## **TRANSPORTATION PROJECT DATABASE TECHNICAL SUPPORT**

### **Background**

The Transportation Economic Land-use System was developed in 2006 and updated in 2022 by the New Jersey Institute of Technology Transportation Research Center. The database is used to track transportation projects in the Transportation Improvement Program and the Regional Transportation Plan. It is also used to generate required reporting for amendments to the Transportation Improvement Program and submissions to the State and Federal transportation agencies.

### **Current Situation**

H-GAC contracted with New Jersey Institute of Technology Transportation Research Center in 2019 to upgrade and update the Transportation Economic Land-use System application. Following the completion of the upgrades and updates, and through the active use of the updated Transportation Economic Land-use System application, H-GAC staff identified multiple refinements and modifications in the system design and functionality to further enhance the system and better reflect the Transportation Improvement Program development and management workflow.

The most recent Transportation Economic Land-use System application maintenance and technical support contract ended in December 2022. H-GAC staff now seeks to negotiate and enter into a contract with the New Jersey Institute of Technology Transportation Research Center to provide Transportation Economic Land-use System application maintenance and technical support, with an anticipated period of performance of one year.

### **Funding Source**

### **Budgeted**

Yes

### **Action Requested**

Request authorization to negotiate an agreement with the New Jersey Institute of Technology Transportation Research Center to provide maintenance and technical support; total amount not to exceed \$150,000 over the next year. (Staff Contact: Craig Raborn)

## **PARTICULATE MATTER AIR QUALITY PLANNING GRANTS**

### **Background**

The "Rider 7" Local Air Quality Planning Grant is a State of Texas administered program overseen by the Texas Commission on Environmental Quality. This program dates to 1995 and was originally developed to support local air quality planning efforts in ozone near-nonattainment areas. Due to our region's longstanding ozone nonattainment status, we have not previously been eligible to receive these funds. When the program was most recently renewed for the 2024-2025 state budget, it was expanded to include areas that are considered near-nonattainment for fine particulates, also known as PM<sub>2.5</sub>. Our region is now listed as one of these near-nonattainment areas.

### **Current Situation**

Due to the H-GAC region's near-nonattainment status, H-GAC is eligible to receive \$454,302 through the Rider 7 Local Air Quality Planning Grant. These funds are available for activities that can support development of State Implementation Plans. These activities can include: inventorying emissions, monitoring pollution levels, air pollution and data analysis, modeling pollution levels, and administration of the program. Staff anticipates working internally and with local partners to undertake these activities.

Pending final approval from Texas Commission on Environmental Quality, this funding will be used to develop a regional air quality data hub to gather and integrate existing regional air quality data from a variety of sources into a centrally accessible location that can be freely viewed by regional decisionmakers and stakeholders. This will create a regional air quality data platform that can be built upon through future initiatives to provide innovative air quality services to help better understand and improve our region's air quality.

### **Funding Source**

Texas Commission on Environmental Quality

### **Budgeted**

No

### **Action Requested**

Request authorization to enter into contract with the Texas Commission on Environmental Quality for an amount not to exceed \$454,302. (Staff Contact: Andrew DeCandis)

## HGACBUY-ELECTRIC VEHICLE CHARGING EQUIPMENT AND RELATED SERVICES

### Background

The H-GAC Cooperative Purchasing Program (HGACBuy) establishes contracts for a variety of products and services through competitive solicitations. Member governments are able to use the contracts to make purchases. HGACBuy received and opened five proposals for Electric Vehicle Charging Equipment and Related Services on March 7, 2024. The following companies submitted a proposal:

Maxari Energy LLC, dba Energyfundz	Austin, TX
OpConnect, Inc.	Portland, OR
Polara USA, Inc.	Newark, DE
Smart eMobility, Inc.	Los Angeles, CA
Universal EV, LLC	Plano, TX

### Current Situation

This contract is a new contract in our portfolio, consisting of charging equipment and related services for electric vehicles, for our member's fleet applications and general public venue applications. Proposals listed in the award recommendation table met the minimum scoring threshold and are being recommended for an award. All proposal responses have been evaluated by H-GAC staff. Five proposals are being recommended for award. Request authorization to negotiate contracts with each respondent listed in the Contract Award Recommendation Table, and as may be applicable, to extend contract assignments to other authorized entities during the contract period.

