclosed horizontal storage tunnel between top of tank and hose bed floor. Tunnel to hold: 24' 2-section, 14' roof, (3) pike poles (6',8',10') with APH ends, and a folding ladder with shoes (offset to the officer side). Full height and length partition approximately 16" off driver side wall with positive stops at 96" deep. Includes a horizontally hinged lift-up rear smooth plate door with trigger type latches and a gas tube hold-open.	\$ 4,917.00
LADDER STORAGE / RACKS	3365-0792	Recessed storage compartment located just below hose bed to store one (1) sheet rock hook and one (1) LA trash hook with fiberglass handles.	\$ 4,232.00
LADDER STORAGE / RACKS	3365-0793	Ladder storage rack. Includes: rack for (1) PEL-12 2-section extension ladder. Locate: B3.	\$ 536.00
LADDER STORAGE / RACKS	3365-0794	Hard Suction Storage Rack. Locate: on adjustable track above the ladder. Includes (1) spring hold down and scuff plates behind spring mount (as applicable)each. Includes unpainted smooth plate box to hold end of hose in place. Mount box on forward track for rear tray end to be at end of body.	\$ 1,212.00
LADDER STORAGE / RACKS	3365-0795	Two (2) pike poles tucked behind ground ladders on the adjustable ladder tracks on the officer's side outside of the hose bed.	\$ 2,027.00
LADDER STORAGE / RACKS	3365-0796	Stainless steel scuff plate to protect paint from vertical ladder bracket storage. Located at each end of body on vertical extrusion above compartment top.	\$ 491.00
LADDER STORAGE / RACKS	3365-0797	Sanded smooth plate top on the [#LOC] storage box.	\$ 350.00
LADDER STORAGE / RACKS	3365-0798	Zico VM-7 pike pole mounting brackets (PR). Locate on top of Zico drop-down ladder rack. Brackets can hold up to 16' pike pole. These are the brackets only and will not include any tubes or pike poles.	\$ 373.00
LADDER STORAGE / RACKS	3365-0799	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet and (2) 10' New York style pike poles.	\$ 2,069.00

LADDER STORAGE / RACKS	3365-0805	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold in the upper section (1) 3-section 24',12'roof and in the lower section 10' attic ladders. Includes vertically hinged rear smooth plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0806	Little Giant sleeve for a model 17 ladder approx 9.25" W x 25.5" H x 56" L for vertical storage on forward wall of R1 with stops for access from R1 only. Retaining straps to secure the ladder in place.	\$ 1,010.00
LADDER STORAGE / RACKS	3365-0807	Upper hosebed storage area above driver side compartments as applicable. Upper storage area to have smooth plate vertical hinged door with trigger latch and an open top and run length of the hosebed area. Includes hosebed style flooring.	\$ 2,345.00
LADDER STORAGE / RACKS	3365-0808	Recessed folding ladder and pike pole storage compartment located below officer side "T" of the tank. Compartment sized to store a 10' ladder with feet and (2) pike poles. Pike pole tubes shall be aluminum.	\$ 2,715.00
LADDER STORAGE / RACKS	3365-0809	Hard suction storage box. Located in the officer side hose bed. Includes a swing open door, vertical hinged on the left hand side (inboard) and wired to door ajar w/push-button latch(es), hose bed style top and nylatron flooring (no divider). Box to hold [#LOC] tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0810	Stop bracket to be located approximately 80" back in the lower area of the officer side storage tunnel.	\$ 262.00
LADDER STORAGE / RACKS	3365-0811	Five (5) multipurpose hooks and a folding ladder tucked behind ground ladders on the adjustable ladder tracks on the officer's side outside of the hose bed.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-0812	Hard suction storage rack. Locate on the Officer's side adjustable ladder tracks (above ladder brackets if applicable). Includes spring hold downs with scuff plates (as applicable). For use with 14' hard suction hose.	\$ 1,045.00
LADDER STORAGE / RACKS	3365-0813	Hard Suction Storage Rack. Driver side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable). For use with 14' hard suction hose.	\$ 1,020.00
LADDER STORAGE / RACKS	3365-0814	Hard suction storage box, vertical, over/under. Located in the officer's side hose bed. Includes a swing open door, vertical hinged on left side (wired to door ajar) w/trigger latch and flooring. Box to hold (2) 6" x 10' long tubes. Box will have a treadplate top to be used as a step surface (IPO Duradek floor) since no hose will be stored above the box.	\$ 3,230.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0815	Ladder storage rack. Includes: rack for (1) PEL-16 2-section extension ladder. Locate: B3.	\$ 603.00
LADDER STORAGE / RACKS	3365-0816	Ladder tunnel. Tunnel to be a compact design and approximately 12" Tall X full width of B1 X approx 14 feet deep. Tunnel sized to stow (1) 24' 2-section ladder & (1) 14' roof ladder. Tunnel option will reduce the compartment area of the lower body. Locate: B1.	\$ 6,406.00
LADDER STORAGE / RACKS	3365-0817	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet and (2) 12' New York style pike poles.	\$ 2,069.00
LADDER STORAGE / RACKS	3365-0818	Storage for Little Giant ladder as indicated on sales drawing. Includes: poly flooring and cargo net to secure ladder in place. Finish is to match compartment interior. Locate on rearward wall just inside of opening to L1 for Little Giant Model 17.	\$ 1,423.00
LADDER STORAGE / RACKS	3365-0819	Fire extinguisher storage rack to hold (2) extinguishers in (2) 10" x 10" bins configured one on top of the other (vertical stack) with a pitch down toward back wall. Bottom and sides to include thin nylotron overlays. Each opening to have a vertically mounted strap. Location: Floor mounted in R2 offset forward.	\$ 911.00
LADDER STORAGE / RACKS	3365-0820	Brackets to store one (1) 24' 2-section extension ladder, (1) 12' 2-section extension ladder & one (1) 14' roof ladder. Construction is aluminum with a sanded finish. Locate: Rescue body interior, officer side walkway wall, low. Ladders will extend into the transverse R2 compartment within an enclosure.	\$ 1,076.00
LADDER STORAGE / RACKS	3365-0821	Ladder Storage Box. Located in the officer side hosebed. The top shall be enclosed using hosebed style top. Includes vertical hinged door (inboard), wired to door ajar and W/ D-ring latch for ladder area only. The hosebed cover and rear flap shall be sold separately. Box to hold bottom to top Duo-Safety ladders (1) 14' roof, (1) 28' 2-section, (2) pike poles, (1) "Fresno" 701 10' ladder and, (1) backboard and (1) Little Giant Overhaul ladder. Reduces selected water tank capacity for up to 250 gallons for pumpers.	\$ 5,563.00
LADDER STORAGE / RACKS	3365-0822	Storage box. Located in the driver side hose bed. Includes a swing open smooth plate door painted job color, vertical hinged on the left hand side (outboard) and wired to door ajar w/ push button latch. Box to hold misc. storage below and a slotted smooth plate for hose storage above.	\$ 1,620.00
LADDER STORAGE / RACKS	3365-0823	Stop bracket(s) to be located approximately 142" back in driver side storage tunnel for the hard suction hose(s).	\$ 262.00
LADDER STORAGE / RACKS	3365-0824	(2) aluminum pike pole storage tubes. Locate in the pump module transverse offset forward above shelf (partition).	\$ 659.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0825	Officer side vertical storage tunnel. For use with low hose bed. Tunnel wall adjacent to the hose be extended to the same height as the outer hose bed side sheet to provide a hose storage area above the tunnel. Hose bed decking to match main hose bed. Tunnel to hold: 2-Section 28', 16' roof, 10' attic, (3) pike poles and a backboard. Includes vertical hinged rear smooth plate door(s) with stainless steel bent D-ring latch.	\$ 5,327.00
LADDER STORAGE / RACKS	3365-0826	Driver side vertical storage tunnel behind reduced upper depth left side compartments. Tunnel to hold: up to (2) 9'-6" lengths of 6" hard suction hose. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 3,732.00
LADDER STORAGE / RACKS	3365-0827	Long tool storage with stop located (above ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (wired to door ajar) w/bent D-ring deadbolt type latch.	\$ 2,285.00
LADDER STORAGE / RACKS	3365-0828	Storage box for folding ladder and pike pole storage compartment located in hosebed. Compartment sized to store a 10' ladder with feet and (2) pike poles.	\$ 1,797.00
LADDER STORAGE / RACKS	3365-0829	Ladder storage thru tank for (1) 6" x 10' hard suction hose. Reduces selected water tank capacity by approximately 80 gallons.	\$ 1,625.00
LADDER STORAGE / RACKS	3365-0830	Hard Suction Storage Rack. Driver side in adjustable tracks. Includes spring hold downs and scuff plates.	\$ 799.00
LADDER STORAGE / RACKS	3365-0831	Hard Suction Storage Racks. Officer side hose bed side with adjustable tracks. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 1,751.00
LADDER STORAGE / RACKS	3365-0832	Storage box located [#LOC]. Includes a vertically hinged smooth plate door w/D-Ring style latch (thumb latch if space is restricted). The box is to be the full length of the available hose bed and include stop(s) as needed for storage content. Unless otherwise specified, the top of the storage box will remain open with the hosebed cover acting as the top.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0833	Hard suction storage boxes welded one each side to upper body hose bed side sheets, to be painted as applicable. Includes vertically hinged brushed stainless steel rear access doors and aluminum hose trays without forward travel limit stops to allow storage of longer hose.	\$ 5,314.00
LADDER STORAGE / RACKS	3365-0834	Dual hard suction hose storage (without stops) located in the officer side upper header. This allows for longer suction hoses (maximum length of 14'). Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 4,360.00
LADDER STORAGE / RACKS	3365-0835	Ladder tunnel. Located at frame height in B1 offset to the officer side. Ladders stored on-beam with pike poles above. Includes latching stainless steel hinged drop down retainer system.	\$ 6,554.00
LADDER STORAGE / RACKS	3365-0836	Manual drop-down portable tank storage rack. Includes forward and rearward securing clamps with manual releases. Locate rack to officer side of body. Rack sized for a Husky aluminum framed 2100 portable tank.	\$ 3,746.00
LADDER STORAGE / RACKS	3365-0837	Storage thru tank for (2) 6" x 10' hard suction hose, vertically stacked.	\$ 4,150.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0838	Driver side vertical storage tunnel behind upper reduced depth left side compartments. Tunnel to hold: 24' 2-section, 14' roof, (4) 10' pike poles, 10' folding ladder with shoes, and a backboard. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-0839	Dual hard suction hose storage with stops located in the driver side ladder storage tunnel above the ladders. Includes a common taller rear access door (specified with ladder tunnel option).	\$ 2,285.00
LADDER STORAGE / RACKS	3365-0840	Removable end cap that fully encloses the ladder storage module that protrudes into the pump enclosure.	\$ 596.00
LADDER STORAGE / RACKS	3365-0841	Little Giant sleeve for a model 17 ladder approx 9.25" W x 25.5" H x 56" L for horizontal mounting on the center roof of the forward storage area. Retaining straps to secure the ladder in place, behind the cargo netting	\$ 1,010.00
LADDER STORAGE / RACKS	3365-0842	Ladder/Pike pole/Cribbing module formed from .188 aluminum tread plate shall be provided and installed on the officer side interior walkway. It shall have a door hinged with a D-ring handle and sliding locking pins (Door to be hinged on the aisle side) Contents detailed in specification.	\$ 10,719.00
LADDER STORAGE / RACKS	3365-0843	Center mounted ladder tunnel. Ladder rack to hold: Duo-Safety fiberglass YGE-2 35', YGE-2 28', YGE-2 24', YGR-Roof 20, YGR-Roof 16, YGR-Roof 14, 585-A 10' folding attic and (2)12' APH pike poles.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0844	Storage box located [#LOC]. Includes hinged diamond plate door w/D-Ring style latch (thumb latch if space is restricted). The box is to be the full length of the available hose bed and include stop(s) as needed for storage content. Unless otherwise specified, the top of the storage box will remain open with the hosebed cover acting as the top.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0845	Storage in the hosebed with open top and [#LOC]. Includes composite flooring if applicable for easy removal and loading of the contents and stop(s) as required to prevent the contents from sliding forward. If equipped with a door, it is to be wired to the "Door Open" indicator inside cab.	\$ 2,452.00
LADDER STORAGE / RACKS	3365-0846	Backboard storage for use with low hose bed storage tunnel only. Storage for (1) 16" high x 72" long x 2.5" thick BaXstrap Spineboard vertically in officer side storage tunnel. Includes stop bracket at the front.	\$ 753.00
LADDER STORAGE / RACKS	3365-0847	Ladder storage officer side compartment top. Includes boot at forward compartment top and a hold-down for (1) Duo-Safety 925-A 26' 3-section extension ladder and (1) Duo-Safety 775-A 10' roof ladder.	\$ 2,001.00
LADDER STORAGE / RACKS	3365-0848	Triple ladder tunnel for HP75/HP78 SideStacker with 23" wide hosebed, available with or without tall R1 compartment. Ladder rack to hold: [#LOC].	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0849	Hard suction storage tray for 10' hose. Locate officer side, enclosed inside the Zico drop-down portable tank rack cover assembly.	\$ 2,042.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0850	Hard suction storage tray for 10' hose. Locate driver side, enclosed inside the Zico drop-down portable tank rack cover assembly.	\$ 2,042.00
LADDER STORAGE / RACKS	3365-0851	Spring hold downs for portable tank. Springs to attach, each side to inboard side of Zico tank cover.	\$ 403.00
LADDER STORAGE / RACKS	3365-0852	Stop bracket to be located one (1) each side of divider approximately 60" back in upper storage compartment above B1 for High Rise Packs..	\$ 262.00
LADDER STORAGE / RACKS	3365-0853	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: 2-section 24', 14' roof, 10' attic and (2) pike poles. Includes vertical hinged smooth plate aluminum door with a D-ring latch. For use with Chevron application.	\$ 3,971.00
LADDER STORAGE / RACKS	3365-0854	Dual hard suction hose storage with stops located above the driver side ladder storage tunnel. Includes individual velcro straps to retain hoses.	\$ 2,285.00
LADDER STORAGE / RACKS	3365-0855	Cover diamond plate for hydraulic ladder control switch. Location: [#LOC].	\$ 417.00
LADDER STORAGE / RACKS	3365-0857	Pike pole storage box. Located in the officer side of the hose bed (full length). Includes vertically hinged door (wired to door ajar) w/push-button latch. Box to hold: (3) 10' pike poles.	\$ 2,276.00
LADDER STORAGE / RACKS	3365-0858	Hard suction storage box, horizontal side by side. Located in the driver's side hose bed. Includes drop down smooth plate door (wired to door ajar) w/bent D-ring latch, hose bed style top and flooring. Box to hold (2) 6" x 12' long tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0859	Hard Suction Storage Rack. Driver side in adjustable track above ladders. Includes spring hold downs and scuff plates. Use with 12' hard suction hose.	\$ 1,160.00
LADDER STORAGE / RACKS	3365-0860	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (1) 6' wall, (1) backboard and (2) pike poles. Reduces selected water tank capacity by approximately 450 gallons for pumpers and 500 gallons for tankers.	\$ 7,533.00
LADDER STORAGE / RACKS	3365-0862	Stainless steel scuff plate mounted per customer requirement. Location shown on drawing.	\$ 491.00
LADDER STORAGE / RACKS	3365-0863	Dual hard suction hose storage with stops located in the drivers side upper header, vertical, over/under, located outboard. Includes a full width swing open door, vertical hinged on left side (wired to door ajar) w/bent D-ring latch. Box to hold (2) 6" x 10' long tubes. Remaining area open for additional storage.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-0864	Open storage located in the officer side upper header. Includes a full width swing open door, vertical hinged on right side (wired to door ajar) w/bent D-ring latch. Includes a stop bracket at front for containment, approximately 96" deep.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-0865	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (2) 10' pike poles, (1) 3' pike pole with "D" handle and (2) backboards. Reduces selected water tank capacity by approximately 450 gallons for pumpers.	\$ 11,109.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0866	Bench seat base module formed from .188" aluminum treadplate installed on the officer side interior walkway. Module to be as high and wide as necessary to contain the specified ladder assortment, (3) pike poles and (2) full length 4"x4" timbers. Rear access door hinges on the aisle side with bent D-ring handle and sliding locking pins. Equipment selected separately.	\$ 12,350.00
LADDER STORAGE / RACKS	3365-0867	Driver side vertical storage tunnel. For use with tanker. Tunnel to hold: 2-Section 24', a 14' roof, a 10' folding, and (2) pike pole tubes.	\$ 4,424.00
LADDER STORAGE / RACKS	3365-0868	Ladder storage officer side compartment top. Includes boot at forward compartment top and a hold-down for (1) PRL-8 & (1) PEL-14 2 section extension ladder nested.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-0869	Tunnel, ladder. An aluminum diamond plate storage tunnel shall be provided to stow (1) PEL24 24-2 section extension ladder, (1) PRL 16 roof ladder. The tunnel shall have a open top access and a rear hinged diamond plate access door with D-ring latch. Locate: Body roof top walk way against driver side boxes and flush with rear of body.	\$ 3,581.00
LADDER STORAGE / RACKS	3365-0870	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (6) pike poles. Reduces selected water tank capacity by approximately 350 gallons.	\$ 7,224.00
LADDER STORAGE / RACKS	3365-0871	Portable tank storage compartment recessed into the water tank for (1) 2500 gallon Husky aluminum frame portable tank, offset to the driver side. Forward portion to include a stop for the portable tank. Required interior dimensions of 10" H x 32" W x 150" D. Includes lift up smooth plate door with Bent-D ring latch located above the B1 compartment. Reduces water capacity by approximately 120 gallons. Portable tank not included.	\$ 6,327.00
LADDER STORAGE / RACKS	3365-0872	Hard suction storage rack sized for 2.5"-3" suction hose. Locate [#LOC]. Includes NFPA retaining strap(s).	\$ 542.00
LADDER STORAGE / RACKS	3365-0873	Hose bed storage box for misc storage. Locate in the officer side hose bed. Includes vertically hinged diamond plate door (wired to door ajar) with D-Ring latch, hose bed style top and nylatron flooring, full height divider wall toward inside of hosebed. Box shall hold misc items and/or hose per departments discretion. Storage box dimensions shall be detailed on Approval Drawing and/or the Body Layout drawing.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0874	Hose bed storage box for misc storage. Locate in the drivers side of hose bed. Includes vertically hinged diamond plate door (wired to door ajar) with D-Ring latch, hose bed style top and nylatron flooring, full height divider wall toward inside of hosebed. Box shall hold misc items and/or hose per departments discretion. Storage box dimensions shall be detailed on Approval Drawing and/or the Body Layout drawing.	\$ 3,230.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0875	Hard suction storage boxes welded one each side to upper body hose bed side sheets, to be painted as applicable. Height of box extends to top of side sheet. Includes vertically hinged brushed stainless steel rear access doors and aluminum hose trays with forward travel limit stops. Requires minimum 88" high pumper body.	\$ 5,933.00
LADDER STORAGE / RACKS	3365-0876	Five (4) multipurpose hooks and a folding ladder tucked behind ground ladders on the adjustable ladder tracks on the officer's side outside of the hose bed.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-0877	Enclosed folding ladder storage compartment rear of body on the officer side compartment top with horizontally bottom hinged door and push-button latch. Compartment sized for 10' folding ladder with feet.	\$ 1,751.00
LADDER STORAGE / RACKS	3365-0878	Storage box on officer side compartment top with black cargo net. Cargo net shall be permanently attached at the bottom and have snaps on the sides and top. Storage to accomodate 250' of 2.5" DJ hose with nozzle for hi-rise pac with black dri-deck flooring.	\$ 3,163.00
LADDER STORAGE / RACKS	3365-0879	Tunnel, ladder. A storage tunnel shall be provided to stow Alco-Lite brand (1) PEL24 2 section extension ladder, (1) PRL 16 roof ladder. The tunnel shall have a non latching single piece diamond plate hinged top access door assy that is hinged to the outboard side of the ladder storage and also a rear hinged diamond plate access door with D-ring latch. Locate: Body roof top walkway against driver side boxes and flush with rear of body.	\$ 5,205.00
LADDER STORAGE / RACKS	3365-0880	Ladder storage thru tank for (1) 3-section 28' extension, (1) 14' roof, (1) 10' attic with feet and (6) pike poles. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 7,610.00
LADDER STORAGE / RACKS	3365-0881	Storage box recessed into rear body officer side above side compartment ceiling for hard suction hose. Includes horizontal hinged drop down door (matching rear body) with push button latch, door stop (wired to door ajar indicator) and hose stops as applicable.	\$ 1,275.00
LADDER STORAGE / RACKS	3365-0882	Upper hosebed storage area above officer side compartments as applicable. Upper storage area to have smooth plate vertical hinged door with trigger latch and an open top and run length of the hosebed area. Includes hosebed style flooring.	\$ 2,345.00
LADDER STORAGE / RACKS	3365-0883	Lower right rear stainless steel compartment to allow a Little Giant ladder Model 17 to be slid in from rear panel. The compartment includes a vertically hinged smooth plate door with D-ring latch wired into door ajar indicator. Includes a stainless steel bolt-on rear wall panel to conceal and protect ladder when stored. Installation requires modifying compartment R3 shelves and trays (if equipped) for the reduced dimensions.	\$ 1,907.00

