For convenience, Flygt and Godwin submersible pumps have been grouped by horsepower.

1. Heading of equipment in this section. (In this example, the section includes both Flygt and Godwin pumps.)
2. Pump manufacturer (if Flygt), HP, volts and type of submersible pump.
3. Specific pump model, impeller codes, HP, voltages and outlet connections in this item group.
4. Specific pump item code, if only one code exists in item group.
5. Item group code for equipment. Enter into rentalresult Item Holding Inquiry to see all assets in this group. Note: Flygt pump item group code is the same as Godwin pump item group code with the change to an F as 7th digit.

Example: XX.XX.XX~~F~~0.0527 and XX.XX.XX~~X~~0.0527 shown above.

6. Daily / weekly / monthly rental rate for pump.
7. Manual and automatic control panels for this equipment. Panels are voltage specific.
- Both Flygt and Godwin pumps can be re-wired to change the voltage of the pump for the application.
- Contact Engineering for questions.
8. Daily / weekly / monthly rental rate for control panel.

1. Use above referenced chart to select appropriate power pack and hydraulic hose for the Heidra pumpend.
2. See next pages for rental rates on hydraulic hoses, pumpends and power packs.
3. Heidra 750AX requires adapters for 1-1/4" to 1-1/2" high pressure hydraulic hoses. Adapter part number is AD015012PMPFF0 and must be steel to handle the hydraulic pressure. Malleable iron could crack under the pressure.

**Hydraulic Hoses**

1. Refer to Heidra Pumpend and Power Pack selection chart for correct number of hoses required per pumpend.
2. Rental rates shown are per hose rate.
