

40H Series Mortise Locks

Premium Performance, Superior Security.

BEST's 40H series mortise locks and deadbolts deliver exceptional strength, security, and durability. Our robust design features and precision-engineered components make the 40H mortise lock series ideal for high traffic applications. Backed by an industry-leading limited lifetime mechanical warranty, the 40H series delivers security you can depend on.

Security Meets Simplicity.

In addition to delivering superior security, the BEST 40H lock series makes installation, maintenance, and daily use simple. With a multi-function case and field configurable options, the 40H series is stock friendly. And installation is quicker and easier thanks to carefully designed features that simplify handing changes, alignment, and assembly.

Features

BEST 40H

- **Superior strength and security.** We designed the 40H series with a solid, one-piece stainless steel latch, providing 50% more surface contact with the strike to make the lock stronger and more secure.
- **Enhanced durability.** The precision-engineered curve on the latch enhances cycle life while reducing wear to the strike.
- **Easy to install.** The reversible latch rotates 180 degrees, making it easy to change handing without opening the 40H series case, and self-aligning trim makes installation fast, easy, and accurate.
- **Reliable performance.** With a roller bearing hub mechanism, 40H series locks deliver smooth, wear resistant operation. We're so confident in our 40H lock series that we provide a limited lifetime warranty. BEST 40H series locks are designed and manufactured to last.
- **Premium materials.** The 40H series case, cover, and armored front are manufactured from 0.095" cold rolled steel with a corrosion-resistant coating, providing long-lasting strength.
- **Varied aesthetics.** A wide variety of trims and lever styles make the 40H series visually compatible with different architectural styles and aesthetics.
- **Simple to use.** With features including a bi-directional lever for ADA-friendly operation, 40H locks are easy to use.
- **Greater flexibility.** The 40H series is flexible and stock friendly, designed for simple field conversion and handing changes, and featuring a universal, multi-function lock case.

For premium strength, security, and performance, BEST 40H series locks deliver unparalleled quality and reliability.