LADDER STORAGE / RACKS	3365-0902	Single hard suction hose storage (without stops to allow for longer hose) located in the driver side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a trigger latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-0903	Single hard suction hose storage (without stops to allow for longer hose, up to 14' in length) located in the officer side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a trigger latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-0904	Dual hard suction hose storage with stops for 10' hose located in the driver side upper header. Includes a lift-up rear access door (wired to door ajar) with bent D-ring latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-0905	Tripod storage with stops located in the officer side upper header. Includes a lift-up rear access door (wired to door ajar) with bent D-ring latch.	\$ 3,322.00
LADDER STORAGE / RACKS	3365-0906	Ladder storage through tank for (1) 24' 2-section, (1) 14' roof, (1) 10' attic with shoes and (2) pike poles. Includes horizontally hinged drop-down door with bent D-Ring latch (wired to door ajar indicator). Reduces selected water tank capacity approximately 200 gallons.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-0907	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: (1) 2-section (1) roof and (1) folding ladder, plus (2) pike poles. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0908	Portable tank storage compartment recessed into the water tank for (1) 2500 gallon Husky aluminum frame portable tank,locate inside of B1, offset to the officer side. Forward portion to include a stop for the portable tank. Required interior dimensions of 10" H x 32" W x 150" D. Reduces water capacity by approximately 200 gallons. Portable tank not included.	\$ 6,327.00
LADDER STORAGE / RACKS	3365-0909	Recessed pike pole storage compartment located on the driver side between the upper and lower compartments. Compartment sized to store (2) 10' multi/all purpose - NY Roof Hook (s). The box to be 5" deep.	\$ 926.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0910	Horizontal ladder bracket. Location and type of ladder: Officer side catwalk for Little Giant Overhaul style.	\$ 536.00
LADDER STORAGE / RACKS	3365-0911	Horizontal ladder bracket. Location and type of ladder: forward area of the offices side catwalk for a 14' Fresno series 701.	\$ 536.00
LADDER STORAGE / RACKS	3365-0912	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (7) bottles- (7)wide/(1)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 1,205.00
LADDER STORAGE / RACKS	3365-0913	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (3) bottles- (1)wide/(3)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 521.00
LADDER STORAGE / RACKS	3365-0914	Double hard suction storage rack horizontally mounted. Driver side in ladder track. Includes spring hold downs with scuff plates (as applicable). Rack shall accommodate 3" hard suction hose.	\$ 1,512.00
LADDER STORAGE / RACKS	3365-0915	Hard Suction Storage Rack. Locate on driver side compartment top. Includes (2) Zico Quic-Strap hold downs and scuff plates behind spring mounts (as applicable). SS product.	\$ 965.00
LADDER STORAGE / RACKS	3365-0916	Hard Suction Storage Rack. Locate on officer side adjustable tracks. Includes (2) Zico Quic-Strap hold downs and scuff plates behind spring mounts (as applicable). SS product.	\$ 965.00
LADDER STORAGE / RACKS	3365-0917	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: 2-section 24', 14' roof, 10' attic and (2) NY Hooks. Includes vertically hinged rear diamond plate door with a bent D-ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0918	Recessed folding ladder and pike pole storage compartment located at rear of apparatus officer side under "T" of tank. Compartment sized to store a 10' ladder with feet and (6) pike poles positioned with tubes on center for double side headed pike poles, NY style or similar.	\$ 1,886.00
LADDER STORAGE / RACKS	3365-0919	A bolt on aluminum fabricated sign plate mounted to the exterior vertical surface of the electric / hydraulic ladder lift structure. This shall provide a mounting surface for lights along with an area for graphics. Sign plate shall be painted job color.	\$ 1,546.00
LADDER STORAGE / RACKS	3365-0920	Hard suction storage box, horizontal side by side. Located in the officer's side hose bed. Includes lift up smooth plate door (wired to door ajar) with bent D-ring latch and gas spring hold open device. Box to hold (2) 6" x 10' long tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0921	Dual hard suction hose storage with stops located side by side in the officer side header (lower) and separate storage for 1-3/4" industrial suction hose (upper). Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 5,114.00
LADDER STORAGE / RACKS	3365-0922	(2) pike pole tubes inside hard suction storage compartment, driver side.	\$ 898.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0923	Double hard suction storage rack (side by side) for 6" x 8' hard suction hoses. Hard suction storage rack located officer side compartment top. Includes spring hold downs with scuff plates (as applicable).	\$ 1,248.00
LADDER STORAGE / RACKS	3365-0924	Zico Hydraulic Drop Down Ladder Rack. Includes diamond plate spacer brackets with ladder rack controller located on the driver side pump panel.	\$ 13,128.00
LADDER STORAGE / RACKS	3365-0925	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, and (1) Stokes basket. Reduces selected water tank capacity by approximately 365 gallons for pumpers.	\$ 11,109.00
LADDER STORAGE / RACKS	3365-0926	Storage tunnel capable of holding: (4) four 10' hard suction hose with low profile couplings (storz, etc.) vertically stacked within the outboard high side body compartment. There shall be two (2) 3" x 10' hose in the upper two, and two (2) 6" x 10' hose in the lower two storage chutes with individual smooth plate formed trays including Nylatron and/or composite overlays for ease of loading.	\$ 3,572.00
LADDER STORAGE / RACKS	3365-0927	Internal hard suction storage with vertically hinged smooth plate door painted job color (wired to door ajar) with D-ring latch. Access door to be located to the rear of the officer's side body. For use with hard suction hoses assembly (vertically stacked).	\$ 2,987.00
LADDER STORAGE / RACKS	3365-0928	Recessed pike pole and folding ladder storage compartment located below the officer side ladder tunnel. Compartment sized to store (1) 8' pike pole, (1) 6' pike pole and an attic ladder. Includes a common taller rear access door (wired to door ajar) w/bent D-ring deadbolt type latch.	\$ 1,502.00
LADDER STORAGE / RACKS	3365-0929	Storage box with (2) pike poles and (1) 10' attic ladder. Tucked behind ground ladders on the adjustable ladder tracks.	\$ 2,981.00
LADDER STORAGE / RACKS	3365-0930	Zico LAS-XT electric drop-down ladder rack. Rack located to driver side of body. The control switching to be located on the side pump panel with the rack being in full view of the operator during operations.	\$ 11,690.00
LADDER STORAGE / RACKS	3365-0931	Recessed miscellaneous storage compartment located [#LOC]. See dimensions on drawing. Door will be smooth plate.	\$ 926.00
LADDER STORAGE / RACKS	3365-0932	Recessed folding ladder and pike pole storage compartment located right rear of body with a stainless steel Southco M1-61-8 Push to Close Latches Flush Pull. Compartment sized to store a 10' ladder with feet and (2) pike poles.	\$ 2,069.00
LADDER STORAGE / RACKS	3365-0933	Pike pole storage compartment located below officer side "T" of the tank. Compartment sized to store (2) 10' long standard pike poles. Pike pole tubes are aluminum.	\$ 1,707.00
LADDER STORAGE / RACKS	3365-0934	Hard Suction storage thru tank for (3) 6" x 10' hard suction hoses. Reduces selected water tank capacity by approximately 220 gallons.	\$ 4,865.00
LADDER STORAGE / RACKS	3365-0935	Center mounted ladder tunnel. Ladder rack to hold: (2) PEL-35, PEL-24, TRL-20, PRL-16 Storage for long handle tools to be 8"wx8"hx12'l and FL-10.	\$ 10,494.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0936	Double Hard Suction Storage Rack for 3" x 8' hard suction hoses. Driver side compartment top. Includes hold downs with scuff plates (if applicable).	\$ 1,634.00
LADDER STORAGE / RACKS	3365-0937	Ladder storage rack. Includes rack and hold-down for (1) 14 2-section extension ladder. Locate: officer side roof top compartment.	\$ 536.00
LADDER STORAGE / RACKS	3365-0938	Enclosed horizontal storage tunnel through the water tank directly below the hose bed, centered at the rear panel of the body. Tunnel to hold: (1) 2-section ladder, (1) roof ladder (offset officer side) and (2) pike poles and a folding ladder with shoes (offset driver side). Includes a horizontally hinged lift-up rear smooth plate door with bent D-ring latch and a gas tube hold-open. Reduces selected water tank capacity by approximately 250 gallons.	\$ 4,715.00
LADDER STORAGE / RACKS	3365-0939	Ladder storage officer side compartment top. Includes boot at forward compartment top and a hold-down for 14- 2 section extension ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-0940	Dual hard suction hose storage with stops for 8' hoses located in the drivers side upper header. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-0941	Ladder storage driver side compartment top. Includes boot at forward compartment top and a hold-down for 10' roof ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-0942	Ladder tunnel. Max width of compartment X 10T X 96D. Tunnel design to stow (1) 10' Fresno ladder centered in compartment and provide shelf space on each side for misc. storage. Tunnel option will reduce the compartment area of the lower body. Locate: B1 ceiling.	\$ 3,158.00
LADDER STORAGE / RACKS	3365-0943	Recessed miscellaneous storage compartment located [#LOC]. See drawing for details. Door will be smooth plate. Compartment opening not to exceed 12" high x 13" wide.	\$ 2,069.00
LADDER STORAGE / RACKS	3365-0944	Driver side vertical storage tunnel behind reduced upper depth left side compartments. Tunnel to hold: up to (8) 10' lengths of 1-3/4" industrial suction hose. Includes vertically hinged rear smooth plate door with bent D-ring latch. Requires folding step to be down to open door.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-0945	Officer side vertical storage tunnel. For use with tanker. Tunnel to hold: 2-Section 24', a 14' roof, a 10' folding, and (2) pike pole tubes.	\$ 4,424.00
LADDER STORAGE / RACKS	3365-0946	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 24' 2-section and 14' roof, plus (3) pike poles and a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,710.00
LADDER STORAGE / RACKS	3365-0947	Enclosed diamond plate storage box on the driver side compartment top with horizontally bottom hinged door and push-button latch. Compartment sized for (2) 10' pike poles and includes (2) aluminum pike pole storage tubes.	\$ 2,190.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0948	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold in the upper section (1) customer installed backboard approx 3"W x 18" H X 75" L and (3) pike poles in the lower section. Includes vertically hinged rear smooth plate door with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0949	Ladder Storage Box. Located in the officer side hosebed. The top shall be enclosed using hosebed style top. Includes drop down door (wired to door ajar) W/ push button latch. Box to hold (1) Alcolite FL 10' attic ladder with a stop at 138" and miscellaneous tools with a stop at 78".	\$ 1,576.00
LADDER STORAGE / RACKS	3365-0950	2 - arm portable tank rack on officer side. The rack includes amber lights on each end to visually indicate when the rack is in motion. Restricts the top folding step (if optioned) from closing completely. Includes mounting bracket (if required, matching rear compartment face or compartment wrap finish) for components mounted on rear compartment face. Rack sized for [#COL] gallon aluminum frame portable tank.	\$ 25,042.00
LADDER STORAGE / RACKS	3365-0951	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (5) pike poles. Reduces selected water tank capacity by approximately 325 gallons with Tankers.	\$ 7,067.00
LADDER STORAGE / RACKS	3365-0952	Storage for Little Giant ladder as indicated on sales drawing. Includes: poly flooring. Finish is sanded aluminum. Locate in [#LOC].	\$ 1,423.00
LADDER STORAGE / RACKS	3365-0953	Dual hard suction hose storage (without stops) located in the officer side upper header. This allows for longer suction hoses (maximum length of 15'). Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,738.00
LADDER STORAGE / RACKS	3365-0954	Pike pole and folding ladder storage. Locate (3) pike pole tubes on the driver side compartment top (below the hard suction racks) and (1) tube below the ladder rack inboard with the 10' folding ladder (with shoes).	\$ 2,773.00
LADDER STORAGE / RACKS	3365-0955	Hard Suction Storage Rack. Driver side compartment top. Includes nylon strap hold downs (as applicable).	\$ 767.00
LADDER STORAGE / RACKS	3365-0956	Hard Suction Storage Rack. Officer side compartment top. Includes nylon hold down straps (as applicable).	\$ 767.00
LADDER STORAGE / RACKS	3365-0957	Storage tunnel capable of holding: (2) 6" x 14' hard suction hoses (individually vertically stacked) in Driver Side Storage Tunnel. Includes an upper storage area for (1) one 10' Folding ladder, and (2) Two Standard Pike Poles tubes, 10' long tubes. Also Includes a vertically hinged rear smooth plate door with D-Ring latch. Tanker, Pumper/Tanker.	\$ 3,572.00
LADDER STORAGE / RACKS	3365-0958	Officer side ladder storage tunnel. Includes area for a vertically stored 28' 2-section and 16' roof. Includes a vertically hinged rear smooth plate door with D-Ring latch.	\$ 2,352.00
LADDER STORAGE / RACKS	3365-0960	Storage module. Located at ceiling height in B1 offset to the officer side for vertical storage of ladders and additional specified equipment. Includes nylon buckle straps to retain ladders.	\$ 6,149.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0961	Sanded finish aluminum scuff plate IPOS for hard suction storage rack.	\$ 98.00
LADDER STORAGE / RACKS	3365-0962	Dual hard suction hose storage with stops for 12' long hose located in the officer side ladder storage tunnel above the ladders. Includes a common taller rear access door (specified with ladder tunnel option).	\$ 2,285.00
LADDER STORAGE / RACKS	3365-0963	Storage in the hosebed with [#LOC]. Includes top area of hosebed style slats, composite flooring if applicable for easy removal and loading of the contents and stop(s) as required to prevent the contents from sliding forward.	\$ 1,404.00
LADDER STORAGE / RACKS	3365-0964	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (2) N.Y Hooks. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-0965	Single hard suction hose storage (without stops to allow for longer hose) located in the officer side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a trigger latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-0966	Zico Drop Down Hard Suction Rack (HA-HS-5-4). Rack to include brackets hold (4) 10' x 3" hard suction hoses. Locate on driver side of body. Includes diamond plate cover and mounting hardware.	\$ 11,888.00
LADDER STORAGE / RACKS	3365-0968	(4) 6' pike pole storage tubes in L1/R1 transverse compartment mounted on vertical partition on adjustable tracks. Access (2) driver side and (2) officer side with pike pole hooks stored in the down position. (1) pike pole caution tag to be provided each side mounted inside the compartment.	\$ 2,145.00
LADDER STORAGE / RACKS	3365-0969	Zico hydraulic drop down portable tank rack. Rack located to officer of body. Rack sized for 2500 gallon aluminum frame portable tank. The control switching to be located officer side rear with the rack being in full view of the operator during operations.	\$ 11,974.00
LADDER STORAGE / RACKS	3365-0970	Storage thru tank for (1) stokes basket stowed horizontal. Tunnel to be located in central area of water tank as applicable offset to officer side. Approximate size inside tunnel shall be 19.5" tall x 24" wide x 55.5" deep or as applicable to tank location. Stokes basket will store inside tunnel with the end protruding into the rear compartment. Reduces selected water tank capacity by approximately 150 gallons. The stokes and/or equipment shall be accessible through the rear compartment.	\$ 3,244.00
LADDER STORAGE / RACKS	3365-0972	Zico hydraulic drop down portable tank rack. Rack located to driver side of body. Rack sized for 2500 gallon aluminum frame portable tank. The control switching to be located driver side rear with the rack being in full view of the operator during operations.	\$ 11,974.00
LADDER STORAGE / RACKS	3365-0973	Hosebed storage box bolt-in. Includes hinged raised compartment lids with turn latches, grab handle(s) and gas shock hold open and drain hole(s). Each lid to have (3) bracket mounted EON LED lights and to be wired to door ajar indicator in cab.	\$ 8,539.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0974	Zico electric drop-down ladder rack bulk head mounted. Includes spacer brackets with ladder rack controller located on the officer side pump panel. LAS-BHM. Reinforced hose bed side wall required.	\$ 12,060.00
LADDER STORAGE / RACKS	3365-0975	Driver side vertical storage tunnel behind reduced upper depth compartments. Tunnel to hold: 24' 2-section, 14' roof, (2) 10' pike poles, 10' folding ladder with shoes, and a backboard. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-0976	Tunnel, storage. A tunnel shall be provided for long handle tool storage 60 in. deep and wide as possible. Finish is sanded smooth aluminum. Locate: B1 high as possible. Height of tunnel to be maximized so as to not limit transverse utility in L5/R5.	\$ 2,128.00
LADDER STORAGE / RACKS	3365-0977	Center support(s) for horizontal ladder storage. See photos in file.	\$ 1,197.00
LADDER STORAGE / RACKS	3365-0978	Hard suction storage box with ADT top, vertical, over/under. Located in the officer's side hose bed. Includes a swing open door, vertical hinged on left side (wired to door ajar) with bent D-ring latch. Box to hold (2) 6" x 10' long tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0979	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 35' 3-section and 14' roof, (2) pike poles and a folding ladder. Where ladders extend into the pump enclosure, they shall be enclosed from the elements with aluminum treadplate. Includes vertically hinged rear smooth aluminum door hinged on left side with bent D-ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0980	Double hard suction storage rack (side by side) for 6" x 6' hard suction hoses. Includes spring hold downs with scuff plates (as applicable). Locate open storage area.	\$ 1,248.00
LADDER STORAGE / RACKS	3365-0982	Driver side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertical hinged rear diamond plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-0983	Center mounted ladder tunnel. Ladder rack to hold: PEL3-40, PEL-28, PRL-20, PRL-16 and FL-10 and 6 pike poles (2) 6' poles, two (2) 8' poles, and two (2) 12' poles. The pike poles shall be secured by slotted locking tubes .	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0984	Folding ladder storage compartment located officer side hosebed. Compartment sized to store a 10' ladder with feet.	\$ 1,362.00
LADDER STORAGE / RACKS	3365-0985	Hard suction storage box, vertical, over/under. Located in the driver's side hose bed. Includes a swing open door, vertical hinged on right side (wired to door ajar) with a stainless steel bent D-ring latch , hose bed style top and flooring. Box to hold (2) 6" x 10' long tubes (not included).	\$ 3,230.00
LADDER STORAGE / RACKS	3365-0986	Fire extinguisher storage rack to hold (3) extinguishers in (3) 10" x 10" bins configured one on top of the other (vertical stack) with a pitch down toward back wall. Each storage sleeve to include ribbed rubber inserts on the bottom and sides . Each opening to have a vertically mounted strap. Locate in [#LOC].	\$ 1,099.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0987	Center mounted ladder tunnel. Ladder rack to hold: PEL3-35, PEL-28, PEL-24, PRL-16, PRL-14 and FL-10 no handles and no feet	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0988	Bolt on storage tunnel for portable tank rack. Rack located to [#LOC] of body. Rack sized for [#COL] gallon aluminum frame portable tank. Tunnel shall be fabricated from smooth plate stainless steel. Includes vertical hinged smooth plate door (wired to door ajar) w/D-ring latch. Tunnel shall be have sanded finish (painted option selected seperately).	\$ 11,820.00
LADDER STORAGE / RACKS	3365-0989	Ladder storage through tank for (1) 2-section 24' extension, (1) 16' roof. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-0990	Center mounted ladder tunnel. Ladder rack to hold:(2) PEL-28, PEL-24, DRL-16, PRL-14and attic ladder wo/shoes.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0991	Recessed folding ladder and pike pole storage compartment located at rear of apparatus driver side under "T" of tank. Compartment sized to store a 10' ladder with feet and (2) pike poles.	\$ 1,886.00
LADDER STORAGE / RACKS	3365-0992	Backboard Storage Box. Located in the driver side hose bed. Includes vertically hinged diamond plate door (wired to door ajar) w/push-button latch. Box to hold (1) backboard.	\$ 1,439.00
LADDER STORAGE / RACKS	3365-0993	Ladder/equipment tunnel through the water tank. Located at frame height in B1 offset to the officer side. Ladders stored on-beam. Includes chain retention assembly. Includes storage for (2) pike poles. Reduces water capacity by approximately 250 gallons.	\$ 6,149.00
LADDER STORAGE / RACKS	3365-0994	Hard suction storage boxes welded one each side to upper body hose bed side sheets, to be painted as applicable. Height of box extends to top of side sheet. Includes vertically hinged brushed stainless steel rear access doors and aluminum hose trays with forward travel limit stops for 10' long hose.	\$ 5,933.00
LADDER STORAGE / RACKS	3365-0995	Center mounted ladder tunnel. Ladder rack to hold: PEL-35, PEL-28, PEL-24, PRL-16, (2)PRL-14 and FL-10.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-0996	Tray, 112" in length, to store Fire Department supplied high rise hose packs, centered on the on right side compartment top with divider in center. Includes Includes Velcro retainers to secure the hose.	\$ 3,077.00
LADDER STORAGE / RACKS	3365-0997	Ladder/ equipment storage. Located in the rear staircase compartments. Storage to be compact design with individual 1/8" smooth aluminum modules and be provided for customer furnished and installed items. (1) 14` roof ladder, (1) 10` folding attic ladder, (1) stokes basket, (3) backboards. Equipment not included.	\$ 7,045.00
