CONTRACT OVERVIEW

Contract Name: Trenchless Pipeline Rehabilitation Services

Contract Number: TP07-25

Contract Dates: July 1, 2025 – June 30, 2029

Contract Overview: TP07-25 offers wide variety services and products pertaining to the reconstruction, rehabilitation or cleaning of pipelines, tubes, conduits or culverts by means of Trenchless technology.

Here are some of the perks **TP07-25** offers that you don't want to miss out on:

- Minimal surface disruption, little to no open excavation
- Faster project delivery and restoration
- Lower total cost of ownership (reduced paving/landscape restoration, traffic control, and haul-off)
- Improves safety by avoiding open trenches
- Reduces traffic impacts and business/community disruption
- Environmental benefits, less spoil, lower emissions, smaller footprint
- Preserves roads, trees, and existing improvements
- Works well in congested corridors with many utilities
- Crosses highways, railroads, and waterways without open cuts
- Maintains service continuity with bypass options
- Extends asset life; improves structural integrity and hydraulics
- Reduces infiltration/inflow and corrosion risk
- Often simpler permitting and fewer easement issues
- Effective across a wide range of diameters and lengths
- Compatible with multiple methods (CIPP, pipe bursting, sliplining, HDD, microtunneling) tailored to conditions