## **SOLID WASTE PLANNING FUNDS CONTRACT**

### **Background**

The Texas Commission on Environmental Quality Waste Permits Division received funding from the Environmental Protection Agency Solid Waste Infrastructure for Recycling Grant. These grant funds are to be used for projects that work to improve solid waste management.

Based on a history of strong performance during past solid waste work, internal financial controls, and experience with federal grants, the Houston-Galveston Area Council was one of five Councils of Governments selected by the Texas Commission on Environmental Quality Waste Permits Division to receive funding. H-GAC was awarded \$110,000.

### **Current Situation**

In keeping with Texas Commission on Environmental Quality Solid Waste Infrastructure for Recycling project requirements, H-GAC elected to pursue a recycling project to help rural and smaller communities across the region with their drop-off and curbside recycling programs. H-GAC's rural and smaller communities have unique infrastructure and resource challenges when it comes to operating a recycling program. These communities often must consider shifting funding from recycling programs to other city or county programs that may cost less or may be considered more essential. Staffing can also be challenging for the region's rural or small community recycling programs, and the existing staff often must fill multiple roles in the community. Many communities lack the human, financial, and physical resources for extensive training for staff responsible for filling these multiple roles.

H-GAC will develop a recycling operation needs assessment tool to determine any areas for improvement in public drop-off facilities or curbside recycling programs. The tool will address program efficiencies, contamination, opportunities for expanded services, safety improvements, profit maximization, outreach and education, and equipment needs. In addition to the tool development, H-GAC will provide hands-on technical assistance to local governments with an emphasis on disadvantaged rural communities.

### **Funding Source**

Texas Commission on Environmental Quality

### **Budgeted**

No, amends H-GAC budget

### **Action Requested**

Request authorization of an agreement with Texas Commission on Environmental Quality for the Solid Waste Infrastructure for Recycling Grant Program Fiscal Year 2024 application in the amount of \$110,000. (Staff Contact: Cheryl Mergo)

## **SOLID WASTE PLANNING FUNDS CONSULTANT SELECTION**

### **Background**

The Texas Commission on Environmental Quality Waste Permits Division received funding from the Environmental Protection Agency Solid Waste Infrastructure for Recycling grant. Of the 24 Councils of Governments in the state, the Houston-Galveston Area Council was one of five selected to receive pass-through funding for a project to improve municipal solid waste management in accordance with H-GAC's regional solid waste management plan. H-GAC will receive a total of \$110,000 from the Texas Commission on Environmental Quality for the project.

In keeping with Texas Commission on Environmental Quality Solid Waste Infrastructure for Recycling project requirements, H-GAC will develop a needs assessment tool to determine any areas for improvement in public drop-off facilities or curbside recycling programs. The tool will address program efficiencies, contamination, opportunities for expanded services, safety improvements, profit maximization, outreach and education, and equipment needs. H-GAC staff proposes working with a consultant to develop the tool and train staff in the tool's ongoing use, updates, and maintenance. Funds budgeted for the consultant under consideration will be drawn from the \$110,000 pass-through grant funds.

### **Current Situation**

Due to the nature of the project and the involvement it entails, H-GAC issued a competitive, sealed solicitation to solicit a qualified contractor to develop a recycling operation needs assessment tool on February 14, 2024 and which closed on March 28, 2024. Two responsive submissions were received and thoroughly evaluated by a committee of representatives from H-GAC. Based on the representatives' independent scoring and evaluation of the proposal responses, the recommendation and rankings are presented below:

1. Burns & McDonnell Engineering Company, Inc.
2. NewGen Strategies and Solutions, LLC

### **Funding Source**

# HOUSTON GALVESTON AREA COUNCIL (H-GAC)

## FY24 Monthly Financial Report

For Month Ending April 30, 2024

Prepared on May 7th, 2024

Esteemed H-GAC Board of Directors and Executive Director Wemple, please find attached the financial report for last month. The information contained within is intended for managerial reporting purposes. All figures are unaudited and subject to change. Should you have any questions, please feel free to let me or a member of my staff know. Respectfully submitted, Christina Ordóñez-Campos, CPA - Chief Financial Officer.

### SUMMARY OF KEY CHANGES

#### REVENUES

> Through the end of April, we have received 55% of the 2024 membership dues budgeted. We anticipate that the remainder of the dues will be received by June.