LADDER STORAGE / RACKS	3365-0998	Single hard suction hose storage without stop located (above ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (specified with ladder tunnel) wired to door ajar w/bent D-ring deadbolt type latch. Used for extra long suction hose (up to 14').	\$ 2,193.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-0999	Tunnel, ladder. A storage tunnel shall be provided to stow one Duo Safety (1) 28-2 section extension ladder and one (1) 16 roof ladder. The tunnel shall have a single piece diamond plate hinged top access door assy that is hinged to the outboard side with a S/S butterfly latch and also a rear hinged diamond plate access door with a S/S D-ring latch. Locate: Body roof top walk way against driver side roof compartments and flush with rear of body.	\$ 5,205.00
LADDER STORAGE / RACKS	3365-1000	(4) pike pole storage tubes. Locate outboard side of rack with pike pole hooks stored in the up position.	\$ 1,781.00
LADDER STORAGE / RACKS	3365-1001	Dual hard suction hose storage with stops located in the drivers side upper header, stored one above the other. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1002	Enclosed folding ladder storage box located in the adjustable tracks. Box sized to store a 10' ladder with feet.	\$ 1,142.00
LADDER STORAGE / RACKS	3365-1003	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: 2-section 24', 14' roof with double hooks, 10' Fresno and (2) pike poles. Includes vertical hinged smooth plate aluminum door with a D-ring latch. For use with Chevron application.	\$ 3,971.00
LADDER STORAGE / RACKS	3365-1004	Tray, 130" long with 3 dividers to make 4 storage compartments, to store Fire Department supplied high rise hose packs, centered on the on right side compartment top. Includes Black webbing cover with opening in front of box, 4 buckled straps to hold hose in each compartment and 8 footman loops, 2 per compartment.	\$ 3,562.00
LADDER STORAGE / RACKS	3365-1005	Hard suction storage box, smooth plate side wall construction painted job color. Located on the [#LOC]. Includes vertically hinged smooth plate door painted job color (wired to door ajar) w/D-Ring latch(s). Four (4) box compartments to have stops to accommodate 10' suction hose.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-1006	Left hosebed vertical tunnel. For use with low hose bed. Tunnel to hold: 24' 2-Section, 14' roof ladder and 10' attic. Includes left side vertically hinged rear diamond plate door with bent D-ring latch. Top of storage to be hose bed decking.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1007	Ladder/equipment tunnel. Located as high as practical in B1, centered. Ladders stored flat in separate slots. Includes nylon buckle straps to retain ladders. Reduces water tank capacity approximately 250 gallons.	\$ 6,149.00
LADDER STORAGE / RACKS	3365-1008	Ladder Storage Box. Located in the officer side hosebed. The top shall be enclosed using embossed treadplate, the rear access shall be a horizontal hinged painted smooth plate door with thumb latch. Box to hold (1) Duo-Safety 900-A 24' 2-section, (1) Duo-Safety 775-A 14' roof, (1) Duo-Safety 10-701 10' Fresno, Duo-Safety 585-A 10' attic, (2) pike poles with I-Beam handles; (1) 6' and (1) 10', and (2) Fire Hooks Unlimited dry wall hooks DWHS with fiberglass handles and grips; (1) 4' and (1) 6'.	\$ 6,215.00

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1009	Storage box with a horizontal hinge. To store pike pole(s), attic ladder, and miscellaneous items (as applicable). Tucked behind ground ladders on the adjustable ladder tracks.	\$ 3,480.00
LADDER STORAGE / RACKS	3365-1010	Storage box with a horizontal hinged door to secure contents. Box to hold (1) 10' pike pole, (2) New York style hooks, (1) 10' attic ladder (585-A), and miscellaneous storage area (to be as large as options allow, if not otherwise specified).	\$ 3,480.00
LADDER STORAGE / RACKS	3365-1011	Two (2) pike poles, two (2) NY hooks, and a folding ladder tucked behind ground ladders on the adjustable ladder tracks.	\$ 5,380.00
LADDER STORAGE / RACKS	3365-1012	Horizontal storage tunnel inside rear compartment B2. Tunnel to hold: up to a 24' 2-section, (2) pike poles plus a 10' folding ladder folding ladder with shoes. Includes horizontally hinged rear door with bent D-ring latch. (Equipment not included).	\$ 4,334.00
LADDER STORAGE / RACKS	3365-1013	Ladder storage thru tank for (1) 3-section 35' extension, (1) 14' roof, (1) 10' attic with feet, two (2) NY Hooks, and (2) pike poles. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 6,235.00
LADDER STORAGE / RACKS	3365-1014	Stainless steel scuff plate mounted on tank side behind portable tank storage.	\$ 1,003.00
LADDER STORAGE / RACKS	3365-1015	A bolt on aluminum fabricated sign plate shall be mounted to the hose bed side wall. This shall provide a mounting surface for lights along with an area for graphics. Sign plate shall be painted job color.	\$ 1,976.00
LADDER STORAGE / RACKS	3365-1016	Storage tunnel capable of holding: One (1) 6" x 10' hard suction hose (individually vertically stacked along with (1) one 10' Folding ladder, and (2) Two Pike Poles tubes, 10' long tubes standard) in a Driver Side Storage Tunnel. Storage tunnel to be located above the rear Intake Piping. Includes a vertically hinged rear smooth plate door with D-Ring latch. Tanker, Pumper/Tanker.	\$ 3,237.00
LADDER STORAGE / RACKS	3365-1017	Single hard suction hose storage with stops for 10' long hose located (above ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (specified with ladder tunnel).	\$ 2,193.00
LADDER STORAGE / RACKS	3365-1018	Ladder storage officer side compartment top. Includes boot at forward compartment top and a hold-down for (1) 14' 2-section and (1) 8' roof ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-1019	Ladder storage offset to driver side of top deck. Includes boot forward on water tank and a hold-down for (1) Alco-Lite PEL-20 2-section extension ladder and (1) Alco-Lite PEL-16 2-section ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-1020	Four (4) pike poles and a folding ladder tucked behind ground ladders on the adjustable ladder tracks. The four (4) are roof hook pike poles. An aluminum storage trough shall be provided for a folding attic ladder with a horizontal drop down hinge door and thumb latch. The rear end of the pike poles to be 2" short of the end of the body side.	\$ 2,277.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1021	Single hard suction hose storage with stop located (below ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (specified with ladder tunnel option).	\$ 2,285.00
LADDER STORAGE / RACKS	3365-1022	Portable Tank and Hard Suction Storage Box. Located in the center of the hosebed. Includes vertically hinged diamond plate door (wired to door ajar) w/push-button latches (hinge to the driver side), hosebed style top and nylatron flooring (no divider). Lower portion of box to hold [#LOC] gallon aluminum framed Fold-a-tank portable tank, upper portion to hold up to three hard suction tubes (10 ft max length).	\$ 6,455.00
LADDER STORAGE / RACKS	3365-1023	Pike pole storage sleeve. (1) One aluminum sleeve shall be provided to stow specified pike pole. Locate [#LOC].	\$ 1,142.00
LADDER STORAGE / RACKS	3365-1025	Hard Suction Storage Rack. Officer side in adjustable track above ladders. Includes spring hold downs and scuff plates. Use with 12' hard suction hose.	\$ 1,160.00
LADDER STORAGE / RACKS	3365-1026	Hard Suction Storage Rack. Officer side in adjustable track below ladders. Includes spring hold downs and scuff plates. Use with 12' hard suction hose.	\$ 1,160.00
LADDER STORAGE / RACKS	3365-1027	Hard Suction Storage Box to be capable of storing one (1) 6" x 12' hard suction hose. Includes a rear smooth plate access door with push button latch. Door to be wired to door ajar indicator in cab. Located just below hosebed to [#LOC].	\$ 1,128.00
LADDER STORAGE / RACKS	3365-1028	(4) 6' pike pole storage tubes, with capped ends, in L1/R1 transverse compartment mounted on upper rear wall. Access (2) driver side and (2) officer side with pike pole hooks stored in the down position. (1) pike pole caution tag to be provided each side mounted inside the compartment.	\$ 1,035.00
LADDER STORAGE / RACKS	3365-1029	Center mounted ladder tunnel. Ladder rack to hold: (1) TEL3-50P (stored flat), (1) TEL2-35 (stored flat), (1) PRL-20 (stored flat), (1) TEL2-35 (stored on beam, officer side), (1) TEL 2-40 (stored flat), (1) FL-10 w/shoes (stored above 35" 2-section), (1) PRL-16' roof (stored on beam, driver side).	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1030	Internal hard suction storage with vertically hinged smooth plate door painted job color (wired to door ajar) with push button latch. Access door to be located to the rear of the officer's side body.	\$ 2,987.00
LADDER STORAGE / RACKS	3365-1031	Internal hard suction storage with vertically hinged smooth plate door painted job color (wired to door ajar) with push button latch. Access door to be located to the rear of the driver's side body.	\$ 2,987.00
LADDER STORAGE / RACKS	3365-1032	Ladder storage through tank for (1) 24' 2-section, (1) 14' roof, (1) 10' attic with feet and (2) pike poles. Tunnel centered side to side and located as low as practical. Includes horizontally hinged drop-down smooth plate door with bent D-Ring latch (wired to door ajar indicator). Reduces selected water tank capacity by approximately 250 gallons.	\$ 5,979.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1033	Storage boxes (PR) recessed into rear body driver and officer sides directly below the side compartment ceilings for hard suction hose. Includes vertical hinged door (matching rear body) with trigger latch (wired to door ajar indicator) and hose stops as applicable. Requires a full length notch on the upper back walls of the body side compartment assemblies.	\$ 3,090.00
LADDER STORAGE / RACKS	3365-1034	Storage box on officer side compartment top with (2) half length bottom doors with 2 butterfly latches per door (wired to door ajar) and perimeter gaskets. Box to be full length of side compartment assembly x 10" high x 12" deep without center divider. Storage is for for hi-rise pack. With black Turtle Tile brand flooring.	\$ 3,296.00
LADDER STORAGE / RACKS	3365-1035	Officer side horizontal storage tunnel between top of tank and below hose bed floor. Tunnel to hold: 2-section, roof, up to (3) pike poles and a 10' folding ladder. To run up to through tank storage tunnel in "L" tank.	\$ 2,171.00
LADDER STORAGE / RACKS	3365-1036	Ladder storage through tank for (1) 2-section 28' extension, (1) 16' roof, (1) 10' attic with feet and (3) pike poles. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers or large water tank pumper applications.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-1037	Center mounted ladder tunnel for HP100 and HPS100 Platforms. Note: 1" aerial raise required with 30' and larger 3-section ladder in tunnel. Rack to hold: 1200-A 35, (2)1200-A 28, 875-DR 18 and 875-DR 16.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1038	Officer side vertical storage tunnel with a floor above the ladders to provide additional storage for long tools/miscellaneous equipment. For use with low hose bed. Includes vertical hinged rear diamond plate door(s) (for use with a Tri-Mark latch). For use with extra deep hose bed. SS Product. Tunnel to hold: 2-section 24', 14' roof, 10' attic and (2) pike poles.	\$ 5,113.00
LADDER STORAGE / RACKS	3365-1039	Pike pole / long tool storage with stops located (above ladders) in the officer side ladder storage tunnel. Includes a separate rear access door (wired to door ajar) w/bent D-ring latch. Storage for (6) pike poles in lower section (tubes set back 6" from door) and upper section for long tools (Stop located at approx 60"). Top of storage area matches top of main hose bed.	\$ 2,821.00
LADDER STORAGE / RACKS	3365-1040	SCBA/Fire Extinguisher storage rack. Locate [#LOC]. To hold (8) bottles- (2)wide/(4)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 1,463.00
LADDER STORAGE / RACKS	3365-1041	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 24' 2-section and 14' roof, plus a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 3,751.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1042	Storage in the hosebed with open top and diamond plate door with Southco M1-61-8 latches. Door shall be split equally through the middle by a divider to allow access to either above or below the divider by (2) independent doors. Includes composite flooring if applicable for easy removal and loading of the contents and stop(s) as required to prevent the contents from sliding forward. If equipped with a door, it is to be wired to the "Door Open" indicator inside cab.	\$ 2,452.00
LADDER STORAGE / RACKS	3365-1043	Ladder tunnel. Tunnel sized to properly stow (1) folding FL-10 attic roof ladder. Located: B1.	\$ 945.00
LADDER STORAGE / RACKS	3365-1044	Storage box, vertical, over/under, constructed of aluminum treadplate. Located on the officer side of roof top aisle way. Includes a vertically hinged swing open door (wired to door ajar) w/trigger latch. Box to hold (4) customer installed Paratech struts in separate slots with stops provided for (2) 1016 and (2) 812 Gold struts.	\$ 2,172.00
LADDER STORAGE / RACKS	3365-1045	Hose bed slot style storage box located on floor in drivers side hose bed. Includes Duradeck flooring above for hose storage on top. Box to hold (1) FD supplied Junkins JSA-200 model plastic Stokes with stainless steel rail stokes basket. Buckle type retainer strap installed. Includes a tapered forward wall and notched dividers ahead of the Stokes box to provide additional hose storage capacity and smooth transition of the hose.	\$ 3,598.00
LADDER STORAGE / RACKS	3365-1046	Dual hard suction hose storage (without stops) located in the driver side upper header. Over / Under design. This allows for longer suction hoses. Rear access door is vertically hinged outboard (wired to door ajar) w/bent D-ring latch.	\$ 3,738.00
LADDER STORAGE / RACKS	3365-1048	Ladder tunnel. Tunnel sized to properly stow (1) Warner 12 foot step ladder Model 7412. Design includes: Poly floor & nylon buckle strap(s) to secure ladder. Finish is sanded aluminum. Locate: B1.	\$ 4,635.00
LADDER STORAGE / RACKS	3365-1049	Ladder tunnel. Tunnel sized to properly stow (1) Warner 8 foot step ladder Model 7408. Design includes: Poly floor & nylon buckle strap(s) to secure ladder. Finish is sanded aluminum. Locate: B1.	\$ 4,009.00
LADDER STORAGE / RACKS	3365-1050	Hard Suction Storage Rack. Driver side compartment top offset forward over L3/L4. Stores 7' long hose. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 767.00
LADDER STORAGE / RACKS	3365-1051	Tray for (4) Fire Department supplied 50' lengths of 1.75" high rise hose packs on right side compartment top. (6) Spring hold downs to secure hose.	\$ 3,601.00
LADDER STORAGE / RACKS	3365-1052	Fixed fabricated aluminum sleeve with removable speedlay style poly tray for 200' of 2.5" DJ. Located at rear of body in ladder tunnel. The floor of the tray to be slotted to prevent the accumulation of water and allow for ventilation of wet hose. Includes vertical slotted hand hold cutouts on rearward end to facilitate easy removal of the hose tray.	\$ 2,521.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1053	Hard suction storage box (pr). Stored (1) each side below "T" of tank. Storage boxes shall be lined with plastic liner and include hinged door with push-button latch. Tube tunnel to be enlarged in depth to fit barrel strainers to be pre-connected as stored.	\$ 2,734.00
LADDER STORAGE / RACKS	3365-1055	Storage for Little Giant ladder as indicated on sales drawing. Includes: buckled strap(s) to secure ladder in place as required. Finish is sanded aluminum. Locate in [#LOC].	\$ 1,423.00
LADDER STORAGE / RACKS	3365-1056	Horizontal ladder bracket. Location and type of ladder: For customer installed step ladder. Dimensions to be 14.25" wide x 6.75" high x 6.5" long. See Photos on file.	\$ 536.00
LADDER STORAGE / RACKS	3365-1057	Tray for Fire Department supplied 50' of 2-1/2" and 100' of 1-1/2" high rise hose packs on right side compartment top. (6) aircraft seat belt style straps with buckles to secure hose.	\$ 3,601.00
LADDER STORAGE / RACKS	3365-1058	SCBA/Fire Extinguisher storage rack. Locate in [#LOC]. To hold (2) bottles- (1)wide/(2)high. Bottles to be stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts.	\$ 698.00
LADDER STORAGE / RACKS	3365-1060	Fire extinguisher storage rack to hold (2) extinguishers in a single vertical row. Each storage area to be 9" wide x 10" high x 25" deep mounted on the forward wall of L2, below the fixed shelf. Each storage rack will a 1" slant front to back for drainage.	\$ 910.00
LADDER STORAGE / RACKS	3365-1062	Ladder/equipment tunnel. Located at frame height in B1, officer side. Ladders stored flat in separate slots. Includes nylon buckle straps to retain ladders. Reduces water tank capacity approximately 200 gallons.	\$ 6,149.00
LADDER STORAGE / RACKS	3365-1063	Ladder Storage Box. Located in the officer side hosebed. The top shall be enclosed using the hosebed cover, the rear access shall be included in the vinyl rear flap as part of the hose bed cover (hinged door not included), The hosebed cover and rear flap shall be sold separately. A seat belt strap shall be installed to retain the ground ladders and a separate strap shall be installed to retain the attic ladder. Box to hold (1) 24' 3-section, (1) 12' roof, (1) 10' attic ladder and (2) pike poles.	\$ 5,280.00
LADDER STORAGE / RACKS	3365-1064	Hard Suction Storage Rack. Driver side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable). For use with 15' hard suction hose.	\$ 1,020.00
LADDER STORAGE / RACKS	3365-1066	Internal hard suction storage with vertically hinged smooth plate door painted job color (wired to door ajar) with Thumb latch(s). Access door to be located to the rear of the officer's side body. For use with (2) 4" x 10' hard suction hoses, assembly (vertically stacked), and to extend (down) to cover a recessed Pike Pole (or) recessed Attic Ladder storage option.	\$ 2,987.00
LADDER STORAGE / RACKS	3365-1067	A bolt on aluminum fabricated sign plate shall be mounted against the hose bed side along the compartment top. This shall provide an area for graphics. Sign plate shall be painted job color.	\$ 1,976.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1068	Dual hard suction hose storage (with stop to allow for 12' suction hoses) located in the officer side upper header. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,738.00
LADDER STORAGE / RACKS	3365-1069	Storage tunnel between top of tank and below hose bed floor, offset to the officer side. Includes a horizontally hinged lift-up rear smooth plate door with trigger latches and a gas tube hold-open. Equipment (specified separately) stored in separate slots.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-1070	Double Hard Suction Storage Rack for 15' hard suction hoses. Officer side compartment top. Includes spring hold downs with scuff plates (as applicable)	\$ 2,264.00
LADDER STORAGE / RACKS	3365-1071	Ladder tunnel. Tunnel to hold (1) 35'-3 section, (1) 12' D-handle pike pole, and (1) 8' D-handle pike pole.	\$ 5,904.00
LADDER STORAGE / RACKS	3365-1072	Double Hard Suction Storage Rack. Officer side compartment top. Includes spring hold downs with scuff plates (as applicable). For use with 12' hard suction hoses.	\$ 2,676.00
LADDER STORAGE / RACKS	3365-1073	Ladder storage thru tank for a 3-section 26' ladder. Reduces selected water tank capacity by approximately 150 gallons.	\$ 3,244.00
LADDER STORAGE / RACKS	3365-1074	Storage tunnel capable of holding: (2) 6" x 12' hard suction hoses (individually vertically stacked) in Driver Side Storage Tunnel. Includes an upper storage area for (1) one 10' Folding ladder, and (2) Two Standard Pike Poles tubes, 10' long tubes. Also Includes a vertically hinged rear smooth plate door with D-Ring latch. Tanker, Pumper/Tanker.	\$ 3,572.00
LADDER STORAGE / RACKS	3365-1075	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet, (3) up to 12' pike poles, and (1) up to 12' plaster/drywall hook.	\$ 3,897.00
LADDER STORAGE / RACKS	3365-1076	Rear access compartments stacked one above the other in the driver side extended width header. Lower compartment stores (2) 6" x 10' long suction hose side by side. Upper compartment stores long tools. Includes lift-up rear access doors (wired to door ajar) w/bent D-ring latch. Guards provided inside upper storage area for side of body lighting and wiring (where applicable). Requires secondary floor option 3340-1332.	\$ 4,840.00
LADDER STORAGE / RACKS	3365-1077	Ladder storage through tank for (1) 24' 2-section, (1) 14' roof, (1) 8' attic and (2) pike poles. Includes horizontally hinged lift-up door with bent D-Ring latch (wired to door ajar indicator). Reduces selected water tank capacity by approximately 270 gallons.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-1078	Two (2) pike poles and a folding ladder(universal) located in hosebed next to hardsuction storage.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1079	Hard suction storage tray for 12' hose. Locate on top of Zico drop-down ladder rack. Hose not included.	\$ 1,681.00
LADDER STORAGE / RACKS	3365-1080	Pike Pole and broom storage located (above ladders) in the driver side ladder storage tunnel. Includes a common taller rear access door (wired to door ajar) and latch. Pike poles to be (2) 8' poles with NY hooks and (2) 6' poles with NY hooks. Door to be notched for rear scene lighting as applicable.	\$ 2,285.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1081	Double Hard Suction Storage Rack for 7' hard suction hoses. Driver side compartment top. Includes spring hold downs with scuff plates (as applicable)	\$ 1,634.00
LADDER STORAGE / RACKS	3365-1082	Pike pole mount. Includes lower stainless steel pan, and two (2) upper PAC 1004 bracket with stainless steel scuff plate from top to bottom. Located: [#LOC]	\$ 1,469.00
LADDER STORAGE / RACKS	3365-1083	Recessed folding ladder and pike pole storage compartment located right rear of body. Compartment sized to store a 10' ladder with feet and (4) NY hooks. The NY hooks shall be (1) 6', (1)8', and (2) 10'. Content lables to be located on access door.	\$ 2,597.00
LADDER STORAGE / RACKS	3365-1084	Aluminum box cap for end of pike pole and attic ladder storage. Box to have diamond plate door with push-button latch for access to storage.	\$ 1,142.00
