

As the days get longer and communities head outdoors, spring and summer usher in one of the busiest, and most rewarding, times of year for local governments.

It's a season full of opportunities to strengthen infrastructure and enhance public spaces. And with thoughtful planning, strategic partnerships, and the power of cooperative purchasing, you can stretch your resources further than ever.

Strengthening Infrastructure for a Smooth Season

Winter weather often leaves behind its share of repair needs making spring a natural reset point. It's the perfect time to begin:

- Pothole patching and road resurfacing
- Storm drain and culvert clearing

- Sidewalk repairs
- Electric vehicle charging upgrades and expansion

These essential tasks improve safety and keep communities moving. Cooperative purchasing helps teams secure equipment and materials quickly, so projects start sooner, run more efficiently, and stay on budget.

Refreshing Parks & Community Spaces

The warm months bring families, kids, and visitors back to parks, trails, and recreation facilities. Our cooperative contracts offer equipment, products, and services that can help you create welcoming and vibrant spaces, including repairs, upgrades, and expansion for:

- Park and trails
- Playgrounds
- Solar lighting
- Sports and leisure complexes
- Video surveillance

Preparing for Storms & Emergencies

Spring rains and early-season storms can test even the best systems. HGACBuy can help you focus on:

- Flood mitigation and drainage improvements
- Emergency response planning
- Refuse handling

With pre-competed contracts ready to use, HGACBuy ensures our members can access everything from emergency equipment to debris-removal without delay. Because when severe weather hits, time matters.

Competitive Contracts to Handle All Your Buying Needs:

Electric Vehicle Charging Equipment & Related Services

Comprehensive solutions for electric vehicle charging, including EVSE and associated services for BEV and PEV/PHEV applications, supporting both government fleet operations and public access installations across street, indoor, and parking environments.

Effective Dates: 08/01/2024 - 07/31/2028

Grounds & Turf Equipment

Delivering versatile grounds and turf maintenance solutions, this contract includes tractors, mowers, hay and tillage equipment, cutters, and spraying systems, as well as alternative fuel and snow removal equipment for a wide range of uses.

Effective Dates: 01/01/2020 - 06/30/2026

All Hazards Preparedness, Planning, Consulting & Recovery Services

Supporting resilience across all phases of emergency management, this contract offers professional planning, consulting, and recovery services for homeland security, disaster preparedness, emergency response, and continuity of operations, including debris monitoring and interim recovery assistance.

Effective Dates: 08/01/2025 - 07/31/2029

Parks & Recreation Equipment

Providing comprehensive parks and recreation equipment, this contract features playground structures, safety surfacing, site amenities including seating and shelters, and recreational offerings such as exercise stations, skate parks, water parks, and related infrastructure.

Effective Dates: 11/01/2020 - 10/31/2026

Radio Communications/Emergency Response Equipment

Offering advanced radio communications and emergency response solutions, this contract includes a wide range of equipment such as radio systems, command and control technologies, mobile satellite communications, and integrated support services.

Effective Dates: 08/01/2021 - 07/31/2027

Refuse & Recycling Containers and Lifters

Enhancing operational efficiency in waste management, this contract offers durable refuse and recycling containers for residential, commercial, and industrial use, including rollout carts, bins, and outdoor units, complemented by lifters and cart washing services.

Effective Dates: 01/01/2021 - 12/31/2026

Refuse Handling Equipment

Providing essential refuse handling solutions, this contract features a comprehensive selection of equipment such as refuse bodies, bulk waste grapples, roll-off hoists, steel containers, compactors, balers, and beach cleaning equipment to meet diverse municipal needs.

Effective Dates: 04/01/2025 - 03/31/2029

Video Surveillance, Access Control & Security Fencing Systems

Offering comprehensive security and monitoring capabilities, this contract provides video surveillance, controlled access, fencing, perimeter intrusion systems, duress notifications, and infrared imaging equipment and software.

Effective Dates: 05/01/2020 - 04/30/2026

Solar Lighting Equipment and Related Services

Providing sustainable exterior lighting solutions, this contract includes solar-powered road, street, park, pathway, parking lot, and area lighting, along with installation, maintenance, and support services.

Effective Dates: 12/01/2024 - 11/28/2028