> During April, the EDA funded a CARES RLF loan for \$175K and completed a regional broadband market study grant which increased the other revenue total by \$265K.

> The Cooperative Purchasing revenue cycle continues to be atypical. It had increased revenue for April compared to last month - 767K versus 186K. This includes 397K from a first quarter reporting contract.

#### EXPENDITURES

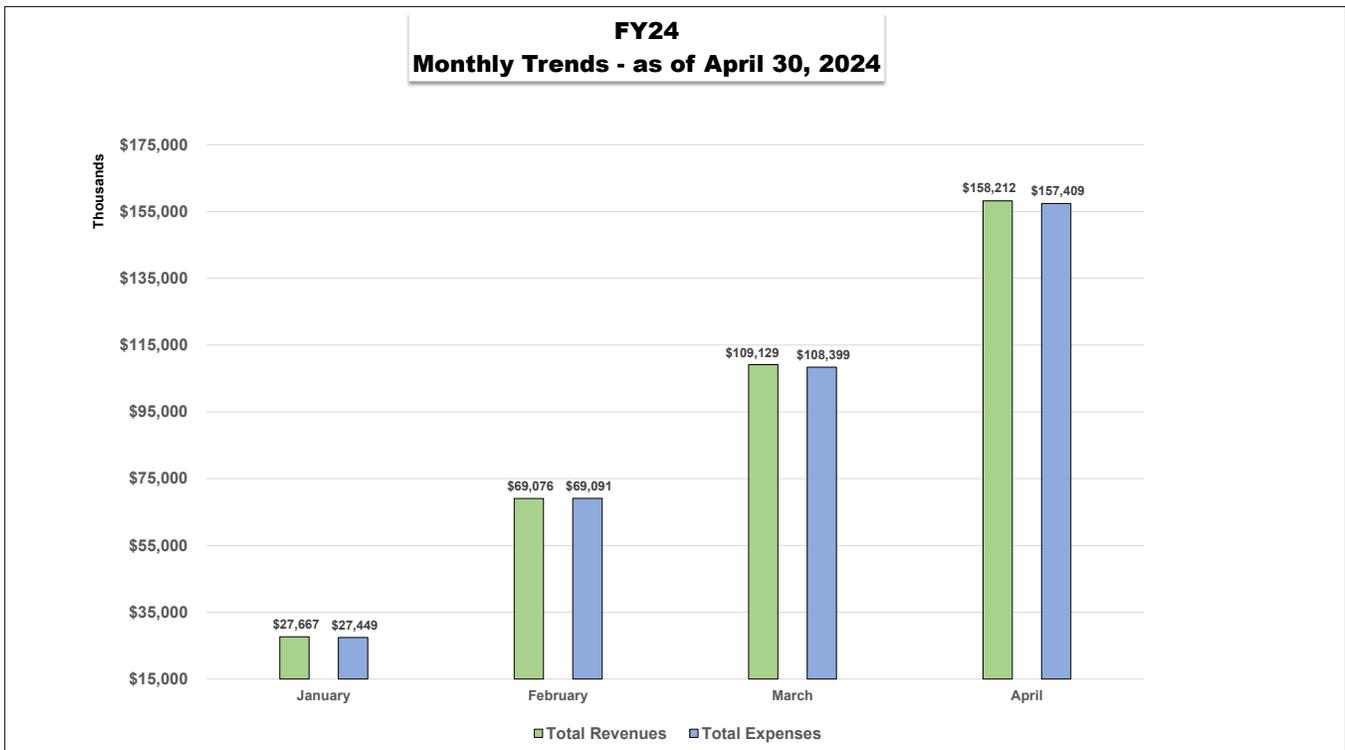

> Personnel expenditures continue to stay within the budget as we continue to fill vacant positions.

> Travel expenses have increased during this month.

> Consultant expenses are under the projection levels mainly in the Transportation and Data Services/911 programs. We will make the necessary adjustments during our mid-year revision if necessary.

\*\*\* Please note: the financial activity outlined above and in the report falls within the past trends observed in H-GAC's operations and is not out of the ordinary. \*\*\*

## **BUDGETING SOFTWARE**

### **Background**

Historically, H-GAC has built and managed its annual Budget & Service Plan using various excel spreadsheets. These manual processes are not only inefficient, time intensive and inflexible but also lack strong version management.