LADDER STORAGE / RACKS	3365-1085	Officer side vertical storage tunnel outside hose bed, enclosed. Tunnel to hold: a 2100 gallon folding tank and a 6" x 10' long hard suction tube. Tunnel is the length of the body with hard tank bracket stops. Outside of tunnel to be prepared for painted job color, with the top covered with treadplate. Rear provided with vertical access door with bent D-ring latch.	\$ 5,396.00
LADDER STORAGE / RACKS	3365-1086	A bolt on aluminum fabricated sign plate shall be mounted to the exterior vertical surface of the adjustable ladder track. This shall provide a mounting surface for lights along with an area for graphics. Sign plate shall be painted job color.	\$ 2,383.00
LADDER STORAGE / RACKS	3365-1087	Three (3) NY Style hooks and a folding ladder tucked behind ground ladders on the adjustable ladder tracks on the officer's side outside of the hose bed.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1088	Talon Hook storage tray constucted of smooth aluminum plate with a sanded finish. Locate above ladder module inside tunnel. Includes (4) divided spaces for individual storage of TAL-8 hooks stowed on end.	\$ 1,113.00
LADDER STORAGE / RACKS	3365-1089	Dual hard suction hose storage (without forward stops) located in the officer side upper header. This allows for longer suction hoses (maximum length of 15'). Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch. UHMW stops located rearward to keep hoses from contacting door.	\$ 3,738.00
LADDER STORAGE / RACKS	3365-1090	Ladder storage on officer side through tank for (1) 2-section, (1) 14' roof, (1) 10' attic with feet and (2) pike poles. Includes vertically hinged door with Bent D-Ring latch (wired to door ajar indicator). Reduces selected water tank capacity by approximately 250 gallons.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-1091	High Rise Pack storage with stop located (above ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (specified with ladder tunnel option).	\$ 2,285.00
LADDER STORAGE / RACKS	3365-1092	Stop bracket to be located approximately 72" back in upper storage compartment above the ladders for High Rise Packs.	\$ 262.00

LADDER STORAGE / RACKS	3365-1093	Portable Tank Storage Box. Located in the officer side hosebed. Includes (inboard) vertical hinged diamond plate door (wired to door ajar) w/push-button latches, hosebed style top and nylatron flooring (no divider). Box to hold [#LOC] gallon portable tank.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-1094	Internal ladder tunnel storage with vertically hinged smooth plate door painted job color (wired to door ajar) includes D-ring latch. Access door to be located to the rear of the driver's side body. Storage tunnel capable of holding: (1) 2-Section Ladder, (1) Roof Ladder (Ladders not to exceed body side length), and (1) Folding Attic Ladder, with (2) pike poles.	\$ 5,506.00
LADDER STORAGE / RACKS	3365-1095	Hard suction storage rack for (1) 6" X 18' suction hose. Locate [#LOC]. Includes spring hold downs with scuff plates (as applicable).	\$ 1,258.00
LADDER STORAGE / RACKS	3365-1096	Recessed rubbish/trash hook pole storage compartment located between officer side upper and lower. Compartment sized to store (1) rubbish/trash pole.	\$ 762.00
LADDER STORAGE / RACKS	3365-1097	Ladder storage offset to driver side of top deck. Includes boot forward on water tank and a hold-down for (1) Alco-Lite PEL-24 2-section extension ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-1098	Ladder storage for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (2) pike poles and (1) backboard. Ladders stored on beam. Tunnel located behind reduced depth upper compartments on the officer side of the body. Includes vertically hinged smooth plate access door with bent D-ring latch.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-1099	A pair of PAC HANDLELOK brackets for a D handle pike pole. Locate on top of the pike pole folding ladder assembly mounted on adjustable ladder tracks.	\$ 635.00
LADDER STORAGE / RACKS	3365-1100	(4) aluminum pike pole storage tubes. Locate [#LOC].	\$ 1,314.00
LADDER STORAGE / RACKS	3365-1101	Dual hard suction hose storage (without stops) located in the driver side upper header. This allows for longer suction hoses. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,738.00
LADDER STORAGE / RACKS	3365-1102	Storage tunnel through water tank on officer side. Tunnel to hold: 24' 2-section, 14' roof, 10' folding ladder with shoes, and (4) pike poles. Includes a vertically hinged rear smooth plate door with bent D-ring latch and a gas tube hold-open. Equipment not included unless specified separately. Reduces water tank capacity by 250 gallons.	\$ 4,715.00
LADDER STORAGE / RACKS	3365-1103	Stokes basket storage located in the driver side upper header above the hard suction hose. Includes a stop bracket at front of stokes for containment, approximately 88" deep.	\$ 2,369.00
LADDER STORAGE / RACKS	3365-1104	Recessed pike pole storage compartment located on the officer side between the upper and lower compartments. Compartment sized to store (1) 10' multi/all purpose - NY Roof Hook, and (1) 8' multi/all purpose - NY Roof Hook. The box to be 5" deep.	\$ 926.00
LADDER STORAGE / RACKS	3365-1105	Center mounted ladder tunnel. Ladder rack to hold: PEL-35, PEL-28, DRL-20, DRL-18, DRL-16,CJL-14 and FL-10.	\$ 10,494.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1106	(3) 10' pike pole storage tubes with locking ends. Locate in officer side roof top compartment with pike pole hooks stored in the up position.	\$ 1,346.00
LADDER STORAGE / RACKS	3365-1107	Four (4) NY roof hook pike poles and a folding ladder tucked behind ground ladders on the adjustable ladder tracks. The rear end of the pike poles to be 2" short of the end of the body side.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1109	(4) 6' aluminum pike pole storage tubes. Locate in the pump module transverse mounted to forward wall just above the floor.	\$ 659.00
LADDER STORAGE / RACKS	3365-1110	Storage box for (1) 14' length of hard suction hose. Includes vertically hinged door with latch (wired to door ajar indicator). Locate [#LOC] side below "T" of water tank.	\$ 1,487.00
LADDER STORAGE / RACKS	3365-1111	Center mounted ladder tunnel. Ladder rack to hold: (2)35' 1200-A, 28' 1200-A, 24' 900-A, 16' 875-A and 10' 585-A folding (attic) ladder.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1112	Center mounted ladder tunnel. Ladder rack to hold:35' 1225-A, 28' 1200-A, 24' 900-A, 16' 875-A, 10' 585-A and pike pole storage. Requires roof ladder option on base section of aerial to meet 115' NFPA requirement.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1113	Hard Suction Storage Rack. Officer side above Zico drop down rack. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 799.00
LADDER STORAGE / RACKS	3365-1114	Hard suction storage rack for (1) 6" x 12' suction hose. Locate: [#LOC]. Includes spring hold downs with scuff plates (as applicable).	\$ 818.00
LADDER STORAGE / RACKS	3365-1115	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, and (1) 17' Little Giant Defender (unfolded). Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-1116	A bolt on smooth aluminum fabricated sign plate shall be mounted to the upper exterior side facing vertical surface of the 2-Arm Ladder Rack. This shall provide a mounting surface for lights along with an area for graphics. Sign plate shall be painted job color.	\$ 3,555.00
LADDER STORAGE / RACKS	3365-1117	Storage tunnel thru tank for (1) 2500 gallon portable tank. Reduces selected water tank capacity by approximately 250 gallons.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-1118	Recessed folding ladder and pike pole storage compartment located [#LOC]. Compartment sized to store a 10' ladder with feet and (3) pike poles.	\$ 1,886.00
LADDER STORAGE / RACKS	3365-1119	Stokes basket storage located in the officer side upper header. Includes a stop bracket at front of stokes for containment, approximately 88" deep. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,478.00
LADDER STORAGE / RACKS	3365-1120	Hard suction storage rack for (1) 6" X 20' suction hose. Locate driver side in adjustable tracks. Includes NFPA retaining strap(s).	\$ 1,594.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1121	Stokes basket storage located in the officer side upper header above the hard suction hose. Includes a stop bracket at the front of the Stokes basket for containment, approximately 88" deep. Shares a common door with the hard suction storage area.	\$ 2,369.00
LADDER STORAGE / RACKS	3365-1122	Fixed fabricated aluminum sleeve with removable speedlay style poly tray for 150' of 4" LDH. Located at rear of body in ladder tunnel. The floor of the tray to be slotted to prevent the accumulation of water and allow for ventilation of wet hose. Includes vertical slotted hand hold cutouts on rearward end to facilitate easy removal of the hose tray.	\$ 2,521.00
LADDER STORAGE / RACKS	3365-1123	Dual hard suction hose storage with stops for 12' long x 6" hose located in the driver side upper header. Includes a lift-up rear access door (wired to door ajar) with bent D-ring latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1124	Stokes basket storage located in the driver side upper header above of the hard suction hose. Includes a stop bracket at the front of the Stokes basket for containment, approximately 88" deep. Shares a common door with the hard suction storage area.	\$ 2,369.00
LADDER STORAGE / RACKS	3365-1125	(3) 10' pike pole storage tubes with locking ends. Locate in officer side storage box up high with pike pole hooks stored in the down position. Locking end of tubes are to protrude rearward of storage box approx. 4" (or as design requires) for storage/access of poles. (Requires a storage box added seperate.)	\$ 1,346.00
LADDER STORAGE / RACKS	3365-1126	Fire extinguisher storage rack to hold (3) extinguishers in a single horz row. Each storage area to be 11" wide x 11" high x 25" deep with a trough in the bottom (same as used in E-ONE wheelwell bottle storage. Bottom and sides of the trough to include ribbed rubber inserts. Each opening to have a vertically mounted strap. Bolt to the bottom of the adjustable shelf in R2 forward end.	\$ 1,357.00
LADDER STORAGE / RACKS	3365-1128	Storage box on officer side compartment top for high rise packs. Includes (2) half-length horizontally hinged drop down sloped tread plate doors with (2) bent D-ring latches per door. Box to be full length of side compartment assembly 8" high x 12" deep, with the door angled from the bottom toward the top of the body. With black Turtle Tile brand flooring.	\$ 3,214.00
LADDER STORAGE / RACKS	3365-1129	One (1) hard suction storage box to hold two (2) 6" X 10' hard suction hoses stored vertically on OFC side PTS. Storage to have a smooth plate door (wired to door ajar) with bent D-ring latch. Box and door shall be painted job color.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-1130	Horizontal ladder brackets right side of body in recessed storage area above half side compartments. Brackets to hold from top to bottom: PRL-20 & (2) PEL-35.	\$ 4,308.00
LADDER STORAGE / RACKS	3365-1131	Center mounted ladder tunnel. Ladder rack to hold: 1525A-45P, PEL-28, Junkin JSA-200 stokes and (4) 10' NY Hook pike poles.	\$ 10,494.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1132	Adjustable track(s) additional. Locate track(s) to [#LOC] assembly. For use with ladder and/or hard suction rack(s). This is an additional assembly if more than two are required.	\$ 202.00
LADDER STORAGE / RACKS	3365-1133	Recessed pike pole storage compartment located on the officer side between the upper and lower compartments. Compartment sized to store (1) 8' NY Hook and (1) 6' NY Hook. The box to be 5" deep.	\$ 926.00
LADDER STORAGE / RACKS	3365-1134	Recessed folding ladder and pike pole storage compartment located left rear of body up high. Compartment sized to store a 10' ladder with feet and (2) 12' pike poles and include a miscellaneous storage compartment below the ladder(s)/pike pole(s).	\$ 2,865.00
LADDER STORAGE / RACKS	3365-1135	Stokes basket storage located in the driver side upper header. Includes a stop bracket at front of stokes for containment, approximately 88" deep. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,478.00
LADDER STORAGE / RACKS	3365-1136	Hard suction storage rack for (1) 6" x 13' suction hose. Locate: [#LOC]. Includes spring hold downs with scuff plates (as applicable).	\$ 818.00
LADDER STORAGE / RACKS	3365-1137	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: (1) 2-section 24' ladder and (2) backboards. Includes vertical hinged rear boxed out smooth plate door(s) with push-button latch. Includes upper hose bed style flooring.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1138	Storage box for (1) 12' length of hard suction hose & (2) two pike poles. (1) one pike pole storage tube to be located in each upper corner of storage box. Includes vertically hinged door with latch (wired to door ajar indicator). Locate to [#LOC] below "T" of water tank.	\$ 2,813.00
LADDER STORAGE / RACKS	3365-1139	Driver side vertical storage tunnel behind reduced upper depth compartments. Tunnel to hold: 35' 3-section, 14' roof, (2) 10' pike poles, and a 10' folding ladder with shoes. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-1140	Dual hard suction hose storage with stops located in the driver side ladder storage tunnel above the ladders. Includes a common taller rear access door (specified with ladder tunnel option). Bottom storage area sized hold a 10' long hose with preconnected low level strainer.	\$ 2,285.00
LADDER STORAGE / RACKS	3365-1141	Provision to store (4) Fire Department supplied 50' lengths of 2-1/2" high rise hose packs on right side compartment top. (6) PAC ADJUSTAMOUNT brackets to secure hose.	\$ 3,077.00
LADDER STORAGE / RACKS	3365-1142	Recessed folding ladder and pike pole storage compartment, with a brushed SS door and a push button latch, located at rear of apparatus officer side under "T" of tank. Compartment sized to store a 10' ladder with feet and (3) pike poles.	\$ 1,886.00
LADDER STORAGE / RACKS	3365-1143	Hard suction storage rack for (1) 6" x 10' suction hose. Locate: [#LOC]. Includes spring hold downs with scuff plates (as applicable).	\$ 818.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1144	One (1) hard suction storage box to hold two (2) 6" X 10' hard suction hoses stored vertically on driver's side compartment top. Storage to have a smooth plate door (wired to door ajar) with bent D-ring latch. Box and door shall be painted job color.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-1145	Aluminum treadplate hard suction hose storage tray. Locate on top of Zico drop-down portable tank rack, full length of rack.	\$ 1,681.00
LADDER STORAGE / RACKS	3365-1146	Recessed folding ladder and pike pole storage compartment located left rear of body. Compartment sized to store a 10' ladder with feet and (2) pike poles.	\$ 2,069.00
LADDER STORAGE / RACKS	3365-1147	Driver side vertical ladder and equipment storage tunnel behind upper reduced depth compartments. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-1148	Storage tunnel capable of holding: One (1) 6" x 10' hard suction hose (individually vertically stacked along with (1) one 10' Folding ladder, and (2) Two Pike Poles tubes, 10' long tubes standard) in a Officer Side Storage Tunnel. Storage tunnel to be located above the rear Intake Piping. Includes a vertically hinged rear smooth plate door with D-Ring latch. Tanker, Pumper/Tanker.	\$ 3,237.00
LADDER STORAGE / RACKS	3365-1149	Driver side ladder storage tunnel. Includes area for a vertically stored 24' 2-section'and 14' roof. Includes vertically hinged rear smooth plate door with D-ring latch.	\$ 2,352.00
LADDER STORAGE / RACKS	3365-1150	Diamond plate storage compartment located on officer side compartment top. Compartment sized to store (1) 10' ladder with feet and (1) 10' Boston Rake Hook pole.	\$ 1,493.00
LADDER STORAGE / RACKS	3365-1151	Little Giant sleeve for a Model 26 ladder for vertical storage in transverse compartment. Includes (1) ladder hold down to secure the ladder in place with composite flooring. Located in transverse area of the L1/R1 compartments. Accessible from L1 only.	\$ 1,166.00
LADDER STORAGE / RACKS	3365-1152	Recessed broom storage compartment located in officer side upper pump module. Recessed area approx. 26" high x 6" deep x 14" wide to allow the storage of (3) wide-brush head brooms. Tubes to be made of aluminum and sized to accommodate 5' broom handles. (1) door actuated light at door opening. Vertical rearward hinged box pan fully gasketed door with a d-ring latch and gas tube hold opens. Wire to door ajar indicator in cab. Outer door panel finish matches pump panel finish.	\$ 2,715.00
LADDER STORAGE / RACKS	3365-1153	Fixed fabricated aluminum sleeve with removable speedlay style poly tray for 200' of 3" DJ. Located at rear of body behind turntable access door on driver side offset forward approx. 8" from rear of body. The floor of the tray to be slotted to prevent the accumulation of water and allow for ventilation of wet hose. Includes vertical slotted hand hold cutouts on rearward end to facilitate easy removal of the hose tray.	\$ 3,487.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1154	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet, (2) 10', (2) 8' and (2) 6' New York roof hook pike poles.	\$ 3,897.00
LADDER STORAGE / RACKS	3365-1155	Trash Hook storage compartment located driver side. Compartment sized to store a (4) Trash Hooks with D-Handle with smooth plate vertically hinged door and (2) thumb latches.	\$ 2,998.00
LADDER STORAGE / RACKS	3365-1156	Dual hard suction hose storage (without stops) located in the driver side upper header. Over / Under design. This allows for longer suction hoses based upon available space. Rear access door is vertically hinged outboard (wired to door ajar) w/bent D-ring latch.	\$ 3,738.00
LADDER STORAGE / RACKS	3365-1157	Dual hard suction hose storage (without stops) located in the officer side upper header. Over / Under design. This allows for longer suction hoses based upon available space. Rear access door is vertically hinged outboard (wired to door ajar) w/bent D-ring latch.	\$ 3,738.00
LADDER STORAGE / RACKS	3365-1158	Dual hard suction hose storage (with stops for 10' long hose) located in the officer side upper header. Over / Under design. Rear access door is vertically hinged outboard (wired to door ajar) w/bent D-ring latch.	\$ 3,738.00
LADDER STORAGE / RACKS	3365-1159	Vertical ladder brackets (2) with adjustable tracks. Locate on driver's side of body above L7 to hold Little Giant Model 17 ladder.	\$ 1,691.00
LADDER STORAGE / RACKS	3365-1160	A bolt on aluminum fabricated sign plate shall be mounted to the exterior vertical surface of the ladder rack(s). This shall provide a 12" X 120" area for graphics. Sign plate shall be painted job color.	\$ 1,272.00
LADDER STORAGE / RACKS	3365-1161	Little Giant sleeve for a Model 17 ladder for vertical storage in transverse compartment. Includes (1) ladder hold down to secure the ladder in place with composite flooring. Located in transverse area of the L1/R1 compartments. Accessible from L1 only.	\$ 1,010.00
LADDER STORAGE / RACKS	3365-1162	Hard Suction Storage Rack. Location: [#LOC]. Includes strap hold downs.	\$ 767.00
LADDER STORAGE / RACKS	3365-1163	Officer side vertical storage tunnel behind reduced upper depth compartments. Tunnel to hold: (1) 1500 gallon Fold-A-Tank model FDTA-1500-ALUM portable pond. Includes vertically hinged rear smooth plate door with bent D-ring latch. Equipment not included.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-1164	Ladder storage offset to officer side of top deck. Includes straps for (1) Alco-Lite PEL-24 2-section extension ladder and (1) Alco-Lite PRL-14 roof ladder.	\$ 1,188.00
LADDER STORAGE / RACKS	3365-1165	Nylon black strap with clip release and footman loops on each side for use with hard suction storage in hosebed.	\$ 189.00
LADDER STORAGE / RACKS	3365-1166	Officer side vertical storage tunnel behind reduced upper depth compartments. Tunnel to hold: 24' 2-section, 14' roof, (2) 10' pike poles, 10' folding ladder with shoes, and a backboard. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1167	Driver side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertical hinged rear smooth plate door(s) with stainless steel bent D-ring latch. Top surface is enclosed with NFPA compliant aluminum tread plate cover.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1168	Ladder storage through tank for (1) 2-section 28' extension, (2) 14' roof ladders, (1) 10' attic with feet, and (2) 10' X 6" hard suction hoses. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers or large water tank pumper applications.	\$ 11,109.00
LADDER STORAGE / RACKS	3365-1169	Horizontal ladder brackets left side of body in recessed storage area above half side compartments. Brackets to hold from top to bottom: PRL-20 & (2)PEL-35.	\$ 4,308.00
LADDER STORAGE / RACKS	3365-1170	Dual hard suction hose storage with stops for 8' suction hose, located in the officer side upper header. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1171	Storage thru tank for (3) 6" x 10' hard suction hoses. Reduces selected water tank capacity by approximately 240 gallons.	\$ 3,382.00
LADDER STORAGE / RACKS	3365-1172	Officer side vertical hose bed storage tunnel. Includes vertical hinged aluminum diamond plate door with a D-ring latch.	\$ 3,971.00
LADDER STORAGE / RACKS	3365-1173	Pike pole and attic ladder storage offset to driver side of top deck. Includes straps for (1) folding attic ladder and (2) pike poles.	\$ 946.00
LADDER STORAGE / RACKS	3365-1174	Storage sleeve in tank for (3) 6" x 10' hard suction hoses. Reduces selected water tank capacity by approximately 150 gallons.	\$ 3,244.00
LADDER STORAGE / RACKS	3365-1175	Storage tunnel capable of holding: One (1) 6" x 10' hard suction hose (individually vertically stacked along with (1) one 10' Folding ladder, and (2) Two Pike Poles tubes, 10' long tubes standard) in a Driver Side Storage Tunnel. Storage tunnel to be located above the rear Intake Piping. Includes a vertically hinged rear smooth plate door with D-Ring latch. Tanker, Pumper/Tanker.	\$ 3,237.00
LADDER STORAGE / RACKS	3365-1176	Driver side vertical storage tunnel behind reduced upper depth left side compartments. Tunnel to hold: up to (2) 10' lengths of 6" hard suction hose. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-1177	Officer side vertical storage tunnel next to the water tank. Tunnel to hold: 24' 2-section and 14' roof, (2) pike poles, a backboard and a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-1178	Ladder assist roller system shall be provided for the Alco-Lite PEL-35 35' 2-section or the TEL,TEL3 40-50 series ladder(s) in the ladder tunnel. Includes sealed bearing rollers at the opening of the ladder tunnel. Purpose is to relieve a significant portion of the weight of the ladder at the opening to reduce the pulling force required to remove the ladder from the storage compartment.	\$ 1,179.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1179	(2) pairs of pike pole mounting brackets. Locate outboard side of beavertails for use with customer/dealer installed pike poles. Brackets to be located so they retain both a standard pike and a D-handle model. Brackets to be P.A.C. TOOLOK.	\$ 723.00
LADDER STORAGE / RACKS	3365-1180	Hard Suction Storage Rack. Driver side compartment top. Includes two (2) velcro straps to retain the hose.	\$ 767.00
LADDER STORAGE / RACKS	3365-1181	Hard Suction Storage Rack. Officer side in adjustable track above ladders (if applicable). Includes two (2) velcro straps to retain the hose.	\$ 799.00
LADDER STORAGE / RACKS	3365-1182	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 24' 2-section and 14' roof and a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1183	Dual hard suction hose storage with stops for 10' long x 4" hose. Storage located in the drivers side upper header with the hose stored one above the other. Rear access door is vertically hinged outboard (wired to door ajar) w/bent D-ring latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1184	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (2) pike poles and (1) backboard. Reduces selected water tank capacity by approximately 300 gallons.	\$ 6,235.00
LADDER STORAGE / RACKS	3365-1186	Center mounted ladder tunnel. Ladder rack to hold: (1) TEL3-50P (stored flat), (1) TEL2-35 (stored flat), (1) PRL-20 (stored flat), (1) TEL2-35 (stored on beam, officer side), (1) TEL 2-40 (stored flat), (1) FL-10 w/shoes (stored above 35" 2-section), (1) PRL-12' roof (stored on beam, driver side).	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1187	Hard suction hose storage tray. Locate on [#LOC]. Includes (2) securing straps. For use with 10' hard suction hoses.	\$ 2,007.00
LADDER STORAGE / RACKS	3365-1188	12' Hard Suction Storage Rack. Driver side on adjustable tracks. Includes spring hold downs and scuff plates behind spring mounts (as applicable)	\$ 1,147.00
LADDER STORAGE / RACKS	3365-1189	A bolt on aluminum fabricated sign plate shall be mounted against the back of the chainsaw box. This shall provide an area for graphics. Sign plate shall be painted job color.	\$ 1,976.00
LADDER STORAGE / RACKS	3365-1190	Storage for (2) 6" x 7' hard suction hoses (not included) stored vertical above ladder tunnel. Includes necessary plate work and bolt in removable floors between tubes as stored with end stops to prevent the tube from sliding forward into body during transit. Includes Nylatron or similar flooring material to ease deployment of hoses.	\$ 1,980.00
LADDER STORAGE / RACKS	3365-1191	Hard suction storage assembly, vertical stack for (2) lengths of hard suction located in hosebed. Includes composite flooring if applicable for easy removal and loading of the contents and stop(s) as required to prevent the contents from sliding forward.	\$ 1,881.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

LADDER STORAGE / RACKS	3365-1192	Ladder storage through tank for (1) 24' 2-section, (1) 14' roof, (1) 10' attic with shoes and (2) pike poles. Includes horizontally hinged drop-down door with bent D-Ring latch (wired to door ajar indicator). Reduces selected water tank capacity approximately 140 gallons.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-1193	Provision to store (4) Fire Department supplied 50' lengths of 2-1/2" high rise hose packs on right side compartment top. (6) Velcro straps to secure hose.	\$ 3,077.00
LADDER STORAGE / RACKS	3365-1194	One (1) hard suction storage box to hold a single 6" X 10' hard suction hoses stored on top of OFC PTS. Storage to have a smooth plate door (wired to door ajar) with latch. Box and door shall be painted job color.	\$ 3,125.00
LADDER STORAGE / RACKS	3365-1195	One (1) hard suction storage box to hold a single 6" X 10' hard suction hoses stored on DVR side of tank, above ladders (if applicable). Storage to have a smooth plate door (wired to door ajar) with latch. Box and door shall be painted job color.	\$ 3,125.00
LADDER STORAGE / RACKS	3365-1197	Two (2) pike poles and a folding ladder stored below the inboard side the overhead ladder rack.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1198	Dual hard suction hose storage (without stops) located in the officer side upper header. This allows for longer suction hoses. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 3,738.00
LADDER STORAGE / RACKS	3365-1199	Ladder storage through tank for (1) 24' 2-section, (1) 14' roof, (1) 10' attic with shoes and (2) NY hooks. Includes horizontally hinged lift-up door with bent D-Ring latch (wired to door ajar indicator). Reduces selected water tank capacity approximately 200 gallons.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-1200	Hard Suction Storage Rack. Driver side in adjustable track. Includes spring hold downs and scuff plates.	\$ 799.00
LADDER STORAGE / RACKS	3365-1201	(3) pike pole storage tubes. Locate inboard side of ladder rack, underneath and in such a way that the poles when in the stowed position shall not interfere with hose deployment from the hose bed.	\$ 1,410.00
LADDER STORAGE / RACKS	3365-1202	Dual hard suction hose storage with stops located in the drivers side upper header. Includes a full width swing open door, vertical hinged on left side (wired to door ajar) w/bent D-ring latch. Remaining area open for additional storage.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1203	One (1) hard suction storage box to hold a single 6" X 10' hard suction hoses stored on top of OFC PTS. Storage to have a retaining strap.	\$ 1,894.00
LADDER STORAGE / RACKS	3365-1204	Ladder storage box. Located in the officer side hose bed. Includes diamond plate door for holding attic ladder and pike poles and extension and roof ladders, hose bed style above the ladder storage, nylatron flooring, and stainless steel rollers below ladders. Box to hold (1) 24' 2-Section, (1) 14' roof, (1) 10' attic and (2) pike poles.	\$ 4,962.00
LADDER STORAGE / RACKS	3365-1205	Upper hosebed storage area above officer side compartments as applicable. Upper storage area to have smooth plate vertical hinged door with trigger latch and an open top and run length of the hosebed area. Includes hosebed style flooring.	\$ 2,345.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1206	Officer side vertical storage tunnel. For use with low hose bed. Tunnel wall adjacent to the hose bed extended to the same height as the outer hose bed side sheet to provide a hose storage area above the tunnel. Hose bed decking to match main hose bed. Tunnel to hold: 2-Section 24', 14' roof, 10' attic with shoes, (3) pike poles and a backboard. Includes vertical hinged rear smooth plate door(s) with stainless steel bent D-ring latch. Where ladders extend into the pump enclosure, they will be enclosed from the elements with aluminum treadplate.	\$ 5,327.00
LADDER STORAGE / RACKS	3365-1207	SCBA/Fire Extinguisher storage rack. Locate on R3 floor, offset rearward. Holds (3) bottles vertically stacked and stored angled upward in the compartment. The bottom and sides are to include ribbed rubber inserts. Each storage slot to be 11" wide x 10" high.	\$ 2,681.00
LADDER STORAGE / RACKS	3365-1208	Dual hard suction hose storage module with stops for 10' hose located on the officer side. Includes a vertically hinged door (wired to door ajar) w/bent D-ring latch. Module to hold (2) 6" x 10' long tubes vertically stacked one directly above the other with the lower hose located behind the rollup door roll and the upper hose located in the roof top storage area of the body.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1209	Ladder storage offset to driver side of top deck. Includes boot forward on water tank and a hold-down for (1) Duo-Safety 900A 24' 2-section extension ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-1210	Horizontal ladder brackets. Location and type of ladder: Top center of body for Little Giant Model 17. Includes fabricated aluminum ADT forward enclosure and PAC Adjustamount bracket to retain ladder.	\$ 1,404.00
LADDER STORAGE / RACKS	3365-1211	Hard suction storage box welded to left side upper body hose bed side sheet for dual vertically stacked 10' hose. Painted as applicable. Includes vertically hinged smooth aluminum rear access door and aluminum hose trays with forward travel limit stops.	\$ 4,359.00
LADDER STORAGE / RACKS	3365-1212	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: (1) 2-section, (1)' roof and a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1213	Provision to store (4) Fire Department supplied 50' lengths of 2-1/2" high rise hose packs on right side compartment top. Uses aircraft style seat belt straps only (no tray).	\$ 2,352.00
LADDER STORAGE / RACKS	3365-1214	Three (3) pike poles and a folding ladder tucked behind ground ladders on the adjustable ladder tracks.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1215	Recessed pike pole storage compartment located [#LOC]. Compartment sized to store (3) pike poles. Painted door ilo Dia Plt.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-1217	Double hard suction storage rack (side by side) for 6" x 8' hard suction hoses. Hard suction storage rack located driver side compartment top. Includes spring hold downs with scuff plates (as applicable).	\$ 1,248.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1218	Embossed diamond plate lid(s) above the hosebed storage with grab handles and butterfly latches. To be hinged to outboard side of storage area.	\$ 728.00
LADDER STORAGE / RACKS	3365-1219	Recessed pike pole storage compartment located below officer side "T" of the tank. Compartment sized to store (3) pike poles.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-1220	Recessed pike pole storage compartment located below driver side "T" of the tank. Compartment sized to store (3) pike poles.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-1221	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (2) pike poles and (1) Stokes basket. Reduces selected water tank capacity by approximately 250 gallons for pumpers.	\$ 11,109.00
LADDER STORAGE / RACKS	3365-1222	Center mounted ladder tunnel. Ladder rack to hold: TEL3-45P, PEL-35, PEL-28, and FL-10.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1223	Center mounted ladder tunnel. Ladder rack to hold: PEL3-35, PEL-28, (2)PRL-16, FL-10 and (4) pike pole tubes for (2) 6' poles, (1) 8' pole & (1) 10' pole each with NY hook style head.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1224	A bolt on aluminum fabricated sign plate shall be mounted to the hose bed side wall. This shall provide a mounting surface for graphics. Sign plate shall be painted job color.	\$ 1,976.00
LADDER STORAGE / RACKS	3365-1226	Recessed pike pole storage compartment located on the officer side between the upper and lower compartments. Compartment sized to store (1) 8' NY Hook and (1) 6' NY Hook. The box to be 5" deep. Rear access door to be hinged smooth plate painted job color.	\$ 926.00
LADDER STORAGE / RACKS	3365-1227	Roller to assist ladder loading shall be provided. Includes: mounting bracket if applicable and stainless steel roller assemblie located at the opening of the ladder storage tunnel to best accommodate ladder loading from the ground.	\$ 1,179.00
LADDER STORAGE / RACKS	3365-1228	Single hard suction hose storage with stop located (above ladders) in the driver side ladder storage tunnel. Includes a common taller rear access door (wired to door ajar) w/bent D-ring deadbolt type latch.	\$ 2,285.00
LADDER STORAGE / RACKS	3365-1229	Single hard suction hose storage (with stops for 10' hose with attached Red head low level strainer) located in the driver side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a trigger latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-1230	(2) pike pole storage tubes. Locate inboard side of ladder rack, underneath and in such a way that the poles when in the stowed position shall not interfere with hose deployment from the hose bed.	\$ 1,410.00
LADDER STORAGE / RACKS	3365-1231	Ladder storage through tank for (1) 24' 2-section, (1) 14' roof, (1) 10' attic with feet and (2) pike poles. Tunnel centered side to side and located as low as practical. Includes horizontally hinged drop-down smooth plate door with bent D-Ring latch (wired to door ajar indicator). Reduces selected water tank capacity by approximately 215 gallons.	\$ 5,979.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1232	Officer side vertical storage tunnel behind upper reduced depth left side compartments. Tunnel to hold: 24' 2-section, 14' roof, (4) 10' pike poles, 10' folding ladder with shoes, and a backboard. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-1233	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: 24' 2-section, 14' roof, (4) pike poles, 10' folding ladder with shoes, and a backboard. Includes vertical hinged smooth plate aluminum door with a D-ring latch. For use with Chevron application.	\$ 3,971.00
LADDER STORAGE / RACKS	3365-1234	Nylon black strap with seatbelt style buckle for use with storage tunnel thru the tank.	\$ 152.00
LADDER STORAGE / RACKS	3365-1235	A module formed from .125" aluminum treadplate will be installed on the driver side interior walkway. Module to store: (1) PEL-24 2-section extension ladder, (1) Little Giant model 17 ladder, (1) Stokes basket (Ferno Model 71), (1) Stokes basket (CMC Tapered Litter basket), (2) 6' NY hooks and (2) 10' long struts. Includes buckle strap retainers for the ladders and Stokes basket. Struts and NY hooks will be retained behind an access door hinged on the outboard side with a trigger latch. The module will be approx. 172" long x 49" tall. The section rearward of the Stokes basket will have a door on top with a grab handle and 1/4 turn twist locks.(2) additional 6' NY hooks will be mounted to the top of the compartment (Located at Final Inspection)	\$ 7,620.00
LADDER STORAGE / RACKS	3365-1236	Single hard suction hose storage (with stops for 10' hose and a barrel strainer) located in the officer side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a trigger latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-1237	PAC TRAC positive locking brackets (PR). Location: (1) one on each side of pump module on lift up pump access doors.	\$ 697.00
LADDER STORAGE / RACKS	3365-1238	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: (1) 2-section ladder and (1) roof ladder, plus (2) pike poles and a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1239	Officer side vertical storage tunnels. For use with low hose bed. Lower tunnel to hold [#LOC]. The upper tunnel to be full length of hose bed with an open top.	\$ 4,321.00
LADDER STORAGE / RACKS	3365-1240	Officer side vertical storage tunnels. For use with low hose bed. Lower tunnel to hold 2-section 24', 14' roof. The upper tunnel to be full length of hose bed with an open top.	\$ 4,321.00
LADDER STORAGE / RACKS	3365-1241	Tunnel, ladder. A storage tunnel shall be provided to stow one (1) 28-2 section extension ladder and one (1) 16 roof ladder. The tunnel shall have a single piece diamond plate hinged top access door assy that is hinged to the outboard side with a S/S butterfly latch and also a rear hinged smooth plate access door matching rear body selected finish with a S/S D-ring latch. Locate: Body roof top walk way against driver side roof compartments and flush with rear of body.	\$ 5,205.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1242	Stop bracket to be located in the compartment top storage area, as specified per customer.	\$ 262.00
LADDER STORAGE / RACKS	3365-1243	Ladder storage through tank for (1) 24' 2-section, (1) 14' roof, (1) 10' attic with shoes and (2) NY roof hooks. Includes horizontally hinged drop-down door with bent D-Ring latch (wired to door ajar indicator). Reduces selected water tank capacity approximately 205 gallons.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-1244	Ladder brackets for mounting a Little Giant model 22 ladder on the driver side of the center toolboard in compartment B1.	\$ 1,076.00
LADDER STORAGE / RACKS	3365-1245	Hard Suction Storage Rack. Officer side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable). For use with 15' hard suction hose.	\$ 1,020.00
LADDER STORAGE / RACKS	3365-1246	Ladder tunnel. Tunnel to be a compact design and approximately 12" Tall X full width of B1 X approx. 14 feet deep. Tunnel sized to stow (1) 24' 2-section ladder, (1) 14' roof ladder, and 1 10' attic ladder with feet. Tunnel option will reduce the compartment area of the lower body. Locate: B1.	\$ 6,406.00
LADDER STORAGE / RACKS	3365-1247	Hard Suction Storage Racks (PR). Officer side on the adjustable tracks above the ladders. Top rack is 10' long (offset forward) and bottom rack is 12' long. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 2,291.00
LADDER STORAGE / RACKS	3365-1248	Hard Suction Storage Racks (PR). Driver side on the adjustable tracks. Top rack is 10' long (offset forward) and bottom rack is 12' long. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 2,291.00
LADDER STORAGE / RACKS	3365-1249	Ladder storage thru tank for (1) 3-section 26' extension, (1) 12' roof, (1) 10' attic with feet and (2) pike poles. Reduces selected water tank capacity by approximately 250 gallons.	\$ 6,235.00
LADDER STORAGE / RACKS	3365-1250	Storage located in the driver side upper header for a folding ladder and (3) pike poles. Includes a lift-up rear access door (wired to door ajar) with a push button latch.	\$ 2,369.00
LADDER STORAGE / RACKS	3365-1251	SCBA/Fire Extinguisher storage. Locate in [#LOC]. To hold (5) bottles floor mounted in trough. There shall be a permanent shelf located 8" off of floor. Space below shall be have 5 equally spaced openings.	\$ 1,196.00
LADDER STORAGE / RACKS	3365-1252	Stop bracket to be located in the rear storage compartment, as specified per customer.	\$ 262.00
LADDER STORAGE / RACKS	3365-1253	Three (3) pike poles tucked behind ground ladders on the adjustable ladder tracks.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1254	Storage tunnel capable of holding: (2) 6" x 14' hard suction hoses (individually vertically stacked) in Officer Side Storage Tunnel.	\$ 1,919.00
LADDER STORAGE / RACKS	3365-1255	Storage box recessed into rear body officer side above ladder storage compartment for 6 in. x 10 ft hard suction hose. Includes vertically hinged aluminum access door (matching rear body) with push button latch, door stop (wired to door ajar indicator) and hose stops as applicable.	\$ 1,561.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1256	Upper hosebed storage area above officer side compartments as applicable. Upper storage area to have diamond plate vertical hinged door with trigger latch and an open top and run length of the hosebed area. Includes hosebed style flooring.	\$ 2,345.00
LADDER STORAGE / RACKS	3365-1258	SCBA/Fire Extinguisher storage. Locate in [#LOC]. To hold (5) bottles floor mounted. There shall be a permanent shelf located 8" off of floor. Space below shall be have 5 equally spaced openings.	\$ 1,196.00
LADDER STORAGE / RACKS	3365-1259	Vertical ladder brackets (2) with adjustable tracks. Locate on officer's side of body above half side compartments to hold (2) PEL-35 35' ladders. Nylatron to be added at final inspection in areas where ladder could make contact with body.	\$ 1,691.00
LADDER STORAGE / RACKS	3365-1260	Trash Hook storage compartment located officer side. Compartment sized to store a (2) Trash Hooks without D-Handle and with smooth plate vertically hinged door and (1) thumb latch.	\$ 2,998.00
LADDER STORAGE / RACKS	3365-1261	Recessed pike pole storage compartment with a brushed SS lift-up door and a push button latch, located at rear of apparatus officer side under "T" of tank. Compartment sized to store (2) 6" NY roof hooks, (1) 12' pike pole and (1) 8' pike pole.	\$ 1,886.00
LADDER STORAGE / RACKS	3365-1262	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (1) 12' and 6' pike poles, (1) 6' OV hook w/ D-handle, (1) 6' LA trash hook w/ D-handle and (1) 6' Dry Wall hook w/ D-handle. Reduces selected water tank capacity by approximately 300 gallons.	\$ 7,515.00
LADDER STORAGE / RACKS	3365-1263	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, and (1) backboard. Reduces selected water tank capacity by approximately 250 gallons.	\$ 6,235.00
LADDER STORAGE / RACKS	3365-1264	Hard Suction Storage Box to be capable of storing one (1) 6" x 12' hard suction hose. Includes a rear smooth plate access door with push button latch. Door to be wired to door ajar indicator in cab. Located just below hosebed to [#LOC].	\$ 1,128.00
LADDER STORAGE / RACKS	3365-1265	Tunnel through the tank for ladders and additonal equipment (if specified separateyl). Located at frame height in B1 offset to the officer side. Ladders stored on-beam. Includes chain retention assembly. Reduces water capacity by approximately 200 gallons.	\$ 6,149.00
LADDER STORAGE / RACKS	3365-1266	Recessed folding ladder and pike pole storage compartment located right rear of body up high. Compartment sized to store a 10' ladder with feet, (1) 10', (2) 8', (1) 4', (1) 6' D-handle pike poles and (1) 6' New York roof hook pike pole.	\$ 3,897.00
LADDER STORAGE / RACKS	3365-1267	Rear outboard compartment access with a vertical hinged smooth plate door with D-ring latch. The door shall be wired through the door ajar indicator light located in the cab. The access door shall be located on the officer side rear compartment face up high. Opening to be approx. 9" wide and height to be customer specified (shown on sales approval drawing).	\$ 907.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1268	Officer side vertical storage tunnel behind reduced upper depth right side compartments. Tunnel to hold: 24' 2-section and 14' roof, plus (4) pike poles and a folding ladder. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1269	Tunnel, ladder. A storage tunnel shall be provided to stow one Alco-Lite (1) 28-2 section extension ladder and one (1) 16 roof ladder. The tunnel shall have a single piece diamond plate hinged top access door assy that is hinged to the outboard side with a S/S butterfly latch and also a rear hinged smooth plate access door matching rear body selected finish with a S/S D-ring latch. Locate: Body roof top walk way against driver side roof compartments and flush with rear of body.	\$ 5,205.00