### **Current Situation**

H-GAC's has grown to over half a billion dollars in the last few years and it is expected to continue to grow; as good stewards of our federal, state, and local funds, it is imperative that we implement a comprehensive, cloud-based system to track them. After undergoing a thorough selection process, a vendor, Questica, was selected to provide an online budgeting software for H-GAC. Procurement method was completed through Texas Department of Information Resources, contract TSO-4288.

Questica was the chosen vendor for possessing the following features:

- Comprehensive audit trail and improved internal controls
- Connectivity with our accounting software MIP and our human resources system UKG
- Increased transparency and security of the data (via single sign-on, SSO)
- Integrity of data and ability to manage multiple versions with versatility
- Ability to support scenario planning and forecasts
- Streamlined budget book preparation
- Ability to obtain GFOA's "Distinguished Budget Presentation Awards Program"
- Robust reporting and interactive dashboards for informed decision-making
- Position control for the efficient allocation of personnel costs

### **Funding Source**

Indirect

### **Budgeted**

Partial

### **Action Requested**

Request approval for a 5-year contract with Questica for a total of \$373,490. With \$119,150 being added to the mid-year revision of Fiscal Year 2024. Implementation will begin upon approval of the contract. (Staff Contact: Christina Ordonez-Campos)

## **GENERAL LAND OFFICE REGIONAL MITIGATION PROJECT CONTRACT**

### **Background**

The region's 2022 Method of Distribution for Community Development Block Grant - Mitigation funds allocated \$62,000,200 to H-GAC for funding regional priority projects. H-GAC worked with five local partners to develop and pursue two project applications for priority projects to the General Land Office. Several of the projects have been approved while others are nearing approval.

### **Current Situation**

As part of this funding arrangement, H-GAC must enter into a contract with the General Land Office for each of our applications to serve as the primary subrecipient, and enter into separate subrecipient agreements with each local partner.

### **Funding Source**

Texas General Land Office Regional Mitigation Program

### **Budgeted**

Yes

### **Action Requested**

Request authorization to enter into contracts with the Texas General Land Office for Regional Mitigation Program funding for local projects in an amount not to exceed \$62,000,200. (Staff Contact: Justin Bower)

## **2024 ADVISORY COMMITTEE AND AFFILIATE GROUP APPOINTMENTS**

### **Gulf Coast Economic Development District**

The Gulf Coast Economic Development District makes recommendations on issues of economic development to assist and advise elected officials in their decision-making responsibilities. The district also helps bolster our local economy by providing loans for qualified business owners and local governments.

Nominations received for terms expiring in May 2027:

<b>Name</b>	<b>Representing</b>	<b>Nominated by</b>
John Isom	Regional Economic Interests	H-GAC Staff Nomination
Guy Robert Jackson	Regional Economic Interests	H-GAC Staff Nomination
Mike Rozell	Regional Economic Interests	H-GAC Staff Nomination
Chad Carson	Regional Economic Interests	H-GAC Staff Nomination
Kristin Edwards	Regional Economic Interests	H-GAC Staff Nomination
Tiko Hausman	Harris County, Precinct 2	Commissioner Adrian Garcia

### **Regional Air Quality Planning Advisory Committee**

The Committee reviews air quality plans for the H-GAC region and recommends actions necessary to improve the region's air quality. The Regional Air Quality Planning Advisory Committee includes representatives of local government, public health, transportation, industry, business, environmental organizations, and citizens drawn from the eight-county non-attainment area.

Nominations received for terms expiring in May 2026:

<b>Name</b>	<b>Representing</b>	<b>Nominated by</b>
Doug Peterson	Harris County, Precinct 2	Commissioner Adrian Garcia

### **Area Emission Reduction Credit Organization**

The Houston-Galveston Area Emission Reduction Credit Organization was created in 1994 to promote the improvement of air quality while helping to mitigate the adverse impacts of control strategies on economic development in the Houston-Galveston-Brazoria region. The Houston-Galveston Area Emission Reduction Credit Organization accomplishes this by providing a legal framework to promote air quality improvement and economic growth in the eight county Houston-Galveston-Brazoria ozone non-attainment area.

Nominations received for terms expiring in May 2027:

<b>Name</b>	<b>Representing</b>	<b>Nominated by</b>
Kristen Lee	Harris County, Precinct 2	Commissioner Adrian Garcia