LADDER STORAGE / RACKS	3365-1270	Storage tunnel between top of tank and below hose bed floor, offset to the officer side. Includes a horizontally hinged lift-up rear smooth plate door with bent D-ring latch and a gas tube hold-open. Equipment (specified separately) stored in separate slots.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-1271	Storage for (1) Fresno ladder in transverse compartment L2/R2.	\$ 1,677.00
LADDER STORAGE / RACKS	3365-1272	Storage for (1) 1000-A ladder in transverse compartment above L2/R2.	\$ 1,888.00
LADDER STORAGE / RACKS	3365-1273	Ladder brackets for mounting a Little Giant ladder specified. Locate B1.	\$ 1,076.00
LADDER STORAGE / RACKS	3365-1274	Bracket, cradle hold down. A cradle bracket shall be provided to secure a Paratech Acme Thread Strut. Construction and finish shall be sanded smooth aluminum. Engineering approval required for this option. C.A. to provide BaaN NOTE based on Exact Strut model and size TBD at prebuild for the specified location. Locate B2.	\$ 742.00
LADDER STORAGE / RACKS	3365-1275	Bracket, cradle hold down. A cradle bracket shall be provided to secure a Paratech LongShore Strut. Construction and finish shall be sanded smooth aluminum. Engineering approval required for this option. C.A. to provide BaaN NOTE based on Exact Strut model and size TBD at prebuild for the specified location. Locate B3.	\$ 742.00
LADDER STORAGE / RACKS	3365-1276	(4) 6' NY hook storage tubes, in L1/R1 transverse compartment mounted on bottom of adjustable shelf. Access (2) driver side and (2) officer side. (1) pike pole caution tag to be provided each side mounted inside the compartment.	\$ 1,035.00
LADDER STORAGE / RACKS	3365-1277	Storage box centered in ladder tunnel for miscellaneous storage. Approx. 5"W x 26.5"H. Includes horizontal divider 21" from the bottom. Box to be sized as long as possible without waterway interference. Note: requires outboard hinged vertical ladder tunnel doors.	\$ 1,055.00
LADDER STORAGE / RACKS	3365-1279	Vertical ladder brackets (2) with adjustable trackst. Location and type of ladder: over L7 for Little Giant model 17.	\$ 1,691.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1280	Ladder storage through tank for (1) 24' 2-section, (1) 14' roof, (1) 10' attic with shoes and (2) pike poles. Includes horizontally hinged drop-down door with bent D-Ring latch (wired to door ajar indicator). Reduces selected water tank capacity approximately 170 gallons.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-1281	Storage box for a ground ladder in aerial sidestacker hosebed offset to left side, includes bolt-on diamond plate top, hosebed divider for outside wall and hinged door with (2) thumb latches (material to match rear body platework). To hold (1) 1200-A 28' ladder vertically. Note if hose bed should extend beyond ladder enclosure that area shall be for hose storage (if applicable). Aerial SideStacker application only.	\$ 3,177.00
LADDER STORAGE / RACKS	3365-1282	Enclosed horizontal storage tunnel between top of tank and hose bed floor. Tunnel to hold: 24' 2-section, 14' roof, (3) New York roof hooks (6',8',10'), and a folding ladder with shoes (offset to the officer side). Full height and length partition approximately 16" off driver side wall with positive stops at 96" deep. Includes a horizontally hinged lift-up rear smooth plate door with trigger type latches and a gas tube hold-open.	\$ 4,917.00
LADDER STORAGE / RACKS	3365-1283	Dual hard suction hose storage with stops located in the officer side upper header. Includes a lift-up rear access door (wired to door ajar) with a black Trimark latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1284	Single hard suction hose storage (with stops for 10' hose) located in the driver side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a D-ring latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-1285	Single hard suction hose storage (with stops for 10' hose) located in the officer side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a D-ring latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-1286	Dual hard suction hose storage with stops located in the driver side upper header. Includes a lift-up rear access door (wired to door ajar) with a black Trimark latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1287	Stokes basket storage located in the officer side upper header. Includes a stop bracket at front of stokes for containment, approximately 88" deep. Includes a lift-up rear access door (wired to door ajar) with a black Trimark latch.	\$ 3,478.00
LADDER STORAGE / RACKS	3365-1288	Storage box recessed into rear body driver side above side compartment ceiling for hard suction hose. Includes vertical hinged door (matching rear body) with push button latch (wired to door ajar indicator) and hose stops as applicable.	\$ 1,275.00
LADDER STORAGE / RACKS	3365-1289	Recessed pike pole storage compartment located officer side just below the "T" of the tank to include a smooth plate door with thumb latch(s). Compartment sized to store (2)- 8' NY Hook, (1)- 6' NY Hook, (1)- 10' Standard Head, and (1)- 8' Dry Wall Hook pike poles .	\$ 1,787.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1290	Recessed pike pole storage compartment located driver side just below the "T" of the tank to include a smooth plate door with thumb latch(s). Compartment sized to store (2)- 8' NY Hook, (1)- 6' NY Hook, (1)- 10' Standard Head, and (1)- 8' Dry Wall Hook pike poles .	\$ 1,787.00
LADDER STORAGE / RACKS	3365-1291	Hard suction storage boxes welded (1) driver side above the compartment top and (2) officer side above the ladder. Sized for 6" diameter suction hose. Includes vertically hinged brushed stainless steel rear access doors with bent D-ring latches and aluminum hose trays with forward travel limit stops at front of compartment. This allows for longer suction hose. These compartments are full length of the body. Painted as applicable for selected paint options.	\$ 9,560.00
LADDER STORAGE / RACKS	3365-1292	Hard suction storage box. Located in the officer side hose bed. Box will be partitions and have nylatron flooring. Box to hold (2) 10' long x 6" diameter tubes in separate slots. Includes buckle strap retainers.	\$ 2,913.00
LADDER STORAGE / RACKS	3365-1293	Enclosed vertical storage tunnel through the water tank above B1 at the rear panel of the body offset to the officer side. Tunnel to hold: (1) 2-section ladder, (1) roof ladder, (2) pike poles, and a folding ladder with shoes. Includes a vertically hinged rear smooth plate door with bent D-ring latch. Reduces selected water tank capacity by approximately 190 gallons.	\$ 4,715.00
LADDER STORAGE / RACKS	3365-1295	Double Hard Suction Storage Rack for 13' hard suction hoses. Officer side compartment top. Includes spring hold downs with scuff plates (as applicable)	\$ 1,946.00
LADDER STORAGE / RACKS	3365-1296	A bolt on aluminum fabricated sign plate shall be mounted to the exterior vertical surface of the ladder rack(s). This shall provide a 12" X 120" area for graphics. Sign plate shall be painted as specified	\$ 1,272.00
LADDER STORAGE / RACKS	3365-1297	Center mounted ladder tunnel. Ladder rack to hold: (2)35' 1200-A, (2)28' 1200-A, 16' 875-A, 14' 775-A, 10' 585-A attic ladder, sleeve for (2) backboards and (2) boxes for misc. long handle tools (see layout for dimensions). Note 1200-A ladders are special 22" wide widths.	\$ 10,971.00
LADDER STORAGE / RACKS	3365-1298	Internal hard suction storage with vertically hinged smooth plate door painted job color (wired to door ajar) with D-ring latch. Access door to be located to the rear of the driver's side body.	\$ 2,987.00
LADDER STORAGE / RACKS	3365-1299	Zico HHS-TM-1 hard suction storage rack. Locate on top of the ladder storage tunnel. Includes NFPA retaining strap(s).	\$ 907.00
LADDER STORAGE / RACKS	3365-1300	Ladder storage through tank for (1) 24' 2-section, (1) 14' roof, (1) 10' attic with shoes and (2) pike poles. Includes horizontally hinged drop-down door with bent D-Ring latch (wired to door ajar indicator). Tunnel enclosed on interior end to prevent road debis inside tunnel. Reduces selected water tank capacity approximately 150 gallons.	\$ 5,878.00
LADDER STORAGE / RACKS	3365-1301	Two (2) pike pole storage tubes shall located in L1 compartment above backboard storage. Pike poles shall be accessible from L1 and the tubes shall be capable of storing a 6' and 8' pike pole.	\$ 898.00

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1302	Aluminum trough and retaining straps for (1) D-handle tool. Locate on the officer side adjustable tracks.	\$ 880.00
LADDER STORAGE / RACKS	3365-1303	Driver side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertical hinged rear smooth plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1304	Storage tunnel horizontal through the tank, offset to the officer side. Includes a horizontally hinged lift-up rear smooth plate door with bent D-ring latch and a gas tube hold-open. Equipment (specified separately) stored in separate slots.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-1305	Single hard suction hose storage (with stops for 10' hose) located in the driver side upper header. Includes a lift-up rear access door full height/width of the upper header area (wired to door ajar) with a D-ring latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-1306	Single hard suction hose storage (with stops for 10' hose) located in the officer side upper header. Includes a lift-up rear access door full height/width of the upper header area (wired to door ajar) with a D-ring latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-1307	Officer side ladder storage tunnel. Includes area for a vertically stored 35' 2-section and a 16' roof ladder. Includes a vertically hinged rear smooth plate door with D-Ring latch.	\$ 2,352.00
LADDER STORAGE / RACKS	3365-1308	Dual hard suction hose storage with stops located in the driver side upper header. Includes a vertically outboard hinged access door (wired to door ajar) with a black Trimark latch.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1309	Ladder storage in hosebed for the following: (1) 2-section extension, (1) roof ladder, (1) attic and (2) pike poles with NY Hook ends. Extension and roof ladders stored nested. Includes (1) hosebed divider with squared off upper rear, vertically hinged (to swing into hosebed area) door with latch (wired to door ajar indicator) and composite material overlay on hosebed flooring. Upper area open and main hosebed cover to be used to cover top area of ladder storage area. Storage located to Officers side of hosebed.	\$ 2,260.00
LADDER STORAGE / RACKS	3365-1310	Storage box for storage of a Little Giant Model 17 ladder. Bolt-on box to be dia plt approx 25.5" wide x 9" high x 58" long. Includes horizontally hinged lift-up door (wired to door ajar) with push-button latch with poly overlay on floor. Locate on top of body underneath lift cylinders with liftup door at officer side body.	\$ 2,344.00
LADDER STORAGE / RACKS	3365-1311	(4) pike pole storage tubes. Locate inboard side of rack with pike pole hooks stored in the up position. Pike pole tubes to store: (2) New York hooks with RH-8 8' chisel ends, (1) Leatherhead DBL-4-DH-D 4' drywall hook with butt end and (1) Leatherhead DBL-6-DH-B, 6' drywall hook with butt end.	\$ 1,781.00
LADDER STORAGE / RACKS	3365-1312	Recessed miscellaneous storage compartment located [#LOC]. See dimensions on drawing. Includes lift up stainless steel access door.	\$ 1,886.00

LADDER STORAGE / RACKS	3365-1313	Center mounted ladder tunnel. Ladder rack to hold: (1) TEL3-50P (stored flat), (1) TEL2-35 (stored flat), (1) PRL-20 (stored flat), (1) TEL2-35 (stored on beam, officer side), (1) TEL 2-40 (stored flat), (1) FL-10 w/shoes (stored above 35" 2-section), (1) PRL-12' roof (stored on beam, driver side).	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1315	Officer side vertical storage tunnel behind reduced depth upper side compartments. Includes a vertically hinged rear smooth plate door with bent D-ring latch and a gas tube hold-open. Equipment (specified separately) stored in separate slots.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-1316	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (1) pike pole and (2) drywall poles. Reduces selected water tank capacity by approximately 250 gallons.	\$ 6,809.00
LADDER STORAGE / RACKS	3365-1317	Provision to store (4) Fire Department supplied 50' lengths of 2-1/2" high rise hose packs on left side compartment top. (6) PAC ADJUSTAMOUNT brackets to secure hose.	\$ 3,077.00
LADDER STORAGE / RACKS	3365-1318	Storage tunnel horizontal through the tank, centered. Includes a horizontally hinged lift-up rear smooth plate door with bent D-ring latch and a gas tube hold-open. Equipment (specified separately) stored in separate slots.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-1319	Single hard suction hose storage with stops located in the driver side upper header. Includes a lift-up rear access door full width of the upper header area (wired to door ajar) with a D-ring latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-1320	Vertical storage tunnel in officer side of hose bed. Tunnel to hold: [#LOC]. Includes vertical hinged treadplate door with stainless steel bent D-ring latch. Top surface is enclosed with NFPA compliant aluminum treadplate cover.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1322	Dual ladder tunnel for HP75 / HP78. Ladder rack to hold: Ladder rack to hold: 1225-A 35, 900-A 24, (2) 875-A 16 and 585-A 10.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1323	Officer side vertical storage tunnel. For use with low hose bed. Tunnel to hold: 2-section 20', 10' attic, backboard and (2) pike poles. Includes vertical hinged rear smooth plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1324	Little Giant sleeve for a Model 22 ladder for vertical storage in transverse compartment. Includes (1) ladder hold down to secure the ladder in place with composite flooring. Located in transverse area of the L1/R1 compartments. Accessible from L1 only.	\$ 1,166.00
LADDER STORAGE / RACKS	3365-1325	Storage box for (1) 10' Fresno ladder model 701. Constructed of aluminum treadplate and located on the officer compartment top. Box will be open at the rear and include nylon strap(s) to secure the ladder during transit.	\$ 2,872.00
LADDER STORAGE / RACKS	3365-1326	Hard Suction Storage Rack. Officer side compartment top. Includes two (2) velcro straps to retain the hose.	\$ 767.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1327	Recessed broom storage compartment located in officer side upper pump module. Recessed area approx. 26" high x 12" deep x 14" wide to allow the storage of (3) wide-brush head brooms. Tubes to be made of aluminum and sized as long as possible to accommodate broom handles. (1) door actuated light at door opening. Vertical rearward hinged box pan fully gasketed door with a d-ring latch and gas tube hold opens. Wire to door ajar indicator in cab. Outer door panel finish matches pump panel finish.	\$ 2,715.00
LADDER STORAGE / RACKS	3365-1328	Hosebed Storage Box. Located in the officer side hosebed. Includes vertically hinge diamond plate door (wired to door ajar) w/push-button latch(es), hosebed style top and nylatron flooring (no divider). Box to hold (1) stokes basket. Includes stop bracket approximately 88" back from opening. Stokes basket apprx 86" long x 24" high x 8" wide.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1329	Driver side vertical storage tunnel behind reduced depth upper side compartments. Includes a vertically hinged rear smooth plate door with bent D-ring latch and a gas tube hold-open. Equipment (specified separately) stored in separate slots.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-1330	Hard suction storage tray for 15' hose. Locate driver side, enclosed above the Zico drop-down portable tank rack cover assembly. Painted job color.	\$ 2,201.00
LADDER STORAGE / RACKS	3365-1331	Zico hydraulic drop down portable tank rack. Rack located to driver of body. Rack sized for 3500 gallon Husky LEATF-3500 portable tank. The control switching to be located on the side pump panel with the rack being in full view of the operator during operations.	\$ 10,071.00
LADDER STORAGE / RACKS	3365-1332	Upper storage compartment under the hose bed to contain a storage box for an 8' "D"-handle trash hook.	\$ 1,362.00
LADDER STORAGE / RACKS	3365-1333	Ladder tunnel. Tunnel to be a compact design and approximately 12" Tall X full width of B1 X approx 14 feet deep. Tunnel sized to stow (1) 24' 2-section ladder & (1) 14' roof ladder. Tunnel option will reduce the compartment area of the lower body. Locate: B3.	\$ 6,406.00
LADDER STORAGE / RACKS	3365-1334	Ladder tunnel. Tunnel to be a compact design and approximately 10 in. tall X full width of B2 X approx 12 feet deep. Tunnel sized to stow (1) 20' 2-section ladder & (1) 12' roof ladder. Tunnel option will reduce the compartment area of the lower body. Locate: B2.	\$ 6,406.00
LADDER STORAGE / RACKS	3365-1335	Hard suction storage box, horizontal side by side. Located in the officer's side hose bed. Includes nylon buckle strap for hose retention, hose bed style top and flooring. Box to hold (2) 6" x 10' long tubes.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-1336	Center mounted ladder tunnel. Ladder rack to hold: (2)PEL-35, (2)PEL-28, PRL-20, PRL-16.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1337	Officer side vertical storage tunnels for use with low hose bed. Lower tunnel to hold: [#LOC]. Upper tunnel to hold (2) 6" x 10' hardsuction hoses (individually vertically stacked). Includes vertical hinged rear smooth plate doors with push-button latches and diamond plate top.	\$ 5,610.00

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1350	Fire extinguisher/Long handle tool storage rack to hold (2) extinguishers in (2) 10" x 10" bins configured one on top of the other (vertical stack) with a pitch down toward back wall and an angled storage slot for axe/halligan tool storage. Each fire extinguisher storage sleeve to include SCBA style tray on the bottom w/ribbed rubber insert and a vertically mounted strap. Also included is an aluminum storage box floor mounted directly beneath PAC TRAC panels that are mounted to rearward wall. See sketch in file. Location: R2 compartment.	\$ 3,261.00
LADDER STORAGE / RACKS	3365-1352	Hard suction storage tray for 15' hose. Locate driver side, enclosed above the Zico drop-down portable tank rack cover assembly. Painted job color.	\$ 2,201.00
LADDER STORAGE / RACKS	3365-1353	Storage box welded to upper body hose bed side sheet full length on the driver side of the body. Appearance to blend with lower compartment so not to look added-on. Paint as applicable. Height of box is 13". Includes a vertically hinged smooth plate rear access door with a push button latch. Includes aluminum storage module with hose tray for (1) 15' length of 6" hard suction hose with forward travel limit stops. Door wired to open indicator in cab.	\$ 5,933.00
LADDER STORAGE / RACKS	3365-1354	14GA polished stainless steel overlay panels on the outside of the Zico tank cover. (4) pieces evenly sized and spaced.	\$ 1,160.00
LADDER STORAGE / RACKS	3365-1355	*** OBS Hard suction hose storage tray. Locate on top of Zico drop-down portable tank rack. Mount secure straps further outboard to accommodate longer hard suction hose up to 15' in length.	\$ 1,681.00
LADDER STORAGE / RACKS	3365-1356	Recessed pike pole storage compartment located behind crosslays in transverse storage area, able to be utilized from either side. Compartment sized to store (3) 6' NY hooks.	\$ 1,380.00
LADDER STORAGE / RACKS	3365-1357	Hard suction storage tray for 10' hose. Locate driver side, enclosed above the Zico drop-down portable tank rack cover assembly. Painted job color.	\$ 2,201.00
LADDER STORAGE / RACKS	3365-1358	Officer side vertical storage tunnel behind reduced depth upper side compartments. Tunnel to hold: up to (2) 10' lengths of 6" hard suction hose. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 3,732.00
LADDER STORAGE / RACKS	3365-1359	Ladder storage offset to driver side of top deck. Includes boot forward on water tank and a hold-down for (1) Alco-Lite PEL-24 2-section extension ladder and (1) PRL-14 roof ladder.	\$ 1,521.00
LADDER STORAGE / RACKS	3365-1362	Center mounted ladder tunnel. Ladder rack to hold: PEL3-35, PEL-28, (2) DRL-16, DRL-14, FL-10 with shoes and handles. Requires roof ladder option on base section of aerial to meet 115' NFPA requirement (if applicable).	\$ 10,494.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1363	Storage for Little Giant ladder as indicated on sales drawing. Includes: poly flooring, (hinged access door with thumb style latch at each end to secure ladder in place if located in transverse areas). Design shall accommodate transverse access when located in transverse compartment (if applicable). Finish is sanded aluminum. Locate in [#LOC].	\$ 1,423.00
LADDER STORAGE / RACKS	3365-1364	Storage for Little Giant ladder with option to locate a light tower on top as indicated per customer approval drawing. Includes: poly flooring & hinged access door with thumb style latch at end to secure ladder in place. Design shall double as a light tower riser as applicable. Riser height shall be configured to position the top of the light tower as close as possible to the top edge of the body. Finish is sanded aluminum. Locate per customer approval drawing.	\$ 3,617.00
LADDER STORAGE / RACKS	3365-1365	Hard suction hose storage tray. Locate on [#LOC]. Includes (2) securing straps. For use with 14' hard suction hoses.	\$ 2,007.00
LADDER STORAGE / RACKS	3365-1366	Double Hard Suction Storage Rack for 14' hard suction hoses. Driver side compartment top. Includes spring hold downs with scuff plates (as applicable)	\$ 2,264.00
LADDER STORAGE / RACKS	3365-1367	Hard suction hose storage tray. Locate on top of Zico drop-down ladder rack. Mount secure straps further outboard to accommodate longer hard suction hose up to 14' in length.	\$ 1,681.00
LADDER STORAGE / RACKS	3365-1368	Center mounted ladder tunnel for HP100 and HPS100 Platforms. Note: PEL-35, (2)PEL-24, PRL-16, Little giant model 17 and FL-10 (with rubber block feet).	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1369	Three (3) NY Style hooks and a folding ladder tucked behind ground ladders on the adjustable ladder tracks on the officer's side outside of the hose bed.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1370	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet and (3) pike poles. Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-1371	Tray constructed of aluminum treadplate for (4) Fire Department supplied 50' lengths of 2-1/2" high rise hose packs on right side compartment top. (6) aircraft seat belt style straps with buckles to secure hose.	\$ 3,601.00
LADDER STORAGE / RACKS	3365-1372	Officer side vertical storage tunnel constructed using 3/16 smooth aluminum plate with an embossed aluminum treadplate top cover. For use with low hose bed. Internal storage module constructed of 1/8" smooth aluminum with separate slots for equipment. Poly liner added to slots where appropriate. Tunnel to hold: 24' 2-section, 14' roof, (4) pike poles, 10' folding ladder with shoes, and a backboard. Includes vertical hinged smooth plate aluminum door with a D-ring latch. For use with Chevron application.	\$ 3,971.00
LADDER STORAGE / RACKS	3365-1373	Zico electric drop-down ladder rack bulk head mounted. Includes spacer brackets with ladder rack controller located on the officer side pump panel. LAS-BHM. Reinforced hose bed side wall required.	\$ 10,825.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1374	Driver side vertical storage tunnel behind reduced upper depth left side compartments. Tunnel to hold: up to (2) 12' lengths of 6" hard suction hose. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 3,732.00
LADDER STORAGE / RACKS	3365-1375	(1) D-handle pike pole storage box. Locate in hosebed storage.	\$ 520.00
LADDER STORAGE / RACKS	3365-1377	Hard suction hose storage tray. Locate on inboard of Zico overhead portable tank rack.	\$ 1,681.00
LADDER STORAGE / RACKS	3365-1378	Stop bracket to be located approximately 72" back in upper storage compartment above the ladders for miscellaneous storage.	\$ 262.00
LADDER STORAGE / RACKS	3365-1379	Ladder storage bracket in Rescue body roof top compartment. A bolt in bracket shall be provided that secures ladder(s) in position and shall span side to side of the compartment stowing ladder(s) inside as high as practicable. Design shall best accommodate access to the area below the ladders. Design shall accommodate ladders specified per the customer approval drawing. Qty. Each. Locate: per customer approval drawing.	\$ 767.00
LADDER STORAGE / RACKS	3365-1380	Driver side vertical storage tunnel behind reduced upper depth compartments. Tunnel to hold: 24' 2-section, 14' roof and a 10' folding ladder with shoes. Includes vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-1381	Dual hard suction hose storage (without stops) located in the officer side upper header. This allows for longer suction hoses (maximum length of 14'). Rear access door is vertically hinged outboard (wired to door ajar) w/bent D-ring latch.	\$ 4,360.00
LADDER STORAGE / RACKS	3365-1382	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (2) pike poles and (2) 6" x 10" hard suction. Reduces selected water tank capacity by approximately 400 gallons for pumpers and 450 gallons for tankers.	\$ 7,211.00
LADDER STORAGE / RACKS	3365-1383	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, (4) pike poles, and (1) backboard. Reduces selected water tank capacity by approximately 300 gallons for pumper and 400 gallons for tanker body styles.	\$ 6,308.00
LADDER STORAGE / RACKS	3365-1385	Center mounted ladder tunnel. Ladder rack to hold: PEL3-40, PEL-28, PRL-18, (2) PRL-16 and FL-10.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1386	Single hard suction hose storage with stops for 10' long hose located in upper rear body compartments behind the rollup doors on the driver side. Includes vertically hinged brushed stainless steel rear access door with push button latch and aluminum hose trough.	\$ 2,660.00
LADDER STORAGE / RACKS	3365-1387	One (1) folding ladder tucked behind ground ladders on the adjustable ladder tracks in the officer's side of the walkway.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1388	Trash hook and pike pole storage compartment located right rear of body up high. Compartment sized to store (1) 6' trash, (1) 12' trash, and (2) pike poles.	\$ 2,069.00
LADDER STORAGE / RACKS	3365-1389	Center mounted ladder tunnel. Ladder rack to hold: PEL-35, PEL-28, (2) PEL-24, PRL-16 and PRL-14.	\$ 10,494.00

LADDER STORAGE / RACKS	3365-1390	Upper hosebed storage area above officer side compartments as applicable. Upper storage area to have an open top and run length of the hosebed area. Includes hosebed style flooring.	\$ 1,983.00
LADDER STORAGE / RACKS	3365-1391	Storage box for (1) 10' length of hard suction hose and preconnected low level strainer officer side. Includes vertically hinged door with latch (wired to door ajar indicator).	\$ 1,275.00
LADDER STORAGE / RACKS	3365-1392	One (1) hard suction storage box to hold a single 6" X 10' hard suction hoses stored on OFC side of tank, above ladders (if applicable). Storage to have a door (wired to door ajar) with latch. Box and door shall be aluminum diamond plate.	\$ 3,125.00
LADDER STORAGE / RACKS	3365-1394	Three (3) pike poles and a folding ladder tucked behind ground ladders on the adjustable ladder tracks. The three (3) are roof hook pike poles. An aluminum storage trough shall be provided for a folding attic ladder with a horizontal drop down hinge door and thumb latch. The rear end of the pike poles to be 2" short of the end of the body side.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1395	Hard Suction Storage Rack. Officer side on top of Zico drop down rack. Includes spring hold downs and scuff plates behind spring mounts (as applicable).	\$ 799.00
LADDER STORAGE / RACKS	3365-1396	Tunnel, ladder. A storage tunnel shall be provided to stow one (1) 24-2 section extension ladder. The tunnel shall have a rear single piece diamond plate hinged access door with a latch. Construction & finish shall be consistent with the body interior design. Locate: Inside walkin rescue body per customer approval drawing.	\$ 4,827.00
LADDER STORAGE / RACKS	3365-1397	Tunnel, ladder. A storage tunnel shall be provided to stow one (1) 14 roof ladder. The tunnel shall have a rear single piece diamond plate hinged access door with a latch. Construction & finish shall be consistent with the body interior design. Locate: Inside walkin rescue body per customer approval drawing.	\$ 4,827.00
LADDER STORAGE / RACKS	3365-1398	Sleeve in transverse compartment offset to the officer side to accomodate Little Giant Model 17 ladder on its beam. Includes a strap to secure the ladder and appropriate spacer/stop. The Little Giant ladder storage is to be forward of the back board storage.	\$ 1,372.00
LADDER STORAGE / RACKS	3365-1399	Ladder tunnel. Max width of compartment 9T X 196D. Tunnel design to stow (1)one 10' Fresno ladder, (1) one Duo Safety 16ft. roof ladder and (1) one folding 10ft. attic ladder with feet. centered in upper compartment ceiling. Tunnel option will reduce the compartment area of the lower body rear and side compartments. Locate: B1 ceiling.	\$ 5,360.00
LADDER STORAGE / RACKS	3365-1400	Hard Suction Storage Rack. Officer side in adjustable track above ladders (if applicable). Includes spring hold downs and scuff plates. Rack to hold 8' hard suction.	\$ 799.00
LADDER STORAGE / RACKS	3365-1401	Hard suction storage box with (2) pike poles (pr). Stored (1) each side below coffin compartments. Includes hinged door with push-button latch.	\$ 4,234.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1402	Storage box recessed into rear body officer side above side compartment ceiling for (1) hard suction hose and (2) two pike poles.. Includes vertical hinged door (matching rear body) with D-ring latch (wired to door ajar indicator) and hose stops as applicable.	\$ 2,037.00
LADDER STORAGE / RACKS	3365-1403	Storage box recessed into rear body driver side above side compartment ceiling for (1) hard suction hose and (2) two pike poles.. Includes vertical hinged door (matching rear body) with D-ring latch (wired to door ajar indicator) and hose stops as applicable.	\$ 2,037.00
LADDER STORAGE / RACKS	3365-1404	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof and (1) 10' attic (with rubber block feet). Reduces selected water tank capacity by approximately 250 gallons for pumpers and 300 gallons for tankers.	\$ 5,725.00
LADDER STORAGE / RACKS	3365-1405	Bolt on 90" long x 8.5" high aluminum sign plates (PR) mounted outboard of the hard suction trays above the side compartments. Bottom of driver side sign plate located at compartment top height. Officer side sign plate height to match driver side. Sign plates painted job color.	\$ 1,942.00
LADDER STORAGE / RACKS	3365-1406	Hard Suction Storage Racks off-set mount. Mounted on hose bed side in adjustable tracks staggered with lower tray located outboard of upper tray. Includes spring hold downs and scuff plates (as applicable).	\$ 3,498.00
LADDER STORAGE / RACKS	3365-1407	Hardsuction Storage in hosebed for the following: (1) 6" x 10' Hoses. Includes (1) hosebed divider with squared off upper rear, vertically hinged (to swing into hosebed area) door with latch (wired to door ajar indicator) and composite material overlay on hosebed flooring. Upper area open and main hosebed cover to be used to cover top area of hardsuction storage area. Storage located to officer of hosebed.	\$ 1,971.00
LADDER STORAGE / RACKS	3365-1408	Two (2) pike poles located in hosebed next to hardsuction storage.	\$ 1,462.00
LADDER STORAGE / RACKS	3365-1409	Ladder assist roller system shall be provided for the TEL,TEL3 40-50 series ladder(s) in the ladder tunnel. Includes sealed bearing rollers at the opening of the ladder tunnel. Purpose is to relieve a significant portion of the weight of the ladder at the opening to reduce the pulling force required to remove the ladder from the storage compartment.	\$ 1,179.00
LADDER STORAGE / RACKS	3365-1410	Storage tunnel capable of holding: One (1) 6" x 15` hard suction hose (individually vertically stacked along with (1) one 10' Folding ladder, and (2) Two Pike Poles tubes, 10' long tubes standard) in a Officer Side Storage Tunnel. Storage tunnel to be located above the rear Intake Piping. Includes a vertically hinged rear smooth plate door with D-Ring latch. Tanker, Pumper/Tanker.	\$ 3,534.00
LADDER STORAGE / RACKS	3365-1411	Driver side ladder storage tunnel. Includes area for a vertically stored 28' 2-section and 16' roof. Includes a vertically hinged rear smooth plate door with D-Ring latch.	\$ 2,352.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1412	Storage compartment constructed of aluminum treadplate with hinged rear access door with push button latch for (2) 10' pike poles and a folding ladder with shoes. Locate on top of the officer side compartments.	\$ 2,111.00
LADDER STORAGE / RACKS	3365-1413	Driver side vertical storage tunnel. For use with low hose bed. Tunnel to hold: [#LOC]. Includes vertical hinged rear diamond plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1414	Officer side vertical storage tunnels for use with low hose bed. Lower tunnel to hold: [#LOC]. Upper tunnel for miscellaneous storage based on available space. Includes vertical hinged rear diamond plate door(s) with push-button latches and embossed diamond plate top.	\$ 5,610.00
LADDER STORAGE / RACKS	3365-1415	Recessed folding ladder storage compartment located [#LOC]. Compartment sized to store a 10' ladder with feet. Painted door ilo Dia Plt.	\$ 1,142.00
LADDER STORAGE / RACKS	3365-1416	Upper hosebed storage area above officer side compartments as applicable. Upper storage area to have smooth plate vertical hinged door with D-ring latch and an open top and run length of the hosebed area. Includes hosebed style flooring.	\$ 2,345.00
LADDER STORAGE / RACKS	3365-1417	Left mounted ladder tunnel for HP100 Industrial Platforms. Note: 1" aerial raise required with 30' and larger 3-section ladder in tunnel. Rack to hold: (1) PEL-28 and (1) PRL-16 and (1) FL-10' attic ladder no feet no handles.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1418	Center mounted ladder tunnel. Ladder rack to hold: PEL-35, (2) PEL-24, (2) PRL-16, DRL-14 and FL-10 attic ladder.	\$ 10,494.00
LADDER STORAGE / RACKS	3365-1419	Single hard suction hose storage with stops for 10' long hose located in upper rear body compartments behind the rollup doors on the officer side. Includes vertically hinged brushed stainless steel rear access door with push button latch and aluminum hose trough.	\$ 2,660.00
LADDER STORAGE / RACKS	3365-1420	Tunnel for specified ground ladders. Located up high in B1, centered. Ladders stored horizontal in separate slots. Includes chain retention assembly.	\$ 6,149.00
LADDER STORAGE / RACKS	3365-1421	Pike pole storage compartment located in officer side of hosebed. Includes drop down door with push button latch. Compartment sized to store (2) pike poles.	\$ 926.00
LADDER STORAGE / RACKS	3365-1422	Fixed fabricated aluminum sleeve with removable speedlay style poly tray for 100' of 3" DJ. Located at rear of body behind turntable access door as specified on drawings offset forward approx. 8" from rear of body. The floor of the tray to be slotted to prevent the accumulation of water and allow for ventilation of wet hose. Includes vertical slotted hand hold cutouts on rearward end to facilitate easy removal of the hose tray.	\$ 3,487.00
LADDER STORAGE / RACKS	3365-1423	Officer side vertical storage tunnels for use with low hose bed. Lower tunnel to hold: [#LOC]. Upper tunnel for miscellaneous storage based on available space. Includes vertical hinged rear smooth plate door(s) with push-button latches and embossed diamond plate top.	\$ 5,610.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1424	Controls for the 2 arm ladder rack shall be recessed on the rear face of the body, officer side. The control box shall have a hinged door for easy access of ladder rack controls and operation.	\$ 542.00
LADDER STORAGE / RACKS	3365-1425	(1) D-handle pike pole storage box. Locate in hosebed storage.	\$ 520.00
LADDER STORAGE / RACKS	3365-1427	Ladder storage, body roof top. Includes forward boot with a depth that is 10% of the longest ladder to be stowed. Option includes hold-down device. Rack to stow (1) 24' 2-section and (1) 14' roof ladder. Material : Aluminum extrusion and tread plate. Locate: forward & centered in roof in catwalk.	\$ 3,495.00
LADDER STORAGE / RACKS	3365-1428	Ladder and equipment storage module. Locate on the floor in B1. Ladders/equipment to be stored: (1) 28' 2-section extension ladder, (1) 24' 2-section extension ladder, (3) 16' roof ladders, (1) 14' roof ladder, (1) 10' folding attic ladder with shoes, (1) 17' Little Giant (1) 14' Fresno ladder (1) Stokes basket, and (4) 10' pike poles. Includes nylon buckle straps to retain equipment. (Equipment not included unless specified separately)	\$ 9,759.00
LADDER STORAGE / RACKS	3365-1429	(2) aluminum pike pole storage tubes. (2) 48" pike pole tubes to be Located in lower compartment ceiling and per customer approval drawing and to extend into L3 and R3 compartments for dealer supplied and installed equipment. Dealer is to supply and install required retaining device for hooks.	\$ 659.00
LADDER STORAGE / RACKS	3365-1430	Ladder tunnel. Tunnel sized to properly stow (1) 2 section 28 ft. extension ladder (2-28). Tunnel will reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 4,391.00
LADDER STORAGE / RACKS	3365-1431	Ladder tunnel. Tunnel sized to properly stow (1) 16 roof ladder. Tunnel will reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 4,145.00
LADDER STORAGE / RACKS	3365-1432	Hard suction storage assembly, horizontally laid for (2) lengths of hard suction located in hosebed. Includes composite flooring if applicable for easy removal and loading of the contents and stop(s) as required to prevent the contents from sliding forward.	\$ 1,881.00
LADDER STORAGE / RACKS	3365-1433	One (1) folding ladder tucked behind ground ladders on the adjustable ladder tracks in the driver's side of the walkway.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1434	Officer side storage tunnel to extend from rear of the apparatus into the side compartments. Tunnel to hold: (1) speedlay tray (not included). Option shall reduce side compartment storage available in the area of the tunnel.	\$ 2,704.00
LADDER STORAGE / RACKS	3365-1435	Dual hard suction hose storage with stops located in the officer side upper header. Rear access door is vertically hinged outboard (wired to door ajar) w/bent D-ring latch.	\$ 3,666.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1436	Storage tunnel horizontal through the raised section of the tank and below the raised center hose bed. Includes a horizontally hinged lift-up rear smooth plate door with bent D-ring latch and a gas tube hold-open. Equipment (specified separately) stored in separate slots.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-1437	Storage tunnel horizontal through the tank, offset to the driver side. Includes a horizontally hinged lift-up rear smooth plate door with bent D-ring latch and a gas tube hold-open. Equipment (specified separately) stored in separate slots.	\$ 4,334.00
LADDER STORAGE / RACKS	3365-1438	Ladder tunnel. Tunnel sized to properly stow (1) 14 roof ladder. Tunnel may reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 4,145.00
LADDER STORAGE / RACKS	3365-1439	Ladder tunnel. Tunnel sized to properly stow (1) 2 section 24 ft. extension ladder (2-24). Tunnel may reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 4,391.00
LADDER STORAGE / RACKS	3365-1440	Hardsuction Storage in hosebed for the following: (2) 4" x 10' Hoses. Includes (1) hosebed divider with squared off upper rear, vertically hinged (to swing into hosebed area) door with latch (wired to door ajar indicator) and composite material overlay on hosebed flooring. Upper area open and main hosebed cover to be used to cover top area of hardsuction storage area. Storage located to drivers side of hosebed.	\$ 2,260.00
LADDER STORAGE / RACKS	3365-1441	Double hard suction storage rack for 6" x 8' hard suction hoses. One (1) rack located above the other. Hard suction storage rack located driver side compartment top. Includes spring hold downs with scuff plates (as applicable).	\$ 1,248.00
LADDER STORAGE / RACKS	3365-1442	Storage tunnel capable of holding: (2) 6" x 10' hard suction hoses (individually vertically stacked) and an upper storage area for (1) one 10' Folding ladder, plus (2) Two D-handle Pike Poles, in a Driver Side Storage Tunnel. Includes vertically hinged rear smooth plate door with D-Ring latch. Tanker, Pumper/Tanker.	\$ 3,572.00
LADDER STORAGE / RACKS	3365-1443	Officer side ladder storage tunnel. Includes area for a vertically stored 24' 2-section, a 14' roof, and a single back board. Includes vertically hinged rear smooth plate door with D-Ring latch.	\$ 3,053.00
LADDER STORAGE / RACKS	3365-1444	Storage tunnel capable of holding: (2) 6" x 10' hard suction hoses (individually vertically stacked) in Officer Side Storage Tunnel. Tradition Only.	\$ 1,919.00
LADDER STORAGE / RACKS	3365-1445	Officer side ladder storage tunnel. Includes area for a vertically stored 28ft 1200-A, a 16ft 875-DR, and a 12ft attic ladder. Includes a vertically hinged rear smooth plate door with D-Ring latch.	\$ 2,490.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1446	Ladder storage through tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet,(2) pike poles, (1) drywall hook, (1) trash hook and (2) backboards. Reduces selected water tank capacity by approximately 350 gallons.	\$ 6,655.00
LADDER STORAGE / RACKS	3365-1447	Storage tunnel capable of holding: (2) 6" x 14' hard suction hoses (individually vertically stacked) in Driver Side Storage Tunnel. Tradition Only.	\$ 2,193.00
LADDER STORAGE / RACKS	3365-1448	Backboard storage box located in the officer side of hosebed side wall. Storage to be approximately 21" wide x 7" high (or as denoted on body layout drawing). Includes drop down diamond plate door (wired to door ajar) w/push-button latch, hosebed style top and composite flooring. Box to hold (2) backboards. Includes stop bracket approximately 74" back from opening. Includes 45 degree angle plate at rear of the backboard storage.	\$ 3,666.00
LADDER STORAGE / RACKS	3365-1449	Storage tunnel capable of holding: (2) 6" x 15' hard suction hoses (individually vertically stacked) in Driver Side Storage Tunnel. Includes an upper storage area for (1) one 10' Folding ladder, and (2) Two Pike Poles tubes. Also Includes a vertically hinged rear smooth plate door with D-Ring latch. Tanker, Pumper/Tanker.	\$ 3,858.00
LADDER STORAGE / RACKS	3365-1450	Hard Suction Storage Racks, quantity of 2. Driver side compartment top and officer side tracks above ladder. Includes (3) spring hold downs on each rack and scuff plates behind spring mounts (as applicable).	\$ 2,832.00
LADDER STORAGE / RACKS	3365-1451	Tray for Fire Department supplied high rise hose packs on right side compartment top. (5) aircraft seat belt style straps with buckles to secure hose. Outer lip of tray not to exceed height of flooring. Five (5) drain holes.	\$ 3,601.00
LADDER STORAGE / RACKS	3365-1452	Fire extinguisher storage rack to hold (2) extinguishers in a single horz row. The rack shall be raised 3" on the open end to allow the extinguishers to slide back into the box at an angle. Bottom and sides of the trough to include ribbed rubber inserts. Each opening to have a vertically mounted strap. The rearward opening shall be 15" wide and the forward opening shall be 10.125" wide. The total height of the assembly shall be 20.25". The top shall be flat and have a 2" lip up on exposed upper sides for storing items as a permanent shelf. Locate floor mtd in R1.	\$ 910.00
LADDER STORAGE / RACKS	3365-1453	Ladder storage thru tank for (1) 3-section 35' extension, (1) 14' roof, (1) 10' attic with feet, and three (3) D-Handle pike poles. Reduces selected water tank capacity by approximately 450 gallons for tankers.	\$ 6,648.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1455	Hosebed Storage Box. Located in the driver side hosebed. Includes diamond plate rear door (wired to door ajar) w/ D-ring latch vertical hinged outboard, Box to be fabricated from .188 smooth plate. Box to hold (2) 6' pike poles, (2) 8' pike poles, (2) 10' pike poles, (1) 4' D-handle pike pole, (1) 6' D-handle pike pole, (1) 8' Dry-wall Plaster D-handle pole, (1) 8' Trash hook D-handle pole and (1) Penetrating Nozzle (7" x 10" x 74" long). Box to be bolt in and removable to service water tank if required.	\$ 5,781.00
LADDER STORAGE / RACKS	3365-1456	Recessed folding ladder and pike pole storage compartment located left rear of body up high. Compartment sized to store a 10' ladder with feet and (3) 10' pike poles.	\$ 2,516.00
LADDER STORAGE / RACKS	3365-1457	Ladder tunnel. Located at frame height in B1 offset to the officer side. Ladders stored flat. Includes nylon buckle straps to retain ladders.	\$ 6,149.00
LADDER STORAGE / RACKS	3365-1458	Upper hosebed storage area above ladder or storage tunnel on officer side body. Upper storage area to have an open top and run length of the hosebed area. Includes hosebed style flooring and matching rear vinyl or cargo net cover of same style/color as main hosebed. The extrusion and wall that divides this hosebed from the main hosebed is to extend from the headboard to a point specified on the layout (will not extend all the way to the end of the hosebed).	\$ 2,974.00
LADDER STORAGE / RACKS	3365-1459	Single hard suction hose storage (with stops for 15' hose) located in the officer side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a D-ring latch.	\$ 3,015.00
LADDER STORAGE / RACKS	3365-1460	Ladder tunnel. Tunnel sized to properly stow (1) 14 roof ladder. Tunnel will reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 3,959.00
LADDER STORAGE / RACKS	3365-1461	Ladder tunnel. Tunnel sized to properly stow (1) 2 section 24 ft. extension ladder (2-24). Tunnel will reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 4,207.00
LADDER STORAGE / RACKS	3365-1462	Ladder tunnel. Tunnel sized to properly stow (1) 2 section 14 ft. extension ladder (2-14). Tunnel will reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 4,022.00
LADDER STORAGE / RACKS	3365-1463	Officer side vertical storage tunnel, located in the hosebed Tunnel to hold: [#LOC]. Includes vertical hinged rear smooth plate door(s) with stainless steel bent D-ring latch. Top surface is enclosed with NFPA compliant aluminum tread plate cover.	\$ 4,064.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1464	Hard suction rack with job color painted box end (rearward of body only). Rack to be positioned on drivers side compartment top so forward coupling end rest flush with end of forward compartment top. Rack to have (1) spring hold down located as far forward as possible (no hold down at rear). Rack to include extension so rear coupling rest on the rack in the stowed position. Rearward box to be smooth plate and designed to fit around the rack extension. Size box to be approximately 10"x 10"x 10".	\$ 1,988.00
LADDER STORAGE / RACKS	3365-1465	Folding ladder trough on the underside of the overhead ladder rack with retaining strap(s).	\$ 926.00
LADDER STORAGE / RACKS	3365-1466	(2) aluminum pike pole storage tubes. Locate (1) each side in the hard suction storage compartments.	\$ 896.00
LADDER STORAGE / RACKS	3365-1467	Single hard suction hose storage with stops for 13' long hose located in upper rear body compartments behind the rollup doors on the driver side. Includes vertically hinged brushed stainless steel rear access door with push button latch and aluminum hose trough.	\$ 2,660.00
LADDER STORAGE / RACKS	3365-1468	Single hard suction hose storage with stops for 13' long hose located in upper rear body compartments behind the rollup doors on the officer side. Includes vertically hinged brushed stainless steel rear access door with push button latch and aluminum hose trough.	\$ 2,660.00
LADDER STORAGE / RACKS	3365-1469	(6) Pike pole storage tubes. Locate inboard side of rack with pike pole hooks stored in the up position.	\$ 2,760.00
LADDER STORAGE / RACKS	3365-1470	Internal through the tank storage for (2) 6" x 12' hard suction hoses. Locate in B1 above the ladder storage . Includes nylon buckle straps to retain the hose. Hoses to be stored side by side in separate slots.	\$ 3,713.00
LADDER STORAGE / RACKS	3365-1471	Enclosed vertical storage tunnel through the water tank above B1 at the rear panel of the body offset to the officer side. Tunnel to hold: (1) 2-section ladder, (1) roof ladder, (2) pike poles, folding ladder with shoes, and a backboard. Includes a vertically hinged rear smooth plate door with bent D-ring latch.	\$ 4,715.00
LADDER STORAGE / RACKS	3365-1472	Hard Suction Storage Rack. Officer side compartment top. Includes spring hold downs and scuff plates behind spring mounts (as applicable). For use with 14' hard suction hose.	\$ 1,020.00
LADDER STORAGE / RACKS	3365-1474	Zico electric drop-down hard suction rack bulk head mounted. Includes spacer brackets. Rack located to [#LOC] of body. The control switching to be located on the side pump panel with the rack being in full view of the operator during operations. The rack includes (2) main rack mounted 15' trays. Reinforced hose bed side wall required.	\$ 12,060.00
LADDER STORAGE / RACKS	3365-1475	Horizontal ladder storage retention door modification (EA). Includes spoon latch(es) with adjoining pull bar (if applicable) and cut-out in door to actuate pull bar or latch from outside surface. Requires 12" wide door and ladder bump-stops to prevent ladders from interfering with pull bar.	\$ 359.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1476	Hosebed storage box bolt-in. Includes hinged compartment lids with slam style D-ring latches and no grab handles. Each lid to have (3) bracket mounted EON LED lights and to be wired to door ajar indicator in cab.	\$ 8,785.00
LADDER STORAGE / RACKS	3365-1477	Hold open device shall be provided IPOS. Gas shock hold open shall hold the rear ladder tunnel door in the open position.	\$ 417.00
LADDER STORAGE / RACKS	3365-1478	Hard suction storage box. Located in the officer side hose bed. Box will be partitions and have nylatron flooring. Box to hold (2) 10' long x 6" diameter tubes in separate slots. The box will also include backboard storage. Includes diamond plate cover.	\$ 2,913.00
LADDER STORAGE / RACKS	3365-1479	Storage box welded to upper body hose bed side sheet full length on the officer side of the body. Appearance to blend with lower compartment so not to look added-on. Paint as applicable. Height of box is 13". Includes a vertically hinged smooth plate rear access door with a push button latch. Includes aluminum storage module with hose tray for (1) 15' length of 4" hard suction hose with forward travel limit stops. Door wired to open indicator in cab.	\$ 5,933.00
LADDER STORAGE / RACKS	3365-1480	Storage box centered in ladder tunnel for miscellaneous storage. Approx. 5"W x 27"H. Box to be sized as long as possible without waterway interference. Note: requires outboard hinged vertical ladder tunnel doors.	\$ 1,055.00
LADDER STORAGE / RACKS	3365-1481	Zico VM-7 pike pole mounting brackets (PR). Locate on officer's side compartment top. Brackets can hold up to 16' pike pole. These are the brackets only and will not include any tubes or pike poles.	\$ 373.00
LADDER STORAGE / RACKS	3365-1482	Storage tunnel capable of holding: (2) 6" x 15' hard suction hoses (individually vertically stacked) in Officer Side Storage Tunnel.	\$ 2,876.00
LADDER STORAGE / RACKS	3365-1483	Driver side ladder storage tunnel. Includes area for a vertically stored 35' 2-section and 16' roof. Includes a vertically hinged rear smooth plate door with D-Ring latch.	\$ 2,939.00
LADDER STORAGE / RACKS	3365-1484	Single hard suction hose storage without stop located (above ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (specified with ladder tunnel) wired to door ajar w/bent D-ring deadbolt type latch.	\$ 2,193.00
LADDER STORAGE / RACKS	3365-1485	Internal aluminum frame for speedlay tray storage with black vinyl cover. Access to be located to the rear of the [#LOC] body.	\$ 1,500.00
LADDER STORAGE / RACKS	3365-1486	Dual hard suction hose storage with stop located (above ladders) in the officer side ladder storage tunnel. Includes a common taller rear access door (wired to door ajar) w/bent D-ring deadbolt type latch. Used for 6" X 12' suction hose. Door to be hinged inboard.	\$ 2,193.00
LADDER STORAGE / RACKS	3365-1487	Single hard suction hose storage (with stops for 13' hose) located in the officer side upper header. Includes a vertically outboard hinged rear access door (wired to door ajar) with a D-ring latch.	\$ 3,015.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1488	Ladder tunnel. Tunnel sized to properly stow (1) FL-10 attic ladder with feet. Located: B1.	\$ 1,041.00
LADDER STORAGE / RACKS	3365-1489	Ladder tunnel. Tunnel sized to properly stow (4) four horizontally stacked 16 foot roof ladders. Option includes a securing device to keep ladders stowed. Tunnel will reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 5,612.00
LADDER STORAGE / RACKS	3365-1490	Ladder tunnel. Tunnel sized to properly stow (2) two horizontally stacked 12 foot roof ladders. Tunnel will reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 4,491.00
LADDER STORAGE / RACKS	3365-1491	Ladder tunnel. Tunnel sized to properly stow (2) Two 2 section 28 ft. extension ladders (2-28). Option includes a securing device to keep ladders stowed. Tunnel will reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 6,734.00
LADDER STORAGE / RACKS	3365-1492	Stokes basket storage box, vertically stored. Located in the officer's side hose bed. Includes a swing open door, vertical hinged on right side (wired to door ajar) with a D-ring latch and flooring. Box to hold (1) customer supplied Stokes Basket . Box will have a treadplate top to be used as a step surface (IPO Duradek floor) since no hose will be stored above the box.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-1493	(3) pike pole storage tubes. Locate in the top of the stokes basket storage tunnel.	\$ 986.00
LADDER STORAGE / RACKS	3365-1494	Four (4) pike poles and a folding ladder tucked behind ground ladders on the adjustable ladder tracks. The aluminum storage trough for folding attic ladder shall have a horizontal drop down hinged diamond plate door with butterfly latch. The rear end of the pike poles to be 2" short of the end of the body side.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1496	Top of the officer side compartment top shall have bolt-on hosebed style slat(s) full length to prevent accumulation of water and allow for ventilation of wet hose. The straps to be dealer/customer installed.	\$ 1,065.00
LADDER STORAGE / RACKS	3365-1497	Vertical storage tunnel - officer side. Includes vertically hinged rear smooth plate door with D-Ring latch. Door to match rear body finish. Tunnel to hold: [#LOC].	\$ 6,736.00
LADDER STORAGE / RACKS	3365-1498	Tray for Fire Department supplied high rise hose packs on right side compartment top. Outer lip of tray not to exceed height of flooring. Five (5) drain holes. Includes black dri-deck flooring.	\$ 3,601.00
LADDER STORAGE / RACKS	3365-1499	Driver side Portable Tank storage tunnel. Includes area for a Portable Folding Tank 2100 to 3000 gallon portable tank (add Portable Tank size, model, or dim). Includes vertically hinged rear smooth plate door with D-ring latch.	\$ 2,893.00
LADDER STORAGE / RACKS	3365-1500	Ladder storage thru tank for (1) 2-section 24' extension, (1) 14' roof, (1) 10' attic with feet, and three (3) D-Handle pike poles. Reduces selected water tank capacity by approximately 300 gallons for tankers.	\$ 6,648.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1501	High rise hose packs storage box horizontal partition assembly. Located in the main hose bed offset to officers side. The box to be full length of the hosebed and width will be specified by customer. No door.	\$ 1,620.00
LADDER STORAGE / RACKS	3365-1502	Ladder storage thru tank for (1) 6" x 10' hard suction hose with a provision for a low level strainer. Reduces selected water tank capacity by approximately 100 gallons.	\$ 1,934.00
LADDER STORAGE / RACKS	3365-1503	Zico Electric Drop Down Hard Suction Rack (HA-HS-6-3). Rack to be capable to hold three (3) 10' hard suction hoses. Locate on driver side of body. Includes mounting hardware.	\$ 11,245.00
LADDER STORAGE / RACKS	3365-1505	(2) aluminum pike pole storage tubes. Locate officer side, bracket mounted to the body side. For use with designs lacking ladder tracks.	\$ 917.00
LADDER STORAGE / RACKS	3365-1506	Hard Suction Storage Box. Located horizontal in the officers side hosebed. Includes vertical hinged door (wired to door ajar) with D-Ring style latches and nylatron flooring. Box enclosure to hold two (2) 6" x 15' hard suction hose.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-1507	Bolt on storage tunnel shall be provide on OFC side of rear body. Rack contents noted separately. Tunnel shall be fabricated from smooth plate stainless steel. Includes vertical hinged smooth plate door (wired to door ajar) w/D-ring latch. Tunnel shall be have sanded finish (painted option selected separately).	\$ 11,754.00
LADDER STORAGE / RACKS	3365-1508	Quad hard suction hose storage with stops located in the drivers side upper header. Rear access door is vertically hinged outboard (wired to door ajar) w/bent D-ring latch.	\$ 5,325.00
LADDER STORAGE / RACKS	3365-1509	Sleeve in the driver side compartment into the rear compartment for misceelaneous equipment.	\$ 1,372.00
LADDER STORAGE / RACKS	3365-1510	Hard suction storage below raised hose bed #5. Storage area holds (1) 6" x 10' long tube. Install buckle strap to retain hose.	\$ 1,619.00
LADDER STORAGE / RACKS	3365-1511	Bolt on 90" long x 10" high aluminum sign plate (1) mounted to the outboard side of the hard suction trays on the officer side. Sign plate painted job color.	\$ 1,546.00
LADDER STORAGE / RACKS	3365-1512	Little Giant Model 17 storage with stop located (above ladders) in the storage tunnel. Shares a common taller rear access door (door included with tunnel option).	\$ 2,369.00
LADDER STORAGE / RACKS	3365-1513	Officer side vertical storage tunnel behind reduced upper depth compartments. Tunnel to hold: (1) 3000 gallon portable pond. Includes vertically hinged rear smooth plate door with bent D-ring latch. Equipment not included.	\$ 4,255.00
LADDER STORAGE / RACKS	3365-1514	Single hard suction hose storage with stop for 10' x 6" hose located (above portable pond) in the officer side storage tunnel. Shares a common taller rear access door (as specified with ladder tunnel option).	\$ 2,193.00
LADDER STORAGE / RACKS	3365-1515	Recessed pike pole storage compartment with a brushed SS lift-up door and a push button latch, located at rear of apparatus officer side under "T" of tank. Compartment sized to store (2) 10" NY roof hooks.	\$ 1,886.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1516	Storage for (2) customer supplied ladders in transverse L1/R1 vertically stacked. Seat Belt strap(s) both ends to secure the ladders during transit.	\$ 1,677.00
LADDER STORAGE / RACKS	3365-1517	10' Hard suction hose storage tray. Locate on inboard side of overhead ladder rack. Includes (2) securing straps.	\$ 1,048.00
LADDER STORAGE / RACKS	3365-1518	Recessed storage compartment for (1) 6' Colorado hook. Located at rear of apparatus driver side under "T" of tank. Includes vertically hinged brushed stainless steel rear access door with push button latch and aluminum storage trough.	\$ 1,134.00
LADDER STORAGE / RACKS	3365-1519	Hard Suction Storage Box. Located horizontal in the driver's side of hosebed. Includes vertical hinged door (wired to door ajar) with D-Ring style latches and nylatron flooring. Box enclosure to hold two (2) 6" x 15' hard suction hose.	\$ 3,230.00
LADDER STORAGE / RACKS	3365-1520	Tray for Fire Department supplied high rise hose packs full length on right side compartment top. Tray has an 10" inner flange. Outer flange not to exceed height of flooring. Black Dri-Deck flooring installed in the bottom of the tray. (6) straps with Velcro attachments to secure hose	\$ 3,601.00
LADDER STORAGE / RACKS	3365-1521	Storage box recessed into rear body officer side above side compartment ceiling for (1) 6" x 10' hard suction hose and (2) two pike poles.. Includes horizontal hinged drop down door (matching rear body) with D-ring latch (wired to door ajar indicator) and hose stops as applicable.	\$ 2,037.00
LADDER STORAGE / RACKS	3365-1522	Ladder tunnel. Tunnel sized to properly stow (1) 12 roof ladder. Tunnel will reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 3,959.00
LADDER STORAGE / RACKS	3365-1523	Ladder tunnel. Tunnel sized to properly stow (1) 2 section 20 ft. extension ladder (2-20). Tunnel will reduce transverse usable space in body compartments. Finish: unless otherwise specified sanded smooth aluminum. Locate: B1 per customer approval drawing.	\$ 4,207.00
LADDER STORAGE / RACKS	3365-1524	Hard suction storage tray for 15' hose. Locate officer side, enclosed above the Zico drop-down portable tank rack cover assembly. Painted job color.	\$ 2,201.00
LADDER STORAGE / RACKS	3365-1525	Storage trough for (1) PWL-6 ladder with stops, located in upper body compartment, officer side. Includes a lift-up rear access door (wired to door ajar) w/bent D-ring latch.	\$ 1,557.00
LADDER STORAGE / RACKS	3365-1526	Removable end cap that fully encloses the ladder storage module that protrudes into the forward transverse compartment.	\$ 596.00
LADDER STORAGE / RACKS	3365-1527	Enclosed horizontal storage tunnel through the water tank above B1 at the rear panel of the body offset to the officer side. Tunnel to hold: (1) 2-section ladder, (1) roof ladder, (2) pike poles and a folding ladder with shoes. Includes a horizontally hinged drop down rear smooth plate door with bent D-ring latch.	\$ 4,715.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1528	Dual hard suction hose storage with stops for 10' long hose located in upper rear body compartments on the driver side. Includes horizontally hinged smooth plate rear access door with bent D-ring latch.	\$ 4,518.00
LADDER STORAGE / RACKS	3365-1530	Officer side vertical storage tunnel. For use with low hosebed. Tunnel to hold: TBD. Includes vertically hinged rear diamond plate door(s) with push-button latch.	\$ 4,064.00
LADDER STORAGE / RACKS	3365-1531	Trash hook and Dry-wall pole storage compartment located right rear of body up high. Compartment sized to store (1) 8' Trash hook with D-handle, and (1) 8' Dry-wall Plaster with D-handle.	\$ 2,069.00
LADDER STORAGE / RACKS	3365-1532	Hosebed Storage Box. Located in the driver side hosebed. Box to be fabricated from .188 smooth plate. Box to hold (2) 6' pike poles, (2) 8' pike poles, (2) 10' pike poles, (1) 4' D-handle pike pole, (1) 6' D-handle pike pole, and (1) Penetrating Nozzle (7" x 10" x 74" long). Box to be bolt in and removable to service water tank if required.	\$ 4,303.00
LADDER STORAGE / RACKS	3365-1533	Nylatron scuff pad(s) for ladder rack. Approx 1/16 thick self-stick material located on each bracket or where ladder could make contact with body. To be mounted at final inspection.	\$ 232.00
LADDER STORAGE / RACKS	3365-1534	Smooth plate storage compartment located on officer side compartment top. Compartment sized to store (1) 10' ladder with feet and (2) pike poles. Box to be painted job color.	\$ 2,023.00
LADDER STORAGE / RACKS	3365-1535	Two (2) pike poles and a folding ladder tucked behind ground ladders on the adjustable ladder tracks. The two (2) are roof hook pike poles. An aluminum storage trough shall be provided for a folding attic ladder with a horizontal drop down hinge door and thumb latch. The rear end of the pike poles to be 2" short of the end of the body side.	\$ 2,277.00
LADDER STORAGE / RACKS	3365-1536	Zico VM-7 pike pole mounting bracket (PR) and Zico PPMB-A ring bracket. Locate on compartment top as specified in a note or on the sales drawing. Brackets can hold up to 16' pike pole. These are the brackets only and will not include any tubes or pike poles.	\$ 373.00
LADDER STORAGE / RACKS	3365-1537	Tunnel, Storage for Mini Rescue body. An equipment storage tunnel shall be provided with access from the rear of the body. The opening shall be approx 10T x 20W and shall be approx 84 deep. A vertically hinged aluminum door with a D-ring style handle shall be provided with tread finish. Design shall include dividers to accommodate a shovel, rake & broom handle with head dis-assembled. Make & Model info to be provided at Pre-Build. Locate: B3.	\$ 2,186.00

SOME OPTIONS MAY NOT BE AVAILABLE WITH ALL MODELS/CONFIGURATIONS

Category	Option	Long Description	Price
LADDER STORAGE / RACKS	3365-1538	Storage box on officer side compartment top for high rise packs forward, and long tool storage rearward. Includes (1) half-length horizontally hinged drop-down sloped tread plate door with (2) bent D-ring latches rearward. Box to be full length of side compartment assembly 8" high x 12" deep, with the door angled from the bottom toward the top of the body and covering the rearward portion only. Forward portion to be left open for storage of Fire Department supplied high rise hose packs. Includes Velcro retainers to secure hose. With black Turtle Tile brand flooring.	\$ 3,471.00
LADDER STORAGE / RACKS	3365-1539	Tunnel, Transverse Body. A storage tunnel shall be provided to span transverse thru the body. Size and Location to be per customer approval drawing. Option requires doors if applicable to be selected separately.	\$ 3,181.00
LADDER STORAGE / RACKS	3365-1540	Horizontal ladder storage box located in the officer side hosebed. The top shall be enclosed using the hosebed vinyl cover. Ladders to be stored separately. Includes straps to secure ladders Box to hold (1) 24' 2-section, and (1) 14' roof.	\$ 3,779.00
LADDER STORAGE / RACKS	3365-1541	Storage tunnel horizontal through the tank. Includes a horizontal hinged smooth plate door with bent D-ring latch. Equipment stored in separate slots.	\$ 5,150.00
LADDER STORAGE / RACKS	3365-1542	Horizontal hard suction storage. Storage shall accommodate (3) 6" x 10' hard suction hose. Includes a horizontal hinged smooth plate door with bent D-ring latch. Equipment stored in separate slots.	\$ 5,150.00
LADDER STORAGE / RACKS	3365-1543	Enclosed horizontal storage tunnel through the water tank directly below the hose bed, offset to the officer side of the rear panel of the body. Tunnel to hold: (1) 2-section ladder, (1) roof ladder (offset officer side) and (2) pike poles and a folding ladder with shoes (offset driver side). Includes a horizontally hinged lift-up rear smooth plate door with bent D-ring latch and a gas tube hold-open.	\$ 4,715.00
LADDER STORAGE / RACKS	3365-1544	Bolt on aluminum fabricated sign plates shall be mounted to the exterior vertical surface of the upper outer hose bed extrusions on the driver side body. Sign plates to extend forward of ladder/tank rack arms to front of body, and rearward of ladder/tank rack arms to rear of body. This shall provide a mounting surface for lights along with an area for graphics. Sign plate shall be painted job color.	\$ 2,152.00
LADDER STORAGE / RACKS	3365-1545	Bolt on aluminum fabricated sign plates shall be mounted to the exterior vertical surface of the upper outer hose bed extrusions on the officer side body. Sign plates to extend forward of ladder/tank rack arms to front of body, and rearward of ladder/tank rack arms to rear of body. This shall provide a mounting surface for lights along with an area for graphics. Sign plate shall be painted job color.	\$ 2,152.00
